On Tuesday, October 3 from 8:00 to [illegible] the Intelligence Tests will be [illegible] Professor Metcalf in the men's [illegible] the President's Reception will be [illegible]ssed in the third floor lounge at [illegible]terman.

The sophomores, juniors and seniors [illegible] register on Wednesday, October [illegible] from 9:00 to 12:00 a.m. and from 2:00 [illegible]:00 p.m. The Analysis of Work In[illegible]est will be given to the Fresh[illegible] at 2:00 by Professor Metcalf in [illegible] and Professor Pope will give [illegible] Placement Test in the same [illegible] from 3:00 to 6:00. At 8:00 there [illegible] an Opening Convocation in the [illegible] Theatre.

[illegible] will begin on Thursday, Oc[illegible] with the regular schedule from [illegible]:00 and from 2:30 to 5:20. On [illegible]day, 5 the Freshmen Picnic [illegible] at the back campus under [illegible] auspices and Y. W. C. A.

[illegible] Tea will be held on Satur[illegible] at the Women's League [illegible] Stateroom at 4:00. Open [illegible] will be held at the home of Dean [illegible] Swift for entering men [illegible] Arts and Science. Tea [illegible] Y. M. C. A. executive [illegible] will be held at the Y.

[illegible] Vesper Ser[illegible] will be the Rev. Albert Chase [illegible] Methodist Church.

Phi Sig Initiation

[illegible] Fraternity, announces [illegible] Ed Edwards '48 and Ar[illegible]'47 will be initiated tomor[illegible] afternoon by Tau chapter [illegible] at Gates House and a [illegible] at the Black Cat. A [illegible] initiates will take place [illegible] later in the evening.

Graduates Mingle With Parents and Friends After the Exercises

Graduating Class Will Not Forget the Vermont Campus and Its Traditions

Fran Witham

As their graduating class has left the portals of the University of Vermont it was a class of seventy-five members, including medical students, agricultural students, arts students and several graduate students. Some of the graduates went through the graduation ceremony but will not receive their degrees until they have finished the work of the semester. This graduation was one of college at war. There were few of the customary ceremonies, receptions, dances and class reunions which characterized the pre-war graduation.

What are the lasting impressions of these new Vermont alumni. What are their feelings on leaving college halls and going out to make their careers in the world. One group of girl graduates whom this reporter interviewed, seems to convey the thoughts that are in the minds of all these graduates.

They are cheerful and optimistic toward the future. There is really very little of the war cynicism evident.

Reflections

When an underclassman reflects on the course of her college life, it is the big things that stand out in her mind, the thrill of just being in college is uppermost in her impressions. It's the football games, the big dances, the frivolity and mad excitement of Kake Walk, and fall rushing. Those who went in college before the advent of war have experienced all these wonderful times, and all these events which sometimes seem the background of a college education, but the real down to earth meaning of her as a college campus.

A few of these graduates viewed the campus right as took part in it, got as big a kick out of the fraternities and sororities, those memorable moments of fun that are the most important. To illustrate [illegible] [illegible] [illegible]

UVM Grad Instructs French Navy

Official U. S. Navy Photograph

Ensign Catherine Shalucha, U.V.M. '40, Teaches Navigation and Aerology To Petty Officers of French Navy in Pensacola, Florida

Ensign Shalucha Has Responsible Billet in WAVES; Was Active at UVM

"To join or not to join." That is the question which is in the minds of so many young women today. In the way of a possible solution, here is the story of a girl who *did* join and has made her career in the WAVES a model of success. Ens. Catherine Shalucha of Springfield, Vt.

Ensign Shalucha was enrolled in the Literary Scientific course at this University several years ago and received the Bachelor of Philosophy degree in 1940. During her four years at college, she was named to the Dean's List two years in succession, was a member of the Press Club, International Relations Club, Women's Glee Club and University Orchestra, and participated in W. A. A. activities.

After leaving U. V. M., Miss Shalucha held the position of French teacher at the McIndoe Academy, McIndoe Falls, Vt., from September, 1940 until February, 1943, when she became a Junior Engineer at the Sperry Gyroscope Company in New York, N. Y. In November of 1943, she entered the Naval Reserve Midshipman School at Northampton, Mass. After less than a year in the service, Ensign Shalucha has been given the job of instructor in navigation and aerology to several Chief Petty Officers of the French Navy, who are receiving primary flight training at the Naval Air Training Center in Pensacola, Fla.

Working with Ensign Shalucha is Lieut. Marie Dapples of Chicago, who acts as liaison officer and interpreter for the Frenchmen. Besides the duties of instruction and interpretation, the job is one of tact and diplomacy, as well, for they must establish the confidence between the Frenchmen and the Americans with whom they will associate while here.

Along with giving the usual service information, Ensign Shalucha has the occasion to comply with many requests, such as, "How do you say 'lipstick' and 'stockings' in English," needless to say, wanted to buy the articles mentioned. In order to avoid long explanations in the traditional French handwriting, they accompany their students to the bank and Postoffice.

Ensign Shalucha is very pleased with her work, but is a little modest about the fact that it is the only branch of service being handled by women officers.

When They Come Back—Let Them Be Proud of YOU

Nursing Faculty Adds Miss Dittig To Staff

On September 20, Miss Olive Dittig B.S., M.A., will arrive at the University of Vermont to become a member of the faculty of the Department of Nursing Education. She will be assistant to Miss Faye Crabbe director of Nursing Education.

Miss Dittig is a graduate of Mount Claire Hospital School of Nursing and Teachers College, Columbia.

VOL. 62 BURLINGTON, VERMONT, FRIDAY, SEPTEMBER 15, 1944 NUMBER 40

Third 1944 Commencement Held Sept. 13

UVM Has Planned Many Events for Incoming Freshmen

President and Deans To Address Students Before Registration

The program of Preliminary Freshman Week will be from October 2 to 8, inclusive completed. All freshmen have been requested to report at 9.00 o'clock on October 2 at the Gymnasium. Many of the Freshmen will already be on the campus for Freshmen Camp which is to end September 29. Monday, Tuesday, and Wednesday will be devoted to meetings and conferences. These preliminary days are designated to acquaint the new students with all the conditions under which they will be working and to instruct them in advance in the privileges and responsibilities of a student at the University.

During these Freshman Preliminary days the Deans of the several colleges will give stated hours and questions regarding Curricula, Course, and other matters of college adjustment may be taken up with the Deans. All women students will meet with Miss Bayley, the Assistant Dean of Women, in charge of personal counseling at 11.00 a.m. on Tuesday.

Schedule of Events

President Millis and the president of the Senate Union will give the Address of Welcome at 9.00 o'clock in the men's gymnasium on Monday, October 2, after which the Freshmen will register in the same place. A Campus Sing under Student Government is planned at 7.30 in front of the entrance of the Waterman.

On Tuesday, October 3 from 8.00 to 12.00 a.m. the Intelligence Tests will be given by Professor Metcalf in the men's gym. The President's Reception will be held at 8.00 in the third floor lounge at the Waterman.

The sophomores, juniors and seniors will register on Wednesday, October 4 from 8.00 to 12.00 a.m. and from 2.00 to 4.00 p.m. The Analysis of Work Interest Test will be given to the Freshmen at 2.00 by Professor Metcalf in the gym and Professor Pope will give the English Placement Test in the same time from 3.00 to 6.00. At 8.00 there will be an Opening Convocation in the Ira Allen Chapel.

Classes will begin on Thursday, October 5 on the regular schedule from 8.30 to 4.30 and from 2.30 to 5.20. On Friday, October 6, the Freshmen Picnic will be held at the back campus under the Students and Y. W. C. A.

Tea will be held on Saturday, October 7 in the Women's Lounge of the Waterman at 4.00. Open House will be held at the home of Dean Elizabeth Swift for entering men students of Arts and Science. The Mixer under U. V. M. Students will be held in the Student Union at 4.00 p.m. Vesper Service will be held in the Ira Allen Chapel at 5.00 p.m. with Canterbury Club Committee.

Phi Sig Initiation

Sigma Delta Fraternity wishes to announce that Bob Bovarsky '48 and Arthur Katz '47 will be initiated tomorrow, September 16. The ritual will be held at Gates House and a banquet at the Black Cat. A number of new initiates will take place in the beer in the evening.

Graduates Mingle With Parents and Friends After the Exercises

Graduating Class Will Not Forget the Vermont Campus and Its Traditions

Fran Witham

Another graduating class has left the portals of the University of Vermont. It was a class of seventy five members including medical students, agricultural students, arts students, and several graduate students. Some of the graduates went through the graduation ceremony but will not receive their degrees until they have finished the work of this semester. This graduation was one of a college at war. There were few of the customary ceremonies, receptions, dances and class reunions which characterized the pre war graduation.

What are the lasting impressions of these new Vermont alumni? What are their feelings on leaving college halls and going out to make their careers in the world? One group of girl graduates whom this reporter interviewed, seems to convey the thoughts that are in the minds of all these graduates.

They are cheerful and optimistic toward the future. There is really very little of the war cynicism evident.

Reflections

When an underclassman reflects on the course of her college life, it is the big things that stand out in her mind, the thrill of just being in college is uppermost in her impressions. It's the football games, the big dances, the frivolity and mad excitement of Kake Walk, and fall rushing. Those who were in college before the advent of war have experienced all these wonderful times, and it's those events which sometimes seem the background of a college education, not the real down to earth meaning of life on a college campus.

A few of these graduates voiced the opinion that it took war to get us all to dig down to the fundamentals and discover those non material things of life that are the most important. To illustrate that point observe the verbal expression of the college memories of these graduates, those things which stand out as their most characteristic of Vermont.

Four phases of college life are consistently outstanding. Friends, the physical attributes of our local campus and its surroundings, and the personal development gained in the classroom.

Swell Times

Friends, the people you took coke with at the Coffee Corner at Waterman cafeteria, Reed's and Brownie and Upton's when downtown. The swell times one had with those trimmers except at the Dyer bowling at the Waterman alleys or the Rowlesque spaghetti suppers at Marietta or Bernardini's, and the hundred and one little things we of Vermont have all done and will never forget. But what good are these places and forms of amusement without friends one of the primary requisites for a happy life. We at Vermont rate the friends we made and their influence on our college life as one of lasting importance.

The campus of this University is reputedly one of the most beautiful in the east. Did you ever see greener lawns, more majestic elm and maples or more natural landscape than the college green. The way the leaves fall on the campus in the fall, the myriad colors of autumn, the sun casting its rays over the campus like long fingers at sunset, the reflections of light on the buildings of College Row. Will any girl who ever lived on Redstone campus forget how it looks lighted at night or when twilight falls, casting an eerie spell over the roads of Redstone, Southwick, Robinson and Slade, the view to the west, across the lake to the purple range of the Adirondacks, the view to the east, overlooking the rolling hills of the Green Mountains and the towering summit of Mansfield. When recalling the deep, white snow and clear starlit nights, you get a lump in your throat thinking of the sliding parties on Country Club hill, or just walking home from the Lib with the gang.

Fellowship

And there's the incomparable spirit of true fellowship and democracy on this campus that you'll have to travel a long way to beat. The relationship of student and instructor is so congenial informal and sincere. The manner in which classes are conducted, whether they be in the Old Mill, Science Hall, or Waterman building are the same informal and lively. The faculty-student discussions started this year will definitely become an institution toward better student-student relations. Then there are the coffee hours that used to be held at Southwick and are now held in the Waterman lounge. All these things tend to create a warm and friendly atmosphere which is characteristic of Vermont. The campus steps, the steps of one of the college buildings, the home supper, W. S. A. Banquets and yes Student Union Mass Meetings are other memories.

All these things make Vermont what it is and explains the reason why graduates and upperclassmen alike are loyal and true to this their Alma Mater.

Good fighting generally ends detective yarns even more than it helps heroic ever-

Chapel Is Packed as 76 Degrees Are Conferred

29 Medics Receive Commissions; President Millis Bestows 7 Advanced Degrees

The third commencement exercises of 1944 were held at Ira Allen Chapel on Wednesday morning at 10:00 a.m. The Chapel was filled to capacity as the procession of graduates and faculty members filed in.

Dr. Branch

Following the singing of the National Anthem led by Professor Bennett, the Reverend Raymond Avery Hall gave the prayer. President Millis then introduced the speaker of the morning, Dr. Charles Franklin Branch, Dean of Boston University's College of Medicine. Doctor Branch received his M.D. degree at U. V. M. Medical College in 1920. After praising and congratulating the candidates on their degrees and commencement, Doctor Branch spoke on "The Future of Medical Education."

Degrees

After a short organ interlude by Miss Mariana Scanlon Morrison the degrees were conferred. Thirty-seven baccalaureate degrees were bestowed upon graduates of the College of Arts and Sciences by Prof. John Millis. Two of these were Cum Laude degrees and one Magna Cum Laude. Seven advanced degrees were then conferred upon candidates in the fields of Education, English and French. The degrees of M.D. conferred thirty-two of which five were with Cum Laude honors. Four lieutenant commissions were then presented by Colonel Alexander to seven new medical cadets. These candidates were formally sworn in by Lieutenant Colonel Page.

Prizes

Prizes were then bestowed to medical cadets by the president. The Gordon Prize for greatest proficiency in the subject of obstetrics went to I. G. Bartholomew and D. H. Harwood. The Psychiatry prize given to the senior having the highest standing in that field was won by W. W. Covey. Woodbury Prizes for greatest proficiency in senior year clinical work again went to I. G. Bartholomew and D. H. Harwood while the sophomore having the highest standing for the two years of work was Edna Dole Backus. E. E. Crane was chosen the outstanding member of the freshman class while R. J. O'Brien was the outstanding student in the junior class.

Following the singing of "Come Thou Almighty God" Rev. Hall gave the benediction and the ceremonies were concluded with the recessional.

Officers of the Day

Colonel Prof. L. F. Rowell was the Chief Marshal of the ceremonies. Prof. J. A. Bernard was the Marshal of the Academic Faculties, Prof. A. J. Sargent the Marshal of the Graduate School, Prof. Hiram Loomis the Marshal of the Medical Faculty and Dr. L. Haines the Marshal of the Medical School.

Miss Mariana Scanlon Morrison presided at the organ while Prof. Howard C. Bennett directed the singing. The Rev. Raymond Avery Hall was the organist.

Phi Beta Kappa Holds Elections

B. Thompson and B. Kaye Receive Membership

Two more names will be added to the list of Phi Betes of the U. V. M. student body. Beatrice Marjorie Thompson and Bernard Marvin Kaye were elected to Phi Beta Kappa and received the news at the Commencement Exercises.

Beatrice M. Thompson '44 graduated *Magna Cum Laude*, receiving her degree in Liberal Arts. Beatrice took a liberal arts and math course and at present is an instructor in the Department of Physics. Upon her graduation this fall she will accept the assistantship offered to her by the University of Cornell.

Phi Bernard Kaye '45 is now a first lieutenant Medic at the University. Bernard hails from Brooklyn, N. Y. and is a member of Phi Sigma Delta and Phi Delta Epsilon fraternities. After completion of his premedical requirements he entered the service. Upon completion of his basic training he was attached to the medical corps. He returned last fall to start his medical studies under the Army program.

President Releases Plans for V Day

The following is a release from the President's office to all departments and other heads as well as the student body.

Plans are being made in Burlington for an organized celebration on V Day, when the European phase of the war ends. The University will cooperate with the City in its plans and the following instructions will be followed.

Special notice of the formation to be received during the college day between 8:00 a.m. and 5:00 p.m. Classrooms will and the Chapel bell will be rung and all college classes are to be dismissed immediately upon the signal. A convocation of all members of the University staff, faculty and student body will be held in the Ira Allen Chapel within fifteen minutes of the ringing of the bell. After a short convocation announcement will be made concerning the remainder of classes for the balance of the day or the following day.

Should there be regular classes still in session they will not be dismissed until ordered to do so by the Commanding Officer.

Should the word of the Armistice come after 5:00 in the afternoon and prior to 8:00 the next morning a convocation will be held at 7:00 in the following morning and announcement made of the dismissal of classes and the closing of offices for that day.

Dean Swift Returns

Dean Swift has returned from a two months vacation which he spent on the coast in State of Massachusetts. Dean Swift reported that he saw no sights of interest, but spent a very quiet and restful vacation.

Hal Mayforth '43 Has An Exciting Time With The Nazis in France

Many students now on the campus remember Hal Mayforth, Jr., who was a member of the class of 1943. He left the campus to enter the Army Air Corps and was graduated from the Air Corps Officer Candidate School at Miami Beach, Florida, on January 21, 1944, as a 2nd Lt. pilot. He was then assigned to a fighter squadron and flew a P-47 Thunderbolt fighter plane in combat over France. He was shot down by a German fighter plane on June 24, 1944, and was taken prisoner.

At Last—Men!

The first summer issue of the Cynic carried this headline in the center column on the front page: U. V. M. to Have 200 A.S.T.R.P. Boys July 5. And with those words it became known that another type of Army Training Program was to be introduced on the campus, which had been drained of its last Aviation Students in May. Under the direction of Bev Murray '48, a social committee composed of freshman, was organized to plan something every week-end for the entertainment of both civilian and army students.

Sponsoring several dances in the Student Lounge has been the least of the committee's activities. There have been wienie roasts, baseball games, a hayride, and two formals—one past and one future—to complete the plans of an extremely well-rounded program. Congratulations to Bev and her committee for the success of their projects.

The Man With the Band

One of the most popular of the summer activities has been the appearance of the co-ed band at the combination band concert and campus sing entertainments. Whether there were thunder clouds over the lake, or whether the wind whipped coldly up the hill, or even whether the August heat made everyone feel like small unhappy grease-spots, there was always a large crowd of students, faculty, and townspeople gathered around the bandstand on the green, as "Joe's Boys and Girls" swung into the opening number. Is it necessary to express any further approval, when the eager crowds are so openly appreciative of Joe Lechnyr and the band?

Nursing Cadets

A growing and more important nursing department at the University has brought another group of students to the campus—the members of the United States Cadet Nurse Corps, who are receiving pre-clinical instruction at the University before returning to their hospitals to continue with application of their nursing work. The fact that the government trained students on campus have been drawn into campus life through the social activities marks another example of Vermont's pledge to the belief in democracy and friendliness on our campus.

One of the most marked features of the summer was the rapidity with which the size of the classes changed. A class that began in June with ten boys found itself with three on the first of September. The genesis and exodus of summer session students made changes in the classes, too. Where it was necessary to get to a class well before 8.25 to be sure of a seat during the summer session, a student is now apalled at the empty seats surrounding him. This peculiar state exists only in six hour courses which were open to the session students during their six weeks on campus.

A Term That Differs

There is a different feeling experienced in attending classes at U. V. M. during the summer months; a difference made by the unity that ties a smaller group of students together, a difference in the always beautiful campus as it appears in its best summer green, a difference in the knowledge that summer students are accelerated students and as such they have a keen eye fixed on the future. Those who so avidly criticize acceleration may find their opinions rebutted in the words of a freshman girl, as the summer was viewed in retrospect. "It has been a wonderful summer. I wouldn't have missed it for anything!" said Joyce Colby, never thinking how her words echoed the thoughts in the hearts of many students.

Changes

There are changes on the hill that the returning students will find in October. For instance, the cafeteria in its civilian form, which many students have never known, is back again. The summer has brought new professors to the campus, new dorms have been opened; and new courses have been organized. With the news that the Army Reserve Unit is to be withdrawn, and a recent headline concerning male enrollment for the fall—"Eighteen Men, So Far," girls can draw their own conclusions about the social life of the coming semester. But right now, there is something a little more a propos than what is going to happen next term. And so we turn away from the doings of the summer of '44, and with the words, "Good luck, everyone . . . see you in 27 Sci Hall—unfortunately!" we find ourselves a quiet corner in the library and "hit the books."

WOMEN WILL RETURN TO THEIR CAMPUS THIS FALL

Redstone to be Dorm Once More

SIGMA NU TO BE GIRLS' DORMITORY

This fall Sigma Nu will be opened as a girls' dorm. Most of the boys have moved already to Phi Delta Theta; others will move to private homes. The Sigma Nu house is now being repaired and the girls will move in in October. They will eat at the Waterman cafeteria.

Aside from Sigma Nu, two other frat houses will be open for girls this fall, A. T. O. and S. A. E. At S. A. E., Miss Bayley, assistant to the Dean of Women, will live with a group of girls, mostly freshmen.

No house directors have been secured as yet for the other two houses.

New Chem. Prof. Comes to U.V.M.

Dr. Edgar Bloom, one of the University's new professors, comes to U. V. M. from Toledo University. He has joined the Chemistry Department and teaches both the civilian and army students in that field.

Doctor Bloom was born in Bluffton, O. It was in Ohio he stayed for all his schooling was there. After graduation from the Ohio public school system, he enrolled at Hiram College and graduated in 1923. He received his master's degree in chemistry from Ohio State University in 1926. Two years later he obtained his Ph.D. at the same college. He started teaching at Lehigh University where he instructed chemistry and later taught physics as well as chemistry at Toledo and Hiram Universities. Doctor Bloom was a research chemist for several years in an ordnance plant in Ohio.

When asked to express his opinion on what he thought of Vermont and Vermonters, he compared the flatness of Ohio country with the beautiful mountainous land of Vermont, with Vermonters he was favorably impressed and found them to be very hospitable.

He enjoys working with his army students and expressed regret at their having to leave the University. Doctor Bloom is a veteran of World War I and so feels close to his army classes.

Doctor Bloom is also a sports fan. He likes them all but his pet is baseball. At college he played first base and outfield on his university team. He also likes pitching horseshoes and is anxious to find other enthusiasts to compete with. As a hobby he also farms.

He is married and has two daughters who are in high school.

Doctor Bloom holds membership in three honorary fraternities, Sigma Psi, Phi Lambda Upsilon and Gamma Alpha.

ART BUILDING TO BE USED THIS WINTER

Last week Professor Colburn and others connected with the Art Department received word that they were to move the Art Center over to the Waterman building. They got ready, packing everything in boxes, and throwing away the debris left from years of work. Four days later they got word that the Art building was going to continue as such after all. The Art Department was very glad to hear this for in the Waterman there would not be that characteristic smell which takes years to produce hovering around the rooms.

This fall, when the semester begins, the Art building will be spick and span.

Professor Colburn reports that all the summer semester sessions have been moderately large and very successful. There has been a large contingent of high school girls in the classes, who will come back again this winter if the college officials approve. Art teachers from around the New Jersey section have also been enrolled in the classes.

During the latter part of the final week of summer session, the Art Department, under the direction of Professor Colburn and Mrs. Mills, held an exhibition of student painting in the gallery of the Museum. Professor Colburn's classes displayed about thirty paintings.

In August, Professor Colburn and Arthur K. D. Healy, artist-in-residence at Middlebury College, held an exhibition at Smith College in connection with the summer school courses in painting. Each artist had about fifteen pictures on exhibition.

The Demon Bridge

The Mystery at the Rooneys' Is Finally Solved Satisfactorily

The case of mystery which has surrounded the activities of four sophomores at the University, perhaps unfavorably known to its inhabitants as "Withering Heights," is about to be dispersed. Detectives early to manifest a suspicious interest in the meddling crowds were Chuck Reitmaier, Dot Snell, Lolly and Dot Hansen retired with their books and gave the outsiders time to their way to the extent that they have achieved the highest house average on campus.

House elections were held in an unusually manner with the following results:

House President	Lolly Hansen
House Secretary	Dot Snell
House Fellow	Chuck Reitmaier
House Mother	Dot Hansen

Unofficial titles were also distributed. Dot, house engineer. Chuck, house physician. Lolly, house attorney. Dot, house detective. The duties of these unofficial offices proved to be most pressing due to plumbing and lighting difficulties, minor surgeries and necessary representation in the Dramas office.

The second week of the term produced serious cases of furlough fatigue when representatives of the Army, Navy and Marines appeared on the threshold demanding attention.

Dottsie Whaley '46, and Pauline Fitch '45, paid many unceremonious week-end [illegible] to Pleasant Valley. Other [illegible] were welcomed by the House president for Sigma Phi. Ask Fitz and Lol. Lolly got lots of passion pit work-outs at Norwich entertaining [illegible] at tennis courts and water [illegible]. However, they have heeded the urge to more practical ends in their hard [illegible] at U. Mansion.

In August Dot furnished the entertainment by rolling [illegible] her hair up in the house she left for the past one. It was suspected for [illegible] later. Result: Much smoke, and loss of one flat iron, one ironing board, and some of Dot's unmentionables.

In [illegible] patriotic duty Chuck became [illegible] the A.S.T.R.P. and found greatly to Carpenter's mental finishing Sunday breakfasts while Lol, Dot and Lucy upkeep the personal Dressing Room.

The remainder of a birthday party was [illegible] Dot in the upper sanctum. The [illegible] a perfect surprise was that the guest of honor could not be found. It was finally by Lol, Kathie and several with the masterpiece to all with [illegible] finally dragged her out of Professor McNaughton's office.

[illegible] has not been mixed with a heavy mass yet to two grand people. Prof. and Mrs. Rooney must be lowered apart, while the four and their long suffering neighbor Mr. Barkd prepare to unsnarl their house to finals.

"I'm sure Margy [illegible] me to no means somewhat." This panel they say helped materially in the winning of the tournament.

Prof. Carpenter Is Caught in the Lounge; He Speaks of Peace

Professor Carpenter

In 1915 he received his M.A. from Toronto and his Ph.D. from Yale in 1918, [illegible] after [illegible] to U. V. M. where he is Professor of German and has [illegible] years for 17 years.

Professor Carpenter spent a sabbatical leave from 1928-1929 in Germany, and Vienna, Austria. On his second sabbatical, 1938-1939, he spent a month in Europe, 70 days of it in Germany. He was "so disgusted with the Munich agreement that I came back to this country quickly."

In Professor Carpenter's eyes the peace will be a long term problem. He thinks that it shouldn't be a soft peace, but rather occupation and then supervision.

"The most important problem for peace is the education of the German people. An American commission should be appointed to review textbooks and weed out Nazi sympathizers. Americans should not be forced into their educational set up though."

Germans, Professor Carpenter has observed, are a people who would rather be led by a powerful leader than think for themselves. Men like Bismark and Hitler are good examples of this. He thinks that the last two World Wars are directly attributable to the fact that in Germany there was no democracy. He thinks that the Germans should be helped on to the democracy road.

"There is no comparison between a German University and our type of undergraduate school. German universities are schools in which only graduate work is done. The equivalent of our first two years of college work is covered by their gymnasia.—A German university rides itself on the freedom it allows its students. The schools are run on the lecture system, attendance is never taken. The only exams are those given when one presents himself for his degree. These are quite "tough" and this system flunks out many students.

Professor Carpenter particularly does not like the attitude of undergraduates in American Universities. That is that they go at school for a degree and not the education that goes with it.

"Studies are shoved into an unimportant place while social activities take the lore. Social life is important, but it should come after, not before studies."

And so Carp finished speaking. His pipe and pencil in one hand and the [illegible] in the other.

Final Band Concert Held on College Green

The third band concert and campus sing of the summer was held last Tuesday evening on the college green. The concert opened with the playing of the National Anthem, and continued with the following selections:

Marches "Stars and Stripes" *Rachmaninoff*
Overture "Prince and Pauper" *Johnson*
Popular Hits
"Amor" from Broadway Rhythm *King*
Night and Day *Porter*
March "Cotton Babies" *Hemenway*
Lechner

Miss Bailey, the new assistant dean, a former U. V. M. graduate led the singing in "Tell Me Why." The singing concluded with the singing of the Vermont song.

The A.S.T.R.P. boys were given permission by Colonel Alexander to attend the concert until 8:00, and as it began to rain then the concert was concluded shortly after 8:00.

BUSY BUMBLE BEES COOPERATING WITH VT. EXPERIMENT STA.

Over at the U. V. M. greenhouse [illegible] the Greenhouse. What are they for? What is under [illegible] shoy of the Botany Department [illegible] us. The department is doing on experiments with [illegible] bumble bee plays an important [illegible] this research for it is [illegible] nates the plants.

Non-domesticated bees [illegible] used in experimental plots [illegible] technical difficulty encountered [illegible] colonization of our native [illegible] for example, necessitates the individual worker bees [illegible] This summer at the Vermont [illegible] Station a modification of the [illegible] worked out by the late Dr. Wm. [illegible] Aberystwyth, Wales, Imperial [illegible] ment Station, was used in [illegible] some clover breeding studies.

The bees were caught [illegible] fields, preferably when [illegible] plants other than those used [illegible] ments. It was for this purpose that [illegible] "Bee Catching Brigade" was [illegible] bees were given a bath in [illegible] remove pollen adherent to their [illegible] mouth parts. The bees were [illegible] fined in wire covered cages and [illegible] plemental feeding with [illegible] honey as well as sugar solution [illegible] on the flowers of the particular [illegible] fined within a cage. Bees [illegible] main alive for periods up to [illegible] Individual bees often gorge [illegible] the honey and take a noonday [illegible] fashion reminiscent of [illegible] workers. By and large, bees [illegible] repay the bounty by working [illegible] blossoms.

S. WING CHATTER

What has happened to [illegible] the summer. How have Mc[illegible] got [illegible] the habit of throwing around. Getting wet, Bill?

A bet is [illegible] Bill [illegible] had made a bet [illegible] will getting [illegible] gained since. Some of the [illegible] followed are: Pete, Hutchins, Pease, Pasbrook, The Boss, Mazzola and Cuneo.

George Granger finally got back to good old Lewiston Saturday night. George gave Aurora a break. By the way, George, whatever happened to Georgette? Or don't you care?

When we say that Doc McCuddy got really "spit and polished" we have substantial evidence to back our statement.

We mean it. Priest a hasty letter to his girl back home was returned for 12 cents additional postage. Just what can you find to write about, Doc.

"Clarke" of B-2 and Priestnall of [illegible] B-2 have been out with a couple of the [illegible] girls. Play boys, why don't you get a girl that's at least fourteen. Cradle-robbers!

Your fellows with girls back home take a tip from Ric Ecker and Bob Murray and have your girls come up and see you. How do you do it boys?

Wait, one of the best dates in Converse has settled down. That Coco must be quite a girl, Verb.

Tom Roberts left for active service. We wish Tom all the luck in the world. After all he has a reputation to live up to, being an ex-B-2 man.

"Speedball" Goselin has certainly enjoyed his stay here in Burlington. His amours certainly adept at finding places for them to go on Friday evening.

Who were the culprits who woke up the boys on the third floor in the wee hours of Sunday morning.

They say that "Honey" is sweet and "handsome" Dore. By the way Dot what ever became of Dot.

"Mel" Davidson certainly follows the Dukes phrase, "Take it slow." It too bad there isn't a little more time. Say two or three years.

"Chuck" Gougers blue envelopes have been running a little off form. Losing your technique, old topper.

"Nel" Goulet has a friend who is shaping up as an authoress. My that envelope was heavy. Twelve pages and all original.

Where did Christie, Hess and Quigley go Saturday night? They looked as though they had quite a time, how about it boys.

The "Duke" and "Skip" have each found something pretty nice to pass their week-ends with. Good luck fellows.

I wonder why "Luck" Gately has been talking so much with a certain player-hooker. It couldn't be about her sister-in-law could it Jack.

The fellows at the southwing wish to thank every one here at U. V. M. for their friendliness and cooperation that has helped make our stay here such a pleasant one. We will always look back with happiness at our stay at the Bastille.

BY the way it is rumored that the Vet has acted again.

THANKS EXPRESSED BY ASTRP STAFF

The members of the A. S. T. R. P. Cynic staff would like to express their appreciation and thank you for the courtesy extended to them in the paper. We are very grateful for being able to write for the Burlington News column, and I am sure I speak for all of us [illegible] we have really enjoyed working [illegible] 5 [illegible] The members of the staff have been pleased to do, and we hope to have the opportunity to work with you as they come with the Eagles. We wish to thank [illegible] sincerely for the [illegible] and [illegible] extend.

SIG PHI INITIATION

Alpha chapter of Vermont Sigma Phi is pleased to announce the initiation of Merton M. Ogden, Jr. 48 of Rutland and Paul W. Carey 48 of Ludlow. The initiation took place on Saturday, September 2 and was followed by a banquet at the Hotel Vermont.

Reimbursement Is Finally Given to ASTRP Cadets

By S. N. Niles

After a period of two months and [illegible] days the two hundred and forty [illegible] who attended the A. S. T. R. P. unit at U. V. M. were reimbursed to the tune of expenses they paid to come to U. V. M. When the reports came through that the money was being reimbursed [illegible] spread throughout the quadrangle of Converse Hall as the men learned of the good news. Being only a small matter of [illegible] were [illegible] got off the hook of the pay-master's desk at Grenier Field [illegible] "they handle the payroll of more [illegible] Sanford an corp's may [illegible] soon."

Last week when we opened the payroll a spell of confidence spread and the men [illegible] were [illegible] that easy. By yesterday a [illegible] young man, signed his name in green ink [illegible] thought the payroll it was [illegible] would be held up for some [illegible] time. When the news spread as what had happened all sort dreams as how to spend the [illegible] money was shattered. Both the Lieutenant and Sergeant were also disappointed with this news as it was agreed that they would have to wait because they had to give out the money. When the morning of September 12 came around every fellow got out of bed having the same thought in the back of the last two months but before morning mess the sergeant brought us the news that [illegible] that we were going to be paid or using the colloquial expression. At six that night all the men stood [illegible] outside the north wing of Converse Hall waiting for the doors to open to receive the money. One by one they filed down [illegible] toward when their name was called [illegible] receiving their [illegible] leaving them [illegible] and leaving. After the last man left the Lieutenant sat back [illegible] a sigh of relief, wiped the sweat from his forehead. It was hardly over. As we were part of government checks it would have been difficult for us to cash them before they went out but with the help of the finance dept. of the University of Vermont the men were able to have them cashed the next day.

Some A.S.T.R.P. Students To Have Opportunity For Second Term of College

At the conclusion of the last term of the Army Specialized Training Reserve Program there will be a number of boys who will have the opportunity of acquiring a second term of college. This is due to the fact that they are not a cut-up[illegible]

It was decided by Colleges that [illegible] who will be interested at some college in New England. They probably would like to work college this will be assigned until more orders come through about the last part of September.

A number of the boys feel that the college to which they will be sent would be the better advantage that decision. The only handicap to this is that they don't yet know about which college they will be assigned to until after the boys [illegible] have come through.

Some haven't faced the issue yet and are undecided about the future. Others are considering the question with their parents and discuss their actions before having the final decision.

On the whole the boys seem to have considered the time schedule quite reasonable, the program offers and have tennis courts at their hands to take advantage of it. Time neither the inconvenience of the trip they are about to make had let down their best in the furtherance of their education.

CYNIC PROMOTIONS

The end of summer promotions of the Cynic staff were announced at the staff picnic Thursday evening. The following were made temporary reporters during the summer and will be retained on the staff as such: Anita Seton, James Burke, Walter Sterne, Robert Berarsky, Michael Greenfield, Howard Bloomenthal and Al Lowenstein will remain at the Feature Staff. The Scrubs promoted to reporters were Marjorie Alexander and Lawrence Abrens.

What has happened to all the demerits "Has Been" McCurdy was in the habit of throwing around. Getting soft, Bill?

A gal in one of Bel Aire Inn spots a fair lt. who's getting something pretty nice. Suffering the Gallonde fellows are Pete Hackstaff, Frank Pedrick, Has Been McInnis and Gallonde.

George Gonzales finally got back to good old Lewiston Saturday night. George says Vanna's a break. By the way, George, whatever happened to Georgette. On the rebound?

Were we say that Doc McCabe's girl really "has" German and we have substantial evidence to back our statement we mean it. Proof: a letter to her gal back home was returned for 2 cents additional postage. Just what can you find to write about, Doc.

Gibby at B-1 and Pierpont back at B-2 have been seen out with a couple of nice college girls lately. Fast boys, why don't you get a girl that's at least fourteen. Cradle robbers!

Ken Tollows with girls back home tales a tip from Rus Baker and Bob Marty and Dave your girls come up and see you. How do you do it, boys?

Walt one of the best dates in Converse has settled down. That Coco must be quite a girl. Arch.

Tom Roberts left for active service. We wish Tom all the luck in the world. After all he has a reputation to live up to being an ex-B-2 man.

"Speedball" Gosselin has certainly enjoyed his stay here in Burlington. His sweet is certainly adept at trading jokes for them to go on Friday evenings.

Who were the culprits who woke up the boys on the third floor in the wee hours of Sunday morning.

They say that "Honey" is sweet and "handsome" Dot. By the way Dot what ever became of Del.

"Mel." Davidson certainly follows the Dukes phrase, "Take it slow." It's too bad there isn't a little more time. Say two or three years.

"Chuck" Gougers' blue envelopes have been running a little off form. Losing your technique, old topper.

"Nel." Gentet has a friend who is shaping up as an authoress. My that envelope was heavy. Twelve pages and all original.

Where did Christie, Hess and Quigley go Saturday night. They looked as though they had quite a time, how about it boys.

The "Duke" and "Skip" have each found something pretty nice to pass their week ends with. Good luck fellows.

I wonder why "Luck" Gately has been talking so much with a certain physics teacher. It couldn't be about her sister-in-law could it Jack.

The fellows of the Southwing wish to thank every one here at U. V. M. for their friendliness and cooperation that has helped make our stay here such a pleasant one. We will always look back with happiness at our stay at the "Bastille."

By the way, it is rumored that the Vet has aged again.

THANKS EXPRESSED BY ASTRP STAFF

The members of the A. S. T. R. P. Cynic staff would like to express their appreciation and thanks to the advertisers responsible for these ads in the paper. We are glad every one is behind us to make the Cynic the Bigger Better Newspaper and Yearbook we have really planned starting for the coming year. The people at the stall have been pleasant to us and we hope to have been as cooperative with them as they were with us. Lastly we want to thank those persons for the many contributions received.

SIG PHI INITIATION

Alpha chapter of Vermont Sigma Phi is pleased to announce the initiation of Merton M. Ogden, Jr. '48 of Rutland and Paul W. Carey '48 of Ludlow. The initiation took place on Saturday, September 2 and was followed by a banquet at the Hotel Vermont.

Reimbursement Is Finally Given to ASTRP Cadets

By S. N. Niles

After a period of two months and twelve days the two hundred and two cadets and attached to the A.S.T.R.P. unit at U. V. M. were reimbursed for traveling expenses. They used to come to U. V. M. when the reports came through that the money was here uncontrollable cheers echoed throughout the courtyard of Converse Hall as the tree heard the good news. Being only a small unit our officers were probably put on the back of the paymasters desk at Grenier. Until then they handle the payroll of over seventeen hundred and ninety men every month.

Last week when we signed the payroll a spell of confidence spread over the men. But it wasn't that easy. By mistake a Private Implied spelled his name in green ink. Therefore the payroll at war department wasn't in hand up for some reason. When the news spread of what had happened all their dreams of how to spend the incoming money was shattered. Both the Lieutenant and Sergeant were also disappointed with this news, as it also meant that they would have to wait before they had to give out the money. When the morning of September 1, came around every fellow got out of bed having the same thoughts he had for the last two months but before morning mess the sergeant brought us the news that was right that we were going to be paid or using the colloquial expression. At ease that night all the men stood tense outside the north wing of Converse Hall waiting to the eleven o'clock to receive the envelopes. One by one they filed down getting forward when their name was called, repeating their name, saluting taking their checks and leaving. After the last man left the Lieutenant sat back and with a sigh of relief, wiped the sweat from his forehead. It was finally over. As we were part of government checks it would have been difficult for us to cash them before this week end but with the help of the finance dept. of the University of Vermont the men were able to have them cashed the next day.

Some A.S.T.R.P. Students To Have Opportunity For Second Term of College

At the conclusion of the first term of the Army Specialized Training Reserve Program, there will be a number of boys who will have the opportunity of acquiring a second term at college. This is due to the fact that they are over 18 yrs. eighteen years old.

It is the decision of Washington that the boys who will be graduated at some time in Sept. 3 Nov. Eighteen. They probably will not know to which college they will be assigned until their orders come through about the last part of September.

A number of the boys feel that the college they will be sent would be a good opportunity to continue their studies but only according to this is true that, will the boys going to college they will be assigned to units other than the ones they are in now.

Some boys have stated that they are undecided about the future. Others are in favor of the question with their parents and discuss their advice before making the final decision.

On the whole the boys seem to have accepted the fact cheerfully upon receipt of the program offers and have already made up their minds to take advantage of it. They realize the importance of the step they are about to make and be doing their best in the furtherance of their education.

CYNIC PROMOTIONS

The end of summer promotions of the Cynic Staff were announced at the Staff picnic Thursday evening. The following were made temporary reporters during the summer and will be retained on the staff as such: Anita Seton, James Burke, Walter Sterne, Robert Bucarsky, Michael Greenfield, Howard Bloomenthal and Al Lawrence will remain on the Feature Staff. The Sports promoted to reporters were Marjorie Alexander and Lawrence Ahern.

Part of the Graduating Class of Medics Relaxes in Cap and Gown Outside the Med Bldg.

Miss Bayley New Assistant Dean

In the past two weeks students probably have noticed a blond, blue-eyed young woman about the campus and wondered who she was. So in this feature she will be introduced to them. She is Miss [redacted] just to a assistant Dean.

Miss Bayley's experiences have been with just which preparing for her chosen [redacted] After graduating from Dearborn Seminary she attended the Bayport Institute in Springfield, Mass., a business college, she then worked in St. Johnsbury and at the Mary Fletcher Hospital. After working for several years, Miss Bailey entered U. V. M. and enrolled in the Commercial Teaching course. During her four years here she worked with Professor [redacted] who was then director of N. Y. A. activities at the University. Miss Bayley was a member of Alpha Chi Omega sorority. She is the Junior Counselor Committee. Active in athletics she was on the W. A. A. Council for two years, manager of Badminton and member of the All Sports Club. She graduated from the U. V. M. in 1940 and went right into the position of N. Y. A. Director for Burlington, and within a year became State Director.

After doing this type of work for about two and one half years Miss Bayley entered Syracuse University to do graduate work. In 1944 she received a Master of Arts and Education Degree. While at Syracuse she became a member of Pi Lambda Theta, Honorary Educational and Professional Women's Organization. Considered Miss Crawley whom Miss Bayley had known while at U. V. M. who attending Syracuse University during one of the years Miss Bayley was there.

There could be no questions of first impressions at the campus as Miss Bayley was quite well acquainted with the University. She did however mention her delight at some of the improvements the outstanding one being the Waterman building which was not here when she graduated U. V. M.

Miss Bayley a great athletic fan enjoys her vacations at her home in Newport. There she is a member of the golf club. She learned a lot in the girls' life and considers "Work ability" like to be going I get out of without — or What can I do now." When Miss Bayley has any work requested she will be very pleased to interview personnel and to help them in their request.

Curtailment of ASTRP Will Close Old Mill

Pres. John S. Millis announced Wednesday night that the Old Mill, in whose classrooms U. V. M. students have met for well over a century, will be temporarily closed starting October 1.

The recent curtailment of the A.S.T.R.P. at the University is largely responsible for this move, said the president. Already over a third of the faculty who had departmental offices in the building have moved out. Most of the offices and classes will be in Waterman building, while a few will be in the Engineering building.

The first Old Mill was started in 1801 and destroyed by fire in 1824. Then three separate buildings were built. North College, Middle College and South College.

Lafayette laid the cornerstone of South College in June of 1825, and it was in the basement of the building that the first "Wahkeh" le de Kake" took place.

At one time the Old Mill served as Chapel and also living quarters for faculty and student members of U. V. M. in addition to providing classroom facilities.

DR. CHARLES BRANCH IS 1923 U.V.M. GRAD

Dr. Charles Franklin [redacted] dressed the commencement [redacted] September 16 is an alumnus [redacted] versity of Vermont Medical [redacted] Dr. Branch took his preparatory [redacted] St. Johnsbury Academy in [redacted] the College from which he graduated. After his graduation Doctor Branch taught for a [redacted] 1926 joined the medical [redacted] Boston University Medical [redacted] he has been for the past 18 [redacted] 1932 Doctor Branch was [redacted] professor and in 1944 was [redacted] dean of the School of Med[redacted]

Pathology being Doctor [redacted] special field he is in the forefront [redacted] pathological developments [redacted] cancer. He is [redacted] the American Society of [redacted] logists, American Society of [redacted] Pathology, Inter-Urban Path[redacted] ciety, and American Society [redacted] Research. He is a fellow of the [redacted] Board of Pathologists and [redacted] Medical Association.

Dean Simpson Fund

The Mary Jean Simpson [redacted] awarding of scholarships to returning veterans has now reached the [redacted] approximately $4300. The [redacted] tablished last year by the 1943 [redacted] Board and since that time there [redacted] been drives to increase it by [redacted] dances and appeals for contributions.

The Fund provides for the award of a scholarship to any person honorably discharged from the armed forces who is of good academic standing and in need of aid in order to continue his education. The grant is available to both men and women who have been discharged since June 1, 1943. Applications for scholarship are to be made on regular application blanks to be had upon request from either Dean Simpson or Dean [redacted]

VOL. 62 BURLINGTON, VERMONT, WEDNESDAY, OCTOBER 11, 1944 NUMBER 41

Largest Wartime Freshmen Class Enrolls

Student Union Mass Meeting Tonight in Ira Allen Chapel

Miss Simpson and Campus Leaders Will Speak; Attendance Required

The first Student Union mass meeting of the year will be held Wednesday evening, October 11, in the Ira Allen Chapel. According to custom, the Constitution will be read by the various members of the council who will be introduced to the freshmen. Representatives of campus organizations, including Mortar Board, Health Council, Joint Conference, Press Club, and Y.W.C.A. will say a few words to acquaint the freshmen with the various groups.

Miss Mary Jean Simpson will give a talk entitled "The Challeng of the Year Ahead." Since Joan Garrity, former town representative, is not returning, an election for town representative will be held, and the candidates are Betty Dole and Phyllis Edgerton. Attendance is required of all women students including those who live in town. Plans are being made for a town girls supper to be held Wednesday October 18.

The house presidents for the coming year will be installed. Among those whose names were not published in the spring are Phi Sigma Delta, Jean Ayers; Elmwood, Miriam Lipman; Tri-Delt, Alice Edwards; McCormacks, Frances Lawliss; VIO, Alida White; Claggett House Marietta Churchill; Mrs. Smith's, Martha Durgin; Warner House, Marion Patterson; Mrs. Doanes, Hester Heath. As several of the houses are occupied solely by freshmen upperclass advisors have been appointed for a six weeks period. At the end of this time a house president will be elected. The advisors are SAE, Margo Donahue; Sigma Phi, Barbara Morgan; Mrs. Allen's, Marjorie Nutting.

The Student Union Examination will be discussed and the freshmen will sign the Constitution at the close of the meeting.

PRESIDENT MILLIS ADDRESSES STUDENTS

The first Convocation of the fall term was held last Wednesday in the Ira Allen Chapel. President Millis took this opportunity to welcome the freshman class to University "which is dedicated to the ideal of unity." In his speech to the entire student body of U. V. M., President Millis paid high tribute to the human mind and its limitless development.

The faculty was in cap and gown for the exercises which included a program of music and prayer in addition to the address by President Millis.

In developing his theme of "The Unity of the University," President Millis told the congregation, "You are not members of the University family by adoption but by accident of birth, but rather by voluntary association."

To President Millis the unity of the University is not something physical, but is true. The most sought for activity is that of the mind and spirit. In the mind and soul, we live forever. The idea and its cultivation this institution must be dedicated."

Guests of the day were Rev. Raymond S Hall chaplain; Professor Howard Bassett, Director of Music; Miss Dorothy Kimber Marston, Organist; and Professor Lucius S Rowell, University Marshall.

UVM STUDENTS MUST ELECT NEW OFFICERS

An executive meeting of Student Government was called on October 3 by Mary Greene, secretary. In the absence of the president and vice-president, a motion was made for the election of a chairman *pro tem* and Mary Green '46, was elected. A nominating committee must be called to make nominations for permanent president and vice-president since Marjorie Ruhin, President, ex-'45, received her degree this summer from Boston University, and Constance Perkins, Vice-president ex-'46 has left Vermont to continue her studies at Chapel Hill, North Carolina.

According to the Constitution of the U. V. M. students the nominating committee must consist of four members of the faculty, the Dean of Women, the Deans of the three undergraduate colleges, three members of Mortar Board, and three members of Boulder. Since there are no members of Boulder now on campus, Dean Swift and President Millis will determine what shall be done to make the balance of students and faculty on this committee more even. This committee will meet and make nominations as soon as possible.

New Guidance and Employment Bureau Is Established

A vocational guidance and student employment bureau has been set up in the Waterman Building at the University of Vermont, under the direction of Miss Eleanor Bayley, assistant dean of women.

Miss Bayley has recently received her M.A. in Education from Syracuse University, where she was given an assistantship in Student Personnel Administration, which included special work in vocational guidance, particularly teacher placement.

Her plan for her counselling service at Vermont is to begin by interviewing all freshmen girls, in order to learn their present vocational plans, study their adaptabilities, and help them in formulating and carrying out these plans.

She intends to make her office a center where all students of the University may come to talk over their plans, or to read the occupational bulletins or books on vocational subjects. She also hopes to use tests which will determine adaptabilities where these are in doubt.

Miss Bayley will be aided in her work by the cabinet of YWCA, who have decided to make vocational guidance one of their projects for the year. One feature planned by the YWCA girls is a "Career Day," with speakers present from different phases of industry.

"I want to get the students coming to me," says Miss Bayley. "I want to shout 'welcome,' to everyone who does come. And if I can't help them myself, at least I can help them to find out where they can get help."

ATTENTION

There will be a very important meeting of the entire CYNIC staff in Room 140 on Thursday October 12 at 4.30 p.m. Attendance is required of all staff members. *All who are interested in scrubbing the CYNIC for either the editorial or business staff are requested to attend.*

EDITOR-IN-CHIEF

Professor Adams Attends Meeting

Represents University In Nation-wide Group

Prof. Nelle A. Adams of the Education Department at the University of Vermont accepted an invitation from the President of the United States and Mrs. Roosevelt to represent the University at a White House Conference on Rural Education which was held in the Executive Mansion in Washington last Wednesday and Thursday, October 4 and 5.

This conference was directed by the executive chairman, Charl O. Williams, field director of the National Education Association. Two hundred representatives from all parts of the country attended the conference, which was the first of its kind ever to be held. The program consisted of three divisions, Rural Service; Legislative and Federal Relations; and Field Service.

The conference was welcomed to the White House by Mrs. Roosevelt on October 4, and was entertained by her at a social hour that afternoon. Evening meetings were held in the headquarters building of the NEA on October 3, 4, and 5.

Professor Adams, university teacher, state chairman of the Professional Relations Committee and a member of the national committee on professional ethics for the NEA, Vermont chairman of the course of study in Language Arts for elementary schools, and an honorary member of the national education societies, Kappa Delta Pi and Delta Kappa Gamma, was assigned to the conference committee on Problems of the Professional Personnel for Rural Education.

She left for Washington Monday, October 2, with her husband, Capt. William R. Adams who is attached to the Morale and Special Service Division of the United States Army and who returned at that time to Washington to report before returning to Atlantic City, at the England General Hospital.

Famous Artist to Speak Here Friday

On Friday, October 13, at 7.15 p.m. there will be the first of a series of faculty Student Bull Sessions. This will be held in the Student Lounge.

The guest speaker is Harry Sternberg, an instructor at the Art Students League in New York City. Mr. Sternberg is one of the most successful teachers in the country; and at one time, long ago, so the story is, U. V. M.'s Mr. Colburn studied under him. He is one of the best living lithographers.

Several years ago, Mr. Sternberg was awarded a Guggenheim Fellowship which he used for a series of lithographs, etchings and paintings about the steel mills and coal mines of Pennsylvania. He has also done murals which are in the Chicago Post Office. In the world of Art, Mr. Sternberg's work is considered somewhat radical.

According to the previous example set by Bull Sessions, there will be plenty of discussing, and then refreshments! Peg Donnelly and Ginnie Campbell are in charge of the arrangements for this Bull Session.

To End the War—Spend Less—Lend More!

Class of '48 Numbers 315; Bolsters Spirit of U. V. M.

Y.W. Plans Program For Ensuing Year; Will Campaign Soon

The work of Y. W. C. A. for the ensuing year will be introduced through folders to be passed out Wednesday, October 11, at the Mass Meeting. The actual campaigning will begin Thursday, October 12, at which time a table will be set up in Waterman to enable all those who are interested to sign up. The dues will be twenty five cents per semester.

Program in Two Parts

The 1944-45 program will consist of two different parts. The first Commission will be that of Christian Faith. It will be the duty of the members of this group to organize the religious activities on the campus. This commission will hold discussion groups on personal faith, interfaith, the Bible, and any topic interesting to the members of the group. Its responsibilities will also include the planning of Y. W. morning Chapel services and World Day of Prayer services, short worship services at the cabinet meeting, ushers for Vespers, planning of the Cabinet Retreat, organizing of services for "Brotherhood Week," stimulation of interest in Chapel and Vespers and other activities which will include deputations.

Social Action

In addition there will be the Christian Community Responsibility Commission. The members will be those interested in the part of Y. W. concerned with social action and discussion of national and internal social, economic and political issues, such as race relations, labor, and post-war reconstruction. Its work may be outlined as follows: discussion groups on the above questions with authorities to lead them, action through letter writing, through activities on campus, and through newspaper and other publicity, and supervision of Y.W.'s part of the W.S.S.F. drive.

Vocational Guidance

The organization has added a new project to its program this year which will be the Christian Vocation Commission. The plans for this group: discussion of vocations and collection of material on vocational trends, present openings and chances of advancement in various fields, presentation of authorities in various fields who will discuss their work and interview anyone interested in it, practice in job hunting techniques, interviews, contacts, letters of application, use of employment agencies, and encouragement of the adoption of psychological aptitude testing at U. V. M.

Y. W. is anticipating a large group this year, since most of the girls on the campus are expected to have more free time. It is hoped that when the co-eds sign up they will also designate the Commission which interests them most.

NOTICE: Juniors are requested to register for Aerial pictures on Thursday, Friday and Saturday of this week. The photographer will be here next Monday, Tuesday and Wednesday. Nancy McNamara, Editor of *Ariel*.

Total Enrollment Is 614 Women and 104 Men

The class of '48 entered U. V. M. on Monday, October 2. This year's freshman class of 315 is so large that it practically balances numerically the entire upperclass enrollment. There are 315 freshmen of which 253 are enrolled in the Arts College, 39 in Home Economics, 7 in Agriculture, and 14 in Engineering. In contrast, there are 106 seniors, 121 juniors, 157 sophomores and 19 special students. U. V. M.'s total enrollment for the year '44-'45 is 718, of which 104 are men and 614 are women.

U. V. M. Spirit High

The unusually large freshman class bolstered the U. V. M. spirit of the upperclassmen. This fact was fully demonstrated at last Saturday's Freshmen Mixer. The freshmen class has shown in its week on the campus its adaptability and desire to participate in the activities that are U. V. M.

When questioned about their reasons for choosing Vermont almost all the freshmen replied that they wanted U. V. M., because of its unity, friendliness, and democracy. Most wanted a University that was complete, but small, and a University that did not believe in mass production of graduates. Many chose Vermont because their family doctors, who are fully aware of our fine medical schools recommended the University.

Attractive, Alert Class

Dean Simpson said recently of the freshman class that it was an "unusually attractive, intelligent looking, and alert group." This may be due to Mr. Riggs careful selection of entering students. Mr. Riggs' new selection technique has allowed entrance to only the top ranking students of the area of which the University draws its people. The freshmen as a whole are more cosmopolitan, cosmopolitan in the sense of coming from many different places.

The freshmen class with its active interest and participation in all phases of campus life will be a stimulant to the U. V. M. spirit, which has always been one of the outstanding assets of the University of Vermont.

NEW MEMBERS ADD TO LAST YEAR'S FACULTY

Several new members have joined the University faculty this fall. Among them are Dr. George H. Hand who replaces Professor Groat as head of the Economics Department, and Mrs. Sally Berry Maybury, instructor in secretarial subjects. In the Home Economics Department are Mrs. Susan Larson, instructor in textiles and clothing, and Miss Rachel Anderson, instructor in foods and nutrition.

The Nursing Education division has added to its ranks Miss Hope Parker, in charge of Cadet Nurses under Miss Crabbe, and also Miss Lois Brown and Miss Olga Littig. The latter will also assist the Dean of Women in further developing the campus guidance program. Other new faculty members are Miss Eleanor Bayley, assistant to Dean Simpson, Mr. George F. Smith, librarian; and Mr. Bloom of the Chemistry Department.

Dean Simpson said recently of the freshman class that it was an "unusually attractive, intelligent looking, and alert group." This may be due to Mr. Riggs' careful selection of entering students. Mr. Riggs' new selection technique has allowed entrance to only the top ranking students of the area of which the University draws its people. The freshmen as a whole are more cosmopolitan, cosmopolitan in the sense of coming from many different places.

The freshmen class with its active interest and participation in all phases of campus life will be a stimulant to the U. V. M. spirit, which has always been one of the outstanding assets of the University of Vermont.

Y.W. Plans Program For Ensuing Year; Will Campaign Soon

The work of Y. W. C. A. for the ensuing year will be introduced through folders to be passed out Wednesday, October 11, at the Mass Meeting. The actual campaigning will begin Thursday, October 12, at which time a table will be set up in Waterman to enable all those who are interested to sign up. The dues will be twenty five cents per semester.

Program in Two Parts

The 1944-45 program will consist of two different parts. The first Commission will be that of Christian Faith. It will be the duty of the members of this group to organize the religious activities on the campus. This commission will hold discussion groups on personal faith, interfaith, the Bible, and any topic interesting to the members of the group. Its responsibilities will also include the planning of Y. W. morning Chapel services and World Day of Prayer services, short worship services at the cabinet meeting, ushers for Vespers, planning of the Cabinet Retreat, organizing of services for "Brotherhood Week," stimulation of interest in Chapel and Vespers and other activities which will include deputations.

Social Action

In addition there will be the Christian Community Responsibility Commission. The members will be those interested in the part of Y. W. concerned with social action and discussion of national and internal social, economic and political issues, such as race relations, labor, and post-war reconstruction. Its work may be outlined as follows: discussion groups on the above questions with authorities to lead them, action through letter writing, through activities on campus, and through newspaper and other publicity, and supervision of Y.W.'s part of the W.S.S.F. drive.

Vocational Guidance

The organization has added a new project to its program this year which will be the Christian Vocation Commission. The plans for this group: discussion of vocations and collection of material on vocational trends, present openings and chances of advancement in various fields, presentation of authorities in various fields who will discuss their work and interview anyone interested in it, practice in job-hunting techniques, interviews, contacts, letters of application, use of employment agencies, and encouragement of the adoption of psychological aptitude testing at U. V. M.

Y. W. is anticipating a large group this year, since most of the girls on the campus are expected to have more free time. It is hoped that when the co-eds sign up they will also designate the Commission which interests them most.

NOTICE: Juniors are requested to register for Aeriel pictures on Thursday, Friday and Saturday of this week. The photographer will be here next Monday, Tuesday and Wednesday. Nancy McNamara, Editor of *Ariel*

NEW MEMBERS ADD TO LAST YEAR'S FACULTY

Several new members have joined the University faculty this fall. Among them are Dr. George H. Hand who replaces Professor Grout as head of the Economics Department, and Mrs. Sally Berry Maybury, instructor in secretarial subjects. In the Home Economics Department are Mrs. Susan Larson, instructor in textiles and clothing, and Miss Rachel Anderson, instructor in foods and nutrition.

The Nursing Education division has added to its ranks Miss Hope Parker, in charge of Cadet Nurses under Miss Crabbe, and also Miss Lois Brown and Miss Olga Dittig. The latter will also assist the Dean of Women in further developing the campus guidance program. Other new faculty members are Miss Eleanor Bayley, assistant to Dean Simpson, Mr. George F. Smith, librarian; and Mr. Bloom of the Chemistry Department.

The Vermont Cynic

VOL. 62 OCTOBER 11, 1944 NO. 41

A New Spirit

If the events of the last week can be considered an accurate indication of the coming year at U. V. M. everything points toward a very promising future. Certainly the opening week in college, at least during our stay here, has ever been preceded with such a combination of successful and well organized activity and we start out stocked with more enthusiasm and real spirit.

The program for Freshman Week was truly all reports an outstanding success, and the All-campus prom at last Friday night marked a high point of enthusiasm. The program at the "Mixer" on Saturday night was executed and was permeated with the same contagious spirit which characterized the other activities. Much credit is certainly due to the student committees responsible for the planning and organization of these events—a job which takes no little time and energy. Hats off to committee chairmen Mary Thornton, '46, Barbara Anderson, '45, Betty Farnsworth, '45, Nancy Dorkstader, '46, and Ruth Jordan, '45, and to all the various organizations and individuals who contributed their talent and energy.

This week has shown us that we need not sit around and mope because there will be no football games nor fraternity formals. Our social program can and will be successful as long as we have the leaders and the workers who will exert themselves unselfishly.

There is one more very encouraging element in this new spirit at Vermont. It is not just enthusiasm for the social side of college life; it carries with it a realization of the real objectives of a college education and an earnest determination to make this year as successful academically as it promises to be socially.

Therefore let us resolve not to lose the start which we have made. Let us plan now for an active social program with sports and dramatics playing a major part and with opportunity at the watch-word. Let us plan to attain a higher scholastic average than ever before. Ruth Jordan said in Vespers on Sunday that college was a fatal game. We are off to a good start. Let us play it well and be the winners.

Freshmen

We welcome you to Vermont. We are very proud of our college and will soon pass our traditions and customs. Soon we will depend upon you to carry them on. But let us remind you now that your success or failure here depends upon you—upon your intelligence, your integrity and upon your ability to adjust yourself to college life. If you have these things college can and will be for you a rich and mental experience. Good luck.

Toptics

by H. P. Bloomenthal

Last Friday men of thousands of New Yorkers assembling [illegible] Thomas Dewey paid their last respects to a great American, Alfred E. Smith, as his body lay in state in St. Patrick's Cathedral. Al Smith [illegible] Wednesday at an age of 70.

The 1928 Democratic nominee for the presidency was loved and respected by Americans regardless of party. He rose from a $12 per week job in the Fulton Fish Market on the East Side to Chief Executive of our most powerful state.

What made him so great was that he never lost contact with the poor, common man and as Walter Lippman said, "His peculiar distinction . . . was that he made good government popular in New York." President Roosevelt on hearing of Smith's death said "America has lost a true patriot."

Tin brown derby and the cigar have passed from this world, but the memory of Al Smith will never be lost.

Wendell Willkie

Failing on the heels of the announcement of the passing of Al Smith came news of the death of the 1940 Republican Presidential candidate, Wendell L. Willkie.

Within a few short months Mr Willkie rose from political obscurity to the head of the minority party. He was the possessor of several great characteristics that are often lacking in the best politicians. He had the strength of rising above his party to work for the good of the entire nation. His trip to Russia at the request of the President undoubtedly contributed to his failing health. This shows the type of man he really was. Wendell Willkie was a man who would stay with his convictions, rather than switch sides for the sake of gaining votes. The American people will miss the wisdom of this great American.

State's Rights

The September 25 issue of *Life* enumerated the benefits provided by the individual states for their returning service men. The failure of over one-fourth of the states to set forth anything for these men is not a record to be proud of. After the names of thirteen states appeared phrases, such as "nothing much," "no major new legislation," "this state has not done much as yet," or simply the word "nothing."

Crossley Poll

That this election is far from decided was pointed out by the latest Crossley Poll. 23 state and 295 electoral votes were classified as still shiftable. These "shiftables" included many large states, New York, Penn., Mass., and MAINE. Thomas Dewey was given eight states with 99 electoral votes as sure. Seventeen states, the "solid south," Washington, and Montana were safe for Roosevelt.

The Peace

A leopard does not change his spots and neither does an isolationist. Forces that would like to sabotage our proposed post-war world organization are already gathering at the Capitol. Let us take a valid example.

The long-winded Senator Burton of Ohio says that he believes in the use of our power to preserve the peace, but he adds "Congress and congress alone has the right to declare war, and if the action to be taken would amount to a declaration of war, our representative on the executive council of the general international organization would require such a congressional declaration in order for him to vote to permit the use of our armed forces if his vote were to bind the United States." Pre-Pearl harbor isolationist, Senator Arthur Vandenberg, also a *friend* of world organization, reflected somewhat of the same position.

At a quick glance these men may seem to be merely protecting the sovereign rights of the United States. The power to declare war is, indeed, such a right; however, it seems to me, that, in order to insure the future world security, it will be necessary for all nations to be prohibited from using this right. Such a prohibition would need to employ force to give it strength. The power would have to come from either an international police force (which seems to have been ruled out the word was) or the drafting into the service of the world order of [illegible] which we would be a part, the armies of the individual nations in times of threatened aggression, but, if we yield to Senator Burton, the United States would have a veto power over the decisions of the rest of the executive council.

There are three immense reasons for our refusing any such privilege. First, by the time the council unanimously agreed, bombs would be dropping on Washington and New York. Secondly, when the rest of the world needs our prowess, the entire globe may once again be aflame, because we did not act when the threat could have been repelled by little or no loss of life. Thirdly, no one nation has the right to impose its will on the rest of the world. If we did this we would be as totalitarian as Germany is today. In the Ohio Senator's mind, this forcing of the supposed rights of the United States may be American patriotism, but to my way of thinking, it is totalitarian fanaticism.

NOTICE

The [illegible] is underway and the various editors are on the market for scribes. Every year we prefer experienced people, but any freshman who is especially interested may submit his or her name. Will all the fellows and girls of the Class of 1947 who are interested in scrubbing for *Ariel* please contact Frances Witham, Managing-Editor, Tel. 3408 L sometime before [illegible] 23. It's important that anyone who wants to scrub be signed up immediately.

FRANCES WITHAM, *Managing Ed.*

CAMPUS CAPERS

Miss Bayley certainly has a sense of practicality and [illegible] to the University. Did you hear about our adventures over at Phi S.A.E.? Well! As the story goes and it seems as it well may be in its way to being a [illegible] some slightly polluted sailor [illegible] new fire escape on the S.A.E. house was inviting. (Maybe it wasn't the fire escape that was so inviting. After all that's an all Freshman house and haven't seen the freshmen!) Anyway the [illegible] proceeded up said fire escape and stopped on all the windows they passed. It was that caused some uproar [illegible] the girls. Finally the revels were [illegible] and the dear boys departed.

Miss Bayley, practical soul that she is, applied some of her "vocational training." She and Miss Weld [illegible] S.A.E. house) located a hammer and went joyfully to work. The result is that the eight bottom rungs of the S.A.E. fire-escape are now in the cellar. "After all" says Miss Bayley the boys could jump down if there were a fire and a drunken sailor or anyone else might have trouble getting up."

More power to you, Miss Bayley! May everything you attempt here be as successful and enjoyable!

New Foods Instructor

Miss Rachel Anderson has been appointed to the staff of the Home Economics Department, it was announced by Pres. John S. Millis. She will be an instructor of foods and nutrition. Miss Anderson has been an instructor in foods and chemistry at Cornell University during the past year.

"Spirit of Victory"

The American Telephone and Telegraph Company, its twenty-one associated operating telephone companies, Bell Telephone Laboratories, and Western Electric Company, continue to face unprecedented demands for telephone communication.

Never before in the country's history has there been so much evidence of the indispensable part telephone service plays in the life of the nation. It makes a direct contribution to the effectiveness of every part of the war effort.

The sense of responsibility which telephone people call the *"spirit of service"* is in this war the *"spirit of victory."* The men and women of the Bell System, in whom this spirit lives, may be relied upon to do their utmost.

Phil Sylbert, Managing Editor Of Cynic, Retires From Staff

By Walter Stern

[illegible] managing editor of the [illegible] the campus to be inducted [illegible] this month. He has been [illegible] since September 1942 and [illegible] therefore to watch the [illegible] affect a war-torn college. Although the changes were [illegible] he feels that adjustments [illegible] and the students co-[illegible]. Dean Doraine [illegible] has the following to say, leaving: "Phil has been an [illegible] assistance in publishing the [illegible] the past two terms. Al[illegible] and dependable, he has [illegible] jobs as Manag'ng Editor [illegible] certainly miss him."

Phil Sylbert

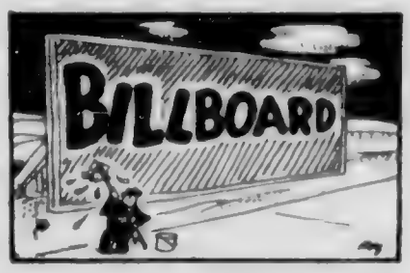
Pre-Med

[illegible] up to Vermont fresh from [illegible] and like all freshmen found [illegible] was confronted by an entirely [illegible]. He had made up his mind to [illegible]come and therefore enrolled [illegible]med. curriculum. He pledged [illegible] Delta fraternity and in 1943 [illegible] its president. Besides this, [illegible] himself scrubbing the CYNIC, [illegible] and always been interested in [illegible] work. By the end of the [illegible] became a reporter and when [illegible] Reserve Corps was called [illegible] days in February 1943 he was [illegible] to the sports staff.

[illegible] at U. V. M. were discontinued [illegible] end of his freshmen year because [illegible] diminishing male student body. [illegible]more filled the position of news [illegible] from May 1943 till February 1944 [illegible] was elected to the senior staff [illegible] Managing Editor.

Baseball Star

[illegible] the past summer, Phil pitched [illegible] successful season for the under-[illegible] baseball team against the Medics [illegible] S.N.R.P.s. Despite the limited [illegible] of undergrads present they were [illegible] organize various activities to keep [illegible] competitive spirit.



Phil has never regretted coming to [illegible] M. When queried about the CYNIC [illegible] stated that it offered more than any [illegible] extra-curricular activity. In his [illegible] it offers newspaper experience, [illegible] to learn about organization, and [illegible] part by far is the opportunity [illegible] interesting contacts. Phil holds [illegible]tance to the Long Island College [illegible] Medicine for the class entering [illegible] 1945 and hopes to be given the [illegible] to study medicine.

Prof. and Mrs. Bennett To Present Recital

On Friday evening October 20 at 8.30 p.m. in Ira Allen Chapel, Howard Bennett and Elsa Kremer Bennett will present a recital for two pianos.

Several years ago Prof. and Mrs. Bennett presented a similar concert for the University faculty and students and for townspeople.

Included in this program, which is open free of charge to the public, will be pieces by such composers as Milhaud, Shere, Cui, Bach and Brahms. The program will conclude with a duo piano interpretation of Ravel's Bolero.

The first meeting of the Classical Club will be held at Professor Prindle's house, October 12, Thursday evening, at 8 p.m.

There will be an informal supper meeting of the Canterbury Club on Sunday, October 15, at 6:00 at the Parish House of St. Paul's Episcopal Church. All students and faculty are welcome.

ATTENTION ALL ORGANIZATIONS ON CAMPUS. All campus organizations requesting allocations for the year '44 - '45 will please submit their respective budgets for the ensuing year not later than November 1 to Beryl Cheney, Treasurer of Student Government. Any requests received later than November 1 will receive little consideration. Beryl Cheney, *Treasurer.*

There will be a student union mass meeting on Wednesday, October 11, in the Chapel at 8:00 p.m. Attendance is required of all University women.

LOST one Kappa Alpha Theta sorority pin crown set with rubies around outside of pin. If found please return to Sally Merwin, Robinson Hall or the Theta House.

LOST one small brown purse containing money, community concert receipt and meal ticket book. If found please return to Bunny Cutler, Redstone, or leave in Information Booth.

Canterbury Club Schedule Planned

[illegible] council meeting of the Can[illegible] Club was held Friday, October [illegible] p.m. when the officers for the [illegible] plan a tentative schedule. They [illegible] Rowe, President; Agalia Bal[illegible]retary, Janet Fickinscher, Treas[illegible] The four council members are [illegible] Needham, Diana Charles, Eliz[illegible] Franklin and Ronda Prouty. Miss [illegible] and Miss Bailey are the faculty [illegible] while Father Martin, rector [illegible] Paul's Episcopal Church in Bur[illegible] the religious leader.

[illegible] were also made for an informal [illegible] meeting on Sunday, October 15, [illegible] at the Parish House of St. [illegible] Episcopal Church. All interested [illegible] and faculty members are welcome.

[illegible] night baseball game was [illegible] Fort Wayne, Ind., in 1883. [illegible] lights of 4,000 candlepower [illegible] the field.

Congratulations to the Class of 1948

GAY CARNIVAL AND SPICY FLOOR SHOWS ARE HIGHLIGHTS OF "TOWN AND COUNTRY"

[illegible] country bazaar and the soda fountain [illegible] a night club better known as [illegible] '48. The entertainment was divided [illegible] to provide a complete change [illegible] from one room to another.

The [illegible] at Knoll [illegible] games and there was a fortune [illegible] Margot Worby, a water board operator, Carl Thompson, Hilary Sorlien and a booth of pin ball games. Shirley Hayes ran a bingo table, and other [illegible] were run by Ben Redmond, M. J. Little, Norma MacNamara, Mona Lippman, Betty Ritchie, Kay Hennessey, Jane Cellar, and Mac Johnson. The chairmanship of the carnival was handled by Harriet Barron. Assisting in the Club '48' were two cigarette girls, Midge Smith and Rhonda Prouty and the Mortar Board girls, Pearl Clinger, Jean Donaldson, Robin Lehner, Bobbie Burnham, Vesta Stowell, Christine Hughes, Mary Ann Shirley, Norriman and Mary Harman waited on table.

Floor Shows

Max Abrams orchestra played and two complete floorshows were given in the course of the evening. The program for the first floor show consisted of the R.O.T.C. band playing and Harriet Cohen reciting. Carolyn Aronson gave a monologue. Barb Anderson and Lois Bamer did a skit called "Columbus' Voyage." Elsa Nuess sang "Say a Prayer For The Boys Over There," and Al Lowenfells beat it out on the piano. The second floor show consisted of Bill Cook singing "Little Did I Know," and "If I Knew Then" in a Frank Sinatra style. Becky Fagelson sang "Sweet and Lovely," Nancy Dockstader, "The G. I. Jive," and Crystal Malone murdered on purpose Poe's "The Raven." The girls from Mexico sang a commercial, "Pepsi Cola," "Rancho Grande" and "Dos y Dos." A drinking song. Irene Fahey sang "Summertime" and "Is You Is or Is You Ain't My Baby," and Anita Smith played three boogie pieces.

Student Government and the Freshman Orientation Committee were responsible for the production. "Spike" Thornton was chairman of the Freshman Orientation program.

On the committees for the night club were Betty Farnsworth, and Nancy Dockstader. On the decorations committee were Louise Jordan and Betty Dole. The Bazaar was under the chairmanship of Harriet Barron and M. J. Little.

Back to U. V. M.

By Penny Mandel

I

There's just no way of telling
that comes to me
When I find myself a-thinking
that used to be,
When I leave the dusty
busy marts of men,
Yet I'm back to Burlington
o'er with again.

II

Swing aboard the "Montrealer"
same old grunt and groan
Hear her engine still a wheezing
same asthmatic moan.
See the blue mist o'er the
the bracing mountain air
Feel the thrill of going
know I'll find a welcome

III

All the campus seems to greet me
a glad, if muted voice.
Just to tread the well loved
makes a person's heart
And among the ancient evergreens
clustered silence broods.
I find a peaceful resting
their solitudes.

IV

Though U. V. M. may send
through every clime to roam
Yet every wind that sweeps the
speak to them of home
Back once more to Alma Mater
perhaps through mists of tear
They will live the old days
the smiles of other years

"THE BEST-KNOWN VEHICLES IN AMERICA"

What's the best known vehicle on your college campus? You will probably agree it's the Railway Express truck. And one of the best liked men is the dependable Expressman who drives that truck.

There's a good reason why these trucks are on the campus so frequently. It's to serve your shipping needs. Express Service is a strong, direct link with home.

Railway Express and its coordinated Air Express Division are carrying a substantial shipping load these busy days. You can help the Expressman and his vehicle do their job quicker and better by observing three simple steps: Wrap your laundry or other packages securely ... address each clearly ... ship them early. We know "A shipment started right is half-way there."

The "we" in this article ... to Peggy Donnelly, "Spike" ... Joan Davison, myself, and our ... escorts. In order to appreciate ... best, it is advisable to find a ... who will take you. In this way you can get at least a vague idea of what all the different phases mean.

The spectators were almost as fascinating to watch as the fight itself. There seemed to be a prevailing number of American tourists—dressed as all American tourists are and with a camera slung over one shoulder. At regular ten-minute intervals there would be the harsh shout of "sientate!" followed by its English equivalent "sit down!"

To me, the atmosphere preceding a bullfight is akin to the undercurrent of excitement, the tenseness before a football game. Everyone sits around drinking soda, smoking cigarettes, and checking up on the time fifty times to the hour. Instead of a band playing college pieces, there's one playing "paso dobles," or two-steps, which are all dedicated to famous bullfighters. As the football field is cleared of all obstructions, the arena is cleared of all the advertising posters which clutter it. One advertising device is the constant object of embarrassment for many American spectators. It is a giant top-hat standing inside the ring. Mexicans will invariably tell you that the bull is kept under that hat until it's time for the fight to begin. Half-believing, you fix your eyes steadily on the hat. However, when it sprouts legs with trousers and starts running around the ring, you sink in shame at your gullibility. The same hat company has boys dressed in baseball suits run around throwing balls into the audience, with the prize of a hat for the lucky winners.

The Clarin Sounds

Unlike any other Mexican activity, the fight begins at four o'clock sharp. The clarin (Clarinet, up here) sounds and from a before-unnoticed door in the gate surrounding the ring dashes a caballero on a spirited pony. He charges straight up to the side of the ring where there's a huge poster marked "Autoridades" to seek permission to start the fight. He then whirls around and dashes back through the gate from which he appeared.

In a few minutes he returns to lead the parade or "Cuadrilla." Following him are the chief matador and his three assistants, the "picadores," the ring attendants, and the mules used to remove the slain bulls. To the wild cheers of the crowd, they make a round of the ring and all but the matador return through the gate.

The Bull Appears

Upon the second blast of the clarin another unobserved gate is unfastened and the bull charges through, snorting and "looking daggers" at the matador. The latter has assumed a very impressive, graceful stance, feet slightly apart, arms outstretched, shoulders slightly hunched, eyes fixed on the animal. He presents a very unusual picture in his broad three-cornered hat, short ornate jacket, tight fitting knee-length trousers, gay stockings and shoes which resemble ballet slippers. His first passes with the cape which the matador makes are termed veronicas (in relation to the one-eyed actress) and are made with a large cape. He is assisted in this "trying out the bull" feat by his three helpers.

Picadores

From time to time during the struggle, Ferdinand is apt to get a little bored and wander off to one corner of the ring, ignoring his opponent. This is the cue for the "picadores" who dash into the ring on their padded horses, pike in hand, and give the beast a mean little jab in the back. At this point, as the blood started streaming down his flanks, I heard the woman behind me scream in English "Oh mercy, that poor little bull, they're hurting him." One of the picadores got a taste of bull vengeance. After being tossed to the ground by the bull's horns he was thoroughly trampled on. With amazing alacrity, the picador was back on his horse, and with a sweeping gesture he leaned over and provokingly patted the bull's horns.

Matador Nonchalance

The attitude of the matador throughout his exhibition is worthy of note. He is extremely proud and executes the most difficult passes with the greatest unconcern. As the bull comes charging at him, he neatly and nonchalantly steps aside, leaving the animal to tangle his horns in the cape. At times, the matador is obliged to have his cape dampened with water to make it more heavy and manageable. In order to do this he has to step to the edge of the ring. It never failed to amaze me when with complete indifference, he would turn his back on the bull and stroll over to the edge of the ring. Incidentally, I am told that the family of the matador is provided with a little chapel where they may say their Ave Marias throughout the fight.

Banderilleros

Perhaps the bloodiest part of the whole contest is the banderillero phase. Here, three ghoulish men appear, each provided with two brightly colored "banderillos," which looked more like javelins. Ferociously, each would rush at the already bleeding bull and deposit their javelins into his back. This makes the animal a little resentful, as can well be imagined, and the matador has to do some mighty fancy footwork. He performs his passes with a small cape (muleta) and carries a concealed sword. With much vivacity he executes the "pase natural" (passing the cape at about knee height), and the "pase de pecho" (the cape about shoulder height). In the "manposa," the most dangerous of all, the matador holds the cape behind him. When the matador makes a particularly skillful pass, the bull coming near enough to graze his thigh, the crowd becomes feverish with excitement and in a body they scream "ole!" (pronounced olay!) Our escorts explained that the shout must come from the soul, and we strived valiently. Accordingly, when the matador shows fear or is clumsy, he is greeted with hisses and insulting remarks.

Mortal Blow

As would be expected, after charging around with six javelins stuck in his back, blood streaming from wounds inflicted by the jobs, the bull becomes wobbly on his feet. Seeing this, the matador rushes toward him, elated, and deals the mortal blow with his sword. The bull falls to his knees, to his side, and bellowing his vengeance, dies at the feet of the grinning matador. His carcass is dragged from the ring by the mules and round number one is concluded.

Eyes glowing from the glory of his recent triumph, the matador strides around the ring, head high, shoulders back, hips swaying. The crowd rewards his victory by throwing hats, furs, gloves and other trophies at him (all of which are graciously returned).

Each of these contests lasts fifteen minutes and, weather permitting (which it didn't in our case) the afternoon kill is six bulls.

The bullfight strikes me as being typical of the kind of entertainment enjoyed by the average Mexican. As can be seen from their own movies (most of their movies are from Hollywood) they turn to the sensational and tragic, and bullfighting is all of this. Until the arrival of the picadores I was frankly on the side of the matador, but from that time on my sympathies were all for the "poor little Bull."

NEW CHOIR MEMBERS CHOSEN AT TRY-OUTS

The following women have been chosen members of the University choir:

First Soprano	*First Alto*
Gertrude Chaney	R Clark
Rolande Clouatre	B Hall
Nancy Dorman	K Ingram
Rebecca Farnham	P Mueller
Beverly Feinberg	D Natergren
Hester Heath	J Parkhurst
Muriel Heminger	I Reed
Marilyn Holden	J Soules
Shirley Langman	P Story
Iuba Montgomery	
Jeanette Term	

Second Soprano	*Second Alto*
N Church	J Abell
L Farrell	B Bolme
B Friedel	E Brownell
M Mills	B Cagey
P Page	C Contas
J Robbins	J Levan
B Ross	E Nacey
P Tatro	A Smith
C White	

The choir sings both sacred and secular music. It sings at weekly chapel services on Tuesday mornings, and at the monthly services on Sunday afternoons, at Christmas and Lenten Easter concerts, the secular concerts with the University Orchestra in November and February, and at the annual opera and on Baccalaureate Sunday.

Additional tryouts for candidates for choir will be held in the Music Building this Friday, October 13 at 3:30 p.m. Candidates who cannot come should notify Professor Bennett. There will be an opportunity to join the Christmas and Easter chorus later on.

W. A. A. Notes

On Friday night October 13 the Women's Athletic Association is sponsoring a Rabbit's Foot Party in the University Gym at 8:00. All co-eds are welcome to come and defy superstition by walking under ladders and with open umbrellas and maybe even a black cat will cross the paths of many. Refreshments will be served. Ann Hoss is chairman of the party.

Sports Club

The fall sports clubs, their times of meeting, and their managers are as follows:

Softball — Monday and Wednesday 4:30, 4:30. Margaret Watts, manager.

Volleyball — Tuesday and Thursday, 4:30 4:30. Edith McLaren, manager.

Riding — no set time; Bea Raymond, manager.

Hike Hike —Sunday 3:00 to 5:00. Ruth Jandoreck and Barbara McGreever, co-managers.

It is necessary to make appointments ahead of time for riding and leave your name with Ted Bassette after each ride in order to receive credit.

This year the Council at Large members will sign up the girls in their dorm for sports clubs, and town girls may sign up Wednesday and Thursday mornings of this week in the front hall of Waterman.

Green and Gold Teams

All the girls have been divided into Green and Gold teams, and all competition in clubs will be on the basis of these teams so you all had better get out and help your team. At the conclusion of the fall season there will be a Green vs. Gold softball game and also one in volleyball. Even if you don't play you can come out and root for your team to win these games.

The Green and Gold teams will be posted in each dorm by the Council-At-Large members. No one may change teams.

Watch the W A A. bulletin board for announcements, particularly concerning the meeting paces of clubs.

Marion Lewis has been elected sophomore representative on the W. A. A. Council to replace Pat Van Amerigen who was unable to return this semester because of illness.

Veterans' Education Assured by "G. I. Bill"

All veterans who are former students of U. V. M. or other collegiate institutions, those having high-school diplomas, and even some not graduates of high school will be admitted to U. V. M. in the new set up of veteran education under the "G. I. Bill."

The policy of administration will necessarily differ somewhat from that of the regular college. However, all four colleges will be open for veterans, and they will have classes with the other students. A Director of Veterans' Education will be set up on campus which will have all the advantages of a university location.

Acceleration will be possible for veterans, as well as exclusions, and credit will be granted for study and experience in military life.

Welcome to the Class of 1948

"Fond Memories of Brave Souls" Poetry of Pearl Randall Wasson

Barbara Powers

[illegible] Pearl Randall Wasson was the first dean of women at the University of Vermont and we will always be indebted to her for the honor of being one person who knew her well. Even if her own grandchildren [illegible] Dean Wasson will be remembered and loved [illegible] Life was [illegible] of the greatest interests and activity as long [illegible] were the encouragement [illegible] [illegible] of future needs and plans that many owe to [illegible] Her wonderful and full [illegible] her devotion to the women [illegible]

This poem would fall [illegible] poem of 1944 but as [illegible]

[illegible]
1918

[illegible]

[illegible]

[illegible]

The Vermont Cynic

VOL. 62 BURLINGTON, VERMONT, WEDNESDAY, OCTOBER 18, 1944 NUMBER 42

Co-ed Band Takes R.O.T.C. Traditions

Unusual Popularity; Dr. "Joe" Lechnyr Leads

[illegible] M. Co-ed band, started the [illegible] playing at the Freshman [illegible] last year, on occasion, the band was [illegible] called the "Thirty and Five," [illegible] more will this be appropriate [illegible] this year's membership includes at [illegible]

Aside from their participation in the [illegible] activities and entertainments, the [illegible] other "irons in the fire." One [illegible] R.O.T.C.'s traditions will be [illegible] and the band plans to give some [illegible] own concerts when the circumstances are favorable.

All of the members of the band will be [illegible] as soon as possible, but because there have not been many rehearsals the list is not available now. However, the famous trumpet section bids fair to become even more renown this year, since along with the "Gabriel-like notes of our trumpet soloist, Don Pease" will be added the talents of three newcomers: Chestine [illegible] of Broughton, Verna Hall of Brattleboro, and Dick Merrill of Burlington, all of the class of '48.

Dr. J. F. Lechnyr, commonly known as "Joe," is all set to take up his baton and lead the band through another highly successful year. The band, starting on its second year as a co-ed proposition, looks as though it is going to grow as much again as it did last year.

The unusual popularity of the band can perhaps be explained by reason of its being a thoroughly relaxing as well as enjoyable activity. (Theoretically, it does not require the members to tax their mental capacities.) Anyone is welcome at any time to attend the rehearsals and see what Margot says, they are relaxing ever for the spectators.

Rachel Prouty and Pauline Fitch, both of '45, the present Band Librarians, are in the process of training three girls to carry on the position next year. The prospective Librarians are Mary Jane [illegible] '46, Crystal Malone, and Jane "Midge" Smith, both of '47.

TOWN GIRLS' SUPPER HELD TONIGHT

The members of Women's Student [illegible] will be hostesses at a supper for [illegible] on Wednesday, October 18, at [illegible] third floor lounge, Waterman. [illegible] style supper consisting of salad [illegible] and sherbet will be served. It will be followed by group singing, and a talk on Student Union rules as [illegible] to non-resident students.

The purpose of the evening is to foster [illegible] relationships between campus and [illegible] and to demonstrate to the [illegible] part in campus life. Christine [illegible] House Chairman, and Mar[illegible] '45, Senior judiciary members, are co-chairmen of the event.

Prof. and Mrs. Bennett To Give Recital Friday

[illegible] of the two-piano recital [illegible] Professors Bennett and Howard [illegible] held in the Ira Allen Chapel [illegible] October 20 at 8.15 p.m., [illegible] follows:

[illegible] Sadness.....*Bach*
[illegible].....*Bach*
[illegible] theme of Haydn *Brahms*
[illegible] 41: Prelude, Valse Triste, [illegible] Ostinato, Air de Ballet, [illegible].....*Gliere*
[illegible] Dance.....*Gliere*
[illegible].....*Milhaud*
[illegible].....*Cui*
[illegible].....*Ravel*

[illegible] is free and public.

MEN SINGERS WANTED IN COLLEGE CHOIR

Men students and members of the faculty who enjoy singing are invited to participate in the concert by the University Choir and Orchestra on Thursday evening, November 9, and in the Christmas concert Sunday afternoon, December 17. Choruses from Gilbert and Sullivan operas will be sung at the November concert, and Christmas carols and selections from Handel's "Messiah" in December. Men who are interested should attend the first rehearsal, Thursday, October 19 from 7.15 to 8.15 p.m. Rehearsals will be held on Thursday evenings.

Debating Club Plans Big Year

Only Inter-collegiate Activity On Campus

New plans are already underway for the Debating Club. This Club has the distinction of being the only inter-collegiate organization on campus.

There is a plan being made to instigate an Inter-collegiate conference here at U. V. M. That would bring representatives from other New England colleges to Burlington to discuss the most important questions of the day. This conference would be similar to the one that I. R. C. had here last fall. If this plan becomes a reality, the group will meet here some time after mid-years, and the topic for debate will be "Peace"—from the Political, Economic, and Religious viewpoints. Since this topic is so broad, the Vermont club believes it has enough aspects to cover the entire conference.

The club also holds among its other plans, intra-mural debates. These will be mainly for new members so they can receive training for future debates.

There is on campus a chapter of the National Honor Society, Tau Kappa Alpha. The key is awarded to a debater for participation in three inter-collegiate debates, and two intra-mural debates, with the approval of the members.

There will be a demonstration debate next week, and the exact date will be posted. All who are interested in debating should attend this meeting as it is planned to show how the debates are carried on.

Co-chairmen of the Vermont Debating Club are Shirley Harris and Irene Pickett. Professor Dean is an advisor, and Mr. Powers who has left U. V. M. but is still in Burlington will continue as an advisor if arrangements can be made.

Art Exhibition at Middlebury College

Middlebury College is planning an exhibition of retrospective art beginning Friday, October 20 and lasting for two weeks. This exhibit is under the direction of Arthur K. D. Healy, artist-in-residence at the College. The public is invited to attend the exhibition which will be hung in the Recreation Room of Forest Hall.

A history of Middlebury will be shown by about 60 items from the work of unknown earlier artists of the 1800's down to the present day. A commentary will be provided by a descriptive catalogue on the works and will place them in their historical setting. The collection will be from Middlebury College, the Sheldon Museum, and private individuals. Three portraits of the Painter family, for whom Painter Hall on the Middlebury campus is named, will be included. Also in the collection will be two portraits in oil on wood panels, unusual early items.

Student Union Has First Mass Meeting

Dean Simpson Speaks of Challenge in New Year

The first Student Union Mass Meeting of the year was opened last Wednesday evening in the Ira Allen Chapel with the singing of "America." Shirley Needham, President of Student Union, welcomed the Freshmen and transfers into Student Union and then introduced Eleanor Jenkins, Chief Justice, who administered the Athenian Oath to the new students and also installed the House Presidents, who were all seated in the front pews.

According to custom, the three members of the judiciary committee, Marjorie Nutting, Peg Donnelly, and Marjorie Nelson, read the Constitution, which was signed by the Freshmen and transfers at the close of the meeting. President Needham then introduced the members of Student Union and also the faculty members seated on the platform. Miss Nulty spoke a few words on the Joint Conference Committee, stressing its legislative and judicial powers and its connection with Student Union.

Y.W.C.A. Support Urged

Before the meeting Y. W. C. A. pamphlets were distributed and later on Ruth Jordan, President of Y. W. C. A., emphasized the importance of the work undertaken by this organization and urged the support of everyone. There were speeches by several other campus leaders also. Vesta Stevens, First Vice-President of Student Union and President of Mortar Board, told of the duties of that Honorary Society. Margo Donahue and Bunny Lieberman, heads of Health Council and Dramatic Club respectively, explained the functions of their organizations while Mary Greene, Treasurer of Student Government and also its Chairman Pro-Tem, enlightened the students' minds concerning the election of a President and Vice-President and the necessity for a $10 activity fee. The highlight of the evening was preceded by an announcement by Ruth Shoppe concerning the rule test which is scheduled for Wednesday night, October 18, for all freshmen, juniors, transfers, and House Presidents.

Miss Simpson Speaks

Finally Miss Simpson was introduced by President Needham and gave a talk entitled, "The Challenge of the Year Ahead." She said that she looked to the upperclassmen for stimulating leadership and a shining example of real women. She congratulated the freshmen on their excellent scholastic record and attractive appearance and wished them success in the coming year.

The meeting was losed with the traditional singing of "Champlain."

STOCKING DANCING FEATURED IN LOUNGE

Staff and Sandal started off its season of activities on Saturday night, October 14, with a Stocking Dance held in the Student Lounge. Men imported from surrounding areas as well as Crystal Malone's exhibition of some fancy dancing steps kept things lively and gay as the coeds, in stocking feet, danced to the music of "big name bands."

The refreshment stand, presided over by Peg Donnelly and Ginny Campbell, offered cokes and ice cream.

Mr. and Mrs. Heath K. Riggs and Professor and Mrs. G. H. Hand chaperoned the gathering.

If it Isn't ALL You Can Do— It Isn't Enough!

Art of Picture Making, Discussed by Sternberg

Artist Leads Discussion On Modern Art

Under the leadership of guest speaker Harry Sternberg, a fast moving discussion on art took place among the large group gathered in the lounge last Friday for the first faculty-student Bull Session of the year.

"The art of picture making," Mr. Sternberg declared "should be as completely natural a thing as the art of jitterbugging. Way back from the time the first cave man whittled off a hot note to his babe in stone, art has been a means of communication. Essentially, everyone is an artist. Children are driven away from art by the materialistic around them, but when given the chance they break out in art as naturally as they do the measles. Most kids paint better pictures than some professionals."

Sternberg then called for questions and soon the group was arguing back and forth around such topics as *Art and Propaganda* and *The Difference Between Illustration and Art*.

Weeping Telephones

The question arose as to what could be done to help the average person understand what a modern artist is driving at. As one student put it, "when I see a weeping telephone I just can't understand it. It seems so pointless and not particularly aesthetic either."

Professor Metcalf of the Psychology Department explained that Dali was attempting in a paint medium much the same thing that Eugene O'Neill experimented with in his play *Strange Interlude*, i.e., the field of the unconscious. Artists as well as psychologists are just beginning to explore the depths of the human mind. The dream is a manifestation of the unconscious which everyone has experienced. If you let yourself go, a painting like that of a bent phone weeping stimulates strange sensations which are very like dream sensations.

In support of this, Professor Colburn told of the reaction of one of his pupils to another of Dali's works. As she looked at his painting of a watch on a table with ants on the watch she exclaimed, "I get a feeling I can't put into words but that is *Persistence of Memory*, it I've ever felt it!"

Mr. Sternberg concluding, stated that normally every artist tries to communicate something in his paintings whether it be feeling over "a chunk of beauty" or arousal against lynching. Some artists, however, are more lucid than others.

"Every person," he declared, "has the capacity to appreciate art. The best way to realize this is to make pictures yourself."

W.A.A. BREAKS JINX OF FRIDAY THE 13TH AT SPOOKY PARTY

Friday the 13th was the date of a "Superstition Party" in the Men's Gym, sponsored by W.A.A. The decorations represented various superstitions and omens of ill luck. Black cats, spiders, broken mirrors and other mysterious figures decorated the walls, giving the old gym a weird, uncanny appearance. After the party goers stepped into the building, they were forced to walk under a ladder to gain admission to the gym.

Each girl was given either a green or gold ticket which signified the team with whom she played games during the evening.

Mary Bresnehan's team was the winner of the "Mirror Relay Race," which caused a great deal of laughter. Rewards for successful "scavengering" went to the Gold team for securing the larger number of articles which ranged from horseshoes to grains of salt. A Grand March was led by the Council, all with open umbrellas. To offset the curse of Friday the 13th, a game was played with a rabbit's foot, which relieved many in attendance.

Cider and doughnuts were served by the Council members after which songs were sung. Music was supplied by Anita Smith at the piano.

Anne Hoos '46, in charge of the party, was assisted by Jackie McCormick '46, who supplied the refreshments.

Newman Club to Have Speakers at Tuesday Meetings

The Newman Club will hold weekly Chapel services in the Student Lounge every Tuesday at 10 a.m. The services will be conducted by Father Cosgrove, Chaplain. Different speakers are to be heard each week. For Tuesday, October 24, the Catholic students will hear Father Flannagan, chancellor of the diocese of Burlington. These speakers are noted throughout the diocese and promise to be worthwhile and interesting.

Monthly meetings will be held the second Tuesday of the month. The first will be on November 14, when a reception will be held for Bishop Matthew Brady. Monsignor Brennan will be the guest speaker, with Father Cosgrove presiding. Members of the faculty and parents of town students will be guests.

Membership Campaign

Every year the Newman Club has sponsored a project. This year the members of the club will work on the Social Service project. Mary Mitiguy is chairman of this project and will work with Mrs. Taylor, social service worker, to make this promising project a worthwhile one. Much time will be donated to taking care of children and collecting books and other useful articles for them.

The membership campaign will take place during the last week in October. The Newman Club would like to have every Catholic student on the campus become an active member. Betty Towle will be chairman of the campaign.

Communion Breakfast

Communion Sunday is the first Sunday of every month. The officers of the club plan to have a Communion Breakfast after Mass for the students.

(Continued on page 4)

Weekly Music Hour Planned by Juniors

Staff and Sandal started its yearly round of activities last Saturday night by sponsoring the "Stocking Dance," however, this was merely a beginning, for Staff and Sandal has planned many activities for this year.

This year Staff and Sandal hopes to continue the weekly Music Hour. During this hour records will be played from the Carnegie collection, which are loaned through the courtesy of the Music Department. By cooperating with the Cynic staff it is hoped that a preview of the works to be played will be published in the Cynic each week. This feature should help to make the Music Hour of even more interest than it has been in the past. Another worthy project of Staff and Sandal is making arrangements for students to donate blood for the Blood Plasma Bank. These are but a few of the projects of Staff and Sandal; watch for others.

The Vermont Cynic

The Official Student Newspaper of the University of Vermont and State Agricultural College

VOL. 62 OCTOBER 18, 1944 NO. 07

The Pan-Hellenic Problem

Among the various new vistas which open their doors to college women here at the University, sorority life is one of the most widely discussed. As is true in all cases, there are advantages and disadvantages to be considered; therefore let us examine the Pan Hellenic question frankly as it confronts our campus with its problem.

Too many girls enter college with the erroneous impression that their social development and happiness depend on their becoming a sorority woman. The emphasis has been laid too strongly on the social aspect, and the intellectual view has been relatively overlooked by college women. First of all, sorority life demands a certain amount of conformity which a staunch, independent mind cannot always accept. In becoming a member of a Pan Hellenic organization one accepts many ready-made friends whom one has not had the opportunity to know well during the short rushing period. Sorority requirements limit the number of women who can be pledged and cause much unhappiness for those who cannot understand why they were not pledged. As a sorority member, a girl often becomes too engrossed in her particular fraternity, and she does not contribute to her classmates and the University, all she has to give. As an upperclassman her leadership is greatly needed in dormitories, but she often lives in her sorority house. On our democratic campus, it is by no means necessary for a girl to belong to a sorority in order to become a strong leader.

The preceding is balanced by equally favorable conditions connected with a Pan Hellenic group. Any sorority woman can tell us how deep and real her love for her house is. She has become an important link in her fraternal chain, and she has formed a bond that will never break. When a girl pledges, she has a group of friends behind her who will help her to adjust herself to group living, acquire good study habits, develop poise and social assurance, and strengthen her capacities for leadership. She is urged to participate in extra-curricular activities coinciding with her abilities and interests, a fact which is often neglected by freshmen in their struggle for adjustment. If a pledge feels herself in scholastic difficulty, her sorority is there to provide tutoring and stimulation to deeper thought. In order to be initiated, a pledge must obtain a 75 average, and pride in her sorority stimulates the new initiate to maintain a high scholastic standing.

Fall rushing period at U. V. M. begins October 29 for all girls interested in sororities. The question of joining a fraternal organization demands a great deal of thought and consideration. It is the responsibility of prospective sorority members to ponder this problem thoroughly before making their decisions.

Toptics

by H. P. Bloomenthal

Wendell Willkie filled a very necessary position in modern politics. He was somewhat of the "kibitzer" who pointed out the mistakes and shortcomings of both parties, and his death left a decided gap. Senator Ball of Minnesota has stepped into that space by asking three pertinent questions to the two presidential candidates. The Senator asked what powers our representative on the Executive Council of the United Nations was to have, how soon the Dumbarton Oaks security structure should be put into effect and whether the candidate would support or oppose any reservations re veto power for the members of the big four that would weaken the power of the United Nations in putting down aggression. Senator Ball, a Republican, has stated that he can not support any candidate until these questions are answered. He is expected to announce whom he will support next week. During this time both nominees are slated for speeches on this issue.

I Visit the PAC

Both sides in this election have found much opportunity to discuss the Political Action Committee "a non-partisan organization for Roosevelt and a progressive Congress" so I decided to find out what they have to say about themselves. At the Hotel Van Ness I found the headquarters of the Burlington Committee. I introduced myself to a large, amiable gentleman. He was Mr. Jenkins who heads PAC locally.

We started talking about the work of his organization. He told me that the PAC had made great progress. He said, "never in history was a campaign of this kind undertaken. Labor was not organized in this state before, but now there are 25,400 members of the C. I. O., the A. F. of L., and other independent unions, and labor is united on political issues." Mr. Jenkins informed me that there are P. A. Committees in Winooski, Burlington, Barre, Rutland, Bennington, and Springfield, Vt.

The local PAC has put out over 25,000 pieces of literature and has entered upon a door-to-door campaign. They have been broadcasting every Sunday over the local radio station and the station at Waterbury. Last Sunday Dr. Mark Nickerson of the U. V. M. Med. School spoke over WCAX on why he is supporting Roosevelt.

There is a large PAC at Bennington College. Commenting on this the local PAC head told me that there is a very strong and active organization at that school. "The youth of Vermont are for the New Deal. The PAC has met some opposition from others but there is no opposition from the younger people," he said.

Why the PAC Supports Roosevelt

I was given a list of 26 items from the record of the President in answer to the question of why the Political Action Committee threw its weight behind Roosevelt. This list covered both the domestic and foreign policy of F.D.R. It emphasized the sound banking of the New Deal, farm aids, the Wage and Hour Law etc. It pointed out Mr. Roosevelt's South American Policy, the Reciprocal Trade Treaties and the President's experience in foreign affairs. To contrast with this there was a list emphasizing Dewey's failures as Governor of New York.

Why Aiken?

When I asked why Senator Aiken was given support when he continually opposed President Roosevelt, I received a very surprising answer. I was told that of the 18 major bills that came before the Senate in which labor was interested Senator Aiken voted 50-50, and that while the Senator's record was not much to brag about, his Democratic opponent was "even more reactionary." "We are not looking for party; we are supporting people who are friends of labor."

Plumley Ready

Mr. Jenkins was particularly interested in the contest for Vermont's seat in the House. He strongly condemned Charles Plumley. "The Vermont farmers voted for Plumley in order to protect their interests in Washington; however, when something of importance to the farmers came up, Plumley voted against the farmers' interests or was absent." Jenkins then cited 18 bills for crop insurance, rural electrification, soil conservation, parity payments, etc. Plumley voted against nine and was absent for the vote on the other seven. Jenkins was bitter over the absent votes. "We are condemning absentees. They are sabotaging the home front. The same is true with a Congressman." The PAC's Burlington director then condemned Plumley as representing Wall Street interests.

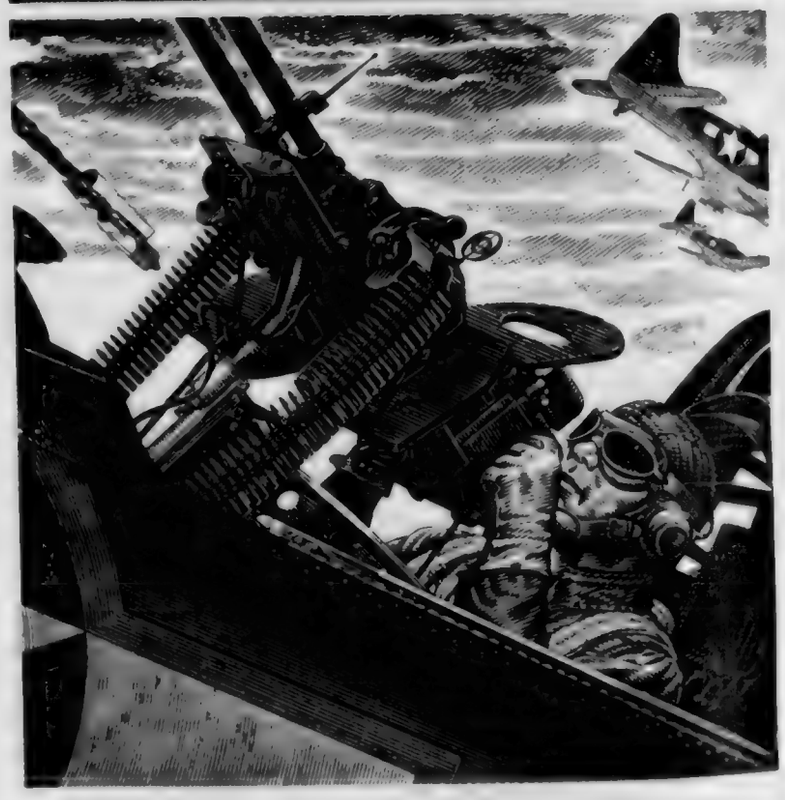
How PAC Seems To Me

After talking with Mr. Jenkins for an hour and a half, I have come to the conclusion that he does not represent Communists as has been charged by several persons, but in my opinion, Mr. Jenkins is a sincere gentleman who is doing what he can to promote the cause of the laborer.

GRADUATES RETURN FOR CONVENTION

The Teachers' Convention [illegible] end brought a bevy of [illegible] uates back to the campus [illegible] in the cafeteria, student lounges and [illegible] rity houses were: "Parge [illegible] Mona Hathorne, "Doody" [illegible] Gates, Janice Berry, Betsy [illegible] nie Garvin, Carolyn Phelps [illegible] Gerling, and Janet Anderson. [illegible] the girls were found enjoying the cafeteria for the first time since [illegible] of the army two years ago. [illegible] their impressions of the college [illegible] now, they generally answered [illegible] saw so many women on campus."

Another change that strikes returning grads is the centralization of activities in the Waterman Building. [illegible] White, who is a teacher in Proctor, says the Waterman Building is a hub of activity crowds of freshman girls [illegible] activities make her homesick for her freshman year. Edna Gates [illegible] cornered talking over Psych. with Pete Anderson, is teaching fourth grade in Montpelier. Her comments [illegible] were "I didn't miss it till I saw [illegible] When I did get here I saw [illegible] girls. It's good to see such a gang [illegible] in the cafeteria again."



Home Ecs. to Show Movie

The Bertha Terrill Home Economics Club will entertain the freshman home economics students Thursday, October 19 at eight o'clock at the Brick Barn. Mr. Eldred will show the movie which was made of the various Home Economics courses. Refreshments will be served after the movie.

Scratch another "Zeke" ...and look out below!

Navy dive bombers—about to strike! In each rear cockpit rides a radio gunner—trusted protector of his pilot and plane. His skill with radio and detection devices permits his pilot to concentrate on flying the plane and blasting the objective. His marksmanship makes enemy planes scarcer, brings V-Day nearer.

Until that day comes, Western Electric's major job will be making huge quantities of radio and detection devices. As our forces strike farther and farther into the vast areas of the Pacific, these electronic weapons become more important than ever. At Western Electric, many college graduates—both men and women—are helping to put these weapons in our fighters' hands.

"Babes, Bourbon, and Art" is Philosophical View of Sternberg

By Mary Thornton

Before seeing Harry Sternberg at the Faculty Student Discussion, Friday night, most students, including this reporter had visions of a long-haired, perhaps bow-tied intellectual with a line about modern art. When we found a six footer, clad normally in sports clothes, moccasins, and bright green tie in the Student Lounge, we were surprised is putting it mildly. Mr. Sternberg then led a very interesting and unusual discussion, his appearance as unusual to U. V. M. art circles as his appearance and personality.

Everyone An Artist

Sternberg told me, over a cup of coffee in the cafeteria that everyone is an artist. His views on art and its purposes are thoroughly democratic, and when he gets started he gives a vivid description of Salvador Dali, or even of Sinatra and coeds. It's hard to get him in a serious mood as the Sternberg philosophy is "babes, bourbon, and art," and he is generally seen with cigarette in hand and coffee cup at his elbow, as he gives his political views or tells a joke.

One of the secrets of his success with audiences is his forthrightness—as soon as you meet him you hear that "Vermont is a wonderful place, the coeds are charming and I'm glad to meet you, gal." You immediately settle back for an interesting conversation with this tall, friendly man, who claims he's a wolf, then turns around and tells you he is married to the most wonderful girl in the world, that his only interest is the younger generation, and [illegible] the common man in his paintings. His interest in student art at U. V. M. was especially noticeable as he has been to colleges all over the country but has nowhere found "such experiments and innovations as are here. The art students here are doing an advanced job and have put out some darn good canvases."

Art Major

The one thing Vermont lacks, according to Sternberg, is an art major which is found at most colleges but has never started here. "There is a sufficient respect for culture in America so that emphasis on art in school is an important cultural contribution. No university can hold its head high unless it has its development of art courses. U V. M. has this, but I hope it goes further."

Here he paused to tell of his great respect for Craftsbury Common and the U. V. M. coed. I couldn't help but remember his remark of the night before (made in all seriousness, as he does look serious behind his black mustache and glasses), "Frank Sinatra, our national hero, is a good guy. He's for Roosevelt too." He didn't proceed on his political views (Republican Vermont), but did give an opinion on *the* Salvador Dali. "Dali? Do we have to talk about that guy?"

Paints Coal Miners

Sternberg gave his views on Dali's kind of Surrealism, saying that he used this technique when it was needed for a certain effect. For the most part he paints coal miners and steel workers, and is planning to depict agriculture. He gave more expression to art theory, "Culture is the voice or the mirror of a society; a society matures into the development of a recognizable culture. America has formed enough to have matured to the point where the development of cultural forces becomes of first major importance. In the training of young people in a university the sole project of the training for 'successful' careers is a limited and lopsided preparation without the addition of those values which are arrived at through a study and practice of the creative arts."

Sternberg again paused, started out on a new tack, this time the Vermont coed. He didn't object to talking about art but "it's something a lot easier to do than explain. If you want to learn about art go out and paint."

W. A. A. Notes

The Women's Athletic Association on the University campus officially opened its club season this week. Due to the late date on which school opened this year, the fall sport season will be rather short, but a great amount of enthusiasm was shown by students in the number that signed up for the sports.

Hike - Bike Club

A new club has been added this year under the managership of Barbara McGeever and Ruth Jandoeck. Last Sunday this club held its first meeting with Miss Uhler leading the bicycles, and Miss Bayley leading the hikers. The hikers took a brisk walk through the fields over to the quarry while the cyclists rode to Red Rocks. After the trip the two groups met at Howard Johnson's for refreshments. A large group turned out for the first meeting of this club.

Softball Club

Softball club, under the managership of Margie Watts will meet Monday and Wednesday at 4.30 and 3.30. Marge Cutler and Mignon Burgraf will assist Margie.

Riding Club

For riding enthusiasts Ted Bessette's stables will furnish horses. Nancy Ladd and Bea Reymond are the managers. A student may ride on her own time and hand it into these girls for credit.

Volley Ball

Volley ball club is under the managership of Edith McLaren and meets on Tuesdays and Thursdays at 3.30 and 4.30.

Home Management Girls Plan Party for Seniors

The girls in the Home Management House are planning an informal party for all the senior home economic students, Wednesday, October 18, from 5.00 p.m. to 8.00 p.m. This affair will be in the form of a hot dog roast. Popping corn in the fireplace and eating apples are other attractions scheduled for the evening.

The girls in the Home Management House at this time are: Marge Hall, Ruth Ann Holmes, Helen Murray, Fran Earl, Dot Stewart, Shirley Needham, Bunny Cutler and Elly Jenkins.

New Assistant Dean of Women Pleased With Today's Campus

Most of us have already met Miss Eleanor Bayley, our new assistant dean of women, but few of us realize how much of an old timer she is on the U. V. M. campus.

Hailing from Peacham, she is a Vermonter born and bred. The year 1936 found her on the U. V. M. roster of entering freshmen enrolled in the commercial teaching department. She quickly gained recognition for her ability in sports and was elected to the honor varsity of hockey, badminton, tennis and basketball. An enthusiastic member of All Sports Club, she was senior representative on the W. A. A. Council. Her other activities included membership in Joint Conference Committee and Alpha Chi Omega sorority.

Miss Bayley took an early interest in vocational and personnel work, and during her four years at U. V. M. was assistant to Professor Butterfield in the NYA office. Her natural interest and previous experience led her to become supervisor of the Burlington Clerical Project under the NYA shortly after graduation and later State supervisor.

Furthering this career, Miss Bayley studied for two years at Syracuse University and obtained her Master's in student personnel administration. During this time she held an assistantship and was head resident of a dormitory. Miss Bayley recalled that perhaps the most thrilling part of her work there was the close friendships she made with so many girls from varied parts of the country.

At Syracuse she had the honor of being elected of Phi Lambda Theta, women's professional and educational honorary organization.

On being asked about her impressions of today's campus, she said that she was surprised and pleased with the many changes and improvements. She remarked especially about the well-organized student body and strong leadership.

In a few days Miss Bayley plans to have her vocational and personnel guidance bureau in full swing and any student is very welcome to come in for a chat or just to look over her store of material on all types of careers.

CAMPUS CAPERS

by bunny

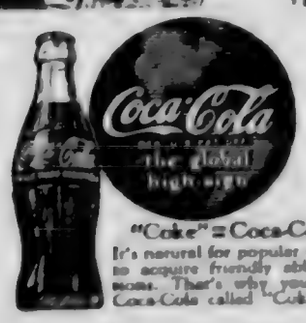
Once again a new school year begins with a bang, or rather a clouthurst—of old shoes and rice. This summer U. V. M. broke its record with an all time high in the number of marriages, witness the following impressive list: Sylvia Wellwood '44 to Robert Bragdale; Pussy Perkins '44 to Paul Johnson; Jean Smith '45 to Winston Eddy, Med. '45; Flo Hecht '45 to Sanford Savin, Med. '44; Sally Rome '42 to Dave Sawyer, Med. '44; Carolyn Provost '44 to Tommy Keighley, Med. '46; Niel Isbrandtsen '47 to Albert Rising; Shirley Parker '45 to Eddie Malek; Shirley Buckingham '44 to Joe Hendricks '43; Loraine Guild '45 to Edward Crane, Med. '47, Helaine Goldberg '43 to Meyer Magid; Eva Maidenbaum '44 to Walter Glass, Med. '44, Hilda Lund '43 to Donald Clark '43; Marjorie Wallin '46 to Frank Estes '46, Nat Spear '43 to Dr. James Wheeler; Elaine Sherman '47 to Lawrence Agan, Med. '44; Barbara Lane '44 to Bart Barry '43; Barbara Hall '44 to Mark Howe; Bibby Deming '43 to Bill Goeller '44; Mary Lou Strauch '44 to Raymond Brown; Joyce Phillips to Dick Lynch, Med. '44; Ione Lacy '44 to Edward Keenan, Med. '44; Janet Pike '45 to Wendell Harvey '43.

Along this same vein of thought we announce the following betrothals: Sonny Perkins '46 to George Goldsmith '44; Rayellen Prouty '45 to Stephen Moore '45; Kay McFeeters '45 to Dean Moore; Betty Johnson '46 to Clarence Bartlett; Nancy Dockstader '46 to Walter Hallet; Doris Hall '46 to Roy Dales; Barbara Fiske '45 to Ronald Page '46; Marietta Churchill '46 to Curtis Webster '45; Helene Levesque '44 to Stuart Johnson.

Besides the large number of U. V. M.'ers who were in town for the Teachers' Convention Harry Crossley '45 and Curt Webster '45 were also here a visitin' over the past week-end.

LOST: A blue Eversharp fountain pen in the vicinity of the cafeteria. Sonia Perkins. Tel. 2916.

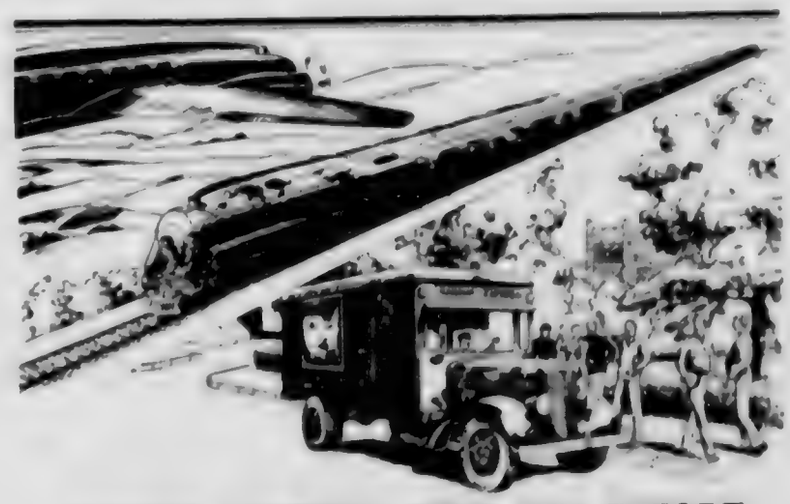
Have a "Coke" = Welcome back



. . . or giving a returned soldier a taste of home

There's an easy way to make a soldier on furlough feel right at home. It's to offer him refreshing Coca-Cola. *Have a "Coke"* is always the hospitable thing to say. In many lands overseas, as in your own living room, Coca-Cola stands for *the pause that refreshes*, —has become a happy symbol of hospitality, at home as everywhere else.

BOTTLED UNDER AUTHORITY OF THE COCA-COLA COMPANY BY



COCA-COLA BOTTLING CO. OF BURLINGTON

"Coke" = Coca-Cola

It's natural for popular names to acquire friendly abbreviations. That's why you hear Coca-Cola called "Coke".

SAVING AMERICA TIME AND EFFORT

TO DEVELOP AND USE ways and means for saving time and effort is a typical American trait. You see it among your classmates and you exhibit the same shrewdness when you send your packages, laundry and baggage, home and return, by Railway Express. The pick-up and delivery at your door, and the quick forwarding by fast trains, or by superspeed Air Express planes, is a shipping service unique in American life. It has saved time and effort for generations of college students.

These nation-wide facilities are now being utilized to their utmost by the government, industry and the public. You can help Railway Express to carry its share of this war-time load by doing three simple things: Wrap your packages securely—address them clearly—express them early. "A shipment started right is half-way there."

Lambda Iota Gives Freshman Smoker; Holds Initiation of 6 New Members

☆

[illegible] Lambda Iota fraternity held a smoker for the freshmen last Tuesday evening, October 10. Fifteen Lambda Iota brothers welcomed a group of over 30 freshmen to the club at 7 o'clock in the evening and the ceremony of pledging a fraternity. The way followed by a discussion concerning fraternity life and what it has to offer. The Chair was then turned over to Dick Audette, president of Lambda Iota, who briefly explained the fraternity system in general and told of the various activities in which the fraternity is planning many activities for the semester. Sports was one of the foremost activities considered.

The [illegible] degree in the initiation proceedings of Lambda Iota fraternity was given on Wednesday evening, October 11. The ceremony was conducted by alumni members of the fraternity and the following members received their pins: Stanley Clapp 48, Stanley Wasek 48, Michael Vartuli 48, Richard Payne 48, Jim Shadrack 48, and Dick Audette 48. At the conclusion of the initiation, a meeting was held at which it was decided that regular meetings should be held Tuesday evenings. At the next meeting the initiation of the new pledges will be the topic of discussion.

BALLET CLOSES V.E.A. PROGRAM

On Friday evening, October 13 the Vermont Education Association sponsored a ballet in the Memorial Auditorium.

Marina Svetlova prima ballerina of the Metropolitan Opera Association headed the program with Alexis Dolinoff and Marina Turgeva. Gretel is famed for her Spanish dances. Sergei Mamontoff completed the program.

Included in the program included masterpieces from "Peer Gynt" by Massenet with Svetlova and Dolinoff and Campanella by Stogna with Marina Otero as the lovely peasant girl. Mamontoff played "Nocturne" by Scriabin and "Nightingale" by Stabrod. Another of the numbers was called "Four Norwegian" with a special arrangement by Mamontoff. Marina Svetlova danced!

ATTENTION ALL ORGANIZATIONS ON CAMPUS. All campus organizations requesting allocations for the year '44 - '45 will please submit their respective budgets for the ensuing year not later than November 1 to Beryl Cheney, Treasurer of Student Government. Any requests received later than November 1 will receive little consideration. Beryl Cheney, *Treasurer*

Students Form Bowling League

Dick Audette President of Lambda Iota has been instrumental in forming this year's bowling league. Monday October 16 he told the league's tentative plans.

The league will consist of eight teams, four of men and four of women. The four men's teams will consist of men from the following fraternities: the Owls, Phi Sigs, S. A. E.'s and one Independent group. As far as possible, the women's teams will be organized from among the women's sororities. There will be three matches played off every week, but the time is still undecided. The plans call for two teams to bowl against each other twice. The various team captains will gather this Thursday to iron out details.

The primary function of this league will be to serve in a social capacity.

If any University men or women are interested in bowling in this league, they should contact either Dick Audette or Allison Cady. Final details will appear in next week's CYNIC.

MEDICAL FRATERNITY HOLDS BANQUET

The local chapter of Phi Delta Epsilon medical fraternity held a banquet at the Black Cat Cafe last Friday evening, in honor of their newly chosen pledges Lloyd Hardick, John Goodman, and Alexander Baver. Stanley Rappaport, president of the group, acted as Master of Ceremonies.

Dr. Oliver Eastman addressed the gathering on the topic "The Ethics of Medicine." In his speech he stressed the relation of the physician's unselfish devotion to the public and the cooperation necessary to be extended to other men of his profession.

Other speakers of the evening were Julius Cohen and Samuel Savin both senior medical students and members of Phi Delta Epsilon.

The retina of the human eye is about 1000 times as sensitive as the fastest photographic film.

It's Your War

EDUCATIONAL LEADERS ADDRESS TEACHERS AT CONVENTION

[illegible] Vermont Education Association [illegible] Stafford in Woodstock, [illegible] Thursday and Friday, October 12 and 13. About one thousand people registered for the convention. Miss [illegible] Montpelier Commissioner of Education, was the first speaker. Two days were filled with business meetings of the Association and the usual complimentary banquets and talks by nationally recognized leaders in contemporary fields and meetings of special groups. Those were outstanding and very helpful institutes for the guidance of high teachers in their materials for their year's work.

Dr. Hamden Forkner of Columbia University and Mr. David Woodbury of Colliers magazine were the principal speakers on Thursday. Their themes centered around the problem of making education more realistic in planning for the future. In the evening the main feature was an illustrated address on "Lost Worlds" by Count Byron de Prorok.

Capt. Sergei Kournakoff addressed the convention Friday morning on the topic of Russia's Red Army. The afternoon was devoted to separate conferences of all those interested in the varied activities of the school system, including art, dramatics, music, social sciences, English, mathematics, and many others. They were similar in their emphasis on making all phases of education adaptable to the post-war world and its problems.

On Friday night came the aesthetic climax of the convention, with a ballet performance by Marina Svetlova of the Metropolitan Opera and her associates.

Many U. V. M. students attended the ballet, as well as other events of the convention. Members of the Music, Commercial, Secondary, and Elementary Education curricula were dismissed from some of their classes to sit in on the convention program.

Newman Club

(*Concluded from page 1*)

A table with Catholic reading material has been reserved in the library for those who are interested. On the table are many Catholic periodicals and also a book called "The Question Box" by Father Conway. This book contains a collection of answers to questions which are uppermost in the mind of every Catholic. The reading material will be changed monthly. Ruth White has charge of this table.

Under the able direction of Father Cosgrove and Frances Witham this year promises to be a most successful one for the Newman Club.

Hillel Club Holds First Meeting

Officers Announced; S. Perkins, President

The first general meeting of the Hillel Organization this year was called to order at the Hillel House on Sunday afternoon, October 15 by Selma Perkins, President. All new and old members were welcomed, and other officers for the school year of 1944-45 were announced as follows: Helen Wolf, Vice President; Hilary Sweedy, Secretary, and Lenore Fichel, Treasurer.

Pearl Weissbard, Social Chairman, read the names of the Social Committee and outlined some of the plans for the coming season. Duties of the cultural, religious and house committees were described by their respective chairmen, Elinor Konowitz, Elaine Oling, and Edith Robbins. The co-chairmen of publicity, Penny Mandel and Bernice Lieberman, announced that they would present a weekly news letter and monthly magazine on Hillel work. Revision of the constitution has been undertaken with Pearl Weissbard in charge.

The representatives from the University of Vermont at the New England Hillel convention this year will be Selma Sondik and Robert Rosenberg.

Rabbi Gellman told the group that he was very much pleased with the democratic student body at U. V. M., and was looking forward to working with it.

Tuesday, October 17, there will be a card party at Hillel House. Next Sunday, October 22, there will be an open house from 4.00 to 8.00 p.m. to which all the students and faculty of the University of Vermont are cordially invited.

To be "right-eyed" makes reading easier, according to Dr. H. R. Crosland, associate professor of psychology at the University of Oregon.

The Vermont Cynic

VOL. 62 BURLINGTON, VERMONT, WEDNESDAY, OCTOBER 25, 1944 NUMBER 43

Cynic Will Conduct Pre-Election Poll

Student Government Elections To Be Held Next Wednesday

These Are Your Candidates For Top Officers; Daily, Holden, Alexander, Schoppe and Cook

[illegible] October 23 the nominating [illegible] Student Government drew [illegible] for President and Vice-President [illegible] the U. V. M. Students. The [illegible] for these offices are as follows:

For President:

WILLSON DAILY

Willson Daily came to U. V. M. as a [illegible] in 1942, enrolled in the Pre[illegible] curriculum. Before completing his [illegible] year, he enlisted in the Signal [illegible] and served one year in the Army [illegible] cryptanalyst, with the rank of corporal. After this period of one year, the [illegible] gave him an honorable discharge and he returned to his alma mater as a student under the G. I. Bill of Rights. The Union Medical College in Albany has granted him an acceptance on the basis of his pre-medical studies. Besides having served as a pre-med Daily has been announcing as a newscaster over WCAX. His favorite sports are skiing and tennis.

CLEMENT HOLDEN

Holden entered the University in 1941 as an engineer. In December of 1942 he enlisted in the Air Corps and in February was accepted in the Air Cadet training program. Before joining the Army, Holden participated in the activities of Canterbury Club. He belongs to the Outing Club and especially likes skiing.

For Vice-President:

MARJORIE ALEXANDER

Marjorie Alexander '46, is a History major in the Liberal Arts curriculum. After working on the CYNIC this summer, she was promoted to News Editor. She enjoys W. A. A. sports' clubs, basketball in particular. In connection with her major,

(*Continued on page 3*)

More Graduate Nurses Enrolled

[illegible] enrollment of graduate nurses in [illegible] Department of Nursing Education has [illegible] increased according to the Director of the School of Nursing, Miss [illegible] Crabbe. There are eighty-two [illegible] enrolled for one or more courses, [illegible] full time students, two who [illegible] students, twenty-five who [illegible] courses, and fifty-two who [illegible] course.

[illegible] courses in Nursing Education [illegible] offered this year are: Head [illegible] Clinical Teaching, Curriculum [illegible]. These courses are being [illegible] Nursing Departments at the [illegible] Vermont, and St. Albans, [illegible] and Rutland, Vt.

Miss Crabbe, Director of the [illegible] Nursing at the University of [illegible] gave the graduation address [illegible] Rutland Hospital School of Nursing [illegible] Rutland High School Auditorium October 19. Miss Crabbe was [illegible] speaker of the St. Albans [illegible] of Nursing graduation [illegible] held October 24 in the Auditorium of the Bellows Free Academy.

"CLASH OF WORLD FORCES IN INDIA" THEME OF I. R. C.

The International Relations Club had as its first guest speaker this year Doctor Mithrapuram K. Alexander of Travancore, South India. Doctor Alexander spoke Tuesday evening, October 24, at 8:00 in the Fleming Museum Auditorium on the subject of "The Clash of World Forces in India."

Doctor Alexander, who was graduated with highest honors from the University of Madras where he received his A.B. and M.A. degrees, also holds a B.D. degree in Religion and a Ph.D. in Philosophy. He has lectured on India's Philosophy, Religion, and Political Developments in many parts of the word; and devoted himself untiringly to the promotion of interracial and international amity.

From his boyhood days Doctor Alexander has been a prize winning public speaker. Among his other interests were singing and composition of poetry, and music in Malayalam which is the language spoken on the Malabar coast. He is the author of "India and the Four Freedoms," and has recently held such positions as Head of the Department of Philosophy at Arkansas State College, and Head of the Far Eastern Division of the Institute of International Affairs.

Relations Club Business Meeting

The International Relations Club held its first business meeting of this year on Thursday, October 19, at the Waterman Building.

Elections were held to fill the offices left vacant by girls who did not return this year. The results were: vice-president, Virginia Rose '45; treasurer, Eleanor Konowitz '46; senior council member, Marg Donohue '43; junior council member, Pearl Weissbard '46, and sophomore council member, Sarah Merwin '47.

The president then outlined the general purpose of the organization which is to provide speakers and a means of discussion of international affairs for all those interested.

Dr. Mithrapuram K. Alexander is to speak before the Club on Tuesday evening, October 24.

Home Economics Club Entertains Freshman

As their first activity of the year, the Home Economics Club and the faculty welcomed all freshman Home Ec. students at an informal social hour in the Brick Barn on October 19. The main feature of the program was a movie entitled "A Letter from Betty" shown by Mr. Eldred, the pictures that were taken last year in foods and textile labs, the Home Management House, and various other activities familiar to the Home Ecer.

Marian Melby, '45 president, introduced the faculty to the freshmen and spoke briefly about the requirements necessary to join the Club. She said that membership should be the duty of any student who is qualified to can as it serves to promote the professional interest of the individual, offers an opportunity to meet the faculty outside of the classroom and also provides interesting entertainment offered in the program planned for this year.

Annual Hobo Day And Bean Supper Set for Saturday

Band Concert, Hobo Parade, Professors' Skit, Main Features

October 28 is the date set fo rthe great metamorphosis on the U. V. M. campus when familiar faces will disappear into the get-up of old beards and mustaches, the usual props for Hobo Day. Saturday is the day and anything goes as far as costumes are concerned. Hoboes in gay and bizarre clothes are to be seen in classrooms and dining hall according to Vermont tradition.

This is the fourth year of the Hobo Day and Bean Supper combination. It started in 1941 with the U. V. M. Security Drive and has been a popular event since. Last year, due to wartime scarcity, the "Beanless" Supper was held in the Gym. This week members of the U. V. M. Society for the Upkeep of Hoboes will meet in the Cafeteria where they will conduct the usual meeting—consisting of bean supper, entertainment and Hobo Parade. The entertainment program will feature a faculty skit when the professors will get down from the lecture platform and perform.

Hobo Day Program will start at 7.30 Saturday—and the Band will be on hand to greet guests. Harriet Barron is in charge of the proceedings, aided by U. V. M. Pep Committee.

Louise Karraker, Rayelen Prouty, Margo Donahue, Pauline Fitch, and Harriet Bristol are on the committee. Miss Underwood, by the latest report, is expecting a thousand people. This includes all you hoboes so use your ingenuity and try out for the prize for the best dressed hobo of the year.

MASS MEETING OF Y. W. C. A. HELD

A mass meeting of the Y. W. C. A. was held Tuesday evening, October 17, in the Student Lounge. Ruth Jordan '45, president, opened the meeting and explained the purpose of Y. W. C. A. on campus. During the evening Mrs. Richmond, state Y. W. C. A. Secretary, welcomed back old members and greeted new ones. She spoke on the opportunities Y. W. C. A. had for service this year more than ever before.

It was explained that this year's project is to be Community Service. This will consist of several groups: Red Cross Work, Rock Point, Community Center, Girl Scouts, and Children's Home. A discussion followed as to what each entailed so that those signing up might know that for which they were best qualified.

Red Cross

Red Cross Work will include hospital work, bandage rolling, and knitting. Since many girls have had experience in hospital work there will be much opportunity for service here.

Rock Point is an Episcopal School for underprivileged girls. Those who have signed up for this will act as supplementary to a rather limited faculty by giving extra-curricular activities such as physical education, dramatics, crafts, dancing, and music.

In the Community Center the girls will work Monday through Friday with the children.

(*Continued on page 6*)

Faculty, Administration, And Students to Vote

Ballots to be Cast Thurs. and Friday in Main Entrance of Waterman

INFORMAL RUSHING BEGINS OCTOBER 29

Informal rushing will begin October 29 and continue until November 19. Open house at the various sorority houses will be on October 29, November 5 and November 12 from 3 to 5 p.m. Informal parties are planned for November 4, November 11 and November 18 from one to eight p.m. and each party will not be longer than three hours. Formal Rushing will be from November 20 to November 25 with formal parties planned from 5 to 8 p.m.

Pan Hellenic provides the By Laws concerning Open Houses. Only four of the eight sororities on campus shall hold open houses each of the first two rushdays, October 29 and November 5. Freshmen will sign up in one of the four groups to attend. On Sunday, November 12 each sorority will hold an open house and freshmen may attend any house.

Each sorority will hold a party each of the three Saturdays. Written invitations will be sent to the rushee between Monday night and Tuesday noon.

The Pan Hellenic officers are:
President: Betty Farnsworth
Vice-President: Ruby Sanderson
Secretary: Francelia Earl
Treasurer: Shirley Needham

This organization has been created to insure each prospective sorority woman the opportunity to reach a decision and to outline for the sororities the rushing procedures which have been found fair and honorable.

Society of Mental Hygiene to Meet

On Saturday, October 28, U. V. M. will be host to the Vermont Society for Mental Hygiene. These meetings, part of the Vermont Conference of social work now being held in Burlington, will be in the faculty lounge in Waterman and will start with registration at 9:00 a.m. At 9:30 Dr. Adolph Aleek of the Department of Psychology, Castleton Normal School, will speak on "Parents' Problems and the Rural Teacher." Miss Lois Stearns, R.N., public health nursing supervisor for the State Department of Health, will speak at 10:30. Her subject will be "The Returning Serviceman." Following her talk lunch will be served in the Waterman Cafeteria.

The first speaker for the afternoon will be W. D. Flanders, newly appointed director of education and training at Works School. His talk is scheduled for 1:00 p.m. and his topic will be "Our Boys in the Services." The final lecture will be at 2:00 by Rupert A. Chittick, M.D., professor of Psychiatry at U. V. M. and superintendent of the Vermont State Hospital at Waterbury. His subject will be "Mental Health for Juvenile Delinquents."

Prof. John Holden of Middlebury is president of the Vermont Mental Hygiene Society and Prof. Sara M. Holbrook of the Education Department of U. V. M. is on the committee.

Student Union Exam for Juniors and House Presidents (required), Wednesday, November 1, 8:00 p.m., Williams Science Hall.—S. NEEDHAM, *Pres.*

With election only two weeks away and the presidential campaign fast reaching its climax, the CYNIC is sponsoring its own pre-election poll to determine the sentiments of both faculty and students on campus. On the ballot each student and faculty member will be given an opportunity to vote for his favorite presidential candidate, and also to voice his opinion on the following post war questions:

1. Are you in favor of the United States participation in an International Post War Organization?
2. Are you in favor of a World Police Force?
3. Are you in favor of compulsory military training after the war?

Tear out the ballot on page 5 and cast your vote Thursday and Friday, October 26 and 27 on the main floor of the Waterman Building. Voting hours will be from 9:00 a.m. to 4:00 p.m. Only if every one cooperates in this poll will it prove significant. The results will be announced in the next issue of the CYNIC.

Sophomore Aides' Dance in Lounge

Colorful Harvest Theme Varied Entertainment

A Harvest Dance was held in the Student Lounge last Saturday evening under the auspices of the Sophomore Aides. A capacity crowd danced to the music supplied by a juke box and as an added attraction, a professional caller led round and square dancing. The harvest motif was carried out in the decoration of the room by the arrangement of corn stalks and autumn leaves on the windows and walls. For the benefit of bridge lovers the room adjoining the lounge was open for games.

Al Lowenfelds acted as Master of Ceremonies during intermission. Gig Donaldson, Nancy Dockstader, and Bill Cook sang trios to the accompaniment of Anita Smith at the piano. Irene Fahey contributed her share of the entertainment by singing some popular melodies. Crystal Malone and Margie Watterdel in impromptu jitterbug to Anita Smith's boogie woogie music. Spike Thornton, Connie Campbell, Peg Donnelly, and Ruth Schoppe sang Mexican songs to maracca rhythm.

The Sophomore Aides Refreshment Committee sold cider and doughnuts. Louise Jordan was in charge of decorations and Laurel Hansen prepared the program. Mr. and Mrs. Francis Colburn, Mr. and Mrs. James Marvin, Mr. Lewis Hubblethewait and Miss Eleanor Bayley were chaperones for the evening.

Politics To Be Theme Of Next Bull Session

A faculty-student bull session which will interest both Democrats and Republicans will be held in the Student Lounge on Thursday, October 26 at 7:30. Professor Hand is to be the moderator and will be on hand to keep the peace.

The Vermont Cynic

The Official Student Newspaper of the University of Vermont and State Agricultural College

VOL. 62 OCTOBER 25, 1944 NO. 43

"U. V. M. Students"

Through [illegible] years of progress and at times perilous existence "U. V. M. Students" has been beset by many obstacles but it has continued to grow in prestige and power upon our campus. "U. V. M. students" is the democratic organization which, through its representatives controls all campus activity for both men and women. It is not to be confused with Women's Student Government which governs only the women students. It has a great deal of authority, much more than most students realize. Few stop to consider the fact that every penny of the ten dollar activity fee is allocated to the various organizations by a student committee. This is only one of its functions and although it is still very young and has made mistakes, it has accomplished much.

The constitution was ratified in 1942 after every article had been hotly debated at open conventions. Officers were elected and the Executive Committee started to function but already the war was taking its effects as the men enrollment continued to decline. The complete machinery for the student court as provided by the constitution was postponed until after the war. Last year the overwhelming majority of women gained control of the offices and the Executive Committee leaving the minority of men on the campus with no representation. This was unfortunate, for although the women did a very commendable job it was often difficult to carry out the will of the students when such an important and vociferous minority was not represented. Misunderstanding and friction developed and thereby the effectiveness of student government was decreased. It is fairly obvious that the real success of any democratic organization depends primarily upon the full cooperation and whole-hearted support of the electorate and upon capable and enthusiastic officers who will find compromise, solve misunderstandings and work untiringly for the continued success of the organization.

This year "U. V. M. Students" will elect a man as its president once again. To him must go a large share of the responsibility for the functioning of our democracy, it will be no easy task. The rest of the responsibility goes to each and every member of the student body. It is our job to vote carefully, to attend conventions, and to follow the actions of the Executive Committee with serious thought about its various proposals.

"U. V. M. Students" is not an autocracy nor an oligarchy. It is a democracy and we must continue to make it function as such!

Cynic Poll

Tomorrow and Friday the Cynic will conduct a poll to determine the opinion at Vermont concerning the coming presidential elections and three questions of international significance. Every member of the faculty, student body and administration is requested to cast a ballot. We ask your support in making this poll as accurate as possible.

Bluestockings

[illegible]

CONTRACT

I could not see the trees on the hill
Showing gold of autumn splendor,
Or hear the wild wind rush
Announcing [illegible]

I could not think of weary days
In constant company
Or early morning breakfasts
With toast and coffee

I could not hear the laughter
Of a happy child
Or a soft cow song at twilight
With saddening strain

I could not feel my silver
And my china cups
Or my maple bookcase
filled with books

Without the thought that
Soldiers, marching, used to
Think, see, hear, feel
The things I can now

Without the thought that
Always it will be
That there are wars
In which men die

Without the thought that
They die to make us live,
Loving the little things
And loving it all

It is by contrast
That we learn to live
A life that will last
In starry gladness

All the way.
Instead of
In sorry sadness
For a lost day . . .

B. N. P.

VERMONT, I GUESS

I guess Vermont is just as beautiful,
The cold crisp snow is just as pure,
The air as clear, the mountains just as high,
The blue of freezing lake reflects the blue of sky.

I guess the sunsets are as grand to view,
And all the places that we used to go—
Have you been out there on the slope and seen
The skiing. Tell me is it just as keen
Since I was there with you?

I guess you'd tell me if it changed at all,
The place I love so well and long to be.
Just thought I'd write to you and let you know
I miss you more than I'll ever miss Vermont or snow.

MARGOT DONAHUE.

OPTIMISM

Fancy wrought me sun-gold dreams . . .
I saw myself
Some years from now
Different . . . somehow

Every seven years there's change
They sometimes say.
For the best we hope
That's why there's a chance . . . remote.

But THIS dreams could not do
Change an upturned nose
And jutting chin
And make me willowy thin!

Fancy made me a "will-o'-the-wisp"
So tomorrow
I'm going to try

RYE KRISP'O

DISILLUSIONMENT

There was a window in our hall
That had rose window panes
When young and not so very tall
I had a nice wonder
When I would when I was tall,
I looked but just one time
And cried . . . There was no rose at all

Vocational Guidance Commission; Y. W. C. A. Aid for Bewildered

Not everyone comes to college with a desire to plan about what life profession or career to follow. He may have some suggestions but has no definite plan of the future in mind. If you are one of these people, the Vocational Guidance Commission is ready, willing, and able to help. Even if you have definite plans, this commission will enlarge upon the knowledge you have already gained.

The Vocational Guidance Commission a commission of the Y. W. C. A. wants to come in closer contact with college students by helping them to plan their professions of the future. Peggy Lucas '45 is the chairman, Jane Smith '47, assistant chairman, and Asst. Dean Bayley, its advisor.

For those who know what they want as a lifetime profession, the commission will attempt to find the school that will provide proper training in that particular field. It will also make sure that the school will accept credits in pre-professional study and will fit individual personality. Through discussions and outside speakers, the pros and cons will be presented to the student in the field he has chosen.

For the students who have not definitely decided what profession they intend to pursue, the commission will present both the advantages and disadvantages of the various fields in which they might be interested. Help by personality analysis and vocational tests may be obtained to aid in finding their respective fields.

The tentative program of this commission will start off by having a vocation emphasis week, during which [illegible] intended to have "Career Days" [illegible] will be speakers and interviews [illegible] ing that week. Vocational [illegible] tional information for use in [illegible] will be placed in the [illegible] Watch to see if information [illegible] the bulletin board to help [illegible] particular problem. If the [illegible] to you, you can find further [illegible] in the files. Informal discussions [illegible] will be held in order to help [illegible] lems which require personal [illegible] Speakers will also help decide [illegible] fession is the best for you. [illegible] will be contacted, and an attempt will be made to keep track of job openings in the various fields. The commission's interest in you does not stop at your graduation, but will continue until you are safely on the "road to success."

The Vocational Guidance Commission welcomes both boys and girls. Watch the bulletins for notice of meetings.

Vatican City, the world's smallest independent state, is about the size of an 18-hole golf course.

Testing Mica Sheets

Mica's special insulating qualities are mighty important in communications equipment. No equivalent exists, so war's huge demands caused a critical shortage.

Bell Telephone Laboratories' scientists were assigned the task of somehow finding more mica. They found it—in the very considerable amounts of raw mica which visual inspection had rejected. By developing electrical apparatus to test the two most important electrical properties, they increased the usable amount of mica by half and so stretched current supplies of mica to fill all military needs.

In many such ways the Bell System is serving the nation, constantly meeting the needs of our fighting forces for dependable communications.

BELL TELEPHONE SYSTEM

"Service to the Nation in Peace and War"

The Interrogating Daguerreotypist . . .

introduced to the Cynic and conducted by
ARNOLD H. COLODNY

The question:

What is your idea of an ideal professor?

THE ANSWERS:

Mary Jane Little '46

[illegible] Little '46, Pi Phi House: [illegible] humor is a definite prerequisite. [illegible] should be an interesting lecturer [illegible] to a while he should have the [illegible] not to show up for class. It [illegible] be nice if he dressed sportily [illegible] ted classes in an informal [illegible] Mary Jane is engaged to an [illegible] man in Michigan and her [illegible] post-war project is the raising [illegible] family. She likes sports and [illegible] that nothing interesting ever [illegible] to her.

▲

Leona Felix '48

[illegible] Felix '48, Roberts House: "To [illegible] I would say one who out- [illegible] is a good lecturer and knows his [illegible] and who inwardly is a friend, also [illegible] should appreciate the student's point [illegible] a around examination time." Miss [illegible] who hails from Brooklyn, is a [illegible] for 'dem beloved bums' and thinks [illegible] reason they lost this year was [illegible] of her absence from the bleachers. [illegible] extra-curricular side dramatics, [illegible] and horseback riding occupy [illegible] time.

▲

Ruth Jordan '45

Ruth Jordan '45, Theta House: "One who not only knows thoroughly his subject but also enjoys teaching it. He should be able to stimulate the student's interest in the subject and most important should see his own subject in the correct relation to the others. If he [illegible] original thinking by the student [illegible] the better." Ruth is president of the Y. W. C. A. this year and is a member of Mortar Board, Student Union, [illegible]. She did social work in the play grounds this summer and is studying secondary education.

▲

Beverly Murray '48

Beverly Murray '48, S.A.E. House: "To me an ideal professor would combine the personality of 'Carp,' the physique of Dudley, the easy-going manner of DeForest, the suaveness of Benny [illegible] the shy smile of Putnam, the wit of Wainwright, the friendly spirit of [illegible] the brains of Dykhuizen, and the [illegible] of Pope." 'Bev' hopes to teach [illegible]. She is sports conscious [illegible] to eat. She seems to know [illegible] and everyone seems to know [illegible]

HIGHLIGHTS OF A STUDENT NURSE'S EVERYDAY ROUTINE

A day in the hospital is like a day anywhere else, but with complications. For instance, there is a bell rung at six o'clock in the morning which is supposed to send all the little student nurses scurrying from their beds. This process is a trifle complicated at times, especially when one lives on the top bunk of a double decker. Anyone can get used to falling out of a top bunk, though, and after awhile learn to land on his feet. However, living on the top bunk has its advantages. But enough of that. After taking between fifteen minutes and a half hour to dress, there is only the short distance to the hospital before breakfast. At breakfast everyone is either too sleepy or too crabby to talk.

At a little before seven the nurses troop to the different wards to listen to morning report. This gives them the idea of what has happened during the night and what to expect during the day. Then the patients' trays are brought to them. While they are eating, the nurses find out what patients are theirs for the day and they plan their work accordingly.

From then on there is work to be done, and the amazing part is that it does get done! There are baths, back rubs, temperatures, dressings, people going to and coming from the operating room, charting on the records, and a hundred other things. When there is nothing else to do a nurse can always make dressings —although there is seldom much time.

For the first little while, when the nurse has her three hours off between seven and seven she sleeps. Then her better judgment comes to her rescue and she uses the time to go downtown or do something else on the same plan.

At seven o'clock, if all the work is done, the girls stumble over to the Nurses' Home absolutely sure that they can not go a step farther. Then someone suggests a movie, or the telephone rings, and the nurses who, five minutes before were "just about dead," are very much alive. Of course if there is nothing else to do, such as the movies, a student can study! There are such subjects as nursing arts, bacteriology, medicine, surgery, and a *few* others.

Seriously though, it is a wonderful thing, the nursing profession. The people you meet, the chances that you have to help, and the satisfaction you have of really doing something! Some of the rules may seem odd and funny to U. V. M. students, but there is a reason for them. For instance, could you put in eight hours of real work a day (and still have a "smiling face") if you never went to bed at night? There are such things as late leaves or social evenings, but they are used with discretion.

However, wonderful as it all is, I would not give up the two years at U. V. M. for anything, and I'm looking forward to coming back. I don't know whose idea the five year nursing course was originally, but Thanks.

Presidents Reception For U. V. M. Faculty

President Mills held a reception October 17 for all members of the teaching staff, experimental station and extension service in the faculty lounge of the Waterman Building. President and Mrs. Mills received the new faculty members who had been accompanied by the staff members.

The U. V. M. green and gold decorated the tables and refreshments. Yellow roses and chrysanthemums covered the serving tables and lime punch with orange sherbet, lemon and lime toasted cakes were served.

Girls from the various U. V. M. offices served refreshments. Mrs. Swift, Mrs. Bickard, Mrs. Chapman, Mrs. Wayne, Mrs. Smith and Mrs. Bullard presided at the punch bowl throughout the reception.

FIRST MEETING OF CANTERBURY CLUB

The first meeting of the Canterbury Club was held Sunday, October 15, at the Parish House of St. Paul's Episcopal Church. The meeting began with an informal supper after which the Reverend Mr. Martin welcomed everyone. Reverend Martin then introduced President Mills who told how much students could get from such an organization.

Alice Rowe '45, President of the Canterbury Club, introduced members of the faculty, Miss Brown, Miss Bailey, Miss Euler, Miss Hoffman, Miss Munch, Mr. Pooley, Mr. DeForest, Mr. Gardener, and Mr. Dole, to the meeting. President Rowe then spoke on the topic "What is the Canterbury Club?" telling for what the club stands and what it does.

A second meeting was set for 7 p.m. October 29, to be held at the home of Mrs. Mills.

The meeting was followed by an informal hymn-singing around the piano.

The Executive Committee of the Canterbury Club met Thursday, October 19, and discussed plans for the year which will be presented at the next meeting.

Student Elections

(Continued from page 1)

she is interested in I.R.C. Her freshman and sophomore years she sang in the Christmas and Easter Choirs. Last summer Marjorie was the House President at Allen House. She is a member of the Health Council this year.

BILL COOK

"Bill," '46 is enrolled in the Liberal Arts curriculum. He works on the Cynic. Last year, he went with Lloyd Spiegel on the debating team to McGill and Dartmouth colleges. This year he has been working to organize volley ball and basketball for the boys. "Bill" has sung at several college functions and is in the new singing quartet who lately had an audition over WCAX.

RUTH SCHOPPE

Ruth Schoppe came to U. V. M. in 1942 from Puerto Rico. She has made mathematics her major. Her freshman do was elected to the sophomore Aide and joined Tri Delta sorority. At present Ruth is a Cynic News Reporter. And vice president of Student Union and Inter Fra Hellenic representative. She is a member of several honorary societies of W. A. A. and is on the council at large. She has signed up for girl scout leader skip under Y. W.

Rev. Treat Speaks At Chapel Service On "God Is Good"

Future Vesper Services Rev. Ben Richardson To Speak Again Jan. 14

"God is Good," declared Reverend E. S. Treat addressing the students at Chapel exercises yesterday morning. Reverend Treat explained the present chaos by describing a universe regulated by certain moral as well as physical laws which cannot be violated without consequences. He indicated cooperation with the rest of the world as a means of avoiding future wars. Justifying the death of so many innocents he pointed out that death is not final.

Precedent Established

Reverend Treat's discourse together with the enlightening address which Rev. Skillman E. Myers, pastor of the Unitarian Church, Burlington, delivered on October 17 concerning, "The Great Assize —Last Judgment, and that of the Rev. J. Graydon Brown, minister of Rutland Congregational Church on "Is the Universe Friendly?" delivered October 10, has established a precedent of inspiring Chapel services.

Next Tuesday October 31, Dr. Percy C. Ladd, of the College Street Church, will speak in the Chapel at 10:00 a.m.

Vesper Schedule

The Committee for Religious Life which is responsible for the Chapel services has also planned some interesting vesper programs. Professor Hall, executive secretary, released the following schedule:

Garfield Bromley Oxnam, D.D., D.Sc., Litt.D., L.H.D., LL.D., resident bishop of the Methodist Church in New York City, former president of De Pauw College, will address the student body on Sunday, November 19.

The Augmented University Choir under the direction of Professor Bennett will give its annual Christmas concert on December 17.

Reverend Benjamin Richardson who spoke at a convocation last year, will return to speak at vespers January 14. Reverend Richardson, is the associate of Adam Clayton Powell in the first Abyssinian Church of Harlem, New York City.

Vesper Services this year will take place at 5:00 p.m., rather than at 4:00 for the convenience of the students.

Owls Initiate Nine

The Owls announce the first degree initiation of the following members on Monday night at the Owl House:

Wendell Barwood, Roger Baker, Everett Merrill, Dick Merrill, George Comeau, J. Winifred Parker, Edwin Russell, Warren Hale, all of the class of '48 and Bill Cook '46.

Have a Coca-Cola = Put 'er there, old timer

. . . or greeting new pals in Ketchikan

In Alaska, just as here in the States, to say *Have a "Coke"* is to say *Pal, we're right glad you're here,* just as it does in your own home. In many lands around the globe, *the pause that refreshes* with ice-cold Coca-Cola has become a symbol of a friendly way of living.

VOL. 62 OCTOBER 25, 1944 NO. 03

"U. V. M. Students"

Through three years of storms and at times perilous existence "U. V. M. Students" has been beset by many obstacles but it has continued to grow in prestige and power upon this campus. "U. V. M. students" is the democratic organization which, through its representatives controls all campus activity for both men and women. It is not to be confused with Women's Student Council which governs only the women students. It has a great deal of authority, much more than most students realize. Few stop to consider the fact that every penny of the ten dollar activity fee is allocated to the various organizations by a student committee. This is only one of its functions and although it is still very young and has made mistakes, it has accomplished much.

The constitution was ratified in 1942 after every article had been hotly debated at open convocations. Officers were elected and the Executive Committee started to function but already the war was taking its effects as the male enrollment continued to decline. The complete machinery for the student court as provided by the constitution was postponed until after the war. Last year the overwhelming majority of women gained control of the offices and the Executive Committee, leaving the minority of men on the campus with no representation. This was unfortunate, for although the women did a very commendable job it was often difficult to carry out the will of the students when such an important and vociferous minority was not represented. Misunderstanding and friction developed and thereby the effectiveness of student government was decreased. It is fairly obvious that the real success of any democratic organization depends primarily upon two factors: upon the full cooperation and whole-hearted support of the electorate and upon capable and enthusiastic officers who will lead energetically, serve unstintingly, and work untiringly for the continued success of the organization.

This year "U. V. M. Students" will elect a man as its president once again. To him must go a large share of the responsibility for the functioning of our democracy, it will be no easy task. The rest of the responsibility goes to each and every member of the student body. It is our job to vote carefully, to attend convocations, and to follow the actions of the Executive Committee with serious thought about its various proposals.

"U. V. M. Students" is not an autocracy nor an oligarchy. It is a *democracy* and we must continue to make it function as such!

Cynic Poll

Tomorrow and Friday the Cynic will conduct a poll to determine the opinion at Vermont concerning the coming presidential elections and three questions of international significance. Every member of the faculty, student body and administration is requested to cast a ballot. We ask your support in making this poll as accurate as possible.

CONTRAST

I could not see the trees on the hill
Showing gold of future autumn,
Or hear the cold wind rush
Announcing future cold . . .

I could not think of lovely fires
In pleasant company,
Or early morning breakfasts
With toast and coffee.

I could not hear the laughter
Of a happy child,
Or a soft low song of love
With saddening strain . . . .

I could not feel my silver
And my china cups,
Or my maple bookcase
Filled with books.

Without the thought that
Soldiers, marching, used to
Think, see, hear, feel
The things I can, now.

Without the thought that
Always it will be
That there are wars
In which men die.

Without the thought that
They die to make us live,
Loving the little things
And loving it all.

It is by contrast
That we learn to live
A life that will last
In starry gladness

All the way,
Instead of
In sorry sadness
For a lost day.

If you are one of these people, the Vocational Guidance Commission is ready, willing, and able to help. Even if you have definite plans, this commission will enlarge upon the knowledge you have already gained.

The Vocational Guidance Commission a commission of the Y. W. C. A. wants to come in closer contact with college students by helping them to plan their professions of the future. Peggy Lucas '45 is the chairman, Jane Smith '47, assistant chairman, and Asst. Dean Bayley, its advisor.

For those who know what they want as a lifetime profession, the commission will attempt to find the school that will provide proper training in that particular field. It will also make sure that the school will accept credits in pre-professional study and will fit individual personality. Through discussions and outside speakers, the pros and cons will be presented to the student in the field he has chosen.

For the students who have not definitely decided what profession they intend to pursue, the commission will present both the advantages and disadvantages of the various fields in which they might be interested. Help by personality analysis and vocational tests may be obtained to aid in finding their respective fields.

The tentative program of this commission will start off by having a vocation emphasis week, during which [illegible] intended to have "Career [illegible] will be speakers and interviews during that week. Vocational [illegible] tional information for use [illegible] will be placed in the vocational [illegible] Watch to see if information [illegible] the bulletin board to help [illegible] particular problem. If the bulletin [illegible] to you, you can find further information in the files. Informal discussion groups will be held in order to help with problems which require personal attention. Speakers will also help decide what profession is the best for you. Alumni will be contacted, and an attempt will be made to keep track of job openings in the various fields. The commission's interest in you does not stop at your graduation, but will continue until you are safely on the "road to success."

The Vocational Guidance Commission welcomes both boys and girls. Watch the bulletins for notice of meetings.

Vatican City, the world's smallest independent state, is about the size of a 18-hole golf course.

Testing Mica Sheets

Mica's special insulating qualities are mighty important in communications equipment. No equivalent exists, so war's huge demands caused a critical shortage.

Bell Telephone Laboratories' scientists were assigned the task of somehow finding more mica. They found it—in the very considerable amounts of raw mica which visual inspection had rejected. By developing electrical apparatus to test the two most important electrical properties, they increased the usable amount of mica by half and so stretched current supplies of mica to fill all military needs.

In many such ways the Bell System is serving the nation, constantly meeting the needs of our fighting forces for dependable communications.

BELL TELEPHONE SYSTEM

"Service to the Nation in Peace and War"

The Interrogating Daguerreotypist . . .

introduced to the Cynic and conducted by
ARNOLD H. COLODNY

The question:

What is your idea of an ideal professor?

THE ANSWERS

Mary Jane Little '46

Mary Jane Little '46, Pi Phi House: "A sense of humor is a definite prerequisite. He should be an interesting lecturer and after a while he should have the decency not to show up for class. It would be nice if he dressed sportily and conducted classes in an informal fashion." Mary Jane is engaged to an ex-service man in Michigan and her favorite post-war project is the raising of a large family. She likes sports and maintains that nothing interesting ever happens to her.

▲

Leona Felix '48

Leona Felix '48, Roberts House: "To be precise, I would say one who outwardly is a good lecturer and knows his stuff and who inwardly is a friend, also he should appreciate the student's point of view around examination time." Miss Felix who hails from Brooklyn, is a booster for 'dem beloved bums' and thinks one reason they lost this year was because of her absence from the bleachers. On the extra-curricular side dramatics, debating, and horseback riding occupy her spare time.

▲

Ruth Jordan '45

Ruth Jordan '45, Theta House: "One who not only knows thoroughly his subject but also enjoys teaching it. He should be able to stimulate the student's interest in the subject and most important should see his own subject in the correct relation to the others. If he requires original thinking by the student so much the better." Ruth is president of the Y. W. C. A. this year and is a member of Mortar Board, Student Union, etc. She did social work in the playgrounds this summer and is studying secondary education.

▲

Beverly Murray '48

Beverly Murray '48, S.A.E. House: "To me an ideal professor would combine the personality of 'Carp,' the physique of Cooley, the easy-going manner of DeForest, the suaveness of Benny Lahti, the shy smile of Putnam, the wit of Wainwright, the friendly spirit of Osburn, the brains of Dykhuizen, and the looks of Pope." 'Bev' hopes to teach physical ed. She is sports conscious and loves to eat. She seems to know everyone and everyone seems to know her.

HIGHLIGHTS OF A STUDENT NURSE'S EVERYDAY ROUTINE

A day in the hospital is like a day anywhere else, but with complications. For instance, there is a bell rung at six o'clock in the morning which is supposed to send all the little student nurses scurrying from their beds. This process is a trifle complicated at times, especially when one lives on the top bunk of a double decker. Anyone can get used to falling out of a top bunk, though, and after awhile learn to land on his feet. However, living on the top bunk has its advantages. But enough of that. After taking between fifteen minutes and a half hour to dress, there is only the short distance to the hospital before breakfast. At breakfast everyone is either too sleepy or too crabby to talk.

At a little before seven the nurses troop to the different wards to listen to morning report. This gives them the idea of what has happened during the night and what to expect during the day. Then the patients' trays are brought to them. While they are eating, the nurses find out what patients are theirs for the day and they plan their work accordingly.

From then on there is work to be done, and the amazing part is that it does get done! There are baths, back rubs, temperatures, dressings, people going to and coming from the operating room, charting on the records, and a hundred other things. When there is nothing else to do a nurse can always make dressings —although there is seldom much time.

For the first little while, when the nurse has her three hours off between seven and seven she sleeps. Then her better judgment comes to her rescue and she uses the time to go downtown or do something else on the same plan.

At seven o'clock, if all the work is done, the girls stumble over to the Nurses' Home absolutely sure that they can not go a step farther. Then someone suggests a movie, or the telephone rings, and the nurses who, five minutes before were "just about dead," are very much alive. Of course if there is nothing else to do, such as the movies, a student can study! There are such subjects as nursing arts, bacteriology, medicine, surgery, and a *few* others.

Seriously though, it is a wonderful thing, the nursing profession. The people you meet, the chances that you have to help, and the satisfaction you have of really doing something! Some of the rules may seem odd and funny to U. V. M. students, but there is a reason for them. For instance, could you put in eight hours of real work a day (and still have a "smiling face") if you never went to bed at night? There are such things as late leaves or social evenings, but they are used with discretion.

However, wonderful as it all is, I would not give up the two years at U. V. M. for anything, and I'm looking forward to coming back. I don't know whose idea the five year nursing course was originally, but Thanks.

Presidents Reception For U. V. M. Faculty

President Millis held a reception October 17 for all members of the teaching staff, experimental station and extension service in the faculty lounge of the Waterman Building. President and Mrs. Millis received the new faculty members who had been accompanied by the staff members.

The U. V. M. green and gold decorated the tables and refreshments. Yellow roses and chrysanthemums covered the serving tables and lime punch with orange sherbet, lemon and lime frosted cakes were served.

Girls from the various U. V. M. offices served refreshments. Mrs. Swift, Mrs. Eckard, Mrs. Chapman, Mrs. Wayne, Mrs. Smith and Mrs. Bullard presided at the punch bowl throughout the reception.

FIRST MEETING OF CANTERBURY CLUB

The first meeting of the Canterbury Club was held Sunday, October 15, at the Parish House of St. Paul's Episcopal Church. The meeting began with an informal supper after which the Reverend Mr. Martin welcomed everyone. Reverend Martin then introduced President Millis who told how much students could get from such an organization.

Alice Rowe '45, President of the Canterbury Club, introduced members of the faculty, Miss Brown, Miss Bailey, Miss Euler, Miss Hoffman, Miss Munich, Mr. Pooley, Mr. DeForest, Mr. Gardener, and Mr. Dole, to the meeting. President Rowe then spoke on the topic "What is the Canterbury Club?" telling for what the club stands and what it does.

A second meeting was set for 7 p.m., October 29, to be held at the home of Mrs. Millis.

The meeting was followed by an informal hymn singing around the piano.

The Executive Committee of the Canterbury Club met Thursday, October 19, and discussed plans for the year, which will be presented at the next meeting.

Student Elections

(*Continued from page 1*)

she is interested in I.R.C. Her freshman and sophomore years she sang in the Christmas and Easter Choirs. Last summer Marjorie was the House President of Allen House. She is a member of the Health Council this year.

BILL COOK

"Bill," '46, is enrolled in the Liberal Arts curriculum. He works on the CYNIC. Last year, he went with Lloyd Spiegel on the debating team to McGill and Dartmouth colleges. This year he has been working to organize volley ball and basketball for the boys. "Bill" has sung at several college functions, and is in the new singing quartet who lately had an audition over WCAX.

RUTH SCHOPPE

Ruth Schoppe came to U. V. M. in 1942 from Puerto Rico. She has made mathematics her major. Her freshman she was elected to the Sophomore Aides, and joined Tri Delta sorority. At present, Ruth is a CYNIC News Reporter, 2nd vice-president of Student Union and Junior Pan Hellenic representative. She is a member of several honorary societies as W. A. A. and is on the council at large. She has signed up for girl scout leadership under Y. W.

Rev. Treat Speaks At Chapel Service On "God Is Good"

Future Vesper Services Rev. Ben Richardson To Speak Again Jan. 14

"God is Good," declared Reverend E. S. Treat addressing the students at Chapel exercises yesterday morning. Reverend Treat explained the present chaos by describing a universe regulated by certain moral as well as physical laws which cannot be violated without consequences. He indicated cooperation with the rest of the world as a means of avoiding future wars. Justifying the death of so many innocents, he pointed out that death is not final.

Precedent Established

Reverend Treat's discourse together with the enlightening address which Rev. Shillman E. Myers, pastor of the Unitarian Church, Burlington, delivered on October 17 concerning, "The Great Arraize"—Last Judgment, and that of the Rev. J. Graydon Brown, minister of Rutland Congregational Church on "Is the Universe Friendly?" delivered October 10, has established a precedent of inspiring Chapel services.

Next Tuesday October 31, Dr. Percy C. Ladd, of the College Street Church, will speak in the Chapel at 10:00 a.m.

Vesper Schedule

The Committee for Religious Life which is responsible for the Chapel services has also planned some interesting vesper programs. Professor Hall, executive secretary, released the following schedule:

Garfield Bromley Oxnam, D.D., D.Sc., Litt.D., L.H.D., LL.D., resident bishop of the Methodist Church in New York City, former president of De Pauw College, will address the student body on Sunday, November 19.

The Augmented University Choir under the direction of Professor Bennett will give its annual Christmas concert on December 17.

Reverend Benjamin Richardson, who spoke at a convocation last year will return to speak at vespers January 14. Reverend Richardson, is the associate of Adam Clayton Powell in the first Abyssinian Church of Harlem, New York City.

Vesper Services this year will take place at 5:00 p.m., rather than at 4:00 for the convenience of the students.

Owls Initiate Nine

The Owls announce the first degree initiation of the following members on Monday night at the Owl House.

Wendell Barwood, Roger Baker, Everett Merrill, Dick Merrill, George Cousones, J. Winifred Parker, Edwin Russell, Warren Hale, all of the class of '48, and Bill Cook '46.

Have a Coca-Cola = Put 'er there, old timer

. . . or greeting new pals in Ketchikan

In Alaska, just as here in the States, to say *Have a "Coke"* is to say *Pal, we're right glad you're here,* just as it does in your own home. In many lands around the globe, *the pause that refreshes* with ice-cold Coca-Cola has become a symbol of a friendly way of living.

Constitution of U. V. M. Students

PREAMBLE

In order to bring about a systematic administration of student affairs on this campus, to unify existing student and faculties of the University of Vermont, and to provide for an expedited manner handling of campus activities, we the students of U. V. M. adopt this constitution.

ARTICLE I—NAME

This organization shall be known as the U. V. M. Students.

ARTICLE II—MEMBERSHIP

All students shall be voting members of this organization on payment of the Student Activity Fee. The amount of the fee shall be determined by the Executive Committee after consultation with the president of the University or the responsible officer designated by him.

ARTICLE III—MEETINGS

Meetings may be called by the president of the University, by its president, five or more members of the Executive Committee, or by the petition of fifty or more members presented to the Executive Committee at least five days prior to the proposed date of the meeting. The notice of the time, place, and purpose of meetings shall be posted on the official bulletin board maintained for the U. V. M. at least one week in advance. Final meetings shall be conducted according to Roberts Rules of Order.

ARTICLE IV—QUORUM

A quorum for the transaction of business at the meetings of this organization shall consist of at least five voting members. (See AMENDMENT I)

ARTICLE V—ORGANIZATION

Section I—Officers

The regular officers of the U. V. M. Student Government shall be a president, a vice-president, a secretary who shall be a sophomore at the time of election, and a treasurer.

Section II—Executive Committee

On the first Monday in March the Executive Committee consisting of four juniors, four sophomores, the freshman girl of the highest standing, and the regular officers shall be elected. These officers to serve also as officers of the Executive Committee. Their terms shall be one year. Vacancies shall be filled by special elections. (See AMENDMENT II)

Clause A—Duties of the Executive Committee

It shall be the duty of the Executive Committee

1. To have charge of the property and to control funds of matters pertaining to the welfare of the U. V. M. Student Government.
2. To delegate [illegible] of control [illegible] to the administration.
3. To act as a budget committee for the Student Activities Fund. This appropriation must be submitted to the president of the University for approval by May 1 of each year.
4. To [illegible] and to appoint its sub-committees.
5. To present a financial report.
6. To make all emergency regulations necessary for the execution of the duties herein mentioned.

Clause B—Meetings

1. Meetings shall be held at least once a month during the college year.
2. Attendance at Executive Committee meetings is required of all members. Excuses may be granted only by a majority vote of the committee members present. The votes on the absence shall be by secret ballot. Membership on the committee shall be forfeited by two unexcused absences.
3. An excuse stating the reason for absence of any member shall be presented at the next regularly scheduled meeting.
4. Minutes of all meetings shall be printed in the next issue of the CYNIC.

Section III—U. V. M. Student Court

Clause A—Organization

Each undergraduate college shall have two representatives plus one additional for each two hundred students over the first three hundred. The court shall elect its own presiding officer.

Clause B—Duties

It shall be the duty of the U. V. M. Student Court to try such problems of discipline and social conduct as may be designated to it by the Executive Committee and the Administration.

Clause C—Procedure

The U. V. M. Student Court shall set up its own procedure subject to the approval of the Executive Committee and the University Council.

Section IV—Sub-committees

Clause A—Membership

Sub-committees shall be chosen by and shall include one member of the Executive Committee. Terms shall be for one year. Sub-committees shall choose their own chairmen.

Clause B—Powers and Functions

1. Finance Committee—To cooperate with the treasurer in handling of the finances of the U. V. M. Student Government.
2. Social Committee—To plan and schedule social functions in which all students may participate.
3. Publications Board—To advise and approve the election of the staffs of student publications to plan content of the issues of the CYNIC and the immediate predecessor and the editor of the CYNIC are voting faculty advisory members.)
4. Alumni Board of Control—Joint Student Faculty-Alumni—To arrange an alumni program which will meet the needs of all.
5. Dance Committee—To control pep rallies and other functions so as to build school spirit.
6. Religious Life Committee—To arrange a religious program suited to the needs of the students.
7. Freshman Orientation Committee—To arrange a program for the orientation of freshmen at the University.

Section V—Duties and Powers of Officers

Clause A—Duties of the President

It shall be the duty of the president

1. To act as the executive of the U. V. M. Student Government.
2. To act as the chairman of the Executive Committee.
3. To preside over meetings of the U. V. M. Student Government.
4. To present to the Executive Committee and the student body matters pertaining to the welfare of the U. V. M. Student Government and not provided for in this constitution.
5. To call a meeting of the new Executive Committee the third week in March.

Senate Refers Proposed Cut System Back to Committee

At a recent meeting the Senate Committee on Student Affairs considered recommendations regarding student attendance. The measure was discussed by the group and in view of the points which the proposed recommendations did not fully explain and clarify the matter was been referred back to the committee for further interpretation and clarification.

Before the measure can be presented to the student body for approval it must be passed by the Senate. The students will receive complete information as soon as the obscure portions have been developed in a more complete manner and the material is released for publication.

History and Achievements Of Student Government

Janice Commanday

The evolution of Student Government at this campus began exactly three years ago. It all started when a group of fellows organized an intellectual forum which aimed to broaden general knowledge in cultural and scientific fields. The idea grew. Soon it was campus problems that were excitedly discussed. The forum now planned to study education at Vermont and make recommendations for improvement to faculty and administration. "Let them know student difficulties from a student angle," was the group slogan.

Interest swelled. In a special "Wake Up U. V. M.!" issue of the CYNIC campus faults were analyzed and the idea for a Democratic Student Government then arose.

Action!

Mortar Board and Boulder took [illegible] there and many hours were [illegible] ing up a tentative constitution. A [illegible] body of students turned out for [illegible] vocations and after much [illegible] a revised Constitution was finally [illegible] Petitions were circulated [illegible] were made, and by March elections [illegible] officers and ten executive committee members took place.

At its first meeting Student Government tried to meet the demands for action on various campus problems. Several committees were formed to facilitate handling the wide fields of activity. These were: Social, financial, pep, religious life, athletic, publications and freshman orientation. By now, some of these have been dropped; most are still active at work.

Committees

The Social Committee has been efficient in planning a workable social calendar. The Financial Committee taking management of the activity fee out of student hands, has succeeded in arranging a fairer allottment of funds. The Pep Committee has worked to promote school spirit through such campus-wide activities as band rallies, dances, stag and bean suppers. The Religious Life Committee has fostered individual worship and inter-faith understanding as well as the World Student Service Fund Drive.

The Freshman Orientation Committee has done a particularly important job this year in helping the class of '48.

Successes

Student Government action was instrumental in getting a B.A. degree for women in the Liberal Arts curriculum. Student Government petitions won an extra day of Easter vacation. Student Government backed Kake Walk, and is sponsoring the tree labelling project.

The Student Conference Committee composed of faculty, administrative and Student Government officials was set up to work for cooperation among those in control of student affairs. The entire system is now in its hands.

Student Government at U. V. M. has its periods of enthusiasm and inertia. The success of any organization lies in the loyalty, enthusiasm, interest and hard work of its members. There's a suggestion box in the book store. From now on, "It's Up to Each of You."

The office hours of the treasurer of Student Government will be the following

1 to 2 p.m. on Tuesday.
9 to 10 a.m. on Saturday.

Please come to the Alumni Office during these hours to have meeting bills and requisitions. I will not sign them at other times except in special cases. Please remember these hours. BERYL CHENEY.
Treasurer of Student Government

Clause B—Duties of the Vice-President

It shall be the duty of the vice-president to act as executive and preside over meetings in absence of the president.

Clause C—Duties of the Secretary

It shall be the duty of the secretary

1. To keep a record of all minutes and documents of the U. V. M. Student Government and of the Executive Committee.
2. To handle all correspondence.
3. To see that the minutes of all meetings are printed in the next possible issue of the CYNIC.

Clause D—Duties of the Treasurer

It shall be the duty of the treasurer

1. To supervise all financial operations of the U. V. M. Student Government and to act as administrator of all financial operations of the Executive Committee and as financial supervisor of its sub-committees.
2. To make monthly reports to the Executive committee.
3. To approve the requisitions of all student organizations and to forward them to the Accounting Office.

ARTICLE VI—ELECTIONS

Section I—System of Nominations

Officers shall be nominated by a Nominating Committee composed of the dean of women, the three deans of the undergraduate colleges, three members of Mortar Board, and three members of Boulder. Members from the honorary societies shall be chosen by their respective organizations. Additional nominations for officers and members of the Executive Committee may be made by a petition of one hundred and fifty members at the U. V. M. Student Government to the Nominating Committee.

Nominations for Executive Committee, except officers shall be made by petition to the above Nominating Committee, such petitions to be signed by at least one hundred members of the U. V. M. Student Government.

Candidates shall be in good standing at the University.

Section II—System of Election

Elections shall be held under the supervision of the head of the political science department and members of Mortar Board and Boulder. Elections shall be by plurality vote.

ARTICLE VII—RECALL

An officer or committeeman may be recalled by a three-fourths vote in a meeting of the U. V. M. Student Government. A meeting for this purpose may be called by a majority of the Executive Committee and must be called by the Executive Committee when petitioned by fifty students.

ARTICLE VIII—REFERENDUM

Matters considered of sufficient importance by the Executive Committee may be submitted to the U. V. M. Student Government for approval or rejection.

ARTICLE IX—INITIATIVE

Proposals which have been rejected by the Executive Committee or have not received their consideration may be brought before the U. V. M. Student Government for consideration upon submission to the chairman of the Executive Committee of a petition signed by fifty members. At such meetings the vote of the U. V. M. Student Government shall be final.

ARTICLE X—AMENDMENTS

Section I—Proposal

Amendments may be proposed by a petition signed by fifty members and presented to the chairman of the Executive Committee, who shall call a meeting of the U. V. M. Student Government to consider such amendments.

Section II—Publication

The proposed amendments must be printed in the CYNIC at least one week before said meeting.

Section III—Adoption

A two-thirds vote of the members present at such meeting shall be necessary for the adoption of the amendment.

AMENDMENT I

Article III shall be amended thus:

1. A quorum for the transaction of business in the meetings of this organization shall consist of those present.
2. A two-thirds vote of those students present will constitute a majority of the student body if those present do not represent 50% of the student body; otherwise a majority vote of those students present will constitute a majority of the student body.

AMENDMENT II

Article V, Section II, shall be amended to read thus:

Officers are to be elected on the third Monday in February, and the Executive Council on the first Monday in March.

Save this copy of the Constitution for future reference.

   (b) Undergraduate Student ☐

2. (a) Resident of Vermont — Yes ☐ No ☐

3. *Presidential Choice—Check one*
   (a) Dewey ☐
   (b) Roosevelt ☐
   (c) Thomas ☐

4. (a) Are you in favor of U. S. participation in a post-war International Organization? — Yes ☐ No ☐
   (b) Are you in favor of a World Police Force? Yes ☐ No ☐
   (c) Are you in favor of Compulsory Military Training After the War? — Yes ☐ No ☐

CLIP OUT THE BALLOT AND VOTE!

Toptics

by H. P. BLOOMENTHAL

As the presidential election draws closer it is time that we place the claims of all candidates side by side. Whether or not these claims are valid is for the people to decide, and they are being presented here are necessarily my own views, but also as the views of supporters of the respective candidates.

Roosevelt

President Roosevelt has during the first two terms brought about greater social reform than was ever experienced in any other twelve year period in American history. Governor Dewey now supports these reforms after the Republicans opposed them when they were in front of the congress. He says, "These are fine laws the New Deal has started, but you should never administer them."

The Republican platform first states that they believe in free world trade and then they go on to propose new and high protective tariffs.

In the President's last speech, he gave a specific program for an effective international federation with an executive council which would have "independence of action endowed by the American people." Governor Dewey has refused to answer the question of Senator Ball as to whether or not our representatives should have binding power.

On the subject of Dewey's past record, it is found that due to his political ambitions the armed forces from the state of New York have a more cumbersome voting system than almost any other state in the union.

In the field of social progress and social security that Dewey seemed to think he could handle so well, it might be noted that as the governor of the state of New York cut seven million dollars from the budget of the educational system.

Dewey

Governor Dewey will provide an economical administration that was never known under the New Deal. He will put men in positions of authority men of more reliability. President Roosevelt says a government of bureaucrats and bosses will put an end to one man rule in the United States. There is nothing as an indispensable man. The people to whom President Roosevelt says indispensable is Secretary of Labor Perkins, Secretary of Interior Ickes, Harry Hopkins.

Most of the country have already become with Roosevelt men and a vote for all practical purposes would be a dictatorship in America.

Governor Dewey will give the labor racketeers opportunity to be run by the bosses of the union members. He will lower taxes so that free enterprise can be had in America. The Democratic governor will give a far better foreign policy and do away with the "alphabets" in order to make this country from any fear of regimentation. The essence of the American people is the word "freedom," which as Governor Dewey says, lies also in the system of enterprise and actions. The critics of Roosevelt's committees, bureaus, and "projects" have restricted the American people for twelve years. "The time has come for a change. We're not going down; we refuse to go down."

Norman Thomas

Socialism stands for government ownership within the laws of the country. It will bring about a system of advancement according to merit and not according to birth. It will increase social reforms and make America a better place in which to live. President Roosevelt while he did much for the people during his first two terms, has slacked with the result that there has been little social progress within the last four years.

WCAX TO FEATURE TALENT OF U.V.M.

Miss Blanche Crippen of Station WCAX is looking for talent on the U. V. M. campus. Anyone who can sing, play any musical instrument, or do anything in the line of entertainment, should call the station. WCAX is presenting a series of programs entitled "The Parade of Young Stars" every Saturday morning at 10.45 and, so far, several U. V. M. students have broadcasted. The programs consist of one or two selections by the guest artist and a short interview, and last fifteen minutes. Miss Crippen keeps a record of all young artists who have been selected by tryouts and hopes to have a series of fifteen programs arranged which can be used in the near future.

Anita Smith Plays

Anita Smith, sophomore U. V. M. Music Ed. student, made her radio debut on "Search for Talent," a regular WCAX presentation, at 10.45 Saturday morning.

For her first selection Anita played parts of the first and second movements of Grieg's Piano Concerto in A minor. Changing tempo, she finished with her own bouncing up 'n' down the keyboard interpretation of "In the Mood."

In the interview which opened the fifteen minute broadcast Anita admitted that Count Basie and Hazel Scott are her favorite boogie-woogie senders while Jose Iturbi scores highest in the classical vein. Anita says on the whole subject, "I practice Bach, but drool over Frankie Carle."

Staff Announced By Editor of 1946 Ariel

The *Ariel* Staff for this year's book, *The Ariel* '46, has been announced. Nancy McNamara is the editor, Mary Thornton the business manager and the following students have been promoted to positions on the staff

Student Union's Yearly Exam Given

Freshman, Transfers Tested on House Rules

Over two hundred freshman and transfers took the Student Union examination on Wednesday, October 18. This was the largest group ever to take the test, and necessitated the use of two examination rooms.

A large number made the Honor Roll, and there were few failures. Those who received 95 or over were entitled to one extra 11.15 night, and the penalty for failures was the loss of social evenings for a week. The test, which was made out by Ruth Schoppe '46, was framed for the purpose of reminding the freshmen of important rules.

On Wednesday, November 1, an examination will be given to the Juniors and House Presidents to ascertain upperclassmen knowledge of rules, and as a review. At the same time, a make up exam will be given to the freshmen who missed or failed the first examination.

Hillel Foundation Starts Activities

Last Thursday evening, October 19, a card party was held at the Hillel House, 34 Colchester Avenue. Quite a few card playing enthusiasts were present.

Hillel has started something new on campus. It is the *Hillel Newslette*, a newspaper in letter form to keep its members informed on the activities at Hillel. When it is organized it will be issued twice a month.

Wednesday afternoon, October 18, the girls of the newly organized Hillel Choir had their first rehearsal at the Hillel House. The choir under the supervision of Penny Mandell will sing at the Friday night services in a few weeks. Candidates for the choir are still being accepted. Anyone interested should see Penny.

Friday night, October 20 at 7.15, Rabbi Gellman conducted the weekly services at the Hillel House. There was a large attendance and the Rabbi expressed his great satisfaction for the excellent response.

Open house was held at Hillel Sunday, October 22, between the hours of 4 and 8 p.m. Refreshments were served. Assistant Dean Bayley, Miss Bailey, Miss Brown, Professor and Mrs. Dykhuizen, Reverend Hall and daughter, Nancy Hall, and Mrs. Mills were present.

Concert Pianist Coming

The Community Concert Association announces the first concert of the year will be held Sunday, October 29 at 3.30 p. the Memorial Auditorium. The artist will be Firkusny, famous Czech pianist. Admission will be by membership card only except to men and women in uniform.

"PAN-HEL" MEETING FOR FROSH WOMEN

There will be a very important Pan-Hellenic meeting for all freshman girls Thursday, October 26 at 7.45 which will be held in the Waterman Building. The room number will be posted on the bulletin board outside the Information Bureau. This meeting is not compulsory but all freshmen are urged to attend. The Pan-Hellenic organization will be explained and also the rushing system as it will operate this year. The explanation of the rushing system will be given by women belonging to sororities in other colleges and universities and these sorority women will represent fraternal organizations which we do not have at U. V. M. The independent point of view will also be given at this time.

Corporate Communion

There will be a Corporate Communion at St. Paul's Episcopal Church Wednesday, November 1, at 7 a.m. with breakfast afterwards at the Parish House.

Freshman Class Has High Standing

High academic standing is the rule rather than the exception among this year's class of freshmen at the University of Vermont, Heath K. Riggs, director of admissions, disclosed today.

Of the entering girls, 60 per cent graduated from high school in the first, or upper, quarter of their class, while 85 per cent were in the upper half. Of the 311 freshman, both boys and girls, 85 per cent were in the upper half.

Of the remaining 15 per cent, says Mr. Riggs, many of the students came from preparatory schools where every student was working for college entrance credits, thus making competition keener, or from schools so small that rank was not a matter of record.

About 20 per cent of the 311, including 53 Vermonters 42 of them girls, were the highest ranking students in their respective schools. Thus of the 100 high schools in the state, Mr. Riggs adds, more than half have sent their highest ranking student to Vermont.

Adult Education Program to Open Wednesday, Nov. 1

Dean Eckhard, Director; Various Courses Offered For College Credit

[illegible] the University of Vermont and State Agricultural College is announced to open under Dean George F. Eckhard, director of the program. Subjects already arranged for are: [illegible] psychology, economics, English, modern and ancient languages. Other courses will be offered as they are requested. These classes will meet [illegible] the college entrance requirements. [illegible] to find out what subject is required of a prospective student. Each person will be 1 hour and 40 minutes long and will continue for 15 weeks.

[illegible] the purpose of the program are already in operation. Professor Douglass of the Education Department is conducting a seminar in education which meets each Saturday morning beginning October 7. Professor Evans is giving a course in [illegible] which is scheduled to open a [illegible] in relations in the Orient.

Although the various people are looking for a chance to continue their education and training and such a better understanding of the world is worth their while, the University is endeavoring to serve the people in the state by meeting their demands for courses of instruction adapted to adult students.

Y.W.C.A. Meeting

(Continued from page 2)

[illegible] will act as group leaders and others will assist with [illegible] discussion questions.

The girls signed up for Christmas Dinner will [illegible] Wednesday, November 1 at 5:30 p.m. in the Student Lounge. Each person will be [illegible] and other types of entertainment.

Commission Chairmen

The new Y.W.C.A. has been divided into three commissions: Community Service with Nancy Dorsinville as Chairman; also Florence Chittenden and Mary Gladden; Campus Life with Nancy Hall as chairman, and Jean Hotchkiss and the Vocational Commission, Peggy Lucas as chairman, and Mary Ladley assistant. Final announcements and details about the open meeting will be given out in the near future.

The planning committee for the undergraduate cabinet [illegible] and other girls who would be [illegible] Life Activities Board within a few days. These girls are responsible [illegible] and are also [illegible] Y.W.C.A. [illegible] and are requested to [illegible] as soon as possible.

There will be a Press Club meeting Thursday, October 26, at 5:00 p.m., in the Student Lounge.

W. A. A. Notes

The W. A. A. fall point contest has begun all over. Among the many events in which [illegible] points [illegible] are: [illegible] archery, golf, [illegible] and [illegible] hockey, [illegible] and [illegible] riding and [illegible] and [illegible] hockey.

November 7, 8, and 9 have been set aside for W. A. A. an [illegible] day. On this day the members of the faculty play the staff, girls play girls, and [illegible] play to [illegible] the winning team of the fall sport season. Plans are [illegible] but it is hoped that the members of the team [illegible].

Ski Club

[illegible] and [illegible] the Ski Club all who are [illegible]. Hop on the bandwagon and head for the Fleming Museum next Tuesday night, October 31, at seven-thirty. [illegible] and [illegible] the club is at your [illegible] and [illegible] the directors of M. I. [illegible] is promised to be something really [illegible]. We have [illegible] campus this year. Miss [illegible] Cook will be [illegible] her [illegible] riding. She trained for a year [illegible] the Mississippi Women's Olympic [illegible] at the Valley and was captain of the Women's [illegible] Canada. Miss [illegible] was interested in college skiing and things that our students have at Vermont. [illegible] have a better chance of [illegible] us using. To [illegible] remember last year [illegible] U. V. M. [illegible] against Middlebury [illegible] to ski in the most [illegible] [illegible] have enough material [illegible] together for a team. There is [illegible] time to happen again with Miss Cook and all the [illegible] we have for skiing.

As the [illegible] meeting [illegible] will be [illegible] and the possibility of going to [illegible] for [illegible] will be discussed. A [illegible] that all the psychology students [illegible] the following day but the meeting is not just [illegible].

"Nose Dive Annie"

Miss Cook acquired the name of "Nose Dive Annie" before the war when she frequently skied the "Nose Dive" a class A racing track at Mount Mansfield. Her pictured appeared in Mademoiselle and the book "Winter in Vermont". We all [illegible] lucky that she is taking courses [illegible] so interested in the sport.

So, if you're a beginner, you couldn't make a better start and if you already know something about the sport, why don't you [illegible] to help us all?

Lessons will be offered in University women at reasonable rates. If twenty-two girls sign up for instruction the charge will be eight dollars for eight lessons or forty girls sign up the charge will be eight dollars for four dollars. Most of the lessons will be held at the Country Club with the exception of the last few which may meet at Mansfield.

New Language Club Forming on Campus

Spanish Enthusiasts Organize Informal Club

[illegible] as far back as anyone can remember, there has never been a Spanish Club on this campus. This is strange particularly in the light of the fact that there are other language clubs in existence. Interest in Spanish here at U. V. M. has increased in recent years. People are beginning to feel that Spanish is the language of the moment, or perhaps, they just want to learn. Hence Cuba.

Organizers

The main reason that there hasn't been a Spanish Club is that no one organized one. Dix Mercuran gang, Gunny Campbell '46, Spike Thornton '46, and Peg Donnelly '46, got thinking about this the past summer. While they were in Mexico, [illegible] had the plans for the Club and asked Professor Torres to be its sponsor. They feel, as many do on this campus, that unless a language is used whenever possible, no student really learns to speak it.

Plans

The Club will be run on an informal basis. There is only one hard and fast rule in the organization. This is that only Spanish may be spoken at meetings—meetings at first, will doubtless be very quiet, with the majority of members on the listening end. But the three Spanish enthusiasts claim that gestures and repetition will fill in the conversational gaps.

When interviewed about their Club the Mexico gang was somewhat vague and admitted that their plans were still in a nebulous state. They said that Professor Torres would do most of the talking (for obvious reasons), and that he would bring outside speakers to talk to us—in Spanish, of course. They also said that those students who can speak the language will act as leaders in discussion groups. The discussions will consist of everything from politics to Mexican night clubs. They mentioned the fact that they would bring their records, songs, and stories upon request. This club will be headed by a committee of three, Campbell, Donnelly, Thornton, instead of the usual staff of officers. Spike, Gunny, and Peg kept saying over and over that the Club would be completely informal, and that anyone could come who was interested—regardless of the number of years of Spanish taken. Gunny said, "The main thing is to speak the language and to get used to hearing it." The rest of the interview was lost in a discussion of their trip.

First Meeting

The first meeting of the Club will be tonight, Wednesday, in Room 140, Waterman at 7:30. It will be a short meeting to get the year's program planned. Anyone who is interested in Spanish, Mexico (of course), and in having a lot of fun is invited to come.

Sports Stuff . . .

[illegible] last [illegible] volleyball season [illegible] Thursday the 12th in the [illegible] and [illegible] on the next Tuesday and Thursday [illegible] outdoors on the [illegible] court. So far two teams [illegible] have been scraped up on both sides. Practice After.

Among the fellows who played were Pete Mallett, Dave Weatherby, Johnny Hooper, Dave Harlow, Bill Marsa, Rodney Eldridge, Al Jovenitch and, of course, as mentioned above, Gigi Corsonites, who was all over the court. Professor Carpenter joined the men on Tuesday and served a neat top spin to add scores for his side.

Some of the fellows have played very little volleyball before but this doesn't keep them from playing a good game. They learn the net rule, however, very quickly on the outdoor courts. After the ball is in play it either side touches the net, the serve or point goes to the other side. The outdoor courts have chicken wire for a net, and after getting scratched a few times most fellows remember not to touch the net.

A lot of the fellows who played volleyball were basketball men in high school and some time in the near future a game is planned with the medics. Faculty volleyball will start about the first of November.

Bowling

The U. V. M. Bowling League starts off this week with three matches at the Waterman Alleys. Dick Audette, chairman of the league, has announced that the first matches will not be officially recorded but that their scores will be used to determine handicaps to be placed on the teams.

Of the eight teams on campus, two bowled in the lead-off match Tuesday night. Independent Men and Allison Cady's girls team. Other teams in the league are Lambda Iota, Phi Sigma Delta, S.A.E., and three girls teams captained by Jean Hotchkiss, Gloria Bashaw, and Anita Smith. The schedule of matches for this week is:

Tuesday—Independents vs. Allison Cady team.

Owls vs. Gloria Bashaw team.

Thursday—Phi Sigma Delta vs. Jean Hotchkiss Team.

S.A.E. vs. Anita Smith.

Last year fraternity bowling and the U. V. M. women's teams had leagues and tournaments at the Waterman Alleys which culminated in the [illegible] tournament held here at U. V. M. [illegible] the team of Cady and Stuart [illegible] roll is set up and records [illegible] broken if the competition [illegible] did last year.

The system for scoring is as follows:
One point for high string.
Two points for high [illegible] three points for team total.

OUTING CLUB PLANS OUTDOOR ACTIVITIES

The University of Vermont Outing Club initiated its membership drive for the school year of 1944-45 on October 18 and 19. The Club was organized for the purpose of providing [illegible] creation to supplement the [illegible] of the school.

About 100 members have [illegible] the club and, although the drive is [illegible] over, more people are expected [illegible].

For the benefit of the incoming freshman class, Jean Hotchkiss, Outing Club President, stated that its purpose was to get both the students and faculty [illegible] to participate in outdoor activities such as hiking, skiing, ice skating, and [illegible] sledding and tobogganing. She said that it gave the students a chance to get away from their studies.

Tickets for membership are still available at the Outing Club desk in Waterman lobby.

ATTENTION ALL ORGANIZATIONS ON CAMPUS. All campus organizations requesting allocations for the year '44 - '45 will please submit their respective budgets for the ensuing year not later than November 1 to Beryl Cheney, Treasurer of Student Government. Any requests received later than November 1 will receive little consideration. Beryl Cheney, *Treasurer.*

The Vermont Cynic

VOL. 62 BURLINGTON, VERMONT, WEDNESDAY, NOVEMBER 1, 1944 NUMBER 44

Dewey Wins Presidential Poll by 93 Votes

Hoboes Carry On In Ragged Costumes

Leon Dean Genial Host to Bums; Skits Smack of Slap-stick

Saturday, October 28, the hoboes took over the U. V. M. campus carrying on the tradition of Hobo Day. From 8.00 on until Bean Supper time, more and more "tramps" appeared to amaze any innocent bystanders.

U. V. M. Hoboes

The worst looking, or chief tramps for the day were Pauline Palin, Theresa Gozzo and Al Metcalf. The judging was based on the most disreputable and ragged appearance. Unfortunately, the winners' rags defy description.

The parade of hoboes was the highlight of the Bean Supper. Professor Leon Dean acted as Master of Ceremonies for the evening. The entertainment was one of "Willingness and Talent." Among the performers were the quartet: Virginia Donaldson, Nancy Dockstader, Anita Smith and Bill Cooke; a monologue by Chrystal Malone; a solo by Bill Cooke; two skits, one given by the boys on a typical day at college, and the other by the Campbell-Donnelly, Fahey-Thornton combination, showing a typical lang since "down and out" clan, the Houlihans.

Joe Lachnyr and the U. V. M. Co-ed Band played throughout the supper and for the march of hoboes. Harriet Cohen, Anne Hoos and Gail Thompson did some exhibition twirling.

After the supper was over the crowd dispersed, and many went in the Student Lounge to take advantage of the "vic" by ending Hobo Day with a dance.

VERMONT STUDENTS APPEAR ON PROGRAM SPONSORED BY WCAX

U. V. M. talent has been manifesting itself of late in the form of appearances over WCAX. Every Saturday morning at 10:45 WCAX sponsors a program, "Parade of Young Stars," and introduces new talent. Already several U. V. M. students have appeared on the program. Miss Hoppen who is in charge of "young stars" promises that much more U. V. M. talent will be heard.

Anyone who would like to try out their talent should get in touch with Miss Hoppen who will arrange for an audition. Jane Cook '47, has already appeared on the program, singing the popular numbers "I Knew Then," "Every Day of My Life," "It Could Happen To You" and "Love on My Hands."

Jeanne Farnham '47, did some classical work with her four selections; "Pastorale" Gustavson, "Villanelle" by Dell'Acqua, "The Lord's Prayer," and "Begin the Beguine."

On Thursday, October 21, a quartet consisting of Jane Cook '47, Betty Farnsworth '47, Virginia Donaldson '47, and Nancy Dockstader sang "Sweet and Lovely" and "We'll Meet Again." They were accompanied at the piano by Anita Smith. Betty also soloed with "Good-Night Wherever You Are," and Nancy Dockstader "Up and Fly Right" and "Difference A Day Makes."

There will be a meeting of the Vocation Commission at 7.15, Thursday evening in Room 115. Come and find out about your future vocation. Everyone is cordially invited to attend.

Miss Simanton to Visit University

To Arouse Interest In the W. S. S. F. Drive

"Bobbie" Simanton, a traveling secretary of the World Student Service Fund, comes to our campus November 7 to stimulate our interest, in W. S. S. F. Miss Simonton, a native of Washington, took her academic training at the University of Washington from which she received her degree in 1944. She majored in sociology and has been trained in business. Her academic record at the University was outstanding.

While there Miss Simonton took part in many extra-curricular activities. Among them were: International Relations Club; Phrateres, the independent women's organization; Orchesis, the dance honorary; and Totem Club, the activities honorary. Along with her many other activities, Miss Simonton was chairman of the speakers committee for an all-campus lecture series. She was outstanding in religious organizations, including the Y. W. C. A., The Roger Williams Club of which she was President and the Campus Religious Council of which she was Vice-President. Miss Simonton has taken part in several intercollegiate conferences of the Student Christian Movement.

During three successive years Bobbie Simonton was active in the W. S. S. F. drives on her campus. Her profound concern for the purposes of world student relief are transmitted to all those with whom she talks. Her enthusiasm inspires the students on any campus she visits. Through her efficiency and practical helpfulness, Miss Simonton, imparts invaluable help to any local committee planning a W. S. S. F. drive. Miss Simonton will speak to the students at Chapel, November 7.

A W. S. S. F. drive will start November 14, sponsored by the Interfaith Council and by different religious groups: Protestant, Catholic and Jewish.

SECOND MEETING OF CANTERBURY CLUB

The second meeting of the Canterbury Club was held October 29, at the home of Mrs. Millis. Ellen Chidsey '47 was elected vice-president to succeed Marge Wallin Estes. Betty Clark '46 and Virginia Benedict '46 were put in charge of the breakfast which will be held after the Corporate Communion on All Saint's Day. Plans were made for a series of discussion groups on marriage.

Father Martin spoke on "Symbolism in the Church," illustrating vestments and vessels worn and used in the celebration of the sacraments.

Dr. P. C. Ladd Speaks Of Hallowe'en Origin

In his address at Chapel exercises yesterday morning Dr. Percy C. Ladd recalled the serious origin of Halloween, the eve of All Saints Day. Doctor Ladd used as his theme the idea that everyone can make as much of his life as those saints did of their lives.

The Giant Sequoias of California might represent those great souls, old and majestic, as incarnations of the ideal life. Along the railroad from the Muir Wood Doctor Ladd saw saplings, three and four inches high which had before them the possibility of the same wonderful growth. So everyone has the chance to make his life into something great, lasting, majestic.

Community Concert Presents Firkusny

Rudolph Firkusny, brilliant Czech pianist, was the first soloist to be presented by the Community Concert Association in their annual series. The concert was held Sunday afternoon, October 29, at the Municipal Auditorium. Mr. Firkusny was distinguished as a concert artist in Europe before coming to the United States where he has since taken his place among the top-ranking piano soloists, having appeared with many leading symphony orchestras. Prior to his American engagements, Mr. Firkusny toured Central and South America, and the Dutch West Indies where he was acclaimed with much enthusiasm.

Firkusny is today the only concert pianist, so far as is known, who includes the Dvorak G minor Concerto in his repertoire. In Brussels, after a command performance at Lachen Castle, Queen Elizabeth presented him with a watch inscribed with her monogram. In Italy King Emanuel decorated him, and he was many times a guest of the Royal Family. In London he enjoyed the patronage of the Royal Family.

Ushers, as chosen by Dean Simpson were:

Louise Jordan '47
Jeanne Ayers '47
Gertrude Cheney '47
Joyce Colby '48
Urania Contos '48
Marian Lewis '47
Betty Pierson '48
Margaret Waterman '48

Guests In Dining Room

On Wednesday, October 25, the girls dining room at Waterman was host to Dean Simpson, Mrs. Pilcher, Mrs. Louden, Mrs. Towne, Mrs. Gutchel, Miss Gittings.

The menu consisted of creamed chicken on biscuit, peas, relish, hot rolls, sherbet, cake and coffee. Miss Smith, the head of the dining room, was the hostess.

STUDENT GOVT. OFFICERS ELECTED

Election for officers of Student Government was held all day Wednesday, November 1, in the main lobby of Waterman with members of Mortar Board proctoring. The results are to be announced at a compulsory convocation Thursday, November 2, at 10.00.

The nominees for president are: Wilson Daily and Clement Holden, and for vice-president, Marjorie Alexander, Ruth Schoppe, and Bill Cook.

Pan-Hellenic Has Freshman Meeting

Topics: Pros and Cons And Rushing Program

The Pan-Hellenic Council, society for Greek-letter women, held an open meet for all freshman women and transfers Thursday, October 26, at 7.45 in the Fleming Museum Auditorium.

Betty Farnsworth, President of Pan-Hellenic, opened the meeting by welcoming the rushees, and then explained about sororities and rushing rules.

Informal Rushing

Informal rushing started on Saturday, October 28, and will end on Monday, November 25. Last Saturday the rushees were divided into three groups spending a half hour each at the Alpha Xi Delta, Kappa Alpha Theta, and Pi Beta Phi houses. Next Sunday afternoon the remaining sororities will hold open houses, and the following Sunday each sorority will hold an open house so the freshmen will have the opportunity to attend any of the houses and remain for any length of time between the hours of 3.00-5.00 p.m.

In addition to open houses each sorority shall hold informal parties which will be attended by written invitation only. The first one will be on Saturday, November 4, and the others on November 11, and November 18.

Formal rushing will consist of the final parties which will be held Monday, November 20, through Saturday, November 25. The eventful day for signing up and pledging will be Tuesday, November 28.

Sorority's Meaning

Dean Mary Jean Simpson was introduced by Miss Farnsworth and delivered a speech on what sororities mean to her. She told the girls that they should join a sorority in whose members they have confidence and respect for and to whom they can turn for leadership. She then read the Pan-Hellenic Creed which says that the spirit of Pan-Hellenic is a spirit of honest, friendly rivalry and is completely above-board.

Following a talk given by Miss Anderson on the independent girl's viewpoint the meeting was adjourned.

Dewey Favored in Campus Cynic Poll

Thomas E. Dewey was the presidential choice of the Vermont campus in a Cynic Poll conducted on Thursday and Friday of last week. Roosevelt took second place by 93 ballots in a total of 575 ballots cast. Norman Thomas, socialist candidate polled 9 votes including one faculty member.

In the three pertinent international questions the results were overwhelmingly in favor of a liberal and cooperative international policy after the war. Of the 575 ballots cast only seven persons voted against U. S. participation in an international organization. There were more persons against an international police force but those in favor far outnumbered the 118 negative votes. Compulsory military training was opposed by 189 while supported by 385. Many were undecided on this last question.

The poll was conducted in the main entrance of Waterman Building and every precaution was taken by the Cynic staff to insure accurate and honest voting. The ballots were counted and registered by members of the senior staff and news editors of the Cynic.

Five Sororities Hold Initiations

Thirteen Added To Roll of Sororities

Several sorority initiations have occurred recently or will take place soon. Alpha Chi Omega received four girls on Friday, October 20. The ceremony was followed by a banquet at the Black Cat and the movies. The initiates were Jeanne Ayers '47, Essex Junction; Janet Fickenscher '47, Buffalo, N. Y.; Eileen Pickett '47, Glens Falls, N. Y., and Phyllis Wright '47, Saxtons River.

On Sunday night, October 15, Tau Lambda Mu held an initiation in the Waterman followed by a dinner at the Park Cafe. The new members are: Esther Hellerman '47, Brooklyn, N. Y., Miriam Lipman '47, West Hartford, Conn., and Helen Wolf '47, Brooklyn, N. Y.

Elsie Bruce '46, Malone, N. Y., Jane Smith '45, Flushing, N. Y., and Jean Stevens '47, Worcester, Mass., were initiated into Delta Delta Delta on Friday afternoon, October 27. Dinner at the Park Cafe followed.

Alpha Xi Delta will hold their initiation this week, probably on Thursday afternoon, with supper at the house later. Rollande Clouatre '47, St. Johnsbury, and Virginia St. Germain '46, Berlin, N. H., will be the initiates.

Pi Beta Phi initiated Lisa Olsson '47, Brooklyn, N. Y., on Monday, October 30, followed by a dinner at the Park Cafe.

VOL. 42 NOVEMBER 1, 1944 NO. 44

Smoking Without Rules

In any organized society it is necessary to have certain rules and regulations for guiding the interests of the individual and the group as a whole. To be effective there must first be a need for such a rule and second there must be respect for that rule. As the times change so do the customs and what was frowned upon by one generation is thought quite "proper" by the next. A good government must keep pace with the changing needs and demands of its citizens.

This we bring to the attention of the Student Union Council for probably the smoking situation at U. V. M. In the days of long skirts it was a disgrace for a woman indeed who would smoke in public, but times have changed and it is generally recognized that women have the right to smoke where and when they please *within the standards of good taste*. We do not advocate that college women smoke on the street corners, in classrooms or laboratories or in their dormitory rooms. However we see no reason why they should be allowed to smoke in the college smoking rooms only "1-2 hour after lunch," etc., and should stop smoking abruptly at 11:15 p.m. It seems to us that where it is in good taste for other women to smoke the college woman should not be restricted. For example if a woman lights a cigar or cigarette in Waldo Library where smoking is permitted she is asked if she is a college girl. If so she is not bothered if not it is perfectly all right.

We strongly advocate that the Student Union Council suspend the smoking rules on a trial basis of six weeks using *their best* instead of outmoded rules as the standards. If during that period college women prove that they are not mature enough to discipline themselves in this matter perhaps it will be necessary to again enforce rules.

A Need for Fair Play

We would like to believe that there is nothing but honesty and fair play on this campus. However last week there was a bad flare-up of dishonesty in the women's line. Perhaps the students who are at fault thought they were being clever; perhaps they are really short of funds.

There are plenty of jobs open to the needy student these days. Lack of money is no excuse.

It is not a crime to cheat or steal. One has only to lose a valuable possession to realize that it is a person can't honest while he is in school, there is no hope for believing that he will be honest in his business dealings and for the rest of his life out of school.

As stands a student to stands U. V. M. We cannot tolerate dishonesty. In case must be a petty theft, it is not in the institution that he belongs! Which he became a part of "Vermont" he entered into a tacit agreement to abide by many of our ideals as dictated by our society.

The best to prevent any evil deed. Let's see to it that the remainder of the year is free from all forms of dishonesty, namely cheating, cribbing, and thieving.

PROFESSOR COLBURN SPEAKS TOMORROW

The Thursday Hour Program Committee of U. V. M. invited Professor Colburn to address the student body in connection with the subject of Art. Professor Colburn feels that no one who graduates from college [illegible] superiority if he has left Art, one of the major fields, [illegible] know about and understand Art by listening to lectures or reading books on it. Therefore if you wish to be an artist, the only way to learn about Art is to participate in it, "to get in paint up to your elbows."

Visiting Colburn has come to the conclusion, after talking to hundreds of students that unfortunately most of them have no motivating force behind their aims. They come to college and take courses. Why? Because it's "nice" to have a college education or because the parents are respected members of the community or because college is a lot of fun. They have no real aim, purpose to past them ahead. They don't "itch their wagon to a star." They are content to wake up each morning, eat, go to class, come home and go to bed and be satisfied with what they have done during the day.

Professor Colburn feels that if progress is to be made in this world is to be improved, if people are to come has to respect for what they are, not by how they worship God or by the color of their skins, but for what they have done as members of humanity. If this is the case, then now is the time for us all to do some pretty serious thinking if we wish to find ourselves on the forefront of a new era in mans cultural development.

Disney's Displays Feature at Museum

An exhibit of Walt Disney's original paintings will be in the Art Gallery of the Fleming Museum the first three weeks of November. The paintings which are done in celluloid are scenes and characters used in the production of many of Disney's movies such as "Ferdinand The Bull," "Snow White," and "Pinocchio." Walt Disney's art, a combination of pleasing subject matter and color detail, appeals to both adults and children. These pictures are on tour from the Museum of Modern Art.

In January modern Netherlands art sponsored by the Netherlands government will be on display. During February photographs by Vermont Camera Clubs may be seen at the museum. The pictures of Northern Vermont Artists will be shown in March. In May Vermont school children's art will be at the museum.

During December and January there will be on display at the Fleming Museum a collection of reproductions of war paintings by young United States artists, commissioned by *Life* and *Fortune* magazines to paint actual war scenes. Among these paintings will be some by Barse Miller and Paul Sample, who were members of the U. V. M. summer school faculty.

CONCERT BY CHOIR AND ORCHESTRA

On Thursday, November 9 at 8:15 p.m. there will be a concert in the Mens Gym. The concert will be presented by the U. V. M. orchestra conducted by Professor Pappenheim and the U. V. M. Choir directed by Professor Brooks.

The orchestra will play an Overture from Cimarosa, several selections of old English style from the sixteenth to the eighteenth century, and other selections by more recent composers.

The presentations of the choir will include madrigals and a chorus from Gilbert and Sullivan.

The concert is open to the public.

Great Philosopher John Dewey Is Outstanding Vt. Alumnus

Al Lowenfels

One of the keenest and most interesting thinkers in America today is John Dewey, [illegible] Dewey graduated from the University of Vermont and is [illegible] our most outstanding Alumnus.

Born on a farm near Burlington in 1859, Dewey helped with the family chores, filled the woodshed, and worked in the garden. After attending the local Burlington High School, John Dewey entered the University of Vermont. In 1879 he graduated from the University with a Bachelor of Arts Degree.

Dewey spent the next three years of his life teaching school. Two years were spent teaching high school in Oil City, Pa., and one year in general instruction at Vermont Country schools.

In preparation for future work in the fields of Psychology and Philosophy, Dewey worked for a year under the supervision of H. A. P. Torrey, then a professor at U. V. M.

Dewey entered Johns Hopkins Graduate School in '83 and received his doctorate of Philosophy in '84.

Dewey has taught at many American colleges and Universities throughout the country. Among these are: University of Michigan, University of Minnesota, University of Chicago, Columbia University, and Harvard. He has also given several series of lectures abroad. Doctor Dewey officially went into retirement in 1930, but since then he has written numerous books and articles. At present he is engaged in writing papers for philosophical journals.

Doctor Dewey came back to the University on May first 1939, to be the principle speaker on the Founders Day program. His topic was Education: 1800-1839. Another main feature of this program was the presentation of Doctor Dewey's portrait as a gift of his numerous friends and alumni. The portrait was a copy of a painting made for Columbia University by Edwin Child. It portrays Dewey in his study surrounded by his favorite art treasures. The portrait was presented by Professor Dykhuizen and is now on exhibition in the Fleming Museum.

Doctor Dewey is recognized as the foremost advocator of progressive education in this country. Recently Presidents Nicholas Murray Butler of Columbia University, Robert M. Hutchins of the University of Chicago, and Robert G. Sproul of the University of California have denounced progressive education as being "fantastic" and "shocking to truly civilized human beings." In answer to these men Doctor Dewey has said the following:

"Progressive education stands for the most solid, enduring discipline that comes from growth and power in self-discipline. The conduct of the boys on the battle fields shows what a democratic discipline developed from within is [illegible] complishing . . . Society is [illegible] of undergoing great changes. [illegible] tial that the schools reorganize [illegible] so as to be capable of [illegible] to these changes. Progressive [illegible] pays greater attention to the [illegible] and physical welfare. It is [illegible] plentiful of democratic [illegible] self-government."

Although somewhat pessimistic [illegible] the prospects for a permanent [illegible] is hopeful that the people [illegible] democratic form of government [illegible] vent future bloodshed. He [illegible] "isolationism" of the Republican [illegible] and intends to vote for President [illegible] velt as the man most likely to [illegible] forward." He is confident that [illegible] will survive, and that with [illegible] the young people, a better [illegible] ahead.

Outing Club Hikes Half Way Up Hump

Braving the first of Vermont's [illegible] winter weather last Sunday morning [illegible] members of the Outing Club [illegible] their way up about half of Camel's Hump. When they reached the first [illegible] they gave up and settled down [illegible] well earned lunch beside a [illegible] at least they claim it was a "[illegible]."

Among the party were two sailors who were along to keep their girls [illegible] despite the wind and cold weather. The Navy did get a bit discomfited [illegible] the trip up, but in true style [illegible] on to the bitter end.' But when it came to navigating the Winooski river the sailors were in the element, and [illegible] was made without casualty. [illegible] the day as being one of the most important in the History of the Outing Club—no one fell in the river!

The climax of the trip came near the end of the downward journey when the Navy again came through [illegible] time appeared with an old horse drawn buggy drawn by one sailor while the other of the two was riding with [illegible].

The Club wants to express its thanks to whoever was so kind as to lend the row boat tied to the tree on the river.

WRAP SECURELY
•
ADDRESS CLEARLY
•
SEND BEFORE
DEC. 1ST

You remember the law of physics that two objects cannot occupy the same space at the same time. Just so with war materials urgently needed at the fronts and personal packages. For that reason our Government has requested that all civilian Christmas packages be sent before Dec. 1st.

So we of Railway Express ask you to help us (and yourselves too) by doing these three simple things, in addition to shopping early.

1. Send your gifts before Dec. 1st. Laundry can keep to its regular schedule. When packages are ready to go, phone the Railway Express agent.
2. Wrap your packages carefully and securely.
3. Address them clearly, with your own and their recipient's name, street number, city and state.

New Spanish Club Has First Meeting

Mexico Gang and Towne As Advisor Back Club

The opening meeting of the first Spanish Club in the history of U. V. M. was held last Wednesday night, October 25 in Waterman. The Club's three organizers, Peg Donnelly '46, Ginny Campbell '46, Spike Thornton, '46, the Mexico gang to you and sponsor, Professor Towne were happy to see that, despite the entire lack of publicity, there were seventeen people present.

Spike Thornton acted as chairman pro-tem on behalf of the triumvirate and a formal organization was made. Since none of the three organizers had sufficient points to carry such offices, it was decided that they would remain an all-powerful committee behind the officers. Marie Roleri '45 was elected president, Doris Kindler '45 vice-president, Elizabeth Dalgren '45, secretary, and Alice Edwards treasurer.

Plans for programs throughout the year were discussed. It was decided that the club would meet bi-monthly on Wednesday nights. A program committee will be elected for each meeting. This committee will call and publish the meeting, as well as plan the entertainment. The program committee for the next meeting is Ginny, Spike, and Peg. People have heard them say that they are writing a one act play in Spanish about some of the things that happened to them this summer—that we would like to see. The committee is inquiring about the possibility of getting movies in Spanish and outside speakers. Throughout the year, all the meetings will be conducted entirely in Spanish, even down to the reading of the secretary's minutes. The first meeting, however, shifted back into English—probably so that the organization would be clear in everyone's mind.

The Club has made a promising beginning. Anyone who is interested in Spanish is still invited to join. The Wednesday night meetings will be published a week ahead of time from now on.

W.A.A. NEWS

The Green and Gold teams will compete Wednesday in a softball game and Thursday in a volleyball game. A green substitute varsity and a gold substitute varsity will be chosen from these teams. Members of W. A. A. should support their teams on these days by playing or cheering.

Tickets for skiing lessons will be on sale in the front hall of Waterman, Tuesday and Friday mornings. It has been decided that the tickets will cost $6.00 for 8 lessons.

LOST—Large yellow kerchief, pair of black wool gloves, and also one black wool glove (right hand). If found, please get in touch with Ginny Benedict.

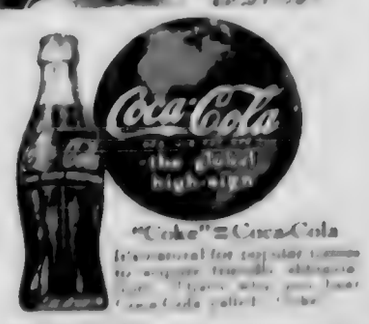
Mrs. Anne Cook at Ski Lecture, Movie

Last Friday evening at the Fleming Museum, Mrs. Anne Cook gave a lecture on skiing which was followed by movies on skiing presented by Sepp Ruschp. Mrs. Cook described the skiing clinic at the Country Club and stated that she is interested in each girl who joins her class and hopes that the interest is returned as much as possible like taking ski trips also to Stowe Classes at Stowe on the week ends.

Mr. Sepp Ruschp, the head of the Stowe School of skiing, was introduced to the audience and he recommended Mrs. Cook very highly. He showed motion pictures taken at Stowe and which described the fun in skiing. Afterward they showed ski scenes at Lake Louise Resort at Mount Washington and the last film described skiing at Mt. Mansfield and the instructors given there.

Girls who are interested in signing up for ski lessons to be given by Mrs. Cook this winter are urged to go to the W. A. A. office or see the W. A. A. representative in your dorm.



There will be a regular Tuesday Chapel service for Catholic students in the Student Lounge November 7. November 14 there will be no meeting.

Have a "Coke" = Eat, drink and enjoy yourself

. . . or adding refreshment to a backyard barbecue

Plenty of ice-cold Coca-Cola helps make any barbecue a success. Have plenty of "Coke" ice-cold and ready to drink. When you shop, remember to ask for Coca-Cola. Everywhere, Coca-Cola stands for *the pause that refreshes*,—has become a high-sign of hospitality in the American home.

Health Council's Plans Announced

Margot Dunning '47 presided at the last meeting of the Health Council Tuesday evening, October 24. She introduced to the new members the executive officers which are: Janet Sturgeon '45 correspondent, Crystal Malone '47 secretary, and Joan Carlton '47 treasurer.

Mary Sprowl told the Health Council about Loan Fund. She pointed out that it is available to any U. V. M. student for health purposes that the loan need not be refunded until after graduation and that there is no interest rate.

Three years activities of the Health Council include four major projects. The first was Tag Day which was held Tuesday, October 31. The representatives were seen on campus selling yellow tags. These ornaments signified that the bearer was backing the Health Council, and had donated to the loan fund.

The second major project will be the presentation of a skit entitled "Oh, Room Mate." Further details will be released later.

The third project takes place on February 14 in the form of a Valentine party. This has grown out of the traditional get-well-box dance. The fourth major project is scheduled for sometime next spring. The Health Council plans to have a psychiatrist from Boston speak at U. V. M.

The next meeting of the Health Council will be held at 8:30 on November 15 at Redstone.

The Blood Plasma Bank will be sponsored by Staff and Sandal and signing up for blood donoring will be held in the main entrance of Waterman, Wednesday and Thursday.

There will be classes in both Elementary and Intermediate Hebrew for any members of the University that are interested. Classes will begin on Tuesday, November 7, in Room 40.

Week-end Visit of Y.W.C.A. Secretary

STUDENTS-FACULTY HOLD BULL SESSION

Fiery words flew thick and fast Thursday evening at the Student Faculty bull session since the timely topic was "Dewey vs Roosevelt." Bob Rosenberg, speaking for Roosevelt claimed a superior foreign policy on the part of the Democrats and gave examples of Roosevelt's successful domestic administration. A fourth term, he explained, can bring us through the world crisis.

The Republican interests were supported by Guy Page who stated that Mr. Roosevelt made many avoidable mistakes, such as the unsatisfactory Polish situation. The unusual length of office, and the subsequent corruption of power were also criticized.

Open discussion from the floor directed by Professor Hand covered such issues as the tariff, isolationist forces in both parties, the question of post war unemployment, the soldier vote, and the political records of both candidates.

Correction

In last week's Cynic in an article on the first degree initiation of the Owls, one name was omitted and another misspelled. Gunther Muller '48, was omitted and the correct spelling of the other name is I. Winifred Parker '48.

Sports Stuff . . .

Cynics Free to U.V.M. Servicemen

Elaine Oleng, Business Manager of the Cynic announces that free subscriptions of the U. V. M. weekly will be mailed regularly and free of charge to all the armed services stationed at the University. Free subscriptions will be sent only on receipt of the names and addresses. Any servicemen taking advantage of this may do so by sending a request accompanied by the proper address to the Business Staff of the Cynic.

FIRST FIRE DRILLS HELD IN ALL DORMS

The first fire drill for the year was held Tuesday, October 24 at 6 a.m. in twenty-six houses. In order that the more convenient time for the drill, as expected in the way of fire drills, are scheduled to happen at any time, oftentimes between 2 and 6 a.m.

When the alarm rings each girl gets out of bed, grabs a wet washcloth, puts on shoes and coat, closes the window, takes her notebook and turns off the gas in her possession, leaves the door open behind her as she goes on, and reports downstairs as quickly as possible.

Each house is staffed by captains and lieutenants, the number of lieutenants depending upon the size of the house. The fire captains are under the direction of Ruth Schoppe '46, the fire marshal.

Prof. Johnston Visitor

Steward S. Johnston instructor in Romance Languages at Radcliffe and Harvard returned to visit the campus during the week-end.

GAY THEMES MARK STARTING GUN OF RUSHING PARTIES

Gaiety and excitement were the keynotes Saturday afternoon when the eight sororities on campus entertained at informal rushing parties.

ALPHA XI DELTA

Attired in short cotton dresses and carrying dolls and stuffed animals, the girls who visited Alpha Xi had a marvelous time playing games and singing. Since it was a little girl party the refreshments were ice cream cones and animal crackers.

ALPHA CHI OMEGA

At Alpha Chi, Joe the jovial bartender, presided over the now traditional "Friendly Tavern." While the patrons imbibed freely of cider and soda and munched potato chips and cheese popcorn, Roxy LaRue, Anita Smith, and the Barbershop Quartet entertained with such gems as "What's the Matter with Father?" and "I Want a Girl." After Marge "Old Soak" Nelson's dramatic rendition of "The Face on the Barroom Floor," the girls consulted the ouija board to see if 1948 would be the happy year.

DELTA DELTA DELTA

The Tri Delts centered their party about Mother Goose Rhymes. Dressed as familiar characters in nursery tales they conducted a contest in which the rushees figured out whether they represented Humpty-Dumpty, or Bo Peep. "London Bridge," "Marberry Cross" and "Pin-the-tail-on-the-cow" were followed by ice cream, cookies and ginger ale.

D Phi E

The theme of D Phi E's party—Harvest Jamboree—was carried out in gay decorations of green and yellow streamers, berries, pine and pumpkins. Games were played on a contest basis between sorors and rushees and a Harvest Fashion Contest proved great fun. Highlights of the picnic refreshments were apples and popcorn which the girls roasted over an outdoor fireplace.

PI BETA PHI

At the Pi Phi's Museum were exhibits such as the U. V. M. Boulder (?) and a stuffed Al Capone. Jackie McCormick and Nancy Dockstader entertained and everyone enjoyed a skit "The Three Mummies." Coffee and cupcakes were served to the museum guests.

SIGMA GAMMA

A Gay Nineties Tavern kept respectable by "Bouncer" Spike Thornton was operated by Sigma Gamma. After checkers and card games the group split into three

Orchestra

Recitative, "E strano" and Aria "Ah, fors' è lui" from "La Traviata" *Verdi*

Miss Coderre

Brightly dawns our wedding day, from "The Mikado" ..... *Sullivan*
Mighty maiden with a mission, from "Princess Ida" ..... *Sullivan*
Dance a cachucha, fandango, bolero, from "The Gondoliers" ..... *Sullivan*

Mixed Chorus

English Woman to Talk on Land Army

On Friday night, November 10, at 7.30 p.m. Miss J. W. Strang of the British Women's Land Army will speak at an informal discussion in the Student Lounge. The discussion will be sponsored by the Sophomore Aides, sophomore women's honorary society.

Miss J. W. Strang came to the United States at the request of the United States Department of Agriculture. She has been chief instructress of the Northamptonshire Institute of Agriculture and since 1940, has been responsible for the training and welfare of 1,450 land army recruits housed at the Institute. She was born at Workers Farm, Eaglesham, near Glasgow, Scotland, and attended the Dairying and Poultry Schools in Kilmarnock. In her final year she received the John Speir Memorial Prize awarded to the best woman student. She was in charge of the King's dairy and pedigree Ayrshire cattle at Balmoral for a year.

Miss Strang will be introduced by Miss Luce of the Vermont Extension Service Bureau. She has brought with her a number of pictures and "snapshots" of girls and women at work on the farms of England and also the United States. They show the girls at work in the field, dairy, and stable.

A large number of college women all over America have participated in this Women's Land Army project during their vacations and on their own time. There is a display in the window of the Book Store showing some scenes on a typical farm.

There will be a meeting of I. R. C., Wednesday, November 8, at 7.30 p.m., in Room 115 Waterman.

Wilson Daily '45 Is New Student Government Head

Ruth Schoppe Elected Vice-President; Officers Urge More Participation From Student Body

Wilson Daily '45

Wilson Daily is the students' choice for President of our Student Government it was announced at convocation. He is dynamic concept of the conditions of the world today and says, "Just as the monasteries during the Middle Ages preserved for the Renaissance and hence for all time a highly developed pattern of life of early Greece and Rome so must the University of today fulfill a function of almost equal importance.

"Vermont heroes of Saipan must not come back to their native state to lay their victory for democracy at the feet of a people made unaware of the significance of their victory.

"A vigorous Student Government is the means at our disposal by which we, in the University, can keep alive the claim of freedom so adequately symbolized in the Vermont Town Meeting."

After serving in the Signal Corps for one year Bill was given an honorable discharge and returned to the University. He has been accepted by Union Medical College of Albany; however, he will complete four years at the University before entering medical school.

Ruth Schoppe will serve in the capacity of Vice-president of the Student Government for the ensuing year. Behind her is a long list of activities. Along with her many activities she also holds the offices of second vice-president of Student Union and Junior Pan Hellenic representative.

Ruthie agrees wholeheartedly with the remarks made by the President and wanted to add: "The students should show more interest in the Student Government since it is their government. Decisions involving issues of interest to the students should not be forced onto the shoulders of the Council. In order to maintain a progressive Student Government the whole campus should function as one body. This end can be accomplished if the students will make it their business to attend the meetings."

Tabulation of Results

For President

Wilson Daily 148
Clement Holden 101

Ballots cast 249

For Vice President

Ruth Schoppe 120
Bill Cook 71
Marjorie Alexander 63

Ballots cast 254

There were five ballots on which only the Vice-president was checked, since some of the freshmen were not acquainted with the men running for the Presidency. This accounts for the fact that five more votes were cast for the Vice-President than for the President.

Student Gov't Committee Reports On Campus Events

Student Activity Fund, Scholarship, Cut System, Discussed at Meeting

The meeting of the Student Government Executive Committee was held in Room 140, Waterman Building, on November 3, 1944, with President Wilson Daily, presiding.

The secretary's report was read and accepted.

Treasurer Beryl Cheney announced that there was $13,500 in the Student Activity Fund and explained the allocation system. The Student Government Cultural Committee allocation has been cut this year to $750. Many other allocations have been cut after each organization has been consulted as to where its budget for the year could be reduced.

Committee Reports

Reports from the standing committees were given. Margaret Donahue reported for the Pep Committee, announcing that Harriet Barron has been elected chairman of this committee. This committee sponsored the Hobo Day Bean Supper at a cost of approximately $5.00. Also the Pep Committee sponsors the band which is making its first marching appearance in the Armistice Day parade, and it is helping Mortar Board put on a minstrel show.

Mary Ashe reported the work of the Social Committee, pointing out that their chief work was the social calendar in the *Freshman Handbook*. At this time it was suggested that any change in the social calendar be made through the Social Committee.

In connection with the Cultural Committee, there were no nominations for its chairman because of the point system. Marjorie Nelson was appointed to look up the precedent as to whether the chairman is to be a member of the Executive Committee.

Beryl Cheney reported that Mary Harmon is carrying through the tree project with the help of her committee and the Botany Department.

Under old business the U. V. M. Student Government scholarship was brought up. Beryl Cheney reported that the $100 scholarship was set aside in the treasury

(Continued on page 6)

Faculty Committee Discusses Cutting

The cut system as it stands was passed by the University Senate last spring. However, the statement is too broad and there must be some clarification of it before the Senate can take further action. The committee under Doctor Marvin met Monday night to work out the system in more detail and President Millis will take it up with the Senate at its next meeting which will probably be Friday.

The Most You Can Lend is the Least You Can Do

The Vermont Cynic

The Official Student Newspaper of the University of Vermont and State Agricultural College

VOL. 62 NOVEMBER 8, 1944 NO. 68

Brass Tacks

The time has come, the walrus said, "to speak of many things" and the walrus was right. During the past week there has been expressed [illegible] the present [illegible] Most of it is [illegible] much [illegible]

Every publication and every group has a different conception of the function of a college paper and conflicting views are entitled to that opinion. To those of us who have accepted the responsibility of editing the Vermont Cynic the purposes are clear and unchanging.

[illegible] *a great many constructive criticisms and importunities all the events* [illegible] by this campus.

[illegible] *to present features articles that are interesting, valuable and* [illegible] *that reflect and stimulate the thinking of the students at this* [illegible]

[illegible] *to be devoted at all times to the fine traditions and high ideals for* [illegible] *which the University of Vermont stands—uprightness, honesty, democ-* [illegible]

[illegible] to attempt at all times to achieve these high standards of journal- [illegible] which have long been the tradition of the Cynic. To report what the [illegible] meeting and following is our objective. What more valuable service [illegible] a college paper render its readers? At no time have we refused to [illegible] the opinion of any student on any subject, merely because it did not [illegible] with our own. Our columns are always open to letters to the editor. [illegible] have included the opinions and ideas of a great many students [illegible] contributed on a great many subjects of vital interest to every student on this campus. In our news columns we try to cover impartially every [illegible] event, and promptly. Our staff is always ready and willing to listen [illegible] and consider constructive suggestions and criticism. We are not perfect [illegible] there is plenty of room for improvement. But before us always is that [illegible] toward which we as a staff and as individuals have been constantly and diligently striving. "A man's reach should exceed his grasp," [illegible] a campus paper? It should be more than a campus gossip [illegible] It should feel the pulse of the university—the hopes and aspirations, the work, the fun and the humor and the continuous conflict of ideas that [illegible] through the harrowing veins of college life.

[illegible] these are the ideals and traditions of the Cynic which we cherish. As long as we are entrusted with upholding them we shall not ration out time or our effort, we shall not hesitate but rather, but shall continue to work to the best of our ability that the Cynic may be a newspaper of which Vermont can be justly proud.

Manners!

Crowd about! And a crowd it has—that I want your turn to think about the other fellow! He might be hungry too!—just crowd right in there [illegible] yourself! Me first!

It is certainly deplorable that a few people should forget the rules of fair play when mealtime comes around. It is unfortunate indeed that supposedly mature college students will not recognize the simplest courtesy when it comes to standing in the line in front of the Waterman Cafeteria. How humiliating it will be if Student Government is forced to take action to maintain common courtesy!

We are no longer in kindergarten. It is about time we woke up to our selves and used a few good manners.

Campus Comment

★

To the Editor of the CYNIC:

Recently an incident [illegible] on the campus impelled me to present to the entire [illegible] I have in the following article. I [illegible] am [illegible] well qualified to write on the subject in the best [illegible] sense. For [illegible] seven years previous to the [illegible] Army, I [illegible] was quite impressed with the certain [illegible] I gave [illegible] myself to return to. I [illegible] that [illegible] should know how one [illegible] at least, of their returned service people [illegible]

Once again [illegible] returned a [illegible] Many [illegible] citizens feel [illegible] that [illegible] will forever more [illegible] What to me [illegible] is [illegible] to be measured in terms of the "Almighty [illegible]" Or shall we consider it as a [illegible] Home for the Homeless Tempest [illegible] where a "Torch" gleams at the [illegible] Door. Will the philosophy of [illegible] and Bull" [illegible] forever [illegible] over the finer things [illegible] Will the [illegible] narrow bigoted [illegible] thumb religious [illegible] and [illegible] forever forsake the Narrow Gate and Straight Road [illegible] and partake of the "Bear and Bull" [illegible] Drink. I be precluded no doubt it seems to me that unless we change many of our ways of our habits, of our very mores we as One Hundred of the Epoch are doomed to failure. Perhaps the building of empty towers is of more import than the silly tackling of a Torch. Perhaps the keeping of the masses in their proper place is of more importance than the selfless urge to improve the lot of those same masses. *Great facet immorality, phrase thereof honest mistake.* Would that Pandora's curiosity had been removed in her early childhood.

Watching a group of U. V. M. men go through an easy little obstacle course I saw many wise cheated at various hard places. How degraded our civilization has become. How low we have sunk. The thinking of supposedly superior (though actually morally, mentally and physically inferior) youths (who dodge the hard spots that they may arrive at the finish with the field if not already), is truly a worthy product of our mores over the past century.

Progress! At the cost of individual worth. The machine molding. The unreasoning worship of money, and money progress, class and class snobbishness, deceit and the obtaining of the objective in the easiest way without getting caught. I thought of another group going through the toughest Commando course in the United States. I was one of that group. May I tell my reactions? I know how I felt. I was the oldest man. I was six weeks out of a hospital, soft, in poor condition mentally and physically. Yet my rank gave me command of a platoon. I was the last man through that course and many times as tracer slugs whipped over my head I had to summon that last ounce I thought I did not have. Why? To save my legs from being blown off by the dynamite thrown at me to hasten me on? I'm not saying I was abused. I know I was not. But does "Percy Pinfeathers" feel as I did? I doubt it like hell. I'll wager his line of thought runs thus. Father must really see the Dean of this dump and let him know he can't allow these things to happen to me. Perhaps he'd better see Senator Gruff and give him an earful. After all the old man dishes out enough cash."

Yet, old as it may seem, these same pimply faced caricatures of mankind often make the best of soldiers. Help me answer that one! I'm stuck. It is a fact though!

Why should I feel that a soldier (an oftime drunken, licentious lout, fit only for killing men) is of better material than these "higher class" offspring, mentally morally and physically?

In the last war "to save the world for Democracy" a dying voice proclaimed "To you from tailing hands we throw the Torch." In New York harbor stands a figure, blinded holding aloft a Torch. Long years ago in another land was born a Youth who in the prime of manhood kindled a Torch and in dying was moved to leave that sacred flame to the [illegible] care of men unborn. Not so long ago in our country a man lived who wrote "We [illegible] ago drew from the sword of victory [illegible] The best scourge of tyrants." And "The common soldier and the unselfish patriot will in this crisis shrink from the service of his country, but he that stands it now deserves the love and thanks of man and woman."

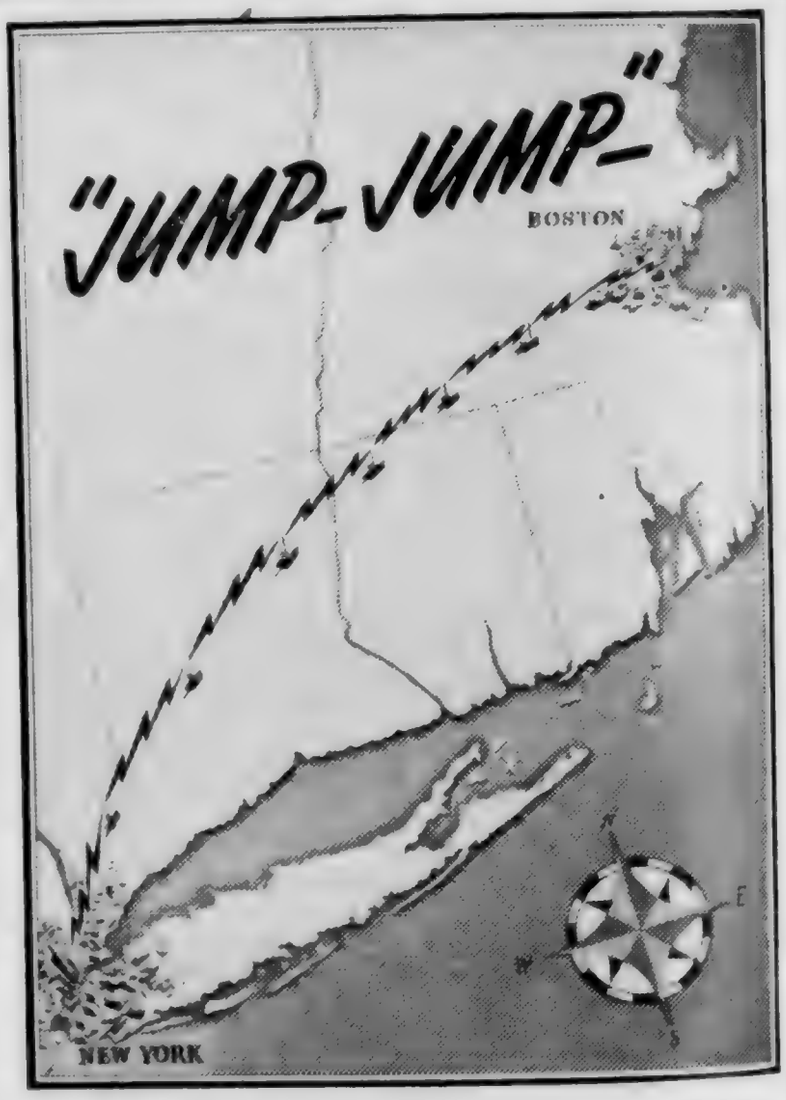
Time is no need to quote further. Any man should know that being a soldier calls forth the best in a man, either for his personal good, or for his potential evil. Soldiering is the ultimate school that adds the final touch of training. Whether any believe it or not this training is not only to be a killer. A soldier who has gained added appreciation cares that, one who has come out, not destroyed, men material is essential to be an efficient soldier. Rather it is that soldier who insists "The better the kept God" who is the finer soldier. This one thing in a man more [illegible] than any other calls for "That last ounce of devotion." I have been and still consider myself a soldier. (Good or bad, I'll leave to one higher than man to judge.) Man must be of three [illegible] 1. For Good. 2. For Evil. 3. Status. Most of us are a mixture. To [illegible] above the crowd requires one usually to concentrate on one class. This calls for a warfare as ruthless in *oneself* as any thing a soldier of 1944 faces. To select the good class is to take the toughest course.

As I said before, we as a nation face another crisis, stand on a high and lonely peak. We are not wholly a nation. We are a Dream an ideal an Idea, a Theory. We have worked out some few facets of a diamond clear, diamond hard tool to hew "The Way of Life" along the "Straight" road through the "Narrow Gate" to our final and ultimate end. I believe we have the right tool but *will we blindly ruin it?* The right tool is worthless without trained and skilled and honest workmen. Will those who cheat at the little things make the proper facet on the tool? Can they become the cleaners of the common load along the "Straight" road? I doubt it. What do you think U. V. M.?

Bought with how much young blood, how can those here at this [illegible] Honor, "The Torch" handed [illegible] from "falling hands" or [illegible] light-fading eyes? Must "Mars" and "Lust" forever rule men? [illegible] our goal as a nation? Is that [illegible] goal?

E. M. [illegible]
Ex-Tech. Sgt., Reserve U. S. Army, Special Service.

ATTENTION!



Classes will be held as usual on Saturday, November 11. It will not be a university holiday.

Due to the accelerated program the University will recess but one day for Thanksgiving and that on Thursday, November 23. The University catalogue gave the date as November 30 and it is wrong.

The dates for the Christmas vacation will be as given in the catalogue Thursday, December 21 to Wednesday January 3, 1945, inclusive.

The University Council has voted to change the dates of the Spring vacation to do away with the need for travel on Easter Monday. The vacation will begin Tuesday noon, March 27 and terminate on Wednesday, April 4 at 8:00 a.m.

The University Council has taken no action changing the hours of meeting classes on the days preceding and following holidays, and all students are reminded of a regulation of the University of Vermont which places all students who cut classes on days immediately preceding or following holidays on probation. This means that for a period of one-half year the student is excluded from all rights for financial aid from the University and from all extra-curricular activities.

NEW RADIO RELAY LINK
FOR TELEPHONE AND TELEVISION

Tiny radio waves, shorter than any used before in commercial telephony, will link New York and Boston in a new experimental "jump-jump" relay system for the transmission of telephone speech and television programs.

These waves travel in straight lines like beams of light. Because of the earth's curvature, the distance will be spanned in a series of straight-line jumps between transmitting and receiving stations about 30 miles apart.

The Bell System plans post-war improvements in ways like this, to extend its nation-wide service by providing more Long Distance telephone facilities for peacetime needs.

BELL TELEPHONE SYSTEM

"Service to the Nation in Peace and War"

Sorority Notes

KAPPA ALPHA THETA

[illegible] into Kappa Alpha Theta on [illegible] November 5, were Georgia [illegible] '47 of Short Hills, N. J., Ruth [illegible] '45, of Walpole, Mass., Phyllis [illegible] of Milton, Mass. Peggy Miller, [illegible] Burlington, Jeanne Phillips, '45, [illegible] Pa., Jane Smith, '47, of [illegible] Hills, N. Y., and Joanne Stevens, '47 of Worcester, Mass.

[illegible] was followed by a dinner in honor of the new initiates at the Theta House.

[illegible] McAuliffe '44, of Burlington, passed chocolates last Monday night to announce her engagement to Bob [illegible]. Jane is now in Boston at [illegible].

[illegible] entertained their Grand Treasurer, Miss James Moore from October 28-30. During her visit the alumnae and active gave various suppers and teas.

TAU LAMBDA MU

Tau Lambda Mu had as its rushing party last Saturday the "Maison du Chapeau," a make-up party. It was held at the Hillel House in rooms decorated as a complete beauty salon.

Sunday open house was held in the third floor lounge of Waterman.

[illegible] Rindler has been at home over the weekend—whom did you see, Doris?

Accidents galore — Mimi's hand — Sunny's eyes—we had our share of invalids at the make-up party.

Ruth Rapport, who graduated from U. V. M. last spring came up from Boston this past weekend to see Shirley Harris.

DELTA PHI EPSILON

Delta Phi Epsilon welcomed its first Delta Alpha baby, 19-month-old Lincoln, who arrived from Texas with his mother, Gloria Oling Frank.

Speaking of visitors, Ruth Spevak Becker '42, came up and personally passed chocolates at a Monday meeting. Lynn Epstein, returning to U. V. M. as an alumna was very glad to find things pretty much as she had left them last May.

Elly Konowitz went home to Boston for the weekend while Selma Sondik was passing and in action at the University of Connecticut's Hillel convention.

The glowing faces of Rose Margulis and Elaine Oling can be attributed to only one thing: the reappearance of Leonard and David, respectively.

The engagement of Gerry Jasper, '44, to Michael Holtzman, now a student at Middlesex Medical School, was announced.

CAMPUS CAPERS

Ever since it was discovered in 1847 the U. V. M. boulder has been the subject of student pranks. Not only U. V. M. students but outsiders desecrated the stone. Norwich ruffians and Middlebury rowdies made regular forays to the U. V. M. campus before important football games to paint the boulder.

This Hallowe'en the venerable boulder was once again painted. This time the vandals used a bright red enamel to paint the stone.

The deed was carried out some time between 2:00 p.m. and 4.30 a.m. Mr. Kehoe, superintendent of buildings, reported the matter to the police, but as yet the culprits have not been apprehended.

Sally Maybury Joins Secretarial Instructors

Miss Sally Berry Maybury has been appointed as new instructor in secretarial studies by President Millis. She has been graduated from the School of Secretarial Science at Gregg College, Springvale, Me., and has had experience as a sales correspondent. Mrs. Maybury received her B.S. at Gregg College and her M.Ed. at Boston University. She is a member of Delta Pi Epsilon, honorary soceity for business education.

A quarter-horsepower electric motor will do the work of one man.

Art Museum Exhibits Salts, Collector's Hobby

Four exquisite china salts highlight a collection of more than 50 pieces now on display at the Art Museum. The public is given an opportunity to view the beautiful works through the kindness of Mrs. Josie M. Richardson, Burlington art collector.

In addition to the china salts there are pressed glass, blue, gold, and silver salts, many of which contain rare markings or have been made with the utmost care.

Mrs. Richardson has made a lifetime hobby of gathering rare and fascinating dishes. Her interest began years ago as she traveled throughout the state with her late husband taking pictures of Vermont's ancient covered bridges. She found many articles in antique shops, private homes, and novelty stores.

During recent years Mrs. Richardson has added materially to her collection of salts and covered-bridge photographs, while at the same time inaugurating an interesting button collection.

41 Students Make Summer Dean's List

The following students in the Arts College attained an average of at least 85 during the Summer Term 1944. This list is divided into four groups, the first group (Summa Cum Laude) includes all with an average of 95% or better; the second group (Magna Cum Laude), those with an average of 92.5% or better but not 95%; the third group (Cum Laude), those with an average of 89% or better but not 92.5%; the fourth group (B average), those with an average of 85% or better but not 89%. Students taking less than nine hours in Summer Term and Summer School are not included:

Frosh Girls' Gym Classes Show Range Of Active Sports

Team Sports, Lectures and Demonstrations Included In Program

This year, the plans for the freshman gym classes have been switched around, due to the late opening of the fall term. Usually the fall sports consist of tennis, hockey, archery, riding and softball, but because of the weather this schedule has been changed.

The program has been worked out carefully, and this year the freshmen will have a wide range of sports and activities to keep up interest. After four weeks of volleyball and badminton, the large classes made up of from forty to fifty girls will start on November the ninth with four classes of lectures on the fundamentals of sports education and posture. All of these physical education classes are designed to help build healthy bodies.

Modern Dance

One period of modern dance demonstrations is to be given this year, to promote interest on the part of the students toward the modern dance W.A.A. club group, in which many girls of past years have presented dances in many college activities.

The next series of clubs will open the basketball season. Following will be five classes on body mechanics, and by about 12 classes of modern dance.

Then this spring, because of the longer spring season, tennis, hockey, archery, softball, and riding will be offered. Riding is also being offered this fall and will be counted as a regular gym class.

Miss Cummings

Miss Cummings, head of our Physical Education system at U. V. M., is a graduate of Boston University and took her physical education training at Wellesly. She expressed her pleasure at the amount of freshmen and upperclassmen who turned out for the "hike-bike" club last Sunday. The Physical Education Department at the University is working side by side with W. A. A. and is anxious that all turn out for these clubs.

The teachers who aid Miss Cummings in her work are Miss Ethel Hoffman, who received her Physical Education degree from George Washington University and her Master's at Wellesly; and Miss Jeanne Euler, a graduate of Bouve Boston School of Physical Education and who received her Bachelor's at Tufts College.

PFC. JULIUS COHEN CONDUCTS SERVICE

In the absence of Rabbi Gellman, Pfc Julius Cohen conducted the Friday evening services held at Hillel House, 34 Colchester Ave., on November 3.

Following the prayers and songs of the evening, Private Cohen spoke on the origin of Hillel, its evolution and meaning to the students of U. V. M. today. Summing up Hillel's aim he stated that the religious organization provides a time and place for Jewish fellows and girls to pick up a little of what they left home.

Refreshments were served after services came to a close and informal get-togethers took place for the remainder of the evening. Attendance was good and included several of the medics.

Alumni Celebrate With Informal Evening Party

A hilarious, strictly informal evening was spent by the U. V. M. Alumni located in Burlington on Friday, Nov. 3, in the Student Lounge. Hallowe'en was the general theme of the second annual party and the usual typical games were played.

Harry Gallup, '18, led the singing. Refreshments consisting of cider, doughnuts, and apples were served. Prof. Lyman S. Rowell, '25, served as master of ceremonies and contests were held between the Green and the Gold teams. Morris Wilcox, '16, was in charge of the committee for games, music and refreshments.

ROTATING SCHEDULE IS INTRODUCED FOR ZOOLOGY PROFESSORS

At a recent interview, Professor Lockehead explained briefly the rotating schedule of the faculty in the Zoological Department and told of their respective activities during the recent vacation.

Doctor Rowell spent his summer studying at the University of Chicago. His courses were microgenetics and endocrinology. While there, he met Mr. Smith who is here this fall as the director of the campus libraries.

Because Professor Moody taught through the summer term, he is now vacationing. He not only works eight hours a day in the maple syrup industry in Burlington, but also finds time to be at the University laboratory often.

Professor Lockehead, himself, taught this summer at the Marine Biological Institute in Woods Hole on Cape Cod. He stated that this is the biggest biological laboratory in the eastern United States. Besides teaching invertebrate zoology, he did some research work. He told of meeting Elizabeth LeDuc '43, who received a scholarship from Wellesley after her graduation from U. V. M.

During the spring term, which is the busiest season of the year in the department, all three professors will be teaching. This year is particularly busy because of the especially large freshman class.

Social Committee Changes Calendar

At a recent meeting of the Social Committee of U. V. M. Students the question of carrying out the arrangements made for each organization's evening on the Social Calendar was discussed. Special emphasis was placed on the fact that Saturday night programs should be followed through as scheduled. This year there have been changes made among organizations without any official consultation with the Social Committee. The committee adopted a new policy which will require a written petition be presented to it if a date on the Social Calendar must be changed. This petition must be handed in two weeks prior to the date for which an organization is responsible for a social program. There can be no exchange of nights on the Calendar unless this method is used, and all organizations are urged to cooperate in this matter. The written petition may be presented to Mary Ashe, chairman of the Social Committee.

New Pep Committee Named at Meeting

Anderson Resigns; Baron, Fitch Elected

The meeting was called to order by the Chairman Pro-tem, Mary Greene, in Room 140, Waterman Building, at 5:00 p.m. Rita McGarry was elected to serve as Secretary Pro-tem while Secretary Greene is acting as Chairman in the absence of the President and Vice President.

It was announced that President Millis and Dean Swift had selected one senior and two juniors to serve in place of Boulder with Mortar Board, Miss Simpson, and the three Deans of the undergraduate college on the nominating committee for Student Government President and Vice-President.

A blanket motion was made and carried that last year's absence excuses from council meeting would be accepted as valid.

Since Barbara Anderson, Chairman of the Pep Committee has resigned, two new members were elected to serve on that committee—namely Harriet Barron and Pauline Fitch.

The subject of holding a Convocation on Thursday, October 26, was discussed. It held the nominees for President and Vice-President as well as the members of Student Government will be introduced. The cut system and also Article 4, Section 4, of the Constitution which pertains to the judiciary system, will be brought up for discussion.

It was decided that Student Government Executive Council meetings will be held every Friday afternoon at 4:30 in 140 Waterman.

Respectfully submitted,
RITA MCGARRY,
Secretary Pro Tem

OWLS GIVE DEGREE

Friday was a big night in the lives of ten happy pledges of the Owls. Alumni and brothers held a second degree initiation for the benefit (?) of the pledges. Now the fellows know the meaning of those paddles which they carried around all last week. All the pledges were supposed to refrain from laughing during a certain part of the ceremony, but Windy Parker couldn't help himself, but the brothers took care of that. Jim Shadvac must be muscle-bound because when he swung that instrument from way back, all the pledges knew when it arrived.

After enjoying a beautiful moonlight November night, the men retired at the early hour of 3 a.m. to sleep on their stomaches.

Marion Melby Tells Home Ec Club of Chicago Meeting

Speakers Stressed Need For Rehabilitation In Post War World

Marion Melby, [illegible] principal speaker at the Home Economics Club meeting on November 2, reported on the American Home Economics Association convention which she attended in Chicago, June 26-29. Representatives from colleges and institutions throughout the United States met at the convention to hear talks by noted people active in the field of Home Economics and to exchange ideas about club work in their schools.

Miss Shove

Among the speakers that extensively impressed Miss Melby was Miss Dorothea Shove the only woman appointed by President Roosevelt to attend the recent International Food Conference. Miss Shove stressed the fact that "rehabilitation does not consist in setting up soup kitchens, but rather in providing the means for families to earn their own livelihood." Dorothy Lundy, University of Illinois, spoke on "Psychological Adjustment of Returning Soldiers and Family." He feels that the returning soldier to make a satisfactory adjustment will want security to the feeling that he counts as an individual, and is of economic value. Doctor Griffin says, "People must be quick to understand but quicker to forget." Doctor Justin, co-author of a foods textbook used at U. V. M., gave a talk on the "Time for Greatness." She said that people are too interested in gross practices rather than individual characteristics which are actually more important.

Home Ec Workshop

Marian worked on a committee at the convention to publish pamphlets explaining the purposes of Home Economics Clubs in particular. The United States has been divided into 10 sections each of which will have a workshop at an appointed time represented by one delegate and an advisor from each club. At this meeting, problems of the clubs will be solved and ideas for projects will be exchanged.

In the short business meeting preceding the report by Miss Melby the program for the year was read. Any suggestions from club members will be welcomed by the Program Committee who hope to make this year an especially successful and stimulating one.

Mrs. Chandler Speaks Of Her Experiences In The Far East

by Dorothy Woolley

Mrs. Robert E. Chandler spent a few days on campus the latter part of last week interviewing students for work abroad under the auspices of the American Board of Missions.

Mr. and Mrs. Chandler have spent many years in China working under the American Board of Missions. Their last post was Dairen in north China where they were interned under the Japanese occupying army. They were there until shortly before Pearl Harbor. If they had been there longer they would have become prisoners of war as so many of their fellow workers have since.

Meets Jap Soldiers

Mrs. Chandler especially emphasized her meetings with the Japanese soldiers. Since she speaks Japanese fluently, she was able to talk with them in their own language and thus was able to learn many things others could not. She was also able to get friends released by the army officials. According to Mrs. Chandler the Japanese soldier does not like being stationed in China, and is homesick and disillusioned. He is baffled and puzzled because the Chinese people do not seem to realize that they are beaten. Instead of being downcast and defeated, the Chinese people continue to hold their heads high. The Japanese soldier cannot understand this attitude, and it is undermining his morale.

Russia

Mrs. Chandler works as assistant to her husband who is Candidate Secretary of the American Board of Missions and in charge of getting new recruits for overseas work especially after the war. The primary aim at present is for rehabilitation work.

The Board's work consists mainly of schools, churches, social work and relief work. While the Chandlers were in China, Mrs. Chandler started an industrial project for women impoverished by famine. It was a cooperative arrangement with profits returning to the workers. The larger industries could not understand how the company could pay higher wages and provide better working conditions and still have higher profits than they did.

Mrs. Chandler feels that this type of work is of interest to many college students because it fills a human need. The opportunity to contribute to the welfare of the people in Afghanistan, China, or Turkey appeals to a great many forward looking students, she says, as well as offering them a chance to see more of the world than just their own country. She added that the Board attempts to extend Wendell Willkie's idea of a "One World," and to show its workers that only by helping others can conditions in this country be improved.

ATTENTION!

There will be a staff meeting for the entire staff both editorial and business on Thursday, November 9, 1944, at 7.15 p.m., in Room 140 Waterman. Attendance is required.

EDITOR-IN-CHIEF.

Co-ed Band Swings Into Second Season

The U. V. M. Co-ed Band has begun its second season of operation under the capable supervision of Dr. Joe Lechnyr, director, and Miss Margo Donahue, '45, manager. The band has already appeared in public performances this semester, the first being the concert during the Freshman Week picnic and the last being a concert climaxing the Hobo Day festivities.

The organization's next engagement will be November 11, when it will march in the Armistice Day parade. The last several rehearsals of the band have been dedicated toward the molding of a snappy marching outfit. The intricate twirling of Miss Harriet Cohen, '46, followed by her seven little prodigés will lead the band through the streets of the city on the 11th day of November.

The roster of the U. V. M. Co-ed Band follows:

Director—Joseph F. Lechnyr, D.M., bassoon—Barbara Morgan, bells—Sally Merwin, clarinets—Larry Ahrens, Esther Ballard, Bobbie Benjamin, Mary Brisbin, Connie Brownell, Helen Bruce, Virginia Campbell, Margot Donahue, Julia Hurley, Audrey Hutchins, Betty Johnson, Frances Lawliss, Rachel Murray, Barbara Newlander, Susan Walthew; drums—Anna Beaulac, Harriet Bristol, Deborah Cobb, Ruth Erwin, Rita Keefe, Barbara McGeever, Merle Moulton, Janette Nelson, Paula Whelan; drum base—Walter Stern; flutes and piccolos—Mary Bresnehan, Esie Bruce, Paul Carey, Charlotte Chaffee, Mrs. Dale Clark, Patty Jones, Ann Noble, Barbara Parrott; horns—June Abell, Beatrice Bickford, Mignon Burggraf, Mary Hayes, Ruth Holmes, Priscilla Klain, Mary Kudiesy, Albert Metcalf, Wendy Millington; oboe—Bob Boyarsky; saxophones—Pauline Breen, Jean Carlton, Mike Greenfield, Phyllis Story, Shirley Zoll; trumpets—Harold Aseltine, Larry Ambrose, Chestine Brown, Eileen Chisholm, Janet Clogston, Fran Donahue, Sybil Gardner, Verna Hall, Dick Merrill, Elizabeth Naess, Donald Pease, Mary Pease, Bob Rosenberg, Anita Smith, Alison Stead; trombones—Eunice Simmons, Lorraine Luce, J. Winford Parker; drum majorette—Gail Thompson; chief, twirler—Harriet Cohen; twirlers—Ann Hoos, Evelyn Olsen, Mimi Lippman, Ronda Prouty, Maude A. Wiggins, Esther Hoeman, Marian Lewis.

Social Workers and Hygienists Convene

Governor Wills Speaks On Post War Planning

The Vermont Conference [illegible] Workers held its annual conference October 26 and 27 at the Hotel [illegible]. This conference of a state-wide organization is composed of public and private social workers, and lay persons interested in social problems. It was founded in 1916.

At the opening of the conference Thursday the principal address was delivered by Governor Wills. He spoke on post war planning, and said that a special committee would be set up to study the various state institutions and social services with a view to making recommendations for their extension and improvement of these services.

The conference primarily discusses the ways and means of meeting the various social problems of this state. It also makes recommendations to the legislature. Over the years it has had an important influence on social legislation in the state. This year the conference discussed the settlement laws of the state. Settlement laws specify conditions under which a person establishes his residence to receive public relief. At present an individual must be a resident of a town for three years in order to apply for relief.

The conference considered two suggestions regarding these laws:

1. That the time required to establish residence be reduced.
2. That the settlement laws be scraped.

The conference has gone on record as favoring the second suggestion.

Minstrels Meet, Plan Mortar Board Fall Entertainment

Last Monday at 4.30 in Waterman Building a meeting of all the minstrel talent was held in Waterman. The minstrel show will be given on Saturday night, Nov. 25, in the cafeteria.

At this meeting Mortar Board presented its idea. Those who had signed previously were told the acts they were to work up.

Out of the ideas which flew back and forth a real old-time southern minstrel show developed. There will be the southern gentleman and the southern belle. There will be a black face chorus. There are some Gay Nineties routines planned. The U. V. M. Co-ed Band will supply all the background music, as well as doing some of their star numbers.

Anyone who has any ideas for the show is asked to contact either Fran Donahue or Mary Ashe. Those already in the show are to watch the stairway Waterman bulletin board for time of rehearsals.

I.R.C. Delegates Meet at Conn. T. C.

Katherine Perry, '45, president of the Inter Relations Club at U. V. M., and Marjorie Alexander, '46, attended the annual New England Regional Conference of International Relations Clubs at the Teachers' College of Connecticut in New Britain. The conference took place November 3 and 4.

This convention, which was attended by approximately 100 delegates from colleges and universities throughout New England and Canada, was held at U. V. M. last year. They met several delegates who attended that conference at U. V. M. and who spoke very highly of this University.

The round table discussions and the addresses by the convention speakers will be taken up by the delegates at the I. R. C. meeting this evening, November 8, at 7.30 in Room 115 Waterman. Both delegates found the conference very interesting and informative as well as entertaining.

Red Cross Personnel Head Here To Interview

Mrs. Anna S. Clewell, Regional Personnel Director of American Red Cross, will be in Burlington all day Thursday, November 9. Appointments for interviews may be made through the guidance office or with Mr. Edward Crane at the Free Press.

Incandescent lamps generate about four times as much heat as fluorescent.

HOME EC HONORARY PLEDGES 4 SENIORS

Omicron Nu, home economics honorary society, pledged four senior home economics students last Thursday afternoon at 4.00 at the home of Miss Bertha Terrill, professor emeritus of home economics.

Shirley Needham, '45, is the only undergraduate member of Omicron Nu at the present time. The pledges, Christine Hughes, '45, Marjorie Nutting, '45, Muriel McKee, '45, and Ruth Ann Holmes, '45, will be initiated in about two weeks.

Miss Terrill gave a tea following the pledging. Members of the faculty and administration present at the pledging and tea were Dr. Florance King, Miss Florence Bailey, and Mrs. Larson of the Home Economic Department, and Miss Marianne Muse of the Experimental Station.

Bluestockings

The U. V. M. women's honorary literary society known as Bluestockings, held its first meeting Thursday night, November 2, at the Pi Beta Phi House. Eleven members entertained as their guest Mrs. Rutledge, house mother at Pi Beta Phi, known to the Pi Phi girls as "Mother Rut."

A short business meeting was held at which it was decided that any member may bring a guest to any meeting with the President's permission.

After the necessary business had been transacted, the girls enjoyed "The Corn is Green" as it was read by Vesta Stevens and Margo Donahue. They finished off in traditional style with cider and doughnuts.

The next meeting will be held December 6 at 7.30, at which time plans will be made for admission of new members to the honorary society.

VCA HEARS NUQUIST

A meeting of the Vermont Christians Association was held Wednesday, Nov. 1, at 7.00 p.m. in the third floor of Waterman Lounge. Professor Nuquist was the guest speaker. His subject was "World Relatedness." A question and answer period followed.

A business meeting was then held for the election of officers, chairmen of the commissions, and a delegate and alternate for the Amherst Conference. The results were: President, Clem Holden, '45; vice-president, Eugene Glysson, '48; secretary and treasurer, Peter Mallett, '48; chairmen of the Commissions on Religious Life, Social Action and World Relations are respectively, Donald Mason, 48, Frank Hedrick, '46, and Kenneth Gibson, '47. Clem Holden was chosen as a delegate to the Amherst Conference.

CIRCUS THEME DRAWS GOOD ATTENDANCE AT NEWMAN CLUB DANCE

The Circus Dance held in the Lounge Saturday night, November 4 under the auspices of the Newman Club, was well attended. The Lounge was decorated with green and purple crepe paper streamers, and a toy menagerie. Bowls of animal crackers and peanuts were on the tables, and coke was sold at the refreshment booth. An unique system of paperless tickets consisted of getting stamped upon payment of admission. M. P. Wetham, USNR, USNA. Music was provided by the faculty juke box.

Dean and Mrs. Carrigan, Professor and Mrs. Quinlan and Miss Katherine Nultv, faculty advisor to the Newman Club, chaperoned the gathering. Rev. Joseph Corbett of Saint Michael's College took the place of Rev. Bernard Cosgrove who was unable to attend.

In preparing the evening's entertainment the University students President Frances Witham, '46, and General Chairman Nancy McNamara, '46 were assisted by the committee chairmen, Rolande Cloutier, '46, decorations; Irene Reed, '46, refreshments; Mary Brennehan, '47, chaperones; and Rita McGarry, '47, tickets. They were also aided by the co-operation of the Newman Club fellows and girls.

Canterbury Club will hold a meeting Sunday, November 12th, at 7:00 P.M. in St. Paul's Rectory, 108 Bank St.

ART STUDENTS SHOW AMUSING CLAY MASKS

Everyone is cordially invited to the east room of the Art Building to see the display of masks made by the art education students.

Some of the masks are amusing and ghastly, and some a little puzzling—all are completely original.

The mask-making process is fairly simple. First, a short hike of several hundred yards to the "clay banks" somewhere in the vicinity of the Winooski River after which the clay must be carried back. Following this, a period of about half an hour is spent in pounding the clay into working order. At this point, one's destructive instincts can be fully realized.

The clay is then moulded and allowed to harden. One layer of cloth and nine layers of newspaper strips moved with wallpaper paste complete the process. After drying, the masks are then ready to be painted and shellacked.

One of the sororities used some of the masks for the first Saturday afternoon rushing party. These masks were made by Joyce Colby, '48, Alison Cady, '47, and Jane Cellar, '47.

In charge of the arrangements of the masks were Teresa Paquin, '46, Claire Bundy, '47, Alison Cady, '47, Ernestine Gidding, '46, June Merrihew, '47, and Dorritt Reed, '47.

Radiograms transmitted by automatic sending machines go at speeds of 1,000 words a minute, even on distances of thousands of miles long.

Rushing Partings

(*Continued from page 1*)

teams, each of which presented a short "meller-drama." Beer (root) and pretzels in huge quantities were consumed, as well as fancy Spanish drinks whose contents cannot be revealed.

TAU LAMBDA MU

Replicas of compacts invited the Tau Lambda Mu guests to La Maison du Charme—a super-salon where expert beauticians were on hand to insure a "lovely" time. Having made an appointment with the receptionist, the girls spent their time being exercised, made up according to type and coloring and finally given a modish coiffure by Madamoiselle Shirley. Naturally refreshments were non-fattening—tea sandwiches, orange slices, raisins and punch.

KAPPA ALPHA THETA

A "mad" time was had by all the Theta Crazy House. After entering the house by a ladder and through the window, the girls were tagged with name and asylum numbers. Ridiculous games and zany entertainment by Harriet Bristol and Duck Frazier, both in one fur coat, continued the "nutty" proceedings. Refreshments of ice cream, toasted pickles, and pretzels were served in dishpans, vases, ash trays, and teakettles.

Hey You . . . Hay Ride This Saturday Night

[illegible]-fashioned hayride and party [illegible] for this Saturday night by [illegible] Club according to President [illegible]. The loaded wagons will [illegible] the corner of Gilbert St. and [illegible]ard at 8.00 p.m. All hayfoot, [illegible]ons are to meet in front of [illegible]man at 7.30.

[illegible] hayride the crowd will gather [illegible]dent Lounge for an evening of [illegible]ommittees in charge of the en[illegible] are in the hands of Millie [illegible] and Katherine Perry, '45. [illegible]s will be served under the able [illegible] Skip Lewis, '47, and Shirley [illegible]alek, '45.

Off Campus

by bunny

[illegible]tale of the upperclassmen is al[illegible]ed a point higher when they [illegible]t of the old familiar faces of [illegible] alumni and former classmates. [illegible] the most recent of these have [illegible]k Prior '44, visiting Irene Reit[illegible]; Phil Robinson '45, having re[illegible]raduated from O.C.S.; Ed Blake[illegible]'43 just back from France; Bill Bir[illegible]d '47 Shirley Wedge Thompson '44 [illegible] Gray '44, visiting the Tri-Delts; [illegible] Frank '45, home on furlough.

[illegible] U. V. M.'ers add their names to [illegible] growing list of women in the Armed [illegible]. In the WAVES: Polly Clark [illegible]; Jean O'Donell '46; Danny Gier '44; [illegible] Webb '44. In the WAC'S Karen [illegible] '47.

[illegible] the Wadyaknow section of the [illegible]ence Department we find that Ed [illegible] '44 met Torry Carpenter '45 in [illegible]. Likewise, George "Spook" Little [illegible] stepped into Bob Kerr '45 in New [illegible]. Bob Freeman '46 and Stewart [illegible] '46 are together in India where [illegible] a medic nursed Stew through [illegible].

[illegible] last week-end it was shoes and [illegible] for Marcia Miller '45 and Tim Gil[illegible], and a similar experience for Betty [illegible] '45 and David Thoma.

[illegible] number of engagees grows steadily [illegible] to add to that already impressive list: [illegible] Marquis '45 to Jim Whelan; Phiddy [illegible] '45 to Dud Davis '43; Carolyn Ken[illegible] '46 to Earl Hutchinson; Jane McAu[illegible] '44 to Bob Moriarity; Peggy Price [illegible] Bob White '43; Shirley Dexter to [illegible] Tuholski '44; Janet Stimpson '45 to Edward Hill.

GIRLS ARE JUDGED IN RIDING FORM AT CLUB'S HORSE SHOW

[illegible]bbon awards were presented to the [illegible]s in last Friday's horse show, [illegible] Ladd and Bea Raymond '47, co[illegible]s of the riding club, announced [illegible].

[illegible] competition was held at Bessette's [illegible]. Mr. Ted Bessette and Doris [illegible] judged the form of the riders. [illegible]ntestants were divided into four [illegible] beginners, intermediates, ad[illegible] and jumpers. There were eight [illegible] in each of the classes, except the [illegible], which had only five.

[illegible]Beginners were required to walk, [illegible] turn their horses. Clare Upson, [illegible] student, received the blue ribbon [illegible] place. Kay Brooks '46, a red [illegible] for second, and Bobby Benjamin [illegible] yellow ribbon for coming in third. [illegible] intermediate class, Spike Thorn[illegible], Paula White '47 and Joyce Flynn [illegible] first, second and third places [illegible]. This group was judged on [illegible]ering as well as on walks and [illegible].

[illegible]dvanced group had to demon[illegible] their ability to watch the leads on [illegible]. They also were required to [illegible] different horses. Marie Lawlor [illegible], Bea Raymond '47 and Bev Murry '48 [illegible] received the blue, red and yellow [illegible] in that order.

[illegible]ers had to clear four hurdles [illegible] difficulty. In this Marie [illegible], Peggy Lawlor and Doris Rand [illegible].

[illegible] than 1,000 electronic tubes serve [illegible]ship and an aircraft carrier must [illegible] according to the Navy.

Coach Announces Plans for Touch Football Tourney

The Men's Touch Football League this fall has had handicaps ranging from the current manpower shortage to snow at the early date of November 6, but Archie Post has posted a schedule in the gym and two or three games have been played so far.

Doggerty's Medics Marsa's Marauders	Wed., Nov. 1	Won—32-8
Independents Ethan Allens		Won—20-8
Ethan Allens Marauders		Field No. 2
Independents "Cats"	Fri., Nov. 3	Field No. 1
Doggerty's Medics Ethan Allens		Field No. 2
"Cats" "The Pearls" (Medics)	Mon., Nov. 6	Field No. 1
Marauders "Pearls"		Field No. 2
Independents Doggerty's	Wed., Nov. 8	Field No. 1
"Cat's" Ethan Allens		Field No. 2
Independents Marauders	Fri., Nov. 10	Field No. 1
Independents "Pearls's"		Field No. 2
Doggerty's "Cat's"	Mon., Nov. 13	Field No. 1
"Pearl's Ethan Allens		Field No. 1
Marauders "Cat's"	Wed., Nov. 15	Field No. 2
"Pearl's" Doggerty's		Field No. 2
	Mon., Nov. 20	

All games are to be played at 4.35 p.m. on either the field back of the Old Mill or the one between the Old Mill and Morrill Hall.

W. A. A. Notes

Hike-Bike Club

Members of Hike-Bike hiked out on Spear Street Sunday morning. Due to the rain only seventeen members turned out for this event. Next Sunday morning a "Hound and Hare" race will be held. All club members should be present as this will be the last meeting of the season.

Riding Club

A horseshow sponsored by the W.A.A. Riding Club was held at the Bessette Riding stable Friday afternoon. Winners of the various competitions were as follows:

Intermediate Class—1st prize, Spike Thornton; Advanced Class—1st prize, Marie E. Lawlor '48; 2nd prize, Bea Raymond '47.

Jumping—1st prize, Marie E. Lawlor '48; 2nd prize, Peggy Lawlor, 3rd prize, Doris Rand.

Mansfield Snow Report

Locality: The Nose, Toll Road, Taft Lodge.

Conditions: Six feet of fresh powder on six-foot dirt base. Icy in spots. Caution strongly advised on all trails. Temperature 0°. Heavy snow falling.

Observers: Audette and Lowenfels.

Remarks—Wax up your skis—season ought to start in a very few weeks. A hearty "ski heil" to all.

A research worker made an electrical recording of the rattle of a rattlesnake, finding that it made 75 "decibels" of noise.

Sports Stuff . . .

By W. Sears

The inter-mural bowling tournament got under way last week at the Waterman alleys. Dick Audette, chairman of the league, has submitted a calendar of events for the eight participating teams as shown below.

The handicap will be based on the previous week's scores to enable the teams to compete on a similar footing. Therefore, it is to the advantage of a team to bowl a steady game throughout the tournament.

"Curvatures"

The girls have picked unusual names for their teams. Cady's team will be known as "Curvatures," Bashaw's as "Smoothies," 'Smith's as "Smith's Kittens," and Hotchkiss' as "Hot Chicks." The captains of the Independents, Owls, S. A. E. and Phi Sigs are Al Lowenfels, Stan Wasik, Doug Parizeau, and Walter Stern, respectively.

This Tuesday the "Curvatures" will bowl off their first match against the "Smoothies," and Independents will oppose the Owls. On Thursday "Smith's Kittens" and S. A. E. will bowl against the "Hot Chicks" and Phi Sigs, respectively.

This year the teams are composed of five members and will bowl three strings. It is believed that this furnishes a better average score per man. The scoring will be one point for high singles; one for high triples, and three for total pinfall.

The contest will be quite interesting to follow for the system of handicaps presents a fairly equal setup for all teams concerned. As yet there are no predictions as to which team is favored to top the score list.

Scoring

The scoring for the matches will be as follows:

One point for high singles, two for high triples and three for total pinfall.

Due to the excellent setup of handicaps last week's matches were quite close. The standing of the teams for the week of October 30 is:

Team	*Score*
Independents	5
S. A. E.	5
Curvatures	3
Smoothies	3
Smith's Kittens	3
Hot Chicks	3
Phi Sigs	1
Owls	1

High bowlers for the week:

Women

Spike Thornton	119
Gloria Bashaw	313

Men

Mike Spylios	326
D. Parizeau	318
W. Barwood	314
R. Baker	314
F. Hedrich	312

High singles for the week:

Women—Kolin Stokes 110, Shirley Maleks 110.

Men—W. Barwood 130.

OUTING CLUB CLEANS HOUSE; BRYANT CABIN RECEIVES A POLISH

The Outing Club has been housecleaning. On Sunday, October 29, Fran Donahue, Millie George, Kit Perry, Bill Cook, Al Lowenfels, Doctor Marvin and Mr. Lawson rode to Bolton Mountain to clean Bryant's cabin. They sawed and stacked wood, fixed up the woodshed, and cleaned the cabin.

Then, as though they knew snow was due, armed with axes they started up the trail, clearing as they climbed. To the cheers of his companions, Bill Cook is reported to have with a few mighty swings of his ax, cleared the trail of a log barrier so completely that it will never more bother skiers.

This hike took place because the Outing Club had been granted what amounts to exclusive use of Bryant's cabin for the winter on the condition that it take care of the cabin.

New Employment Service

Miss Eleanor Bayley, Assistant Dean of Women, who is in charge of the new Employment Service Bureau announced that there are several good openings for girls who are interested in obtaining part time jobs. The work covers three or four different fields.

For further information concerning these positions, inquire at room 109 in the Waterman Building.

Green Team Wins Softball Tourney

Honorary Volleyball Varsity To Be Named

Softball

Despite the fact that the varsity Green and Gold game ended in an 11-11 tie, the Green team won the softball tournament held during the last two weeks. Points were given for club games as well as the varsity game, and since the Green team won both club games they accumulated enough points to win the tournament despite the tied varsity game. Players on the two varsities include:

Green	*Gold*
A. Rowe, c	L. Lynn, c
B. A. Scott, p	C. Wriston, p
T. Gurowski, 1b	M. J. Thornton, 1b
M. Nelson, 2b	T. Williams, 2b
R. Jandurek, 3b	M. Hegerman, 3b
B. Bickford, ss	M. George, ss
V. Hamel, lf	B. Burnham, lf
J. Abell, rf	R. Fraser, rf
S. Sheppard, cf	C. Brownell, cf
M. Dustin, lf	M. Putnam, lf
Substitutes	*Substitutes*
B. Kilbourn	P. Klam
A. Stead	R. Giddings
M. Pease	N. Prescott
H. Boyd	K. Hennessey

Volleyball

The finals in the volleyball tournament were held Tuesday afternoon with varsities from both the Green and Gold teams. Two out of three games were needed to win but at the time the CYNIC went to press the details of the games were not in.

On Thursday the honorary volleyball varsity will be announced. This will be chosen from the members of both the Green and Gold teams, and will include eight girls.

The team varsities for the Tuesday game included:

Green	*Gold*
Marion Belcstle	Barbara Beattie
Ruth Benson	Charlotte Chaffee
Mignon Burggraf	Jean Clark
Marion Dustin	Evelyn Olsen
Peggy Holloway	Dottie Scott
Rita Keefe	Spike Thornton
Margy Watts	Crystal Malone
Anne Hoos	Millie George
Mary Greene	Dottie Clark

Have a Coca-Cola = So glad you're back

...or offering a soldier the comforts of home

HOME! No place like it. And nobody knows it better than a fighting man back on furlough. Ice-cold Coca-Cola is one of the comforts of home that belongs in your family refrigerator. At the words *Have a "Coke"*, refreshment joins the party. The good old American custom of *the pause that refreshes* is spreading in many lands around the globe,—a symbol of our friendly home-ways.

BOTTLED UNDER AUTHORITY OF THE COCA-COLA COMPANY BY

COCA-COLA BOTTLING CO. OF BURLINGTON

It's natural for popular names to acquire friendly abbreviations. That's why you hear Coca-Cola called "Coke".

What is your concept of the ideal student?

Suggested questions may be deposited in my box in the CYNIC office.—COLODNY.

"Brotherhood of Man Is Shiniest Star" Says Colburn

Too Many Come To College Just For A Degree Says Artist

Last Thursday morning's Conversation Prof. Francis Colburn gave an inspiring talk "The Brotherhood of Man."

Mr. Colburn, the artist in residence at U. V. M. is of the opinion that too many of us come to college just to get a degree, that too many of us want to be doctors or lawyers or teachers or engineers because these respectful professions pay well and command respect in the community. We come to college with the notion in mind of learning how to earn a living or "polish up" some part of our. Most of us have no true conception of what we are here for, we want to "get by" in the world we don't "see it for what it is, a star." We are content to get up in the morning, eat, go to class, come home and go to bed feeling satisfied with our actions for the day. We are old enough to begin "considering some of the stars." We are old enough to realize "that a life dedicated to no truly big idea is in danger of going around in awfully small awfully boring circles."

It's not enough, that we want to be a teacher or a doctor. There must be a purpose served, and no matter how small that purpose may be, if it helps man, if it helps to better his situation, in any way, no matter how small we are leading worthwhile lives.

Some people have given their living over to the cause of a race, some to an economic group, some to the furtherance of the concepts of a political group. Professor Colburn believes in the Brotherhood of Man. To him it is "the biggest and shiniest star in the firmament." He realizes that people will scoff at the possibility of such a brotherhood will call him a lightheaded idealist for so believing in it, but says that if he "didn't know it was possible . . . that some day a strong, quite sure, unspeakably beautiful brotherhood of man is going to be," then life wouldn't be worthwhile living. Mr. Colburn cited instances to show why he still has faith, instances that showed that there is a trend toward better understanding between Jews and Gentiles, whites and negroes. Even though these instances seem small, the point is that they happened, that they indicate that the Brotherhood of Man is coming.

"Let's not fool ourselves. It's not coming in our lifetime, nor in our children's nor in their children's children's.

"But when it does, when we Jews and we Gentiles and we Negroes and we Germans and we Americans ALL DISCOVER THAT WE ARE PEOPLE . . . JUST THAT . . . PEOPLE, when we learn to judge a man for what he does for mankind not for how he worships God or for the color of his skin, then there won't be any more need for the threat of hell or the promise of heaven."

DORM NOTES . . .

GRASSMOUNT

Grassmount has had a busy and exciting week. The most exciting event being the departure of Betty Brown amid a shower of rice and best wishes for Rutland, Vt., where she became the bride of Lt. David Thoma Saturday afternoon. Shirley Langman who has been packed and waiting for a call from her boy-friend, at last received it and left for New York Friday noon as did Doris Rindler. Marie Rolleri went home to Bridgeport, Conn., where she was to see her fiance. Marge Abercrombie attended the New England International Relations Club Conference at New Britain, Conn., with Kitty Perry. And last but of definite importance, Phoebe Lowe received an engagement ring from Dudley Davis.

Elmwood

Elmwood had its share of contestants in the Horse Show held Friday afternoon and also took away a good share of the prizes. Paula Whelan in the intermediate group took second prize, and Clara Upson, a beginner, took first prize in her respective group. As a result of their efforts they were entertained by Suzanne Forrest at her home in Waterbury over the weekend. Due to the hard work of Bea Raymond, Delta Psi and Nancy Ladd, Elmwood the Horse Show was a big success. On Saturday, Dot Ferris, Joanne Stevens, and Georgia Huson were in Rutland to attend the wedding of Betty Brown. The Sunday night before Hallowe'en, Elmwood threw a party which was quite a success. Refreshments of cider, apples, pop corn and cookies were enjoyed and to add to the atmosphere of the occasion two jack-o-lanterns were on display.

DELTA PSI

Delta Psi is agog over the approaching marriage of one of its gang, namely Elaine Baily. Sue Poljacik went to her home in Pittsford, Vt., for the weekend. A certain group of Delta Psi girls serenaded Grassmount one night with disastrous results.

Orchids At Vermont

U. V. M. Students do not need to go to a florist to see beautiful orchids. The Botany Department's Cattleya orchids are in full bloom now. The Cattleya orchid is a native of South and Central America, where it grows in jungle trees, but is very commonly raised by florists because of its large, showy flowers.

Newman Club to Hear Rev. Corbett

Meeting Will Be Held In Lounge November 14th

Newman Club will hold a meeting November 14 at 7:30 in the Student Lounge. A business [illegible] precede the speaker's program. [illegible] include reports from the various committees. Program, Social Service, Membership.

Rev. Joseph Corbett, who [illegible] in state circles, will be the speaker. [illegible] past summer he attended Catholic University where he took courses in Sociology and Labor Problems. At present he is assisting Father Hamel in the Labor School at St. Michael's. At the close of the meeting refreshments will be served.

MARIE ROLLERI NEW SPANISH CLUB HEAD

The Spanish Club held its first meeting of the year Wednesday, October 25, in Room 140 of the Waterman Building. Professor Towne was the faculty adviser and he and the members of the Club conducted the meeting.

The election of officers was undertaken first. Marie Rolleri was elected president, Doris Rindler, vice-president, Liz Dahlgren, secretary, and Alice Edwards, treasurer. The Advisory Committee for the Club is Peg Donnelly, Ginny Campbell, and Spike Thornton.

Plans for the year were discussed and it was decided that the meetings shall be held twice a month. Speakers from Middlebury and other colleges will be asked to speak at the meetings. Since this was purely a business meeting no Spanish was spoken, but hereafter it will be the only language used at the meetings.

RESIDENT STUDENTS PLEASE NOTICE!

Students who have not already done so are requested to change their address at the Post Office and also notify their friends of their residence. This applies to upperclassmen as well as Freshmen and transfers. Cooperation with this request will be greatly appreciated by the switchboard operator and employees of the Dean's office.

Students Sign Up As Blood Donors

All day Thursday, November 2 Staff and Sutdsi was in charge of signing up for blood donors for Blood Plasma Bank at the information conference in the Waterman. About 50 students signed up then. Donations will start the first of December. Students under 21 who signed up have sent home blanks which their parents must sign before the students can begin donations. Another drive will be given later during the year for those who didn't get a chance to sign up this time.

Student Gov't

(Continued from page 1)

and would be awarded by the University Scholarship Committee.

Cut System

Also, under old business was a discussion of the cut system. Phyllis Edgerton volunteered to contact Doctor Marvin to get concise information on the action of the Senate and the Cut System Committee to be published in the Cynic.

The annoying habit of some in "breaking the line" in the cafeteria was discussed. Various suggestions were made and it was decided to start action against those who indulge in this social misdemeanor by an editorial warning in the Cynic and by moving guilty ones to the line. The Executive Council resolved that further action will be taken if necessary.

It was decided that a convocation is unnecessary at this time and upon motion the meeting was adjourned.

Respectfully submitted,
MARY GREENE,
Secretary

Teacher Training Increases in Vt.

That an improvement in the teacher-shortage situation in the state may be expected is indicated by figures released today by Prof. Bennett C. Douglass, head of the education department at the University of Vermont.

Enrollment of freshmen in elementary education at the university, said Professor Douglass, shows an increase of 76.1% over that of last year. There is also a marked over-all increase in the whole department enrollment.

This rise in enrollment figures is true for the entire state. A survey of freshman enrollments for the four teacher training institutions in Vermont, the University, Castleton Normal School, Johnson Normal School, and Lyndon Normal School, shows an over-all increase of 38.2%. Total enrollments in the four institutions are also higher than last year.

The first clock run by household electricity and regulated by controlled current impulses from a powerhouse was invented in 1916.

Rushees Journey With Informality At Sat. Parties

Beer Parties, Ski Hut, Gamblers, World Tour Part of Day's Fun

On Saturday afternoon, November 11, the sororities gave informal rushing parties. The themes varied from a "ski hut" to a beer party.

KAPPA ALPHA THETA

The "rushees" entered into the Theta house by way of a toboggan slide down the front stairs. The hut was appropriately decorated with skiis, ski posters and pine boughs. After the introduction of the sisters to the freshmen, the freshmen were divided up into five groups, and each put on a skit. Harriet "Nose" Nossel gave ski lessons with Duck Hunter as her star pupil. Louise Jordon and Dick Epson added to the atmosphere by singing "White Christmas." After the skits there was a "hot dog" roast in the fireplace and then everyone participated in singing.

DELTA PHI EPSILON

The Delta Phi Epsilon College of Hard Knowledge Party was held at the home of Rose Margolis '47. A microphone and a backdrop of pink and black crepe paper gave the room the atmosphere of a broadcasting studio. Elly "Ella Logan" Konowitz, capped and gowned, performed as Master of Ceremonies. Entertainment was provided by humorous lectures alternated with the quizzing of the rushees. The afternoon ended with refreshments, the singing of group songs and the awarding of prizes to Betty Cohen and Sydelle Sherman '48.

PI BETA PHI

The Pi Beta Phi's used a beer party as the theme for their party. The freshmen were invited from a "black list" and each was given the name of a popular beverage. Jackie McCormick played at the bar and Lee Zoll sang "My Regards to Broadway" in true Ethel Merman style. Maud-Ann Wiggins, Lisa Bissell and Gretchen Manning entertained with a can can dance, and then refreshments of lemonade, ice cream, pretzels and potato chips were served.

TAU LAMBDA MU

The Taus had a movie house where old time films such as "Betty Co-Ed" and "Brown," "Our Gang," and "Charlie Chaplin" They sang "On the Wednesday" as slides of the songs being sung flashes were shown. Refreshments of doughnuts, punch and pretzels were served.

DELTA DELTA DELTA

The Tri Delta Delta presented a radio broadcast on Saturday afternoon. Dr. Elsie I. Q. Bruce was on with many amusing antics. At 2 there was a "Hill Billy" act and after some commercials 2 came on the air. It was a program with Ann Hoos as announcer. A message was given by each member of the cast. The audience was served refreshments.

ALPHA XI DELTA

The Alpha Xi's gave a Gamblers Party and the actives played Black Magician and then they served refreshments. At the bar they served

(Continued on page 4)

DRAMATIC CLUB WILL PRESENT FALL PLAYS

Bunny Lieberman, '45, Ruth Jordan, '45, and Olga Schoelles, '46, have begun planning for this year's activities of the Dramatic Club. The trio has selected three one-act plays which are to be presented December 9 in the City Hall Auditorium. The plays are "Glamour in the Poconos" by John Kirkpatrick, "How Vulgar" by Dorothy C. Allan, and "Five For Bad Luck" by William G. B. Carson. The three girls who are the only members of the Dramatic Club at the present time will each direct one of the plays.

Try Outs for Casts

Tryouts will be held sometime this week to determine the members of the three casts. Everyone on campus is eligible to try his luck; so watch the bulletin boards for the announcement of the time and place of tryouts.

Meeting for Non-actors

In order to accomplish a successful production the Dramatic Club needs many individuals other than actors and actresses. Backstage activities include work connected with stage properties, lighting, make-ups, and publicity. There will be a meeting soon of all students interested in this aspect of dramatics.

Concert Presented By Music Groups

The Department of Music of the University of Vermont presented a concert at the Ira Allen Chapel on Thursday November 9, at 8.15 p.m. The University Orchestra under the direction of Ippocrates Pappoutsakis presented an overture and several dance movements from the works of early English composers.

The augmented University Choir was directed by Howard Bennett, with Miriam Natilee Marston at the organ. Miss Theresa Coderre, soprano soloist, U. V. M. '43, sang a recitative and aria from *La Traviata* by Verdi.

The program was as follows:

Overture to Il Matrimonio Segreto, *Cimarosa*
Orchestra

My Bonny Lass She Smileth, *Thomas Morley*

Il Bianco E Dolce Cigno Cantando More, *Jacob Arcadelt*

The Nightingale, Organ of Delight, *Thomas Weelkes*
Women's Chorus

Dance movements from work of early English composers
Saraband ..... *James Hook*
Gavotte ..... *Jonathan Battishill*
Air ..... *Orlando Gibbons*
Pavan ..... *William Byrd*
Air ..... *Jonathan Battishill*
Allegretto ..... *James Hook*
Saraband ..... *Thomas Arne*
Horn Pipe ..... *James Hook*
Orchestra

Recitative, "E Strano," and Aria, "Ah! Fuor Il Ciel" from Latrasiata *Verdi*
Miss Coderre

Madrigal: Brightly Dawns Our Wedding Day from The Mikado *Sullivan*

Mighty Maiden with a Mission from Princess Ida *Sullivan*

Dance a Capriccio, Landscape, Reiner, from The Gondoliers *Sullivan*
Mixed Chorus

The Spanish Club will hold a meeting Wednesday night at 7.30 in Room 16? Waterman. One business meeting has been held previously but this is to be the first program meeting of the year.

Government Heads Of Public Utility Debated by Four

R. Sullivan, E. Gibson, Bursten and Golden Battle Over Issue

Under the chairmanship of Eileen Pickett the Debating Club held its first intramural debate on Tuesday, November 7, in the Woman's Lounge. The question of the evening was: "Resolved: That Government Control of all Public Utilities Is Necessary."

Rose Sullivan and Edythe Gibson upheld the affirmative while Ben Bursten and Stanley Golden negated the issue. The affirmative tried to show that since state control was already present federal control would be more beneficial to all concerned. To prove their point the RR acts and the TVA were brought in as examples. The negative pointed out that government has no place in business. They upheld private enterprise by citing that a private concern can furnish both better rates and better service, and that government ownership would be a factor in hindering social progress.

Professor Dean, as judge of the debate, declared himself for the affirmative. Mr. Powers, having returned to U. V. M. as director of debating, presented a critique to the members of the club at the conclusion of the questioning period.

MORTAR BOARD TO GIVE MINSTREL SHOW OF CAMPUS TALENT

The Mortar Board Minstrel Show is making progress. The date set for this affair is Saturday, November 25.

The Glee Club will make its first debut in the chorus and the band will play. The end men will not be announced until the night of the performance.

Talent is being drawn from every corner of the campus. There will be many prizes and Mortar Board promises a gala evening for everyone.

The Committees are: Costume, Ruth Jordan; make-up, Barbara Burnham; properties, Janet Stimpson; production, Beryl Cheney; program, Fran Donahue; publicity, Christine Hughes; Glee Club, Bill Cook; talent, Mary Ashe; band, Margo Donahue.

IRC Hears Reports Of N. E. Conference

At the last I. R. C. meeting held November 8, Katherine Perry, '45, and Marjorie Alexander, '46 presented to the Club the topics brought up at the New England Regional Conference of International Relations Clubs held at the Teachers College of Connecticut in New London November 3 and 4 at which they were delegates.

They covered the speakers and the round table discussions and presented some of the controversial views to the Club, which they discussed there. The topics covered were "The Treatment of Defeated Enemy Countries," "Enemy Satellite Nations and Their Treatment in the Post War World" and "United Nations Now and After the War."

The next meeting will be Wednesday evening, November 22.

Rev. Smith Describes Activities Of World Student Service Fund

Resident Chaplain, RPI, Launches Drive, Stresses Total Support

HILLEL TO SPONSOR WSSF BENEFIT DANCE

A dance, sponsored by the Hillel Foundation in conjunction with W. S. S. F. will be held in the Waterman Lounge, Saturday evening, November 18, at 8.30.

The theme of the dance will be based on the idea of internationalism and the decorations will contain the colors of the flags of the many countries whose students the W. S. S. F. is aiding. Refreshments will be served in the Swedish, smörgasbord style.

The committee in charge of the dance includes Pearl Weissbard, chairman; Penny Mandell, Helen Wolf, Bernice Lidermor, Sonia Perkins, Elinor Konowitz, and Harriet Cohen.

The chaperones will be Reverend and Mrs. Hall and Rabbi Gellman.

Joint Conference Plans New Rules

House Meetings To Be Bi-Monthly; Approval Given

The last meeting of the Joint Conference Committee was opened by Miss Nulty, chairman, on Wednesday, November 8, at 8.00 p.m. in the third floor lounge in Waterman. Dean Simpson, Miss Bayley, Miss Woodard, and Mrs. Adams were present along with several members of the student body.

The reports by the House Chairman of Student Union, Chris Hughes, concerning the new lights-out rule and proctoring system instituted by Student Union this year, were very favorable. The rules have been working well in all dorms even though each dorm has its own system. It was decided that there would be no definite hour set for freshman women to retire when taking a light cut since it is expected that they have a sense of propriety.

At the beginning of the year House Meetings were scheduled every week but this has been changed to two meetings a month unless an occasion arises that calls for an extra meeting.

It was announced that the correct procedure to be followed by students who apply not to be under Student Union rules will be a written petition out to Student Union who will approve it and send it to the Dean of Women Miss Mary Jean Simpson.

The drinking rule in the Women's Supplement rule book was discussed and several revisions were suggested but no conclusion was reached since Miss Simpson stressed to refer the matter to the Student Council. After discussing it with the council we will bring their views before Joint Conference for a definite decision.

Mary Thornton '46 petitioned the Joint Conference Committee for ten extra hours needed to maintain her position on Cynic Staff. Because of her good scholastic record and her extensive responsibilities the committee granted Mary the desired points.

The problem of courtesy in the cafeteria was brought to the attention of the committee but was dropped when it was announced that Student Government had already taken action on the matter.

Yesterday's convocation in Ira Allen Chapel was devoted to the subject of the World Student Service Fund which in this way launched its annual drive on the U. V. M. campus. The speaker was Rev. Seymour Smith of Troy, N. Y., who is a graduate of Allegheny College and of Yale Divinity School in the class of 1941. He was a member of Phi Delta Theta Fraternity and president of the Y. D. S. student body. For two years he was Director of Religious Activities at Washington and Lee University in Lexington, Va. He is now Resident Chaplain at Rensselaer Polytechnic Institute, where he has just started a drive similar to ours.

Discusses World Need

In his talk Reverend Smith described the activities of W. S. S. F. all over the world, and stressed the tremendous importance of student support of the project throughout the United States. Reverend Smith came to U. V. M. under the auspices of the Religious Life Committee to emphasize the bond between our organization and the total effort of W. S. S. F.

In the Geneva Convention of 1929, the humane treatment of prisoners was assured. One might think that being a prisoner was an easy kind of existence. Imagine oneself in a place with barbed wire around it with nothing to occupy one's mind. As the weeks drag by it soon becomes monotonous. This is what the prisoners have to endure and soon this inactivity wears on one's mind. This continual sitting with nothing to do soon develops into what is called a "barbed wire disease." Even a pencil and paper, a knife to whittle or seeds to plant around the dreary camps make life just a little more interesting. It's the W. S. S. F. which makes this possible.

Thousands Are Aided

In prisoner of war camps, more British men are studying liberal arts than in the British Empire itself. They are even obtaining their college degrees. This is the W. S. S. F. at work.

In China the prices are "sky high" and only through the help of the W. S. S. F. are the students able to exist.

The W. S. S. F. is also helping refugee students in this country to obtain a college education. Three thousand young Japanese students whose loyalty is being questioned have been taken from colleges and put in camps. Through the help of the W. S. S. F. five hundred of these students have been placed back in college, thus returning their faith in democracy.

We students who are able to help must see the need for contributions to the W. S. S. F. We cannot pass the buck we must give.

TRI DELTS PRESENT STYLE AND BEAUTY

Tomorrow afternoon, November 16, the latest fashions will come from the Old Elm House with step outs the apartment of the Tri Delta House. Each will be modeled by Tri Delta Associates of Lois Powers contract.

Refreshments are a part of the order of the day. The time is 4.30 p.m.; the price of admission, 50 cents. The proceeds of the Fashion Show are to be donated to the World Student Service Fund.

"World Student Relief" Carries On Education for War Prisoners

...ident Relief" can lay claim to ...story. "European Student ... operated from 1920 to 1925 ... the same basic function as ... Student Relief can be consid... ...ntual ancestor. Even before ... students raised money for ... war.

W. S. S. F. Boosts the Morale

...dent Relief is not merely an ... for achieving the purposes of ... like food, medical care, and ... important though this phase of ... it has undertaken to meet ... need of young prisoners of ... splitting of morale. It has ... victims of war the oppor... the materials with which to ... studies despite the war. ... typical letter received by the ... Student Relief Committee from ... refugee student in Switzerland: ... I am once again back in stu... When I listen to lectures I think ... and that I will wake up to ... back in an internment camp. I ... to find that my *real* life, that is, ... the spirit and of the mind has ... deeply affected by the suffer... been through. It is with great ... that I think of all those who ... me during the last three years ... my interest in my studies."

Guiding Principles

... S. F. has adopted and carried ...anding principles: First, it is ...al and non-racial. Today it is ...dents of at least 37 national... ...any races. Second, it is non... It is concerned with helping stu... ...es of war regardless of their ... affiliation. Third, it is non-sec... It invites and offers help to ...ants, Catholics, Jews, Buddhists, ...Mohammedans alike. W. S. R. be... ...that students have a special re... ...y for their fellow-students ... the world and exists to help Amer... ...dents understand and accept this ...sibility.

Headquarters in Geneva, Switzerland

...e work of student war relief is done ... World Student Relief," an organiza... with its headquarters at Geneva, ...Switzerland. In addition to Switzerland, ...there are ten other countries participating ...relief activities. They include the ...United States, Canada, Australia, Great ...Britain, China, India, South Africa, ...Sweden, New Zealand and France. The ...funds for student relief are raised pri... ...by students. A student organiza... ...takes the responsibility for collecting ...funds in each of these 11 countries. In ...country it has taken the form of the ...W. S. S. F.

...Wendell Wilkie's association with Chi... ...students brought to his attention the important rôle Student Relief was play... ...ing. Here, he expressed his high opinion of its work.

"Today, it is more important than ever that cultural and educational traditions be preserved. Of this the Chinese people are well aware for when I visited the universities in China I found the same devotion to learning which, through the centuries, has created a cultural tradition of which the Chinese people may be justly proud.

"As one of the world's great nations, China will be called to play an increasingly important rôle in world affairs, and it is to her men of education that the task must inevitably fall.

"For its part in helping to keep alive China's educational traditions, the National Student Relief Committee deserves the sincere thanks of all men who are concerned with the establishment of a decent post-war world."—WENDELL WILLKIE.

Our funds are cabled to Chungking, the money leaving New York one day and being in China the next day. At present it is impossible to send supplies to China. Our proof that the money falls into the right hands is through a cabled receipt obtained from Chungking.

The National Student Relief Committee, consisting of 10 well-known Chinese leaders in education, civic and religious life, administers student relief in China. It is the only nation-wide civilian agency for student relief. Its loyal support by American students from the beginning of war in China served the purpose not only of helping students but of "priming the pump." The N. S. R. C. distributes relief through local committees. The committees apply to the N. S. R. C. for grants on the basis of a carefully prepared budget and work plan.

Work Relief in China

Many different kinds of labor are undertaken by the students in return for the pay which enables them to meet all or part of their college expenses. During the summer vacation when government subsidies cease, the local committees extend work relief into summer service projects.

W. S. S. F.'s Contribution to N. S. R. C.

The N. S. R. C. budget is met from five sources, one of which is W. S. S. F. Our share supplies 16 percent of the total. However, the fact that this help comes from American students is of a significance to Chinese students that far outweighs its size. Students in China are deeply stirred by the fact that their fellow-students believe in them and are concerned to help them.

The Work in Europe

The European Student Relief Fund in Geneva, Switzerland, does the administration of relief in Europe. It operates within the framework of the Geneva Convention of 1929, regulating the treatment of prisoners of war. The Convention permits welfare agencies approved by the belligerents to send their representatives into the prison camps, and to provide various kinds of aid to prisoners.

Locating Students in Prison Camps

The Geneva office circulates questionnaires in hundreds of camps giving men an opportunity to indicate the books and other items they wish. The organization's Traveling Secretaries visit the camps occasionally and get the boys' viewpoints as to popular needs.

Subjects Studied

All books sent to war zones are subject to censorship regulations. Study goes on in practically all the major divisions of the arts and sciences. One prison camp carries on 170 hours of academic work per week. Most popular courses are biology, zoology, medicine, chemistry, physics, electricity, and magnetism.

Degrees Awarded

The men have organized the "universities of captivity" so well, and the work given is of such high academic grade that examinations are now sent in to British prisoners in German camps from the University of London. The University of London awards its external degree for work successfully completed.

Work in North America

The North American Affiliated Committee of W. S. R. is responsible for work among student prisoners and internees in North America, and American prisoners in the Far East. Many refugee students are being granted scholarships and cash loans to further their education. The evacuation of Japanese-American students from the coast presented a definite problem for the Committee. Were these students entitled to the educational opportunities of any other American born students. The committee agreed that the further education of such students was imperative. The democratic sense of justice and respect for personality of this country must be impressed upon the minds of these students.

November Cold Fails To Scare Hayriders

Brr-rr-. It was cold, wasn't t? But the people who went for the hayride didn't seem to mind it. All bundled up, 28 students went for the hayride on Saturday night, November 11. Perhaps the fact that it was awfully crowded kept everyone from freezing. After riding around for about two hours the hayseeds returned to the Soda Fountain, enjoyed well-earned refreshments of hot cocoa and cake, and danced to the juke box.

The mines of the U. S. have 50,000 miles of electrical haulage—more than the total for electrical railroads and street railways.

PHI SIGS PLEDGE AND INITIATE FROSH

Four new frattres were initiated into Phi Sigma Delta last Wednesday night. They are: Howard Bloomenthal '48 of Burlington; Gerald Greenberg '48 of Bennington; Stanley Sorkin '49 of Dorchester, Mass.; and Dave Stoller '48 of Manchester.

The ritual was held at the Hillel Foundation and was followed by a banquet at the Black Cat Cafe. Mike Greenfield '46 was in charge of the proceedings.

Last Sunday the Phi Sigs pledged two new men, Eli Burstein '48 and Stan Golden '48, both of Stamford, Conn. The pledging ceremony was held at Dexter A. Cowdrey's home and was followed by a dinner at the Black Cat Cafe.

Sorority Notes

DELTA DELTA DELTA

"Bonnie" Nolan, "Ag" Mulholland and "Dee" Delano, all of the class of '44, are now working for the naval corps at Arlington, Va. "Ag" and "Bonnie" have an apartment in Washington.

"Kaye" Emrick is studying occupational therapy at Columbia and "Danny" Geer is in the WAVES.

Dorothy Carter Bryce, ex-'44 and Lorraine Ladue, Psi U, announce the arrival of a son, Robert Donald. They are living in Iowa.

Eleanor Allen and Jean Evans entertained their sisters at the house last week.

KAPPA ALPHA THETA

Alison Carr, '44, was up for the week-end. She has been doing social work in Westchester County, New York. She says that she spends more time convincing people that they need glasses than anything else.

Harriet Pearl, who left U. V. M. last fall to become a WAVE, is home on a 10-day liberty. She is instructing in aerial gunnery in Florida that, she says, is the secret of her beautiful sun tan.

ALPHA XI DELTA

Alpha Xi Delta announces the following marriages:

Sylvia Wellwood, '44, to Pvt. Robert Brogdale; Mary Lou Strauch, '44, to Cpl. Raymond Brown; Rita Shea, '44, to Lt. Gerald Palmer; Laura Martin, '44, to Lt. Ernest St. Mary; Mary Laramie, '47, to Bernard Harriman; Natalie Spear, '43, to Doctor Wheeler.

Virginia St. German, '46, and Rollande Cloutrie, '48, were initiated November 3. A supper at the house followed.

Ensign and Mrs. T. A. McCormick are the proud parents of a son, Thomas Alvin, Jr.

Bishop G. B. Oxnam Speaks at Vespers

Guest Active in Church Cooperation Movement

The speaker at the first University Vesper service on Sunday, November 12 was Bishop G. Bromley Oxnam of the Methodist Church in the New York area. The time of the Vespers was changed to 5 p.m. instead of the earlier hour of former years.

Bishop Oxnam has very recently gone to the New York area from Boston. He was very active in getting the churches to work together during the recent anti-semitic riots in the Boston area.

A native of California, he was educated at the University of Southern California, Boston University School of Theology, Harvard and Massachusetts Institute of Technology. He has also studied in Japan, China and India.

The Bishop has been closely associated with the field of education. He was Professor of Social Ethics at the University of Southern California, Professor of Practical Theology and the City Church at Boston University School of Theology and was President of DePauw University. He holds honorary degrees from the leading colleges and universities in the country.

Independents Lead In Bowling Scores

The past week found the Independents pulling ahead in the intra-mural bowling tournament by taking the entire available points in their match against S. A. E. Phi Sig suffered a 6 to 0 defeat at the hands of Smitty's Kittens.

The standing of the teams for the past week is as follows:

Team	Score
Independents	11
Smitty's Kittens	9
SAE	5
Curvatures	4
Smoothies	4
Hot Chicks	3
Phi Sigs	1
Owls	1

Week's high triples: Men—F. Hedrich, 345; women—P. Haynes, 297.

High singles: Men—F. Hedrich, 124; women—R. Giddings, 114.

Have a "Coke" = ¡Adelante con la musica!
(GET IN THE GROOVE!)

...or getting along in Guatemala
Music and Coca-Cola spell friendship among our Latin-American neighbors just as they do here at home. *Have a "Coke"* is an invitation of welcome as quickly understood in Guatemala as in Georgia. In many lands around the globe, Coca-Cola has become the same symbol of friendliness that it is in your own living room.
BOTTLED UNDER AUTHORITY OF THE COCA-COLA COMPANY BY
COCA-COLA BOTTLING CO. OF BURLINGTON

"Coke" = Coca-Cola
It's natural for popular names to acquire friendly abbreviations. That's why you hear Coca-Cola called "Coke".

Miss Janet Strang Discusses Agriculture At Meeting Sponsored by Soph. Aids

[illegible] Janet Strang, Vermont agriculturist and land [illegible] plans in the [illegible] organization, [illegible] in Agriculture was the guest speaker at an informal meeting sponsored by the Sophomore Aids and Pyrsus evening, November 13 in the Men's Lounge. Miss Strang came to this country last winter just at the conclusion of the [illegible] Conference of Agriculture and [illegible] meeting in Vermont, visited in New York, Washington, Ohio, Connecticut and Massachusetts. After a visit to Canada she will return to her work in England.

Rural Problems

The subject with was introduced by Miss Dean of the Extension Service, Miss Strang began her talk by stating that although England and this country differ the agricultural problems of England and America are basically the same. At the outbreak of war England was feeding [illegible] and were just [illegible] a half days [illegible] of meat and most shipping was needed for munitions, the Ministry of Agriculture set about to find ways of increasing production. Difficulties faced it, reaching production by many methods, that in five days out of seven were machinery and labor. The machinery problem was solved by a great extent by United States Land Lease and the labor situation was more pressing because of the armed forces drawing on their farm help. Then was born the Women's Land Army organization.

The American Land Army Miss Strang went on to explain is a purely voluntary service, differing from the three other women's services in that respect. Under the National Registration Act all British women from [illegible] are directed into "Industries" or the Women's Services, the Land Army, the Auxiliary Territorial Service or the Air Force. Women would work in the order of preference. The Land Army, however, receives only a small proportion. To be accepted a woman must be from 17 to 40, and physically fit. She must be prepared for hard, dirty work and to live under rough conditions. Certain essentials for success in the land are [illegible] for work offered, will happiness in the country lasts. The girl's salary, which is provided by the government, is [illegible] every 14 days, out of [illegible] board, lodging and uniform and [illegible] insurance and pension.

Life of Land Army Girl

The training of a Land Army girl begins with an interview where she is questioned about her background, experience and type of work desired. The latter includes such varied activities as milking cows, helping in the dairy, looking after pigs, chicken farming, truck farming and general farm work. Training is gradual, partly demonstration and partly practical so that it will not be too strenuous. After a month's training comes placement in a given county spot. Forty-five thousand women live on private farms as members of the family where they do milking, truck farming or general jobs. Twenty-six thousand live in camps going out in gangs for seasonal work, and 4,000 are doing timber work.

On the social side Land Army girls have entertainments to which members come together from all parts of the country and also may participate in the local of the communities in which they are stationed. Miss Strang concluded her talk with an amusing anecdote concerning the Women's Land Army Swing Club. Lady Spencer, chairman of [illegible] the club on evening and suggested to refuse the assistance would mean the [illegible] W. L. A. [illegible] Americans by 1. appreciated her [illegible] taking an active part in the [illegible] When the [illegible] [illegible] [illegible] it means We [illegible]

Cafeteria Thanksgiving

A THANKSGIVING DINNER will be served November 23 from 12:00 to 2:30 p.m. in the Fireside dining room of the cafeteria. Cards with contracts for eating in the college dining rooms and members of cooperative houses will be given priority for the dinner. These tickets may be obtained on November 15.

The dinner will be served at reservation rates. It is assumed that any student who has accepted a ticket will eat in the dining room Thanksgiving day.

D Phi E Initiates

Delta Phi Epsilon announced the initiation of [illegible] its pledges Monday, November 13. The new sorority are Thelma Bloom, Natalie Harris, Lorraine Kaplan and Selma Sandler of West Hartford, Conn.; Millicent Mandel of Portchester, N. Y.; Leona Ford of Malden, Mass., and Sonia Bloomberg '47 of Burlington. Following the ceremonies a banquet was held in the Hotel Vermont.

Co-ed Band Marches In Armistice Day Parade

The manpower shortage at U. V. M. was never more in evidence than on Saturday last when Dr. "Joe" Lockner presented the co-ed band in the Armistice Day parade marching to the steady beat of Rita Keyte on the bass drum. This was the first time that the co-ed band has appeared. Sergeant Parker of the Military Department is instructing in marching.

Mrs. Grace Foster Feted At House Director's Tea

On Friday afternoon, November 10, Mrs. J. Towse, Mrs. A. Lauder and Mrs. W. Jameson, house directors from Robinson, Slade and Allen House respectively, gave a tea at Kappa Club in honor of Mrs. Grace Foster, the house director at Kappa Sigma House. Mrs. Foster who is now on campus this fall was formerly a lawyer, having been admitted to New York State Bar in 1907. She comes from Troy, N. Y.

Pourers at the tea were Mrs. G. Rist, Mrs. H. Howe, Mrs. C. Jones, and Mrs. R. Holmes assisted by the House Presidents and House Fellows from Slade and Robinson. There were eight tables of bridge and 70 guests including all the House Directors on campus.

Americans" and bade her off to an undoubtedly entertaining evening.

An informal discussion followed the talk during which Mrs. Buttrick spoke of the work done by the Vermont crop corps this summer and photographs of the Scottish girls were shown.

Hillel Discussion Held Friday Night

Rabbi Goldman and [illegible] Hillel House last Friday night and conducted the evening services there.

It was announced that membership in Hillel is now open to [illegible] Classes in elementary and advanced Hebrew and Yiddish will begin soon, [illegible] the enrollment is full, [illegible] is good.

After services an [illegible] discussion of the British policy in Palestine followed. Pfc. Julius Cohen led this debate. He explained the meaning of the Balfour Declaration which was issued just a year ago and the White Paper, both concerning the problems of immigration and self-government in Palestine. The evening wound up with the singing of a few old songs.

Next Friday night services will be conducted by the male portion of Hillel under the leadership of Bob Rosenberg, chairman of the Religious Committee. The following week the girls will lead and the next the Men's.

SCHOOL CHILDREN FIND MAGIC IN ART

Papier-mâché masks, clay pottery and clay masks are now being made at the Art Museum by a group of approximately 40 Burlington school children. The classes, which are being conducted under the direction of Mrs. William M. Lockwood, are being sponsored by the Art Association of Federal Museums.

The children have been divided into two groups—Juniors and Seniors. The former includes children between the ages of seven and ten years while the latter includes those up to the fifteenth year. Members of Professor Mills' art classes lend valuable hints to the older group at their regular Tuesday sessions and give friendly counsel to the youngsters on Thursdays.

As the masks are nearly completed, major emphasis is now being placed on the improvement of the children's pottery molding technique. Present plans call for many of the completed articles to be given to friends, parents and well-wishers as Christmas gifts. A public exhibit of the works is scheduled for sometime next spring.

CCRC HEADS BOOK COLLECTING DRIVE

Contributions to the "Books for Servicemen" drive will be received all this week in the front hall of Waterman. The drive is being conducted by the Christian Community Responsibility Committee in connection with W. S. S. F. The books which are collected are to be distributed to our fighting men in all parts of the world.

The meeting and discussion held by the Community Responsibility Committee on Tuesday, November 7, centered around the merits and demerits of cooperative stores and closed shops. A C. I. O. man is expected to speak on November 28.

Rushing Parties

(Continued from page 1)

short hairs, double scotch and sodas (pepsi cola) and cheesecrackers. Anne Peterson and Pat Bennett sang an impromptu duet.

ALPHA CHI OMEGA

The Alpha Chis took the freshmen on a trip around the world with Russia as the first stop. Everyone drank vodka and Mary Ashe performed as "The Mad Russian." While in Hawaii everyone was given a "lei" and then a quartet consisting of Harriet Gebbie, "Skip" Lewis, Dot Loughery and Eileen Pickett harmonized "Blue Hawaii" and "The Hawaiian War Chant." From here the travelers moved to China with Alice Rowe as Confucius. The last stop was Sweden and a delicious smörgasbord was served.

Life of Theocritus Classical Club Topic

The life and works of Theocritus is the topic chosen for the monthly meeting of the Goodrich Classical Club, Thursday, November 16. Professor Kidder will lead the discussion on the noted Greek poet and selections from his *Idyls* will be read. The meeting will convene at 7:45 p.m. in the third floor lounge at Waterman.

Modern Dance Shop Begins This Week

Plans For Lilac Day Project For Perfection

Under a new constitution [illegible] dance workshop will begin [illegible] its leotards this week and [illegible] the exercises preliminary to [illegible] concentrated effort toward [illegible] U. V. M.'s traditional [illegible] gram.

The members of the dance [illegible] group will meet on Friday at [illegible] November 17. Those interested [illegible] ing members of dance work [illegible] quired to serve a year's apprenticeship in the junior dance group which [illegible] on Friday at 2:15 beginning [illegible] 17.

The main project of the [illegible] shop is a dance program to be [illegible] on Lilac Day. This celebration [illegible] yearly in memory of U. V. M. [illegible] of women, Pearl Randall Watson, whose ideals of beauty remain in the [illegible] which has become a tradition [illegible]

Miss Ethel Hoffman of the women's physical education department [illegible] of the dance groups, has stated that [illegible] would like to have a big group from each class represented in Lilac Day [illegible] tends a request for girls to [illegible] give modern dance a try.

Pi Beta Phi Breakfast

About 80 people braved the [illegible] vember weather to attend the [illegible] Beta Phi breakfast Sunday morning [illegible] front of a warm fire. The [illegible] sisted of the following: Grapefruit [illegible] scrambled eggs, doughnuts and [illegible] The breakfast was open to [illegible] was served from 9 until 11. [illegible] Fiske made the arrangements [illegible] breakfast.

Castings of Plays Date Announced

Three Plays To Be Given With Student Direction

The U. V. M. Dramatic Club will present three one-act plays on December 9, at the City Hall Auditorium. The presentation of these plays has for some time been a tradition, last year, however, they were not presented. Members of the U. V. M. Players are directing these plays.

The plays now in rehearsal are: *Glamour in the Poconos*, directed by Bunny Lieberman. *Five for Bad Luck*, directed by Olga Schoelles, and *How Vulgar*, directed by Ruth Jordan. Those students having parts in the plays are members of the Dramatic Club. Those in the cast of *Glamour in the Poconos* are:

Maud Schoelles
Mary Hayes
Gwen Richardson
Millie Trachtenberg
Stan Sorkin
Mike Greenfield
Stan Golden

The cast of *Five for Bad Luck* consists of:

Sally Parker
Marion Lamson
Elsie Bruce
Marjorie Clark
Guy Page
Ed Russel
David Wetherby

Those having parts in *How Vulgar* are:

Julia Montgomery
Harriet Cohen
Florence Reid
George Gimmo
Kenneth Gibson
Don Mason

These one-act plays have in the past been given by the two U. V. M. dramatic organizations. The University Players is an Honorary dramatic society.

Vermont Debaters Go to Middlebury

Last Saturday, November 18, Eileen Pickett and Guy Page met Peggy Armstrong and Don Hackel at Middlebury to debate the question of the following proposed plan for world peace: adoption of the federal world government as proposed at Dumbarton Oaks, and, in addition, have an Atlantic Federation composed of the United States, England, France, Portugal, Mexico, and the A. B. C. powers of South America. The Vermont team took the affirmative. The debate held at Munroe Hall in Middlebury, was a non-decision affair.

This Saturday in the Women's Lounge at 4.00 a team from Middlebury will meet Vermont again to continue this debate. Vermont's team remains the same, except for the fact that they will refute the plan instead of taking the affirmative.

The Debating Club will have an intermural debate this Friday night at 8.00 p.m. in the Women's Lounge. The question will be: "Should the Labor Unions Have a Part in Politics?" Hilary Shelvin and Howard Bloomenthal will take the affirmative, while Doris Dwyer and Pat Tatro will uphold the negative.

Vermont Pledges Full Support as WSSF Drive Opens

Convocations, Posters and Sorority Projects Start Campaign Rolling

The World Student Service Fund which was introduced to the U. V. M. campaign in 1942 is one of the direct channels through which the University donates its contributions toward the war effort. From the very first of its existence on campus, it has received the full cooperation of every organization. Certain ones sponsor drives from which the proceeds are entirely donated to W. S. S. F.; others contribute sums from their treasuries and others combine the two methods.

Poster Committee

The Poster Committee enlisted the interest of the campus by distributing posters in the various college buildings. The committee did the entire making of the posters, using slogans which were published in the national W. S. S. F. magazine. Each slogan was appropriately illustrated. There were such expressions as, the Persian proverb, "When I was without shoes I murmured until I saw a man without feet;" "What is your giving tradition;" and "American students spend $3,000,000 a year on cokes. Is it too much to give $3 for student relief?" Mary Thornton headed the committee and was assisted by other art students, Betty Dole, Harriet Barron, Georgia Husen, Margaret Watts, Nancy MacNamara, Louise Jordan and Carole Peterson.

Convocation

Last Tuesday, November 14, Rev. Seymour Smith of R. P. I. addressed the student body at convocation. With the aid of examples, he clearly outlined the activities of W. S. S. F. in the four quarters of the world. He emphasized the bleak existence of prisoners of war who through W. S. S. F. find something to live for and keep faith in the civilians back home. W. S. S. F. makes possible the continuance of study for degrees for college men. It also helps refugee students in this country continue their education.

Hillel Foundation

Saturday night, November 18, Hillel Foundation put on a benefit dance for W. S. S. F. The decorations and refreshments were in keeping with the idea of internationalism. Flags from many

(Continued on page 5)

COMMITTEE PLANS 13 CONVENTIONS

Plans for the convocations for the year were drawn up at a recent meeting of the Committee on University Convocations. The general theme for the entire year will be "Frontiers of Knowledge" and should prove to be of value to the student body.

The committee plans to present speakers who will talk on a wide variety of subjects each of which should be of great value and interest to the students at large. At present there are about thirteen convocations planned for the entire year and a tentative list of dates and speakers has been drawn up. This is the second year of the experiment of having regular convocations for the benefit of the student body and the committee will welcome suggestions from the students as to topics and speakers.

Students and faculty are represented on the Convocation committee. Professor Dykhuizen is chairman, assisted by Miss Woodward and Mr. Papps outsakis representing the faculty, and Mary Ashe, Phyllis Edgerton and Fred Hedrich representing the students.

Senate Approves Uniform System For Attendance

New Cut System Drawn Up by Student-Faculty Committee Puts Responsibility on Students

The new cut system as proposed by the joint Student Government and the Senate Committee, was passed by the Senate Friday, November 17, but the date on which the system is to take effect has not yet been set. The Executive Committee of U. V. M. students will have a discussion of student opinion at its next meeting.

There has never been a cut system in effect at the University before but student demands have been instrumental in bringing the question to the attention of the senate.

The Faculty and Student Committee appointed last spring, met on November 15 in Dean Simpson's office to clarify and interpret regulations governing class attendance. The following faculty members were present: Professor Marvin, chairman; Doctor King, and Professor Doane. Those students representing the student body were Virginia Rose '45, and Virginia Campbell '46. The cut system passed by the University Senate and interpreted by the committee is as follows:

"There shall be no compulsory attendance for Juniors and Seniors. That the same regulation shall apply to Freshmen and Sophomores, provided they have attained a Dean's List Average."

Interpretations of the University Senate Rule Governing Attendance at Classes

1. **Special University regulations now in effect governing attendance at certain classes and other functions.**

   This rule does not apply to University regulations of a special nature now in effect—that is, the rule regarding attendance at classes before and after holidays, and at convocations, Founder's Day and Graduation.

2. **This rule applies to the three undergraduate colleges.**

3. **Clarification of academic responsibility on the part of the student.**

   Junior and senior students and freshmen and sophomores on the Dean's list are not required to attend classes and no penalty is incurred for absences as such.

   This does not lessen in any way the student's academic responsibilities and failure to take examinations and quizzes, written or oral, or to hand in papers, reports, etc., on the designated day will result in a failure for that particular examination, quiz, paper or report.

   It should be called to the attention of the students that under the present administration regu-

(Continued on page 6)

VETERANS WILL BE ADMITTED IN FEB. AND SEPT.

At its recent meeting the University senate voted that men students should be admitted to U. V. M. in February, June and September. According to President Mills the reason for this decision is the University's belief that it has no right to delay veterans a full year in getting started on their educational program after receiving their discharge from the armed services.

Women students will be admitted only in September, with the exception of those enrolling in the Elementary Education curriculum, who may also enter in June.

Executive Council Of UVM Students Discusses Problems

November 15, 1944

The meeting of the Student Government Executive Council was held in room 140 Waterman Building at 4.30 with president Wilson Daily presiding. Committee reports were received. The treasurer reported that the budget has been completed and will be sent to President Mills.

Since some improvement has been shown in the cafeteria line it was decided not to take further action immediately.

Concerning the cut system, Frances Donahue reported that Doctor Marvin will hold a meeting with the students who were on the clarification committee. Since the Senate passed the cut system this committee, with only faculty members present went over it and agreed upon the clarifications necessary. However after the original committee composed of both faculty and students has gone over the system it must be approved by the Senate, referred to the Executive Committee and thence to the student body.

President Daily asked for nominations for the Committee on educational standards re-evaluation. After some discussion of nominees the matter was left for further consideration at our next meeting.

It was moved but not seconded that we hold an open Student Government Committee meeting after which discussion of principles and activities of U. V. M. students. It was next moved, seconded and carried that we hold a Bull Session on the next opportune open date on the Social Calendar. Publicity in the Cynic was planned and slips will be passed out to students for suggestions for discussion. The procedure of the meeting was outlined as a general get-together followed by four discussion groups after which all would again come together to give reports to the whole group.

Mary Ashe reported on a letter concerning International Students Day. It was voted to answer the letter explaining our part in the W. S. S. F. drive.

President Daily suggested an amendment to Sec. II Article V of the Constitution to include representatives from the dormitories on the Council. The matter was discussed and it was decided that it was covered by Student Union.

Upon motion the meeting was adjourned.

Respectfully submitted,
MARY GARDNER,
Secretary

CAMPUS SING TO BE HELD ON STEPS OF WATERMAN NOV. 24

On Friday evening, November 24 there will be a campus sing at the main entrance of the Waterman Building.

The Campus Sing has become one of the most popular of U. V. M. activities since its organization three years ago. As well as sponsoring the sings, the committee in charge organizes a group of Christmas carolers who serenade many of the dormitories and homes of the professors.

The sings this year will be in charge of Professor Ludd of the German Department who organized the first sing and the Pep Committee of Student Government under Harriet Barron.

Thanksgiving

If you were asked, "What will you be thankful for this Thanksgiving?" what would you say? Would your immediate and only reply be, "Well I'm thankful for my dinner on Thursday!" That would you wonder for a few moments why such a cruel question was ever asked? Yes, you would. But maybe you began to think about Thanksgiving time. Perhaps you would think of those grammar school days when you were in a play about the Pilgrims and you dressed up as a prissy little Priscilla Alden or as good old Governor Bradford in stiff white collar and cuffs. The big turkey dinner that the family had and the assorted dates and nuts that you ate even when you were full to the brim with turkey meat and gravy. The house filled with relatives and friends. The house is busy with ready laughter and jolly relations and friends. The house is busy with ready laughter and jolly relations and friends. The house is busy with ready laughter and jolly relations

Ski Heil! A Preview of Winter--- Slopes and Trails Await the Snow

By Al Lowenfels

a very few weeks Vermont will be normal with a shimmering snow covering the entire state. the return of snow that peculiar man know as "Skier" will once e into his own.

skier to understand the phil- a skier is a difficult, if not im- ask. The skier thinks nothing g an hour-and-half climbing a takes only a minute and half Then too, the skier has the tion that risking the security on a trail is the highest form on God's earth. Why, asks the We can give no other answer try it yourself. Only then does ation of the sport become evi- dent.

Mt Mansfield, easily seen from the campus, is the center of all ski ac- in Vermont. Buses leave Burling- every morning at seven and twelve for Waterbury. The distance from Wa- terbury to the mountain is transversed via Taxi. Another possible method of getting to the mountain is by means which plans to leave Burlington every Sunday starting next week. Speak to Mr Dick Audette for complete details.

Mansfield has two main attractions for skiers. One is the aerial chair lift, and the other is the excellent system of trails. The chair lift is the longest and highest in the world, rising 2,030 vertical feet from the State ski lodge to the Octagon terminus. The skier ascends the moun- tain in a private chair complete with arm rest foot rest, and horse blanket. The ride takes twelve minutes during which time the skier can rest himself, enjoy the splendid view to the south and east, wax his skiis, or perhaps munch a bite of lunch.

Once at the top of Mt. Mansfield, the skier has a wide choice of trails from which to choose. A novice might best try the Toll Road—five miles of slow, gradual descent. For the intermediate skiers there is Lord trail, and if he has enough ambition to do a little cross-country ski- ing, the Perry Merrill. Advanced skiers can work out on the famous Nose Dive, or if they have plenty of nerve, the S-53.

First aid caches and toboggans are sta- tioned every quarter of a mile on the trails. Anybody suffering a broken leg gets a free ride down the mountain on a toboggan.

For members of the Outing Club, a chance to combine skiing and camping is afforded on Bolton Mt. The Outing Club has permission to use Bryant's upper camp and its outlying ski trails. The camp has a capacity of about twelve people and is equipped with stove, sink, firewood, bunks and blankets. The trails, well laid out by Otto Schneibs, are clear and ready for action.

The local hills of the Country Club and Centenial Field are recommended for nov- ices and skiers otherwise handicapped for time or money. But at any rate let's get out and make use of nature's most deft handicraft—the hills of Vermont!

As a final note: This year U. V. M. men are planning to prepare a ski team. This project has already been given offi- cial University sanction. So if you are interested and are willing to put a little time on it, speak to Pete (Sitzmark) Mallete.

CARRIGAN SPEAKS TO AGGIE CLUB

Dean Carrigan of the College of Agri- culture spoke at the regular meeting of the Aggie Club Wednesday night. The main items of his address were enlarging the Department of Agriculture at the University and the future of agriculture in Vermont.

In the not too far off future Dean Car- rigan hopes to see an agricultural science building. He wishes to expand the Agri- cultural Department in fields which the University does not at this time offer, such as agricultural engineering and plant and animal diseases.

The Dean stressed the fact that Ver- mont could never hope to have as large an agricultural college as states like Iowa and New York due to the fact there aren't enough people in Vermont to warrant this. He stated, however, that small schools have advantages too. Here at U. V. M. with fewer students in each class we can have a closer relationship between student and professor.

Agriculture will be a leading industry in Vermont according to facts rendered by the Dean. We will use the land in the state advantageously. Farms will be fewer but they will be on the best land available and through scientific methods a greater yield will be possible.

Dean Carrigan spoke also of the need for trained specialists in the related fields of agriculture. Due to current conditions there has been a shortage of men in the experimental station and the extension service as well as on the teaching staff. Graduates from this agricultural college compare favorably with those of other colleges. We need to turn out more peo- ple of quality, he insisted.

Sorority Final Parties have been post- poned to the week of November 27 through December 2.

Pledging will take place on Tues- day December 5.

Rifle Club Begins With Many Devotees

Rifle as a W. A. A. sport has been car- ried on over a number of years with great enthusiasm by its devotees. Because of the lack of ammunition, of military staff, and of the restriction of the use of the range it has been necessary to omit this sport at various periods. In 1940-1941 however, training in shooting was held in a large building on lower Main Street and taught by Watts Bagley, a rifle en- thusiast. Many of the students dropped out because of the long distance which they had to walk to the range, but four girls made the team. They were: Natalie Beal, Shirley Buckingham, Mary Hoag and Frances Steere.

The Women's Athletic Association owes a real debt of gratitude to the men on the military staff who have given much time and excellent instruction in rifle practice to the women students. Sergeant Con- nor, now a Major in the service, gave unstintingly of his free time and his fine teaching. Under his training, Edith Prit- chard of U. V. M. took first place in the country for College Women's Rifle Prac- tice.

In more recent years, Major Landis and Sergeant Parker have given splendid training in rifle. Janet Hartung '46 made a perfect score of 100 in 1942.

The women students greatly appreciate the kindness of Sergeant Parker who is again making it possible for them to have rifle this year. Because of ammunition re- strictions only forty will be able to take part this year. So many students were enthusiastic about rifle that it was neces- sary to give preference to the seniors who were interested. This year the Club is made up of twenty-nine juniors and seniors and eleven sophomores.

When They "Go Across"—Can You Say YOU "Came Across" Too?

Rushing Ends With Gala Parties Lake Shore Trips

Last week's rushing parties featured trips to the shores of Lake Champlain and gala parties at sorority houses. Sat- urday was the last occasion for informal rushing as formal rushing begins after the Thanksgiving recess. This week-end climaxed a season of parties unusual in theme and decoration, from nut house to pub.

DELTA DELTA DELTA

The Tri-Delts held an "Under The Sea" Party complete with "Father Neptune" Dot Whaley who presided over the court of Neptune. Court jesters were Elsie Bruce and Bobbie McGeever who held forth with "Cod-Fish Ball" and "I'm Sad And Lonely." After a treasure hunt which led contestants all over the house (a per- fect replica of Davy Jones' Locker) prizes were awarded and refreshments of pea- nuts, salt water taffy, and popcorn were served.

TAU LAMBDA MU

Tau Lambda Mu's guests were ushered into the darkened dining room of Elm- wood, "Inner Sanctum" to the unsuspect- ing public, and entertained by tales of horror. "The Pit And The Pendulum" was presented by Bunny Lieberman, com- plete with props and screams. After the skeletons had been put away in the closet, cake and punch were served. The punch was a nameless brew concocted by Gladys Levine and Mim Lippman. A contest was held to guess what had been put into it.

SIGMA GAMMA

Sigma Gamma chased all over Burling- ton in pursuance of the items on a Scaven- ger Hunt list. Four teams vied for honors with the winning team having finished in thirty minutes. Allen House took the prize for the most looted dorm in the contest. The Sigma Gammas and guests met afterwards at Frau Earle's on Mansfield Avenue and displayed their booty. Cider, doughnuts and candy were served and games played.

ALPHA CHI OMEGA

Evelyn Olsen's camp on Champlain was the scene of the Alpha Chi party. A Hare and Hound race, hiking, and soft- ball furnished sport while some guests played cards and others busied themselves with hot dogs, cider and doughnuts. Later a bonfire was built on the beach and everyone sang.

KAPPA ALPHA THETA

The Thetas also took to the beach and held a party at Oak Ledge Manor. Games were played and skits provided by Liz Dahlgren and Pauline Fitch in a take- off on the dance. "Our Nel" and "The Highwayman" were also presented. A few hardy souls ventured out into Lake Champlain and were later revived with cider and doughnuts.

PI BETA PHI

Guests and Pi Phis had a hot dog roast and cold feet out at Mother "Rut's" camp on Appletree Point. The cold feet came as a result of a wading party, which furnished entertainment until an open fireplace, hot dogs, and popcorn beck- oned. Games, singing and eating were all carried on in camp-fire style.

DELTA PHI EPSILON

A Fashion Show was put on by Delta Phi Epsilon at the home of Mrs. Colodny. Everything from college clothes to bridal gowns was modeled. Flo Savin modeled the bridal gown with Harriet Cohen. Pearl Weissbard, Selma Soudik, Lenore Eichel, Eleanor Konowitz modeling college styles. Penny Mandel acted as narrator. After the show coffee and cup cakes were served.

ALPHA XI DELTA

The Alpha Xi house was converted into a Country Fair for Saturday. The house was decorated with streamers and side shows and a fortune teller who gave it the authentic touch. Contests were held and a Burlap Bag Race was given after which a raffle was staged to get rid of apples and a jar of jam. Eunice Sim- monds acted as Madame SinConga, the fortune teller, and Irene Urie and Joan Parkhurst were the grand winners of the afternoon. Hot dogs were served in true Fair fashion.

BOWLING SCORES

The Independents are keeping up their high standards by defeating Smithy's Kit- tens to a tune of 6 to 0. SAE split their score with the Smoothies. The Curvatures took the entire six points in their match against the Hot Chicks. The Owls lost to Phi Sigs in a hotly contested match, the Phi Sigs taking the entire six points.

Team	Score
Independents	17
Curvatures	9
Smitty's Kittens	9
S. A. E.	8
Phi Sigs	7
Smoothies	6
Hot Chicks	3
Owls	1

High triples this week were taken by G. Bashaw—328, K. Stokes—300, and F. Hedrich—335.

High singles by G. Bashaw—119, and M. Greenfield- 124.

Hillel Foundation Gives Benefit Dance

International Theme Featured Flags, Costumes

Saturday evening found the student lounge in an international setting for the WSSF benefit dance sponsored by Hillel Foundation.

In keeping with the theme of inter- nationalism costumes and flags of the various countries that benefit from the WSSF program were displayed. Anita Setian and Kit Perry were the represen- tatives of Spain, Barb Powers of China, Bunny Lieberman of Russia, Milly Trach- tenberg of France, and Callen Soutakes of Greece.

During the intermission Virginia Don- aldson '47, Betty Farnsworth '45 and Nancy Dockstater '45 sang "Oh Frenchie," "There'll be a Hot Time in the Town of Berlin," and "Good Night Wherever You Are" to the accompaniment of Anita Smith. Following this Anita Smith gave out with some of her Boogie-Woogie selections. Crystal Malone performed a sand-dance accompanied by Miss Smith, she followed this with a dancing exhibi- tion with Stan Sorkin in true Boston style.

Pearl Weissbard was in charge of the proceedings. The members of the com- mittee were, Lenore Eichel, Bunny Wolf, Penny Mandel, and Elly Konowitz. Dr. and Mrs. Machanic, Captain and Mrs. Falk, and Rabbi Gelman chaperoned the affair.

Staff and Sandal News

Staff and Sandal, the junior women's honorary society, sponsors a blood plasma drive in collaboration with the Office Civilian Defense. A list containing the names of the thirty-two girls who sub- scribed to the blood bank has been made available to the Mary Fletcher and Bishop DeGoesbriand Hospitals. These students will be called when needed. Staff and Sandal will hold another drive soon.

Canterbury Club Opens New Series Discussion Groups

Main Characteristics Christian Marriage, Were Topics Considered

The second of the series of discussions by the Canterbury Club on Christian marriage was held on Friday evening, at 7:30, in the third floor lounge, Waterman. Attending were students and members of the faculty and administration. The meet- ing was opened by Rev. Charles Martin, rector of St. Paul's Episcopal Church, by the reading of a few pages from "Mar- riage Is A Serious Business" by Rev. Dr. Randolph Ray who is the rector of the Little Church Around the Corner, New York, traditional scene of numerous weddings.

The three essential characteristics of Christian marriage, as based on the mar- riage service in the Prayer Book, were pointed out. The first point made was the permanence of marriage in the words of the ceremony "to have and to hold from this day forward, for better, for worse, for richer, for poorer, in sickness and in health, to love and to cherish, till death us do part." It was noted that marriage is a binding obligation not to be taken lightly and not to be entered into as a trial, but forever. Secondly, marriage concerns not only the two con- tracting parties, but also the whole Chris- tian family. The third point was the em- phasis on the vow part of marriage. Since it is a vow difficult to keep, help is needed from the outside, and that is where the relationship of the church and the Chris- tian family enters.

The group then discussed specific ex- amples about the advisability of entering marriage under certain existing conditions. The position of a single person in society was brought up and commented on. The next major topic of discussion was prepa- ration for marriage. The two factors that enter into consideration here are first a common background, one having similar cultural interests and educational foundation, and secondly, religious back- ground. The meeting was adjourned on the last point, to be continued at the next meeting.

The officers of the Canterbury Club wish to announce that the next of these discussions will be held on Friday, No- vember 24 in the third floor lounge, from 7:30 to 8:30 p.m. and is open to all who are interested.

MUSIC BLDG. NEWS

Madame Elizabeth Bradish, instructor of singing, was in charge of a studio re- cital held in the Music Building at 3:30, last Friday. Three voice students par- ticipated in the program. Rebecca Farn- ham, sang "Sonny Boy" by Curren, Har- riet Robinson sang Schubert's composi- tion, "The Fisher Maid," and Patricia Tetro sang the "Kashmiri Song" by Woodforde and Finden. Presiding at the piano for the various songs were Madame Bradish, Marilyn Holden and Anita Smith.

The voice students will hold a recital, to which the faculty will be invited on De- cember 20.

Professor Pope Expresses Views On Literatuae and Education

Lesley Bell

Few students are aware of the contributions that their professors are making to their respective fields, the time spent in active research and the effort involved.

Willard Pope, associate professor of English, disclosed in an interview that he has been studying in preparation for publication the journal of Benjamin Haydon, whose keen observations and vivid descriptions reveal more intimately to the students the lives of Wordsworth, Shelley, the Duke of Wellington, and John Keats.

It all began at Harvard when Professor Pope was writing his doctor's thesis on [illegible] of Keats on [illegible] and little [illegible] unpublished journal abridged edition of which was published in 1856. The complete manuscript was lost and Professor Pope, then on a sabbatical leave from the University of Vermont in collaboration with an English friend, traced it to a granddaughter of [illegible] who lived in London. She, thinking it a family matter, refused to show the journal to them, and it was not until her death in 1935 did they obtain the 26 [illegible] volumes.

Professor Pope has been in the process of editing them from photographed copies of each page. The accelerated program however, has curbed all activity in this line. Professor Pope, in collaboration with a friend, also was instrumental in finding and getting published the *Life of Keats* by Charles Brown.

Willard Pope was born in Detroit, Mich. but lived there only 16 years. He attended school in North Carolina, college at Stanford University for two years, and received his Bachelor of Arts degree from Hamilton. After taking his Master of Arts degree at Harvard he was an instructor at Emory University in Atlanta, Ga. At Harvard, in 1932 the degree of Doctor of Philosophy was conferred on Professor Pope after which he taught in North Carolina. He came to U. V. M. [illegible] years ago. During his life he has been married six times and has been in 46 of the 48 states. The other two are Florida and Oklahoma.

When interviewed Professor Pope had just cast his vote for Franklin Delano Roosevelt and predicted that our president would serve four more years. "The soldier vote will run the same as the civilian vote in general." Professor Pope checked "yes" on the questions in the Cynic poll and he advocates that the year of military training come between high school and college.

When asked about [illegible] training as opposed to a classical curriculum, Professor Pope stated: "There is much to be said on both sides. There is a definite swing back to Liberal Arts, and a cultural background is necessary." Just as an English teacher should know engineering, so should a doctor know Greek. Regarding English requirements, Professor Pope believes that all courses, English in particular, should give practice in expression, both in writing and in speaking. Of particular interest to the fact that he would welcome the postponement of 8:00 o'clock classes until 8:30.

Professor Willard Pope

No interview with an English professor would be complete without a few opinions on literature. Professor Pope likes *The New Yorker*, the pictures in *Coronet*, and *PM* occasionally, although he feels that it is not the best source of news. "I'm fed up with *The Readers' Digest*," he says, but he still enjoys the Paul de Kruif articles. He believes that *Time* was guilty of being pro-Dewey in this election when it should have been neutral, but he appreciates the "Time brings all things" feature of the magazine.

Professor Pope, in reviewing the novelists of the day, says that Hemingway and Steinbeck are leading the crowd. "They will have a long reputation though they may never keep pace with Charles Dickens." One of his favorite authors is Somerset Maugham but he was disappointed in his last two, *The Hour Before the Dawn* and the *Razor's Edge*.

In order to get a complete idea of his opinion, we might hold a Faculty-Student Bull Session with Professor Pope conducting the discussion. Subject: The trends of the modern novel.

BISHOP A. B. OXNAM SPEAKER AT VESPERS SUNDAY, NOV. 19

At the first Vesper service of the year on Sunday, November 11, Bishop G. Bromley Oxnam of the Methodist Church in the New York area spoke to students, faculty, and townspeople. He was introduced by Pres. John S. Millis.

"One of the fundamental tasks of religion today is to translate our Christian ideals into realities of international and racial brotherhood," said Bishop Oxnam. For this reason ministers are talking about international affairs from their pulpits, said the bishop. "They have caught a sense of what is vital, and realize that unless we move up the ladder of government, every generation will be engaging in war."

The Bishop also stated that "ministers do not feel they have become statesmen overnight, nor do they plan to lead labor when they discuss economics." The church has been summoned to aid in finding a new form of government.

Attacking the defeatists, Doctor Oxnam added that, "the brotherhood of Jesus is not easy, but we must have a concept of social unity large enough to include everybody everywhere. Jesus was not excluding the Negro or the Jew."

"The test of your religion," Bishop Oxnam asserted, "is what it has done to your life, and what it does to the people you meet."

A native of California, Bishop Oxnam, was educated at the University of Southern California, Boston University, School of Theology, Harvard and Massachusetts Institutes of Technology. He also studied in Japan, China, and India.

He has very recently gone to New York from the Boston area where he was very active in getting churches to work together in the recent antisemitic riots there.

Bishop Oxnam has been very closely associated with the field of education. He was Professor of Social Ethics at the University of Southern California, Professor of Practical Theology at Boston University of Theology, and was President of DePauw University. He holds honorary degrees from the leading colleges and universities in the country.

(Vespers were not held on November 12 as erroneously reported in last week's CYNIC—Editor.)

Health Council to Present Skit

At the Health Council meeting held last Wednesday evening a new system of reporting illness in the dorms to the council was inaugurated. A restatement of the definite responsibilities of the representatives subject to the approval of Miss Cummings, and Dean Simpson, was agreed on. Letters explaining this matter will be sent to the house directors. Janet Stimpson, vice president, and Jean Carlton, treasurer, gave a report on Tag Day.

"Oh Roommate," Health Council skit, will be presented at the next Student Union mass meeting. Members of the cast are Louise Jordan, Pauline Fitch, Crystal Malone, and Ellen Chidsey. The Staging Committee consists of Marjorie Alexander, Esther Ballard, and Jean Carlton. It is under the direction of president Margot Donahue.

The meeting was held in Redstone before an open fire. Coffee and doughnuts were served by Betty Rome, refreshment chairman. Miss Dittig, of the Nursing Department and Mrs. Pilcher, house director at Redstone were guests.

Sorority Notes

PI BETA PHI

Every phone call, special delivery, every wire, has been for M.J., lately. Now we know where he is—Greensboro, N. C.

Jeanne Hotchkiss was off to New Preston for the week-end, also Leslie Bell, to her respected Barre.

Ginnie Ross and Bea Raymond are looking forward to Thanksgiving at the McGarrys.

Off to Rutland on a flash trip Wednesday were Maude Ann Wiggins and Ronda Prouty.

The two Nurses Aides to be of Pi Phi are seen only occasionally these days. Ginia Coffman and Mary Lou Robinson are spending their evenings at Mary Fletcher Hospital.

2205 Nueces Street, Austin, Texas is still plaguing The "Plant."

DELTA PHI EPSILON

The chapter has been honored this week-end by the visit of two of our favorite alumnae. Thursday night heralded the unexpected arrival of Marjorie Rubin '45 who recently graduated after completing a summer at Radcliffe.

The crack of dawn Friday brought our second guest, Rose Eisman '44, who is now studying for her master's degree at Columbia, while enjoying the benefits of a fellowship. The pleasant part is teaching chemistry to those midshipmen down there; but we'll bet a week-end in Burlington means much more. Wonder why?!

The girls have all been busy this week on their "sandwich assembly line." But spending those evenings tramping from one dorm to the next have been very profitable and we're going to be pretty pleased to hand in that tidy little sum, which you've all helped us raise by your cheerful buying. Thanks!!

ALPHA CHI OMEGA

What happens when you forget to read the messages on the bulletin board? Your mother and father arrive and find you sleeping at 12.30! Just ask Bet Rublee. This happened last Sunday morning when her parents arrived unexpectedly from Newport. Quite a surprise wasn't it, Bet?

Two other visitors at the house last week were Kelly Aronson's mother from Proctor, and Alberta Read's mother from East Fairfield.

Marjorie Southworth, '43, was also up for the week-end. Marj is now teaching music at Morrisville.

Chris Hughes and Doris Lindecrantz both celebrated birthdays last week with parties at the house.

SIGMA GAMMA

The Sigma Gamma Handicap [illegible] Contest of last week was won by the team of "Tillie's Toilers," with [illegible] competition from the other teams. All managed to bowl over 30, despite [illegible] folds.

Open House was held last week [illegible] Khfa Club with Mrs. Swift [illegible] the sorority.

"Madame La Zonga" Noble has [illegible] to set up a fortune-telling business [illegible] exhibition of her mystic powers [illegible] week—she caught on to six morons [illegible] out a delayed reaction. Lois Baker who had just returned from a trip [illegible] to be treated for shock. Doctors [illegible] ton and Field.

Olser Society Banquet

The Osler Society held its annual banquet Wednesday evening, November 15 at the Paragon. The menu consisted of roast turkey and all the trimmings.

The officers for this year are Bob O'Brien, president; Tom Keighley, vice president; and Edna Dole Backup, secretary.

"Challenge of the Future" Theme of Chapel Talk

Rev. Harold S. Hannum was guest speaker at the Chapel Service, Tuesday, November 21. Reverend Hannum is a graduate of the Boston University Theological Seminary and has been in Vermont about three years. At the present time he is the pastor of the North Congregational Church in St. Johnsbury, Vermont. He was one of the leaders at the Lockhern Summer Conference and is instrumental in planning Conversations [illegible] members in the fall. Reverend [illegible] very active in religious circles [illegible].

Reverend Hannum's talk was "The Challenge of The Future." He said that it was up to the people of today to build a new heaven and earth and that this [illegible] could be accomplished only if we love each other in the sense of not harming one another. He pointed out that no matter what situations might arise that God will care for his people, and that the mental and spiritual suffering of today is far worse than the suffering of the body. Reverend Hannum said that it was necessary for each of us to look to God and see how he loves his people, to love God and each other in order to build that new heaven and earth which is our only hope for the future.

The following name was inadvertently omitted from the Dean's List for the Summer Term: Elementary Education, B Average. Colby, Joyce A.

E. Swift, *Dean*.

Seniors Initiated Into Omicron Nu

Four seniors were initiated into Omicron Nu, the honorary National Home Economics Association, at Miss Muse's apartment, November 15, 4.30 p.m. Shirley Needham, the only active member at present, and Mrs. Larson were in charge of the ceremony. The new members are Christine Hughes, Marjorie Nutting, Ruth Ann Holmes, and Muriel McKee.

Faculty members present were Doctor King, Mrs. Larson, Miss Terrill, and Miss Muse who is employed in the Experimental Station. After the initiation Miss Muse served tea.

The average telephone pole was a tree sixty years old when cut.

Redstone Campus Welcomes Co-eds

By Mary Thornton

Formerly the center of all women's sports and social activities on the Hill, Redstone Campus has been referred to in the past tense since the war began. This year, happily, the conditions have changed for coeds who have taken over the former campus, converted Redstone and Slade once again into women's dormitories and established a dining room at Robinson. To those who knew the Women's Campus in the glamorous days "way back when" this is only a step in the right direction. There is a lot more that Redstone has meant to U. V. M. women since it was purchased by the College in 1911.

Before the Waterman Building became the center of college life in 1942, dances and teas were given in the Southwick Memorial Building. In the ball-room upstairs Mortar Board held its formals, Commencement receptions and Senior Proms are recalled there. In the gym downstairs Redstone students had facilities for all sports with the fields by the Weather Bureau completing outdoor activities. In the original plans for Redstone, even a golf course was suggested for the athletic program.

The living room in Southwick furnished room for many a cozy teas and bridge games. The most popular spot on the campus was Redstone Hall dining room and kitchen, where the equally popular cook, Mrs. Ross, reigned. A hundred girls ate in the dining room but a handful of practical jokers and wits (?) were usually found in the kitchen. Another spot on Redstone was dear to all coeds, was the path by the orchard, where you could run down to an eight o'clock class on icy day.

The view from Redstone is something to talk about for this was one of the reasons the estate was purchased by the College. Redstone commands a magnificent view of Lake Champlain and a large section of the Champlain Valley and the Adirondacks beyond. Then, turning to the west one can get from this same window a wonderful panorama of the north end of the Mountain range, including the famous Camel's Hump and the other peaks of the section. Redstone's front campus is especially beautiful at night when the snow is falling and the following day when the students try to make the most of the snowed-in dorms.

Before the picture of Redstone before the advent of the Army and the "Great Migration." In the cold winter of 1943 the Air Corps was sent to U. V. M. and Redstone had to be ready for them. There followed a mad week of finding homes for the girls on the campus with the result that fraternity houses were taken over. Most of the moving in was accomplished by transporting everything from dresser scarfs to chairs on sleds. With the coeds in the frat houses there followed a slogan contest which ended with a huge sign on Delta Psi House "The best girls of all, Move to Delta Psi Hall." This no doubt took the place of the Redstone spiritual "Indicate The Way To Redstone."

Now that Redstone is down to a more or less normal state (dependent upon the present contingent) it is expected that Southwick and the dormitories will return to their well earned fame, that they will still have sumptuous banquets at Robinson, kitchen parleys behind the scenes, and an occasional apple swiping contest in the orchard.

OUTING CLUB

At a recent meeting of the council of the Outing Club, two new members were elected to the council, Al Lowenfels '48 and Bill Cook '46. Jeanne Hotchkiss has found it necessary to resign the presidency of the Outing Club because of other activities. Mildreth George is the new president.

Plans are being made for a hike Sunday, November 26, probably to Mount Philo.

Joe Lechnyr's U.V.M. Band Rehearses New Numbers

The U. V. M. Co-Ed Band has a large assortment of new music in rehearsal. Familiar selections include "Dinah," "Shine on Harvest Moon," "Pretty Kitty Blue Eyes," and "What Do You Do in the Infantry." "The Sunny South" is a selection of favorite plantation songs, by Paul Yoder, "In Victory" J. Bodewalt Lampe has included a number of patriotic melodies.

Among the newer pieces which will be heard, as soon as they are groomed to Director Joseph Lechnyr's satisfaction, are: "Lilli Marlene" by Stillman, Leip, and Schultz; "Buddies" a coronet duet by G. E. Holmes; "The Pals," a polka by G. D. Barnard; "Rise Men Courageous" by Wilbur Chenoweth, and "Jesu, Joy of Man's Desiring" from Cantata 147 by Bach.

WSSF Drive

(concluded from page 1)

countries to which W. S. S. F. is giving decorated the lounge and refreshments were served smorgasbord style. Several Navy men from Middlebury were present and the gathering was one of the largest of the year.

Alpha Chi Omega

Last night, the Alpha Chis welcomed students and faculty to a dessert hour. The refreshments served were chocolate cake a la mode, pie a la mode, coffee and cocoa. The Alpha Chis will give all profit to W. S. S. F.

Delta Delta Delta

Thursday afternoon, November 16, from 4:00 to 5:00 the Tri Delts featured the latest styles from the Old Bee Hive. Members of the sorority modeled clothes to the music of appropriate records. At the conclusion, cup cakes and coffee were served. All proceeds will go to W. S. S. F.

Delta Phi Epsilon

Every night last week the Delta Phi Epsilon's made a complete canvass of dormitories selling sandwiches made by sorority members and apples. Business was very profitable, since the girls tried to arrive at the houses in time for "noisy hour."

Kappa Alpha Theta

Sunday evening, November 19, from 5:00 to 7:00 the Thetas served their annual pot-luck supper. All the food served had been home-cooked and consisted of casserole dishes, salad, rolls, assorted cakes and milk. The profit from the admission will be donated to W. S. S. F.

Tau Lambda Mu

The T. L. M.'s are sponsoring a raffle for a carton of cigarettes from Monday to Friday, November 24. Raffle tickets will be sold for 10c apiece and on Friday the winner will be announced.

Sigma Gamma

Friday, November 17, the Sigma Gammas held a bridge tournament in the Student Lounge from 4:00 p.m. to 9:00 p.m. Mary Thornton organized the activities. Every person, after paying 15c admission, chose a partner and played as many games as he desired.

Treasurer Hunt Ends Hike-Bike Club Season

A Treasure Hunt at North Beach, Sunday, November 12 concluded the very successful season of Hike-Bike Club. A committee under Ruth Jandoreck biked out and laid the trail of green and gold slips, complete to detours.

The hardy hikers, braving the early morning cold, divided into two teams and scurried about madly until the Greens emerged victorious. Coffee and doughnuts were served to the treasure-seekers

Walbridge Speaks About Physics at Last Convocation

Points Out Physics Is Oldest and Most Explored of Sciences

Professor Walbridge proposed that we take a given problem and form ourselves into a research staff in order to solve it. The problem in this case was to find out why a penny will fall to the ground faster than a feather when both are dropped from the same height.

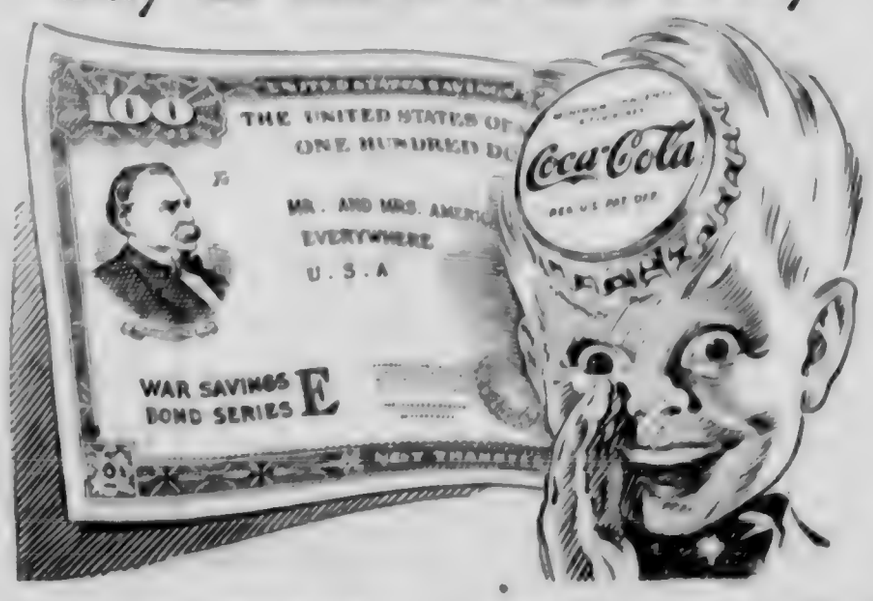
Before we can understand the problem at hand or make any progress at solving it we must understand the terms which we are using. It is proposed for instance that the body which has the greater weight will fall faster. We must then define weight and faster. It is then observed that the penny falls faster as it nears the ground and thus increase in velocity must also be defined as well as explained.

As a test of the original statement and that the body with the greater weight would fall faster, you make both bodies weigh the same. When the penny still falls faster, then your original theory has been disproved, and you must revise it to say that it is the volume or density which effects the speed of the fall of pennies.

It is then proposed that perhaps air resistance affects the rate of fall and by use of a scientific device it is discovered that in the absence of air the feather and the penny will fall with the same speed. This discovery is then applied numerically using air friction and a formula is worked out.

Mr. Nelson Walbridge, Associate Professor of Physics, was the convocation speaker last Thursday in the Ira Allen Chapel. In keeping with the convocation committee's theme, "The Frontiers of Knowledge" Mr. Walbridge discussed the problems of Physics, one of the oldest and yet the most rapidly explored of the physical sciences.

The solving of a problem in physics involves three steps, he pointed out. First, a definition of terms, second, a generalization which we attempt to prove or disprove, and third, application of the formula and checking it. These three fundamental steps have been the basis of our advance in Physics and have been used for about a thousand years.



ATTENTION

All student labor slips are cleared through the Student Employment Office (109 Waterman) and will not be accepted directly at the Accounting Office.

Labor slips shouuld be in promptly at end of each month.

Students engaged in student labor should be registered at the Student Employment Office so that time slips can be approved.

"Buy an Extra Bond today"

With Victory comin' our way let's make it swift and sure. Instead of letting up, now, above all, is the time to give out—with extra dollars, extra effort. Let's back up our fighting men by keeping in there pitching till the thing is cinched. Victory takes something extra to win. Make it an Extra War Bond . . . Today . . . Now!

Cut System

(Continued from page 1)

dents a student may not repeat a course failed or in which he has been conditioned without paying sixteen dollars per credit hour.

4. Faculty responsibilities for work missed because of the student's absence.

When absences for illness or other justifiable reason have been excused by the Dean, the work missed may be made up at a time convenient to the instructor and the student. Other absences do not warrant this privilege.

[illegible]

In May of this year at a Student Government meeting it was reported that the faculty disapproved of the cut system on the grounds that it was too complicated and strict. A committee of students was appointed to meet with a faculty committee and this group has finally succeeded in drawing up a uniform rule to govern class attendance which is satisfactory to the Senate.

Campaign for Ariel Snapshots Begins This Week

The *Ariel* is starting its annual campaign for informal snapshots of small groups. Pictures of people in action are to be stressed so that the yearbook will have a true picture of the goings-on on campus during the year. Anyone who has pictures might prove of interest is requested to leave them in room 49, Waterman, the *Ariel's* new office, or give them to Mary Green.

Amateur photographers may get their snapshots of friends or action shots in the *Ariel* if they hand them in on time. Now is the time for all students to come to the aid of their yearbook.

Monday, Tuesday and Wednesday appointments were made with the *Ariel* photographer for retakes of junior pictures. Pictures were also ordered and it is expected that they will be delivered before Christmas. Anyone who has not ordered pictures should leave their name in the *Ariel* office.

The *Ariel* Business Staff has announced the promotion of Betty Clark as Correspondence Editor.

Help Fill the "Invasion" War Chest

Minstrel Show

(Concluded from page 1)

Due to the secretiveness of the producers the full program can not be printed but there is a great deal of talent hitherto undiscovered which will make its debut in a blaze of glory on Saturday night.

The various committee chairmen are: Make-up, Barbara Burnham; Costumes, Rose Leslie; Properties, Janet Simpson; Production, Janet Quinn; Program, Jean Donahue; Talent, Mary Ashe; and Publicity, Gloria Hughes.

The tickets will be on sale all day Friday and Saturday morning in the main entrance of Waterman and by all the committees.

Before China's modern telephone system was installed the service was so slow that it took twenty minutes to complete each call.

Interested in Social Work? Clip Ballot and Leave in Room 46

Social Work is a field of service in which many of our graduates are now working. The opportunities are many and varied, and as helping to win the peace, the need will be yet greater.

If your answer to any of the following questions is "Yes" please check, and cut out ballot and deposit at box in Education Office, Room 146.

	Yes	*No*
1. Do you plan to enter the field of social work after graduation?	☐	☐
2. If a curriculum in Social Work were offered at the University of Vermont, would you be interested:		
a. In taking the curriculum to prepare yourself for Social Work?	☐	☐
b. In taking some courses in the curriculum as electives?	☐	☐
c. In finding out more about it?	☐	☐

*Name*_____

SPANISH CLUB HOLDS SECOND MEETING

The second meeting of the Spanish Club was held Wednesday, November 15. After the meeting was opened by the president, Marie Rolleri, Spike Thornton gave a report of the Student Government's donation to the Spanish Club. The program was then turned over to Ginny Campbell who gave a detailed account in English of the play, "Rosina," which was to follow. The readers were Anita Setten '45, Spike Thornton '46, Ginny Campbell '46, Peggy Donnelley '46, Ruth Shoppe '46, Mary Ashe '45, and Marie Rolleri '45.

It was decided that a membership drive would be conducted in about two weeks. A committee, including Janet Fickensher '47, Anastasia Boretos '47, and Monica Raisines '45, was chosen to take charge of the next meeting.

Except for the detailed account in English of the play, the meeting was conducted entirely in Spanish.

Newman Club

Rev. Joseph Corbett, Professor of History at St. Michael's College and an outstanding speaker in Vermont, was the guest speaker at the first annual meeting of the Newman Club last Tuesday evening in the Student Lounge. His topic was, "This Is Our Heritage."

A business meeting, conducted by Frances Witham '46, preceded Father Corbett's talk. A program of social service work was presented, whereby the members of the Club may aid in amusing and caring for the children at St. Joseph's Orphanage.

Refreshments were served and the freshmen were given an opportunity to meet both Father Corbett and Father Cosgrove, the Club's Chaplain this year.

Committees Report Progress at Nov. 10 Executive Meeting

Laurel Hansen and David Hackett to Serve on Cultural Committee

The meeting of the Student Government Executive Council was held on November 10, 1944, in room 140 Waterman Building. In the absence of the treasurer, President Daily explained the necessity of a reallocation of the Student Activity Fund since certain organizations have not complied with the budget reductions which the treasurer finds necessary.

Mary Ashe reported for the Social Committee on the available nights for a Student Government meeting. The final decision on the matter was left until later. Marjorie Nelson reported that one member of the Cultural Committee was usually chosen from the Executive Council. The purpose of this committee was discussed particularly with respect to its raising interest in the cultural opportunities on this campus. David Hackett and Laurel Hansen were elected to serve on this committee.

The Tree Project Committee will give its report at the completion of its work.

President Daily expressed his thanks to the editor of the CYNIC and to Mary Thornton for their work in starting a program to improve conditions in the cafeteria line.

President Daily reported to the Council of his first conference with President Millis, during which the problems of a University and of this University were discussed. Acting upon a plan of President Millis' to organize a Committee to state the educational philosophy of the University and to reevaluate its standards of teaching and learning, President Daily asked the members of the Executive Council to carefully consider the names of four or five students to serve on this committee.

Phyllis Edgerton reported that the Cut System had been sent back to the University Senate.

After deciding to hold the next meeting on Wednesday, November 15 at 4:[illegible] the meeting was adjourned.

Respectfully submitted,
MARY [illegible]
Secretary

Rev. Ralph Hyslop Is Entertained by Y.W.C.A. at U.V.M.

Speaks At Chapel Service On Battles of Every Day Life

Y. W. C. A. has brought to our campus an outstanding religious personage, in the Rev. Ralph Hyslop, Minister of Students of Congregational and Christian Churches. Reverend Hyslop attended the University of Wisconsin, Chicago University Seminary, studied under a fellowship at Union Seminary, and also spent some time in England and Scotland and Europe. In his present capacity that he is Minister to Students of Congregational and Christian Churches, Reverend Hyslop travels to colleges and universities throughout the United States talking to students and discussing with them religious questions pertaining to their college in particular or to colleges universally. In a recent letter, published in *Student Life* Notes, Reverend Hyslop wrote "Those on the campus today are thinking more seriously than ever before about the meaning of an institution which claims to stand for light for our dark world."

Speaks at Chapel

At the Chapel service held Tuesday morning at 10.00 a.m. Reverend Hyslop spoke on the battle of everyday life comparing it to the battle of the Forest described in the Second Book of Samuel. In order to meet this battle with courage and strength a profound and vital religion is necessary. Reverend Hyslop stated that, "to go to college in times like these one must have a destiny." In developing this further the three requisites for a destiny are first, a vocation or calling, secondly, accomplishment, not only in achieving an end but also in the means by which the end is achieved, and thirdly, a sense of responsibility. However this destiny cannot be achieved without a true and vital religion. If this vision is achieved by us then we can realize a vision although this vision may be different from one of the ideal for which we are striving, namely, the universal brotherhood of man.

President Millis presided over the Chapel Service and introduced Reverend Hyslop to the students.

Unable to Speak to Y. W. C. A.

Due to a misunderstanding Reverend Hyslop was unable to speak at the Y. W. C. A. Mass Meeting Tuesday evening. Owing the case the Mass Meeting has been postponed.

Students To Serve On Revaluation Program

Student Union Mass Meeting December 13

The women's Student Union of the University of Vermont will conduct a Student Union Mass Meeting at 8:00 p.m. on Wednesday, December 13, at the Ira Allen Chapel.

The program will have as its theme the subject of Christmas. The University Health Council is planning to present a skit at that time.

The members of Student Union will have a meeting Monday, December 4, to discuss further and more definite plans for the event.

All University women students living in dormitories under Student Union rules will be, as usual, required to attend.

Maryknoll Sister Tells Newman Club Of Work in Orient

Sister Mary Peter of the Maryknoll Order of Nuns made a profound impression on the Catholic students who gathered in the Student Lounge during Chapel hour on Tuesday to hear her speak on her experiences as a missionary in the Orient.

Mission Work

Sister Mary Peter is of medium height and weight with a ruddy complexion and cheerful expression. She spoke simply and sincerely, outlining the work of the Maryknoll Order as first organized and as changed under pressure of the war and then of her own experiences. Rather than attempt a sketch of her whole career in so short a period of time, the nun described movingly the most gratifying conversion she had witnessed in 23 years of service. She was stationed in Manchuria, and her work lay for the most part among Chinese and Japanese. The story was a simple one of a Japanese pagan lad of 22 who was brought to a hospital with advanced tuberculosis of the throat and lungs. His desire to learn about Christianity, and particularly Catholicism, was aroused from observing the visits of the priest of his converted roommate, and the peace which they seemed to bring. During the four weeks that he lived he became a Catholic and received his first Communion the day he died. Many other conversions were made from the number of relatives and friends who came to his funeral in the church.

Work Continues Despite War

It is impossible to put in print the wonderful personal attraction of Sister Mary Peter. She entered the sisterhood in 1919 and worked for ten years among the Japanese on the Pacific Coast. There she learned to speak Japanese fluently. She explained how, when they arrived in China, they found a small group of Chinese girls, drawn together by their common desire to become nuns, doing what religious work they could while they waited for real sisters to come to show them how. These Chinese girls worked with the Maryknoll missionaries for ten years, and now that all the foreign workers like Sister Mary Peter have been forced by the war to depart, the Faith is in their hands. The Sisters were relieved to discover on their return to this country that the work at Maryknoll, rather than being paralyzed by the crippling of its activities in the Orient, has been shifted to South and Central America, and to the negro population in our own country.

Sister Mary Peter and her companion Sister Aloysius have been in this country for a year addressing various schools on what they have seen and learned. Because the speaking talk was necessarily so long, Miss Mary E. Sullivan of the English Department invited all Catholic girls who were interested to visit the sisters at her apartment between 4:00 and

(continued on page 4)

Good Material for Basketball Team On U.V.M. Campus

Undergraduates and Medics, All Former Varsity Men Will Play

For the first time in two years the University of Vermont may have an athletic team. Bob Doherty, sophomore medic and captain of U. V. M.'s last hoop team of two years ago, is trying hard to start a team with the wealth of material there seems to be available. Although the University of Vermont has officially discontinued all intercollegiate activities for the duration there is so much talent and so much enthusiasm for a basketball team that students may well see a representative team before the basketball season ends.

Milt Kaufman, a medic and a speedy forward on U. V. M.'s last team, is available and anxious to see action. Linnehan and Akey, two other members of the A. S. T. P. unit at the medical school and former varsity members of St. Michael's basketball team can also be counted on to supplant much old material which is still here at the University. Mike Spylios, another varsity member is also available.

Although there is some uncertainty as to who will coach a University team since the departure of Fuzzy Evans, such a matter will probably not prevent the formation of a team. With the talent that is sure to turn up should it be definitely announced that U. V. M. will have a hoop team, the college should be assured of a team of high enough caliber to uphold the pride in University teams which has been evident in the past few years.

Since no funds were appropriated to athletic teams this year and since the activity fee of the students was accordingly cut drastically, the exact status of a team is not yet certain. It may be an independent team, although it may be an official U. V. M. team.

Rivalries which have been discontinued for the duration may be renewed if the Dartmouth, Middlebury and other quintets can be induced to come here. Aside from a few potential difficulties which will probably be overcome in the near future the University of Vermont seems well on its way to having a good basketball team.

Sorority Explained By Pan-Hellenic

A special Pan-Hellenic meeting was held last Tuesday evening for the purpose of more completely explaining the sorority system to the freshmen. Senior Pan-Hellenic representatives from the various sororities explained different phases of the system. Betty Farnsworth, Pan Hellenic President, was in charge of the meeting.

Charlotte Robinson spoke on the advisability of waiting until the second semester rushing period if any girl is in doubt about which sorority she prefers, as this delay will allow more time to get to know the members of the various sororities and provide a better basis for the final decision.

Joan Eddy explained the method of pledging for second and third choice on the day of signing up. She stressed that if a girl lists a second choice and receives a bid from that sorority and not from the one of her first choice she must accept that. She also pointed out that the sorority would not know that it was its second choice.

Marian Mellis answered the question "How long are you a sorority member?" by pointing out that it was not a question

CAFETERIA FEAST SERVED IN TRUE HOLIDAY MANNER

Thanksgiving Day from 12:30 to 2:00 300 students, administration, faculty and townspeople were served a traditional turkey dinner at Waterman. The dinner was served cafeteria style and after receiving their food, the hungry diners were escorted to tables which they had previously reserved. The dining room was made homey with linen table clothes, candles, flowers and center pieces of pine boughs and fruit. In the dining room was also an attractive vegetable display.

The menu consisted of all the things one expects to have at this occasion and more too. Many of the diners commented on the colorfulness of the dining room and one breathed, "Even LINEN." They were served bouillon waters of juicy turkey, dressing and gravy, mashed potatoes, buttered peas, baked acorn squash, cranberry sauce, hot rolls and butter, let tuce salad, relish plate or stuffed cinnamon apple salad and finished off with their choice of mince pie, fruit, ice cream and cookies; coffee, tea and milk were served in the dining room.

Report on Weekly Meeting of U.V.M. Student Council

Cut System, Financial, Pep Committee Report Were Topics of the Day

November 24, 1944

The meeting of the Student Government Executive Council was held in Room 149, Waterman Building with President Willson Daily presiding.

The president spoke briefly about the Cut System. Since it has been passed by the Senate, this system is in effect. In a conference with President Millis, it was suggested that Student Government conduct a poll and if student opinion is against this system the Senate will act upon it. It was suggested by Vice President Schoppe that this poll be taken, and it was noted that a negative vote will cause the Senate to revert to the old system. Further suggestions were in favor of a poll taken by classes so that the the Executive Council can judge proper weighing of opinion since the freshmen and sophomores would probably not favor the system. Frances Donahue suggested that this be the subject of a Bull Session to be held immediately preceding the poll.

After an explanation by President Daily of the scope of the Committee on revaluation of educational standards, it was generally agreed that Juniors would be the most suited to membership. It was moved, seconded and carried that the committee be composed of two seniors and three juniors. The following were elected to membership on this committee: Shirley Needham, Ruth Jordan, Peggy Donnelley, Nancy McNamara, and David Hackett.

Treasurer Beryl Cheney announced that $100 had been deducted from the *Aval* allocation to go to the Accounting Office to partially cover the cost of administering and auditing the Student Activity Fund.

The Pep Committee reported that Mark Simonds will be touring in New England and had written to them concerning the possible dates of appearance were between December 10 and 14. After discussion the matter was left until the Pep Committee can get further details.

[illegible] Junior Prom is [illegible] school. Pope Schoppe was elected to help [illegible] the General Committee if needed.

Upon motion the meeting was adjourned.

Respectfully submitted,

Mary Cornell, *Secretary*

Willson Daily, *President*

Minstrels Play to Capacity Crowd Saturday Night

Program of Dixie Drama With Assorted Talent and McNamara's Band

The Mortar Board Minstrel Show played to a capacity crowd last Saturday night in the cafeteria when the women's honorary, the band, and assorted talent held forth with a program of typical Dixie Drama. The show started at 8:45 with an overture by the band which was followed by the entrance of interlocutor Rowell. After his "Gentlemen be seated!" endmen Art Gillman, Al Atwater and Ken Gibson, swapped gags with Crystal Malone, Thelma Jacobs and Jackie McCormick, while knee slapping darkies accompanied them in the background.

Gay Nineties Review

Peggy Anderson was the prima donna of the evening with her renditions of "Just A Rose With A Broken Stem" and "When Frances Dances With Me." The gay nineties motif was continued with an original characterization of the old movie melledrama "The Face On The Bar Room Floor." This act was presented by Peg Donnelly, Ginny Campbell, Irene Fahey and Spike Thornton, complete with the kaleidoscope movements of old films. Barbara Powers, Barbara McGeever and Elsie Bruce formed a bar room trio that sang "Harrigan." The girls with the nimble feet then took to the stage for a sand dance a la Crystal Malone, "Dance With A Dolly" by Nancy Dockstader, Sue Forrest's tapping, and "Dark Town Strutter's Ball" strutted by Beryl Cheney and Irene Fahey. Members of the band presented "McNamara's Band" with slide trombone accompaniment and solo by Don Pease.

Cotton Babes

An entertainment impromptu act was put on between scenes when the band broke into "Cotton Babes" and Haughty Pearl and Al Atwater walked fo' de cake.

The second part of the minstrel show provided a romantic setting. Bill Cook supplying the song. He sang "St. Louis Blue" and then "Moonlight Bay" with Florence Reid. A quartet quizzed "I Wonder What's Become Of Sally" and Eleanor Brownell rendered "Mighty Lak A Rose."

A couple of high stepping strutters came out to the strains of "Robert E. Lee." Lo, and Behold! Sally Merson and Liz Conklin. Their act was followed by the amazing appearance of Barb Anderson wrapped in a fur coat and forlorn expression. She gave "The Pessimist" a monologue in a monotone. Sybil Gardner and Harriet Cohen "made with the feet," also Crystal Malone and Stan Sorkin danced to Anita Smith's "Wood chopper's Ball."

A highlight of the evening was the can can dance of the "Staff and Scandal."

(Continued on page 4)

Fraternity Gives Holiday Tea Dance

[illegible] members and guests at [illegible] Chapter of Phi Sigma Delta fraternity gathered in the Student Lounge for the Phi Sig's Thanksgiving Tea Dance. Recorded music provided entertainment for the members and their dates from [illegible] to [illegible].

Mr. and Mrs. Francis Colburn and Mr. and Mrs. Louis Longo chaperoned the affair. Activities Committee Chairman Walter R. Stern, '45, with the assistance of Pledge Bob Rosansky '48 and Stan Sorkin '48 made the preparations for the party.

Vol. 62 NOVEMBER 29 1944 NO. 68

Higher Learning in Education

[illegible] has been issued [illegible] pointing out students at fault concerning [illegible] of the college and program. The criticisms are varied and the recommendations [illegible] are even more varied. Whether or not the seriousness of the many accusations and proposed remedies [illegible] justified is a problem primarily [illegible] a college education on the part of those students. To many this has been a blessing in terms of what a college education entails. For them, as it is for [illegible] it has been a time to grow [illegible]

Everyone is familiar with the man or girl who goes to college because it is the thing to do and Dad has plenty of money to send his son or daughter there although they may or may not be college material. There are [illegible] many who go with definite ends in view, be they to get some [illegible] purpose, to gain more [illegible] or to learn something. The most American of purposes there is not the acquisition or appreciation of information as an end in itself, of acquiring knowledge for the sake merely of getting it well enough to lead, that the tradition of a university education merits. It is certainly not a condemnation of learning, colleges that this attitude is lacking, but rather is in part the result of very valuable elements in our educational system. It is not merely that many of the institutions of the Old World, such as Oxford and Cambridge, have centered on the tradition of learning and have been the centers of knowledge for so many centuries that seems to give them a halo of importance, the aim that their students are largely drawn from families of the upper classes where a university education is appreciated for its own value and normally as many sons as looking to a career in one of the professions or to government service. In the comparatively new colleges and universities of America there are also enrolled students from all ranks of society, but by far the greater number are drawn from the middle classes. In many cases these parents did not attend college and aside from their football teams know little about them, but economically they are in a position to send their children to college. Here they are able to give their children advantages they never had. This makes many sacrifices necessary, and it is quite natural that they should expect their boy or girl to get a good job upon graduation. Indeed, in most cases a college education should enable the graduate to engage in the work for which he is best fitted and which is the most advantageous to him. It is one of the purposes of any educational scheme to enable the individual to find his place in the world. Some find this sooner, but there are many others who must wait for experience and knowledge gained at college to point the way. But the college graduate should also have a better understanding of the world he lives in and all it has to offer, so that he may be more capable of undertaking his civic responsibilities and of spending his talents in a more valuable way his hours of leisure. In fact, scholarship is revered by the rich and poor alike, and there is scarcely a student who, knowing what his power to acquire an education for its intrinsic value for the best person he thinks it will make him. There should be room of that sort here.

Our American campuses there have grown up activities designed to supplement the curriculum of studies. There are competitive intercollegiate sports and many clubs and organizations, sometimes offering an opportunity to put to use interests gained in courses that make up the host of extra-curricular activities of our American colleges. They have their place in training for a well balanced life both in college and afterwards, particularly in a system where young people of so many different national backgrounds have had to learn to cooperate with one another and to live together. However, these activities have many times been over emphasized and so have tipped the scales away from a proper recognition of the fundamentals upon which opportunities of higher learning exist. Therefore, the interest on the part of many of the students at U. V. M. as well as on the part of the faculty in the goals of a college education and the means by which it should be reached, shows that even our campuses may develop a truer understanding of preparation for the future. —K. [illegible] party [illegible] we want [illegible] and we want [illegible] peace [illegible]

[illegible] something [illegible] to [illegible] of you will have another war another party.

[illegible] runs [illegible] war [illegible] have come want a permanent peace and [illegible] are ready to start another world conflagration to decide whether or the Nazis realized [illegible] to remake the known course of the world. The answer to this [illegible] the people are confused, shouting from one extreme to the other. Where this pressure [illegible] during will only be a matter [illegible] however many persons are coming to realize that the problem is "What to do with Germany" requires some intelligent thinking.

Trisection

One of the first stumblings of the worrying brain [illegible] the Thanksgiving turkey suggests to carve the Nazis [illegible] into three independent and self-sustained states. A Germany in this dismembered condition would indeed be as impotent as a mad student's enfilade. However, some new supercharger would soon scream that this does not kill Germany's military might but simply kills Germany and it is not difficult to imagine another "man with an umbrella" getting good delegations. Little Germany, so we have a Fourth Reich, and we are off on the road to—

The Problem

Let us do nothing else of the sort peace boys, but to consider the effect of the germ-cures of preaching of the principle of [illegible] first Bismarck, then the Kaiser, and Hitler.

On the other side of the fence a hard peace carries with it as its usual companion resentment which can not develop into a happy world for the children here today. What is needed is a subtle peace which contains (1) great power and (2) a lack of the razor sharpness that could cut the future bonds of friendship between today's enemies.

The Kilgore Solution

Posing a problem does no good when the person doing the posing does not even grope for the answer himself. The most perfect piece of art to be done on this model I have yet found, is the report of the Kilgore Committee of the Senate. It proposes an army out peace as hard as they come, but still soft enough for the successor German to accept gladly. The munitions manufacturers may object to it, but they would object even to peace. The committee recommends the dismantling of Germany's primary munitions works, and the transporting of the chemical and metal industries to devastated Allied areas. In case the Germans would like to start another war they would have to fight it with wooden pop guns. Dear Adolf outthanked the disarmament and dismantling orders of the Versailles Treaty by international cartels and the transferring of patents and secret processes to foreign firms in exchange for controlling shares in the companies. To circumvent this circumvention the committee proposes (1) that the world monopolizing cartels be broken up, (2) that the Nazis patents here be made available to all and (3) that the United Nations confiscate all German overseas property. In the opinion of the Kilgore Committee the property taken here in the U. S. should be sold to help defray the war cost. This should relieve somewhat the poor people who are killing themselves worrying about their children paying the large war debt.

It is the belief of the Kilgore group that an international economic council should be created immediately and that reparations require a payment heavy property and are a right cause. It is their opinion that it would be better if we were not overcome this time.

The Kilgore Committee's disposition of the problem may not have reached perfection, but it does not have very far to go.

There will be an I. R. C. meeting tonight at 7:30, in Room 115, Waterman. Refreshments will be served.

Vermont Organized First Blood Plasma Bank In the Country

by Bill Cook

Many people have heard of blood plasma and blood plasma banks through the newspapers, magazines, movies and radio, but few, many realize that Vermont was the first state in the country to organize a blood plasma bank.

Set up under the OCD (Office of Civilian Defense) the bank was created for the purpose of having a supply of blood plasma for Vermonters in the event of enemy action resulting in the injury of persons and to cope of severe epidemics or serious accidents. Any surplus was to be sent to servicemen.

Very recently the value of our plasma bank was brought home to us when an army bomber crashed near the summit of Camels Hump the state's second highest peak. Out of a crew of ten only a young aerial gunner survived. He was exposed to zero weather for two nights on the mountain and when found was badly in need of plasma. An army flight surgeon had flown up from Westover Field, Mass. with plasma and necessary equipment but this was sent to the wrong side of the mountain. Fortunately one of the members of the Vermont Blood Plasma Bank in Montpelier helped outfit a rescue crew with five or six units of plasma which reached the boy at the same time as the doctor. In a very serious condition the boy was given two units and soon returned to consciousness and was able to be carried out to safety.

This organization was started in the spring of 1942 at the request of the American Legion Post No. 2, of Burlington, which collaborated with the Vermont Medical College, and chose Prof. Paul D. Evans as chairman.

At the American Legion Convention in Rutland that year the plasma bank was approved and county chairmen were chosen to direct a drive for funds. Through the splendid support of the citizens of this state nearly $80,000 was raised. This included a gift of $3,000 from the State Council of Safety, a wartime council set up by Gov. William H. Wills. Another drive was completed recently in which another $16,500 was raised.

After priorities were obtained for equipment by the OCD, the U. V. M. Medical College made a contribution of space for the equipment and Dr. W. E. James was made technical director of the bank.

An Executive Council of nine members was set up with a nucleus of five who were to represent the five organizations connected with the plasma bank, American Legion, U. V. M. Medical College, Vermont Hospital Association, Vermont Medical Society and the [illegible] of Safety. The [illegible] treasurer, a director [illegible] large.

Donations to date are [illegible] 10,000 mark, although it [illegible] hoped that these are [illegible] donations as some people [illegible] to four times.

These donations have [illegible] expectations, for originally [illegible] asked the bank to have a [illegible] units. And thus far there [illegible] to four thousand units [illegible] in storage, awaiting [illegible] units have been sent direct[illegible] and 468 units have been [illegible] National Research Council [illegible] mental work in development [illegible] therapy. Deep-burn therapy [illegible] brought to the fore as a result [illegible] disastrous Cocoanut Grove [illegible] two years ago.

Professor Evans has estimated [illegible] proximately 500 units were [illegible] (unit equals about 500 [illegible] that there is a definite and [illegible] for plasma in this state. [illegible] is not located in one place but [illegible] centers, that is, in hospitals [illegible] it was contributed. The Vermont [illegible] Highway Patrol has 5 depots [illegible] patrolmen may pick up plasma [illegible] of emergency. The American Legion [illegible] bulance in Burlington also has [illegible] of plasma all the time. One [illegible] result of this campaign has been [illegible] lishment of a record of [illegible] scattered all over the state [illegible] called in an emergency to [illegible] blood.

With the exception of [illegible] hired technicians, who work at [illegible] bank in Burlington, all services [illegible] donated. This includes doctors [illegible] the executive council, the technicians [illegible] and a host of others. The [illegible] which hold plasma bottles [illegible] tered are sewed by the American [illegible] Cross and American Legion Auxiliary [illegible] hemstitched by the Singer Sewing Machine Co. The Champlain Valley Milk Co., has donated precious refrigerator space and General Ice Cream Co. has given the use of its trucks in the transportation of plasma.

The Vermont Blood Plasma [illegible] long term program and [illegible] are already being considered. [illegible] plans include the raising of [illegible] plasma as a permanent capital [illegible] placed as used. Vermonters [illegible] cause to be proud.

Hardy U.V.M. Hikers Climb Camel's Hump

On Thanksgiving Day the hazardous trail up Camel's Hump—"The Matterhorn of Vermont" was tried once again. Three adventurous U. V. M.'ers gave up turkey and giblets for sleet and solitude. The three hardy climbers, M. Lowenfels, Pete Mallette, and Bert Bleckman left Burlington early Thursday morning with a dozen sandwiches (mostly peanut butter) and a bottle of malted milk tablets.

After four arduous hours of climbing, the party found itself embedded in a deep snowdrift about two hundred feet from the summit. At this point the explorers decided that it would be impossible to reach the top because of the extreme cold, deep snow, and heavy fog. Consequently, a huge fire was built and the men partook of Thanksgiving dinner such as it was.

The excellent navigation of Sitzmark Malotte brought the party safely back to civilization again. No casualties were sustained except for the loss of two pairs of socks by aforementioned bro[illegible].

Curvatures Near Top In Bowling Matches

Last week only four teams bowled off their matches due to the Thanksgiving holiday. The Phi Sigs succumbed to the Curvatures losing the entire six points of their match. Smitty's Kittens took the Owls by a score of 5 to 1.

With their last victory, the Curvatures are within the reach of competing for first place against the Independents.

The standing of the teams as of last week is:

Team	Score
Independents	17
Curvatures	15
Smitty's Kittens	14
SAE	8
Phi Sigs	7
Smoothies	6
Hot Chicks	3
Owls	2

High triples: A. Cady—318; Ben Burston—281

High singles: A. Cady—121; Ben Burston—120

Metcalf To Speak At Convocation December 7

It has been decided by the Convocation Committee that "Frontiers of Knowledge" will be the theme of the bi-weekly convocations. On Thursday, December 7, Prof. John T. Metcalf, Chairman of the Psychology Department, will speak on "Frontiers of Knowledge in Psychology." Prof. Metcalf received his Doctor of Philosophy degree from Yale University in 1913, and also studied abroad. During World War I, he administered the Army Alpha test to recruits. He has been at U. V. M. for over twenty years.

The members of the faculty-student Convocation Committee are: Prof. George Dykhuizen of the Philosophy Department, Prof. Florence Woodard of the Economics Department; Ippocrates Pappoutsakis Music Department; Mary Ashe '45; Phyllis Edgerton '46, and Fred Hedrich '47.

ALPHA XI DELTA

Ann Pearsons and Pat Bennett spent last week-end in Ludlow visiting Ann's parents.

Ann Crocker went to St. Albans with Ginny Bingham for Thanksgiving. There will be no more bloodshed on the third floor of the house; Ann has signed a pact stating that Foxboro has nothing on St. Albans.

According to Ginny St. Germain, the atmosphere in Berlin, N. H. is perfect for a well-earned rest. Have you noticed the twinkle in Ginny's eyes ...?

Eileen Chisholm was discharged from the DeGoesbriand Hospital last week. She has gone home to recover.

Eunice Simmons spent Thanksgiving Day with her parents in Montpelier.

Rollande Clouatre spent the weekend in St. Johnsbury. She is looking forward to the day when the Vermont Transit Busses are replaced with helicopters. A nonstop trip to St. Johnsbury is one of her greatest ambitions.

Co-eds to Sign Up For Sororities on Tuesday, Dec. 5th

Signing up for sororities is to be conducted on the third floor of the Waterman on Tuesday December 5, from 3:00 p.m. to 6:15. The time has been arranged to provide for the possibility of late afternoon classes. Freshmen and others interested are requested to use the College Street entrance and the south stairs, to go directly to the third floor, and to avoid talking after entering the building. Each girl is also asked to bring with her the blank which she will have received in the mail that morning. This blank is to be used as a part of the actual signing up process; consequently it must not be filled out until the holder has entered the room in which she is to sign up. The blank will state first choice only; however provision will be made for additional choices. The entire process is to be secret and confidential.

After signing up, each girl is asked to go as directly as possible to the sorority house which she has chosen. Providing she is not able to do so, it would be greatly appreciated if she were to call the sorority and let them know she is coming. Any girl who has signed up immediately before a class and is unable to go to her sorority house first is advised not to talk about sororities in class, as it might influence the girls who have not yet signed up.

Pledging is to take place in the evening of December 5, and will follow the individual plans of each sorority.

RAYELEN PROUTY BRIDE OF S. MOORE

Miss Rayelen Bruce Prouty, daughter of Mr. and Mrs. R. B. Prouty of 33 Knollwood Road, West Hartford, Conn., and Ens. Stephen Gates Moore, U. S. N. R. son of Mrs. Allen E. Moore, formerly of Burlington, Vt., were married Saturday evening, November 25 in St. Paul's Episcopal Church at 8 o'clock.

Given in marriage by her father, the bride wore a gown of white satin and net-entrain. She carried a bouquet of white roses and chrysanthemums.

Miss Ronda Prouty, sister of the bride, was maid of honor. She wore a peach net gown with green accessories and carried orchid and white chrysanthemums. Lieut. Allen C. Moore served as best man for his brother. The ushers were Pfc. Clifford R. Pease, and Pfc. Andrew Young Gallup, fraternity brothers of the bridegroom.

Mrs. Moore is a senior at the University of Vermont and is a member of Pi Beta Phi. Ensign Moore, formerly a member of the class of '45 at the University, is a member of Sigma Phi. He was recently commissioned at Northwestern, and after a short leave will be stationed at Norfolk, Va.

"Daddy" Long, Campus Sing Leader, Is Serving On Saipan

by Pat Donnelly

We know him as Professor Long of the Political Science Department and as Daddy Long at the Campus Sings and Christmas caroling. The Navy knows him as Lieut. (j.g.) Robert E. Long, assistant to Army Colonel Arthur C. Hanson, Deputy Chief Civil Affairs officer of the United States Navy Military government.

Professor Long left U. V. M. at the end of January 1943. He went directly to the Columbia School of Military Government at Columbia University where he learned Japanese. After his graduation in December, 1943, he spent six weeks in the Pentagon Building in Washington. Lieutenant Long hasn't had a leave since he was ordered to Pearl Harbor in 1943.

When interviewed, Mrs. Long said that her husband had gone into Saipan with the first Marine Division. He slept in a foxhole for the first few nights beside an unexploded bomb just waiting for it to be touched off by another enemy bomb. For the first few months on Saipan the Military Government worked under emergency conditions. The Japs weren't cleaned out, and the natives were scared silly and were hiding in caves.

The purpose of the Military Government on Saipan is to have a merciful policy; and therefore, to encourage the hiding, petrified people to come voluntarily into the camps. The policy of the Military Government is to restore the people to as normal a life as they can have under invasion conditions, so that they can govern themselves. The technique for receiving new arrivals is to photograph and register them. The natives are put into a camp called "Chamoro."

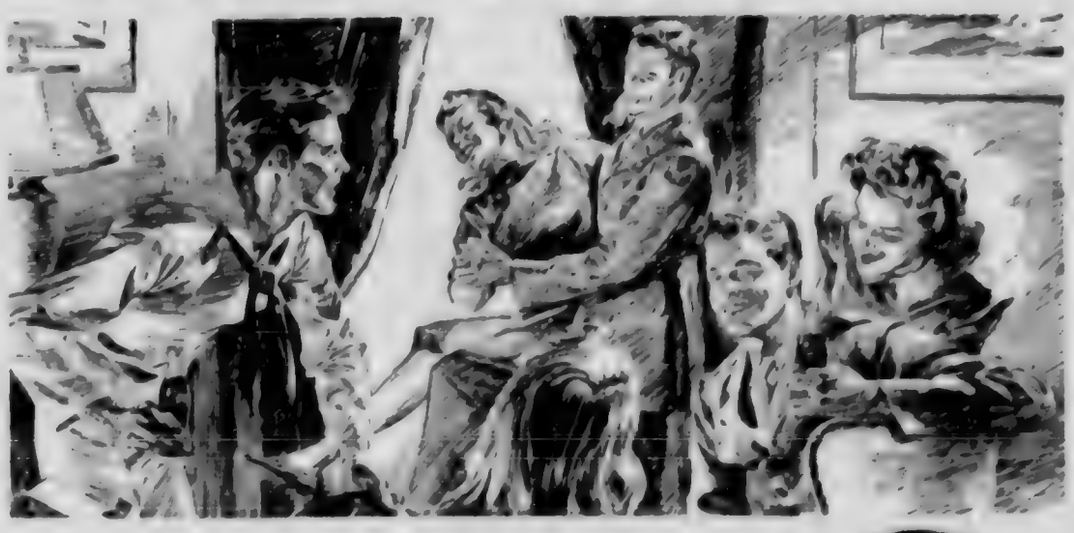
Lieutenant Long has been doing a lot of trial work. He has been acting as defense lawyer for natives who have gotten into trouble with the Military Government. In one letter to Mrs. Long he wrote of a Jap who wouldn't cooperate. The Jap had to be put in jail. Professor Long said, "I think he was slightly off his trolley."

What bothered Lieutenant Long most was the fact that there had been no provisions made for taking over the children, when he first got there. Adults had been amply provided for, but no one had thought of babies' diapers, or play pens, or toys. When he saw the destruction of what had once been Garapan he felt much more saddened at seeing the broken little toys than at seeing the ruined houses.

Lieutenant Long

Lieutenant Long believes himself primarily an assault officer and as such he has gone through an early shelling, and nights spent in foxholes. He went to his first meeting on July 4th. The film was shown on the very same spot in which he had slept beside the unexploded bomb. The film was barely over when an air raid began and everyone ran pell mell for shelter. This didn't leave Lieutenant Long much time for meditation on the movie.

In a letter to Mrs. Long dated July 1 he said that better provisions for evacuations had been set up in the camp. This relocation of space and the rebuilding of the camp had lifted the morale of the evacuees who lived there. At Susupe a camp for Japanese civilians there are 5,000 children, 4,000 men, and 4,000 women along with 1,500 Koreans living in a 150 acre space.



Lieutenant Long is still on Saipan. He is now relieved and has met the man who is to replace him. From Saipan he will move to another of the islands to set up another Military Government. Lieutenant Long has written home that he is "very definitely looking forward to returning to Vermont."

DR. SHATTEN SPENDS VACATION AT U.V.M.

Doctor Shatten, our former Polish calculus prof, came back to U. V. M. last Sunday, November 19 to spend his vacation from his position at Princeton. Monday night he treated some of his math students of last year to dinner at the Park. During dinner he entertained them by telling their fortunes. He says that he likes his position in the Institute of Graduate Study very much, with one exception: there are no girls. He feels that it would be as good for the professors at Princeton as it is for him to come up to U. V. M. once in a while just to listen to the girls' silly chatter.

Doctor Shatten taught in the Math Department here all last year and during the summer session. He returned to Princeton on Wednesday.

Have a "Coke"=On with the dance

Middlebury and Vermont Continue Undecided Debate

[illegible] between Middlebury and Vermont on the subject "Resolved: that the University Plan for Education [illegible] Lawrence Powell Jones was held in Converse Assembly [illegible] at 4:30 on the Thursday evening of November [illegible] the Championship of Inter-Varsity 4. Ray Rosenberg '47 and Dan Page '47 took the opposing side while Jean Crockett '47 and Jane Andrews '46 upheld the affirmative, defending the trust.

On the previous Tuesday two debates were held, both at 7:30 p.m. at Middlebury and the Vermont meeting was a discussion on the present Labor Party platform, [illegible] Middlebury [illegible] evening.

The Middlebury debaters were accompanied by Professor Dennis Forsythe of Union at Middlebury and Mr. and Mrs. [illegible] Jones returned to Middlebury that evening.

The topic for the next intercollegiate debate in the Ira Allen Chapel at 7:30 p.m. on Monday, December 4, will be "Resolved: That the Labor Party Platform Be Endorsed by the American People." Vermont will be represented by [illegible] Ray Rosenberg '47 and Dan Page '47 will take the opposing side while Jean Crockett '47 and Jane Andrews '46 will uphold the affirmative, defending the trust.

On the previous Tuesday two debates were held, both at Middlebury and the Vermont meeting was a discussion on the present Labor Party platform, [illegible] Middlebury [illegible] evening.

The Middlebury debaters were accompanied by Professor Dennis Forsythe of Union at Middlebury and Mr. and Mrs. [illegible] Jones returned to Middlebury that evening.

The topic for the next intercollegiate debate in the Ira Allen Chapel at 7:30 p.m. on Monday, December 4, will be "Resolved: That the Labor Party Platform Be Endorsed by the American People."

RELIGION AND ART MR. COLBURN'S TOPIC

[illegible] evening, November 14 7:30 p.m. the weekly services conducted by [illegible] Sailor '48 were held in the Historic House 34 [illegible] Avenue. Following the [illegible] Fred Eliot Colburn '46 spoke on the subject of the conception of God by various types of men.

Religion in Art was the topic of Professor Colburn's talk this Sunday evening at the Historic House, 34 [illegible] Avenue. Professor Colburn stated that religion was the motivating force of art in its very early years. He concluded with the aid of several pictures how this motivating force has been [illegible] as man has advanced.

Sunday afternoon, December 3 there will be a program at the Historic House, 34 [illegible] Avenue. The following Sunday afternoon, December 10, Professor Colburn will give a talk on Art and Philosophy.

Final Sorority Rushing Parties

Final parties of the rushing season are being held this week by the following sororities: Alpha Chi Omega November 27, Alpha Xi Delta the 28th, Sigma Gamma Tau 29th, Pi Beta Phi and Tau Lambda Mu the 30th, Delta Delta Delta and Zeta Tau Alpha December 1 and Kappa Alpha Theta the 2nd.

These parties mark the conclusion of the fall rushing season. Pledging to the sororities will come December 5th, at which time all period in which freshmen and upperclassmen are not allowed to speak to each other except for a word of greeting.

MARYKNOLL NUN

(Continued from page 1)

[illegible] to hear in detail of their twenty-one months in internment camps and of the long trip home. Arrangements for more appointments of the Tuesday morning meeting were made by Miss Sullivan.

Pepe Rodrigo '46 president of Newman Club announced the Club would have a Communion Breakfast next Sunday December 3 after the 9:00 o'clock Mass in the Black Cat. Those interested were asked to sign up Wednesday afternoon and Thursday in Waterman entrance.

McNAMARA'S BAND

With happiness over his shoulder and a heart in questionable condition to back him up, Lenny Dean marched into the Mineral room last Saturday night as McNamara. Supporting him were Dick Mercer, trombone; Larry Arrens, clarinet; Jerry Jones, bass; Paul Crane, piccolo; Patricia Morgan, baritone; Virginia Mulgrave, euphonium; Mary Ellsworth, tenor; Bobby Clark, saxophone; Rita Keefe, lead cornet; and Harriet Bristol, cornet [illegible].

[illegible] for the Lenten dinner, but the mood for the occasion set by McNamara's Band by its exclamation, "Time Flies." Now getting worse all the time. It is certain however that [illegible] accompanied musicians can be that bad.

Pan-Hellenic

(Continued from page 1)

[illegible] membership in college but membership for life. She also spoke of the high ideals represented by the sororities [illegible] all members are expected to live.

Dean Lucia cautioned the scholastic standards. A girl may be pledged with [illegible] a seventy-five average but she can not be initiated without it.

Shirley Needham outlined the bidding system to be used this year. The day for bidding is Tuesday, December 5. Letters announcing the fact that a bid has been offered will arrive Tuesday morning or the next. Signing up will be from three until 6:15 in the third floor lounge at Waterman. From 10 p.m. December 4 [illegible] after signing up will be the neutral period during which sorority members and freshmen may not converse with each other except for a cordial greeting.

After the talks by the various representatives the meeting was thrown open for questions and general discussion.

Minstrels Play

(Concluded from page 1)

girls as they do it on the "wicked Paris Stage." They were aided and abetted by a chatter-ee-zatt-ee by Willson Daly.

The chorus presented songs of Dixie with "Carry Me Back To Old Virginny," "Go Down Moses" and "Old Black Joe." The singers were Beverly Greer, Betty Scott, Jeanette Soulis, Martha Shaw, Rebecca Farrigan, Eleanor Brownell, Cindy Smith, Gloria Cross, Florence Reid, Betty Rome, Charley Barnes, Rusty Keyes, Bill Cook, Maurice Johnson, John Clegg, Art Gilliam.

Not a professor or student was spared a tip general run at the evening, even Professor Rowell and Professor Colburn being reminded in a drawing sequence by Spike Dorsey. Locke Tangeman, McCormick and Dorina Jacobs besides being endmen did a parody on "When You Were A Lady."

Murray Board was in charge of the program with the following committees:

Make-up, Barbara Burnham, Bunny Letarnyan and Betty Kitchie Pabbruty; Class Hughes, Costumes, Ruth Jordan; Properties, Janet Simpson; Production, Ewyl Chaves; Talent, Mary Ashe; Program, Frances Donahue.

THE DELICIOUS VARIETY OF OUR SANDWICHES AWAITS TO TINGLE YOUR TASTE BUDS

Try Them Today

Nourse's

MAIN STREET

The Interrogating Daguerreotypist . . .

introduced to the Cynic and conducted by ARNOLD H. COLODNY

The question:

Which do you think is the more important—a classical or specific education?

Miss H. Crossley '46, Burlington: "I think a classical education should be acquired before specific technical training is taken. A liberal classical education would help one to decide which field to enter because of the broader background that it provides. Even if one has decided definitely what he desires to do in life, he should mix in as much cultural knowledge as possible. It will give him a more humane and sympathetic outlook on life." Mrs. Crossley, a member of Kappa Alpha Theta, is studying liberal arts and has no desire for a career except that of mother and housewife.

Bernice Lawrence '45, Delta Psi House: "I think that everyone should have a good classical background before taking extensive specific training. Our colleges today are more trade schools than educational institutions. Even if a high school graduate is certain of what his field of endeavor is to be, medicine, law, etc., he should allow himself a good preliminary background of classical education to better fit himself for his proper position in the community." "Bunny" is President of Tau Lamda Mu, President of the University Players and Dramatic Club and a member of I. R. C. Hailing from Bedford, Mass., she plans to enter radio after finishing her Liberal Arts-English Major curriculum.

Rita McGary '47, Delta Psi House: "I think a specific education is superior to just a classical one. It prepares you for the future—for the post-war world. I think that working for a couple of years before getting married helps to broaden one mentally. Even in a specific education such as home economics, one gets a good background. Half our credits are in the Liberal Arts vein and I think that that is quite sufficient for the development of a well-rounded personality." Pretty Rita from Proctor, a Pi Beta Phi, gets around quite a bit. Student Government, Student Union, Newman Club, skiing, skating, etc., make heavy demands on this girl bound for a career.

Howard P. Bronstein '48, Burlington: "The greatest of all the essentials of life is the ability to think properly along constructive lines. This can be accomplished only through the facilities offered under a liberal education directed to that end. This mode of learning must be modified to some extent so as to point in the direction in which the student, upon the completion of his chosen curriculum, shall earn his way in the world. It seems to me that the University today, in its courses in engineering and so on, does not offer to a sufficiently large extent schedules arranged to promote thinking, while they do provide a man with training for his life work." Howard is the political pundit for the Cynic. "Howie" is also in the enlisted reserve of the Air Corps.

Vermont Christian Association Meets

Problems of Returning Veterans Discussed

The bi-monthly meeting [illegible] Christian Association was [illegible] day, November 27 at 7:[illegible] Religious Life Office. [illegible] Hyslop, minister to students [illegible] gregational Christian church, [illegible] his findings from other colleges [illegible] tutions on the subject of [illegible] erans.

Reverend Hyslop has talked [illegible] members of the armed [illegible] seemed to find that army [illegible] lowest in the A. S. T. P. [illegible] soldiers there didn't seem to [illegible] lay before them. Different [illegible] have been put forth as to the [illegible] veterans expected to return [illegible] Such colleges as the University [illegible] sota and Northwestern University [illegible] fifty per cent over the normal [illegible] within the next few years. Between [illegible] fourths of a million and a [illegible] erans will return to college.

The colleges are now beginning [illegible] pare for the returning students. [illegible] other students as well are being [illegible] for the returning veterans. The [illegible] of rehabilitation does not concern the veteran alone, but also the [illegible] are here to greet him. Reverend Hyslop suggests that army veterans' associations be discouraged. We should have veterans' religious organizations [illegible] where they can gather to plan for the future.

Because of the small size of the University of Vermont, it can well [illegible] be the basic type of college for the returning veteran. Minnesota, with its enrollment is from fifteen to twenty thousand, turns out its graduates like a factory turns out goods.

After an informal lecture of an hour, the discussion was opened to the general audience.

Movies Featured By Spanish Club

The third meeting of the first Spanish club in the history of the University of will be held tonight, Wednesday, at 8:00 p.m. in the Fleming Museum. Moving pictures of our neighbors south of the border will be shown. There will be a commentary on the pictures in Spanish as the films are shown.

The Program Committee of the Club is negotiating to get some of the currently shown in Mexico and other American countries. Members will be able to see a regular movie as well as hearing the Spanish language actually spoken.

The Program Committee is also now some short plays which will As many members of the are interested will be given so that the play can be acted out. members are asked to pay their dues as possible, since programs and planned will require a certain amount of financial backing. The Program Committee for this meeting is Betty Boretos, and Janet

There will be compulsory convocation December 7, at which time Prof. John T. Metcalf, Head of the Psychology Department, will speak on the subject, "Frontiers of Knowledge in Psychology."

OWLS WILL SPONSOR BIG SEMI-FORMAL

The Owls have finally obtained an open date and a semi-formal dance with a six-piece orchestra is planned for 8.30 to 12.00 p.m. on Saturday, December 16, at the Student Lounge.

Six men from the Bell Aircraft Plant, called the Bell Cats, will play for the evening, which is to be strictly a couple affair.

Tickets are now on sale and can be obtained from members of the Owls at $.88 per couple. Dick Audette is in charge of ticket sale and decorations, Dick Paine, refreshments and Bill Cook, entertainment.

The women are urged to invite fellows from any service units around here who would like to come. Middlebury College and Norwich University are supposed to have plenty of eligibles. Posters will be placed around the college this coming week.

131 Women Pledge Sorority; Alpha Chi Omega Heads List With 31

Tri Delt and Pi Phi Tie in Second Place With 19 Pledges Each

The fall rushing season for 1944 reached its climax yesterday afternoon when 131 freshmen and transfer women were pledged to the eight sororities on the hill. After two months of informal parties, open houses and final parties the girls received their bids and registered their choices.

Alpha Chi Omega leads the list with a total of 31 pledges. Delta Delta Delta and Pi Beta Phi each pledged 19, Sigma Gamma, 15; Tau Lambda Mu and Kappa Alpha Theta each pledged 14; Delta Phi Epsilon pledged 10 and Alpha Xi Delta pledged 9.

The girls who were pledged are as follows:

Sigma Gamma 15

Inez Farrow, Groton, Vt.; Marie Farrow, Groton, Vt.; Helen Korpi, Portland, Maine; Gwendolyn Stiles, Burlington, Jeanette Badger, Hardwick, Vt.; Susan Walker, Cabot, Vt.; Mary Brisbin, Waterbury, Vt.; Florence Davis, Hardwick, Vt.; Rebecca Corliss, Jericho, Vt.; Mildred Moody, Burlington; Phyllis Mattoon, Chelsea, Vt.; Gloria Cross, Burlington; Rita Keefe, Barre, Vt.; Margaret Rowell, Newport, Vt.

Alpha Chi Omega 31

Rosemary Barry, Bellows Falls, Vt.; Debora Cobb, Newbury, Vt.; Joyce Colby, Montpelier, Vt.; Dorothy Dexter, Pearl River, N. Y.; Jean Earle, Westover, Vt.; Florence Favreau, West Townshend, Vt.; Winnifred Favreau, West Townshend, Vt.; Catherine Frost, Woodstock, Vt.; Sybil Gardner, Patchogue, N. Y.; Helen Greenwood, Bridgeport, Conn.; Verna Hall, Brattleboro, Vt.; Virginia Hammel, South Ryegate, Vt.; Muriel Hemmger, Barre, Vt.; Jean Howland, Brandon, Vt.; Audrey Hutchins, Malone, N. Y.; Margaret Larrabee, Hardwick, Vt.; Pauline Palm, Derby Line, Vt.; Blanche Parker, Norwich, Vt.; Gwendolyn Richardson, Montreal, Canada; Jane Robbins, Schenectady, N. Y.; Irene Socinski, Rutland, Vt.; Phyllis Towne, Newport, Vt.; Concetta Vergona, Beacon, N. Y.; Dorothy Wheeler, Great Neck, N. Y.; Betty Whitney, North Adams, Mass.; Thelma Williams, Charlotte, Vt.; Mary Elizabeth Young, Charlestown, N. H.; Peg Waterman, St. Albans, Vt.; Kathleen Haas, Brattleboro, Vt.; Catherine Wells, Washington, D. C.

Tau Lambda Mu 14

Renee Finberg, Brooklyn, N. Y.; Claire Glass, Burlington; June Grody, Hartford, Conn.; Irene Brusesvanski, N. Y. C.; Leona Felix, Brooklyn, N. Y.; Lee Feinberg, Plymouth, Mass.; Maxine Margolis, Waterbury, Conn.; Millie Trachtenberg, Brooklyn, N. Y.; Harriet Levinson, Stamford, Conn.; Mickey Weinberg, Springfield, Mass.; Joan Levin, Newark, N. J.; Betty Paul, Albany, N. Y.; Roddy Heker, Springfield, Conn.; Edna Zolman, Brooklyn, N. Y.

Alpha Xi Delta 9

Barbara Beattie, Mountain Lakes, N. J.; Joan Bosworth, Bristol, Vt.; Marilyn Brower, Keyport, N. J.; Eleanor Burns, Woodstock, Vt.; Patty Jones, Winchendon, Mass.; Joan Parkhurst, West Hartford, Conn.; Helen Partridge, West Hartford, Conn.; Jean Spaulding, Wethersfield, Conn.; Camille VanNostrand, Forest Hills, N. Y.

Delta Delta Delta 19

Liz Barber, Patchogue, N. Y.; Helen Bruce, Malone, N. Y.; Laura Byington, Charlotte, Vt.; Betsy Cayey, Bur-

Success Marks End Of W.S.S.F. Drive

Sorority Participation Enlarged Contributions

The official World Student Service Fund drive, sponsored by the Inter-Faith Council and the other religious organizations on campus, has officially been closed.

On November 7, Miss Simanton, the travelling secretary of W. S. S. F., gave an appeal at chapel for cooperation during the drive. The drive was officially opened, however, on November 14 at a convocation in the chapel in which Rev. Seymour Smith, resident chaplain at R. P. I., spoke concerning the activities of the W. S. S. F. Reverend Smith came to U. V. M. under the auspices of the Religious Life Committee to emphasize the bond between our organization on campus and the entire effort of W. S. S. F.

W. S. S. F. has a three-fold purpose. First, to supply funds by which the students of our allies may continue their studies. Secondly, to supply the food, clothing and medical care which American prisoners of war require and thirdly, to send books and funds for books so that our soldiers who are war prisoners overseas may continue their education or find occupation and relaxation in reading. The World Student Service is non-racial, non-sectarian and non-political.

As is done each year, every sorority sponsored a project, the profits of which were given to the Fund. This year the Pi Phi's sang in front of the Chapel after the November 14 convocation. The Theta's gave their annual buffet supper to which both students and townspeople were invited. Sigma Gamma held a bridge party and the Tri-Delts presented their annual fashion show. Tau Lambda Mu conducted a raffle, having as a prize a carton of cigarettes. The cigarettes were won by Professor McKee of the Engineering Department. The Alpha Chi's gave a dessert hour which they have done in previous years, and D. Phi E. sold sandwiches and apples to all the large dorms on campus. The Christian Responsibility Commission is sponsoring a book drive in which books are to be contributed for shipment overseas to interned American prisoners of war. This

Social Service to Be a New Course Considered Here

Social Service is one of the new courses under consideration here. There is no course of pre-professional or professional training for Social Service work anywhere in northern New England and, with the vast fields now opening in this direction, the time seems ripe to introduce such a course at the University if enough interest is manifested to make this action advisable.

Two weeks ago in the CYNIC a ballot was published for the convenience of those interested in Social Service work. This was not only for those juniors and seniors who had definitely determined on this field of work, or for only those interested in continued study in this course here at the University. It was requested, rather, that all students, freshmen, sophomores, juniors, and seniors with any possible interest in public service, whether they were planning to study here or elsewhere, fill in and return this ballot. The purpose is merely to determine the amount of interest on the campus for the benefit of those in charge. It is absolutely essential that this interest be recorded since a national representative will visit the school some time during this month and little or nothing can be done if interest on the part of the student body is not expressed. Dean Simpson and Miss Holbrook both feel that the small amount of ballots returned is not due to lack of interest but rather to neglect to fill them out. It is not too late to do so now and if anyone interested has lost or misplaced the ballot, one may just note this interest on a paper, sign it, and leave it with Dean Simpson or in the box provided for this purpose in the Education Office.

Everyone should consider seriously all possible branches of Social Service before determining that they are interested or not. Social Service includes almost any type of public welfare work. Rehabilitation and reeducation in foreign countries, public health, mental and physical therapy, and work with under-privileged children and the returning soldiers. Every need created after the last war will be multiplied many times at the conclusion of the present one. Both in our own country and in the warring nations of Europe vast opportunities for service will be presented

Freshmen and Sophomore Men Will Receive Military Training

By Michael Greenfield

The Military Department is giving an intensive course in basic military training this year to all freshmen and sophomore men. One phase of this visual aid training, consists of movie films depicting the operation and maintenance of various types of infantry weapons common to the infantry branch. Practical training consists of the care and use of small arms weapons, and training for short and long arm inspection. Basic training is held weekly with upperclassmen acting as cadet noncoms and consists of training the new freshmen.

This year, the ROTC unit by virtue of reduced strength consists of only two platoons of approximately 25 men each. Considerable theoretical training will be conducted in room 239 where facilities are much better than in armory classrooms.

All R. O. T. C. students have registered with the PMS&T (Professor of Military Science and Tactics) for the small arms rifle marksmanship course which will be conducted as usual on the army rifle range by Sergeant Parker. The five best marksmen in the class will be selected to form a five man varsity rifle team. This team will be entered in the Hearst National Rifle matches, which are conducted annually at all colleges at which there is an R. O. T. C. unit.

U. V. M. has consistently been a first place winner of the Hearst Trophy matches for the past several years. Members of the winning team of each college are presented with Hearst Trophy individual medals, in addition to the plaque which the winning team receives. Attesting to the eagle eyed rifle teams of the past at U. V. M. are the many plaques now adorning the walls of the armory

Gold Stars of Vt. Alumni Total 44

By Bill Cook

With 2100 alumni [illegible] 77 in the Medical College in the service, Vermont has given its share of graduates to the service of their country. Latest reports show the addition of another gold star, making a total now of 44.

Although the University has lent many, some of whom will not return, "these Alumni are finding a new significance in [illegible]; soberly. They are thinking about the important things; new values have come to the surface of their lives; the University and what it stands for has taken on new meaning.

Men like Lieut. Clarence "Boney" Lipsky '39, now a prisoner of the Germans; Brig. Gen. Merritt Edson '19, of "Edson's Raiders" fame in Guadalcanal; Capt. Joseph Risman '37, winner of the silver star for aid to a wounded officer under enemy fire; Capt. Cedric Lafley, 40 "deliverer of the surrender or be annihilated" ultimatum to Aachen; and Paul Van Wyman Berry '42 who gave his life in action in the Solomons with the Marines, will all go down in the books as credits to the institution from which they came and an inspiration to the classes to come.

It is very interesting to read the letters which are printed in the *Alumni News*, and for the benefit of the undergraduates who do not get a chance to read it we will try to present a few excerpts received from men stationed all over the world.

Capt. Charles Buchanan, '36, writes that he has been stationed in the South and Southwest Pacific for nearly two years now, and he is hoping all good skiers' prayers will have been answered when he gets back to Vermont again. He's crazy to see snow once more. Lieut. John Corliss '44 was located for two months with a heavy bomber group at an airfield on the Adriatic side of Italy. He spent four days in Rome enjoying all the wonderful sights—almost mythical to the American school child—the colosseum, pantheon, Vatican City, the great churches, arches, obelisks, monuments, aqueducts, baths, catacombs, columns, friezes, paintings and statuary.

Present in the drive on Paris Lieut. Bob Story '43, writes that Ernie Pyle was with his troops, who were the first to enter Paris. He describes the sound of hundreds of bombes falling at once as terrifying and hopes to finish the job before long.

Service in India has given Lieut. Karl Switzer '45, the opportunity to see a strange and colorful land whose customs, dress, language, religious beliefs, and general living conditions are so different from any in the States that he has been completely fascinated by it all. The novelty of first impressions soon gives way, however, to a picture of heat, filth, and disease. Men in CBI, which is no different from any other theater of operations, have the sole desire to complete the job at hand and return.

Leon Dickinson, Jr., '36, is the chaplain of the ship *Texas*, and is charged with the challenging task of conveying to the men something of the Eternal Powers and Truth, of Life in a war which blasts the the world beneath men and wears them down.

"Tomorrow it will be just one year since I left the American continent for England. Most of us feel like celebrating but, as you know, liquor is rationed; so the next best thing is the GI and grapefruit juice," says Lieut. John Poszabut '41.

Leo Segal '35, had a "Down-Under-Xmas." "Our Christmas tree was a bamboo tree, decorated with cotton batten, tin cans, playing cards, broken phonograph records and old newspapers. We all exchanged presents and had a fine time with Christmas dinner out of cans."

It's good to hear from these fellows and see in many instances how they have benefited by travel abroad, but this has been offset by the destruction and bloodshed for which they have been trained.

They all want to get the job finished and return home, and for their sake, as well as ours, we hope it is soon.

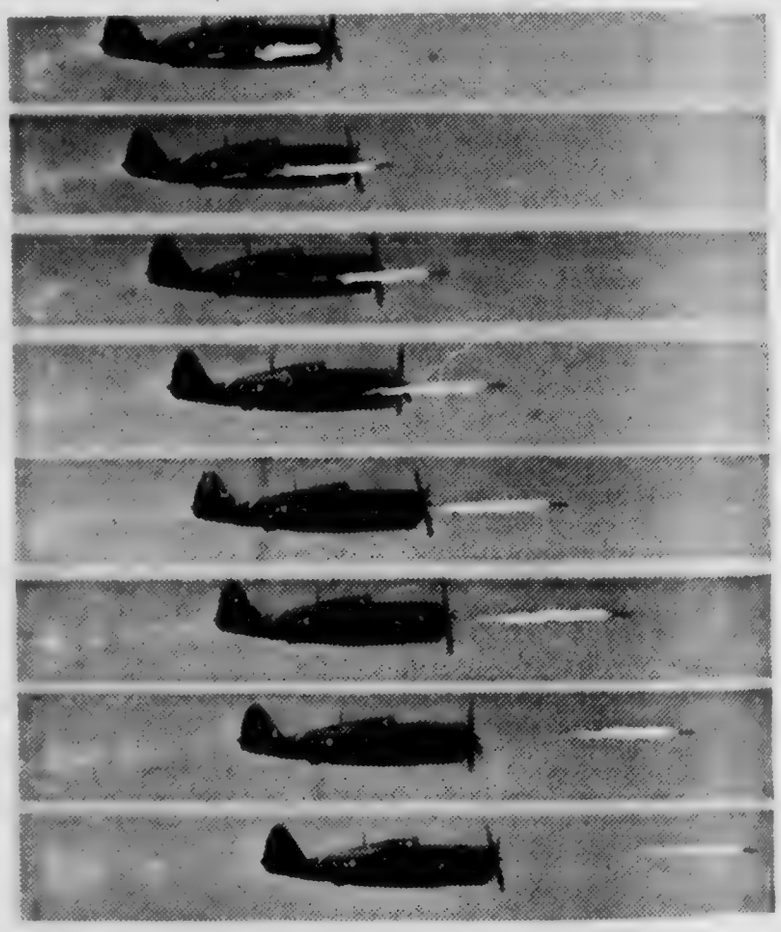
Voting will be held all day Thursday at the main entrance of Waterman, for *Ariel* Beauty Queens, and John Powers will be the judge.

The Son of the Unknown Soldier

I am the Son of the Unknown Soldier!
Do you remember him?
With unanimous voice you proclaimed
his father "the Hero of Heroes."
You buried him in the most honored place
at the Nation's heart.
With solemn ceremony, calling Almighty
God to witness,
You pledged to him the faith of America.
Each year through the lips of the
President you renewed that pledge.
You renewed—but did you redeem it?

I am the Son of the Unknown Soldier!
I never saw my father.
My father never saw me.
But I know why my father died.
He died because he loved America.
I loved it too.
But he died for more than that.
He died because he loved me.
That was the greater part of the America
he loved—
Its future; my future.
He died for an America at peace.
Living in brotherhood with Nations at
peace.

I am the Son of the Unknown Soldier!
But I am more than that.
I am already the Unknown Soldier of this
War.
A sniper got me in the African desert.
A shell got me on Bataan.
My plane crashed over Berlin.
My ship was torpedoed on the way to
Murmansk.
I am dead—dead—dead!
Do you understand, America?
I am the Unknown Soldier.



I have a right to speak t[illegible]
My father gave me that [illegible]
And I have earned it [illegible]
I have a right to speak [illegible]
'listen'
In the hour in which I [illegible]
born.
I never saw that son and [illegible]
never will see me.
Now America—before [illegible]
great acclaim and solem[illegible]
That which I want to k[illegible]

Will you redeem this pledge
Will you consolidate this [illegible]
I am the price of your [illegible]
my father.
I am your victim on the [illegible]
What will my son's fate be
Must he become the Unk[illegible]
another war?
Or will you have done with [illegible]
And cast your strength [illegible]
and Peace—
The peace for which my fat[illegible]
The peace for which I have [illegible]
The peace for which, please [illegible]
may live
America—what is your [illegible]

—Robert [illegible]

Miss Gray to Speak At Home Ec. Meeting

Miss Gray, Administrator of the [illegible] beth Lund Home, will speak at the Home Economics Club meeting [illegible] at 8 p.m. Her subject will include [illegible] of administration and adoption [illegible] patients, and the value of the [illegible] A short discussion period will follow the talk.

NEW CAMERA "SHOOTS" FLYING PROJECTILES

WHEN Army ballistics experts needed to photograph speeding rockets, scientists at Bell Telephone Laboratories built the special "ribbon-frame" camera. Their experience came from making high speed cameras to study tiny movements in telephone equipment parts.

The new camera gets its name from the narrow slot that exposes a ribbon of film at a speed of one ten-thousandth of a second. These "stills," taken on ordinary film, show a fast flying P-47 firing its underwing rocket.

This is an example of the many ways Bell System research is helping to provide better weapons, better equipment for war and peacetime telephone service.

Cut System Will Be Discussed At Bull Session

Student Government Plans To Initiate U. V. M. Judiciary Body

November 29, 1944

[illegible] of the U. V. M. Student [illegible] Executive Council was held [illegible] 25 Waterman at 4.30 with [illegible] Willson Daily presiding. The [illegible] the last meeting were read, [illegible] and approved. It was stated that the cut system is in [illegible] should have been stated that [illegible] system has been approved by the [illegible] is not in effect until a date [illegible] the Senate

[illegible] Barron, chairman of the Pep [illegible] reported that the expense of [illegible] appearance here of Mark [illegible] and his orchestra could not be [illegible] Student Government since we [illegible] have only two weeks to prepare [illegible] appearance. The Council instructed her to telephone the booking [illegible] to find out if any arrangement [illegible] be made with possible cooperation [illegible] neighboring colleges.

President Daily spoke about the need [illegible] student court since there have been [illegible] occurrences this year which would [illegible] under its jurisdiction. Section III [illegible] the constitution was read and the proper [illegible] to initiate such a court was discussed. Further action will be taken at a later meeting.

Concerning the Student Government Fall Session, the previously expressed opinion of the council for a group discussion of topics concerning Student Government was upheld. The Council will attempt to get a consensus of opinion on which topics to discuss.

The motion was made, seconded and carried that the regular meetings of Student Government be held on Wednesday at 4.20.

Mr Smith, the librarian wants some student action on the habit of some people in writing on the lampshades in the [illegible]. Mary Ashe volunteered to see him and ask for suggestions.

Upon motion the meeting was adjourned.

Respectfully submitted,
WILLSON DAILY,
President.
MARY GREENE,
Secretary.

Phi Delta's Party Reminiscent of "Good Old Days"

Reminiscent of the "good old days" when there were frequent parties at frat houses boys at the Phi Delta Theta House [illegible] Christmas party. Prepared by the Freshman boys, the party took place on Saturday December 2.

Red and green persisted in the Phi Delt reception room with wreaths and Christmas bells decorating the walls. A refreshment room, quaintly called "The Corner Spoon" was plastered with pin-ups, candles in beer bottles and as much food as anyone could eat. Aptly served by Everett "pee wee" Merrill, the [illegible] visited frequently all night for [illegible] sandwiches, and cake. There was confetti all over the floor and empty beer bottles lined the shelf above the bar to give the effect of a bar room in all its realities.

During most of the evening, the twenty couples chaperoned by Prof. and Mrs. [illegible] and Prof. and Mrs. Bloom danced to recorded music furnished them by a large variety of popular dance tunes. Late in the night of the evening, the entertainment started. Bill Marsa, master-of-ceremonies introduced "Rusty" Keyes and [illegible] Souls, better known as "Sue-[illegible]" sang a duet. Following that "well-tuned" Wedge aptly gave out with sweet and low-down music on his well known saxophone. One of the highlights of the entertainment was Bill [illegible] imitation of Danny Kave doing "[illegible] in 4F" which received a great many laughs and applause. Tony Anable [illegible] up the entertainment with a "boogie-woogie" rendition of "China Boy" on that "well-tuned concert piano" in the house. The couples resumed dancing, which continued until twelve.

The committee chairmen for the party were as follows: John Reagan, refreshments; Stan Golden, decorations; "Rusty" Keyes, music; and Billy Marsa, entertainment. They were ably assisted by all the boys in the house who wished to cooperate in making the party as great a success as any of those given in previous years by fraternities in their own homes.

LT. COL. HEINRICHS SPEAKS TO FACULTY

Lt. Col. Waldo H. Heinrichs was the speaker at the meeting of the Men's Faculty Club meeting on December 2. His topic was the Air Force Over the Western Front during the present war.

He has just returned from a year and a half service in England where he was with the 8th Air Force. He is Profesor of Contemporary Civilization at Middlebury College and one of the best authorities in the state on the war situation today.

Lt. Col. Heinrichs is a veteran of the Last World War and was attached to the Air Force at that time. When his plane was shot down he was taken a prisoner at Metz.

His address to the faculty was considered as confidential.

Claim Your Articles In the Lost and Found

The old lost and found department which was formerly located downstairs in the bookstore has recently been transferred to the information booth in the main lobby of Waterman. Here may be found all sorts of things from books, pens, and notebooks to hats both for dress and for rain.

Some of the articles have been picked up and delivered at the bookstore quite some time ago, but there are also several more recent additions. A class ring with a John Adams seal and the initials M. V. A. was turned in last week, along with two pairs of red mittens found in Room 115 in Waterman.

There is a large collection of fountain pens of various makes in the lost and found department. There are Waterman, Eagle, Moore, Esterbrook, and several other varieties of pens. The number of mittens is just about as large, with specimens of every conceivable color, size, and weave. At the present time there are three books there, a *First Course in Education* by Reeder, *Algebra in College* by Rietz and Crathorne, and a soldier's handbook. Jewelry of all descriptions has been turned in from sterling silver friendship rings to a marine identification bracelet. Perhaps the most unusual article at the information booth is a Persian print shawl.

Monthly Meeting Of Newman Club To Be December 12

At the next monthly meeting of the Newman Club to be held on Tuesday evening, December 12, the officers and members of the Executive Committee will give reports on the New England Catholic Student Peace Federation Conference which will be held at St. Michael's College on December 9 and 10.

Raoul H. Renaud of St. Michael's College is the President of this confederation which is composed of seventeen Catholic colleges in all parts of New England.

The delegates to the contgrence will arrive in Winooski Park, Vt., on Friday evening, December 8, and the conference will open on Saturday morning at 9:00 with Mass said by the Most Reverend Matthew F. Brady, Administrator of Burlington and Bishop-Elect of Manchester, N. H. The general topic for the conference will be "The Catholic Idea of a Just Peace." The first panel will consist of three parts:

(1) Application to Germany.
(2) Application to Poland.
(3) Application to Russia.

The second panel has three different aspects:

(1) Papal teachings on world organization.
(2) Papal principles and present plans of world organization.
(3) What action shall we as Catholics promote in regard to world organization.

The panel discussions will be held from 1.30 to 5.30 on Saturday afternoon and the business meeting will be held on Sunday morning after Mass. The convention will close with benediction on Sunday.

MUSICALE AT HILLEL

Pfc. Lester Frank conducted a phonographic musicale at Hillel House on Sunday afternoon, December 3, 1944.

Grieg's Peer Gynt Suite was the first number. The four parts played were Morning, Death of Asa, Anitra's Dance, and In the Hall of the Mountain King. Beethoven's Symphony number 8 in F major followed, then the Mozart Quintet for Clarinet and Strings. In this, Benny Goodman played the clarinet. The last group of records was Mendelssohn's Concerto in E minor in which Fritz Kreisler was soloist.

Refreshments were served and the remainder of the afternoon passed in conversation and a little act by Pfc. Stan Rappaport.

Financial Report

The following is the list of income and allocations made by the Financial Committee of U. V. M. students and authorized by Pres. John Millis for the school year 1944-1945.

INCOME:	
Student Activity Fee	$13,500.00
Contingent Fund	97.13
Total Income	$13,597.13
ALLOCATIONS:	
Outing Club	$ 150.00
U. V. M. Students	658.00
International Relations Club	300.00
U. V. M. Scholarship	100.00
Co-Ed Band	115.00
University Players	125.00
Bluestockings	20.00
W. A. A.	400.00
Aggie Club	50.00
Mortar Board	95.00
Religious Life Committee	600.00
Women's Physical Education	5,000.00
Health Service	1,000.00
Debating Club	275.00
Press Club	6.00
Sophomore Aides	23.30
Women's Student Union	216.83
Goodrich Classical Club	20.00
Vermont Cynic	1,698.00
Ariel, 1946	2,300.00
Musical Organization	250.00
Spanish Club	20.00
Staff and Sandal	75.00
Auditing	100.00
Total allocations	$13,597.13

Signed— BERYL CHENEY,
Treas. of Student Government.

Sororities Entertain at Final Parties; Themes Range From Alaskan Fantasy to Circus

Monday night, November 27, saw the beginning of the final parties given by each of the sororities on campus. It is the tradition of each sorority to culminate the rushing period by entertaining the freshmen at a formal dinner party. The themes of these parties are elaborate and carried out with colorful decorations and favors appropriate to the theme.

Pan Hellenic made all rules concerning the time of parties, types of parties permitted, and supervised the drawing to determine the order in which they were given.

PI BETA PHI

The Phi Phis took their rushees for an evening under the sea. Amid colorful decorations of yellow and green streamers and murals, a delicious dinner was served consisting of roast chicken, peas, and baked potatoes. Later coffee and cake were served in the chapter room. Favors were fish of wine and blue, and also treasure chests. Mrs. Taggart, a Pi Phi alummae, gave a one act play called "Ashes of Roses" and Beryl Cheney sang the Pi Phi symphony. Virginia Rose and Mary Lou Robinson were co-chairmen of the party.

DELTA DELTA DELTA

Appropriate to the weather we are having was the Tri Delt final party which had an Alaskan Fantasy as its theme. Dinner was served at the Trading Post and the theme was carried out with favors in the form of trained seals and stuffed penguins. Icicles and snowballs hung from the ceiling and Professor Dean entertained as the Lost Explorer. Anne Hoos and Alice Edwards danced and Bobby McGeever and Elsie Bruce sang "Winter Wonderland." Dinner consisted of cranberry cocktail followed by Chicken Alaskan, carrots and baby limas, frigid salad, Snowball Delight, and coffee. This was followed by more entertainment from the actives.

TAU LAMBDA MU

The TLM's put on a three-ring-circus. At the side show, Bunny Wolfe was the bearded lady, Hilary Shelvin did acrobatics, Bunny Leiberman was the half man half woman character, and Joan Goldbloom was the elephant. Esther Hellerman and Charlotte Robinson were the front and rear ends of the trained horse. After performances from other members of the troupe, dinner was served. It consisted of fruit cup, Hungarian Goulash, Jello Salad, French bread, ice cream cones and cookies.

KAPPA ALPHA THETA

The last party on the list was the Theta party on Saturday night. The theme was a Pirate Party and dinner was served in the Pirates' Den at Mary Lindsay's house. Professors Carpenter, Jordan, and Dole, attired in regular pirate gear waited tables, assisted by Freddy Jordan, Bill Fagan and George Bray. Dinner consisted of tomato juice, turkey a la King, green peas, French fries, and rolls, and after dinner the rushees were taken to the Theta House which was decorated as the Kon Club. Champagne, cake center and ice cream were served while the girls listened to the soft strains of the band, and Liz Dolliger, Ruth Ingram and Betty Dole harmonized "Mood Indigo." The actives then joined in singing "Theta Tips."

DELTA PHI EPSILON

The D Phi E's gave a Fairy Tale Party. It was held in the dining room on the third floor of Waterman. The menu consisted of Magic Brew (soup) Chanticleer on Lettuce Patch (chicken salad), Fairy Flakes (potato chips), Satan's Snowballs (tomatoes) and cake and coffee. Modern fairy tales were acted out and Lorraine Kaplan gave a monologue. After dinner everybody sang.

ALPHA XI DELTA

The Alpha Xi's held their party on Wednesday night. The theme was a Star Dust Party, and favors were starred menus, roses, and a large quill covered with stars. After dinner, which consisted of baked ham, sweet potatoes, carrots and peas, ice cream, cookies, and coffee, Miss Gutchell, the house mother, entertained with several selections on the piano.

ALPHA CHI OMEGA

The rushees at the Alpha Chi House on Monday night were entertained in the Land of Oz. They were met at the door by the familiar characters, Dorothy, the Scarecrow, the Tin Man, and the Lion. From there they took the Yellow Road to the Green Forest where they were served punch and hors d'oeuvres. The Wizard, himself, then told the guests why they had been invited in the Land of Oz, and following this, dinner was served. The party ended with the traditional Alpha Chi dream cake ceremony.

SIGMA GAMMA

The Sigma Gamma's held their final party on Wednesday night at the Kilfa Club on Pearl Street. The Club was decorated as the Diamond Horseshoe, with a large lighted horseshoe over the door. Max Ahern's band played and Bill Cook sang. Dinner consisted of baked ham, potatoes, harvard beets, perfection salad, ice cream, cookies, and coffee. Everyone then joined in singing songs.

Informal Vocal Recital Held At Music Studio

Madame Bradish of the Music Department held an informal vocal recital at her studio in the Music Building from 4.00 to 5.00 on December 1. The following pupils participated in the recital: Betty Rome, Jeannette Soulis, Eleanor Brownell, Muriel Heininger, Marilyn Holden, Lorraine Farrell, Phyllis Page, and Rebecca Farnum.

The program included the following selections: "Passipied" by Delibes, "Lullaby" by Scot, "Thou Art So Like a Flower," by Schumann, "Thine Eyes So Blue and Tender" by Sassen, "Habenra" from Carmen, "Were My Song with Wings Provided" by Hahn, "Miroir" by Ferrari, and the Italian aria, "Comeraggio Dissi."

At the conclusion of the recital refreshments were served by Madame Bradish.

SIGMA XI HEARS W. DODGE LECTURE ON WARTIME RESEARCH

Sigma Xi lecture series featured for its speaker Pres. Homer L. Dodge, of Norwich University, who talked on the subject of Wartime Scientific Research. The speech was given in the Faculty Lounge of Waterman Building, last Friday November 24.

Before accepting the presidency of Norwich, Doctor Dodge was director of the Office of Scientific Research Development, Washington, D. C. He directed much of the scientific research which has so greatly contributed to the success of the American Armed Forces. He outlined certain very interesting phases of the mobilization of scientific resources for the attainment of victory. Doctor Dodge is a former professor of Physics and Dean of the Graduate School of the University of Oklahoma.

Organ Recital by JOHN PERRY-HOOKER

The Department of Music announces an organ recital by John Perry-Hooker, student of Miriam Natilee Marston, next Sunday, Dec. 10, at 4 p.m. in the Ira Allen Chapel. The program is as follows:

Concerto in G ..... *Bach*
First and Second Movements
Toccata in C ..... *Bach*
Aria from Concerto in D minor ..*Handel*
Andante ..... *Mozart*
Gavotte from Twelth Sonata ....*Martini*
Sonata in A minor ..... *Borowski*
Allegro ma non troppo
Andante
Allegro con fuoco
Cypress Groves of Lebanon.....*Shure*
Christmas in Sicily.....*Yon*
Toccata Jubilum.....*Diggle*

The recital is free and public.

Dorm Notes . . .

ALLEN HOUSE

[illegible]

RED STONE

Redstone spent a very quiet Thanksgiving weekend. Lee Church, in search of more excitement, lived at Roberts House for three days. Barbara Anderson, Pfan and Margie Donahue cooked Thanksgiving dinner at the Donahues' brother's home in Burlington. Gretchen Benson and Mickey Moss visited friends at our rival college, Middlebury. Ann Tuttle made her first airplane ride home and back to New Rochelle, N. Y. Millie George spent the weekend at her home in Riverside, Conn. Donna Jacobs with many magazines packed off for the Home Management House Sunday night, meanwhile Bonnie Cone has returned from there where she has resided since the beginning of the new term.

SIGMA PHI

Over Thanksgiving holiday the walls of Sigma Phi were pent once again as most of the girls went home.

Connie Davenport visited Woodstock with Eleanor Burns. Bev Hall took Carol Gurney to her home in Waterbury. Ruby Ellsworth accompanied Jeanne Howland home to Brandon. Dot Lowell and Carolyn Kelly went to the latter's home in Wallingford. Sig Phi was especially quiet as Pat Wagner spent Thanksgiving at her home in Rutland. Connie Richardson went to her home in Montreal and Betty Bolton visited her family in Shoreham.

Connie Davenport gave us the privilege of an eight-hour visit as she left Friday with Bobbie Tucker for Melrose, Mass. to spend a long weekend at Bobbie's home. Stanley Partridge went to her home in Worcester, Mass. Pat Wagner left Saturday morning bound for Rutland again.

Dot Wheeler's sister, Carolyn, visited us from Great Neck, L. I. She came Wednesday and left Sunday.

Everyone returned safely and the walls of Sig Phi are once more ringing with noise and peace is pretty scarce.

ROBINSON HALL

The corridors of Robinson Hall were empty and void of their usual gaiety this week-end as many a room was vacant on Saturday night. Sally Merwin, Dotty Frazer and Connie Annino from Middlebury invaded the Theta House for the night while Liz Conklin entertained Phyllis Hosen also from Middlebury, at the Pi Phi House.

Joan Garvin, Doris Hagerman, Mary Ann Smith and Jean Earle ventured north for a three-day weekend at Ora Winston's farm in Swanton and Patty Jones stayed with friends in town.

ELMWOOD

An air of suspense and mystery pervaded the rooms of Elmwood Hall last week when the girls of that dorm gave a surprise birthday party for Nancy Judd, affectionately known as Laddie to her classmates.

Ice cream and a large birthday cake bearing the inscription "Happy Birthday Laddie" was served. The party was attended by all the members of Elmwood

Historical Grassmount . . . .

Grassmount Exemplifies Fine Colonial Mansion

Jackie McCormack

How few of us are aware that Grassmount possesses a charming and romantic history. Our Grassmount all started back in 1804 when Capt. Thaddeus Tuttle a leading merchant of Burlington decided to build himself a home. The square front portion of the present house represents the house that he built. The house, as built by Captain Tuttle was truly colonial having four large rooms on the first floor and four on the second floor. The tower is said to be a part of the original building. A silent tribute to the splendor of the mansion of Thaddeus Tuttle are the beautifully carved front stairs, often referred to as the finest example of colonial architecture in the country.

The land belonging to the original Grassmount extended from South Willard Street to South Prospect Street and from Main to what is now known as Overlake Park.

The same year that Captain Tuttle built Grassmount the first class was graduated from the University of Vermont. This class included four graduates. This is a purely coincidental occurrence but of interest since the University later acquired this property.

Although Captain Tuttle did not buy the land on which his home was built directly from Ira Allen at one time Mr. Allen owned five-sevenths of the town of Burlington, and in all probability he was at one time the owner of this land.

For many years the home of Thaddeus Tuttle was said to be one of the main spots in Burlington. We find this description of Burlington about 1812. "The irregular terraces which have since been made beautiful by persistent grading, the rough ravine, and the several monotonous groups of old fashioned dwelling houses, constructed with a view to affording protection from the sun and storm without a thought to the ulterior and beneficent uses of beauty all relieved by two or three splendid structures like that of Thaddeus Tuttle were exposed to sight."

Tuttle's property was sold April 9, 1824, to Governor Van Ness for $6,000. All the land but one acre was included in the transfer. It is odd, but this was not the first time that Van Ness had owned the property. On September 1, 1817, Tuttle sold to Van Ness for $9,000, and three months later, December 16, Van Ness sold back to Tuttle. The reason of this exchange back and forth of the property is not known and remains a mystery. There is no question for the reason for selling in 1824, since Mr. Tuttle was bankrupt. Tuttle lived as an actual pauper from that time until his death in 1836. Friends, through their kindness, kept him from going to the poorhouse. It is not known whether or not his wife lived to share his poverty. The reason for his losing the property was the building of Grassmount. Since his business was carried on on the barter basis, he handled very little actual money and could not manage the money expense involved in maintaining the luxurious home.

Cornelius Van Ness, eighth Governor of Vermont, was the child of very wealthy, prominent Dutch people. Before becoming the Governor of Vermont, he was District Attorney of this state. He became Governor in 1823 by an overwhelming vote and held office for three years. During the time he was Governor he purchased the Tuttle place. He and his wife were the social leaders of the day and his prestige was symbolized by his coach with two footmen.

Then came the visit of Lafayette which has shed glamour over Grassmount. At one time the college authorities seriously considered changing its name to "Lafayette Hall." During Lafayette's visit to Burlington he spent the evening with Van Ness at his spacious mansion, which was beautifully decorated for the gala occasion. The appearance of the courtyard was elegant. Chandeliers and lamps were hung from the trees and the shrubs and a transparent arch across the gate at the foot of the walk read "Welcome Lafayette." Van Ness lost his prestige when he deserted his party and backed Jackson, and he failed to become Senator in place of Seymour.

When Jackson became President, he made Van Ness Minister to Spain. An interesting detail is the fact that Lafayette gave Van Ness' daughter, Cornelia, away at her wedding to J. J. Roosevelt in Paris.

(To be continued)

Y. W. C. A. COMMISSION MEETING —There will be a meeting of the Christian Faith Commission and the Community Responsibility Commission on December 12.

ATTENTION!

At a recent meeting of the Executive Committee, U. V. M. Student Government it was voted to correct the minutes of the November 24 meeting to read in part as follows:

"Since the new Cut System has been passed by the University Senate, this system will go in to operation *as soon as an effective date is set.*"

Until corrected, the minutes (as published in the November 29 issue of the CYNIC read:

"Since the new Cut System has been passed by the Senate, it is in effect."

WILLSON DAILY,
Chairman Executive Committee.

Recruiting . . .

Dear Sue:

So you want to come to college,
You poor, misguided dear,
And you'd like some sage advice
On what we're doing here.

Now please, my dear, on reading this,
Don't dare think I'm a cynic,
But after figuring it all out,
I'm ready for a clinic.

To do wonders for your brain,
You must take Math, you know,
Then, too late, in Psych next year
You'll learn that isn't so.

You'll join the college paper,
You'll gladly scrub and sweat,
The editors will bawl you out,
But think, the EXPERIENCE you get!

You'll take a bunch of hour tests,
You've passed them all, you hope,
Because you've studied long and hard—
My dear, don't be a dope!

You'll get your monthly marks now,
They may seem catastrophic,
But after just a few of them,
You'll become quite philosophic.

And never mention, dearest,
That it seems a funny quirk,
That YOU pay al lthe money,
And then do all the work

So come what may, my dearest Sue,
Tho' famine, storm or strife,
Don't fail to come to college,
IT'S THE BEST YEARS OF YOUR LIFE!

MARY MITIGUY.

U. S. Naval Officer Addresses Men

Gives Information On Training Opportunities

University men had an opportunity to learn what the [illegible] offer them at a meeting the [illegible] Room 140, Waterman [illegible] J. N. LaFollett, U.S.N., Recruiting Officer attached to the Western Massachusetts and Vermont areas [illegible] group of U. V. M. men [illegible] portunities offered in [illegible] branch of the service.

Commander LaFollett [illegible] concerning openings in the [illegible] Technician and Pharmacist's Mate [illegible] time and method of enlistment [illegible] training furnished by the [illegible] who are accepted.

Men accepted as Radio [illegible] ceive some nine months training [illegible] ing as Radio Technician [illegible] cessful conclusion of this [illegible] men who expect to be drafted [illegible] future such a program may [illegible] able to induction in the Army [illegible] vate.

This meeting was arranged by Chief Petty Officer F. J. Fitzpatrick [illegible] Navy Recruiting Sub Station in Burlington, and although primarily for U. V. M. students, was also open to high school seniors now eligible for the draft, 17 year-olds eligible for the enlisted reserves, and to other young men with the necessary qualifications for those training programs who may prefer such training to regular Army induction. The training for the post of Pharmacist's Mate, says Chief Petty Officer Fitzpatrick, may have especial appeal for pre-medical students.

This meeting arranged by the Navy at U. V. M. is of special interest for there is an extremely urgent need in the Navy for Radio Technicians. This need occurs in the field of some of the most fascinating and colorful scientific developments of the war; developments which not only hasten the day of victory, but also indicate broad horizons of new opportunity in commercial enterprise after the war is over.

Radio Technicians have many important duties in the Navy, such as installing, repairing, and maintaining radio direction finder, communication equipment, submarine detection apparatus and other electronic devices.

When released from the Navy after the war, the Radio Technician will find countless new opportunities open to him. He will already have a thorough grounding in ultra high-frequency electronics that will still be unknown to most commercial engineers. The Radio Technician will be qualified for many key positions in such fields as television, industrial electronics, broadcast radio, airport radio, and many other scientific occupations.

NU SIGMA NU HOLDS GAY BOWERY DANCE

Last Saturday night, December [illegible] Nu Sigma Nu fraternity house was the scene of a bowery dance. The couples danced from eight until ten to the music of several recordings. Doctor [illegible] Doctor Harwood were present as chaperones for the evening. The house was appropriately decorated with [illegible] bottles and signs in keeping with the atmosphere. The guests were welcomed by a glaring sign in the entrance "Dance Tonight."

Pardon us for being sentimental but Larry seems to have answered the ques- tion that has bothered many people, "Just what are our officers like?" Yes, the old chapeau is doffed to that "king from the Queen City," Lieut. Larry Killick, U. V. M. '44.

TRACK !! SKIERS REPORT FROM MT. MANSFIELD; MR. RIGGS TO THE RESCUE

A few weeks ago we prophesied in this column that winter was just around the corner and that the ski season was about to commence. With the successful com- pletion of a trip to Mt. Mansfield the ski season ACTUALLY HAS BEGUN.

Eight U. V. M. skiers made the trip. They were Dick Audette, Pete Mallete, Kitty Perry, Clem Holden, Skip Lewis, Rod Galbraith, Dick Parker, and Al Lowenfels. The party left Burlington at 9.00 a.m. Sunday morning after a typi- cal Waterman breakfast. No unusual events occurred en route and the courageous skiers arrived at the Toll House (start of the famous Toll Road Run) around 10.30 a.m.

Conditions for Mt. Mansfield:

Snow: Plenty of very fluffy powder.

Weather: For once weather favorable. Bright sunny day with almost no wind. Average temperature: 20 degrees.

Climbing: Too much. This was a par- ticularly troublesome factor for some mem- bers of the party.

Running: Agreed by all to be better than the climbing. Good in most places— rough through the short-cuts.

Food. Sparse and varied, ranged from raisins to shredded wheat.

General Remarks: Exhaustive fun.

In comparison with the trip home, all skiing seemed tame. Somehow or other a few drops of water (quite a few) got into the gas tank. Now Vermont hills are a difficult barrier to good gas; to gas with water in it, they are lethal. As a result, the Burlington-to-Mansfield- via-Waterbury-taxi found itself faced with the hopeless task of ascending French Hill on a tankful of watery gas.

Of course it didn't make it. About half way up the engine gave a few wheezing coughs, a heart-rending gasp, and then stopped. The situation appeared hopeless - five miles from nowhere, eight tired skiers, classes the following morning, and an obstinant car. The situation cleared with the arrival of our own Heath K. Riggs on the scene. With a cheerful smile, he pulled a rope out of his car and towed the sheepish taxi up the hill. Many, many thanks, Mr. Riggs!

Another trip is planned for next week. To make reservations, or to obtain other information, speak to Dick Audette.

Coach Bob Dougherty

FILMS FOR ZOO DEPT.

The Zoology 2-B quiz section, meeting at 11.00 a.m., saw movies on digestion and nutrition Saturday, November 25, at the Fleming Museum. The films were obtained by the Department as a result of an idea originating in the medical school faculty of using films in Zoology classes at U. V. M. Although the Flem- ing Museum has a "film pool" from which Vermont High Schools may obtain films for use in their curricula, these films are not advanced enough for college use, as the Department secured these films on trial and will decide whether they will buy any or not.

We're living in 1969, electrically. Elec- trical manufacturers report that the war has advanced technical knowledge by at least a quarter-century.

Dougherty's Hoopsters Set for Close Battle in Opener at Memorial Auditorium

H. P. Bloomenthal

Memorial Auditorium will be, this Sat- urday, the scene of some fast and furious basketball as the Vermont Collegians, an unofficial ball club made up of U. V. M. students, meet the powerful Middlebury Five which has added strength from the presence on campus of a V-12 organiza- tion containing some good ball handlers. A preliminary will see the hot Vermont Jay Vees battling against the Mill City quintet from Winooski High School. These will be the first games on college level in the Queen City since basketball was discontinued at U. V. M. in 1942.

Eager to Play

The Collegians have been working out regularly at the Vermont gym and are now in smooth operating condition. Coach Bob Doherty expressed great satisfaction at the way the squad is progressing and said that the boys are eager to play and look very good.

All State Five

The starting five contain some familiar names to Vermont basketball fans. Don Akey who will be in there in one of the forwards is the six foot one "All State" formerly of St. Mikes. Milt Kaufman will fill the other forward slot. Milt is the shortest man on the quintet, but what he lacks in height he makes up in added speed. An All-State while an undergrad at U. V. M., he is literally all over the floor at once. Bob Linehan will be jumping at the center position. Linehan is a six foot two giant who was Captain of Michaelmen's Five be- fore he entered Med. School and the Army. He can be counted on to do his share of scoring. At right guard is the former University of Vermont Captain, Bob Doherty, who led that squad to many triumphs. He hopes to coach the Colle- gians to many more. Rounding the start- ing five is Bob Maroney, a past star of Winooski High School. Watch him around the backboards.

Bob Doherty and Bob Linehan are also 'All State' men. Bob Maroney was on the High School All State five. Mike Spylios, sixth man on the squad, has been on the injured list, but he is expected to be sufficiently recovered by Saturday to see plenty of action.

Middlebury Powerful

The Middmen are the strongest they have been in several seasons. U. V. M.'s traditional rivals have been greatly bol- stered from the large resources of the Navy unit at Middlebury which contains several stars from St. Johns College and other large universities. The two teams facing each other on December 9 are as evenly matched as two teams could be. The men from Middlebury will give Doherty and Co., plenty to worry about.

The Prelim.

The Vermont J. V.'s and Winooski High School will present a lot of action in the preliminary. Bill "Pretty Boy" Marsa will start at right forward where he can do plenty of damage with his 'off-balance' shooting. He saw his pre- vious service at Asbury High, N. J. Bill Plankey will be in the other forward for the Vermont boys. Bill got his training at Springfield Tech. Dave "Silver" Weatherby starts at center. Here is a boy who knows how to use his un foot height. At right guard is Dick Mascola who is one of the finest ball handlers in these parts. Bob Ripper, former Bur- lington High School star, rounds out the quintet at left guard. The prelim- inary gets under way at 7.30 and the main game follows at 8.30.

Collegians Only

As the uniformed Medics can not par- ticipate in official college ball and since the administration has made no financial plans for a basketball team, the Vermont Collegians are only an unofficial ball club.

"Our only purpose," said Bob Doherty, "is to give the boys the opportunity to play some ball."

So far tentative plans have been made to meet St. Michael's and Dartmouth in a home and home series. A return game with the Middmen has been scheduled for December 20. The first game with the Michaelmen is set for sometime next week. The plans at present call for one home game per week.

Prelim. Lineup

Ten Pins Topple As Women Lead

Last Tuesday the curvatures bowled off their match against Smitty's Kittens hold- ing them down to a 3 to 3 tie score. With these three points the Curvatures have gained the leading position which had been held by the Independents for the first few weeks. On Thursday the Owls succeeded in their match against SAE by taking the entire six points for the game. The Independents are beginning to weak- en: they succumbed to the Smoothies to the tune of six to nothing. With only a few matches left to decide the final standing it still is anybody's guess who will top the list.

W.S.S.F. Drive

(Continued from page 1)

drive which started several weeks ago to aid our Oct November 18 the Hillel Foundation in connection with W. S. S. F. sponsored a dance at the Waterman. The theme was based on international the decorations being done in the colors of the flags of each country which W. S. S. F. is helping.

The money and the books which we among other colleges and other nations have collected are sent to Geneva, Switzerland. From there the contributions are distributed to the various places where they are needed.

Last year U. V. M. contributed over $1,000 to W. S. S. F. This year the goal has been set at $2,000. As yet the total amount of money collected has not been ascertained as the contributions from some [illegible] the dance and pledges have not been counted. So far however the amount of cash contributed individually has been $300.

Although the dance is officially closed, there are still two more months in which to make and to put pledges. So all those who would like to make a contribution to W. S. S. F. may see the representative in their dormitory.

Cynic Staff Promotes Scrubs and Reporters

There were a number of mid-semester promotions on the Cynic staff recently. Promoted to the position of reporter were Jeanette Whaley, Marian Parker, Jane Cellar, Penney Mandel, Sheila Bloomberg, Rose Sullivan and Mildred Frachtenberg.

The new news editors are Irene Fahey and Kim McGarry. Bill Cook and Lesley Ball were passed on the feature staff.

Rixford Gift Box For U.V.M. Students

$500 Fund Donated by Manufacturing Company

A new loan fund has been established at the University by the Rixford Manufacturing Company of Highgate, Vt. The sum of $500 has been donated to U. V. M., the principal of which is vested in the University to be used by them according to the following directions:

1. The fund shall be used by the University in making loans to needy and deserving students at U. V. M. who are residents of the Town of Highgate, not to exceed $100 per student in any college year.
2. Said loans are to draw interest at the rate of five percent, which amount is to be added to the original fund.
3. Any annual portion of this fund may be invested by the University and any income derived therefrom may be applied first to the cost of administering this fund and the balance added to the original principal.
4. While the University is expected to observe the usual precautions to insure safety of the fund hereby created it shall not be held liable for loss of any funds resulting from the failure of any students to repay the loan.

Miss Dorcas H. Rixford
Vice-President

This loan was accepted by the trustees of the University at their October meeting and is available to students from Highgate.

Intramural Debate

The Debating Club held one of its series of intramural debates in Room 165 Waterman, Friday evening. The issue was Resolved: That the voting age should be lowered to 18. Professor Powers, director of debate, decided in favor of the affirmative.

The affirmative was taken by Eileen Pickett '47 and Doris Dwyer '47. The negative was upheld by Peter Mallett, '48 and Howard Bloomenthal, '48.

This series of intramural debates will be continued as preparation for future intercollegiate debates. The U. V. M. debating team will meet St. Michael's on this campus next Friday.

Military Training

(Concluded from page 1)

classroom which may be seen at any time by those interested.

Due to the uncertain military status of many R. O. T. C. students the regular R. O. T. C. uniform is not being issued this term. It is anticipated, however, that after the end of the first semester, the status of many students will be more definite and at that time the blues will be issued.

As a result of the three-semester college year, it was found necessary to conduct military training classes on three levels. Namely, basic freshmen, advanced freshmen and sophomores. At the end of the present semester sufficient time will have elapsed to enable the basic freshman to complete the necessary military training, thereby combining with the advanced freshmen at the beginning of the next semester.

The two million volt sealed-off X-ray tube can radiograph in less than an hour thick metal sections. Formerly, it took a week to make the radiograph with the million volt tube.

"Real Peace In God" States Reverend Moore

Rev. Robert S. Moore told students at the 10 a.m. Chapel Service at Tuesday morning that we cannot find a real peace except in God. Religion, he said is radical. The public appearance of church but we go thinking we are the cream of the crop and come home feeling that we have done our duty. The Christian way is safe and respectable and we have not enough share in humiliation. Our real creed is the good spirit in us. It is constantly opposed to what we have already learned. Reverend Moore pointed out that the day will probably never come when we are conformed to the will of God.

Reverend Moore of Montgomry Center, Vt. is one of two ministers serving a "Larger Parish," the Green Mountain Parish. Larger Parishes are not very common in the United States. They are rural church organizations affiliated for the purpose of cooperating in certain fields of action. The emphasis in these groups is upon cooperation rather than upon union. In the Green Mountain Parish are included three different Congregational Churches, two Methodist Churches, and a Community Baptist Church.

BLUESTOCKINGS TO READ MANUSCRIPTS

Bluestockings, honorary literary society, will hold a work meeting on Wednesday evening, December 6 in Waterman. At this time there will be a reading of manuscripts, and publicity posters and entrance terms or try-outs will be made. The possible reorganization of the Scribes, a club which existed on the campus several years ago, will be discussed. This club, sponsored by Bluestockings, would be open to all students interested in writing. Meetings are held at which the prospective writers present their works for comment and help by experienced writers and the members of Bluestockings. The Scribes are usually the source of future Bluestockings.

Try-outs for Bluestockings will be held in the near future. Professor Pope has been chosen as faculty advisor for this year, and the officers are: Vesta Stevens, president; Margaret Donahue, vice-president; Louise Shutler, secretary; and Aglalia Ballas, treasurer.

ADLER LEADS SERVICE

Phil Adler, recently pledged to the reviving chapter of Tau Epsilon Phi at the University, traveled to Middlebury Sunday night to conduct an evening service for the Jewish students and boys in the Navy Unit, who had conducted a Friday evening service here two weeks ago, was called upon by Rabbi Gellman who received an unexpected invitation to represent Vermont in a Pittsburgh convention. Although his notice was rather short, Phil conducted the service, delivered a sermon, and afterwards led a round table discussion.

Meet Your Faculty . . .

Professor Myrick leaned back in his chair and slowly smiled. "My main ambition," he repeated slowly. "Well, I think that it has been imperfectly realized but it is to try to get students to have a feeling for the language taught and an appreciation of that people's literature.

"I am not sure that I like the current idea that language is useful only as a tool. Proper interest and spirit of instruction should not end there, for languages also represent great literatures. It is a different thing to consider our language only as a tool, for if one does he doesn't get to understand a people. I have tried to make my students feel and appreciate language as a medium of expression of a people."

Professor Myrick spent his last sabbatical leave in Europe. The longest periods of his stay were spent in France and Italy. While in these countries he devoted a considerable amount of time working in the National Library in Rome, the Alexandrian Library in Rome, the Riccardian Library in Florence, and also the National Library in Paris. Some of this work has gone into publication. It was the introduction to a volume of the Italian author Boccaccio published by the University of Pennsylvania Press.

Professor Myrick went to Harvard University and attended the Harvard Graduate School. For two years he was an instructor at Harvard. After he received his doctor's degree he went to Europe and taught at the University of Milan for a short time. He came from Italy to U. V. M. where he is now head of the Romance Language Department.

Newman Club Has First Communion Breakfast

Almost 50 Newman Club members turned out Sunday morning for the first Communion Breakfast of the year which was held in the Black Cat following 9:00 o'clock Mass at the Cathedral. The breakfast, arranged by Eileen Pickett, '47, with the cooperation of Mr. Chantis, included grapefruit juice, scrambled eggs and bacon, muffins and coffee.

Dean Joseph Carrigan of the College of Agriculture was introduced by President Frances Witham, '46. Character was the subject of Mr. Carrigan's brief address. He said that the greatest freedom of all, the one on which the famous four must depend, is freedom from wrongdoing. Each man must assure himself of this freedom through his own character. Since in going to college most students leave home environment for the first time, it is there that they have the first major test of character. From the many elements which constitute character Dean Carrigan chose three as most essential, integrity, courage, and tolerance. Tolerance, he continued, is not a "wishy-washy" thing; one can not have tolerance unless he first has a definite opinion of his own. In addition to acquiring a training in some life work here at U. V. M., we should also acquire a firm foundation for intelligent opinion.

The meeting closed with a brief announcement by Miss Witham of the next Newman Club meeting, December 12.

The Vermont Cynic

VOL. 62 BURLINGTON, VERMONT, FRIDAY, DECEMBER 15, 1944 NUMBER 50

1945 Kake Walk Directors Are Announced

Six Undergraduates Named To New Court Committee

Dr. Nuquist to Aid Campbell, Gillinder, Carter, Earle, Cook, Kafalas on Procedure

By Marjorie Nelson

[illegible] to make Student Government [illegible] extent and influential governing [illegible] this campus, plans have been [illegible] set up a Student Court as [illegible] in the constitution of U. V. M. [illegible] The members of this court shall [illegible] of two representatives from each [illegible] undergraduate colleges plus one [illegible] member for each two hundred [illegible] over the first three hundred.

[illegible] this time all major infractions [illegible] University rules have been subject [illegible] disciplinary action by the University [illegible]. It is the hope of Student Government that, once Student Court is set [illegible] functioning as a judicial body, this [illegible] will work with the University [illegible] in determining decisions pertaining to the students. Student Court will [illegible] have jurisdiction over matters concerning the students themselves which [illegible] necessarily related to infringements [illegible] University regulations, but which are [illegible] to the students. A well-organized Student Court means that the students automatically have given themselves a greater opportunity to handle their own [illegible] only by setting up the machinery [illegible] so.

[illegible] far as no provision was made [illegible] the constitution for the election of [illegible] to this Court the Executive [illegible] of Student Government passed [illegible] following resolution: "that the Executive [illegible] of Student Government [illegible] a Student Court Organizing Committee to function only as a committee to [illegible] the procedure to be followed by [illegible]." This work will be done with [illegible] of Professor Nuquist of the [illegible] Science Department. An amendment will be presented to the students at a later date specifying the procedure

(Continued on page 8)

UVM's FIRST FORMAL SPONSORED BY OWLS

[illegible] glitter, gaiety—that's what is [illegible] at the Owl's semi-formal on [illegible] December 16 from 8:30 to 12 [illegible]. This dance, to be held in the [illegible] Lounge, is the first all-university [illegible] this year, and for freshmen it [illegible] very important "first formal" [illegible] it is the only activity yet this [illegible] completely male-sponsored.

[illegible] Cats, a six piece band from [illegible] Aircraft Plant, are scheduled to [illegible] the entertainment is being [illegible] Bill Cook and the Pi Phis. [illegible] is in charge of the floor [illegible] Dick Paine of refreshments, [illegible] Audette of ticket sales and [illegible]

[illegible] sale of tickets and in- [illegible] there was a table in Waterman [illegible] Wednesday, and Thursday, [illegible] most common queries regarded [illegible] come to the dance. The [illegible] that everyone is welcome [illegible] Men of the Med College and [illegible] attend.

ANNUAL CAROLING

Christmas Caroling like Campus Sings is a tradition on the Vermont Campus. This year caroling will take place December 19. The Pep Committee under the direction of Harriet Barton '46 is sponsoring it and has planned the following procedure.

Co-eds should sign up with their respective house presidents as soon as possible. The house presidents will leave their lists of names in Bunny Lieberman's CYNIC Box before 9.00 a.m. Monday.

On Tuesday December 19 the carolers will meet in the student lounge at 7.30 p.m. and from there proceed to serenade dormitories and houses of the faculty.

Afterwards there will be a party at the Delta Psi House for the participants. A fee of 10 cents will be collected to defray the expenses.

Three groups of carolers will cover all dorms, sorority houses, and the homes of the faculty which come in the area from No. Prospect St., and No. Willard to Overlake Pk. and DeForest Road.

Annual Christmas Concert Program

The program of the annual Christmas Concert by the augmented U. V. M. choir and orchestra, to be held in the Ira Allen Chapel next Sunday, December 17, at 4 p. m. is as follows:

Organ Prelude: Noel in G.....*d'Aguon*
Processional: O Come, Emmanuel
Sentences and Collect
Response: Lo, How A Rose E'er Blooming .....*Praetorius*
Break Forth, O Beauteous, Heavenly Light .....*Bach*
Earth, Rejoice .....*Bohemian*
From Heaven Above .....*German*
Scripture Reading
The Hunter .....*Brahms*
Gloria In Excelsis *Elsa Kremers Iennett*
Pastoral Symphony, from The "Messiah" *Handel*
The Virgin's Slumber Song .....*Reger*
At Midnight A Summons Came *French*
Chill December's Ice and Snow *Spanish*
Angels O'er The Fields .....*French*
He Shall Feed His Flock and Come Unto Me, from the "Messiah" *Handel*
Hallelujah Chorus, from the "Messiah" *Handel*
Hymn: Joy To the World, arr. from *Handel*
Prayer and Benediction
Response: Silent Night .....*Gruber*
Recessional: O Come, All Ye Faithful
Organ Postlude: Gloria In Excelsis *Reger*

The Reverend Raymond Avery Hall will read from the Scriptures. The soloists will be Shirley Lampman and [illegible] Farrell soprano. The choir will be assisted by a number of men singers from the faculty and from Burlington and vicinity.

Shirley Hibbard

Women Can Now Try For Membership in Bluestocking Group

Members of Bluestockings, women's honorary literary society, gathered around tables in room 252 of Waterman last Tuesday evening, and against a background of apricot upside-down cake and ginger ale, made plans through which girls interested in writing may become members of one of the oldest honorary societies on the hill.

As a result of their discussions, the membership try-outs are opening this week, and will continue until January 9, which is the closing date for manuscripts to be submitted. In order to produce greater uniformity in the manuscripts submitted and greater ease in judging them, those interested in trying out for membership are asked to obtain special Bluestocking Try-Out envelopes from a box in the University Store. These envelopes are numbered, and each contain a second, similarly numbered en-

IRC Plans Annual Panel Discussion

On January 10 the I. R. C. is planning to meet with the Public Action Assembly of Middlebury College, to hold a joint panel discussion on the topic, "The Place of Cartels in the Post War World." Ginny Rose '45, and Pearl Weissbard '46, will each prepare a paper on the subject, and two Middlebury students will also speak.

I. R. C. members in addition to the delegates are invited to attend, and those wishing to do so should get in touch with Kitty Perry.

Hibbard, Williams And Simms Predict Spirited Kake Walk

Enlist Complete Support of College

[illegible] will be a Kake Walk for the [illegible] 1945 [illegible] date appears on the social calendar as the week-end after Washington's birthday. Jack Williams '45 [illegible] Jo Hibbard '45 and Ray Simms '45 were named last Wednesday at the Student Government meeting as conductors. Their appointment became final on the approval of the '44 [illegible].

John Williams is known to most as "Little John." He hails from Londonderry, Vt. "Little John" is a member of Sigma Alpha Epsilon fraternity. He is enrolled in the business curriculum in the Arts and Sciences C[illegible]. Little John is well known and liked on campus. He knows how much Kake Walk has always meant to U. V. M. He has seen three Kake Walks. He has worked on fraternity skits. He feels that the students will this year pitch in with enthusiasm to make Kake Walk great.

When interviewed he said, "We have the ideas, and if we get the support, we will have as good or better Kake Walk as we have ever had before." Later he added a word to the wise, "Don't just think about it, do something!"

Shirley Hibbard is a native of Bristol, Conn. She is a member of Kappa Alpha Theta fraternity. She is a classical student enrolled in the College of Arts and Sciences. Shirley is a member of the French Club, the Classical Club and YWCA. She was one of the assistant directors for the 1944 Kake Walk.

In a special interview Shirley said, "We want to give U. V. M. a Kake Walk that will be as close to our traditional Kake Walk as is possible. Experience has taught us that the cooperation of every student is necessary to put on a real Kake Walk."

Ray [illegible] a special pre-med student. He has been on radio for seven years with the blue network at New York and Washington, D. C. He has played in stock, been in the March of Time, and played in several radio programs. Last year he directed a musical comedy with his wife and "Little Boy," as he says, "had a great hit for radio." Since he has been in Burlington he has been the chief announcer and produced programs for WCAX radio station.

Ray Simms, during the course of an interview felt that "In view of the fact that so many U. V. M. students who are now serving overseas have expressed the desire to continue the traditional Kake Walk, I feel sure that we here in Vermont will make Kake Walk a success."

Traditional Christmas Dinner Is Climax of Season's Spirit

By Rita McGarry

Last night the traditional formal Christmas dinner for all University women students climaxed the Christmas spirit prevalent on the campus this past week. As the 425 guests, house directors, and students entered the cafeteria their first glance fell upon the scene of the patriotic illuminated by candlelight, and a large Christmas tree, beautifully decorated. The three wise men formed the centerpiece for the guest table while the other tables had either Santa Claus in his sleigh flying through the snow or the familiar scene of the three Christmas carolers singing beneath a lamp post. There were favors and nut dishes in appropriate colors for everyone and the guests dined by candlelight. Mrs. Rutledge and Miss Powell, House Directors of Pi Beta Phi and ATO respectively, with the help of the Robinson Hall waitresses made all of the decorations and favors.

The fourteen guests were seated at two tables in the west side of the Rotunda. They were President and Mrs. Mallis, Mr. and Mrs. Levi Smith, the former a member of the Board of Trustees, Professor Hazel [illegible] of the Economics Department, and Mrs. Hazel Mr. Donald Smith, new librarian and Mrs. Smith, Miss Simpson, Miss Crabbe, Shirley Needham, Eleanor Jenkins, Ruth Jordan, and Frances Donadone, all members of the class of 1945.

The hostesses at other tables were seniors who eat in either the Robinson Hall or Waterman Dining Rooms and they entertained all underclassmen and seniors from off-campus dining halls. Miss Smith, house director of Delta Psi, and Mrs. Pilcher, House director at Redstone were in charge of the placement of all guests and students.

Miss Underwood, Director of Food Service provided a delicious menu which was served by the Robinson Hall and the Waterman waitresses. A fruit cup with [illegible] was followed by the traditional turkey, dressing and gravy, served with Francoma potatoes and Arlington broccoli. There were several kinds of relish and hot poppy seed rolls with butter. The salad consisted of tomatoes, avocado and cheese and was served with bread sticks. The dessert, snowballs, was really ice cream rolled in cocoanut and served with meringue. Coffee and nuts completed the dinner.

In former years a male quartet comprised of U. V. M. students always sang at the annual Christmas dinner but this year Professor Bennett, of the U. V. M. Music Department arranged a program of Christmas Carols to be sung by a mixed chorus. Members of the chorus were [illegible] Mary Hunter, Elizabeth Naess, Eleanor Brownell, Professor Dole, Professor Pooly, Richard Hanes and Carmen van Buren. At the end of the dinner the entire dining hall joined in singing the last carol.

CYNICAL PARTY

[illegible] at seven o'clock the 3rd floor dining hall will be the scene of a Cynical Christmas party to which all members of both the editorial and business staffs are invited. [illegible] the lowly cynic. [illegible] that no whimsical news editors will forget typewriter, pencil and head sheets long enough to provide a very special sort of entertainment. That virulous dame also reports that the harassed senior staff might even add to the Christmas festivities.

Sorority Notes

DELTA PHI EPSILON

Among D Phi E's looking especially happy-eyed this week are Peg who is carrying on at Home Management House and Ellie Jud-and-Harriet who are eagerly looking forward to the end of their paper doll cutting days. Pearl at the present is thinking how nice a winter in Florida would be. There are however people who come up here for vacations. Bunny Cutler's parents, Nat Harris's mother, Jean Goldblatt's sister and friends were all among our recent visitors.

Lee went to New York last week-end and came back to find Elly Cutts taken out opportunities to forget recuperating from the "flu." Edith went home too and flew back. Penny and Lenny between mail and mother are leading very complicated social lives.

PI BETA PHI

People come and people go, and the house is beginning to resemble Grand Central.

Shirley Parker Malek has been in New York with Eddie for the past week. He called last Saturday and Shirley was so excited that she cleaned her room from top to bottom. Maybe we all should get phone calls!

Also in New York were Imogen and Mrs. Steven Moore—and the house is still recovering from the rush and confusion of the wedding.

The third missing person is Cactus. She has left us for the Home Management House—Good Luck, Plant!

We all want to express our thanks to the "boys"—and will recommend them for jobs as furniture movers anytime.

W.S.S.F. Drive

(Continued from page 1)

drive which started several weeks ago is still on. On November 18 the Hillel Foundation in conjunction with W. S. S. F. sponsored a dance at the Waterman. The theme was based on internationalism, the decorations being done in the colors of the flags of each country which W. S. S. F. is helping.

The money and the books which we, among other colleges and other nations, have collected are sent to Geneva, Switzerland. From there the contributions are distributed to the various places where they are needed.

Last year, U. V. M. contributed over $1,300 to W. S. S. F. This year the goal has been set at $2,000. As yet the total amount of money collected has not been ascertained as the contributions from minorities, the dance and pledges have not been counted. So far, however, the amount of cash contributed individually has been $300.

Although the drive is officially closed, there are still two more months in which to make and to pay pledges. So all those who would like to make a contribution to W. S. S. F. may see the representative in their dormitory.

Cynic Staff Promotes Scrubs and Reporters

There were a number of mid-semester promotions on the Cynic staff recently. Promoted to the position of reporter were Dorothy Whaley, Marian Parker, Jane Cellar, Penney Mandel, Stella Rosenberg, Rose Sullivan and Mildred Trachtenberg.

The new news editors are Irene Fahey and Ellie McGarry. Bill Cook and Lesley Bell were placed on the feature staff.

Rixford Gift Box For U.V.M. Students

$500 Fund Donated by Manufacturing Company

A new loan fund has been established at the University by the Rixford Manufacturing Company of Highgate, Vt. The sum of $500 has been donated to U. V. M., the title to which is vested in the University to be used by them according to the following directions:

1. The fund shall be used by the University in making loans to needy and deserving students at U. V. M. who are residents of the Town of Highgate, not to exceed $100 per student in any college year.
2. Such loans are to draw interest at the rate of five percent, which amount is to be added to the original fund.
3. Any unused portion of this fund may be invested by the University and any income derived therefrom may be applied first to the cost of administering this fund and the balance added to the original principal.
4. While the University is expected to observe the usual precautions to insure safety of the fund hereby created, it shall not be held liable for loss of any funds resulting from the failure of any students to repay the loan.

MRS. OSCAR H. RIXFORD,
Vice President

This loan was accepted by the trustees of the University at their October meeting and is available to students from Highgate.

Intramural Debate

The Debating Club held one of its series of intramural debates in Room 165, Waterman, Friday evening. The issue was Resolved: That the voting age should be lowered to 18. Professor Powers, director of debate, decided in favor of the affirmative.

The affirmative was taken by Eileen Pickett, '47, and Doris Dwyer, '47. The negative was upheld by Peter Mallett, '48, and Howard Bloomenthal, '48.

This series of intramural debates will be continued as preparation for future intercollegiate debates. The U. V. M. debating team will meet St. Michael's on this campus next Friday.

Military Training

(Concluded from page 1)

classroom which may be seen at any time by those interested.

Due to the uncertain military status of many R. O. T. C. students the regular R. O. T. C. uniform is not being issued this term. It is anticipated, however, that after the end of the first semester, the status of many students will be more definite and at that time the blues will be issued.

As a result of the three semester college year, it was found necessary to conduct military training classes on three levels. Namely, basic freshmen, advanced freshmen, and sophomores. At the end of the present semester, sufficient time will have elapsed to enable the basic freshman to complete the necessary military training, thereby combining with the advanced freshmen at the beginning of the next semester.

The two million-volt sealed-off X-ray tube can radiograph in less than an hour thick metal sections. Formerly, it took a week to make the radiograph with the million-volt tube.

"Real Peace In God" States Reverend Moore

Rev. Robert S. Moore told students at the 10 a.m. Chapel Service on Tuesday morning that we cannot find a real peace except in God. Religion, he said is radical. The public approves of church, but we go thinking we are the cream of the crop, and come home feeling that we have done our duty. The Christian way is safe and respectable, and we have not enough share in humiliation. Our real creed is the good spirit in us. It is constantly opposed by what we have already learned. Reverend Moore pointed out that the day will probably never come when we are conformed to the will of God.

Reverend Moore, of Montgomry Center, Vt., is one of two ministers serving a "Larger Parish," the Green Mountain Parish. Larger Parishes are not very common in the United States. They are rural church organizations affiliated for the purpose of cooperating in certain fields of action. The emphasis in these groups is upon cooperation rather than upon union. In the Green Mountain Parish are included three different Congregational Churches, two Methodist Churches, and a Community Baptist Church.

BLUESTOCKINGS TO READ MANUSCRIPTS

Bluestockings, honorary literary society, will hold a work meeting on Wednesday evening, December 6, in Waterman. At this time there will be a reading of manuscripts, and publicity posters and entrance forms for try-outs will be made. The possible reorganization of the Scribes, a club which existed on the campus several years ago, will be discussed. This club, sponsored by Bluestockings, would be open to all students interested in writing. Meetings are held at which the prospective writers present their works for comment and help by experienced writers and the members of Bluestockings. The Scribes are usually the source of future Bluestockings.

Try-outs for Bluestockings will be held in the near future. Professor Pope has been chosen as faculty advisor for this year, and the officers are: Vesta Stevens, president; Margaret Donahue, vice-president; Louise Shutler, secretary; and Aglalia Ballas, treasurer.

ADLER LEADS SERVICE

Phil Adler, recently pledged to the reviving chapter of Tau Epsilon Phi at the University, traveled to Middlebury Sunday night to conduct an evening service for the Jewish students and boys in the Navy. Phil, who had conducted a Friday evening service here two weeks ago, was called upon by Rabbi Gellman who received an unexpected invitation to represent Vermont in a Pittsburgh convention. Although his notice was rather short, Phil conducted the service, delivered a sermon, and afterwards led a round table discussion.

Meet Your Faculty . . .

Professor Myrick leaned back in his chair and slowly smiled. "My main ambition," he repeated slowly. "Well, I think that it has been imperfectly realized, but it is to try to get students to have a feeling for the language taught and an appreciation of that people's literature.

"I am not sure that I like the current idea that language is useful only as a tool. Proper interest and spirit of instruction should not end there, for languages also represent great literatures. It is a different thing to consider our language only as a tool, for if one does he doesn't get to understand a people. I have tried to make my students feel and appreciate language as a medium of expression of a people."

Professor Myrick spent his last sabbatical leave in Europe. The longest periods of his stay were spent in France and Italy. While in these countries he devoted a considerable amount of time working in the National Library in Rome, the Alexandrian Library in Rome, the Riccardian Library in Florence, and also the National Library in Paris. Some of this work has gone into publication. It was the introduction to a volume of the Italian author Boccaccio published by the University of Pennsylvania Press.

Professor Myrick went to Harvard University and attended the Harvard Graduate School. For two years he was an instructor at Harvard. After he received his doctor's degree he went to Europe and taught at the University of Milan for a short time. He came from Italy to U. V. M. where he is now head of the Romance Language Department.

Newman Club Has First Communion Breakfast

Almost 50 Newman Club members turned out Sunday morning for the first Communion Breakfast of the year which was held in the Black Cat following 9:00 o'clock Mass at the Cathedral. The breakfast, arranged by Eileen Pickett, '47, with the cooperation of Mr. Chantis, included grapefruit juice, scrambled eggs and bacon, muffins and coffee.

Dean Joseph Carrigan of the College of Agriculture was introduced by President Frances Witham, '46. Character was the subject of Mr. Carrigan's brief address. He said that the greatest freedom of all, the one on which the famous four must depend, is freedom from wrongdoing. Each man must assure himself of this freedom through his own character. Since in going to college most students leave home environment for the first time, it is there that they have the first major test of character. From the many elements which constitute character Dean Carrigan chose three as most essential, integrity, courage, and tolerance. Tolerance, he continued, is not a "wishy-washy" thing; one can not have tolerance unless he first has a definite opinion of his own. In addition to acquiring a training in some life work here at U. V. M., we should also acquire a firm foundation for intelligent opinion.

The meeting closed with a brief announcement by Miss Witham of the next Newman Club meeting December 12.

1945 Kake Walk Directors Are Announced

Six Undergraduates Named To New Court Committee

Dr. Nuquist to Aid Campbell, Gillinder, Carter, Earle, Cook, Kafalas on Procedure

By Marjorie Nelson

In order to make Student Government a more potent and influential governing body on this campus, plans have been made to set up a Student Court as prescribed in the constitution of U. V. M. Students. The members of this court shall consist of two representatives from each of the undergraduate colleges plus one additional member for each two hundred students over the first three hundred.

Up to this time all major infractions of University rules have been subject to disciplinary action by the University Council. It is the hope of Student Government that, once Student Court is set up and functioning as a judicial body, this court will work with the University Council in determining decisions pertaining to the students. Student Court will also have jurisdiction over matters concerning the students themselves which are not necessarily related to infringements on University regulations, but which are pertinent to the students. A well-organized Student Court means that the students automatically have given themselves a greater opportunity to handle their own affairs if only by setting up the machinery for doing so.

In so far as no provision was made in the constitution for the election of members to this Court the Executive Committee of Student Government passed the following resolution: "that the Executive Committee of Student Government appoint a Student Court Organizing Committee to function only as a committee to draw up the procedure to be followed by the Court." This work will be done with the help of Professor Nuquist of the Political Science Department. An amendment will be presented to the students at a later date specifying the procedure

UVM's FIRST FORMAL SPONSORED BY OWLS

Glamour, glitter, gaiety—that's what is promised at the Owl's semi-formal on Saturday December 16 from 8:30 to 12 midnight. This dance, to be held in the Student Lounge, is the first all-university dance held this year, and for freshmen it is their very important "first formal." In addition it is the only activity yet this year that is completely male-sponsored.

The Bell Cats, a six piece band from the Aircraft Plant, are scheduled to play and the entertainment is being arranged by Bill Cook and the Pi Phis. Mary Hood is in charge of the floor with Dick Paine of refreshments, and Audette of ticket sales and

In advance sale of tickets and in [illegible] there was a table in Waterman [illegible] Wednesday, and Thursday. One of the most common queries regarded [illegible] come to the dance. The [illegible] that everyone is welcome [illegible] men of the Med College and [illegible] to attend.

ANNUAL CAROLING

Christmas Caroling like Campus Sings is a tradition on the Vermont Campus. This year caroling will take place December 19. The Pep Committee under the direction of Harriet Barron '46 is sponsoring it and has planned the following procedure.

Co-eds should sign up with their respective house presidents as soon as possible. The house presidents will leave their lists of names in Bunny Lieberman's CYNIC Box before 9.00 a.m. Monday.

On Tuesday December 19 the carolers will meet in the student lounge at 7.30 p.m. and from there proceed to serenade dormitories and houses of the faculty.

Afterwards there will be a party at the Delta Psi House for the participants. A fee of 10 cents will be collected to defray the expenses.

Three groups of carolers will cover all dorms, sorority houses, and the homes of the faculty which come in the area from No. Prospect St., and No. Willard to Overlake Pk. and DeForest Road.

Annual Christmas Concert Program

The program of the annual Christmas Concert by the augmented U. V. M. choir and orchestra, to be held in the Ira Allen Chapel next Sunday, December 17, at 4 p. m. is as follows:

Organ Prelude: Noel in G.....*d'Aguin*
Processional: O Come, Emmanuel
Sentences and Collect
Response: Lo, How A Rose E'er Blooming .....*Praetorius*
Break Forth, O Beauteous, Heavenly Light .....*Bach*
Earth, Rejoice .....*Bohemian*
From Heaven Above .....*German*
Scripture Reading
The Hunter .....*Brahms*
Gloria In Excelsis *Elsa Kremers Bennett*
Pastoral Symphony, from The "Messiah" *Handel*
The Virgin's Slumber Song .....*Reger*
At Midnight A Summons Came *French*
Chill December's Ice and Snow *Spanish*
Angels O'er The Fields .....*French*
He Shall Feed His Flock and Come Unto Me, from the "Messiah" *Handel*
Hallelujah Chorus, from the "Messiah" *Handel*
Hymn: Joy To the World, arr. from *Handel*
Prayer and Benediction
Response: Silent Night .....*Gruber*
Recessional: O Come, All Ye Faithful
Organ Postlude: Gloria In Excelsis *Reger*

The Reverend Raymond Avery Hall will read from the Scriptures. The soloists will be Shirley Lampman and Lorraine Farrell, sopranos. The choir will be assisted by a number of men singers from the faculty and from Burlington and vicinity.

Shirley Hibbard

Women Can Now Try For Membership in Bluestocking Group

Members of Bluestockings, women's honorary literary society, gathered around tables in room 252 of Waterman last Tuesday evening, and against a background of apricot upside-down cake and ginger ale, made plans through which girls interested in writing may become members of one of the oldest honorary societies on the hill.

As a result of their discussions, the membership try-outs are opening this week, and will continue until January 9, which is the closing date for manuscripts to be submitted. In order to produce greater uniformity in the manuscripts submitted and greater ease in judging them, those interested in trying out for membership are asked to obtain special Bluestocking Try-Out envelopes from a box in the University Store. These envelopes are numbered, and each contain a second, similarly numbered en-

IRC Plans Annual Panel Discussion

On January 10 the I. R. C. is planning to meet with the Public Action Assembly of Middlebury College, to hold a joint panel discussion on the topic, "The Place of Cartels in the Post War World." Ginny Rose '45, and Pearl Weissbard '46, will each prepare a paper on the subject, and two Middlebury students will also speak.

I. R. C. members in addition to the delegates are invited to attend, and those wishing to do so should get in touch with Kitty Perry.

Hibbard, Williams And Simms Predict Spirited Kake Walk

Enlist Complete Support of College

There will be a Kake Walk for the year 1945. The date appears on the social calendar as the week-end after Washington's birthday. Jack Williams '45, Shirley Hibbard '45 and Ray Simms, SP, were named last Wednesday in the Student Government meeting as co-directors. Their appointment became final on the approval of the '44 directors.

John Williams is known to most as "Little John." He hails from Landgrove, Vt. "Little John" is a member of Sigma Alpha Epsilon fraternity. He is enrolled in the business curriculum in the Arts and Sciences College. "Little John" is well known and liked on campus. He knows how much Kake Walk has always meant to U. V. M. He has seen three Kake Walks. He has worked on fraternity skits. He feels that the students will this year pitch in with enthusiasm to make Kake Walk good.

When interviewed he said, "We have the ideas, and if we get the support, we will have as good or better Kake Walk as we have ever had before!" Later he added a word to the wise, "Don't just think about it, do something!"

Shirley Hibbard is a native of Bristol, Conn. She is a member of Kappa Alpha Theta fraternity. She is a classical student enrolled in the College of Arts and Sciences. Shirley is a member of the French Club, the Classical Club, and YWCA. She was one of the assistant directors for the 1944 Kake Walk.

In a special interview Shirley said, "We want to give U. V. M. a Kake Walk that will be as close to our traditional Kake Walk as is possible. Experience has taught us that the cooperation of every student is necessary to put on a real Kake Walk."

Ray Simms is a special pre-med student. He has been in radio for seven years with the blue network at New York and Washington, D. C. He has played in stock, been in the March of Time, and played in several radio programs. Last year he decided to come to Vermont with his wife and little boy to, as he says, "lead a quiet life for awhile." Since he has been in Burlington he has been the chief announcer and production manager for WCAX radio station.

Ray Simms, during the course of an interview felt that "In view of the fact that so many U. V. M. students who are now serving overseas have expressed the desire to continue the traditional Kake Walk, I feel sure that we here in Vermont will make Kake Walk a success."

Traditional Christmas Dinner Is Climax of Season's Spirit

By Rita McGarry

Last night the traditional formal Christmas dinner for all University women students climaxed the Christmas spirit prevalent on the campus this past week. As the 425 guests, house directors, and students entered the cafeteria their first glance fell upon the scene of the nativity, illuminated by candlelight, and a large Christmas tree, beautifully decorated. The three wise men formed the centerpiece for the guest table while the other tables had either Santa Claus in his sleigh flying through the snow or the familiar scene of the three Christmas carolers singing beneath a lamp post. There were favors and nut dishes in appropriate colors for everyone and the guests dined by candlelight. Mrs. Rutledge and Miss Power, House Directors of Pi Beta Phi and ATO respectively, with the help of the Robinson Hall waitresses made all of the decorations and favors.

The fourteen guests were seated at two tables in the west side of the Rotunda. They were President and Mrs. Millis, Mr. and Mrs. Levi Smith, the former a member of the Board of Trustees, Professor Hand, new head of the Economics Department, and Mrs. Hand, Mr. Donald Smith, new librarian, and Mrs. Smith, Miss Simpson, Miss Crabbe, Shirley Needham, Eleanor Jenkins, Ruth Jordan, and Frances Donahue, all members of the class of 1945.

The hostesses at other tables were seniors who eat in either the Robinson Hall or Waterman Dining Rooms and they entertained all underclassmen and seniors from off-campus dining halls. Miss Smith, house director of Delta Psi, and Mrs. Pilcher, House director at Redstone were in charge of the placement of all guests and students.

Miss Underwood, Director of Food Service, provided a delicious menu which was served by the Robinson Hall and the Waterman waitresses. A fresh fruit cup with wafers was followed by the traditional turkey, dressing and gravy served with Franconia potatoes and Arlington broccoli. There were several kinds of relish and hot poppy seed rolls with butter. The salad consisted of tomatoes, avocado and cheese and was served with bread sticks. The dessert, snowballs, was really ice cream rolled in cocoanut and served with meringue. Coffee and nuts completed the dinner.

In former years a male quartet comprised of U. V. M. students always sang at the annual Christmas dinner but this year Professor Bennett, of the U. V. M. Music Department, arranged a program of Christmas Carols to be sung by a mixed chorus. Members of this chorus were Lorraine Farrell, Marilyn Holden, Elizabeth Naess, Eleanor Brownell, Professor Dole, Professor Pooly, Richard Haigis and Carmer van Buren. At the end of the dinner the entire dining hall joined in singing the last carol.

CYNICAL PARTY

Tonight at seven o'clock the 3rd floor dining hall will be the scene of a "Cynical" Christmas party to which all members of both the editorial and business staffs are invited (even the lowly scrubs!). Rumor has it that the whimsical news editors will forget typewriter, red pencil and head sheets long enough to provide a very special sort of entertainment. That vicious dame also reports that the harassed senior staff might even add to the Christmas festivities.

VOL. 62 DECEMBER 15, 1944 NO. 56

A Christmas Thought

The Prince of Peace must be sad indeed this Christmas time to look down upon this unhappy world where terror and hatred and sorrow fill men's hearts.

He must be sad to see that men have heeded so little His wise words of love and kindness and have filled the world with horror and suffering. Man, for whom He came so long ago, is using every ounce of strength and skill to find new ways to destroy his brother, and even the little children must suffer.

It is a black, black world indeed where man must leave his home and take the sword, where cities crumble, and the rivers run red with the blood of brave men.

But there is a hope for this world, and that hope will not be found in the husky-throated voices of the dictators and demagogs, nor in the suave voices of the politicians, nor even in the earnest voices of the sincerest of peacemakers. That hope is in the star that has been shining through the darkness of men's minds for nearly two thousand years—the Christmas Star of Bethlehem, for there the Child was born, the Prince of Peace.

When men have seen the star and have learned to love and not to hate, to forgive and not to seek vengeance, to give and not to take, and to realize that all men are truly brothers, then will there be light. That is the hope of mankind.

So this Christmas time let us not be sad, but joyful; let us look forward to the day when love and peace will fill men's hearts, and let us not stop there. Let each of us know the spirit of Christmas, not just today or tomorrow, but every day in all the things we do and say and think, and when all the world has learned it too, then shall there be, "Peace on Earth, Good Will to Men."

★

[illegible]

The Equal Rights Amendment proposed for addition to the U. S. Constitution will probably come up for a vote in the United States Senate before long. This amendment states that "Equality of rights under the law shall not be denied or abridged on account of sex. Congress and the several States shall have power within their respective jurisdictions to enforce this article by appropriate legislation. This amendment shall take effect two years after the date of ratification." This sounds as if it were in keeping with the progress and accomplishments of women in America and the trend of popular opinion seems to assert that women should be assured of such rights as this amendment would provide.

National Y. W. C. A. has come out against this amendment. Such a national law would be quite unnecessary since in nearly all places women in industry are adequately protected by state laws. A national law on this subject would wipe out all this state legislation.

What about compensation laws? If this amendment were passed, would a wife be considered dependent on her husband, and in case of his death would she be eligible to receive the compensation which she is now entitled to? In divorce cases the question arises as to whether the divorcee would still be entitled to alimony, and just who would have custody of any children. There are many similar instances in which sound existing state laws would be jeopardized.

Women are different physically and biologically from men. They cannot work for as long hours as men, or do as hard work. Minimum wage and maximum hours laws now in existence for the protection of women would be wiped out. Would not "rights" and "duties" become confused in industry if this amendment became law?

The Equal Rights Amendment as it stands now is vague and in no state to be passed by Congress. Many Congressmen admit however, that they will vote in favor of this proposed amendment and leave the final decision up to the states. You students have the power to do something about this, for man of you will be voting in the next Congressional elections and nearly all of you will vote in the next Presidential election. You can write to your Senator now and influence his vote on this proposed legislation.

Sincerely yours
[illegible]
Secretary of the U. V. M. Y. W. C. A.

Manners Stressed By Rev. Martin

Reverend Charles Martin, rector of St Paul's Episcopal Church in Burlington spoke at the Tuesday, December 12, Chapel Service on "Courtesy."

"Perhaps we have carelessly thrown manners aside" said Reverend Martin. "But still there are signs of a returning desire for courtesy. We need regard and consideration for each other. We can have all the manners in the world, but if we do not know how to cooperate with our fellowmen we can never hope to live well with other people.

"Manners are an outward sign of inward spiritual grace. The Spirit of God must show through in our relationships with others," concluded Mr. Martin.

December Mass Meeting Has Christmas Theme

Student Union's second mass meeting of the year was held in Ira Allen Chapel Wednesday night, December 13th, in the form of a Christmas program. Miss Simpson spoke briefly on the "Spirit of Christmas in 1944" and how it differs from that of other years. The whole group sang carols under the direction of [illegible] Hampton who also sang a solo. One of the favorite Christmas stories was read, and evergreen decorations completed the Christmas atmosphere.

The Health Council skit originally planned for this meeting will be presented at a later date.

Interfrat Council Passes Resolution Against Hazing

At the 30th annual meeting of the National Interfraternity Conference, held at the Hotel Commodore, New York City, November 24 to 25, a resolution declaring hazing a menace to the welfare of educational institutions as well as to the individual students was unanimously passed.

If this request of the interfraternity conference is followed by all colleges and universities throughout the country all forms of hazing involving mental or physical torture, including paddling, will be banned officially.

For years the interfraternity conference and its 60 member fraternities have tried to eliminate questionable hazing practices among the 2,422 chapters of the 200 fraternity campuses. Fraternity leaders hope that by placing the responsibility for prohibition and enforcement of those ideas upon the local administrations the problems of excessive and unwarranted hazing will be solved.

The following is the basis of the decalog adopted as fraternity policy:

"Fraternity means a sharing of responsibility, it influences the individual development, it incorporates the teaching of men how to live and work together and thus to develop the qualities of human understanding, companionship, kindness, which are essential steps leading towards a better civilization with peace and understanding among all people."

[illegible] ear, in praise
[illegible] little one,

[illegible] darkness that surrounds you
[illegible] threshold of eternity,
[illegible] a star
[illegible] and look up,
[illegible] above
[illegible] that is on high.

[illegible] becomes tomorrow
[illegible] that, in turn, is gone.
[illegible] there will be, beyond,
[illegible] to strength to guide.
[illegible] I ask you now
[illegible] not believe.
[illegible] believing, look up.
[illegible] Listen.
[illegible] have your faith, today.

THE COBBS

By Harry C. McNamara

The fragrant odor of freshly baked bread greeted me as I awoke from my first truly restful sleep in months. Exhilarated by the peaceful homey atmosphere, I rose, dressed quickly and headed for the kitchen and one of these farmer's breakfasts that I had heard so much about.

In the kitchen there was a minor squabble over family finances while the bread cooled on the long white table—a squabble which rapidly terminated as I made a graceful entrance in my best dude clothes.

"Set yourself down and have a nice hot bun and some coffee," said Mrs. Cobb, dragging a chair over to the table and setting a plate of steaming buns right under my nose.

"You know," said her husband, all memories of the tragic financial situation on another plane, "My wife makes the best buns in the world. No siree, you've never tasted a bun until you've et one o' her'n."

"Now, Hudson," said Mrs. Cobb, her face reddening slightly, "you know these aren't a sample of my best. Why, land's sakes I don't even have any decent flour anymore since this war broke out."

I sat down and began stuffing the tasty hot buns into my mouth and washing them down with the steaming coffee. "You weren't kidding when you said that these were the best in the world," I said to the old man, watching Mrs. Cobb's face redden again.

"You bet," he said—"Fill yourself up and then I'll take you out and show you the stock. I've got a new colt that's a real purty. Yes siree, she's got the cutest little white star on her forehead that I've ever see'd. And she's got the markings of a mighty fine horse too." He went on to elaborate about the stock while I kept at the buns.

Finally we started for the barns. "Ever milk a cow?" he asked as we shuffled through the leaves.

"Why no," I replied, slightly taken aback at the question.

There was a sad look in his eyes as he said—"Well, I guess there ain't no call in the city to be milked, are there?" he queried.

"I guess not," I replied, thinking I would let it go at that.

But as we entered the barn door he looked at me suspiciously and started in, "I suppose you know what a cow is?"

"Why—of course, I must have seen a million or more cows in my day," I answered thinking perhaps the huge figure would stagger him long enough for me to gather my wits after that one!

He turned and looked at me square in the eye—and I couldn't see an inch of respect in his eyes—"Hmmm," he said, "But you've never milked a cow?"

"No," I said sadly, knowing when I was licked.

Later when we had completed our tour and were back in the house, he drew his wife aside and muttered something in her ear. I figured that it was the finances again, but when I saw that quizzical look in her eyes and heard her say—"No?"—Never?" while shaking her head sadly in my direction, I knew that I was a broken man.

"NO! NO! NO! NEVER!" I shrieked at the top of my lungs as I ran up to my room to pack my bag and head for the nice quiet peaceful city.

Carolers Were Singing . . .

By Joan Levin

Christmas Eve, 1944. . . Last minute shoppers crunching through the snow—bumping, jostling each other—arms filled with gaily wrapped packages . . . bubbling laughter, the rustle of tissue paper, the shimmer of tinsel . . . a few flakes still falling, floating to earth . . . jolly old Santas ringing their bells on almost every corner . . . children's cheeks the color of hollyberries . . . the stars in their Heaven . . . carolers singing . . .

Silent Night, Holy Night

The long black car, weaving its way through the traffic, lurched suddenly. Lawrence Harrington, in the back seat, leaned forward and glimpsed himself in the mirror . . . a good-looking man . . . distinguished, one might say. His greying temples, and his heavy dark brows gave an appearance of suavity, of distinction. He smiled—an assured, satisfied smile, and settled back against the smooth, cushioned seat.

Silent Night, Holy Night

He glanced at the box in his hand . . . through its cellophane cover at the orchid . . . a fragile, graceful flower. He thought of the evening ahead and smiled again.

All is Calm, All is Bright

"All is bright," he thought. "No worries. No cares. Plenty of money. Still have the car. Handsome apartment. And most important, I'm free." He chuckled. "Still free. Still do as I please. Good times—tonight, for instance—cocktails, theatre, dancing—what better way to spend Christmas evening? What more could a man want?" He viewed his chauffeur. "Look at Roberts, poor fellow. So many responsibilities. Probably give anything to be in my shoes—How lucky I am!"

Sleep in Heavenly Peace

"Peace," Ed Roberts thought. "Strange, that on this Christmas Eve, with the world in such ugly turmoil, I should feel so happy—so at peace with myself. And yet, why not? In half an hour I'll be home, and Mary and I will trim the tree. And the kids' packages—we'll have to wrap those." He grinned. "I can picture Tommy's face tomorrow morning when he sees that drum. It's a beauty! Lord, it was expensive. But it was worth it. Tommy'll be wild over it! And Pat's doll—she'll love it!" He felt a glow of pride in his children. True, they were ordinary—nothing outstanding. But they were his—his and Mary's—and they'd grow, in the years to come, into fine, upright citizens. "Yes," he decided, "I've got a good life all right. A good home, a fine family. What more could a man want? Look at Mr. Harrington," he thought. "Money, success—but how lonely he must be. How little he really has! Poor fellow!!— How lucky I am!"

Silent Night, Holy Night

An Angel's Necktie

By Carolyn Aronson

Carefully Sally dropped each one back in the glass jar as she counted. Every penny gave a satisfying clink as it was added to her store of wealth. She squeezed under the bed to look for the one that had rolled away and, finding the wandering coin, added it to the rest. Once again she had confirmed the staggering total, one hundred and sixty seven cents, all to be used for a single Christmas present. Sally scrambled up from the floor, pulled down her bright plaid jumper until it again hung straight just above her knees, pulled up her cheerful red knee socks, and now, ready for action turned all the powers of her six year-old mind to the problem at hand. All the pennies in the enormous brown jar of coins, her savings for months and months, were to be transformed into the beautiful red striped necktie that hung in a blaze of glory between dull brown and conservative green polka-dotted ones in Holman's window downtown. She was going down all alone this afternoon, this very minute, to buy it for her Daddy.

As Sally trudged down the hill toward the business section of the town, her thoughts played with the happenings of the last few days. When Daddy had gone away almost a year ago, Mother had explained to her that he had gone to fight, so that they could always live happily together when he came back again. She did not understand the words "missing in action" that people only whispered when she was at home. Sally did know that her Mother had stopped their gay planning for the Christmas box for Daddy, and had put away his packages. Perhaps the red necktie would start the happy game again.

She scuffed her boots along in the snow, and then ran to take a quick slide on a patch of ice. The pennies jumped up and down and jingled in the jar.

At last it was hers, hers to send to Daddy, the glorious necktie with the bright red stripes. Firmly holding the box which contained her treasure, she entered her house.

For a brief moment a disconcerting idea crossed Sally's mind. If, as Mother had explained last night, Daddy might be an angel now, could he really use a red-striped necktie? But the thought was only fleeting. Of course, angels wore white clothes, but this one would be different. This one was her Daddy. He'd love the necktie. She was very sure.

THE PEACE

By Jane Collar

The room was bright with friendship
The firelight was warm.
The door was barred against the cold
And misery of the storm.

"This Christmas Eve is truly gay,"
Said wise-men to each other.
"The battle's won; now we must plan
Our peace with one another."

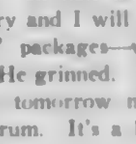
The voices grew as each man told
Of all his rights and needs
And shouting o'er the roaring storm
Each boasted of his deeds.

"The will of God is ours," said one
"In him we all believe
So we must make our judgment His,
On this great Christmas Eve."

But even as he spoke these words
His righteousness was vain
For outside in the cold was one
Who meekly tapped the pane.

The wise-men sternly shook their heads;
"We must not be disturbed.
You cannot come into our midst.
You do not know God's word."

And as the wise-men turned their thoughts
To plans of peace within
The Son of God stood gently by
And waited to come in.



CERAMICS

By Vesta Stevens

Love was a Chinese vase,
Exquisite and paper-thin;
It crashed upon the hearthstone,
And shattered into a spray of fragments.

Love was a sturdy earthern jug
Of simple, ancient line;
Upon the same hearth it fell,
And broke in half.

HOLLOWS

By V. Stevens

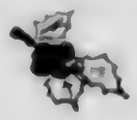
One white spire against the summer sky,
A lofty steeple in between those greenest hills;
And round about, the littleness of human lives,
The drudgery and dirt of poverty,
The bitterness and gall of jealousy,
The stifled hopes, ambitions turned to dust

One moonlit needle piercing night's deep blue,
Its solitary vigil never done.
While in its shadow, sorrow hovers low.
Bleak disillusionment cuts deep into the heart
And ignorance and vice corrode the pure.
High over all, the only hope, the one white spire.

TRAIN

Nestled in the hills she lies asleep,
The little town I knew
And the whistle of the train
Rises up the steep sides of slopes
Where I was born and grew
Within me
Useless tears of time are shed,
I know not why
Unless perhaps in longing
For my youthful naive self I weep.
What matter—We've gone by!

MARGOT DONAHUE



THE WIND AND I

Oh the moaning of the wind,
And the groaning of the wind,
The deathly sighs,
Human cries and replies of the wind.

It frightens me with screeching,
Yet it seems to be beseeching
Me with everlasting throbbing
To help to cease its sobbing.

Though it's fickle, I agree,
It can wrench the heart from me
With its lonely heart-felt
sighing, crying,
weeping, screeching,
throbbing.
And ever, everlasting sobbing.

MARGOT DONAHUE

PLANES

By Julia Hurley

I watch the planes. I cannot hear
The sound of motors through the air,
But I must find the silver source
And follow its unwavering course.

I watch, enchanted by the sight
Of silver wings against the light,
The proud things, blind to all below,
In to the purple distance go

Do others stand enthralled as I,
By man-made metal birds that fly?
Do other weary souls, earthbound,
Thrill to an airplane motor's sound?

WELTSCHMERZ

By M. Anderson

How does it look now?
How does it look?
To walk into this city
That you have destroyed?
How does it look
To see the women stand and stare
With tear racked faces, hating you
For killing all that was their life?
How does it all look?
And are you Proud
To have done this Great and Noble Thing?
To have turned today into nightmare,
and Daily Bread into nightmare,
And children and homes and life into nightmare?
How does it look
Glorified Man, Glorified Individual,
Standing empty and heartbroken
And crushed against the broken wall?
In my heart
There is great pity
And great sorrow
And it is for you,
And for these strangers stand here
And for you again

Colorful Characters Add Spice to Plays With Varied Plots

Saturday night, December 2 the Dramatic Club of the University of Vermont presented three one act plays. In former years this occasion was one of the main events on the college calendar but last year they were not presented at all.

The first play on the program was Just For Bad Luck. It is the story of a group of college boys who plan to give a formal dance. One of the boys is paid five dollars to take a girl to the dance and the things that happen when she finds out from the basis of the plot. In the cast of the play which was written by Wyn is Carson were Tom Page, Edward Russell, Charles Knickerbocker, David Weatherby, Elsa Bruce, Marjorie Clark, Marion Jamieson and Sally Parker. The play was directed by Olga Schoolfield and Virginia Hamel and Elizabeth Roberts were stage managers.

The second play, How Vulgar was directed by Ruth Jordan and the stage manager was Irene Fabos, assisted by Veronica Campbell and Mary Thornton. The play was written by Dorothy C. Allan and it is the story of a very proper maid who invades the Craig household with very drastic results. The family hides the fact that they have entered a newspaper contest from the maid but in the end it is discovered that she had also entered the contest and had won the prize money. Included in the cast were Donald Mason, Harriet Cohen, George Gimmo, Kenneth Gibson, and Florence Reed.

Fanny Lieberman directed the third play called "Glamour In The Poconos" by John Kirkpatrick. It is the story of three school teachers who vacationed at a summer hotel in the Pocono Mountains and tried to conceal their true identities from the gentleman guests. Stage managers for the play were Eileen Pickett and Elizabeth Dole. Included in the cast were Stanley Sorkin, Mary Hayes, Maud Schoolfield, Gwen Richardson, Stanley Golden, Michael Greenfield and Mildred Trachtenberg.

Dykhuizen Speaker At Hillel Sunday

Pearl Weissbard '46 conducted services Friday night, December 8, at Hillel House. Selma Soudek '47 delivered the sermon in which she stated her idea of religion.

Professor Dykhuizen spoke at Hillel Sunday afternoon on the relationship of Religion to Philosophy. He defined philosophy as an attempt to get a meaningful interpretation of the universe, of man, and of man's place in the universe. Philosophy is rational, systematic, and scientific—arrangements of facts bound together. While philosophy is a satisfactory tool of reason religion comes from within as individual from emotion.

After Professor Dykhuizen's discourse there was an informal discussion of the subject just presented. The first of Hillel's Sunday night suppers was served buffet style. At sunset Rabbi Goldman conducted the services which ushered in the celebration of Chanuka, which lasts for eight days.

A Note of Romance Adds Charm to "Grasse Mount"

By Jackie McCormick

(Continued from last issue)

During the Van Nesses' stay in Spain an epidemic of cholera broke out. Mrs. Van Ness contracted the disease and died there. After her death, the former governor married a beautiful Spanish lady, who outlived him by many years. When Van Ness returned to Vermont, he found that he had lost his political power and moved to New York where he died.

"Grasse Mount" was given its name by Heman Allen of Colchester, who occupied the mansion while Van Ness was in Spain. This name was given the spacious home in honor of Count de Grasse, a friend of Lafayette's. The spelling of Grasse Mount has been subjected to many changes. The most common spelling today is Grassmount.

The romantic mansion was bought in 1845 by Henry Leavenworth, but he did not occupy it during the time he was the owner. While Mr. Leavenworth owned the old estate, he sold parts of the property and opened up streets through its grounds. Summit and Prospect Streets evolved under his guidance.

A retired sea captain, Charles B. Marvin was the next owner of Grassmount. Under the Marvin régime, the front rooms were frescoed in an enchanting French design of garlands and cupids. Elaborate gardens covered the land with extensive paths running through them.

Numerous small buildings dotted the Marvin property, including a gardener's cottage and a cottage occupied by Mr. Marvin's mother-in-law. No additions to the original home are recorded until the time it was occupied by Lawrence Barnes.

During the time that the Barnes' family occupied the house drastic changes were made in the parlors. Geometric designs replaced the frescoed garlands and medallions and "B's" took the place of the elaborate decorations over the windows. A carpet with a black background and red roses and green leaves completely covered the floors in the parlors. This carpet was not removed for years after the University purchased the building. Not until 1915, when the girls living in the dormitory raised money enough to have a hard wood floor laid was the carpet removed.

It is said that because Mrs. Barnes had an affection for paint, she had the beautiful granite steps painted grey. Grassmount was extended to its present size by Mr. Barnes.

An undefinable charm is lent Grassmount by its beautiful fireplaces. Originally, these fireplaces had wooden mantels, but these were replaced by marble ones. It is said that Mr. Barnes imported the white marble mantels from Italy. Since the time that the fireplaces were built several of them have been covered up.

An interesting detail is ... Mr. Barnes set out from ... three dollars in his pocket ... fortune and succeeded. It ... who rescued Burlington ... ued decline in importance ... and influence. SAVING AMERICA TIME AND EFFORT

TO DEVELOP AND USE ways and means for saving time and effort is a typical American trait. You see it among your classmates and you exhibit the same shrewdness when you send your packages, laundry and baggage, home and return, by Railway Express. The pick-up and delivery at your door, and the quick forwarding by fast trains, or by superspeed Air Express planes, is a shipping service unique in American life. It has saved time and effort for generations of college students.

These nation-wide facilities are now being utilized to their utmost by the government, industry and the public. You can help Railway Express to carry its share of this war-time load by doing three simple things: Wrap your packages securely—address them clearly—express them early. "A shipment started right is half-way there."

Student Govt. Debates Kake Walk Directors for '45

Future Bull Session Convocation Discussed at November 6 Meeting

December 6, 1944

The meeting of the Student Government Executive Committee was held in room 259, Waterman Building on December 6, 1944 with President Willson Daily presiding.

Committee reports were heard. The Pep Committee reported plans for Christmas caroling. The Religious Life Committee told of tentative plans being made for a Religious Emphasis week and also for the customary Brotherhood week. The president told of the work being done by David Hackett as Chairman of the Cultural Committee in arranging for appearances here of outstanding musicians.

Under the subject of old business, the council discussed plans for the Bull Session. Topics suggested for discussion were:

1. Student Court
2. 8:30 Classes
3. The Cafeteria Line
4. Organization of men students
5. Discussion of "Quarter System" (i.e. having the school year divided in quarters instead of semesters.)
6. The Cut System

The motion was made seconded and carried that we have the Bull Session of December 14, despite the fact that the Christmas formal is that evening. Rita McGarry and Peggy Donnelly volunteered to make arrangements.

Plans for an appearance of Mark Warnow's orchestra here were dropped since the cost is prohibitive.

Mary Ashe reported on her interview with Mr. Smith, the librarian. He prefers that a student "'underground" of talk could effectively stop the habit of students in tampering with the lights and marking on lampshades in the library. The Council voted to start such action by means of the CYNIC.

Under new business it was brought up that the Council has to take attendance at the Convocations. For the next convocation, Ruth Schoppe, Marjorie Nelson, Frances Witham, Beryl Cheney, Willson Daily and Mary Greene volunteered to take the attendance.

President Daily read a letter from Ray Sims concerning the lack of a Kake Walk Chairman. After some discussion of the subject the Council agreed to elect Kake Walk director (s) at its next meeting.

It has been called to the attention of the Council that many students have been subjected to as many as three hour tests in one day. Frances Witham volunteered to see Dean Swift to discuss with him what could be done with any recommendations made on this subject.

Miss Underwood has written to Student Government concerning the misuse and abuse of the tables in the Soda Fountain. There has been a tendency toward wood carving and scratching. It was moved, seconded, and carried that Student Government shall furnish material for wood carving in the Soda Fountain in an attempt to stop such action on the tables.

The schedule for office hours was drawn up. The office will be in room 149, Waterman, and will be open Monday through Friday, from 9 to 12.

Since Frances Donahue will graduate in January, it was moved, seconded and carried that the Council appoint a person as her successor to serve as Senior Representative, protem, until the elections in March.

President Daily announced a meeting of the Faculty-Student Conference Committee to be on Friday, December 8, at 5:15.

Upon motion the meeting was adjourned.

Respectfully submitted,
WILLSON DAILY, President
MARY GREENE, *Secretary*

FELLOWSHIP NEWS

We always have time for the things that we want to do," said Stanley Hyde, General Secretary of the Vermont Church Council in his informal talk last Sunday morning in Redstone living room. He was speaking of persons reasons for neglecting religion. He pointed out that religious ritual is important, but that alone it is worthless if not accompanied by high moral standards. In the discussion which followed Mr. Hyde's speech, it was brought out that the "home folks" are much more bitter against the Axis countries than the servicemen who are meeting the enemy face to face, fighting with them, being tortured by them and still retaining some of their Christian ideals. This situation was compared to that of a basketball game, where the crowd is intensely disturbed and excited by the playing, and the men in action the players, remain comparatively calm.

Every Sunday an informal worship meeting is held at Redstone under the direction of a student leader. Last Sunday Betty Whitney '48, was the leader. Some Sundays there will be discussions on major religious problems and other times there will be outside speakers who are well versed in these problems. The purpose of this group is to help the different denominations on campus to better understand each other's religions and to encourage the attitude that the modern world can and should take time out for religion to prevent further world chaos.

CANTERBURY CLUB

The Canterbury Club met Sunday, December 10, at Professor Dole's house. Professor Pappoutsakis explained the origin of some Christmas carols which were then played and sung. Jean Vogler accompanied on the piano and Rebecca Farnham sang. Refreshments were served.

Modern Dutch Art Featured At Museum

An exhibit of modern Dutch art is being shown this week-end and next week at the Fleming Museum. It is sponsored by the Art Association and that museum.

The exhibit is divided into two groups, contemporary Dutch artists in Holland, and contemporary Dutch artists in America. An interesting note on the exhibition is the fact concerning the strangulation and looting of Dutch art by the Nazis during their occupation of that country and the price paid in order to preserve these modern classics.

Millis Speaks at Joint Conference

President Millis spoke to the members of Joint Conference and Student Union Council at a meeting held Monday afternoon in regard to the drinking rule as he interprets it. At a special convocation to be held after Christmas vacation President Millis will address the students in regard to this problem.

Alumni Service Meetings

Development and needs of the U. V. M. College of Agriculture are being considered at a series of alumni meetings being held in Vermont by the U. V. M. Agricultural Alumni Service during this month, it was announced by Thomas D. Cook, of Burlington president of the association.

Four of the meetings were held during this past week in Orleans, Bellows Falls, Woodstock and Morrisville.

Joseph F. Carrigan, dean of the Agricultural College, and Dr. Harry R. Varney, assistant dean, represented the college at these meetings.

The giant B-29 bomber contains 14 miles of electrical wires.

AGGIE CLUB HEARS TALK ON COMMON SOURCES OF POWER

Doctor Marvin, head of the Botany Department spoke to the Aggie Club Wednesday night on "Plants as a Source of Power."

The various forms of deriving mechanical energy for human consumption were discussed by Dr. Marvin. The supply on hand of the more common sources of energy namely, coal, water power and oil were discussed, as well as some of the more rare sources of energy such as wood fuel and wave power. Doctor Marvin spoke of the work some scientists are doing on atomic energy. Commercial use of such energy is a long way off in the future, he stated.

In an experiment done at M. I. T. energy can be derived from the sun by means of a photoelectric cell, stated Doctor Marvin. Work on the photochemical process of deriving energy from those plants that carry on photosynthesis has been experimented on in various institutions. California Tech, Smithsonian Institute and Antioch College have been outstanding in the field.

Thus it was found from Doctor Marvin's talk that a number of ways for deriving energy directly from the sun can be made worthwhile by the scientist.

Members of the Agriculture College who attended this meeting were: G. H. Gates, Extension Service, R. M. Carter, Experimental Station, N. N. Allen, Professor of Animal and Dairy Husbandry, O. M. Camburn, Dairy Husbandman, D. E. Dunklee, Agronomist, A. R. Midgley, Research Agronomist.

BAND PLAYS AT GAME

On Saturday evening, December 9, the Band, under the direction of Joseph Lechner, played for the Vermont Middlebury basketball game at the Municipal Auditorium. Several selections, including school cheers were played at the beginning and during the half.

The twirlers, under the direction of Harriet Cohen, performed before the game began.

Prof. Ladd Forms New Danish Course

Emphasizes Spoken Word Through Berlitz Method

[illegible] is the latest word Professor Benjamin Ladd has to offer to his ever enthusiastic circle of Danish conversation addicts every Friday afternoon at 4:30 in Converse building.

Professor Ladd uses the well known method of teaching in this course. The main difference in the course is in stressing a different approach to learning a language. Instead of putting the knowledge of the language second, this method teaches the practice of speaking it through the ear and ear attempts to see the written word is discouraged. There is no memorizing, grammar used in the Berlitz method, simply dialogue. The emphasis is on the spoken word alone. Even with the living background supplied by this way it is hard to go back and learn the fundamentals. Professor Ladd remarked that there is a beauty about it, every spoken sound in the country. The Berlitz method is the shortest possible route to an acquisition of a language. Professor Ladd has had a wide experience in the Berlitz method of teaching, having taught English under that system, both at Kiel and Copenhagen.

In speaking of the Danish language he states that there is a marked difference in intonation between the various islands of Denmark. A Dane living on the west coast of Denmark can almost understand an inhabitant of Yorkshire. The written language of Norway is also Danish which has been imposed upon the Norwegians by the Danish kings.

The course carries no credits and is purely voluntary on the part of the students and Professor Ladd. However there are few absences and the seven students are already speaking the language with ease. "The answer to that is interest," says Professor Ladd. The students asked for and received the course. Each student has his own particular reason for taking Danish. Some of the girls have brothers or sweethearts in Greenland or in other places where Danish is spoken. Since the acquiring of the language is important to them, they are eager to and do learn quickly. No one should take the course unless they have a practical purpose to follow through the completion of the course.

Professor Ladd has been giving courses to voluntary groups ever since he came to the University. These courses were all off record but since the demand has come from the students it has finally caught the public's attention. With the proper authorities' consent he hopes to make it a regular University extension course. He would also like to register in the catalogue a course in regular Danish as we have in other languages, leading to the development of a skill which will enable the students to translate Hans Christian Anderson's "Fairy Tales." He feels that this course is a starter.

Professor Ladd calls attention to the fact that the Scandinavian library in the Marsh collection at the University is famous in University circles throughout the country.

This same course will be offered second semester while the old one will continue.

NOTICE TO ALL STUDENTS

The student directories, which are normally issued the last of November, will very likely not be ready until after the Christmas vacation. Because of a shortage of man power in the Free Press Printing Office it is impossible to have them available at the regular time.

Student Government Office

Student government is to have an office. It will be located on the first floor of the north wing in room 148 where student employment headquarters was formerly located. This room, designated by student government planning will mark a number of student government activities each week of all students and faculty members. It is planned to have a member of the executive committee on duty in the new office from 9 to 12 every morning.

Summer Romance

Concluded from page 4

was beautiful. I knew that it was beautiful then, and when I studied Keats', "Endymion," Diana . . . all those I recognized some of it. He made the nights sublime to me and always I was queen. He would talk about the moonlight in my hair and tell me that my eyes were sapphire blue. And of course I ate it up. Yet there was something about him that made him a little more than just a wolf. It was a streak of sensitivity. Sometimes when the night was particularly beautiful he would speak with awe—even with reverence, and would point out every little shadow and color that made the beauty. On those nights I was just another shadow to him, but I sort of paced out his picture of a lovely evening on the lake. Afterwards—in the years that followed—I wondered how there could have been such a strange mixture of "wolfishness" and sublimity in one person. I guess that is what made me remember him through all my other romances—the ones that didn't last. When the camp season ended he went away without even so much as a good-bye, and he never wrote. I thought my young life was ruined but I got over it. There were other "fish in the pool" and it wouldn't ever again be I who was the sucker! I was still young, but I was no longer "sweet sixteen and never been kissed."

A lot of things happened in the years that followed. I didn't have as much time to think about romance. I thought that my summer romance was just another incident to hang up in my memory closet. It made me angry when I thought about it—I had been so young.

I finally got out of my teens and one night I was at a U. S. O. dance. I saw him coming across the room to me. He might just as well have been a ghost. My throat got all tight and my knees were wobbly—well, that was two years ago.

The captain's voice brought me to with a start—the same voice that I had thrilled to so many times. Good heavens! Here I was standing in front of a captain and my mind was a hundred miles away.

"Did you get those orders" he barked. He was pretty formidable when he gave an order.

"Yes sir!" I said briskly, in my best military style.

Then we both laughed merrily. Why shouldn't we? This was the first furlough my husband and I had had together since I joined the WACS.

Reports Given on Peace Convention

The December meeting of the Newman Club opened with a brief address by Rev. Ian Gilbert of St. Michael's College. Rev. Gilbert was elected by Francis Wilson '46, junior governor of the Province Conference of New England the Peace Convention of New England college students which met at St. Michael's over the week-end. The convention was held in the program of the National Confederation of Catholic College Students to discuss the Catholic decision for world peace.

Next, Mr. McNamara gave a resume of the talk "Student Activity for Peace Across the Nation" by Miss Margaret Conway, secretary of the National Confederation, which set the note of the convention. This talk stressed the necessity to see the right and convey it to others.

Following her, Paul Syriac reported on the discussion of the post-war treatment of Germany, Poland, and Russia. He outlined the three currently held theories on a "hard peace," "soft peace" and a "just peace," stating that the last was best. He underlined the necessity of insuring economic justice to Germany, of establishing the boundaries of Poland and other minority countries according to cultural predominance, and of cooperation with Russia. Cooperation with Russia was explained as the best way to watch her.

Eileen Pickett, '47, spoke on the World Court as discussed at the convention by Mr. I. A. McNamara, U. S. D. A. The speech approved a World Court, the Dumbarton-Oakes agreements, the International Police Force (not localized), and the unanimous decision. It also pointed out the papal position in favor of world organization.

Rita McGarry, '47, then read the resolutions adopted by the convention approving the principles of the Atlantic Charter, justice and not revenge, respect for the sovereignty of small nations, and a strengthened form of the Dumbarton-Oakes decisions. After this the meeting was thrown open for a long and spirited discussion.

Honor Cup Awarded

Each year Omicron Nu, the honorary Home Economics Club, awards a scholarship cup to the present sophomore enrolled in the Home Economics curricula who has attained the highest average for her freshman year. This year the cup was presented to Rita McGarry '47, at the Home Economics club meeting on Thursday, December 7.

Meet Your Faculty . . .

By Lesley Bell

For a clear, concise report of Professor Henry Perkins' accomplishments, no world records have to consult *Who's Who in America*. He is a member of the American Eugenics Society and has served in the capacity of president and vice president and has been a member of the board of directors of that organization. The purpose of the society is that of educating the public in eugenic measures.

Professor Perkins was instrumental in bringing about a eugenic survey in the state of Vermont which operated twelve years. This survey made a study of families low and high grade, investigated the outstanding traits of each group, and their influences on the status of the community. As a part of the survey, a committee considered the migration in three Vermont towns and noted in each case a general shrinkage in population due to mass migrations to industrial centers.

Another investigation, carried out under the directorship of Professor Perkins was the country life survey that covered almost every phase of activity. The sub-committees of this group, by their observation and planning, were successful in grading the schools in Vermont, setting a standard that had to be followed. Other groups discovered why people didn't go to church; they found a real need for a federated church. "We must get away from denominational organizations in the country," said Professor Perkins. The system of standard tourist camps and homes, approved by a Vermont board of investigators, was a direct result of the survey's findings. These discoveries and their publication brought about a new interest in the facts. They brought together material that people had been vaguely aware of previously. These became the model of other surveys carried on later in this country and in England.

On the total question of eugenics, Professor Perkins states, "It must be considered from a long time view. There will be no visible results in one life time, and at present things are at a stand-still. However the general trend indicated that people are becoming more conscious of the responsibility of marriage and the family life."

As director, Professor Henry Perkins has charge of the activities and functions of the Fleming Museum. The afternoon clubs are under his direction, two art classes are being [illegible] and girls in grade [illegible] the equipment of the museum room film library which [illegible] schools in Vermont with [illegible] educational movies. [illegible] mineralogy to pictures are [illegible] school libraries in the state.

Professor Perkins is [illegible] new cut system but says [illegible] accomplish its purpose [illegible] system, which does not allow [illegible] dual differences, is necessary [illegible] ing war marriages, he points out that one should express an opinion [illegible] It is up to the individual [illegible].

Born in Burlington, Professor Henry Perkins received his B. A. [illegible] versity of Vermont in 1898 [illegible] from Johns Hopkins in 1902. He is a member of Phi Beta Kappa and Zeta Psi fraternity. After graduation [illegible] appointed Assistant in Zoology [illegible] now a professor of Zoology.

MISS GRAY SPEAKS AT HOME EC CLUB MEETING ON DEC. 7

The principal speaker at the Home Economics Club meeting on December 7 was Miss Gray, a social worker at the Elizabeth Lund Home. She explained legislative actions concerning state institutions, discussing those already passed and those to be considered at the next legislature. She also mentioned the placing of children in foster homes, the care of the mothers at the Elizabeth Lund Home, and the way that the homes run. She spent most of the time answering questions about the home.

During the business part of the meeting it was voted that each person should give ten cents, so that the club may become affiliated with the National Home Economics Association.

There was also some discussion on changing the amendment which states that freshmen cannot join the club until the second semester, and then only if they have a seventy-five average. The club is considering allowing them to join the first semester. Further action will be taken at the next meeting.

Middmen Top Vermonters in Nip And Tuck Battle; Spirit Runs High

by H. P. Bloomenthal

... suspense, and tears were ... lacking last Saturday when ... M. Collegians bowed in the ... five seconds to the Middies ... bury College by 40-42. Rich... hour, Middlebury center sank ... aker after the Collegians came ... a half time score of 20-12 to ... 40 40 in the last minute.

First Quarter

... with the first two ringer ... ahead for the only time ... the game. This lead did not ... even Carter tossed in a twin ... wed by a foul and field goal ... ury's Whalen, and a foul by ... gave the Middmen a 6-2 edge. ... man, speedy Vermont for... down the curtain on the ... er with a basket that set the ... 4.

Period Two

... ry and the Collegians split ... part of the second quarter rather ... Hughes and Linehan each pushed ... from the foul stripe; Weiss, ... Tulane basketballer, and Colle... ch, Bob Doherty came through ... up a piece, so that Middlebury ... tained its two point lead, 7-9. ... by Barrett and a basket from ... by Weiss made it look as if ... were starting to run away ... the game, 7-3. Pec. Pequignot, ... oach of Cathedral High School, ... come into the game replacing ... at right forward, showed that ... was the man to watch by a beautiful ... and dribble he chalked up two ... for the Collegians. He fol... by a clean one handed swisher. ... by U. V. M.'s Linehan narrowed ... men to a one point margin, 12... The rest of the half, however, was ... Middlebury's. A basket, two fouls, ... other basket by Richards put the ... at Vermont—12, Middlebury—18 ... ded when Bryant tossed in ... for the Middmen. The half ... score—12-20.

Vermont's Half

... quarter was completely the Ver... Collegians' as they outscored the ... by ten points. Whalen tossed ... goals to start the second half. ... Kaufman and Whalen put ... to 14-24. Three fast breaks ... Collegians resulted in lay ups by ... Doherty, and Kaufman. Ver... back in the ball game. Score ... Middlebury's Richard tossed in ... team counter. Field goals by ... Doherty, and Pequignot tied it ... the quarter came to an end. ... period opened with the ball ... and down the court until ... finally broke the scoring with ... Pequignot's step shot evened ... at 28 all. A long set shot by ... baskets by Pequignot, Whalen, ... goals by Weiss and Richard, ... goals by Pequignot, Richard, ... and Whalen gave Middlebury ... Two fouls by Pequignot, ... under by Bob Doherty, and a ... Pequignot tied it up 40-40 with ... to play. The crowd was on ... their seats, and the hall was ... heard, with twenty-five seconds ... in a long over the head ... score 40-42. The Middies ... and lost it on traveling pen... a time out, the Collegians ... It was to Milty Kaufman ... with a long set shot; the ball ... the rim and rebounded to ... it was grabbed by Bob ... ball, however, bounded a ... and was out of bounds when ... Mike's star took it. The ... the ball for the remaining ... the game ended Middle... mont 40.

Footnotes of the Game

... legiate game in two years ... those grand old days ... of basketball the people ... wanted to see, and Jules Pequignot was the kind of ballplayer that they liked. He sparked the way for the Collegians as he led the scoring with 16 tallies. Pvt. Herbert did a good job of handling the ball. The only apparent lack of the team was the need for a few more practice sessions.

Handsome Ronald Richard of the Middlebury V-12 unit led that team with 14 points.

It is interesting to note that if the Collegians were a little stronger on the fouls they could have easily won the ball game. The statistics show that on a purely field goal basis they would have won 30-30.

The box score:

Vermont Collegians	FG	FT.	FM	PI	TP

Kappa Sig Will Be Scene of Y.W.C.A. Christmas Party

Y. W. C. A. will hold a mass meeting and a Christmas party at Kappa Sigma, Friday night, December 15, at 8.15 p.m. Although there will be reports given on the work done by the three commissions, the meeting will be devoted largely to the party. The commissions upon whose work the reports will be given are: the Community Responsibility Commission, headed by Nancy Dockstader, and the Christian Faith Commission under the leadership of Nancy Hall, which sends deputation teams of students out to preach services in churches which do not have ministers.

The guest speaker of the evening will be Dean Simpson. Other guests will be Miss Crabbe, head of the School of Nursing; Miss Huntly, Supervisor of Nurses at the Mary Fletcher Hospital; Mrs. Bessey of the Children's Home on Shelburne Road; Miss Bayley, head of Vocational Guidance and Assistant Dean of Women; Mrs. Blondin of the downtown Community Center; and Mrs. Richmond, Vermont secretary of Y. W. C. A.

One of the features of the evening will be the presentation of the Christmas play, "A Child is Born," by Barbara Powers, Elsie Bruce and Barbara McGeever. The old English custom of serving wassel, a specially prepared hot punch, will be revived. At the end of the party Christmas carols will be sung around the tree.

W.A.A. Sophomores Gave Barn Dance "For Women Only"

Badminton Tournament, Roller Skating, To Be Pre-Holiday Features

Last Friday evening, December 8 the Sophomore members of W. A. A. sponsored a Barn Dance which was held in the gym. The dance lasted from 8 to 10 and was very well attended. Girls came dressed in dungarees and Miss Fuhler looked very dashing in a pair of blue jeans which had a red kerchief dangling from the hip pocket.

The program for the evening consisted of square and round dancing, a waltz contest and a tango exhibition. Miss Hoffman called the dances which included the "Grapevine," "Log Cabin," and "Virginia Reel." The winners of the waltz contest were Ann Hoos and Ruth Schoppe, both '47, and as a prize they received a bar of candy. A Grand March was formed for refreshments which were coke and chocolate cake.

Skip Lewis was chairman of the dance and was aided by Mignon Burggraf, Mary Cutler, Betty Kip, Esther Hellerman, and Barbara Kilbourne, all '47.

Clubs

The Basketball Club meets every Tuesday evening at 7.30 p.m. in the gym and plans are now being made for a game between the Green and Gold teams to be held after Christmas.

This Friday, December 15, is the date set for the Badminton Club's doubles tournament. The competition is between the Green and Gold teams.

The Swimming Club has been unable to meet because the Y.M. C. A. pool has been closed temporarily.

Ping-pong Club is now meeting in the gym every Monday afternoon at 4 p.m.

All enthusiasts of roller skating are urged to join the club which meets in the gym every Tuesday evening at 7 p.m.

The Rifle Club had its first meeting on December 11 at 4.30 at the rifle range in the gym. Sergeant Parker is in charge of the Club.

BEAVER COLONY MAP

A new map, showing the exact location of every known beaver colony in the state of Vermont, has been prepared after considerable effort and research by Ann W. Bailey, '48, of Washington, D. C.

TAU EPSILON PHI PLEDGES FIVE MEN

Last week after more than a year of inactivity on the campus Kappa Chapter of Tau Epsilon Phi pledged five men thus completing the first step toward again taking an active role in intercollegiate activities at the University of Vermont.

As short a time ago as 1942 there were twenty-five TEP's on the campus but the draft board took a heavy toll among them and today there are only three alumni left at U. V. M., all of them medics and two of them in uniform. The men so recently pledged are as follows:

Phillip Adler, New Britain, Conn.; Lawrence Ahrens, Burlington; Earle Goldstein, Lynn, Mass.; Alan Kraft, Forest Hills, N. Y.; John Winston, Forest Hills, N. Y.

It was in the post war era of World War I that 17 men, sensing the need for a representative Jewish group on the campus, banded together to form on April 2, 1919, Kappa Chapter of Tau Epsilon Phi.

Tri Delt's Lead Worship Service

The girls at the Tri-Delt house held the first of their worship services Sunday morning at 10:00 o'clock. The service began with the singing of some Christmas hymns. Then Barbara Powers led an interesting discussion on faith. The point was brought out that this is one time in life when we are bound to be doubtful, but there are some things which we must accept on faith.

Joyce Byington led a prayer on faith and the service ended with more Christmas hymns. A breakfast of coffee and doughnuts was served. Many of the students stayed later and sang some more hymns.

There will be a worship service every Sunday at the Tri-Delt house with breakfast served afterwards. Everyone is invited to come and take part in the service.

"Church and Labor" Is Theme of YWCA Discussion Group

Rev. Robert S. Moore and Prof. G. G. Groat, former head of the U. V. M. economics department, were the principal speakers at a Y. W. C. A. sponsored labor discussion held in the Waterman building Tuesday, December 12. Nancy Dockstader, '46, introduced the lecturers. Speaking on the theme the "Church and Labor," Rev. Moore contrasted labor of Biblical times with labor of the present day. At the end of his discussion he joined Prof. Groat in answering questions posed by numerous people in the audience.

"The church," said Rev. Moore, "is interested in labor because it is interested in the people. This is in keeping with the ancient Hebrew tradition of favoring the underdog."

The underdog concept of the American worker came into being with the advent of the industrial revolution, the growth of the large corporation, and the last great industrial depression, insisted Rev. Moore.

He continued by stating that in 1937 the average pay of the rank and file automobile worker in Flint, Mich., was between $600 and $700 per year. At that time sit down strikes were outlawed and labor's morale had reached a new low. Thus any promise of betterment appealed to the unions. John L. Lewis arose from the ensuing turmoil.

Citing examples of the Christian spirit now being practiced by the underdog's union, the C. I. O., Rev. Moore stated that racial intoleration is nearly non existant in that organization.

"The United Auto Workers (an affiliate of the C. I. O.) has done more to keep peace in these days of racial strife than the police or the church nearly as much as both combined. The C. I. O. as a unit has severely disciplined any of its members who have fostered racial prejudice," the speaker added.

After Rev. Moore had completed his talk, Prof. Groat was asked to explain the prevalence of racketeering in labor unions. "That condition has been grossly exaggerated," answered the professor. "As a matter of fact there is less racketeering today in unions than is to be found in politics."

Prof. Groat ended his discussion by stressing the value of collective bargaining from both the workers and a social point of view. He called for this and requested conciliatory boards to insure our fighting men a decent living when the war ends.

Kake Walk Directors Appoint Committees to Plan Wartime 1945 "Walkin' Fo' De Kake"

Tentative Plans Include Sculptures, Masquerade, Skits, King and Queen

Under the directorship of Shirley Hibbard '45, John Williams '45 and Ray Simms plans for a second wartime Kake Walk are rapidly getting underway.

Last year U. V. M. students were confronted with the problem of whether or not Kake Walk should go on as usual. It has always been the high-light of the social calendar but with the male student body considerably depleted it seemed to many impossible to put on the kind of Kake Walk which would capture the traditional spirit of former years. It was only after much commenting on both sides that Kake Walk was finally decided upon.

Tentative plans for Kake Walk which is to be held the week-end of February 23 and 24 consist of the traditional Masquerade dance on Friday night at the Memorial Auditorium. Last year this dance was omitted from the program. Sometime during the evening the ice sculptures made by the various dorms and sorority houses are judged and the winners are announced on Saturday night. As yet, plans for Saturday afternoon have not been decided but it has been the tradition to have either a basketball or hockey game for this time.

The well loved strains of "Cotton Babes" played by Joseph Lechnyr and the U. V. M. co-ed band will bring in the walkers on Saturday night and it is hoped by the directors that there will be at least four couples "walkin' for de Kake." Sometime during the evening the King and Queen are crowned and the skits are put on. Usually each fraternity gave a skit but it has not been decided who will give them this year. On Sunday afternoon there will be sorority open houses.

Committees for Kake Walk have been announced by the directors. Chairman of the Program Committee is Jeanne Philipps '45 with Janice Preston '45 and Virginia Campbell '46. Ray Simms is chairman of the Dance Committee and Eddy Meyers and Dick Audette will assist him. Dick Parker '45 is chairman of the Lighting Committee with Dick Audette as his assistant. Acting as head of the Kake Walking Committee will be John Williams '47. Dick Chamberlain '47 and Mike Spylios '45 will assist him. The Ticket Committee consists of Shirley Hibbard '45 with Marie Rolleri '45 and Peg Donnelly '46 as assistants. Publicity Committee is headed by Ray Simms assisted by Pete Mallet '48. Ruth Jordan '45 will take charge of the Ushering Committee assisted by Marge Alexander '46. The Sculpture will be headed by John Williams with Ray Simms and Shirley Hibbard as assistants. Kake Walk King and Queen Committee consists of Melvin McCleod '47, and Betty Mansfield '46.

Anyone interested in scrubbing for Kake Walk is asked to contact Ray Simms at 3480 or 2000. The people interested may also call John Williams at 1689-W or Shirley Hibbard, 3080.

Classical Club To Have Banquet In February

The Classical Club of the University of Vermont has no meeting scheduled for the month of January because of exams. Next month, February, it will have its annual Roman Banquet, if the food situation permits. This well-known function is opened with an invocation to the gods. The guests recline on couches throughout the three course dinner, served with an abundance of wine (a la grape juice). The first course is called "gusto," the second and main course, "cena," and the final one, "secunda mensa." Hands are the only eating utensils employed, and after the banquet Latin songs are sung by the entire group.

Pan-Hellenic, Alpha Xi To Give Dance Jointly

The Pan-Hellenic Association will hold an informal dance January 13, 1945, in the Student Lounge of Waterman. It will be given in conjunction with Alpha Xi Delta which was originally scheduled to give its annual dance at that time. Girls of this sorority will act on the various committees.

As is the custom of Pan-Hellenic, this dance is in honor of all the new sorority pledges. Refreshments will be served and entertainment is being planned. Music will be supplied by an orchestra. Chairman of committees are as follows:

Entertainment—Elinor Konowitz.
Refreshments—Charlotte Robinson.
Publicity—Elaine Oling.
Admission will be fifty-five cents.

Robinson Dining Room Opened Sun.

On Sunday, January 7 at one o'clock, the Robinson Hall dining room was formally opened for the girls living on the Redstone campus, with Mrs. Pilcher, hostess, Miss Simpson and Mrs. Millis, guests of honor. At tables attractively decorated with white candles and pink and white chrysanthemums, the following dinner was served to the guests: soup, roast lamb, Franconia potatoes, peas, tomato salad, and chocolate sundaes.

The kitchen has been enlarged and new equipment installed, including an electric dishwasher and unit, refrigerators, bake oven, ranges, and a steam table for cafeteria service in the morning. The kitchen staff numbering members who are returning to Robinson after an interim of nearly two years consists of Rose Quinn, supervising cook, Irene Yarnell, pastry, Lila Willis, pantry, Anna Carlson, vegetables, and Helen Sutcliff, general kitchen worker. Helen Murray will assist in the pantry.

In the dining room Mrs. Pilcher, housemother at Redstone, will be hostess with Mrs. Rutledge, housemother at the Pi Phi house, supervisor of the dining room and in charge of the waitresses. The waitresses are: Lois Eimer, headwaitress, Mignon Burggraf, Joyce Flynn, Beryl Cheney, Kay Hennessey, Barbara Burnham, Fran Donahue, Maud Ann Wiggins, Aglaia Ballas, Mary Jane Little, Dorothy Frazer, Edith McLaren, Betty Rome, Sally Merwin, Elizabeth Concklin, Beth Noble, and Frances Mayville.

Breakfast and dinner will be served at Robinson. Lunch will be obtained at Waterman cafeteria.

DIRECTORIES OUT

Student Directories have been issued and distributed during the last week. Except for the bright yellow cover and an increase in the resident enrollment listed, no major changes have been made from previous years.

The resident enrollment shows an increase of 218 students. The enrollment in '43 was 670 as compared to the 888 of this year. The fact that this year medics in the service were added to the total enrollment, whereas last year they were not, is in part responsible for this increase in the listed enrollment. This fact is also mostly responsible for the increase in enrolled men from 114 of last year to the 249 of this year. There is an increase of 83 women students.

Religion to be Emphasized at Parley With Informal Round Table Meetings

Student Gov't Has Open Bull Session

Court, Quarter System Among Recommendations

Student Government sponsored a bull session last Friday evening, January 5, in the Student Lounge. The purpose of the bull-session was to get well-rounded student views on Student Government. The three main questions which were discussed during the evening were the cut system, quarter system, and student court. Mary Thornton opened the discussion by asking for nominations for chairman. Willson Daily was elected chairman of the evening and Mary Greene was elected secretary.

Peggy Donnelly was called upon by the chairman to explain the proposed cut system. In the bill, freshmen and sophomores on Deans' List, juniors, and seniors are to be allowed unlimited cuts and all other students are to receive no cuts. The proposed cut system is to provide for uniformity in cutting. The University ruling on cutting before and after recesses will still apply. The resolution was then thrown open for discussion. Criticism was brought up about the absence of cuts for freshmen and sophomores who have not made Deans' List. It was suggested that lowerclassmen be allowed one or two cuts per course. Professors may give zeroes if a student is absent from class when called upon for recitation. The question as to whether unlimited cuts would lower the scholastic standing of the school was asked, and it was answered that the new system would not affect present cutting too greatly. An amendment was added to the proposal to the effect that abuses of the cut system by either professors or students were to be reconsidered by channels of Student Government. The motion was then carried by a vote of fourteen to six.

A quarter system is being considered by the faculty and was explained by

(*Continued on page 3*)

Newman Club Sponsors Party at St. Joseph's

A Christmas party was held at Saint Joseph's Orphanage, Burlington, on the Sunday before Christmas, under the auspices of the Newman Club. Over thirty of the girls at the Orphanage, from aged seven to fifteen, were guests of about fourteen members of the Club. The party was held in the main reception room, which was decorated with lighted red candles. Group singing of a round of carols started off the program, with Persis Yates then reading a Christmas story. Afterward all participated in a game of "Musical Chairs," for which prizes were awarded, and in which the college girls went down in ignominious defeat. Refreshments, consisting of candy in Christmas packages and ice cream, were served, and each girl also received a favor. After more carol singing, the afternoon ended with benediction in the chapel. The party was a Christmas project of the social service committee of the club.

The Newman Club is participating in the Religious Life Emphasis program to be held next week-end, at which the Rev. William Crowley, diocesan director of Catholic schools, will be one of the speakers.

A Day of Recollection is being planned for all members of the Club for Sunday, February 4. This is a day spent in prayer, meditation, and conferences, and will be conducted by a Jesuit Father.

Rev. Ben Richardson

"Hebrew Prophets and Modern Life," President's Dining Room 3rd Floor Waterman. Presiding officer—Sonia Perkins; Leader—Rabbi Cohon.

8.00 p.m. Forum Assembly. Student Lounge Waterman; Presiding officer—Prof. George Dykhuizen.

Students Will Aid Religious Leaders

The Student Committee on Religious Life is sponsoring a Religion and Life Parley which will be held January 14 and 15. This parley will be the high point of the religious program for the year and will furnish a new impetus to other projects.

The Religion and Life Parley is the coming to the campus of a group of religious leaders who come to talk "with," not "to" students, helping them to relate their questions to a religious background. Although this is the first such parley at the University of Vermont, many other colleges have already established them as annual custom.

There will be four leaders at the parley. All of these men are experts in their various fields. They are the Rev. John Oliver Nelson, Ph.D., of the Presbyterian Board of Education; Rabbi Beryl D. Cohon, of Temple Sinai, Brookline, Mass.; the Rev. William A. Crowley, Diocesan superintendent of schools in Burlington; and the Rev. Ben Richardson, associate minister of the First Abyssinian Church in Harlem, N. Y.

Committees of students from Hillel, the Newman Club, Y. W. C. A. and the Vermont Christian Association are assisting in planning the details of the parley, which will include public services, round tables, forums, seminars, interviews and social hours.

Not only is the parley open to all the students at the University, but the Middlebury Interfaith Committee is being invited to attend. Local church Sunday evening groups, and local ministers will also be invited to participate.

The seminar subjects are still to be determined but will probably relate to the different leaders' special fields—or possibly to the interests of students which become evident in questions raised or through a questionnaire circulated before the beginning of the Parley. Rabbi Cohon is prepared especially to deal with the message of the Hebrew prophets for the modern world; Dr. Nelson may focus on vocational problems; Father Crowley may deal with Catholic aspects of problems raised, or interfaith problems; Reverend Richardson is certainly qualified to deal with interracial and minority problems.

Rabbi Beryl D. Cohon was born in 1898. He is a graduate of the University of Illinois where he received his A.B. in 1921, and of the Hebrew Union College where he received his M.H.L. degree and was ordained rabbi in 1925. He has served as spiritual leader of congregations in Pensacola, Fla., Cumberland, Md., and the Temple Israel in Boston. In 1939 he founded the Sinai Congregation in Boston. He is now rabbi of Temple Sinai in Brookline. He is a member of the Central Conference of American Rabbis and the author of *The Prophets, Their Personalities and Teachings* (Scribner's, 1939) and numerous articles of Jewish import.

In his student days at Princeton University, Dr. John Oliver Nelson wrote and drew for the college publication, headed the symphony, took part in a variety of extra-curricular activities, and received his A.B. degree *magna cum laude*. His B.D. degree is from McCormick Theological Seminary, Chicago, and in 1935 he received his Ph.D. in philosophy at Yale University. He is now Director of the Department of Life Work of the Presbyterian Board of Christian Education. He heads the nation-wide Presbyterian movement called "The Church Vocations Program." In addition he administers $50,000 annually in scholarships

Kake Walk Directors Appoint Committees to Plan Wartime 1945 "Walkin' Fo' De Kake"

Tentative Plans Include Sculptures, Masquerade, Skits, King and Queen

[illegible] directorship of Shirley Hub[illegible] as John Williams '45 and Ray [illegible] for a second wartime Kake [illegible] rapidly getting underway.

[illegible] U. V. M. students were con[illegible] over the problem of whether or [illegible] Walk should go on as usual. [illegible] always been the high-light of the [illegible] calendar but with the male student [illegible] considerably depleted it seemed to [illegible] impossible to put on the kind of [illegible] Walk which would capture the tra[illegible]ment of former years. It was [illegible] much commenting on both sides [illegible] Walk was finally decided upon.

[illegible] plans for Kake Walk which [illegible] be held the week-end of February [illegible] consist of the traditional Mas[illegible]ance on Friday night at the [illegible] Auditorium. Last year this [illegible] was omitted from the program. [illegible] during the evening the ice [illegible] made by the various dorms and [illegible] houses are judged and the win[illegible] are announced on Saturday night. [illegible], plans for Saturday afternoon [illegible] not been decided but it has been the [illegible] to have either a basketball or [illegible] game for this time.

[illegible]-all loved strains of "Cotton Bales" [illegible] by Joseph Lechnyr and the [illegible] M. co-ed band will bring in the [illegible] Saturday night and it is hoped [illegible] directors that there will be at [illegible] couples "walkin' for de Kake."

[illegible] during the evening the King and [illegible] are crowned and the skits are [illegible]. Usually each fraternity gave a [illegible] it has not been decided who will [illegible] this year. On Sunday after[illegible] there will be sorority open houses.

Committees for Kake Walk have been [illegible] by the directors. Chairman [illegible] Program Committee is Jeanne [illegible] '45 with Janice Preston '45 and [illegible] Campbell '46. Ray Simms is [illegible] at the Dance Committee and [illegible] Meyers and Dick Audette will as[illegible]. Dick Parker '45 is chairman [illegible] Lighting Committee with Dick [illegible] his assistant. Acting as head [illegible] Walking Committee will be [illegible] Williams '47. Dick Chamberlain [illegible] Mike Spylios '45 will assist him. [illegible] Committee consists of Shir[illegible] '45 with Marie Rolleri '45 [illegible] Connelly '46 as assistants. Pub[illegible] committee is headed by Ray Simms [illegible] Pete Mallet '48. Ruth Jordan [illegible] in charge of the Ushering Com[illegible] assisted by Marge Alexander '46. [illegible] will be headed by John [illegible] with Ray Simms and Shirley [illegible] assistants. Kake Walk King [illegible] Committee consists of Melvin [illegible] '47, and Betty Mansfield '46.

[illegible] interested in scrubbing for [illegible] is asked to contact Ray Simms [illegible] 3000. The people interested [illegible] call John Williams at 1689-W [illegible] Hubbard, 3080.

Classical Club To Have Banquet In February

[illegible] Club of the University of [illegible] no meeting scheduled for the [illegible] because of exams. Next [illegible], it will have its annual [illegible] if the food situation per[illegible] well known function is opened [illegible] to the gods. The guests [illegible] riches throughout the three [illegible] served with an abundance [illegible] grape juice). The first [illegible] "gusto," the second and [illegible] "cena," and the final one, [illegible]." Hands are the only [illegible] employed, and after the [illegible] songs are sung by the en[illegible]

Pan-Hellenic, Alpha Xi To Give Dance Jointly

The Pan Hellenic Association will hold an informal dance January 13, 1945, in the Student Lounge of Waterman. It will be given in conjunction with Alpha Xi Delta which was originally scheduled to give its annual dance at that time. Girls of this sorority will act on the various committees.

As is the custom of Pan-Hellenic, this dance is in honor of all the new sorority pledges. Refreshments will be served and entertainment is being planned. Music will be supplied by an orchestra. Chairman of committees are as follows:

Entertainment—Elinor Konowitz
Refreshments—Charlotte Robinson
Publicity—Elaine Oling
Admission will be fifty-five cents.

Robinson Dining Room Opened Sun.

On Sunday, January 7 at one o'clock, the Robinson Hall dining room was formally opened for the girls living on the Redstone campus, with Mrs. Pilcher, hostess, Miss Simpson and Mrs. Millis, guests of honor. At tables attractively decorated with white candles and pink and white chrysanthemums, the following dinner was served to the guests: soup, roast lamb, Franconia potatoes, peas, tomato salad, and chocolate sundaes.

The kitchen has been enlarged and new equipment installed, including an electric dishwasher and unit, refrigerators, bake oven, ranges, and a steam table for cafeteria service in the morning. The kitchen staff numbering members who are returning to Robinson after an interim of nearly two years consists of Rose Quinn, supervising cook, Irene Yarnell, pastry, Lila Willis, pantry, Anna Carlson, vegetables, and Helen Sutcliff, general kitchen worker. Helen Murray will assist in the pantry.

In the dining room Mrs. Pilcher, housemother at Redstone, will be hostess with Mrs. Rutledge, housemother at the Pi Phi house, supervisor of the dining room and in charge of the waitresses. The waitresses are: Lois Eimer, headwaitress, Mignon Burggraf, Joyce Flynn, Beryl Chenev, Kay Hennessey, Barbara Burnham, Fran Donahue, Maud Ann Wiggins, Aglaia Ballas, Mary Jane Little, Dorothy Frazer, Edith McLaren, Betty Rome, Sally Merwin, Elizabeth Concklin, Beth Noble, and Frances Mayville.

Breakfast and dinner will be served at Robinson. Lunch will be obtained at Waterman cafeteria.

DIRECTORIES OUT

Student Directories have been issued and distributed during the last week. Except for the bright yellow cover and an increase in the resident enrollment listed, no major changes have been made from previous years.

The resident enrollment shows an increase of 218 students. The enrollment in '43 was 670 as compared to the 888 of this year. The fact that this year medics in the service were added to the total enrollment, whereas last year they were not, is in part responsible for this increase in the listed enrollment. This fact is also mostly responsible for the increase in enrolled men from 114 of last year to the 249 of this year. There is an increase of 83 women students.

Religion to be Emphasized at Parley With Informal Round Table Meetings

Students Will Aid Religious Leaders

The Student Committee on Religious Life is sponsoring a Religious and Life Parley which will be held January 14 and 15. This parley will be the high point of the religious program for the year and will furnish a new impetus to other projects.

The Religion and Life Parley is the coming to the campus of a group of religious leaders who come to talk with and to students, helping them to relate their questions to a religious background. Although this is the first such parley at the University of Vermont, many other colleges have already established them as annual custom.

There will be four leaders at the parley. All of these men are experts in their various fields. They are the Rev. John Oliver Nelson, Ph.D., of the Presbyterian Board of Education; Rabbi Beryl D. Cohon, of Temple Sinai, Brookline, Mass.; the Rev. William A. Crowley, Diocesan superintendent of schools in Burlington; and the Rev. Ben Richardson, associate minister of the First Abyssinian Church in Harlem, N. Y.

Committees of students from Hillel, the Newman Club, Y. W. C. A. and the Vermont Christian Association are assisting in planning the details of the parley, which will include public services, round tables, forums, seminars, interviews and social hours.

Not only is the parley open to all the students at the University, but the Middlebury Interfaith Committee is being invited to attend. Local church Sunday evening groups, and local ministers will also be invited to participate.

The seminar subjects are still to be determined but will probably relate to the different leaders' special fields—or possibly to the interests of students which become evident in questions raised or through a questionnaire circulated before the beginning of the Parley. Rabbi Cohon is prepared especially to deal with the message of the Hebrew prophets for the modern world. Dr. Nelson may focus on vocational problems; Father Crowley may deal with Catholic aspects of problems raised, or interfaith problems; Reverend Richardson is certainly qualified to deal with interracial and minority problems.

Rabbi Beryl D. Cohon was born in 1898. He is a graduate of the University of Illinois where he received his A.B. in 1921, and of the Hebrew Union College where he received his M.H.L. degree and was ordained rabbi in 1925. He has served as spiritual leader of congregations in Pensacola, Fla., Cumberland, Md., and the Temple Israel in Boston. In 1939 he founded the Sinai Congregation in Boston. He is now rabbi of Temple Sinai in Brookline. He is a member of the Central Conference of American Rabbis and the author of *The Prophets, Their Personalities and Teachings* (Scribner's, 1939) and numerous articles of Jewish import.

In his student days at Princeton University, Dr. John Oliver Nelson wrote and drew for the college publication, headed the symphony, took part in a variety of extra-curricular activities, and received his A.B. degree *magna cum laude*. His B.D. degree is from McCormick Theological Seminary, Chicago, and in 1935 he received his Ph.D. in philosophy at Yale University. He is now Director of the Department of Life Work of the Presbyterian Board of Christian Education. He heads the nation-wide Presbyterian movement called "The Church Vocations Program." In addition he administers $50,000 annually in scholarships

Student Gov't Has Open Bull Session

Court, Quarter System Among Recommendations

Student Government sponsored a bull session last Friday evening, January 5, in the Student Lounge. The purpose of the bull-session was to get well-rounded student views on Student Government. The three main questions which were discussed during the evening were the cut system, quarter system, and student court. Mary Thornton opened the discussion by asking for nominations for chairman. Willson Daily was elected chairman of the evening and Mary Greene was elected secretary.

Peggy Donnelly was called upon by the chairman to explain the proposed cut system. In the bill, freshmen and sophomores on Deans' List, juniors, and seniors are to be allowed unlimited cuts and all other students are to receive no cuts. The proposed cut system is to provide for uniformity in cutting. The University ruling on cutting before and after recesses will still apply. The resolution was then thrown open for discussion. Criticism was brought up about the absence of cuts for freshmen and sophomores who have not made Deans' List. It was suggested that lowerclassmen be allowed one or two cuts per course. Professors may give zeroes if a student is absent from class when called upon for recitation. The question as to whether unlimited cuts would lower the scholastic standing of the school was asked, and it was answered that the new system would not affect present cutting too greatly. An amendment was added to the proposal to the effect that abuses of the cut system by other professors or students were to be reconsidered by channels of Student Government. The motion was then carried by a vote of fourteen to six.

A quarter system is being considered by the faculty and was explained by

(Continued on page 3)

Newman Club Sponsors Party at St. Joseph's

A Christmas party was held at Saint Joseph's Orphanage, Burlington, on the Sunday before Christmas, under the auspices of the Newman Club. Over thirty of the girls at the Orphanage, from aged seven to fifteen, were guests of about fourteen members of the Club. The party was held in the main reception room, which was decorated with lighted red candles. Group singing of a round of carols started off the program, with Persis Yates then reading a Christmas story. Afterward all participated in a game of "Musical Chairs," for which prizes were awarded, and in which the college girls went down in ignominious defeat. Refreshments, consisting of candy in Christmas packages and ice cream, were served, and each girl also received a favor. After more carol singing, the afternoon ended with benediction in the chapel. The party was a Christmas project of the social service committee of the club.

The Newman Club is participating in the Religious Life Emphasis program to be held next week-end, at which the Rev. William Crowley, diocesan director of Catholic schools, will be one of the speakers.

A Day of Recollection is being planned for all members of the Club for Sunday, February 4. This is a day spent in prayer, meditation, and conferences, and will be conducted by a Jesuit Father.

Campus Interested In Social Service

Miss Holbrook Deems Curriculum Necessary

From the results of the Social Service Questionnaire which appeared in the CYNIC, November 22, Miss Sara Holbrook, assistant professor of Education, concludes that there is a definite interest on campus in a Social Service Curriculum. Replies to these three questions

(1) Are you interested in taking the curriculum to prepare yourself for Social Work

(2) Are you interested in taking some courses in the curriculum as electives

(3) Are you interested in finding out more about it

Showed that about half wanted to take the curriculum. Although no more than twenty returns were made, allowance must be made for those too busy to cut it out.

The present investigation is the result of long thinking on the part of Miss Holbrook and Miss Simpson. There is no social service training center in Northern New England, and few centers anywhere which afford rural field work. Miss Holbrook, who gained her social service experience as a visiting teacher, in a settlement house, and in a city mission, and who is now a member of the American Association of Social Workers, was first impressed with the need for social work in rural areas while working on the Vermont Survey of 1930. While many U. V. M. graduates have entered social service they went elsewhere for their training, and few returned to Vermont.

Although the form of the curriculum, if offered, is far from definite, in other schools it has been possible for students to obtain a bachelor's degree in Social Science, or a master's degree after a bachelor in arts or science.

The need for social workers which the war has created everywhere in addition to the work to be done here in Vermont make the question of a Social Work Curriculum at U. V. M. a vital one.

Student Court

(Concluded from page 1)

Fran Witham. The year is at present divided into two semesters and under the proposed system there would be four quarters during the year, one quarter from October to Christmas recess, a second from January to Easter recess, and the third from the end of the Easter recess to the summer recess. The fourth quarter would include Summer Session, which is voluntary. The problem of one semester courses was discussed and the solution offered was to have more careful planning by the professors for each course. In some mid-western schools half-year courses have extra class hours in order to finish the course in one quarter. The proposal which was voted upon stated, "Resolved: that a quarter system be considered by the faculty" and was passed by a unanimous vote.

A Student Court is provided for in the Student Government constitution but has never been established. Cases which came to the court would be for recommendation and not final action. The system would have the advantages of allowing students to decide matters for themselves and would be of great educational value. Student courts have been introduced in New York schools and have been worked out successfully. The purpose of the courts is to lighten the burden of the Deans. It was mentioned that since the court could only recommend, the Deans would still have to settle the case. The resolution was finally proposed that there is a need for a Student Court, and was carried by a unanimous vote.

The meeting was then opened for a discussion of Student Government and the problem of Student Government elections was mentioned. There is a need for publicity to make students aware of their Student Government and its activities. A suggestion was made to hold open meetings so that students who are interested may attend. Elections for officers are to be held again in March and students will have to acquaint themselves with the candidates.

Student Government now has an office in the North Wing of Waterman which is open every day from nine to twelve. All students who have questions or suggestions on Student Government are invited to stop in at the office.

in town, Delta Phi E put on a fashion show. Lorrie Kaplan '47, scheduled to model, came down with the mumps. The other Powers girls are now all anxiously feeling for bumps behind the ears.

Alpha Chi House Scene of Festive Occasion Saturday

On Saturday, January 6, from 8:00 to 12:00 the Alpha Chi House was the setting for an elaborate and festive "Mardi Gras." This was the first in a series of Saturday night entertainments which the various sororities sponsor. Chaperones for the affair were Dr. and Mrs. Taylor, Dean and Mrs. J. E. Carrigan and Mrs. Eramo, housemother of the Alpha Chi House. Eileen Pickett '47 was general chairman in charge of the Mardi Gras.

After entering the house and leaving their coats with Irene Sosnicki and Marie Boutin in the check room, the guests donned masks and joined in the various activities at hand. On the first floor, the Game Room, with Connie Brownell in charge, offered such amusements as bowling, penny-pitching, ring toss, checkers, and weight-guessing. The guests then either could dance in the ballroom, gaily decorated with multi-colored streamers, or wander toward the refreshments stands, where Alberta Read and Mary Bresnehan with their helpers sold hot dogs, peanuts, potato chips, cheerios, fudgsicles, cokes, and coffee. Jeanne Ayers, the cigarette girl, also sold her wares in this room.

On the second floor Irene Reed and Barbara Kilborne conducted a side show. Here such freaks as a wild woman, a centipede man with four legs, a fat woman, a tall woman, and a half man half woman were shown. Three Hawaiian girls, Dot Loughery, Skip Lewis, and Harriet Gebbie entertained with song and dance. In another room, Barbara Morgan and Dorothy Dexter told fortunes; while across the hall from them Margie Watts and Virginia Hammel did profile sketchings.

Only the masculine guests present were admitted to the third floor of the house. Here Gail Thompson, assisted by Kay McFeeters, presented a "For Men Only" room.

Two different floor shows were given at 9:00 and 10:30. A band, composed of Anita Smith, Verna Hall, Gwen Richardson, Connie Brownell, Audrey Hutchins, Connie Virgona, and Pauline Palm presented such selections as "Shine On Harvest Moon," "Dinah," "Swing Low Sweet Chariot," and "Pretty Kitty Blue Eyes." Three twirlers, Muriel Hemminger, Gail Thompson, and Evelyn Olsen also performed. Another feature attraction was Roger Cummings, alias "Tiny," who did tap and acrobatic dances. Among the vocalists at the floor shows were Jane Robbins, Muriel Hemminger, Debbie Cobb, Winnie Favreau, Jackie Swasey, and Dot Wheeler, harmonizing on such songs as "While Strolling Through the Park One Day," "I Double Dare You," and "I Dream of You." Margie Watts and Dot Stewart jitterbugged to Anita Smith's version of "In the Mood." The master of ceremonies at both floor shows was Tommie Goodson of St. Michael's.

The Money You "Can't Spare" May Spare a Soldier's Life!

Dorothy Maynor Presented At Community Concert

Young Negro Soprano One of Leading Concert Artists

Dorothy Maynor

One of the leading contemporary concert singers, Dorothy Maynor, a young negro soprano, was presented January 9 at 8:15 at the Memorial Auditorium in the second of the Community Concert series.

In spite of her present fame it was not long ago that Miss Maynor, an unknown, made her concert debut in New York where she was greeted with an huge audience. Those attracted by other great artists such as Lily Pons and Kirsten Flagstad on their first appearances in New York.

During her first season she was engaged to appear as soloist with four of the country's great symphonies including the New York Philharmonic, the Boston Symphony, the Philadelphia Orchestra, and the Chicago Symphony Orchestra. Wherever she has appeared, audiences have agreed with Olin Downes, leading critic of the New York Times who wrote: "She has virtually everything needed by a great artist: the superb voice, one of the finest the public can hear today; exceptional musicianship and accuracy of intonation; emotional intensity and communicative power."

This attention has not changed Miss Maynor's fundamental simplicity. The daughter of a Norfolk, Va. minister, she received her first musical training in the choir of her father's church. She is a graduate of Hampton Institute which she entered at fourteen, and where she received her first vocal lessons. A few years later she toured Europe as a member of the Institute's famous negro chorus. Afterwards she studied at the Westminster Choir School in Princeton, New Jersey until friends persuaded her to attempt a singer's career.

Outwardly shy and modest, Dorothy Maynor has an interesting personality that is unknown to many who are familiar with her name and fame. Her friendly and sincere smile on the concert platform and in private life wins many admirers. In private life she is Mrs. Shelby Cook, wife of the young minister of the St. James Presbyterian Church in New York and mistress of the Church's manse-room house where she is a charming and gracious hostess. Yet her ambition to be a home economics and handicraft teacher is apparent in her love of decoration and all home arts.

Miss Maynor's regular routine is strict. Up at 7:00 in the morning she devotes several hours to study and practice including one hour set aside for her singing lesson. It has never occurred to her to stop trying to improve her voice even though critics praise her talent.

Still incredulous about her success, Dorothy Maynor says, "I hope only to be worthy of the great music I sing."

Owl Semi-Formal Proves Gala Dance

"Abracadabra," said the Owl, and produced the very first All University formal of the year and a special one at that! The couples who attended on Saturday, December 16 from 8:30 to 12:00 agreed that the dance maintained in many respects the Aura of a real pre-war affair. Perhaps it was the unusual decorations of large chrysanthemum plaques each bearing the Greek symbols of a frat here on campus. A oriental canopy covered the door and bandstand, and the spotlight pointed with pride to a white owl—the stuffed variety.

Music was furnished by the Bell Cats, a six piece band which obliged with fox trots, waltzes, boogie and a catchy Conga. During intermission the Pi Phis presented entertainment which included the ever popular Dixie-Gig Betty trio and Bill (Swoon) Cook. For refreshment there was a delicious pink frothy concoction.

Chaperoning the dance, which was held in Student Lounge, were Dean Simpson, Prof. and Mrs. Rowell, and Mr. and Mrs. Smith.

For many starry-eyed freshmen the formal was the first of their college careers. Nothing, said one of them, can ever duplicate the under-surface excitement of pressing gowns, and flowers arriving. Escorts included college men and boys from home, and a colorful sprinkling of uniforms indicated that Meds, boys on leave and from nearby military units were present.

All in all, the dance was a sparkling success, and a repeat performance seems to be indicated. It's even hinted that there may be a follow-up at the Lambda Iota House on Pearl Street when the Owls move back in next spring.

VOL. 62 BURLINGTON, VERMONT, WEDNESDAY, JANUARY 17, 1945 NUMBER 52

Four Great Leaders Come To Talk With Students

Parley on Religion and Life Lasts Three Days

The [illegible] week-end ushered in a new [illegible] at the University of Vermont, [illegible] first Religion and Life par- [illegible] held on January 14, 15, and 16. [illegible] speakers, who came to advise [illegible] with the students, were the Rev. [illegible] A. Crowley of the Burlington [illegible] director of parochial education, [illegible] Cohon of Temple Sinai, [illegible] Mass., the Rev. John Nelson of [illegible] Presbyterian Board of Education, and [illegible] Rev. Ben Richardson, Negro leader, [illegible] of the Ministerial Associates of [illegible] *Protestant* magazine. The parley [illegible] intended to show the part which re- [illegible] should play in the everyday life [illegible] student.

Opening Meeting

The opening meeting took place on Sun- [illegible] afternoon at 3.00 on the third floor, Waterman. Pearl Weissbard, student [illegible] of the parley, opened the meeting, [illegible] that she felt this parley would [illegible] another fine Vermont tradition. [illegible] then introduced President Millis, who [illegible] a word of welcome. Father Crowley, [illegible] was the first speaker, spoke of the [illegible] that the speakers were to talk with [illegible] students, and not at them. It was [illegible] optionally important, he went on, that [illegible] be interested in this parley, since [illegible] are preparing to be leaders in their [illegible] and hence will have influence over [illegible]. They should, then, have a clear [illegible] of what religion is, and its place [illegible].

Religious Aspects

"I should like to suggest one aspect of [illegible] Religion in Life,'" continued the [illegible] John Nelson, "and that is, to be [illegible] is to be religious—to be religious [illegible] be mature." The speaker empha- [illegible] the immaturity that we find in our [illegible] life, and that values on a Uni- [illegible] campus should be those of ma- [illegible]. The most tragic immaturity, he [illegible] is spiritual immaturity, although you [illegible] be educated in every other phase. [illegible] points about maturity were made: [illegible] be serene when others are upset; [illegible] be loving when others are hating; to [illegible] the long view when others are taking [illegible] short view. Rabbi Cohon then told [illegible] pleased he was to contribute to the [illegible] discussion, in order that he might impart [illegible] heart and mind of the Jew in this [illegible]. Religion, he stated, has three [illegible]—theology, ritual, and ethics. In [illegible] realm of theology and ritual, the [illegible] idea is to let each religion have [illegible] way but in ethics, he believes there [illegible] a harmonious communing. "In social [illegible] we are one."

"Unto the Least"

[illegible] hour, sponsored by the Sopho- [illegible] followed in the dining room. [illegible] Vesper services were held in Ira [illegible] Chapel. President Millis presided, [illegible] selections from the New and Old [illegible] were read by Doctor Nelson

(Continued on page 6)

REV. WEBSTER SPEAKS IN CHAPEL

[illegible] Tuesday morning the guest [illegible] Rev. Ash Webster of the [illegible] Church of Vermont. His [illegible] "Life Is by the Wayside."

[illegible] out that people are always [illegible] toward a goal, but never [illegible] interrupted. They continually [illegible] irritations didn't exist, and [illegible] disturbed by major problems of [illegible] and social discrimina- [illegible] become careless about every- [illegible] pay no attention to de- [illegible] on them, as their eyes are [illegible] far away, on their goal.

SIGNAL CORPS WILL INTERVIEW SENIORS

All senior women who are interested in the U. S. Army Signal Corps should make their appointments with the Dean's Office now. Second Lieutenant S. W. Massack of the Signal Corps will interview senior women January 18.

The educational background need for this cryptanalytic work is a minimum of 120 credits of college work. Alice Needham, Mary Perry, and Margaret Delano are some of last year's graduates who trained at Arlington, Va.

The Publicity, Education and Executive Committees of the Vermont Conference of Social Work will meet Friday morning, January 19, in the third floor lounge, Waterman. In the afternoon, the committees will meet with President Millis to discuss the setting up of courses in social training at U. V. M.

SATURDAY DANCE HAS PAN-HELL THEME TO HONOR PLEDGES

The Pan-Hellenic Council together with the Alpha Xi Delta sorority of the University of Vermont held a dance Saturday evening in the student lounge of the Waterman Building. The dance was given in honor of the pledges of all the sororities on the campus.

The walls of the room were decorated with the pledge pins of the different sororities, and on a plaque behind the orchestra were exhibited the official sorority pins. Jack Collins' orchestra with Bill Cook as vocalist provided the music and one dance of the evening was for pledges only. Refreshments of cake, ice cream, and coca-cola were served. Professor and Mrs. Marvin and Professor and Mrs. Nuquist were the chaperones.

Kake Walk Spirit Mounts as Board Announces Progress

Skits to be Submitted Before Feb. 7th With Fifteen Minute Limit

The Kake Walk Committee under the directorship of Shirley Hibbard, Ray Simms and John Williams announced this week the rules concerning skits which fraternities as well as sororities are going to put on for Kake Walk. The rules are as follows:

(1) Skit scripts must be submitted to the Kake Walk directors by February 7 for elimination by the skit judges.

(2) Each group in the skit competition will be allowed 15 minutes for their production. The judging will be done on the basis of originality, teamwork and smoothness, delivery and voice, properties, costumes, audience interest and time taken.

(3) Fraternities that do not have a sufficient number of men to put on a skit will be permitted to have independent members of the student body in their group.

(4) Kake Walk directors are allowing twenty-five dollars to each group that puts on a skit and the money is to be spent for properties.

Joe Lechnyr and the University Band have started rehearsing the traditional Kake Walking tune, "Cotton Babes" and are planning a tuneful program.

There will be a Kake Walk Ball instead of the Masquerade which was previously announced. Dress will be optional.

Prof. Bennett to Speak At Next Convocation

There will be a Student Convocation Thursday, January 18, at 10.00 a.m., in the Ira Allen Chapel. Attendance is required of all students in the three academic colleges.

Prof. Howard G. Bennett will speak on "Frontiers of Knowledge in Musical Composition."

The Convocation seating plan may be found on the Bulletin Board in the Main Hall of the Waterman.

Dr. Aja Lectures on Education, Politics and Customs of Spain

Anita Setien

"The Spanish people are very friendly with you if you are frank with them, but, if anything wrong is done to them they will do anything to seek revenge even if it costs them their lives," said Dr. Nicanor Aja in his speech given in Spanish to the members of the Spanish Club last Wednesday evening.

Aja's Education

Doctor Aja, a short, dark-haired man with all the characteristics of a Spaniard, was born in Montpelier, Vt, and attended the parochial school there until 1915—at that time going to Spain. He attended in Spain "The escuelas primeras" in Navajeda in the Province of Santander for 12 years. In 1922 he went to high school, or, as it is called in Spain, "la escuela superior," at Villacorriedo which was 20 miles from his home town, Navajeda. In 1923 he studied at Santander at the official government school and remained there until 1926 when he went to the Central University of Madrid and undertook the pre-medical course. After completing this course he continued there in the college of medicine. In 1929, under Primo de Rivera's dictatorship, the college had a strike against the government and de Rivera closed the University. Doctor Aja then went to Valladolid to continue his studies, but in the same year the university was opened and he returned to complete his course, graduating in 1933. He interned for one year and set up a practice in 1934 at La Cavada until 1938 when he came to the United States by way of Portugal. Of course, not having used English for a long time, he had forgotten it and, therefore, studied it for two years. In 1940 he took the Vermont medical examination and now practices medicine in Barre.

Educational System

Doctor Aja opened his speech by talking about the educational system in Spain. Formerly, the grammar school was for both boys and girls but in recent years this practice has been done away with and the children are separated into what is called, "la escuela del maestro" for boys and "la escuela de la maestra" for girls. A child attends this school from the age of 6 to 12 and from there goes to the "Instituto" in the capital of the province from which he comes. Those who study at this school generally intend to go to the University. The pupil attends this school for six years and a general liberal arts course is taken by all regardless of the career he wishes to follow. If the pupil does not intend to go to the University, he may go to the "escuela graduada" for eight years to complete his course. Here he may specialize for the type of work he wishes to go into. There are also commercial schools for those who wish the business line. In order to go to these schools, however, an examination must be taken before entering to prove each individual's ability. The universities are much more scattered. One is apt to find

Student Conference Asks Suspension of Activities

Willson Daily Calls Student Gov't Meeting To Approve Committee's Submitted Request

Student Government called a meeting of a group of students composed of the presidents of all student organizations or their duly appointed representatives on Thursday, January 11, at 4.30 p.m. in Room 140 Waterman. The purpose of this meeting was to discuss the feeling of student leaders on the campus that extra-curricular activities be suspended during the exam period.

Willson Daily, president U. V. M. Students presided and Mary Ashe was elected secretary of the meeting. As chairman of the Social Committee Mary Ashe read the recommendation which is printed here in full:

"No. 1. That all extra-curricular functions, meetings and activities be suspended from 14 January 1945 beginning at midnight through and including 3 February 1945 at 12 noon.

No. 2. That meetings of the Executive Committee, U. V. M. Student Government, student activity pertaining to regular publication of the Cynic, the completion of plans for *Ariel* photography (21, 22, 23 January) regularly scheduled as well as special band rehearsals, and such meetings as may be deemed necessary of committees concerned with Kake Walk be the only exceptions to the recommendation set forth in No. 1.

No. 3. And, that no other regular or special meetings and or activities involving University of Vermont Student Organizations be held without the approval of the Student Conference Committee."

This recommendation was presented to the Student Conference Committee on Friday, January 12. It was adopted and made law with the following exception and amendment: That special meetings of Student Union Council be added to the exceptions. The motion for this amendment was made by Eleanor Jenkins, a member of Student Union Council.

After the amended recommendation was unanimously adopted by the Student Conference Committee, Margo Donahue requested that the committee grant permission for a special meeting of Rhinestockings. This request was granted by a majority vote.

Sororities have not formally agreed to accept this law, but it is very probable that they will suspend their meetings and activities. However, Student Government is not assuming authority over them, it merely wishes the law to become as uniform as possible all over the campus.

This is the first time that Student Conference Committee has taken a step of this nature and it is hoped that the move will contribute toward making exam time a little less rushed and hectic than it would be otherwise.

U. V. M. Confers Fourteen Degrees

Although there will be no graduation exercises in February, 14 Vermont students will have completed their studies and will be eligible for degrees. Some of the degrees will be mailed, while the others will be held until the June graduation.

Those receiving Bachelor of Arts degrees are: Caroline Brown Lockwood, Enosburg Falls, Frances Donahue, Pearl River, N. Y., Katherine Perry, East Greenwich, R. I., Doris Rindler, New York, N. Y., Charlotte Robinson, Accord, N. Y., Marjorie Rubin, Brockton, Mass., Florence Savin, Brooklyn, N. Y.

Those receiving Bachelor of Science degrees are: D. S. Kenet, Springfield, J. H. Perry Hooker, Wells River, Alice Tyndall, Weehawken, N. J., and Summet Ziegra, Deep River, Conn.

Anne Haver of Burlington will receive a Master of Arts degree. Alice Haugh, Rutland, will receive a Bachelor of Education degree, and Anita Setien of Barre will receive a Bachelor of Science in Education degree.

New Courses Added For Next Semester

Announcement has been received from Mr. Riggs' office that when the next semester opens there will be several changes in the courses that are being offered now, and that a few new courses will be found added to the curriculum.

In the English Department, Victorian literature will be offered by Professor Wainwright and Professor Lindsay will teach Wordsworth and Coleridge.

Professor Fraleigh, of the Math Department, will offer Higher Algebra, a one semester course, and Math A for veterans and others who need preparation for Math. 1.

Professor Carpenter of the German Department will teach Comparative literature 4. He states that the course is intended for English and language majors who have not had German. In lecture he will cover German literature from the early period up to the present. The reading will include the best German works translated into English. The interest will determine where emphasis will be placed in the course.

In the economics category several changes will be made: *Social Economics* will be offered in the place of *Investments*.

(Continued on page 6)

New Study Hall Opened Through Student Gov't For Mid-year Exams

A study hall is being put into use on the second floor, North Wing, of Waterman as a boon to students who cannot concentrate in the Student Lounge or soda fountain and who find the library is not easily accessible on cold winter days. This room will be ready before mid-years and will be open during examination period. It is a hall that can be occupied by about 150 students at a time.

A Student Government project is the proctoring of the study hall and the campaign for more quiet in the room during study periods. The hall is now equipped with fluorescent lighting, armchairs and tables. Spike Thornton as chairman of the committee and Eleanor Jenkins and Phyl Edgerton have presented a plan to Student Government whereby juniors and seniors will act as proctors in study hall.

Wheeler House Ready by Summer

The University has received authority to proceed with the remodelling of the Wheeler House situated at the corner of the University campus. The War Production Board has granted the maintenance department this permission.

The home, built by the University's sixth president the Rev. John Wheeler, about 1842, and recently purchased for the University by an interested group of alumni and friends will be known as the Pearl Randall Wasson Memorial Infirmary in honor of the University's late dean of women.

The new wiring is already in place, modern plumbing is being installed and arrangements for the new heating system are completed. It is hoped that the new infirmary will be ready for use by the beginning of the summer term.

The Vermont Cynic

The Official Student Newspaper of the University of Vermont and State Agricultural College

VOL. 62 JANUARY 17 1945 NO. 52

For the past few days the campus has been stirred by the dynamite of the parley on Religion and Life. Inspiration is catching and in after midnight bull sessions excited students discuss theological and political problems. For a while we have left the self-satisfied narrowness of college life to consider critically the things around us. Ben Richardson forced us to see where democracy is lacking in this country. He drove the point that democracy can not work in a nation, least of all a world, unless little groups everywhere believe in it and work to uphold their belief. Our campus is one of those little groups and guiltily we realize we do not have democracy here.

Fraternities have their Catholic "quotas." Jewish and Christian students under Pan-Hell are under two separate rushing lists. Other schools have abolished fraternities, friendships are formed in dorms, in interest groups. Do we really want democracy here?

Student government is an indication of democracy on a campus. Does ours really work? In the face of what seems to be the majority of student opinion the administration is trying to more strictly enforce prohibition on campus. Perhaps the fault lies not so much in the administration as in our own apathy to work for democracy. Only twenty out of an entire student body turned out for the last bull session on student government. How many of us read daily newspapers? How many of us take part in war activities?

We are all pledged to uphold democracy upon this campus. Can we live up to this pledge?

Toptics

H. P. Bloomenthal

The other day, during the heat of an argument, I used the privilege of being called a "starry-eyed idealist." That term has been, during the course of history, applied to many persons whose names I dare not have the audacity to mention in such presumptuous company. What distinction, however, is that the individual and the many others who apply this phrase use it as a stamp of disapprobation while they praise themselves as "realistics," which, however, is a very flexible adjective. Mr. Realist takes one of two opposite views. It may not seem plausible, but he is either an extreme optimist or else, an equally extreme pessimist. Allow me to explain. Let us take each of the cases and contrast them with the "starry-eyed idealist."

Rich "Realist"

John Brown, realist, is a member of the minority type, which is generally discouraged by the rest of the clan. He believes that except for the war, the world today, and the United States in particular are perfect. He has a couple of automobiles, a beautiful home, and a large bank account; his children are in America's finest universities and when peace has come again they will travel to Europe to study.

"Could anyone ask for anything more?" he asks. "Certainly not, this country has reached perfection; there is no need for all your so-called reforms.

"What about those who live in the slums? Well, what about them?!!! My grandfather, from whom I inherited all my wealth, was born to poverty, but he made a fortune without any Social Security or Minimum Wage Laws to help him. Why can't the rest of those drunken bums on the lower East side do it the same way?"

As I said he is a member of the minority type, and is greatly disliked by 'true realists" who, though they can find no flaw in John Brown's reasoning, think it is too dubious to satisfy the lower, untouchable caste; however, he does exist, for I have had the glorious pleasure of meeting several like him.

Hard-Worker "Realist"

Realist Henry Smith, of whom there are greater numbers, is liable to be a "harder worker" and a shrewder business man than friend Brown. He is the kind of man most apt to use "Starry-eyed idealist" and fight social reforms the hardest.

He reasons, "Sure, there is plenty wrong with the world. John Brown is crazy. But nothing can be done to change these evils. You want to correct the whole world? Go ahead and do it, but I'll interest myself with my own welfare and get all I can out of this abominable creation.

"Defeatist? Nonsense, I am simply recognizing the conditions that exist and am working them for what I can get for myself. I am not interested in cutting my profits by giving my employees a 'reasonable' wage! They could do as I, if they wished to rise. Give them better salary and they will just drink it up."

I have had the enjoyment of meeting several of these people too, and much of what I have been writing is theirs—word for word.

Now that I have presented my specimens, I find that it is not necessary to paint an idealist (starry-eyed type) with whom to compare them. The decision is easy enough to make without this.

NOTICE

Student Convocations will be held on the first and third Thursdays of each month during the current academic year at 10.00 a.m. in the Ira Allen Chapel. Attendance is required of all students in the three academic colleges. The general topic will be "Frontiers of Knowledge" with speakers as listed below:

February 8:
In Soil Fertility and Human Welfare, Paul Miller.
February 22:
In Biology, Paul Moody.
March 1:
In Economics, George Hand.
March 15
In Philosophy of Education, Bennett Douglass.
April 5
In Nutrition, Florence King.
April 19.
In Literature, Willard Pope.
May 3
In Mathematics, James Bullard.
May 17.
In Philosophy, George Dykhuizen

ELIJAH SWIFT, *Secretary.*

IRA ALLEN CHAPEL DONATED IN 1924 BY JAMES B. WILBUR

Since 1800 when the first class met at the University of Vermont chapel exercises have been held. Except for several months in 1815 when the College Building was used for troops, and after 1917 when this country entered the World War, the services were continuous. These services were held in the "old chapel room" in the Old Mill. The chapel seated less than two hundred, and so was abandoned after the World War.

At the 1924 Commencement the gift of a new chapel by the Hon. James B. Wilbur of Manchester, Vt., was announced. It was to be dedicated to Ira Allen, founder of the University. Wilbur had become interested in Ira Allen and gave to U. V. M. both the chapel and the statue of Ira Allen.

The year after the 1924 announcement, the cornerstone was laid. The dedication exercises were held in January, 1927, as near as possible to the one hundred and fiftieth anniversary of the Declaration of Independence of the State of Vermont, to which Ira Allen was a notable contributor.

The primary use of the chapel is for the chapel exercises. However, it is used for lectures, organ recitals, and Convocations of the Student Body.

At the top of the tower is a powerful electric light which formerly shone each night, but now shines only on important occasions, such as Commencement. Its beams can be seen as far away as Mansfield. The light is a symbol of the lamp of learning which holds the central position in the University seal.

Wilbur, in giving this fine gift, envisioned our chapel as "a building that strangers as well as students would recognize as a symbol of the beauty of holiness" . . . . "a symbol of the higher aspirations of man, a refuge of quiet thought and contemplation, a house of the ancient mystery, the holy place of God."

Prof. Vorenkamp To Speak on Art

An elaborate program featuring a lecture by H. P. A. Vorenkamp, Professor of the History of Art, Smith College, will be given Wednesday, Jan. 17, in conjunction with the exhibit of modern Dutch paintings currently on view at the Fleming Museum. The Netherlands Information of New York, which is making Professor Vorenkamp's appearance in Burlington possible, has also made arrangements for the showing of two films, "New Earth" and the "Dutch Tradition."

Professor Vorenkamp, an authority on contemporary and medieval art, will speak on "Holland and Dutch Art." The talk which will be given exclusively for U. V. M. art classes will begin at 8:15 p.m. or immediately upon completion of the showing of "New Earth."

"Dutch Tradition" is based on the part Dutch patriots are playing in harrassing the Nazis in areas of the Netherlands formerly occupied by the Germans and the gallant struggle of Holland's soldiers on the far-flung battlefronts of the world. It points out that despite the military surrender of the mother country in 1940 and Jap conquests in the Far East, Allied armies were soon augmented with thousands of Dutch patriots.

The other film, "New Earth," is an educational subject dealing with the construction of Holland's world-famed dikes and giant engineering feats undertaken in reclaiming land from such areas as the Zuider Zee. There will be double showings of both films beginning at 4.00 p.m. and 7.30 p.m. The public and U. V. M. students in particular are urged to attend.

ATTENTION! This meeting has been postponed.

TOO TRUE

When a garbage man makes a mistake, he adds it on your bill.
When a preacher makes a mistake, nobody knows the difference
When a lawyer makes a mistake, it was just what he wanted, because he has a chance to try the case all over again
When a judge makes a [illegible] comes the law of the [illegible]
When a doctor makes a [illegible] it
But when the editor [illegible] heaven help him!

—*Christian Herald*

Music is one [illegible] varied means of [illegible] and present; its contribution [illegible] of human enjoyment has [illegible] deed an education—and [illegible] mean a B.A.—which [illegible] hardly be called full or [illegible] "long-hair" stuff if you [illegible] less, symphonic music [illegible] the richest of human [illegible] which remains largely [illegible] college students.

Weekly Programs

Last week the Staff and [illegible] sponsored the second in a [illegible] grams of recorded symphonic [illegible] weekly "Symphony Hour" [illegible] welcome addition to the [illegible] participation in "things [illegible] then, is an opportunity to [illegible] with some of the musical [illegible] Drop in for an hour; the [illegible] spent.

Day: Every Friday [illegible] to 6:00. Place: the room [illegible] Student Lounge (the regular meeting place for the Red Cross). Program: Romeo and Juliet Overture [illegible] sky; Symphony No. 1. [illegible] week, the program of the [illegible] Hour" will be discussed [illegible] column.

Romeo and Juliet

The "Romeo and Juliet Overture" [illegible] familiar and popular favorite. The poignantly beautiful love-theme [illegible] as the song, "Our Love," is the principal and certainly the most moving [illegible] However, there is the danger of listening only for this melody, giving little attention to the rest of the work. There are many passages of equally eloquent music. The work is based on Shakespeare's well known romance. After the solemn introductory passage, the music quickens and becomes increasingly agitated, dramatizing the conflict between the Montagues and the Capulets. After a calm, Romeo's rhapsodic song emerges, increasing in beauty with each repetition. The stormy music returns, and is followed by the love-song, which has taken on the mood of a lament.

Brahms' First Symphony

Brahms' First Symphony, which was twenty years in the making, is a truly monumental work, and stands close to the top as a concert favorite. Characteristic of this composer, the music is strong and solid—rich in melody, complex in structure, dramatic, and emotionally intense. The opening passage has been called "one of the greatest pages of modern orchestral music." The first movement is one of storm, power, and grandeur; the second or slow movement is quiet and reflective; the third more gay and delicate. Intense and majestic, the last movement impresses the listener with its overpoweringly victorious mood. One cannot miss the mood of triumph which accompanies the final broad theme.

Syracuse Debates At Vermont Sat.

On Saturday, Jan. 20, [illegible] will meet U. V. M. in a debate on the national question, Resolved: "That the voting age should be reduced." Meeting the Syracuse team will be Pearl Weissbard, '46, and Eileen [illegible]. The debate will be held at 7:30 p.m. in the third floor Women's [illegible].

The Syracuse team will [illegible] in this debate as a part of [illegible] includes McGill University [illegible] and Middlebury College.

U. V. M. debaters have [illegible] several other colleges this year, conducting intercollegiate [illegible]

There will be a meeting of the House Directors in Miss Simpson's office Wednesday, January 17, at 3.30 p.m.

Dean Simpson will speak to the graduating class of nurses at the Mary Fletcher Hospital at their capping ceremony Thursday evening, January 18.

Until further announcement, the Music Building will not be open to students after 5.30 p.m., except to music education students, students majoring in music, and students attending rehearsals or appointments scheduled by music faculty members.

H. G. BENNETT,
Chairman, Department of Music.

LILAC DAY PROGRAM PLANNED BY JUNIOR WOMEN'S SOCIETY

Staff and Sandal has announced the committees for the spring Lilac Day program which is presented annually by the junior women's honorary society. The day is given in honor of Dean Pearl Theresa, former dean of women at U. V. M. who founded this occasion. Dance contestants will give a program of dance and music and a Lilac Day Queen will reign with her court over the festivities. The procession and the reception following will be arranged by Staff and Sandal.

Miss Hoffman, of the Physical Education Department is advisor for the proceedings acting in the double capacity of Staff and Sandal advisor and Dance Workshop instructor. The following committees have been chosen:

Hospitality: Mary Greene, Eleanor Konowal.

Publicity: Nancy MacNamara, Spike Thornton, Barbara Powers.

Costumes: Nancy Dockstader, Frances Sullivan, Barbara Anderson.

Election of Queen and erection of throne: Peggy Donnelly, Nancy Hall, and Lucy Campbell.

Paul Edgerton, president of Dance Workshop is in charge of the dance program.

Burlington High Alumnae Top Vt. In First Encounter

All Stars Blame Loss On Shanghai of Two Outstanding Hoopsters

The All Stars, a miscellany of U. V. M. hoopsters, chalked up 18 points in a lively preliminary game with the B. H. S. Alumnae team which hit a total score of 28 points at Taft School gym last Wednesday night.

The All Star players at first whistle were: Ruth Jandorek, r.f.; Margie Watts, l.f.; Marian Dustin, c.f.; Marge Cutler, l.g.; Mig Burggraf, r.f.; and Jo Howard, c.g. Jandorek, Jo and Dusty played the game through four quarters, while participating substitutes were: Betsy Kipp, l.f., Ruth Benson, l.f.; Barbie Kilborn, r.g.; and Jackie Hardgrove, l.g.

Familiar faces on the opposing team were those of Spike Thornton, in forward position, and Angie Scutakes, guard.

The game started in a slow and easy tempo which gradually increased to a final crescendo in the last quarter. The Alumns exhibited a smooth-working zone defense while the All Star guards put a few obstacles in the way of super-marksmen Thornton and Dattilio. At the half the All Stars claimed two goals for Jandorek, one for Margie Watts, and three foul shots for Dusty, as against 20 points for the B. H. S. sextet. The All Stars held to their nine until the last quarter when they doubled the score, and checked the challengers to an increase of four goals.

High scorers of the Alumnae were Dattilio with 11 points to her credit, and Spike right behind her with 10. The nine-point total of Jandorek was high for the All Stars with Benson trailing.

P.S.—Excuse for losing: Spike was shanghaied right from under our noses to play for the B. H. S. ex's. Tentative plans have been made for a return game and our opponents won't find it so easy to ween our coveted teammate from us next time.

U.V.M. Ski Team Meets Middlebury

Vermont is to be represented by a ski team at an invitation meet at the Middlebury College Winter Carnival next Saturday, January 20. There will be three events: downhill, slalom and jumping and the U. V. M. team will take part in all of them with groups from Williams, Dartmouth, West Point, Rensselaer Polytechnic Institute and New Hampshire.

Ed Crane, Larry Ambrose, Heath Bourdon and Bob Rupper will be entered in the jumping as well as the other two contests and Pete Mallett, Dick Parker, Al Lowenfels and Rodney Galbraith will complete the list of entries for Vermont's team in downhill and slalom.

Judging is figured on a point basis with so many points awarded for form and distance in jumping, speed in downhill, and speed and accuracy in maneuvering the course in slalom.

Five members of the team went down last Saturday to try out the course in advance. The run will be on a quarter-mile trail on Chipman hill and jumping at the hill, too.

Ink Spots Defeat Vt. Jayvees 48-31

The U. V. M. gym was the locale of another fast basketball game last Saturday afternoon between the Vermont Jayvees and the Ink Spots, with the Jayvees coming out of it on the short end with a score of 48-31.

The Jayvees played a speedy first half but slowed down in the second when the Ink Spots took the lead for the rest of the game. Lay-up shots were clicking for the Ink Spots and several well executed plays showed that there was a lot of game experience behind them.

"Chick" La Pointe, former Vermont football and basketball star, home on leave from the army was high scorer for the Ink Spots with 14 tallies and Merola next with 12. Leaders for the Jayvees were Manchester and Wetherby with 10 and 7 each.

W. A. A. Notes

This year the old tradition of having the Freshman divided up into green and gold teams has been revived. A few years back, as the fresmen entered college, they were placed on either the green and gold team and remained on these teams throughout their four years of college. There was continual competition between the green and gold in class as well as in clubs and at the end of the year they held a banquet and the captain of the winning team was awarded a cup. Plans for a competitive tournament in basketball for this year are well under way. The gym classes have divided into teams with which they will have a round robin tournament. Each time a team wins a game they will receive a point and the team with the most points is counted as the winner. This tournament will start right after midyears and continue for three weeks.

Basketball

Any six girls who are interested in forming a basketball team are asked to organize it before Feb. 5. This may be done in a dorm or just from girls who are interested in this sport. The tournament will start Feb. 6 at 7.30 in the gym. After you have organized your team leave the names of your players in Room 116 before Feb. 5. This tournament is also going to be run in the round robin style.

Badminton

Shuttlecocks will begin to fly with real vengeance when the doubles tournament commences. This is to be an open match that is, any two girls who are interested in entering may do so. Opening game starts on Feb. 9. Badminton enthusiasts are asked to watch the front hall bulletin board for information on entrance.

Rifle

Sergeant Parker has great hopes of selecting a team of a few girls to enter them in competitive shooting against Syracuse. This will probably take place and Friday the Rifle Club meets and the score of bull's eyes is quickly mounting.

Swimming

The Swimming Club has been under a handicap lately due to the fact that the pump of the pool has been broken and the club has been unable to meet. However, plans are in the making to enter sometime in February. Every Monday some U. V. M. students in intercollegiate meets. These meets will probably take place in February and March. Among the attractions will be the back crawl, front crawl, and the free style. There will be a second Swimming Club starting in second semester.

Nose-Dive Annie Takes Ski Enthusiasts to Stowe

Beginners Have Lessons On Country Club Slope

The skiing season started at the University last week under the leadership of Mrs. Ann Cook, popularly known as "Nose Dive Annie." Mrs. Cook who trained in 1940 at Sun Valley Ida. under Eddie Pfeffer with the American Woman's Olympic team, competed in the West and East in 1940-41-42 and captained the American woman's team to Canada.

The meeting of the first skiing class was held last Wednesday at the Country Club. Here Mrs. Cook instructed various classes of skiers from some who were just beginning, to others who were pretty skillful on skis. Classes will continue to run each Wednesday every hour from 1.30 until 5.30.

Trip to Stowe

A skiing trip to Stowe which was planned for Friday, January 12, was held instead on Saturday, January 13. This was open to all who were interested in continuing their practices on more difficult slopes. The skiers, ten in number, were met at Waterman at 12.15 by a specially hired taxi which transported them to Stowe. Mrs. Cook, who makes her home at Stowe met them there, and took them out for a strenuous afternoon of practice.

They spent Saturday night at an old C. C. C. camp which the state is gradually converting into a dormitory for college students and others interested in skiing at Stowe. One room downstairs had been furnished completely with a stove, bunks, mattresses, pillows, cold running water, etc. The rest of the camp was still in a state of carpentry. Joanne Stevens and Georgia Husen were made fire watchers for that night while the others put the soft mattresses to good use.

Skiers Form Teams

Although the skiers had firmly resolved to make the first trip up the mountain at 8.00 on Sunday morning, they managed to get to the lift at 10.30. At this time Gwen Richardson attempted her first ride on a lift and had to be assisted by several members of the company. A charge of 75 cents is made for a ride on the lift over weekends although books of tickets may be bought at a lower price.

During the morning the group divided into different teams varying according to the ability of the skiers. The beginners took the Toll Road, the intermediates took the Lord Trail, and Greene with a few more hardy adventurers tried the Nose Dive. At this time Mrs. Cook with her two children, also ski enthusiasts, was around giving pointers if anyone needed them, although she did not give any official lessons. The members of the group met Barbara Shaw of Middlebury who again cordially invited them to participate in the skiing meet at Middlebury.

They ate lunch at the Octagon, a building located at the top of the lift. Here they had a public room with benches and tables, for the skiers, where soup, sandwiches, and coffee could be purchased. They went back to skiing for the remainder of the afternoon. During this time there were no serious casualties in the group, although Sally Merwin did suffer a sprained ankle. At 4.30 they left in the same taxi for Burlington, tired, yet enthusiastic, and looking forward to another weekend at Stowe.

MIDDLEBURY MEET

The Winter Sports Carnival of Middlebury College will be held on January 19, 20, 21. One of the main events of this carnival is the ski meet. West Point, Dartmouth, R. P. I., M. I. T., Williams, Syracuse, St. Lawrence, and U. V. M. are the colleges which will be represented.

Two girls from our college are to represent us. They are Mary Greene and Marion "Skip" Lewis. These girls are two of the many ski enthusiasts on campus. They have made many trips to the local mountain to practice up on the different techniques. They will be matched against the best skiers from the colleges that are to be represented and will enter in the downhill slope and also the slalom.

[illegible]

SEATING PLAN

A permanent seating plan for identification has been completed by Ruth [illegible] and will go into effect on Thursday, January 18.

The purpose of this is to do away with the present system by which students have to sit in all seats available just on the order of the class's arrival. The underclassmen will, by the seating plan, fill the center seats and the upperclassmen will be seated at the outer balconies. Members of the faculty are to sit in their own assigned seats.

Every will be issued membership cards with their name and number on them. These cards will be surrendered to the attendant at the entrance to the Main Ballroom. Students should be sure to sit in the seats assigned them or by will be considered as having been absent.

There will be two letters before the seat number on each card and they should be interpreted as follows: L meaning left, R meaning right wing and B meaning balcony. The seating plan will be posted on the main bulletin board and on Chapel.

Religious Parley

(Concluded from page 1)

and Rabbi Cohen. Taking his text "Unto the Least" from the Sermon on the Mount, the Rev. Ben Richardson delivered the address of the afternoon. "There are three things which if passed on to some one else, bring great joy, but if denied bring suffering too deep for human tears" said the speaker.

Minorities

Prof George Dykhuizen was the presiding officer at the Sunday evening forum assembly in the Student Lounge. The topic of the evening, "Minorities," was led off by brief points made by each speaker. Rev. Richardson discussed the problem from two standpoints, the religious and the political. First, there should be a change in the religious approach to the subject, and secondly, there must be a political structure which guarantees to all individuals the rights of freedom. "What is a minority?" began Rabbi Cohen. "I am afraid of that word. It has two meanings which are confused." He explains that in Europe, it designates people of lesser rights, such as the Jew, and with it goes second-class citizenship. The word "minority" in America, however, is merely a parliamentary term, and one which can be changed into a "majority." The Rabbi suggested three points to be remembered: first, that every man is as much a majority as anybody else; secondly, why be afraid of differences in others; and lastly, that minorities must have the right to dissent, and still maintain their rights. Doctor Nelson then added briefly to the Protestant view of minorities, stressing the part that education must play. The learning process is the only way out. "The basis of treating minorities on the Catholic basis is to love our neighbor as ourselves" went on Father Crowley. "There must also be self-control, first, individual, and then, society as a whole." Open discussion from the floor followed.

Four Round Tables

Luncheon at Waterman opened the second day of the parley. Following this four round-table discussions were carried on. In the Faculty Lounge, a forum on "Vocations" was led by Doctor Nelson. The Catholic Round Table took place in the Women's Lounge. Led by Father Crowley, the points under discussion were clarified and philosophy.

"Minorities" with emphasis on the Negro and Jew was the discussion led by Reverend Richardson. The whole question, he stressed, was no longer that of race against race, but fascism against democracy.

"If the Prophets were living now, they wouldn't agree with the philosophies of many," stated Rabbi Cohen in his discussion of "Hebrew Prophecy and the Modern World."

Former Band Men Offer Opinions on U.V.M.'s Co-ed Band

Letters From Boys Show General Spirit of Admiration and Pride

In the autumn of 1941 when the pride, love and leadership of Uncle Sam's Marine Corps first got its start, letters switched at once. Since then, ever increasing the cause that these men exemplify, some hand [illegible] been received by [illegible] from "Joe's boys" as the Bandsmen call them, on the subject. Also many who have returned to [illegible] at a visit have made various interesting remarks.

One letter from Bill Lane said, "Dad sends me clippings now and then so I have been keeping tabs on you and the band back there down to the detail of kilts. I don't know whose idea that was but it sounds good from here. I don't suppose the band seems much like it used to be. For one thing there are the women, and you will agree, they are different to handle. Wonder how you contain yourself when you feel like telling one of your stories, or do you? It would be great to get the whole gang together again for one of those concerts but I guess from the reports I get from U. V. M. casualty lists that it would never be possible. Three years ago none of us could foresee the changes to come. Guess that was better for all of us." Bill also said that he had seen action at Le Mans, the Falaise Gap, Paris, Mons, and Luxemburg. He was with a tank outfit and had a ringside seat.

Bob Waldo writing from a hospital in Ohio where he has been undergoing operations of bone graft on his leg, was very anxious to see if there is still a place for Jim and his trombone when he comes back.

These and many other similar letters exemplify the general reaction of former band players toward the new band. Many of the boys back on leave have sat in at rehearsals and after their first surprise seem to be satisfied with the idea of the girls being there.

New Courses

(Concluded from page 1)

The content of the course will be quite different, dealing with contemporary economic problems. *Statistics* is to replace *Business Law*, and *Economic History of England* will be replaced by *Economic History of the United States*.

Professor Dole will offer a new course in Ecology which has not been offered for quite some time.

Getting to the history field, American History 14, a one-semester course, will be given by Professor Putnam for students who entered in June, 1944.

Also to be offered are Philosophy 10, *An Intellectual Background of Modern Life* will be given by Professor Dykhuizen. *Physics 2* will be given for the second time. The latter course is being given primarily for Aggies and Home Ec. students.

The Book Store announces a new gift display which will be presented from now until February 14, giving many opportunities for Valentine Day shopping. A new feature of particular interest is the display of novelties of foreign countries such as Mexican trays, Swedish candlesticks, Mexican aprons, and kitchen plaques and fancy towel racks. Miss Barney is leaving for Boston soon, to add to this display.

Dorm Notes . . .

DELTA PSI

Mumps invaded Delta Psi in form of [illegible] one and poor Shirley is now in the Waterman Infirmary.

Rita McGarry ventured into the study of Peg, Spike, Fahey, Campbell, something she will never do again. She returned to her two roommates with sore and swollen knee and jaw. What do you kids do to them?

Bunny Lieberman, our entertainer, became twenty-one on the 11th. The 12th she arrived at the smoker looking all of 12. That was a nice cake and I was hungry.

We are all preparing for exams and waiting patiently until next term to see who is still with us. The quiet of the smoker I'm sure, will help us all gain our nineties. Quote Psych. "smoking does not help, but hinders, one's learning abilities."

PHI SIGMA DELTA

Phi Sig's twenty-two girls have remained amazingly quiet in these columns so far, but they really can make a lot of noise. Just ask Mrs. Blake or the House Committee!

There have been many various reasons for the noise. Marion Lamson is happy because she is going to the Dartmouth Carnival; Jeanne Ayers received another letter from her Lieutenant in France (she was downstairs slaving over some candy to send to him last night). Maddy Ellis did *not* receive here letter from M. I. T. Everyone else makes noise just because they feel like it. They eventually have to pay the penalty, but what difference does the loss of night out for week make, anyhow?

ROBERTS HOUSE

Roberts House girls have been kept busy these last few days frantically writing home, to ask their mothers whether they've have mumps on both sides.

Esther spent four divine days with her Ha-vad man during vacation. Lucky girl!

What's this about Doris getting her train schedule confused and landing back here a day late? Better be more careful next time, Doris. To compensate for that, she brought back an unexpected visitor from New Rochelle who remained to cheer up the house for three days.

Penny spent seven-eighths of her vacation in bed with a cold but claims the remaining one-eighth in Hartford made up for it. Wonder what she means?

We hear that Sue had a perfectly marvelous time at West Point. Tell us about it sometime, huh?

Leona has finally decided to rejoin our fold after an extended "vacation." What's the matter, Leona? Too much New York and New Year's Eve?

SANDERS HALL

What a way to end a vacation! Two inmates on the third floor of Sanders have that "undeadly" but uncomfortable disease, the mumps, Libby Hill, who had them before she left home, and Lois Baker, who came down with them the morning after she returned. Libby will be back with us on Sunday, though.

Norm Prescott, another third floor resident, is entertaining an old high school [illegible] from St. Lawrence "Smokey" Smith over the

Two of the Sanders [illegible] Kipp and Barby Kuhnert [illegible] of that defeated lint [illegible] ball team who played the [illegible] alumnae Wednesday night.

Clarie Bundy pulled up [illegible] home in Bethel last week. A certain little air cadet [illegible] on furlough.

Barby Morgan also [illegible] mam for a few days to visit [illegible] don, Conn., home of a [illegible] wich ASTRP, who's been [illegible] here almost every weekend [illegible] summer.

ALLEN HOUSE

This week Allen House [illegible] with the quotation, "Of [illegible] deCordova." and ended with "Of the man, deCordova." Probably [illegible] quotation will be, "Here I am, Mary."

We are happy to report that Miss Hayes is still well. There was a [illegible] rumor that cold sores were going around. Mary, however, has been [illegible] careful and so nothing has happened.

Audrey Hutchins was a little under the weather this week. She really was sick. . . . Yet it could have been a ruse just to get some soup.

Mary Pease finally decided she belonged to Allen. We must admit however she didn't come willingly. In fact the only way they could get her to come back was to grab her when she was unaware, crate here, and send her express C.O.D. too. Fools that we were, we paid it.

We have an expert juggler residing at Allen House now. Who? Jan Jenkinson. We just found out this last week. Surprised she.

SLADE HALL

Slade has had a mixture of [illegible] elations this week. Since Lorre Kaiser has been nursing the measles the rest of the girls have been rubbing their sensible feet in hopes that this will prevent them from contacting some lovely bumps. Lorre recuperates soon. A number of other girls have been ill this week with colds, coughs and other flames. Jan Goldblatt, Deena Pord, Mig Burggraf, Louise Karraker, Joyce Pyne, [illegible] Smith. Let us see all the smiles around and around the next time we [illegible].

Quite a few birthdays have been passing around Slade, Ruth Landers a New Year's baby, celebrated at [illegible] Marge Cutler was surprised the night when the girls presented her with a cake. In another year Marge will [illegible] to say farewell to the teens. [illegible] also had a birthday. Really [illegible] hide your age very well.

Mrs. Loudon is still talking about a wonderful trip to Minnesota. We're glad you had a good time [illegible] happy that you are back. Mr. [illegible] Please don't leave us again.

Vermont Ski Team Took Top Honors at Middlebury Winter Carnival Last Week

Al Lowenfels

[illegible] University of Vermont ski team [illegible] and practice since 1942 has come off with top honors at one of the biggest winter sporting events [illegible] fourth annual Winter Carnival at Middlebury College.

Seven men from the University entered the meet. They were: Dick Parker, Larry Ambrose, Pete Mallett, Ed Crane, Heath Bourdon and Bob Montgomery. Ambrose, and Montgomery have specialized at their skiing in Vermont, Parker and Crane skied at Hanover, Mallett did the greater part of his skiing in Colorado with the Mountain Troops.

Actual practice for the meet started [illegible] and before the tournament. Four members of the "A" team (Mallett, Parker, Ambrose and Crane) and members of the "B" team (Lowenthal and Anabel) went to Middlebury on Sunday to practice on the Chipman trail and the jump. The first few runs were encouraging to the fellows. To [illegible] the third run was almost disastrous. Parker packed in a tree and suffered considerable.

Practice

[illegible] of the same week-end Malcolm Galbraith, Anabel, and Lowenthal went to Stowe to work out on the trails.

During the week Ed Crane got in a few [illegible] the 15 meter jump at North Hero. Some of the fellows practised [illegible] the afternoons at Centennial Field. This was just about all the actual practice that the team had.

The meet was held on the Chipman trail just outside of Middlebury [illegible] teams entered the four-event tournament, Vermont, Dartmouth, MIT, Williams, West Point "A," R.P.I., Middlebury, New Hampshire, and West Point "B."

The snowball event started at 2.30 on Saturday. The one-quarter mile Chipman trail starts just above an old logging road, winds down through three turns, [illegible] through a straight stretch, enters the woods again and then crosses the finish line. A fifteen inch snowfall had blanketed the trail three days before the race made conditions ideal. After the downhill event had been run, Frank Elkins of the *New York* [illegible] set up a slalom course which, according to the team, was really tough. It consisted of an intricate arrangement of 17 flowers, "Flushes," Hairpins, and an H. As in all slalom races the contestants were only allowed to traverse the course once, while walking up next to it. No one got a chance to try it before the event started.

Difficult Course

The course was so difficult that nearly everyone fell at least once. Returning to the slalom course Larry Ambrose said: "I did a double stem through that blasted H turn and still almost missed it." Dick Gaylord skiing for the Middlebury team was one of the few men that didn't fall. He skied through in excellent style and turned in a time of 0.42 minutes.

On Sunday, the jumping event was held on the thirty meter jump at Middlebury. Lack of wind, well-packed landing slope, clear bright skies combined to make conditions ideal for jumping. Three Vermont men placed in the first ten positions. They were Ed Crane (seventh) Heath Bourdon (ninth) and Larry Ambrose (tenth).

Final Scoring

The University of Vermont Men won no firsts at the meet. But in the scoring of the Intercollegiate Ski Union, it's the team as a whole that is considered, with individuals subordinate to the group score. So by placing high percentage of their men in the first ten positions in each event the well proportioned Vermont team was able to take top honors at the meet.

Event results were as follows:

Downhill and Slalom Combined

Parker third 1.01.6 minutes
Mallett sixth 1.08.3 minutes
Ambrose eighth 1.08.8 minutes

Jumping

Ed Crane seventh 173.7 points
Heath Bourdon tenth 171.4 points
Larry Ambrose tenth 160.2 points

Team Scores

Vermont—367.2 points
Dartmouth—345.2 points
MIT—343.9 points
Williams—321.9 points
West Point "A"—321.4 points
R.P.I.—291.3 points
Middlebury—286.8 points
New Hampshire—256.2 points
West Point "B"—176.4 points

The Vermont team, having made a fine showing at their first meet is looking forward to future events with other colleges. But the team can hardly be expected to keep its excellent record up without some sort of financial aid from the University and the whole hearted support of the student body.

Kake Walk Flash . . . —

The gala "Kake Walk" festivities will be shared with all Vermont alumni overseas this year. Burlington radio station WCAX in cooperation with the Armed Forces Radio service will make this possible.

According to Ray Simms, publicity director of Kake Walk there will be a recording of a two and one half minute broadcast of the Kake Walk Ball and four minutes of the actual Walkaround the Kake. These will be handed over to the Armed Forces Radio Service and will be used in their short wave broadcasts to Army and Navy personnel in the South Pacific and European theaters of war. On the same program with these recordings will be two speeches, one by President Mills of the University of Vermont and the other by Governor Proctor of this state.

All available help is needed to let our alumni overseas know in advance that the broadcast will come over at some time. These broadcasts may be sent at any time and it will be necessary to let our boys in on the secret. The sound of "Kake Walk" to our alumni in the armed forces will be a morale builder for them and for their buddies who are not Vermont alumni but who would be just as happy to hear the broadcast of a tradition of one of America's oldest universities. There will be a meeting of all committees tonight at 7:30 in Room 165.

Three Admitted To Bluestockings

A meeting of Bluestocking, the honorary literary society, was held at 8:00 Wednesday night January 17 in the Night Owl House. Special permission was secured for this meeting because of the unchaperoning of extracurricular activities between mid-terms. This permission was granted due to the fact that it has become a tradition of the society to judge the manuscripts directly at the time of the contest by candlelight.

The president, Peggy Thomas, conducted the meeting of the society at which all members were present to judge the three manuscripts submitted. Three applicants were accepted for membership at the meeting. They are Florence Lavender '46, Shirley Bell '46, and Jean Green '45.

The manuscripts and meetings which were just accepted were turned in on Tuesday.

Monday, January 29, the day immediately preceding the examination period, will be a day for review. No classes will be held on that day.

ELIJAH SWIFT, *Secretary*

DEAN'S OFFICE

There will be a Special Student Convocation Thursday, January 25, at 10.00 a.m. in the Ira Allen Chapel. Attendance of students in the three academic classes is required.

Classes on that day will meet in accordance with the following schedule:

First hour	8.00- 8.50
Second hour	9.00- 9.50
Third hour	10.30-11.20
Fourth hour	11.30-12.20
Fifth hour	2.00- 2.50
Sixth hour	3.00- 3.50

ELIJAH SWIFT, *Secretary*.

CHOIR REHEARSAL

The University Choir rehearsal hours are changed from 7.15 to 8.30 a.m. Tuesday and Thursday and special hours when announced. Professor Bennett announced that there will be no rehearsals this week.

The rehearsals will be Tuesday and Thursday from 8.30 to 10.00 p.m. This change is due to a conflict with rehearsals conducted by Professor Bennett at the Methodist Church.

Mary Greene and Skip Lewis Enter Ski Meet

On the week end of January 20 Middlebury held its fourteenth annual winter carnival. Fifteen women from Vermont, Syracuse, Middlebury, St. Lawrence and New Hampshire participated in the meet. From Middlebury came the three outstanding well known women skiers: Becky Fraser, Barbara Shaw and Polly Hodder. In the women's slalom the order of winners was Becky Fraser, Barbara Shaw and Polly Hodder from Middlebury, Jean Orland from New Hampshire and Mary Greene and Skip Lewis from Vermont. In the women's slalom Barbara Shaw topped Becky Fraser with Polly Hodder again in third. Close behind them came Skip and Greene. For the combined scores Barbara Shaw came out with top points and 100 points. Becky Fraser took 90.7. Polly Hodder 87.7. Mary Greene 86.6 and Skip Lewis 77.0.

W.A.A. Pop's Party To Be Gala Event

A gala time is in store for all planning to attend Pop's party sponsored by WAA on Friday, February 9.

Roller skating to the music of the record hand will be a novelty as will also the planned chatup recess. There will be group singing and entertainment under the direction of Ruth Jandorek.

The committee for the party consists of Anne Rowe, Chairman; Sylvia Thornton, Irene Fabey and Margy Watts in charge of publicity. Kay Hennessey in charge of food and Ruth Jandorek is responsible for the program and entertainment. The sessions allow the women will be opened at large numbers. For good food, good fun and good fellowship, all invited to attend Pop's party February 9 at the gym.

NURSING DEPARTMENT OFFERS NEW COURSE

In view of the present need for trained nurses in the Armed Forces and the consequent shortage of those available for home nursing, the Nursing Department plans to offer a course in Home Care of the Sick second semester. This course aims to help prospective homemakers to meet their personal and family needs pertaining to their homes. Preference in regard to the care of a sick family member and to be considered will be discussed. Practice will be given in bed making, giving of oral baths, making an occupied bed, proper diets, treatments and using of improved equipment in the home.

Lectures and problems be given at a two hour period weekly and will be conducted by a limited number. All of those interested should make an appointment with the secretary of the Nursing Department to discuss the course with Miss Brown. Preference will be given to the senior and junior women.

The Vermont Cynic

The Official Student Newspaper of the University of Vermont and State Agricultural College

VOL. 62 JANUARY 24 1945 NO. 55

Janus

With this the last issue of the current Cynic year it is customary for the Editor to relax and survey the year's activity with as editorially cold and critical eye.

Perhaps we are still too close to college life to look at our experience at U. V. M. with the proper perspective. Perhaps in a year of two or ten we will look back with an entirely different view. None the less we will take this one last opportunity to reconsider college at Vermont—its worth and its weakness.

Its worth is in the stimulating records of its faculty—in the Nugents, the Lyons and the Cheneys to name a few examples from personal experience.

Its worth is in its students—in their sincerity, their emphasis on extra-curricular, their keen searching minds.

Its beauty is in the beauty of its surroundings—in the whiteness of Vermont snow and the blue of the winter sky.

Its worth is in the Credo in its Chapel Hour and "Frontiers of Knowledge" in its Lyceum and vital night bull sessions, its student government, and yes, in its traditions.

These are its riches, but these are its weaknesses also. How many professors content themselves with reading over the notes they have used for the past twenty years, instead of trying to stimulate the class to participate in the subject, till it is stone-worn with a rounded groove of the past? How many of the keen-minded students are satisfied to slip through easy courses with a mediocre grade and pass just enough to pass the course? These are Vermont's weaknesses, missing enthusiastic approach on the part of the student, a peculiar emphasis on social activity and a pronounced lack of emphasis on a real earnest search for knowledge. We wonder how many of us read every text book not specifically assigned, how many read the daily newspaper even once a week? Very few, very few indeed.

There are other things we wonder about. Why does the largest part of the minority fee of all the students go to support the Women's Physical Education Department ($5,000 out of a $13,597 total)? We wonder when Women's Student Union will actually function as a democracy, and if sororities and fraternities will some day remember what that word means. Will the day ever come when students will not be so "organized" with meetings and activities and find a little time to think what they have come here for—and go after it? We do not expect a millennium when Vermont will be the perfect college with flawless faculty and brilliant students but we are making progress toward a better University—a bigger University producing bigger thoughts and bigger people.

Let's not be like the proverbial groundhog who sees his shadow and scurries back into the security of his hole. Let us, faculty and students alike, see these weaknesses which are the shadow of U. V. M. and make an effort to correct them.

Joy in doing we will be the richer.

In Defense of Realists

[illegible]

All courses at Dean Roosevelt are supposed to "keeping our eyes on the [illegible]." Those who follow the arts the true realists. Bloomenthal states at the beginning of [illegible] that he is going to contrast two realists with the starry eyed idealist. He wastes most of the column by depicting the mythical characters whom he classifies in one sweeping statement as realists or by quotes virtually no space to interesting his own views.

Now let us state a more typical case for the realist. While the starry eyed idealist rocking with *F. M.* excerpts and courtesy a super streamlined international state, we believe in a more rational form of thinking which recognizes the power of [illegible] of naturalism in the modern world. Bloomenthal doesn't think of "realists" to paint an idealist whose [illegible] represents. We think it necessary. Bloomenthal himself has admitted that he is a realist [illegible] this is the reason [illegible] realists to represent the political [illegible] of U. V. M.

Bloomenthal's realists: John Brown [illegible] Democrats get the Lyceum [illegible] Lyceum and the Henry Stanley [illegible] would welcome an abominable creature as our realist. They are be[illegible].

Let's get our terms straight. Bloomenthal began to wrangle with the realists as soon as we read that it is they Lyceum are going with are fighting this war and will win the peace.

Peace Movement
Russian Encounters

[illegible]

In a recent letter to this paper I tried among other things to point upon the importance, the duty, and the honor of leadership. I tried to show how much the world needs leaders, that we here in the United States have a heritage not found elsewhere in the world, one which has been bought and is now being bought with blood. I called upon my fellow students to work together and demonstrate that we are worthy of this honor or trade up.

Over the past week end there have been at the University of Vermont four men: Father Crowley, Rabbi Cohon, Doctor Nelson, and the Rev. Ben Richardson—who discussed with us religion and life. Those who attended the meetings found interesting, stimulating, and challenging thoughts and heard some very controversial ideas skillfully and honestly discussed. Those who talked freely with these visitors, who were [illegible] I attended, cutting a class to do so and wish I had cut more. From my point of view it seems unfortunate that services were being held at the same time as these conferences.

Professor Dekleyzen conducted the forum and presented a very fair case for one of the opposing representatives, the agnostic. The second forum was ably conducted by Dean Mary Jean Simpson who remarked to me personally that, "The people who really need this are not here. They are at the Strong or elsewhere."

I desired to attend each round table, but [illegible] and [illegible] to be in attendance at [illegible] Wednesday Lyceum. One I have talked described it as interesting and stimulating, but understated the case. It was raw and [illegible] as a [illegible] The [illegible] representation was true-to-life as I saw it when I was stationed in Puerto Rico.

I signed [illegible] and got [illegible] and know God [illegible] and [illegible] [illegible] meetings and discussions, [illegible] [illegible] which was anything [illegible]

[illegible]

"Try and Stop Me" Suggested To Escape Pre-Exam Neurosis

Lesley Bell

[illegible] has the single thread that [illegible] the past will entitle it [illegible] [illegible] [illegible]

Six Outstanding Students Named to Senior Staff

Spike Thornton

[illegible] new editor-in-chief needs [illegible] to announce the U. V. M. [illegible]'s well known to all hello [illegible] gentlewoman. Spike is a W. A. A. a well respected bas[illegible] and no mean bowler.

[illegible] one of the merry quartet that [illegible] Mexico and the University [illegible] summer. On their return they [illegible] new Spanish Club, and [illegible] furnished much entertain[illegible] tall dancers with their Span[illegible]. The Student Government [illegible] Committee and the Freshman [illegible] Committee take up some [illegible] her time.

[illegible] member of Sigma Gamma [illegible] all her extra-curricula activi[illegible] is made Dean's List last year. [illegible] member of the *Ariel* Staff. [illegible] Business Manager.

[illegible]erest in the literary world made [illegible] for CYNIC her freshman year [illegible] as confidently and happily hand[illegible] over to Spike Thornton, Editor [illegible].

Peggy Donnelly

CYNIC's new Managing Editor, [illegible]onnelly is a familiar figure on [illegible]mont campus. Coming here from [illegible]a she has been active in many [illegible], W. A. A. Student Government, [illegible] Union, and Kappa Alpha Theta. [illegible] the enthusiastic Mexican gang [illegible] organize the new Spanish Club [illegible] as "Flash" to her friends (for [illegible] reasons) Peg is to be found [illegible] in the Commons dining room and [illegible] can every day. Always an en[illegible] CYNIC worker, Peg will help [illegible] to give campus a vital alert paper.

Janice Commanday

[illegible] Commanday, our new Campus [illegible] from the Bronx. In her pert [illegible] she has accomplished lots of [illegible] this campus. Many jobs that [illegible] over are the obscure necessary [illegible] to which there is little glamour. [illegible] hospital work at the Mary Flet[illegible] Hospital. She is scout leader of a [illegible] girls in the city, and occasionally [illegible] recreation at the Community [illegible]. As House Manager of her soror[illegible] Delta Phi Epsilon, she is very busy [illegible] the furnishing of the new apart[illegible].

[illegible] likes to read, and hates to sweep [illegible]. She is interested in social work [illegible] her major, Psychology. She is [illegible] to prove herself a competent Campus [illegible].

Connie Brownell

[illegible] succeeds Joyce Byington as [illegible] Editor whose work is training [illegible] penitating scrubs. Connie has [illegible] the CYNIC ladder, working as [illegible] reporter, and news editor, and [illegible] prove herself most capable in [illegible] position on the senior staff.

[illegible] is an enthusiastic member of the [illegible] band and she may also be found [illegible] Zoology Lab assisting freshmen [illegible] surgery. Connie wants to be a [illegible] and she is on the road to success [illegible] medical career. She has been [illegible] by the Vermont College of [illegible] and has ambitious plans for the [illegible].

Ginny Campbell

[illegible] Campbell, the new Feature [illegible] could easily be a feature in her[illegible] native of Vermont. Ginny finds [illegible] all her activities for the sports [illegible] hockey, softball, swimming and [illegible]. With Peg and Spike she is a [illegible] the University of Mexico and [illegible]. Ginny is a member of [illegible]a Delta, Dean's List, Band, [illegible] Student Union, and is on the [illegible] most recently organized by Stu[illegible] Government. With Ginny's wealth [illegible] readers can expect many [illegible] entertaining and entertaining [illegible].

Photo by Cummings

Bob Rosenberg

It is Marjorie Alexander '46 of Irasburg, Vt., who will have to mind her commas and spit infinitives for the next year as she is the new rewrite editor. Marg is treasurer of this year's WSSF drive and is a member of Health Council. She is also active in the International Relations Club and was a delegate at the New England Conference this fall. Marg is a newcomer to the CYNIC, but she received such rigorous training during the summer semester when members of the staff were very few that she is well qualified to become a member of the Senior Staff of the CYNIC.

Walter Stern

The position of Sports Editor is back on the Senior Staff and Walter Stern '46 is to have it. Walt is a pre-med student who came to America from Austria about six years ago, and he is the new vice-president of Phi Sigma Delta. Walt's many other activities include Captain of his fraternity bowling team, a member of Student Government Executive Council, and Sergeant in the R.O.T.C. In addition to this he is on the Dean's List. Walt is one of those who worked so hard and well for the CYNIC this summer and certainly earned his promotion.

Business Promotions

Robert Rosenberg is the new Business Manager of the CYNIC. Bob was the efficient Business Manager this summer and so is already to take over for the coming year. He is a member of the Debating Club, the Band, and President of Phi Sigma Delta Fraternity.

The new Advertising Manager is Harriet Cohen '46. She is chief twirler in the band, a member of the Dramatic Club and of Delta Phi Epsilon Sorority.

Gail Thompson '46, takes over as Circulation Manager. Gail, who is well known on campus, is head drum majorette of the band and a house fellow at Slade. She is a member of Alpha Chi Omega Sorority.

This year there are to be Office Co-managers. Margaret Miller is Assistant Business Manager of the *Ariel*, a member of Y.W.C.A., the Financial Committee of U. V. M. Students, and Kappa Alpha Theta Sorority.

Wanda Hopkinson, her partner, is also a member of Y. W. C. A., the Finance Committee of U. V. M. students and is Advertising Manager of the *Ariel*.

At the State Rural Policy Meeting of January 8 and 9 there was an exchange of coats. The whereabouts of a navy blue tweed coat with a gray fur collar is not known. If anyone knows anything about this coat will he notify the Office of the Dean of Women.

CLAGGETT HOUSE

Eileen Gates was the guest of Janice Hubbard over the week-end.

Ann Burnham of Waterbury was here for the week-end.

Wardrobes

[illegible] It was a girl. The New Yorker cover, [illegible] number would do. Found the [illegible] jacket hung a Saturday Evening Post [illegible] the apartment below. And there I was, standing two feet above the pavement, [illegible] thinking about my very, rather-[illegible] "proper" coat, of things and wearing it it would be basic, perfect, [illegible] to alternate a number of years. I [illegible] and search for all the attributes of [illegible] in the last year I found myself [illegible] at the counter and [illegible] exclaiming, "But I ALWAYS need them! Just [illegible] my [illegible] the realm of Aesthetics. I wondered if it would be more artistic [illegible] to set up a line chart on a green [illegible] or on a red chart on a white [illegible] to see how I was reflecting. I also wondered if the corporate problem would ever be solved, and if people would EVER stop talking at the same time. The thought of the impending winter brought back the old scenes at my childhood—with father shaving all his hair off just to scare Aunt Mary and mother sitting in the parlor window watching old ladies and old gentlemen [illegible] slipping on the ice and loving it—simply loving it. And I remembered my last pound of candy—[illegible] Lamont Hse. and a WOW picture, or a third which would be accompanied by a broken arm—poor Elsie. It gave me conversation for weeks! A cloud passing by the moon gave me the feeling of futility and insecurity. It took me back to eighth grade English, when I almost became a disciple of Eugene O'Neill—who said "Our lives are merely strange dark interludes in the electrical display of God the Father"—AND WHY DO PEOPLE HAVE TO TALK ALL AT THE SAME TIME? A little later I introspected—was what I formerly thought will merely acute memory plus imagination or had I read too many books. This troubled me for weeks, but I [illegible] to the possibility that Terman might publish a Navy Beta. I wondered then about me career. I think I should like to sit in the Congress for the next fifty years—smoking and carrying on sparkling conversations, but as for my immediate future—tomorrow, I shall wear my suit of grey.

Negro Minister to Speak at Redstone

Rev. James Farmer, one of the organizers of the Committee of Racial Equality will be the speaker this Sunday at the weekly meeting of the Fellowship Group at Redstone living room. It is at 9:30 a.m.

Reverend Farmer, a Negro, is a graduate of Wiley College, Texas, and received his degree in Theology at Howard University, Washington, D. C. During his student days at Howard, he served on the National Council of Methodist Youth heading the Department of Worship and Devotional Life. He was in his undergraduate days Youth Secretary of the Fellowship of Reconciliation and after graduation he went on the staff of the Fellowship as the Race Relations Secretary.

Reverend Farmer has participated in the activities of a number of groups which have by educational and non-violent means attempted to win freedom for the Negroes in America. The Committee of Racial Equality which he helped organize is becoming one of the most dynamic forces for combating racial discrimination in this country. At present he is the National Chairman of the Committee of Racial Equality and a member of the Board of Directors of the Workers Defense League.

Meet Your Officers, The Men Who Make R. O. T. C. Click

Bob Morris

[illegible] at least [illegible] a pre-[illegible] [illegible] a [illegible] [illegible] greater R.O.T.C. [illegible] [illegible] realized under the guidance of an [illegible] competent military [illegible] of the University of Vermont. Who are these men and what qualifications must they possess to prepare our youth for the [illegible] days ahead?

First Lieut. Frank A. Rowe, Professor of Military Science and Tactics, [illegible] the U. V. M. Military Department? [illegible] graduate of Rhode Island State College in the class of 1938. He entered the Army immediately upon graduation and was assigned to the 13th Infantry. Since that time he has seen service at Fort Bragg, N. C., Camp Devens, Mass., Norwich University, Northfield, Vt., until was named to his present post on October 1, 1944. Due to military policy Lieutenant Rowe declines to express his views on domestic or world military affairs. That he believes in American preparedness cannot be doubted by one considers the training given to U. V. M. students.

Sergeant Parker

First Sgt. Charles F. Parker enlisted in the regular army in 1941, and has served Uncle Sam continuously since that time. After serving in Mexico he saw action in France where he was twice wounded. As an aftermath of this Sergeant Parker was awarded the Purple Heart. Upon returning to the United States the veteran was assigned in various posts, including Ft. Lewis, Wash., Ft. [illegible] he assumed his present duty as senior R.O.T.C. instructor here.

Master Sergeant A. B. Dodd has seen service in many army camps in the United States. Approximately one year ago he was transferred to the U. V. M. post. At present he divides his time between his duties and trips to Camp Devens, Mass., where the finer of Army business make [illegible] necessary.

Sergeant Lawlor

Another member of the military staff is Staff Sergeant F. A. Lawlor. A native of Texas, Sergeant Lawlor has over twenty years service to his credit. He has a hard reputation for his work with the U. S. Army Paratroopers. As to the qualifications necessary to those men of the present future R.O.T.C. instructors, the Sgt. is to explain verbally and demonstratively the intricacies of the various weapons peculiar to the branch of the service the unit represents is of prime importance.

The U. V. M. unit is a service infantry unit. Their weapons consist of the Browning automatic rifle, the 30 cal. Springfield, 30 cal. machine gun, as well as the new famous Garand. Vermont's unit at this station has received its basic training in the care and use of the Browning.

FROM EMPLOYMENT OFFICE

Students desiring work for the second semester and not already employed should get in touch with Miss Bailey now. Do not wait until after mid-year examinations have been given.

The Employment Office will be able to start making arrangements when the necessary information has been procured.

During the year [illegible] the co-operation should be necessary duties all [illegible] and diplomacy [illegible] getting across the [illegible] at the same time being able to [illegible] these students who may be needed as potential officer material and those who [illegible] cannot qualify.

Questions

The average R.O.T.C. student [illegible] books and [illegible] will invariably ask questions relative to the subject being taught. Typical questions Sergeant Parker has to cope with are: "Why is the accuracy of the Browning automatic increased when fired at top speed?" or "How do we know a bullet leaves the muzzle of a rifle at a known, given speed?" Questions such as these keep the sergeant "on his toes" looking up such data and at the same time finding data on a similar nature which do not appear in the text book but which must be obtained from other sources.

"If you are a quiz kid or a human encyclopedia you could make a swell military instructor," remarked Sergeant Parker.

Another qualification which he could possess or the ability to handle men, or get a group to function as a unit. This may properly be called leadership which is one of the backbones of all R.O.T.C. training.

For three fundamental days of R.O.T.C. training there is enough to instill in leadership considerations for those under whom we serve as well as those who serve under him, and I have noted with which to go upon any initiative under any given situation. If such an extent have these characteristics been developed in U. V. M. during recent years one only has to survey the battle records of youths trained. They already at the age have contributed much during this war thanks to the unswerving loyalty of the military personnel and the high morale manner the students have gone about performing the tasks imposed them.

'Believe It or Not' Ripley to be at Kake Walk

W.A.A. Pops' Night Will Include Music by Band

Program Consists of Roller Skating, Bridge Specialty Numbers

The big day has finally arrived! Tonight at eight o'clock the biggest and best W. A. A. party of the year is to be held with Alice Rowe in charge. The committee has been working on plans for weeks to make this an evening enjoyed by all.

Using past experience as a guide, the W. A. A. has taken the best points from each of the past parties and put them together to provide entertainment which will please everyone.

Roller Skating

The refreshment committee under the leadership of Kay Hennessey has decided to provide cake and coke as refreshments. These will be served at tables around the edge of the gym floor. This will provide a space for roller-skating, which is one of the feature events of the evening. There are only a limited number of skates available, but there will be other forms of entertainment provided for those who are not skating.

Band to Appear

The U. V. M. band under the direction of Joe Lechnyr will provide music during the evening. This is the first time the band has played since Christmas, and the first time they have ever played for a W. A. A. function. A program of old favorites is promised.

Specialty Numbers

Several specialty numbers by the more talented members of the student body are also on the program. Crystal Malone will do an acrobatic dance on roller skates and the trio of Elsie Bruce, Barbara McGeever, and Barbara Powers will entertain with a few selections.

Other entertainment will be in the form of card games, skits, and a campus sing.

Bridge Tables

Arrangements have been made to have a number of tables set up for foursomes. Those not interested in consuming energy will find plenty of opportunities for "a game or two."

Since the W. A. A. Party is a college function it is not considered a night out, so come and enjoy an evening of grand entertainment.

Vocational Test To Guide Students

Guidance Department Offers New Service

The Vocational Guidance Department is offering a new service in the form of a Vocational Interest Test, the Kuder Preference Record, for students who have been unable to decide on a vocation or for those uncertain of the advisability of pursuing their preference. The tests will help a girl to learn in what field of work her interests lie, or if her choice of occupation is inconsistent with the things she ordinarily prefers to do. This is not a test of ability.

A girl may take the test individually or in a group of not more than ten after arrangements have been made with Miss [illegible]

There will be a charge of twenty-five cents [illegible]

King, Queen Campaigns Start Feb. 19—Rules Announced

Kake Walk king and queen campaigns will start Monday, February 19. This year some restrictions have been placed on the campaign. No more than five dollars may be spent, no campaign may be launched before the Saturday preceding Kake Walk and no formal announcement of candidates will be permitted before that date.

As in other years the candidates will speak over WCAX stating their platform. The date, time and length will be announced later.

In order to prevent damages to University buildings the following campaign regulations have been approved by the President and adopted by the Kake Walk Committee.

Campaign Regulations

In the Waterman Building: No notices or advertising relating to the Kake Walk are to be displayed above the ground floor, except that one banner or display poster, to be approved and attached by the Kake Walk Committe, may be hung by the Custodian of the building in the main stairway, attached to the rail or bannisters at the second floor level. All other notices relating directly or indirectly to the Kake Walk to be displayed on the ground floor in the south corridor on and adjacent to the Student Bulletin Board. Two large temporary bulletin boards will be provided for advertising the campaign of the candidates for king and queen. On application to the Custodian six square feet of space on one of these bulletins will be allotted to each candidate. The fixed student bulletin board will be controlled by the Kake Walk Committee and used only for general student notices.

In other college buildings the Student Bulletin Boards are not to be used for publicity relating to king-queen contest.

No Kake Walk notices either of a general or personal kind shall be attached to any part of any University building except as specified in these regulations.

Robert L. "Believe It or Not" Ripley

Celebrity to Judge Kake Walk; Crown King and Queen

Robert L. Ripley, the most traveled man in the world, will arrive in Burlington Thursday, Feb. 22, by plane to take an active part in the Kake Walk festivities Feb. 23 and 24.

Robert Ripley who was born in San Francisco was originally a sports cartoonist. He literally stumbled on his idea for "Believe it or Not" when he was stumped for an idea. From that time on, the popularity of Bob Ripley rose until his feature had the largest circulation of any cartoon in the world. It is now syndicated in more than twenty countries in every part of the globe where Mr. Ripley is as well known as his column because of his extreme travels. Mr. Ripley prides himself on being the only man who enjoyed visiting Hell. He, becoming its honorary member, adds that Hell is a city in Bavaria. He also holds an honorary degree from Dartmouth College. Mr. Ripley is now in New York but upon his departure from Vermont he will return to Hollywood where he has just finished a picture for 20th Century Fox.

On Friday evening at the Kake Walk Ball Mr. Ripley will crown the King and Queen who will not be announced until that time. The candidates for the King and Queen are to be announced Saturday Feb. 17th. The actual campaigns, however, will not commence until the following Monday and will continue until the voting, which will take place Friday.

Robert Ripley will also be one of the five judges for the Kake Walking. The other four men include Governor Mortimer R. Proctor, Arthur Hayes of Hayes and Carney, Inc., Professor F. D. Carpenter of the German Department, and Professor I. W. Marvin of the Botany Department.

The originator of "Believe It Or Not" is to be chairman of the judges of the annual ice sculptures. This contest which is open to all dormitories, fraternities, and sorority houses on campus will start next week. Points will be awarded as follows:

1. Theme pertaining to Kake Walk—50%
2. Execution of the theme—25%
3. All around appearance in daytime—12½%
4. All around appearance at night—12½%

The award for the winning sculpture is the Director's Victory Cup.

Dormitories planning to enter sculptures should announce their intention as soon as possible by leaving a notice in the Kake Walk Director's box in the information booth of Waterman.

SIGMA XI TO HEAR DR. EVAN B. REID

Dr. Evan B. Reid, Professor of Chemistry at Middlebury College, as guest speaker at the Sigma Xi dinner to be held Thursday, February 8, in the Faculty Lounge, will discuss the "Syntheses and Study of Carcinogenic Hydrocarbons."

Doctor Reid will elaborate on the progress which has already been made in isolating certain organic compounds which are known to produce cancer in human beings. He has done considerable experimenting himself with rats and guinea pigs. This, together with his reserve knowledge on the subject, makes the doctor an authority in the field.

Preceding Doctor Reid's lecture, Sigma Xi, honorary faculty scientific society, will hold a banquet in the Faculty Lounge. While this is open only to organization members, students are invited and urged to attend Doctor Reid's lecture.

U.V.M. Delegates To Attend Seminar

"Anti-Semitism" Topic of Meeting

Student leaders from more than 30 New England colleges and seminars will meet at Newton Centre, Mass., Feb. 9-11, to attend a seminar on anti-semitism, called jointly by B'Nai B'rith Hillel Foundation and the Student Christian Movement in New England.

The week-end conference which will study ways to eliminate anti-semitism from campus and community life is also sponsored by campus services of the National Y. W. C. A., U. S. O. division.

Professor Ralph Harlow, head of the Religious Department at Smith College, will be one of the seminar's principal speakers. Others will be Miss Julia Meyer of N. Y. C.'s new school for social research, an economist who was once a teacher and a journalist in Germany, and Professor Talcott Parsons, head of the Sociology Department at Harvard.

Delegates from the University of Ver

(Continued on page 3)

Students Revive Bull Sessions With Faculty

A student-Faculty Session has been tentatively scheduled for Thursday, Feb. 15, at 7:30 in the Student Lounge. The subject has not yet been decided, and suggestions from the student body will be welcomed in the Debate Box, Cynic Office. Chairmen Mary Thornton and Irene Fahey have planned to serve refreshments and hope to achieve the informal atmosphere which was the original aim of the Bull Sessions. They expressed the hope that a large number of students will attend.

UNIVERSITY OFFERS ADULT EDUCATION COURSES TO PUBLIC

The University's adult education program has begun its second semester. U. V. M. professors are teaching all the courses, both here at the college and in St. Albans, Newport and Barre. In order to set up a course a minimum of ten students must enroll.

The classes meet once a week for two hours, and if the enrollee satisfies college entrance requirements, two semester hours of college credit are given for each course. The courses now being offered are Applied Art, Modern Poetry, Contemporary History, Elementary Mathematics, Contemporary Economic Problems, and Elements of Electrical Engineering, the latter to be followed by courses in electronics, communications, and A.C. and D.C. machines.

The newest course being given is one in Applied Art, under Mrs. Isabel Mills of the University Art Department. Students in the course will have the opportunity to study block printing on drapery fabrics or greeting cards, design painting on tiles and wooden bowls, clay modeling, glass etching, spatterwork, and stencil designs. Mrs. Mills says that this flexible course can be expanded to meet the individual needs of Girl Scout and Campfire Girl leaders.

There were 147 adults registered in last semester's courses. Many of them were teachers working for renewal of their certificates, and others were housewives, factory workers, and business people who wished to audit the courses.

Cadet Nurses Now Study at U.V.M.

The University of Vermont is now offering the second curriculum in preclinical sciences for cadet nurses who are entering the Barre Hospital and the Heaton Hospital at Montpelier. This course is being offered through U. V. M.'s Department of Nursing Education. The new classes will be admitted by the respective hospitals' schools of nursing on February 19.

This program is sponsored by the U. S. Public Health Service and offers to cadets in addition to tuition costs, their maintenance and an allowance to cover their personal expenses during the training period. This is an opportunity of a lifetime, according to Prof. Faye Crabbe, director of the University's Nursing Education Department, and there is still time and opportunity for eligible young women to enroll. It is a chance for girls interested in serving their country to release graduate nurses for war service.

Last August the program was started at Vermont. The nurses who received their basic training then are now at the Barre and Heaton Hospitals.

High school as well as college students are urged to enroll. Further information may be obtained from the Nursing Education Department, in the Waterman Building. Courses will be taught by faculty members of the Medical College, the Home Economics Department, and the Botany Department, as well as the Nursing Education faculty.

DEBATERS TO PLAN SPRING ACTIVITIES

There will be a compulsory meeting for all members of the Debating Club on Tuesday night, February 13. It will be held in room 165 Waterman at 7:30 P.M.

Filern Pickett '47 announces that plans have been made for the discussion of a Model Congress, in which representatives from all New England Colleges will participate. This meeting will be held at Rhode Island State University in April. The other topics for discussion are the debates with Bates College and the Club's springtime trip.

KAKE WALK MEETING

There will be an important meeting of all Kake Walk committees on Saturday night, Feb. 10, at 7:30 in room 140 at Waterman.

The Vermont Cynic

The Official Student Newspaper of the University of Vermont and State Agricultural College

VOL. 45 FEBRUARY 9 1945 NO. 1

[illegible] new [illegible] must [illegible] responsibility of maintaining the [illegible] standards of the preceding year and of meeting the new problems [illegible] wartime college life. The retiring staff published a Cynic [illegible] to which [illegible] came we extend our congratulations [illegible] and hope we live up to their promise. We also thank them for their help in [illegible] the value of active and keen reporting service staff minutes. The Cynic [illegible] and [illegible] coordinate with the issue of our efforts [illegible].

The standards of the Cynic will be [illegible], a complete and accurate reporting of the news, [illegible] and [illegible] prerequisite. We intend to present the week by interesting paper with stimulating features humorous [illegible], and [illegible] comment. Any personal opinions from students or faculty we gratefully accept as this is your paper and our job.

The publishing the college affords the Cynic form its final responsibility and that responsibility lies in the [illegible] and this page. Render an editorial meeting not indifference. An editorialist is a [illegible] being who senses the [illegible] and then looks underneath to see what's wrong and what can be done about it. The Cynic expects to have something constructive to say. It is not corrective as the action lies with the students. First comes the printed word then the deed.

We'll believe we have achieved our purpose when we have made a dent in the [illegible] existence of the student body. We can't help but believe that there is great good leadership and talent at U. V. M. but a pervasive lack of foresight and initiative [illegible] frequently manifests itself, for instance in the absence of whole hearted student support of war activities. [illegible] acknowledge at student government or other campus organizations [illegible] and the lack of a policy of compartisanship in campus activities.

Recently a [illegible] and Life Parley was given in the Waterman attended by four great speakers and authorities. The Parley created a furor on campus. There was a lot of talk and speculation about the existing conditions of prejudice, bigotry and intolerance. "We are striving towards the Brotherhood of Man" was the student's cue [illegible]. Yet the response to the question, How Do We Improve so That We May Attain Understanding [illegible] was as given to this reporter, "We can't do anything now. This thing won't come into being for a hundred years yet." The answer to the question is a definite answer to the narrow-mindedness and discrimination that remains on campus.

As we said before, Back by Christmas. The solution to the above problems lies in individual action. That being also the achieving factor of Cynic [illegible] go to press.

The Vermont Cynic

The Official Student Newspaper of the University of Vermont and State Agricultural College

VOL. XL FEBRUARY 9 1945 NO. 1

Once more a staff will have the double responsibility of maintaining the [illegible] while preparing next week's issue. The present staff published a Cynic that is to be criticized on many counts, we extend our congratulations to them and hand out our sympathies. We also thank them for their [illegible] in the midst of rehearsals, last minute shuffling of staff members. Our sincere hope is that we will cooperate wholeheartedly with the editor in her efforts [illegible].

The standards of the Cynic will be primarily a complete and accurate reporting of the news and a first and foremost prerequisite. We intend to [illegible] by an interesting paper with stimulating features, humorous stories and regular comment. Any personal opinions from students or faculty are gratefully accepted as this is *your* paper and *our* job.

The problem the college affords for Cynic form its final responsibility and that responsibility lies in this column and this page. Render an editorial appraising but constructive. An editorialist is a busy being who covers the campus and then looks underneath to see what's wrong and what can be done about it. The Cynic expects to have something constructive to say, it is not corrective as the action lies with the students. Deplored the printed word, then the deed.

Still further, we have achieved our purpose when we have made a dent in the [illegible] of the student body. We can't help but believe that there is quite good leadership and talent at U. V. M. but a pervasive lack of foresight and initiative here frequently manifests itself, for instance in the absence of whole hearted student support of war activities. Perhaps in knowledge of student government or other campus organizations that concern everyone, and the lack of a policy of nonpartisanship in [illegible].

Recently a Religion and Life Parley was given in the Waterman attended by nine great speakers and authorities. The Parley created a furor on campus. There was a lot of talk and speculation about the existing conditions of prejudices, bigotry, and intolerance. "We are striving towards the Democracy of Man" was the student's watchword. Yet the response to the question "How Do We Improve So That We May Attain Understanding" was apparently to the reporter. "We can't do anything now. This thing won't come into being for a hundred years yet." The answer to the question is a definite answer to the narrow-mindedness and discrimination that remain on our campus.

As we said before: Talk Is Cheap. The solution to the above problems lies in individual action. That being also the achieving factor of Cynic—[illegible]

Roman Feast Given By Classical Club

In search of flowing togas and reclining in authentic Roman fashion, over twenty club members with Prof. and Mrs. Prindle and Professors Widder, Perkins and Fullerton gathered at the Sigma Chi House Thursday evening to enjoy the annual Classical Club banquet.

After the discussion as to the goals and current position of psychology and the executive council was chosen to take over the presidential seat. The meal was served by slave girls who brought perfect bowls of perfumed water between each course with which to wash hands. A cuisine art used. The first course of grapefruit set the appetizers including one anchovy. Then we continued to Rome that "Roman" meal course consisted of nine boiled onions and beets in addition to meat and potato. Following the ancient custom of the Romans since no wine could be cooking in place of butter and honey was eaten with the crusty bread. Cake, apples (favorite fruit of the Ancients), grapes, nuts, figs, and dates were served as "ensemble mensa" or final course. With each course everyone drank great quantities of wine (à la Welch).

Following the feast, the initiates to the club were given a gruelling "test" and then formally sworn in. The entertainment which followed was a "take-off" on Roman augury and oracles.

DRIVE FOR BETTER HEALTH PLANNED

At the Health Council meeting Thursday evening it was decided to hold a nutritional exhibition similar to the one held last year, on February 22 and 23. Both nutritious and inadequate diets will be displayed in the main lobby of Waterman.

The Health Council also plans to investigate colds and other diseases that are going around the campus and to issue information on how to prevent communicable diseases from spreading. An additional project of Health Council will be to distribute monthly reports to the dormitories on vital health issues.

The traditional Health Council "girl ask boy" dance will be held February 17 in the Waterman lounge. Plans for the dance have not been completed.

Joint Conference Acts as Forum for Student Problems

The women of the University have realized that Women's Student Union Association since the days of its beginning has been the body to which their complaints and suggestions may be brought. These problems are considered, discussed and solved for the most part with consideration for all women on campus. In order to aid Student Union in this purpose the Joint Conference Committee was set up. It acts as a forum for discussion of the campus problems and then makes reports and recommendations to Student Union, but it has no legislative or judicial powers, as is supposed by many women on campus. Final decision on all problems rests with the administration.

In the old days when the campus was a smaller and more compact body it was comparatively simple for problems to be considered and for the most part the decisions made were agreeable to all. But our campus has grown and with it there seem to have come many more complex problems.

The reason for this might be that the women of the University do not realize that Joint Conference is a truly representative body. The girls living in off campus houses are represented by Persis Yates who lives at Coughlins and the town girls are represented by Janis Preston. The seniors, juniors and sophomores are represented by Janet Simpson. Elsie Lange and Janet Pickenscher respectively and each group can present its individual problem to their representatives who will bring them up at Joint Conference meetings. Members of the faculty are present at these meetings so that problems can be considered from the Administration's viewpoint.

Solutions of all problems to everyone's

Middlebury Conference Attempts Panoramic View of Problems

[illegible] educational institutions remained ivory towers from which young students descend reluctantly—and with [illegible] to social responsibility to the realm of vital, everyday problems. Nowhere is there greater need for a panoramic view of world problems than in the willingness and uncertainties of this country. To increase student awareness of the needs of a broader world has been the purpose of various conferences held in the past few years. The goal sought has been the keener consciousness of every student.

Last week end Middlebury College held its third of their annual Cultural Conferences. Reminiscent of our recent Religion and Life Parley, this meeting attempted to survey some of the problems which confront the world at this time of crisis. Present at the conference were 14 specialists in the fields of literature, arts, politics, economics, philosophy, religion and science. The various discussions centered around four panels, each devoted to some specific subject.

Panel Discussions

The first round table surveyed some of the political and economic aspects of the world crisis. Samuel H. Cross, head of the department of Slavonic languages and literature at Harvard, emphasized the important rôle of the United States in international affairs. With abrupt realism bordering on cynicism, he asserted that the Dumbarton Oaks plan is nothing more than a military alliance to enforce the peace—certainly not the permanent international [illegible] feels that the world will experience 50 years of conflict. "We are [illegible] for national security [illegible] not to be regarded as [illegible] ments are nevertheless [illegible] C. Hartley Grattan, [illegible] traian affairs, and [illegible] the Office of Strategic Services, Washington, were the other [illegible] first panel.

Second Session

Recognizing the import [illegible] abstract and metaphysical [illegible] youthful mind the second [illegible] voted to the scientific, [illegible] sophic impact of the present [illegible] some sort of understanding [illegible] questions hinges the ability [illegible] vidual to deal effectively with [illegible] mediate problems. Alexander [illegible] vitch, noted zoologist of Yale [illegible] presented a paper on "Fate [illegible] pointing out the different [illegible] tudes and the need for tolerance [illegible] sides. The eminent philosopher [illegible] Randall, professor at Columbia [illegible] scholarly paper on "Religious Faith and the Method of Intelligence." [illegible] Thomson, biochemist from McGill University, discussed "The Scientific Approach to Political and Social Problems," emphasizing the need for the [illegible]

U. S. Navy Photo

BATTLE REPORT TO ALL HANDS

EVERY seaman and officer aboard our Navy's fighting ships instantly hears the call to action, follows the battle's progress over a special type of announcing system made by Western Electric.

On carriers the entire crew, topside and below deck to oilers and ammunition passers, can hear first-hand accounts direct from the pilots themselves on how it went "upstairs."

Meeting the communication needs of our armed forces requires all available manpower and manufacturing facilities. That's why telephone equipment cannot now be built for civilian use. After the war, Bell Laboratories' scientists and workers at Western Electric will turn again to their peacetime jobs of designing and making telephone equipment for the Bell System.

SKATING CLUB GETS LARGE ATTENDANCE AT FIRST MEETING

The new W. A. A. Skating Club started its season with a bang up attendance. The girls are really showing enthusiasm in taking advantage of the excellent winter sports opportunities at Vermont. Every Sunday from 4-5 the girls come out to South Park and lace up their skates in the warm-up hut. The rink itself is open to the public but U. V. M.'ers really come down and do a good job of keeping it cleared off. Incidentally if you can't skate or haven't for some years all the better. To prove it can be done we guided one of our newcomers around for about an hour. In no time at all she was skating all by herself.

To compensate for the usable outdoor there is a juke box and amplifying system with some super records. Refreshments are also sold.

In order that we may more fully organize and do something [illegible] we plan to have a meeting as soon as possible. All the girls who came out Sunday and who plan to come in the future are invited. Remember only three out of four times for club credit, and if you haven't joined W. A. A. yet remember there's no time like the present.

Casualties Here few On Post-Exam Ski Trip To Mount Mansfield

With exams over and a weekend free about twenty-five U. V. M. ski enthusiasts packed food, blankets, extra sweaters, and skiing paraphernalia and headed for the skiers Mecca, namely, Mt. Mansfield. After a night of peaceful (?) rest the more eager members of the party arose early Sunday morning in order to go up the chair lift along with the help and the food for the warm-up hut on top of the mountain. Perfect weather and ideal skiing conditions added to the enthusiasm. However, there were casualties, Duck Frazer was the first, spraining an ankle and wrenching both knees Saturday afternoon. On Sunday Bea Raymond sprained an ankle, Betty Ritchie wrenched her knee, and Georgia Husen twisted her leg. Ask George or Duck how it seems to come down the mountain on a toboggan, especially if one is in a conscious state. Other fatalities consisted of broken skis and poles. On Sunday night the number was depleted, for more than half of the group left the camp and the mountain to the care of the more hardy or more courageous members of the party.

Monday morning found the mountain covered with a six-inch fall of powder snow and the weather still held. The ride up the lift was breath-taking and breaking the trails over again proved to be alluring and exciting. Monday noon the remaining, with the exception of Kitty Perry, who just had to do the "Nose Dive" once more, reluctantly packed blanket rolls, cleaned up the camp, and started for Burlington and registration. In spite of the casualties it was a wonderful weekend. . . .

Joint Conference

(*Concluded from page 2*)

satisfaction is the ideal of Student Union and it can be attained if all women students voice their ideas through representatives or by coming to meetings in person. They should not be afraid to bring forth any suggestions they may have.

It is the only way in which students will get a satisfactory solution of the problems such as the smoking rules and the wearing of slacks on campus.

Smitty's Kittens Rise From 5th Place To Take Winter Bowling Tournament

INDEPENDENTS AND CURVATURES TAKE REMAINING HONORS

[illegible]'s Kittens in a surprising rally succeeded in getting to bowlers in the [illegible]-annual bowling tournament. Rising [illegible] fifth place with a score of 17 points they just nipped the runner-ups the [illegible] and Independents by one point.

Unfortunately due to lack of time the [illegible] all between the Smoothies and Independents for second and third place and between the Owls and Curvatures for [illegible] and fifth place could not be arranged.

The competition this year was quite keen due to the handicaps set up in accordance with the bowling averages of the individual members. Last year's team [illegible] note—It seems that the fairer sex produced quite a few excellent bowlers as a result of which they found themselves spotting the more conservative bowling males a number of pins. Equality isn't such a good thing after all!

The final standings for the semester's tournament are:

Team	*Points*
Smitty's Kittens	26
Independents	25
Smoothies	24
Owls	23
Curvatures	22
Phi Sigs	19
Hot Chicks	15
SAE	14

A 95 or better average was bowled by the following participants:

Roger Baker	99.6
Robert Barrows	95.6
Wendell Boswood	95.5
Gloria Bushaw	107.5
Frank Hedrich	104.8
Richard Merrill	96.6
Doug Parizeau	96.8
Don Peare	98.0
Bob Rosenberg	95.3
Esther [illegible]	95.0
Mary Thornton	100.6

The winter semester tournament got underway last Tuesday night. There have been a few changes made in the bowling program. Sororities are now participating in the tournament. The Alpha Chi's, Pi Phi's, a sorority combine of Tri Delts KAT's and Sigma Gamma's and an Independent Women's team are represented, while the Owls, Phi Sigs, SAE and the Men's Independents complete the lineup for the semester tournament.

Four members of the various teams will bowl three strings with the usual handicap and setup and scoring as in the past. One point for high singles, two points for high triples, and three for total pinfall.

W. A. A. NOTES . . .

Basketball tournament had started off with a bang Tuesday night when two tournament games came to an exciting end. With much panting, puffing, and sweating the "Catamounts" nosed out the "Spitfires" in a 42 to 17 game. Terese Guzowski came to the front as the high scorer, not only of the "Catamounts" vs. "Spitfire" game, but of the evening when she threw herself the score of 20 points. Ruth Benson was high scorer of the Spitfire team with a total of 8 points. In the second game the "Just Us" (that really is the name of the team) team was victorious in an exciting game, a tie almost up to the finish, over the "Ruptured Ducks" (again that is really the name of the team). The score was 30 to 26, the high scorer of the "Just Us" team being the captain, Marion Rosenhain, and the high scorer of the "Ruptured Ducks" team being its captain also, Margaret Putnam. Next Tuesday the tournament will continue. Any person or house can get together a team, which can play in the tournament. Just hand in the names of six girls, three guards and three forwards, before 5 o'clock Friday. How about it, girls? Can't you get a team to beat the "Catamounts," "Spitfires," and "Just Us"? Can't you fix the "Ruptured Ducks"?

The badminton tournament starts Friday at 3.30. It is a doubles tournament between the Green and Gold and anyone can enter by finding a partner and signing up before Friday at 3.30. Awards are to be given at the end of the contest.

In fencing and ping pong there will also be tournaments which will be announced at a later date.

The skiing club is an organization which is full of news, all of which I wish we had. The skiing lessons are on Wednesday from 11.30-5.30 at the Country Club. According to all reports the class has been making remarkable progress progressing through the snow plow and stem turn. The more adept I'm told have even gone into stem christies while there are still those who make three tracks. The rumor is that Janet Fickenscher learned the kick turn by practicing on her bedroom floor with yardsticks tied to her feet but she denies it. They were broom handles. Anyone desiring to go to Stowe skiing can do so by signing up anytime. The cost is two dollars.

Plans are under way for an intercollegiate swim meet but the realization of those plans must wait until the pool has been fixed. Any eager students can form a bucket brigade if they would like to get some practicing in.

The South Park receives the multitude of enthusiastic skating fans every Sunday afternoon from 3 to 5 o'clock. Anyone can sign up with a Council at Large Member anytime. Please bring your own pillows for protection. We can't do anything for you if you don't bring a pillow and fall on your head (?).

Religious Seminar

(*Concluded from page 1*)

mont are: Lois Stevens, representing Y. W. C. A.; Clement Holden, V. C. A.; and Lenore Eichel and Millicent Mandel of Hillel. Other delegates will come from Wellesley, Connecticut, Smith College, Brown University, Massachusetts State and Wesleyan. Delegates representing different races and countries as well as different faiths will take part in the work shop groups which will be held both Saturday and Sunday.

The program on Saturday will be as follows:

9.00 A.M., "Demonstration on How Rumor Spreads," Clarence Berger, speaker.
10.00 A.M., "Causes of anti-semitism," Julia Meyer and Prof. Talcott Parsons, speakers.
1:50 P.M., Community Panel.

Shrader Discusses What World Needs

Rev. Ralph Shrader, pastor of the Congregational Church in Montpelier, spoke Tuesday morning, February 6, at Chapel.

Reverend Shrader stressed that the thing needed in this world of ours is people who will go about their duties with vigor and completeness. He emphasized that we must get fully prepared for a task and then attack it with an unconquerable spirit, not a half-hearted attempt.

Dorm Notes . . .

ALLEN HOUSE

[illegible]

CLAGGETT HOUSE

Claggett House is very proud of Florence Farnsworth, '48 who was accepted for membership in "Tom Thumbing." The games with which she gained admittance were "Hard Luck Ying Lore" and "Sumac." Penelope "Sumac" was inspired by the crowd at the fair at sweet shop in her window at Claggett.

Many of the girls secured the Dean's permission to go home for the weekend and departed with their suit cases full of books. Verna Hall went to her home in Brattleboro, Ann Farnham to Waterbury, Peggy Howell to Newport and Rita Kuetz to Barre.

GRASSMOUNT

Grassmount welcomes four graduate nurses: Jane Abbott from Swanton hospital, Pauline Yaremko from Virginia, Shirley Moore from Middlebury and Libby Cassetta from Brattleboro. The girls say they love it.

We all bid adieu to Doris Rindler who received her degree last week. From all appearances Doris could hardly wait to get to New York and Fashion Designing.

This weekend found many of the girls away from the dorm. Marie Rollert saw Tiger in Bridgeport, Shirley Lampman went to St. Albans, Rollande Cloutier went to St. Johnsbury to recuperate, while Pea Pickford and Marge Nelson went to Stowe and managed to come back in one piece. Gloria Bussiere is profitably occupying her time entertaining her man who is on furlough. Betty Thoma took the trolley to Rutland. In short Grassmount has enjoyed a quiet week.

REDSTONE

A sad farewell was bid to this semester's graduates Fran Donahue, Kitty Perry and Anita Setien. In their places we welcomed Sydelle Sherman, Frances Richberg and Ann Wheeler. Kitty's roommate Millie George moved to Robinson Hall. Gigi's roommate, Runda Prouty was lost to the Pi Phi house.

This week-end Gigi Donaldson, Janet Sturgeon, Barbara Anderson, and Fran Donahue went sight-seeing in Montreal. Rose Sauerman visited home in West Hartford, Conn. Becca Greer saw her man at Dartmouth while Amy Tuttle and Eve Church had their spree down at Williams. Margo Donahue held down the fort in bed with mumps.

ROBERTS HOUSE

[illegible]

Bulletin: Louise Sweeney has set the date of her engagement to the man from across with an obvious Presidential Unit. Let it then said and Mary Jane Cox learned to be married.

Bulletin: Louise Sweeney has taken over the status of House President. Good luck, Lou, and we'll all try to behave for a change.

The house was particularly merry over the week-end with Tom Dooley visiting and Lee entertaining many with a song fest, dinner and movies; we all enjoyed it.

Dorm dances seem to please us with two exceptions we also have two birthdays. Lucy Mowday and Doris next Tuesday. Happy Birthday to both of those gals all of us.

ROBINSON HALL

It is known believed by all residents of Robinson that the next time there is a meeting of the house at the corner U. V. M. somebody is going to be captained by "Nose" Guy Mowat.

The house will congratulate Cay White who successfully ran six Marines Rosenberg, Mary Anne Smith, Linda Hagemann, Lois Lear and the snowplow expert Linda Frazer. The group practiced at Sugar Hill weekend and much to everyone's surprise only one casualty was suffered.

Jean Garson another would be skier, cracked wrists at Northfield, Mass. over the weekend and Cis Wriston and Jean Farrar went home.

We welcome Mollie George who is going to room with Betty Rome this semester.

NOTICES

The text books for the second semester of English 2 will not be available until March 1 because of the paper shortage. A number of copies of this book, Woods, Watt, and Anderson's *The Literature of England*, Volume 2, will be placed on the reserve shelf at the Library, but the shortage will be further relieved if students who own the book will sell their copies, either directly to those enrolled in the course or to the College Store, which will pay cash for second-hand copies.

English 22 (Victorian Literature) was listed erroneously on the hour plan used at enrollment. The class meets in 264 Waterman at 10, Tuesday, Thursday, and Saturday. It is a second semester course, elective without prerequisite to sophomores, juniors and seniors. Students wishing to enter the course should see Mr. Rigge or Professor Wainwright.

ATTENTION SENIORS!

Miss Bayley would like to see as soon as possible all the seniors, both boys and girls, who have no definite positions in mind following their graduation. She has had several requests for applicants, especially for men.

KAKE WALK

All the festivities of the Kake Walk week end are going to be covered by a photographer of a well-known photographic weekly.

BOOKSTORE

Now is your chance to purchase some current fiction from the bookstore's lending library. They are holding a special sale at forty-five cents a book.

Construction of "Little Chapel" Nears Completion

Three Faith Groups To Conduct Services in Chapel Within a Chapel

For well over a year those interested in the religious program at the University of Vermont have been talking about and planning for a little chapel which would serve as a worship center for small groups and as a place for meditation and prayer. The place selected for the chapel was the basement of the Ira Allen Chapel under the south transept and conveniently situated near two grade entrance doors.

The "little chapel" in the basement of a large church is in the tradition of having smaller chapels in a cathedral building and the chapel will be architecturally a unit, having its own windows of cathedral glass through which dimmed lights throw the only illumination the room will have. Its shape will be exactly the same as the chancel floor being only four inches. The ceiling will be beamed and the windows leaded. The altar against the center of the wall in the chancel will be lighted from small windows in the chancel and by one light in the chancel ceiling.

Funds for construction have been gathered by the executive secretary of the Religious Life Committee, the Rev. Raymond A. Hall by personal solicitation of individuals. Over two-thirds was obtained in this way, and by inducing the student and faculty committees on Religious Life to appropriate available funds for the balance. Enough has been raised to do the essential work, but additional funds are needed for features which will complete it such as pews. Chairs will be used at first.

All the religious groups on campus are sponsoring the construction and use of the chapel, and additional gifts for completing the furnishing of the chapel—such as altar furniture, communion sets, and similar accessories will be gladly accepted from all individuals or campus organizations interested in the project.

In keeping with the interfaith character of the religious program at U. V. M. it is expected that the three faith groups will use this chapel. It will be suitable for communion services, Masses, and Lenten services. It is hoped that the "little chapel" will be completed in time so that the first service can be the World Student Christian Federation Day of Prayer for Students, February 18, 1945.

I wish to call attention to the University's rule which prohibits gambling in any form in University buildings or on the University campus. This applies equally to all students and all employees of the institution. Infractions of the rule will be dealt with summarily by dismissal from the University.

JOHN S. MILLIS, *President.*

Concert Scheduled

The annual mid-winter concert of the combined University Choir and Pres. Howard Bennett directing will be given in the Ira Allen Chapel next Sunday, February 11 at 4 o'clock. Ippocratis Papadatakis will conduct the University Orchestra and Miriam Natalee Marston will be organist. The student accompanists will be Anita Smith, Marilyn Holden, and Betty Rome. The program includes American compositions by William Shuman and Aaron Copland and classic and romantic works by Handel, Mozart, Mendelssohn, Robert Shumann, and Brahms. The concert is open to the public.

Sunday Evening Concert Held in Fleming Museum

Dr. Richard Stoehr entertained a gathering of students and faculty on Sunday evening with a lecture on "The Origins of Music," followed by a piano recital.

The program, held at eight o'clock in the Fleming Museum Auditorium, was divided into two parts. In the first half Doctor Stoehr spoke of music in its most primitive stages, tracing its development to the present century. He proved that music did not originate, as did the other arts, from imitative instincts, but from a desire for repeated motion, and as the language for communicating with devils and deities. He also illustrated that it takes only the simplest happenings to inspire great musical works.

In the concluding part of his program, Doctor Stoehr played five of his own compositions, inspired by and entitled "Hillbilly Dance," "Camel Caravan," "Dancing Scene at a Fair," and "Triumphant March." In each work one could visualize what was being described in the language of music, especially the slow, monotonous parade across the desert in "Camel Caravan."

Delta Phi Epsilon and Sigma Gamma Hold Teas

Delta Phi Epsilon and Sigma Gamma will hold their pledge teas this month. Sydell Sherman is in charge of the Delta Phi Epsilon tea which is to be held Saturday, February 17. This tea will be held in their new apartment from 4:00 to 6:00.

Peggy Rowell is in charge of the arrangements for the Sigma Gamma tea which will be held at the home of Miss Whiting at 322 South Prospect St. The pledge tea will be this Saturday, February 10, from 3:00 to 5:00 P. M.

SKATING CLUB GETS LARGE ATTENDANCE AT FIRST MEETING

The new W. A. A. Skating Club started its season with a bang up attendance. The girls are really showing enthusiasm in taking advantage of the excellent winter sports opportunities at Vermont. Every Sunday from 3-5 the girls come out to South Park and lace up their skates in the warm-up hut. The rink itself is open to the public but U. V. M.'ers really come down and do a good job at keeping it cleared off. Incidentally, if you can't skate or haven't for some years, all the better. To prove it can be done we guided one of our newcomers around for about an hour. In no time at all she was skating all by herself.

To compensate for the walk out there there is a juke box and amplifying system with some super records. Refreshments are also sold.

In order that we may more fully organize and do something constructive we plan to have a meeting as soon as possible. All the girls who came out Sunday and who plan to come in the future are invited. Remember only three out of four times for club credit, and if you haven't joined W. A. A. yet remember there's no time like the present.

Casualties Here few On Post-Exam Ski Trip To Mount Mansfield

With exams over and a weekend free about twenty-five U. V. M. ski enthusiasts packed food, blankets, extra sweaters, and skiing paraphernalia and headed for the skiers Mecca, namely, Mt. Mansfield. After a night of peaceful (?) rest the more eager members of the party arose early Sunday morning in order to go up the chair lift along with the help and the food for the warm-up hut on top of the mountain. Perfect weather and ideal skiing conditions added to the enthusiasm. However, there were casualties, Duck Frazer was the first, spraining an ankle and wrenching both knees Saturday afternoon. On Sunday Bea Raymond sprained an ankle, Betty Ritchie wrenched her knee, and Georgia Husen twisted her leg. Ask George or Duck how it seems to come down the mountain on a toboggan, especially if one is in a conscious state. Other fatalities consisted of broken skis and poles. On Sunday night the number was depleted, for more than half of the group left the camp and the mountain to the care of the more hardy or more courageous members of the party.

Monday morning found the mountain covered with a six-inch fall of powder snow and the weather still held. The ride up the lift was breath-taking and breaking the trails over again proved to be alluring and exciting. Monday noon the remaining, with the exception of Kitty Perry, who just had to do the "Nose Dive" once more, reluctantly packed blanket rolls, cleaned up the camp, and started for Burlington and registration. In spite of the casualties it was a wonderful weekend.

Joint Conference

(Concluded from page 2)

satisfaction is the ideal of Student Union and it can be attained if all women students voice their ideas through representatives or by coming to meetings in person. They should not be afraid to bring forth any suggestions they may have.

It is the only way in which students will see a satisfactory solution of the problems such as the smoking rules and the wearing of slacks on campus.

Smitty's Kittens Rise From 5th Place To Take Winter Bowling Tournament

INDEPENDENTS AND CURVATURES TAKE REMAINING HONORS

Smitty's Kittens in a surprising rally succeeded in getting the honors in the W.A.A. mural bowling tournament. Rising from fifth place with a score of 17 points they just topped the runner-ups the Smoothies and Independents, by one point.

Unfortunately due to lack of time the bowl-off between the Smoothies and Independents for second and third place and between the Owls and Curvatures for fourth and fifth place could not be arranged.

The competition this year was quite keen due to the handicaps set up in accordance with the bowling averages of the individual members of each team.—Ed note—It seems that the fairer sex produced quite a few excellent bowlers as a result of which they found themselves spotting the more conservative bowling males a number of pins. Equality isn't such a good thing after all.??

The final standings for the semester's tournament are:

Team	*Points*
Smitty's Kittens	26
Independent	25
Smoothies	25
Owls	22
Curvatures	22
Phi Sigs	19
Hot Chicks	15
SAE	14

A 95 or better average was bowled by the following participants:

Roger Baker	99.6
Robert Barrows	95.6
Wendell Barwood	95.8
Gloria Bashaw	107.5
Frank Hedrich	102.8
Richard Merrill	96.0
Doug Parizeau	96.8
Don Pease	98.0
Bob Rosenberg	95.3
Kolin Stokes	95.9
Mary Thornton	100.6

The winter semester tournament got underway last Tuesday night. There have been a few changes made in the bowling program. Sororities are now participating in the tournament. The Alpha Chi's, Pi Phi's, a sorority combine of Tri Delts KAT's and Sigma Gamma's and an Independent Women's team are represented, while the Owls, Phi Sigs, SAE and the Men's Independents complete the lineup for the semester tournament.

Four members of the various teams will bowl three strings with the usual handicap and setup and scoring as in the past. One point for high singles, two points for high triples and three for total pinfall.

W. A. A. NOTES . . .

Basketball tournament had started off with a bang Tuesday night when two tournament games came to an exciting end. With much panting, puffing, and sweating the "Catamounts" nosed out the "Spitfires" in a 42 to 17 game. Terese Guzowski came to the front as the high scorer, not only of the "Catamounts" vs. "Spithre" game, but of the evening when she threw herself the score of 20 points. Ruth Benson was high scorer of the Spithre team with a total of 8 points. In the second game the "Just Us" (that really is the name of the team) team was victorious in an exciting game, a tie almost up to the finish, over the "Ruptured Ducks" (again that is really the name of the team). The score was 30 to 26, the high scorer of the "Just Us" team being the captain, Marion Rosenham, and the high scorer of the "Ruptured Ducks" team being its captain also, Margaret Putnam. Next Tuesday the tournament will continue. Any person or house can get together a team, which can play in the tournament. Just hand in the names of six girls, three guards and three forwards, before 5 o'clock Friday. How about it, girls? Can't you get a team to beat the "Catamounts," "Spithres," and "Just Us"? Can't you fix the "Ruptured Ducks"?

The badminton tournament starts Friday at 3.30. It is a doubles tournament between the Green and Gold and anyone can enter by finding a partner and signing up before Friday at 3.30. Awards are to be given at the end of the contest.

In fencing and ping pong there will also be tournaments which will be announced at a later date.

The skiing club is an organization which is full of news, all of which I wish we had. The skiing lessons are on Wednesday from 11.30-5.30 at the Country Club. According to all reports the class has been making remarkable progress progressing through the snow plow and stem turn. The more adept I'm told have even gone into stem christies while there are still those who make three tracks. The rumor is that Janet Eckenscher learned the kick turn by practicing on her bedroom floor with yardsticks tied to her feet but she denies it. They were broom handles. Anyone desiring to go to Stowe skiing can do so by signing up anytime. The cost is two dollars.

Plans are under way for an intercollegiate swim meet but the realization of those plans must wait until the pool has been fixed. Any eager students can form a bucket brigade if they would like to get some practicing in.

The South Park receives the multitude of enthusiastic skating fans every Sunday afternoon from 3 to 5 o'clock. Anyone can sign up with a Council at Large Member anytime. Please bring your own pillows for protection. We can't do anything for you if you don't bring a pillow and fall on your head (?).

Religious Seminar

(Concluded from page 1)

mont are: Lois Stevens, representing Y. W. C. A.; Clement Holden, V. C. A. and Lenore Eichel and Millicent Mandel of Hillel. Other delegates will come from Wellesley, Connecticut, Smith College, Brown University, Massachusetts State and Wesleyan. Delegates representing different races and countries as well as different faiths will take part in the work shop groups which will be held both Saturday and Sunday.

The program on Saturday will be as follows:

9.00 A.M., "Demonstration on How Rumor Spreads," Clarence Berger, speaker.
10.00 A.M., "Causes of anti-semitism" Julia Meyer and Prof. Talcott Parsons, speakers.
1.50 P.M., Community Panel.

Help Win the War With the Money You Save

Shrader Discusses What World Needs

Rev. Ralph Shrader, pastor of the Congregational Church in Montpelier, spoke Tuesday morning, February 6, at Chapel.

Reverend Shrader stressed that the thing needed in this world of ours is people who will go about their duties with vigor and completeness. He emphasized that we must get fully prepared for a task and then attack it with an unconquerable spirit, not a half hearted attempt.

Rev. Hall Debates With Army Officer On Conscription

Peacetime Military Training Discussed by Students and Faculty

A debate on the pros and cons of peacetime conscription was held on Sunday evening, February 11, at the Unitarian church. Gen. Royden Beebe spoke in favor of the issue and Rev. Raymond Hall of the English Department at the University of Vermont, spoke against the issue. The Rev. Skillman Meyers introduced the speakers.

Year of Training

General Beebe stated that present plans would provide for one year of compulsory military service when a boy graduates from high school, or reaches eighteen years of age. After this year of service the persons having received training would be subject to no further peacetime drafting. This would merely be a service measure, according to General Beebe. He pointed out that this would educate illiterates to the fourth grade level. This would be an opportunity for men who would otherwise be poorly fed to be well fed. Good medical and dental attention would be available, as well as good physical training and advice. General Beebe said that in his opinion this is the most democratic way of raising an army, since all men would meet on the same level, and they would become acquainted with different walks of life. Such a measure as this would insure security of the United States.

Scientists and War

Reverend Hall opened by discussing not the bills which would provide for

(*Continued on page 4*)

5th Bull Session Views Education

This Thursday evening another Faculty-Student Bull Session will be held in the Student Lounge at 7.45. This will be the fifth meeting of this type to be held this year. Prof. George Dykhuizen, who was one of the presiding officers at the recent Student parley held at U. V. M. and who has been the leader of several student discussions this year and last, will preside.

The topic under discussion will be "Education at U. V. M." It is hoped that the students will give their opinions on courses, administration, teaching, etc. These subjects will be informally discussed with the faculty members present in an effort to better the working relations between students and professors and discuss in general the educational system used at the University of Vermont.

This week's bull session has been arranged by Irene Fahey and Mary Thermos.

Refreshments will be served during the evening.

New Prof. Arrives

The College of Medicine is now making plans for the coming semester which opens on Monday, February 12. On that date Dr. Nickolas Dreyer, newly appointed professor of Pharmacology, will assume his position. He comes to U. V. M. from Long Island Medical College.

Dr. Harold F. Hunwich of the Medical College will lecture at the Fleming Museum. The subject of his talk will be "Hypoglycemia." This lecture is open to the public.

Kake Walk Campaign Managers Meet Thursday

There will be a meeting of all Kake Walk King and Queen campaign managers Thursday night, at 7.30 in Room 165. Campaign regulations will be discussed as signs will go up on Saturday for the campaign. Announcement of all candidates will be made at this time.

STUDENT UNION TO HOLD MASS MEETING

There will be a Student Union Mass Meeting Wednesday, February 21, at eight o'clock in the Chapel. At this time the nominations for the new Student Union Council will be presented. Further nominations for any office may be made by presenting to the president of the organization a written nomination signed by twenty-five members of the organization concerned. Changes in the point system will be explained and voted on at the meeting. To conclude the program Mrs. Eleanor Knutt will give a monologue followed by the traditional singing of Champlain.

HEALTH COUNCIL TO PRESENT HILLBILLY DANCE IN LOUNGE

Health Council will hold an old fashioned hillbilly dance in the Student Lounge Saturday, February 17. Square dances, round dances, refreshments and informality are the main attractions of the evening, while a piano player, a fiddler and an honest-to-goodness square dance caller will do their utmost to make this dance the gayest of the year.

The dance is sponsored by the Health Council and is traditionally a girl-ask-boy affair; but this year the doors are open to everyone, no matter how he or she wishes to come.

The proceeds of this dance will go to the Health Council Fund, which offers financial help to anyone who needs it in order to take care of medical bills. Those who take advantage of the fund are not required to return the money until three years after their graduation from college.

Kake Walkers, Ice Sculptures Ready For Annual Event

Frat Men To Walk Fo' De Cake; Dorms and Sororities Do Statues

Four teams of Kake Walkers will compete at the Memorial Auditorium Saturday, February 24. Competition will be keen this year with the following strutters:

Houghty Pearl
Al Attwater ..... Unattached
Roger Baker
Windy Parker ..... Lambda Iota
Dick Mascolo
Ted Battles ..... Sigma Alpha Epsilon
Howie Bloomenthal
Stan Fieber ..... Phi Sigma Delta

Work will soon begin on the ice sculptures for Kake Walk week end. The following dormitories and sororities have already signified their intention to compete in the contest. Rules pertaining to the Ice Sculpture Contest were published in last week's Cynic.

Alpha Chi Omega
Alpha Xi Delta
Kappa Alpha Theta
Pi Beta Phi
Delta Delta Delta
Delta Phi Epsilon
Allen House
Warner's
Robinson Hall
Redstone
Slade
SAE
Grassmount
Delta Psi
Sigma Phi

Latest news from the Kake Walk Directors announces that ski teams will convene here during Kake Walk week-end and will compete with the U. V. M. Men's Ski team. Capt. Bob Doherty of the U. V. M. Basketball team is making plans to have the traditional basketball game the Saturday afternoon of Kake Walk. The game will probably be played with St. Michael's.

Rehearsals for the Kake Walk skits begin this week and the King and Queen campaigns start this Saturday. Please pay careful attention to the campaign regulations.

Mailman Delivers Degrees to Accelerated U. V. M. Students

Rita McGarry

At the end of the first semester fourteen U. V. M. students were qualified for degrees. Five of the graduates will receive their diplomas by mail, while the rest plan to be here for the graduation exercises in May.

Doris Rindler received her diploma this month. She is already enrolled at N. Y. U. taking courses in Advertising and Typing. Doris was elected to the Vice-Presidency of the Spanish Club this year and is a T. I. M. Another T. I. M. to get her diploma in February is Charlotte Robinson, who receives a B.A. degree. Charlotte was the House President at Roberts House this year, and also served as assistant zoology instructor. She will be married very soon to Mr. Alfred Swett.

Alice Haupt of Rutland received a B.E. degree and will continue teaching at the Meldon Junior High School in Rutland where she taught formerly. Ann Squire Haver and Mrs. Florence Savin, both of Burlington, received M.S. and B.A. degrees respectively.

Fran Donahue, Editor-in-Chief of the Cynic for the past 2 terms is one of the nine who will receive their diplomas in May. Fran was a Political Science Major and received a B.A. degree. She is now on vacation in Canada, visiting relatives in Winnipeg, Manitoba. She has had offers for positions in Boston and Washington, D. C., but as yet her plans are indefinite.

Carolyn Brown Lockwood, Kappa Alpha Theta, spent the greater share of her college life at U. V. M., being well known as a skier and all-around athlete. She transferred to Syracuse University last year to be with her husband, Robert Lockwood, Phi Delta Theta, who took his premed course at Vermont. She will receive a diploma for her Bachelor of Arts degree in May.

Katherine Perry, another Political Science Major, received a B.A. degree. Kit, a good skier, was the Re-write Editor of the Cynic and served as President of the International Relations Club.

Anita Setien, who is now at home in Barre, plans to rest until summer, and then take some Spanish courses at the University of Mexico. Anita majored in English, minored in Spanish, and received a B.S. degree in Education.

The remaining four are now enrolled in med school and received B.S. degrees. They are D. S. Kenet, J. H. Perry Hooker, Alice Tyndall, and S. R. Ziegra.

Standardized Cut System Effective On February 19

Seniors and Juniors Have Unlimited Cuts

The long awaited and long debated systematized method of cutting has at last been passed. Formulated by a student faculty committee appointed by Student Government, the following proposals were then submitted to the University Senate for approval.

The regulations covering class attendance for students in the Colleges of Arts and Sciences, Agriculture, and Engineering, as adopted by the University Senate, will go into effect on Monday, February 19. A copy of the Senate resolution and approved interpretations are as follows.

There shall be no compulsory attendance for juniors and seniors in good standing. The same regulation shall apply to freshmen and sophomores provided they have attained a Dean's list average for the preceding semester.

Interpretations

(1) This rule does not apply to present University regulations of a special nature now in effect, e.g., the rule regarding attendance at classes before and after holidays and at convocations, Founder's Day exercises, and graduation.

(2) Junior and senior students in good standing and freshmen and sophomore students on the Dean's list are not required to attend classes, and no penalty is incurred for absence as such. This does not lessen in any way the student's responsibility, and failure to take examinations or quizzes, written or oral, or to hand in papers, reports, etc., on the designated day, will result in a failure for that particular examination, quiz, paper, or report.

(3) When absences for illness or other justifiable reason have been excused by the Dean, the work missed may be made up at a time convenient to the instructor.

(*Continued on page 4*)

SPANISH CLUB MEETS

F. M. Lawrence will be the speaker at this week's meeting of the Spanish Club. Lawrence has travelled in Puerto Rico and Latin America and will speak on the people and customs in these countries. The program will be held in Room 258 Waterman, Wednesday night at 7.30. This is the second in a group of speeches on the Latin peoples. All are invited to attend as the speech will be in English this time, and the Spanish Club will not have to translate for you.

Marie Rolleri, president of the Spanish Club is in charge of the program.

Vacation Travel May Be Restricted

The rumor circulating around the Waterman that the Easter vacation will be suspended is due to the letter President Millis received recently from the O. D. T. Transportation facilities are not complete enough to handle the added burden of students returning home for the holiday plus necessary wartime travel. For this reason colleges have been asked to prevent students from using transportation facilities to get home for the Easter vacation. Vacation could still be at the regular time but students could not leave school by train or bus. No action has been taken on this suggestion by the O. D. T.

Many colleges have already arranged to have the spring recess at school. Alternate suggestions for arranging a "stay at school" vacation are the adoption of a three day Easter recess and a three day period before exams. In any case the allotted number of vacation days would be used. Wellesley and other New England colleges have acted on the notice from the O. D. T. and called a vacation on campus. Many students at U. V. M. are already planning on remaining here during Easter due to the conditions on trains and buses during the Christmas vacation. As it is now, it is practically impossible for the railroads to handle any unnecessary travel.

Newcomer's Club Will Hold Informal Dance

The Newcomers' Club of the University of Vermont, a branch of the Ladies of the Faculty Club, will present a dance at the Waterman Building February 16. Faculty members or wives who have been at U. V. M. for three years or less and their husbands or friend are invited to attend. The dance will be informal, and the music will be of the 'juke box' variety. There will be cards and games for those who do not care to dance, and refreshments will be served.

Mrs. Robert Chapman is the Chairman of the Executive Committee; Mrs. Heath K. Rugg is the Secretary and Treasurer, and Miss Ethel Hoffman, who is in charge of the dance, is the third committee member. Meetings are conducted once a month, during the month of January a tea was held.

Eleven Veterans Enroll Here For This Semester

Director of Admissions Heath K. Rugg has announced that 661 students enrolled on Monday, February 5. The freshmen topped the list with 293, sophomores came next with 148, juniors totalled 122, and seniors 98. These figures do not include the students at the Medical College.

Since the enrollment of 731 students last October, 25 have dropped out, most of them going into the armed forces. The enrollment of 11 veterans for second semester brings the number of veterans to 50.

Red Cross Plans Vermont Chapter

Seven Courses Offered to University Students

Miss Alice M. Comstock a representative of the American Red Cross, was in town last week-end to see about establishing a college unit of the Red Cross at the University of Vermont. Work in Cross, for which supervised training is given, is an excellent opportunity for war work and community service. However, a college unit can be successfully established only if there is vital, wholehearted interest and participation in it by the students. Therefore, it is essential to know how many people would like to have a Red Cross chapter established, and in which fields of work there is the greatest interest.

There are seven fields of activity set up by the national organization, of which any college chapter can have as many or as few as it wishes. The fields are as follows:

Home Nursing—30 hours of class instruction in personal health, family relationships, control of communicable disease.

(*Continued on page 4*)

NEWMAN CLUB MEETS

The monthly meeting of the Newman Club will be held Tuesday, February 13, at 7.45 p.m. in the Student Lounge. The speaker will be Jeremiah K. Durick, Head of the English Department at St. Michael's College, and prominent Catholic layman of Burlington.

[illegible] intra-mural basketball league has [illegible] a rather interesting season. A new [illegible] is being started so sign up with [illegible] Post now. Games will be played [illegible] nights and Saturday after- [illegible] in the gym.

* * *

[illegible] is coming around slowly and it [illegible] appropriate to point out that even [illegible] team if organized here, at St. [illegible] at Norwich, and Middlebury [illegible] itself to some intercollegiate [illegible] competition, provided we find the neces- [illegible] around support. An intra-mural [illegible] league is not a must but we are [illegible] that between the undergrads and the [illegible] we could have workable events.

* * *

[illegible] get a few ping-pong tables in our [illegible] alleys, why not start a tourna- [illegible] All will be glad to help make ar- [illegible]

AUGMENTED CHOIR PRESENTS CONCERT AT SUNDAY CHAPEL

The Department of Music of the Uni[illegible] of Vermont presented its mid-[illegible] concert by the augmented Uni[illegible] choir under the direction of Prof. [illegible] Bennett and the University or[illegible] conducted by Ippocrates Pappout[illegible] on Sunday, February 11, at 4.00 [illegible] in the Ira Allen Chapel.

The program was:

[illegible] to "Mireille".....*Gounod*

[illegible] .....*Mendelssohn*

[illegible] (Never heard happier laughter)

[illegible] by Genevieve Taggard

.....*William Schuman*

[illegible] We Plant When We Plant

[illegible] .....*Aaron Copland*

[illegible] Quartet in A Major....*Mozart*

[illegible]

[illegible]

[illegible]

[illegible] variazioni

Robert Schumann

[illegible] Songs (Liebes leider

.....*Brahms*

[illegible] endowered 'neath azure skies"

[illegible] is no bearing with these

[illegible] neighbors"

[illegible] rock in shady spot"

[illegible] Heads, O Ye Gates..*Handel*

[illegible] Messiah"

[illegible] members of the University orches[illegible] part in the Quintet were [illegible] Abrons '48, Clarinet [illegible] Rowe, 1st Violin [illegible] Millington, Cello [illegible] '47, 2nd Violin [illegible] Colburn, Viola

[illegible] was accompanied in several [illegible] by Anita Smith '47, Marilen [illegible] and Betty Rome '46. Miss [illegible] Marston was organist.

Retiring Secretary

Mary Greene

Secretary Leaves Office to Schoppe

The resignation of Mary Greene, able and energetic Student Government secretary has been accepted by President Daly. Mary gave her reason as an already heavy extra-curriculum and scholastic schedule which makes it impossible for her to devote the time necessary to fulfill the job. "Greenie" is one of those rare animals known as a Chem major and is frequently found "stewing" around Sci Hall armed with a battery of test tubes and beakers.

Ski Enthusiast

At the Middlebury Ski meet Mary will be remembered as the girl who won laurels for U. V. M. by coming in fourth in the women's combined Downhill and Slalom race. As a native Vermonter, it is only natural that she is a ski enthusiast and the inspiration behind many of the hilarious week-ends at Stowe which have taken the school by storm.

Photography Fan

When you are looking your worst, "Greenie" is one gal to beware of as she is also a camera fiend. She is responsible for those rare informals in the *Ariel* and in her spare (?) time you'll find her climbing trees in back of Redstone looking for a unique view of Mt. Mansfield.

With the departure of Mrs. Pilcher as House Director at Redstone, Mary, who is housefellow, has undertaken her duties assisted by Barbara Anderson, house president. A member of Alpha Chi Omega, she is also the Junior Representative on W. A. A.

Ruth Schoppe will take over the office left vacant by Mary.

NOTICE

Accelerated students who have been here for two semesters do not receive sophomore social privileges until they have been reclassified and the list of their classification has been published in the CYNIC by the Registrar.

SHIRLEY NEEDHAM

Vermont Hoopsters Plan Big Game for Kake Walk Week

Kake Walk week-end will become more exciting than at present if the plans of Capt Bob Doherty are successful. He announces that his Vermont Collegian quintet is awaiting only the ironing out of last minute schedule difficulties before making preparations for an invasion of Memorial Auditorium by the St Michael's Purple. The proposed game if played will be on either February 23 or the following evening.

The Collegians, mostly medics fresh from a siege of examinations will need at least two weeks to regain proper playing shape. One or two replacements must be brought up from the junior varsity squad to fill the shoes of Coast Guardsman Bob Maroney and others who may possibly be lost to the team in the near future.

Jules Pequignot flashy forward and leading scorer, has been signed to play with the squad during the remainder of the season. Used as a surprise starter in the season's inaugural against Middlebury, "Peck's" hustle and spirited play nearly enabled the Dobertymen to upset the Panther "applecart."

Possibly this may be the final court appearance of the year for the U. V. M hoopsters, as efforts to secure games with neighboring universities have been balked because of full schedules or transportation difficulties.

Health Workshop To Meet at U.V.M.

A conference entitled, "Nutrition and Health Workshop" will be held in the Waterman Building beginning February 28 and lasting until after lunch March 3. Mrs. Alice Coutts Aldrich is in charge of the conference. Mrs. Aldrich is from Montpelier and is the State Supervisor of Health and Physical Education. Registration will be in room 46 of the Waterman Building.

Another meeting pertaining to state education was that of the Principals of State Normal Schools of Vermont held at Montpelier, Thursday, February 8 to consider policies of teacher education in this state. They discussed the manner of development of curriculum in the various institutions. The topics of "Adjustment" and "Articulation" were discussed. The Principals are to meet with the State Board of Education the first Thursday of each month to consider their problems.

The Department of Education of U. V. M. also announces that one of its members, Miss Sara Holbrook, has been appointed a member of the Follow-Up Committee on Child Welfare under the post legislative committee.

Joe Lechnyr's "Pop's" Concert Plays Before a Capacity House

Congested and [illegible] over a hundred and fifty young people having fun, blended with the roaring roller-skates and the martial music of the U. V. M. Cadet Band testified to the success of the W. A. A. Pops Night held Friday, February 9, in the Mens Gym. The Band temporarily minus Manager Margo Donahue '45, arrived late, though festivities were not scheduled to begin until 8:00. Card games sprang up quickly around the tables in front of the band, mostly bridge and hearts and laborers were rampant.

Joe Lechnyr's band which Denny Pease '47 conducted while he was necessarily absent, produced a number of favorite numbers. "Overture Victorieux," "Swing Low Sweet Chariot," "Cotton Babies," "Stout Hearted Men" and many others from its popular repertoire.

When the band wasn't playing, Chet Brown '46 or Debby Cobb '48 were putting out in boogie on the piano while the [illegible] Lady Bugs. Phebe Powers '46 was called upon to lead group singing assisted by Barbara McGeever '47 and Elsie Bruce '46. Professor Ladd, acting as master of ceremonies, called for Anita Smith '47 and some piano five. "In The Mood" and as an encore "Sabooney" Crystal Malone '47, accompanied by Anita, performed a sand dance.

The roller skates appeared after the program, and although no casualties have been reported, there were enough thrills to keep everybody happy. The party broke up reluctantly as the girls left to keep their 10:30 sign-outs.

The evening was sponsored by the senior representatives of W. A. A. and the Council at-large members served. Margy Watts '46, was in charge of posters, Irene Fahey '46 and Spike Thornton '46, of publicity, Kay Hennessey '45, of refreshments, Skip Lewis '47, of tables and Ruth Jandorek '47 of entertainment. Miss Euler was the advisor.

"WILL HE OR WON'T HE BE HERE?" QUERY BAFFLES EXPERTS

Will he or won't he be here? That's the question Vermont women are asking the Directors at Kake Walk. Ever since word leaked out that Frank Sinatra, number one Croon[illegible] idol of the nation, has been booked to Kake Walk, Kay Simms telephone has been ringing from dawn to dawn.

When queried by reporters Simms only answer was "Uncle Sam is the boss these days along with Sinatra's manager. We hope he'll be here, but anything can happen at Kake Walk and probably will. All I know is that there are going to be many surprises this year and, in spite of wartime obstacles, this is going to be a great affair."

The Co-Directors, Simms, Williams and Shirley Hibbard, have arranged an elaborate program of events, starting with the Kake Walk Dance Friday night in the Memorial Auditorium from nine till one.

Fraternities, Sororities and Independents have been in secret rehearsal for their appearance in the Skit Competition and the Walkers Fo' De Kake are working out daily in the gymnasium on a rigid schedule, worked out by John Williams.

Saturday night, Pres. John S. Millis will greet Vermont men overseas during the portion of Kake Walk that will be shortwaved via Armed Forces Radio Service transmitters, and Governor Proctor is expected to send a State greeting to the men.

Tickets for the Dance and Kake Walk go on sale at Hayes and Carney's and the University Book Store, February 16.

Y. W. C. A. Meeting

There will be a meeting of the Christian Community Responsibility Committee of Y. W. C. A. on Tuesday evening, February 20. This meeting is opened to any who wish to come and all are urged to do so. The topic to be discussed is "Peacetime Conscription."

Council Discusses Current Problems

A meeting of the Student Union Council was held on Tuesday, [illegible] at the usual time in the Council members in voting purposes. The president, Sally [illegible], asked for opinions on the question of smoking [illegible] and the game room be open to non-members at times and the council authorized to change it. Lloyd Turner going to Chapel Hour if need [illegible] it was decided that the [illegible] should watch to see that the ordering of drinks and the [illegible] obey the proper [illegible] regulations.

Smoking Question

The [illegible] was referred to regard to the smoking question prohibit smoking in the women's rest rooms since both the Student Lounge and the Delta Psi [illegible] are available for that purpose. Signs have been posted in the rest rooms and offenders will be spoken to.

Dorris Proctor then spoke about the articles in the Cynic concerning Joint Conference and Student Union. The purpose of these articles is to clarify the functions of the organizations in the minds of the students. It was decided that the results of the Student Union Council meetings should be published in the Cynic.

Constitution Read

Two [illegible] were then read from the Student Union Constitution and By-Laws. Article II Section 3 (a) states that "The senior members of Student Union Council shall make nominations for officers of Student Union. This list of nominations shall be posted for two days. This year balloting will be on Monday, February 26 [illegible] also states "Further nominations for any office may be made by presenting to the president of the organization within twenty-four hours from the time nominations are posted a written nomination signed by twenty-five members of the organization concerned." Thus as all women students automatically become members of Student Union by signing the Constitution and a woman student who wishes to add to the slate any name may submit to the president this petition within the time specified above. Regarding these nominations and any additional ones made by any woman student, it must be considered that many positions on the Council require previous experience. Included in these are the President, the Chief Justice and the Vice President. Also the Judiciary Committee is excluded from the latter clause since according to Article I Section 3 (d) Members of the Judiciary are elected by the Council by ballot.

New Point Changes

A discussion of the point system followed. Several changes in the system were suggested including a 50 point requirement for directing a junior to membership in three clubs excluding sorority each club membership having two points. Presidents of honorary societies will have five points instead of three. Members of the Student Government Executive Committee will have ten points and members of the Standing Committee of Student Government and of the Executive Council will have five points. Treasurers of societies will have ten points and any position of student council will have five points. These changes were all put in the form of motions and are to be presented to the students to be voted on at next mass meeting.

Discussion Held

There was a discussion about students serving on both the Student Union Council and the Student Government Executive Committee. The majority of the Council members were of the opinion that to serve in both these organizations would be too much of a task for one student since it is very much of the same type of work. Here also the numbers of points must be considered. A recommendation was made that the approval of petitions for Student Government Executive Council should be left to the discretion of the nominating committees.

Shirley Needham announced that the next mass meeting will be held on February 21.

POST-WAR PLANS TO AID RURAL SCHOOLS

The state Rural Policy Committee held a meeting recently to consider rural education after the war. The committee would like to see more college students in Vermont preparing to be rural teachers.

Vermont ranks 45 in the per cent it expends comparatively low salaries, and therefore many teachers accept positions in other states. The committee wants the to see State Aid for rural schools passed so that college graduates and graduates of teachers colleges will receive enough salary to want to teach in Vermont. Rural pay now getting up Congress which would encourage money for salaries of rural school teachers.

Dr. Francis E. Gerdin, Chief of the New York State Department of Education discussing the centralization of rural schools in New York state. Centralization is one of the possibilities to improve the schools. In central schools it is possible to have more teachers and better equipment.

The Extension Service at U. V. M. is now going to publish a report giving all the recommendations of the State Rural Policy Committee.

Conscription

(Concluded from page 1)

this military training. One of these provides for training one to seven years in military service and subjection to recall, and the other provides for four years of service and subjection to recall. He pointed out the probability that future wars will be won by scientists instead of by mass armies. This war is hoped to constitute in a world peace order. Why, under these circumstances, would it be necessary to raise an army by conscription?

Another point brought out by Reverend Hall was that if we pass such a law now we would be doing it without taking into consideration the opinion of our overseas armies. The people of the United States are now in a state of war psychosis and would be inclined to pass such a measure. Many admit that they wish to pass such a bill now so that the people would vote favorably while in such a state of mind.

Other points which Reverend Hall emphasized were that wars have never been prevented by conscription, that conscription leads to militarism, and that such a measure would be a waste of human resources.

Red Cross

(Concluded from page 1)

Unit 4—3 different courses: Standard, advanced, [illegible]. Volunteer detachments are made up of 15 to 50 people who have taken [illegible] two courses and who are organized to help in [illegible] emergencies.

Sixty-two unit meetings were held at Vermont because of Hygiene and Home Ec. courses and projects.

Volunteer Special Services—

a. Canteen Corps
20 hours of training, covering selection, preparation, and serving of food in large quantities. People who have completed the course will help with college suppers etc.

b. Staff Assistants
People interested in typing, bookkeeping and other office work. 12 hours of training for work in carrying out secretarial and administrative work at the college unit.

c. Motor Corps
To help transport patients in an emergency and to assist in general work of the chapter. Training consists of Standard and Advanced First-Aid courses and a course in Motor Mechanics.

d. Volunteer Nurses Aides
80 hours of training, with a pledge of a minimum of 150 hours' service without remuneration.

e. Production
No training course, bandage rolling, knitting, and sewing.

Public Information Committee
Those interested in journalism or public speaking, whose duty it is to keep college and community informed of Red Cross activities.

Fund Raising Committee
Responsible for putting on the annual Red Cross Drive, held in March, during which Red Cross dues of $1.00 are paid.

Budget Committee
Responsible for financial program of chapter.

If there is a course which you would like to take, if there is a committee on which you would like to serve, please fill out this form and leave it in a box at the bookstore before *this Saturday noon*, February 17.

(See Ruth Jordan for further details)

'Distinctive, Incomparable' Says Profs. About Kake Walk

Opinions on Kake Walk have been given by various people and in varying manners. The faculty, however, is perhaps the most qualified to advance opinions on a tradition which they alone have witnessed for a number of uninterrupted years. The reaction of faculty members when asked their opinion on past Kake Walks and expectations for the forthcoming one present an interesting cross section of opinion.

When questioned concerning his ideas about the impending Kake Walk, Professor Dean of the English Department pondered a while and then replied laconically, "Well, I've seen a whale of a lot of Kake Walks in my day."

Prof. Dean

Professor Dean thinks that one of the best Kake Walk skits he has seen was one put on in the early twenties by Delta Psi fraternity. It was simply a large revolving cake. On the top were advertisements and as a finale two Kake Walkers appeared atop the huge cake.

Asked to compare the Kake Walks of past times with the more recent ones Professor Dean said: "The old Kake Walks were more beautiful, better supported, and had better stunts. The skits were simple but effective. In the old days much more emphasis was put on properties. Some of the fraternities even went so far as to import special costumes."

Professor Dean thinks that much of the original atmosphere of Kake Walk was lost when the scene of Kake Walk was shifted from the gym to the Memorial Auditorium. Also, he [illegible] ance in the Auditorium [illegible] use of microphones [illegible] the skits more audible [illegible] diversified as the old skits.

Prof. Carpenter

Professor Carpenter [illegible] partment, in reply to [illegible] the first Kake Walk [illegible] marked, "I was very [illegible] the excellent job which [illegible] with Kake Walk."

Kake Walk, according [illegible] Carpenter, is a distinctive [illegible] can be pointed to with pride [illegible] that the students of U. V. M. [illegible] doing a good job in keeping [illegible] Walk spirit alive through [illegible] years.

Prof. Henderson

Professor Henderson of the Agriculture Department presented a view [illegible] that of a member of our [illegible] from another campus.

"Being a westerner myself, I had [illegible] seen anything which could be compared to U. V. M.'s Kake Walk. I saw the first one in '39 and was deeply impressed by the beautiful scenery and setting.

"I also was surprised at the excellent quality of the ice sculpturing [illegible] as compared with similar work done at Penn State and Dartmouth." Professor Henderson had succeeded in capturing some of the beauty of the sculpturing in a series of Kodachrome slides.

Cut System

(Concluded from page 1)

and the student. Other absences, whether sanctioned or not, do not warrant this privilege. Excuses because of illness will be granted upon the recommendation of the University Health Service by the appropriate Dean, i.e., Dean Simpson for all undergraduate women, Dean Swift for men registered in the College of Arts and Sciences, Dean Carrigan for men registered in Agriculture, and Dean Eckhard for men registered in Engineering.

(4) Faculty members will continue to report all absences and the Deans will be charged with the responsibility of checking upon continued absences for juniors and seniors, and freshmen and sophomores on the Dean's list, and the responsibility for taking disciplinary action in other cases.

Any girl majoring in Mathematics or Chemistry and who wishes to obtain further training should see Miss Bayley. According to her, promises can be made of very good positions upon completion of these courses.

Student Government Slates Nominees

Quarter System to Go Into Effect at U.V.M. Next Year

University Senate and Trustees Pass Measure For Four School Terms

The quarter system has been adopted at U. V. M., by action of the University Senate and the U. V. M. board of trustees. The trustees confirmed action taken by the University Senate Friday to change over from its present system of three semesters to a straight quarterly basis. The quarter system was first introduced to U. V. M. students through the Student Government Bull Session last semester and was subsequently presented to the Revaluation and Planning Committee, comprised of faculty and students.

This system will inaugurate the 11 week terms, starting next June or September, and will probably mean the two semester system will be replaced by three terms during the school year and a fourth term during the summer. Details about the operation of the quarter system have yet to be worked out.

One of the changes the quarter system would bring about is in the class periods. It would probably mean five meetings a week in one class, exams before the Christmas and Easter holidays, and therefore a completion of each subject at the end of each quarter. These reforms will be debated by the Reevaluation Committee.

Notice! K. W. Band

The directors of the 1945 Kake Walk have just announced the band that is going to play for the Masquerade Ball Friday night. Not one, but two bands will hold forth in Memorial Auditorium! Jack Collins and Bob Barbari will play for the festivity presided over by the U. V. M. King and Queen. Jack Collins has also announced that singer Ray Dorey will appear, with Benny Goodman's band as the male vocalist. Diane Courtney will be the other vocalist and will crown the Queen at ten o'clock at the Ball.

Tickets are on sale in the Book Store, Dewey's and Carney.

Debate Club Holds Intramural Match

On the proposition, "Resolved: That Germany should be divided into separate sovereign entities" an intramural debate was held Tuesday, February 13, in the Science Building. Mildred Trachtenberg and Howard Bloomenthal argued for the affirmative and Dave Hackett and Al Bergeron represented the negative. The latter held that since the seventeenth century Germany has been the cause of wars, and that a division would eliminate further wars. It was the opposition, which stated that division would not solve the problem, was no decision.

The same team is scheduled to meet Bates College next week. On the 27 the team will debate with Bates at Lewiston, Me. The Bates team will be at U. V. M. March 27. A trip to New York is being planned for March 27-29, when there will be debates with various New York colleges. The Club will also send a representative to the Model Congress at Rhode Island College in Kingston, R. I. [illegible]

Coed's Carpal Cracks Confounds Card Fans

Co-eds cringed and students shuddered when word went around that one of our rabid bridge players had broken her wrist during a particularly torrid session. Speculation was widespread about the reason for her ferocious attitude at the bridge table. Some said her fury was justified. Perhaps someone trumped her trick! Or, maybe her partner bid a void suit!

Mary Lindsay has no such stirring tale to relate. It all happened Monday afternoon, while she was playing bridge in the Student Lounge. Taking her turn as dealer, she began to shuffle and deal. Suddenly a bone in her wrist just popped out of joint. "Gee," says Mary, "it wasn't even an exciting bridge game!"

Note to the worried: The dislocated carpal is again functioning.

Hillbillies Swing To Mountain Music

Fiddle, piano and a professional caller made music for the Hillbilly Dance in the Student Lounge Saturday night, February 17. This is an annual affair sponsored to raise money for the Health Council Fund. Square dances were the order of the evening, with polkas and round dances added for variety. Costumes ranged from semi-formal dresses to rolled-up dungarees and shirt tails—footwear, from pumps to socks with no shoes.

Cokes and chocolate cake were served from a booth decorated with a sign requesting the ladies to please refrain from spitting on the floor. No violations were reported. Other decorations were large cartoons of barnyard animals placed in the windows of the Lounge.

During the evening representatives of Delta Phi Epsilon appeared, campaigning for Lennie, their candidate for Kake Walk Queen, with an original version of L-S-M-F-T-. Delta Delta Delta then held the floor with songs proclaiming the charms of Mary, their candidate. A photographer of the local press was present to take pictures of would-be kings and queens.

The committee for the dance was headed by Harriet Barron '46. Chaperons were Prof. and Mrs. Ladd, Mr. and Mrs. Proctor Page.

New Veterans' Club Organized on Campus

On Wednesday, February 7, the first meeting of the Veterans Club was held. This is a new organization on campus open to all veterans and organized for the purpose of establishing better veteran-faculty-student bodies, scholarships and solving any problems which may arise. It will help newly entering veterans to get adjusted to campus life and realize what they can expect of college and what college expects of them.

It is primarily social in nature, but not a social organization. Meetings are in the form of "bull sessions."

At the last meeting about twelve veterans were present and they were addressed by Lieutenant Mills, Professor Meader and Mr. Butterfield. President Mills stressed the fact that veterans should be a part of the University and not be segregated in any way. Members were appointed to check with the veterans on possible subjects for discussion in following meetings.

The next meeting will be in Room 217 Wednesday, February 28 at 7:30 p.m.

Y.W.C.A. to Have Speaker March 13

Forums, Discussions Planned for Future

Under the sponsorship of YWCA, Miss Seabury, a member of the Federal Council of Churches will visit the Vermont campus March 13. She is an outstanding leader in student work and will speak at a mass meeting.

YWCA has been very busy with the Christian Faith Commission this past week-end. Now that the Religious Life Conference is over numerous ideas have been brought forward and the Commission under the leadership of Joyce Byington '45, plans to have discussion groups, forums, and lectures during the next semester. Students with suggestions of topics for these parties are asked to see Nancy Hall '46.

A second commission is gathering ideas for Vocational Emphasis Week to be held some time in the spring. In the CYNIC there will be a questionnaire to be filled out by those interested in vocations of various sorts. The questionnaire will be designed to see where students' vocational interests lie, and it will help in formulating possible vocational guidance on campus. One of the projects suggested for this is Vocational Testing to give students an opportunity of discovering the jobs for which they are most fitted.

The Christian Community Responsibilities Commission under Nancy Dockstader '46, has plans underway for forums. The Red Cross and Hospital Work led by Mary Jean Dunsmore '46, has been working specially hard in the hospital and labs, but there is still a great deal more to do, and Miss Huntley is asking for more helpers in this line. "Y" girls are expected to join the group and the "Y" has been asked to take over other community services, the details of which will be out later.

Student Union to Elect New Council

Elections for the Student Union Council will be held Monday, March 5 in the Waterman Building. Nominations for the Council will be presented Wednesday night, February 28 at the Mass Meeting.

The Student Government Executive Committee will be elected Monday, March 12. The procedure to be followed in order to be nominated for a member of the Executive Committee is as follows:

Committee consists of four juniors, four sophomores, and two freshmen, at the time of elections.

Nominations for Executive Committee, except officers, shall be made by petition to the Nominating Committee (which consists of the Dean of Women, the deans of the undergraduate colleges, three members of Mortar Board, and three members of Boulder).

Petitions are to be signed by at least one hundred members of U. V. M. Student Government.

The candidates shall be in good standing in the University.

WORDING OF PETITION:

"WE, THE UNDERSIGNED, PROPOSE THE NAME OF [illegible] for the undergraduate POSITION ON THE EXECUTIVE COMMITTEE OF STUDENT GOVERNMENT."

Transportation will be furnished to Mt Mansfield on Saturday—$2.50 round trip

Earle and Plumley Run For President

Former Service Men

Wendell Earle

Charles Plumley

Elections Scheduled For Monday, Feb. 26th

Last Monday a slate of officers for the U. V. M. Student Government was drawn up by the nominating committee which is composed of the three Deans of the undergraduate colleges, three representatives of Mortar Board, and representatives for the Boulder Society.

The two nominees for President are Wendell Earle and Charles Plumley. Mr. Earle was a former student here, leaving in his sophomore year to enter the Armed Forces. He returned last fall to continue his studies in Agriculture and served as President of the Aggie Club. In December, when the Student Court Planning Committee was organized, he was appointed to represent the College of Agriculture.

Charlie Plumley is also a veteran who has returned to U. V. M. after an absence of four years. While in the Army he served in the Infantry, the A. S. T. P. and the Air Corps. He is taking the Mechanical Engineering course.

Hackett, Mallett To Run

One of the candidates for the Vice Presidency is Dave Hackett. Dave entered U. V. M. with previous credits from George Washington University. He is taking the L.A. course and plans to major in Chemistry. A few of his many activities are: Debating Club, Feature Staff of the CYNIC and Chairman of the Cultural Committee of Student Government.

The other candidate for this office is a sophomore, Peter Mallett. Pete is a member of U. V. M.'s newly formed ski team and took honors for us at the Middlebury ski meet. He is also interested in the International Relations Club, the Debating Club, and is a member of the Vermont Christian Association.

Coeds Up For Office

The position of secretary is sought by two freshmen Secretarial students, who are residents of Jeffersonian Hall. Sally Morrison has many activities which include Outing Club, Y. W. C. A., Band, Programs Chairman of LRC and WUVM Assistant Sally is also a member of Kappa Alpha Theta sorority on the Executive Council. Edith McLaren, who hails from Panama, is a member of Tri Delta. Her other activities include Y. W. C. A., Outing Club and W. U. V. M. announcing.

Two Burlington girls have been nominated for Treasurer. Peggy Miller and Wanda Hutchinson. Both girls are Liberal Arts students, and are in the Class of '46. Peggy is a member of Kappa Alpha Theta, Y. W. C. A. and Lawrence Masque and the Glee Club. Wanda is the Advertising Manager of the CYNIC and belongs to the W. C. A. Both girls are Co-Ed Managers of the Cynic.

The election for Class Officers will take place on Monday, February 26 in the usual spot at the 8 o'clock Rooster. The election for the Executive Council will be held on Monday, March 12.

FACULTY-STUDENT GROUP DISCUSS COLLEGE EDUCATION

Thursday night, February 15, a group of interested students and faculty members gathered in the Student Lounge to discuss education. The first session was attended by Professor Dykhuizen, Professor DeForest, and Professor Metcalf. The topic for discussion concerned the present day education system as seen in U. V. M. and various universities by other schools.

Dean [illegible] and Hatchard reviewed their book panel of discussion at the Liberal Arts conference and pointed out. The purpose at hand of study to prepare students for college and the lack of an encouraging system at a liberal education as a necessity were brought up. Present day college students are not aware of what they are looking for in mind.

REVISION OF SCULPTURE RULES IS ANNOUNCED

Due to the brownout rule in Burlington, there will be no night displays in ice sculptures. For this reason the following changes in judging have been made:

1. Fifty percent for all-around daytime appearance.

2. Twenty-five percent for theme pertaining to Kake Walk.

3. Twenty-five percent for original theme.

Sigma Gamma, Kappa Sigma Dorm, and ATO dorm have announced their intentions to enter the contest.

Phi Sigma Delta Dorm is also in the race.

Voting for king and queen will take place Thursday, Watermen Building.

Faculty Coffee Hour

The tables in the corridor under the chairmanship of Mrs. Woodward and Mr. Hodgins are making plans for the annual Coffee Hour. It will be held at the Kappa Sigma House, Sunday, March 4. All ladies of the faculty and their husbands are invited to attend.

Election Advice

Once again the time has arrived for the annual rash of elections. It is always important to stop and consider carefully just which candidate for an office would be able to fill the job the best whether it be from the standpoint of the person at home for a number of years, or a person who spends a lot of time away. Often the person who has not yet had a good opportunity to prove his ability may be the best equipped as well as the person who has proved himself in several fields of interest.

It is the primary interest of the present officers of both the Student Union Council and U. V. M. Students to see their organizations work as smoothly and efficiently as possible. Both of these organizations are built upon a similar constitution and afford their members a similar training in that each organization has legislative functions, the members of these executive committees represent a larger student body, and there are frequent meetings of the groups.

Although it is desirable to have a connection between Student Union and U. V. M. Students so that there will be no conflicting legislation, it is not necessary to have several duplications of members on each of these councils. The present organization as well as the future will suffer because of these duplications. In the first place, the heads of the respective organizations hesitate to ask their capable members to put too much into the organizations which should be required in order that it can accomplish most efficiently all that it sets up to do. In the second place, the future organization suffers, since we believe that capable a person is he could never in his junior or senior year hold key positions on both organizations. Wouldn't it be more to the point to train two people instead of one to hold these key positions?

If the two councils could be composed of different members the Vice President of Student Government could not be the liaison officer. This seat on the executive committee of Student Government will follow those of the Student Union Council by one week. Let us consider carefully the petitions for the underclass representatives on the Executive Committee of Student Government!!

[illegible]

Wallace Man of Integrity

First of all, the President seems to be a [illegible] believer. If President Roosevelt could and no other reason for the appointment than the carrying out the "spoils system," the people would have done much better in that had elected Henry Wallace President himself. For the first time in American politics a man of complete integrity has been found. A man has been discovered who has a method to end unemployment in the United States for all time, and our President can not find a decent reason to appoint him to the office in which he can do the most good.

"A change has had no business experience" cry the wailers at reaction. It they mean that he is not a representative of big business, large corporations and international cartels, they are absolutely correct. If they mean that he will not handle the Reconstruction Finance Corporation so that the rich will get richer and the poor poorer and will not allow large personal fortunes to be made at the expense of the United States and the people, they are right again. For once the Commerce department under Henry Wallace would be an instrument working for the entire people, the worker, the small independent business man, and every person who wants security and not just for the National Association of Manufacturers and their groups which are out to gain control and exploit every American.

It might also be pointed out that Wallace as Secretary of Agriculture increased $4 billion for the government while the conservative opposition became a powerful presidential candidate within the past few months.

Wallace's Full Employment Plan

A bill is now in front of congress which [illegible] Henry Wallace to guarantee full employment. Known as the Wagner Murray Kilgore bill, the legislation provides that the President should present to Congress every year a "budget" showing the number of persons seeking jobs, the number of jobs available, the amount necessary to provide adequate standards of living, and if there is a deficiency in jobs, the amount necessary to make up the deficiency. To the extent that private industry fails to provide employment, the government will step in and provide it. Public works, [illegible] will be used to provide jobs for all without government interference. It the bill is to be effective, they themselves will have to make up the difference by taxes. It seems that this is better than running an individual suffer because he can not find a job.

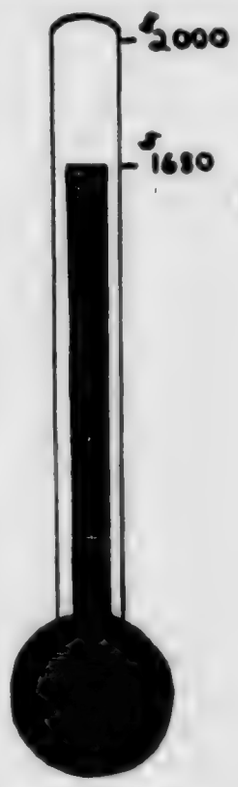
Campus Comment . . .

[illegible] Mary Morrison [illegible] Bill Hallam and [illegible] "The Iron Hat." [illegible] "The Iron Hat" [illegible] "Negro music is" [illegible] [illegible] the editorial, which [illegible] the students [illegible] protest against [illegible] [illegible]

I do not agree with what you say but I will defend unto death your right to do it. The application of Voltaire's statement was timely thrown open to argument several weeks ago in the William and Mary case. Miss Kaemmer's editorial neatly attacked the Old South's traditional antipathy towards the black race. She showed the correlation between this blind hatred and Hitler's race theories. The paper has been temporarily suspended because the narrow-minded Southern influences, which encircle William and Mary, seem to give very little thought to the democratic ideal of freedom of speech. The significant fact in the case is the attitude of the student body, who may disagree with the contents of the editorial, but who will have none of this fascist censorship.

The students have challenged the Board of Visitors to an open forum to discuss the whole case. This challenge of the students is the challenge of democracy. The efforts of the students' protests are causing nothing short of bombshells to be heard the country. This fact points out two things: one, that the college student is not willing to be subjected to editorial censorship, and two, that the country at large is awakening to the fact that undemocratic practices are not wanted in the United States.

However, there are still many elements in the country which [illegible] part race discrimination [illegible] of the arms and [illegible] prevention. These [illegible] and never one meeting [illegible] satisfactory case at [illegible] the true facts at the [illegible] together and informing [illegible] they will no longer subscribe [illegible] paper unless it is censored [illegible] of the leading Virginia [illegible] wholeheartedly with the [illegible] stand. As one of the [illegible] southern editorialists [illegible]



The editorial has made [illegible] servative progress toward [illegible] relations more difficult. [illegible] amazing fact is that [illegible] William and Mary is [illegible] on the students of that [illegible] threat of reprisals. This [illegible] is music to the ears of [illegible] realize that the South's [illegible] a cornerstone for the [illegible] of Fascism after it has been [illegible] killed in Germany.

We have seen the potential [illegible] dent protests. We [illegible] of a group of students trying [illegible] off the yoke of a narrow [illegible] In those students, we see [illegible] new South developing a [illegible] the mode of thinking. [illegible] South cannot sweep aside [illegible] old policy of race discrimination [illegible] weeks, we see in youths [illegible] press, a first step in the [illegible] standing of all peoples. [illegible] ward to a more liberal [illegible] give our wholehearted [illegible] slow emergence from the [illegible] cial prejudices.

PETER M[illegible]
BEN E[illegible]

W.S.S.F. Notice

The W. S. S. F. goal of 2000 dollars has not yet been reached. At present 1600 dollars has been collected but it is expected that more pledges will be received in the next few days as the drive ends March 1. A large chart has been placed in the hall on the Waterman with the W. S. S. F. thermometer, placing the contributions at the dollar degree. The poster reads, "Will you help raise the temperature?"

Mrs. Pilcher Leaves Post as Housemother

Mrs. Eleanor House Director at Redstone Unit resigned as of February 20. She is leaving to join her son Dr. Lewis Pilcher at Fort Lewis. Doctor Pilcher was formerly head a medical unit of the army overseas and is now Assistant Surgeon in charge of the army hospital at Fort Lewis.

The House Directors on campus gave a luncheon for Mrs. Pilcher at the Hotel Vermont Saturday, February 17. They presented a gift to her.

The vacancy left by Mrs. Pilcher's resignation has not been filled as yet.

STUDENTS ARRANGE SKI GOODS DISPLAY

The decoration of the W[illegible] ing Goods display window [illegible] garet Hanson, special student [illegible] Karraker '47 understook [illegible] nection with their Applied [illegible] drew much praise from Miss [illegible] instructor. The girls, who [illegible] novel project themselves, [illegible] peaks and a novice alone [illegible] tice slope as atmosphere [illegible] display. They then arranged [illegible] parkas, boots, and poles [illegible] artificial snow. They were [illegible] for their work when Mr. [illegible] ager, who made the [illegible] and whose suggestions had [illegible] much of the retailers' [illegible] expressed his approval [illegible] The girls undertook a [illegible] last month at the Vermont [illegible]

Six Rival For King and Queen of Kake Walk

Jan for Queen; She'll Rule Supreme

...angerine" or "Marie Elena" have ... on Janice Preston, Kappa Alpha ...s candidate for Kake Walk Queen ... Confessin' that she's 'Sweet And ..." and "My Ideal" and even though ... built a "Stairway To The Stars" ... us all "Swinging On A Star" ... Jan as Queen "There'll Be Some ... Made."

... promises firstly that if she is ... queen all U. V. M. students, no ... who they are, will be relieved of ... scholastic burdens, such as classes, ...work, and term papers, and a new ...riculum will be set up. Included in ... will be Bridge 111, 103, and 9, taught ... Professors Victoria, Blackwood, and ...bertson. Polker 20 will be offered to ... who have made Dean's List. For the ..., Janice will install a chair lift on ... Country Club Hill and the Home ... will be pacified by maid service in ... Home Management House. All mad ...ists working in Science Hall will be ... (literally) to find a workable ...ication system.

... has spoken to the War Trans-portation Board and priorities will not be needed on the plane to New York and meal tickets will be accepted as fare. Snaps will be used in the coke bars and all candy machines will be well supplied with Hershey Bars. There will be Sunday matinees at the Flynn as a convenience for all students wishing to take advantage of evening study hours which will be from 10:30 p.m. to 10:30 p.m.

But the subjects will not be happy unless they have cigarettes so there will be rationing—2 packs an hour and they may be purchased in the Book Store. Blue jeans are to be the only acceptable dress, as they will be more convenient for lounging on the studio couches which will be standard equipment for all class rooms.

Housemothers must be allergic to quiet of any sort. Water fountains will be installed in Waterman, and students will be allowed to use the elevator. Janice will also abolish the cafeteria line, supply the soda fountain with ice cream, light the library, and install a radio in the Waterman study room. There will be a telephone in every room, a washing machine, and automatic "darner upper" of socks in every dorm.

All courses will be a "snap," professors will be "good guys," Organic a "cinch" and seniors are guaranteed a degree. Upon request, the Air Corps will return to our campus, and to end the vicious rumor that is circulating about school, there will definitely be an Easter vacation. It is expected to run to April 29. The semester will close April 30, and finals will begin May 1.

To add a serious note to the platform, Janice has promised that if she is elected, she will do everything in her power to preserve the tradition and custom of our own Kake Walk for all our boys, wherever they may be, as they hold it above everything else as the most vivid memory of their college days.

Hey Girls and Men Here's Kingly Ken

It has been often quoted that everyone cannot be satisfied at the same time. But Kenny Gibson is here and up for Kake Walk King to disprove that contention in his ten point platform. Upon ascendance to the honored and time worn throne of Kake Walk, King K-G (pronounced 'cagey') will use his granted powers toward furthering the following ten point ends.

1. All freshman will be allowed to leave Thursday convocations first, followed by sophomores, juniors, seniors, faculty, and finally President Millis.

2. Food tickets will be valid in Rand's, the Central Terminal (where the 'little things count'), and Verret's (latest on oranges $1.17 per dozen).

3. Changes will be made in the soda fountain: a deck of cards, plus a waitress (or waiter) will accompany each table. Also, sugar will be transferable from one student to another.

4. Smoking will be permitted during mid-year and final exams as a cooperative measure for students, knowing full

(Continued on page 6)

Choose Staik-os, a Ration-al Queen

Listen, you boys, you girls, you all,
We've got a queen and she's got a corset.

That's right everybody here's your queen, the beautiful MARY STAIKOS. Aw sure, what say we to elect her the 1945 Kake Walk.

This year we're putting on a Kake Walk that's bigger and better than any of Vermont's other war time Kake Walks. Let's hope it's the last war time Kake Walk. And what of the future? Why, well Kake Walk be there. Everyone is looking forward to that first peace time Kake Walk. We've got a girl with plans for the day when that Kake Walk arrives.

This isn't a year to talk about escalators in the Science Hall subways to the Sugar House, six month vacations or non-compulsory convocations. Rather, this is a year to build a solid foundation for the future.

So MARY'S first promise goes to those boys who've been fighting to give us the right to continue our Kake Walks the way they used to be. She promises them football games, fraternity dances, and their choice of all the beautiful Vermont co-eds!

To you who have already returned, we give you the sweetest and best Vermont has to offer—our own glamorous MARY. Kake Walk puts Vermont in the spotlight and we want that spotlight shining on true royalty—a girl who is really every inch a queen. You'll be proud to have her representing you at Kake Walk.

To the fellows who are holding down the home front these days—medics, engineers, aggies and all the rest of you—MARY offers a ray of hope in this college year: you can't get steaks in the cafeteria, but we'll offer you STAIKOS for—queen!

Girls—let's guess what you'd all like best! MARY promises you all those letters you watch for—with the six cent air mail stamps or that all-important free frank. And MARY joins you all in waiting for that all-important day when the original of that picture on your dresser comes up the walk "back home for keeps."

MARY is our symbol of what Kake Walk will be again soon. MARY stands for Vermont and for Vermont's traditions. Elect MARY queen of the greatest Vermont tradition—Kake Walk!!

Boardman and Old Pal Nimitz Plan For 1500 Navy Men Here

3. For the 'eager beavers' who would rather spend their time in the unholy pursuit of knowledge I will install a pigeon trap the cote connects through the Hotel Vermont to each and every dormitory and maternity house, transporting popsicle vintages with night's variations.

4. I have contacted the War Manpower Commission and it has congenially consented the services of 150 waiters to alleviate existing conditions in our overcrowded and understaffed Soda Fountain.

5. I will eradicate the atrocious menus now prevailing in the cafeteria by the addition of cup-puddings and peanut sprezzings. These tid-bitting morsels will far surpass the present dregs of nutritional value and savor.

6. The Marines will be able to exercise the privileges of a two hour period each day, in which they may quaff their cognac and coffee.

Therefore in conclusion I beseech thus of you, now existing in a secluded environment of depression and wrath, but still maintain a spark glowing in anticipation of the ensuing Utopia, to kindle this spark so that we as Vermont may stand high in the flame of glory.

So take your hat down from the rack
Go to my polls to vote for Jack

When Those Who FIGHT Buy Bonds—Can't You Buy More?

SHE'S QUEEN SIZE BEST IN THE PACK LENNY, OF COURSE

Our candidate, Miss Lenore Erchel a Home Ec. student stands for those things of which all coeds, civilian men, and medics cannot help but approve. Not only will she provide the sought-after solution to burning questions such as the cigarette shortage, but she will ban exams, compulsory convocations and eight o'clock classes. Watch for her campaign song—L.S.M.F.T. "FOR SAFETY—PIN YOUR VOTE ON LENNY."

No more Taps at dawn
Or shortages of any kind
Social evenings extended 'til morn
With adequate males consigned

All enforced convocations barred
Plus an extended spring vacation
No more skiing enthusiasts scarred
And some professors with inspiration

Furloughs for medics provided
Out with the cafeteria line
To ban exams we've decided
And no one for letters need pine

Cigarettes galore will be assured
A new night club to where to go
Some hunt to U. V. M. lured
Each evening a different beau

Baker Promises Redstone Bus Plus Interview With Frankie

Up from the highways and byways of life springs one Roger Baker, a man of virtue and intelligence. He is a just and generous person, who opens the way to all, gives hope to all, and convergent energy progress and improvement to all. His sole interest is that which improves the condition of the mass. With respect to knowledge and intelligence it is the concern of the age that the masses want to encouraged and not hinder a man motivated by the wishes of that new idea would put such a matter as a bus for daily use in question. Here we have a man who would put forth his services and means absolute for the betterment of the conditions existing as they do today. Such a person of sterling character should not be passed up for jewels of a brighter color in the forthcoming contest.

It is a well-worked quote that of one who wanted to get but knew not we have opponents if we have our better policy against another. What we need is one experience person possessing enough to make those certain grants and the getting unessential compensate that cannot be put asunder by the curtains of words of late. In Mr. Baker we find one who has been subjected to all kinds of adversity and yet has survived triumphant. If he is elected we will see a progressive group that will be able to secure for themselves those things that are essential to everyday living and which they are now deprived of by certain factions interested only in the exploitation of the masses. Quoth Mr. Baker: "If I am elected, I will put forth my physical and unadulterated resources to the gaining of that which the average student desires." Mr. Baker's platform is as follows:

1. For all men ground down under the heel of an arrogant Militarism interested only in the production of 'gun fodder,' there will be a cessation of Military science.

2. In the interest of those hapless individuals who are brought from their slumbers at an early hour to attend a class of what is commonly known as Physical Education powerful forces will be brought to bear upon those responsible for this unfortunate circumstance, thus granting for said hapless individuals an excuse from the course.

3. For all those endearing young classes whose sole ambition in life is to be a permanent one for all those whose social heart and soul have been torn by the mad shortage, mass rationing will be instituted to guarantee every girl a date.

4. For all the "knight errants" on Campus who find walking difficult there will be erected a free bus service between the Colodonia Residence and Waterman operating between the hours of 8:00 and 12:31 p.m.

5. There is that group whose intellectual prowess are not to be seen at any time but to whom in their interests progress will be hindered if no votes can be taken so that this enabling the individuals to prosecute the necessary lessons with the minimum amount of work.

6. There is also that backward segregating brigade who wish to retain things which has no relation. In that connection Mr. Baker stated that as his opponents they will be arraigned at noon with that gentleman for every breath exhaled.

Baker's Friend is a Voter and for Baker

LAWRENCE SPEAKS TO SPANISH CLUB

At the Spanish Club meeting of the Professor C. A. F. M. Lawrence spoke on Puerto Rico. His talk was the latest in a series of illustrated speeches of the Latin nations. Mr. Lawrence discussed the early events culminating with Ponce de Leon as the second governor of Puerto Rico. By showing us how small railroads and engineering the people in sugar factories. He believes that Puerto Rico should be given statehood.

Probably the city of most interest at the most interesting Puerto Rico was because every monument is related through one man. Mr. Lawrence discussed various Spanish meals and said that Puerto Ricans are especially fond of green bananas. He described the colorful scenery of the island and the beautiful harbor of San Juan.

Rev. Hall Shows Movie to V.C.A.

[illegible] meeting of the Liberal Christian Association was held at West [illegible] Thursday [illegible] p.m. [illegible] the religious life [illegible] The Reverend Hall showed two motion pictures entitled "The Reality of [illegible]" which portrayed the important principles [illegible]

[illegible] movie dramatized a story [illegible] was in the habit of [illegible] It was decided that [illegible] the next meeting would be held [illegible] This decision was [illegible] by the Reverend Hall [illegible] Mrs. [illegible] presented a [illegible] of Boston for this purpose. [illegible] and [illegible] some discussion was called for [illegible] the plans for [illegible] [illegible] and adopted this [illegible] "Soul Searching". Plans were [illegible] for holding a joint meeting with [illegible] to bring these problems to the [illegible]

[illegible] V. C. A. seems to be a good [illegible] to examine the actual situation of Jews at and [illegible] issues and problems of [illegible] and solutions in relation to segregation. After getting to the roots of discrimination here at Vermont, the V. C. A. with the cooperation of the student body will try to eliminate the [illegible] and to facilitate equality of privileges.

U.V.M. Students Speak At B'Nai Brith Lodge

The [illegible] of U. V. M. had [illegible] at a special Hillel meeting in the B'nai Brith Lodge in Burlington on [illegible] Sunday, February 18, 1945. The meeting was [illegible] at [illegible] p.m. [illegible] members of Hillel and a talk on the activities of the Hillel Foundation in the University [illegible] made by [illegible].

[illegible] plan sessions were [illegible] Hillel and the U. V. M. campus were [illegible] discussed. [illegible] Association [illegible] Hillel and [illegible] Daily [illegible]. The addition to the settlement [illegible] of [illegible] as the Canadian Lumber [illegible] and [illegible] [illegible] by [illegible] in the Canadian [illegible].

Mrs. Goldie Rabkin of New York then spoke to the group. Mrs. Rabkin is a graduate of N. Y. U. and a member of Phi Beta Kappa. She now holds the position of Hillel chairman of the B'nai B'rith Women's Auxiliary in District No. 1. Mrs. Rabkin spoke about Hillel in many campuses in general, particularly stressing the fact of interfaith on campuses promulgated by the mixed religious groups in cooperation with the Hillel Foundation.

Retiring Student Officers Complete Year's Activities

End of Student Gov't Term Finds Collegiate Unity Increasing

[illegible] November when the present powers of Student Government were created, there have been many measures come up and passed which have served to give the students a greater voice in their affairs and a greater understanding of their necessities. Through the graduation of four seniors which were inaugurated by the present Student Government, students have been enabled to discuss with the faculty mutual problems in a "man to man" fashion.

Kake Walk Directors

It was Student Government that appointed the three Kake Walk Directors this year. Previously Kake Walk directors have been announced by their predecessors.

In the words of Willson Daily, retiring president of Student Government, "A vigorous Student Government is the means at our disposal by which we, in the University, can keep alive the claim of freedom so adequately symbolized in the Vermont Town Meeting." The many steps taken in the past few months are adequate testimony of his efforts to enable a larger functioning of Student Government at U. V. M.

Cut System

One of the biggest problems confronting faculty and students, namely an adequate cut system was finally worked out to the satisfaction of both. It went into effect last Monday. Just prior to midyear examinations a study room on the second floor of Waterman was opened through cooperation with the administration. This was a great help to the many students who attempted in vain to concentrate on their studies in the student lounge.

A big step was taken recently when Student Government was given an office of its own where, from 9-12 in the morning, a representative can be on hand to

(Continued on page 6)

Vocalist Diane Courtney To Crown 1945 Queen

Star of Alan Young Show Arrives Fri. for Dance

Kake Walk 1945 has [illegible] of tricks once more—this time [illegible] up with no less a radio [illegible] the talented and charming [illegible] ney, currently featured [illegible] Young radio show. Miss [illegible] crown the queen of Kake [illegible] ball on Friday evening, and [illegible] serenade with several [illegible] songs which she has recorded [illegible].

The young singer, chosen [illegible] vocalist of the year by [illegible] zine, will arrive in Burlington [illegible] day afternoon by plane from [illegible] City, and will make the Hotel [illegible] her headquarters during her [illegible] mont.

This "daughter of the State of [illegible] mont," as she was named by former Gov. William H. Wills, is no stranger to Vermont. She sang last year for the encampment of the State Guard at Fort Ethan Allen, and was made an honorary colonel of that group.

Miss Courtney has plenty of singing and radio experience behind her having been on Milton Berle's radio show and on Jimmie Melton's Star theater show. She sang with those famed musicians the Pennsylvanians, under the baton of Fred Waring, and with the Rochester Symphony orchestra. The appearance of Diane Courtney on the carnival program is one more feather in the cap of Kake Walk 1945.

Legislature Discusses Aggie College Program For Future Set-up Here

If the new program for the State Agricultural College which is being discussed in legislature is realized, there will be several changes at U. V. M. The program is made up of three bills, none of which have been passed as yet.

The first bill, introduced by the Senate Committee on Agriculture, has been passed by the Senate and is now in the House. The passing of this bill would reactivate the Agricultural College as an organization that can own property and transact business in its own right.

The second bill has been introduced by the House Committee on Agriculture, and makes provision for the annual operating funds for the Agricultural College. The funds will provide for resident instruction, research, extension service, and related services. The present individual funds will be combined with additional funds. The latter will be used to finance state scholarships for students of agriculture and home economics who are residents of Vermont.

The third bill provides for an appropriation of $700,000 to be used for land, buildings, and equipment. This will include a poultry plant, a home economics building, an agricultural science building, and additional land for the farm.

The provisions of these bills may be altered with their passage through the two houses of legislature.

Miss Brown Stresses College for Nurses

Miss Lois Brown, instructor in Nursing Arts spoke at the Essex Junction High school on Wednesday afternoon, February fourteenth. Her talk concerned the opportunities of the collegiate program offered here for students of nursing.

Miss Brown stressed in her talk the advantages of the collegiate School of Nursing over the hospital type. Because of the Social Science and Liberal Arts courses available the graduate of collegiate school is able to advance more rapidly in her profession. An outline of U. V. M.'s nursing course was given.

FORMER UNIVERSITY STUDENTS RECEIVE AWARDS OVERSEAS

The University of Vermont is represented in every major battlefield by its graduates and former students serving in the armed forces. The record which these men have made is excellent and the following report of U. V. M.'s contribution gives credit to the outstanding work being done by all of them.

[illegible] Lieut. Elin W. Goodrich a former student at Vermont Academy, with the Twelfth Air Force in Italy has flown 68 missions. In the Mediterranean area. An officer of a B-25 bomber he participated in missions over Italy and [illegible]. He is the [illegible] Goodrich, [illegible] and the Air [illegible] with the Fifth Army.

[illegible] James Joseph Di Meglio, a student at [illegible] U. M. before entering the Air Force in 1943, has flown 23 missions in Europe with the Fifteenth Air Force. He has received the Distinguished Flying Cross in the name of the King. He was awarded the Air Medal with two oak leaf clusters for missions over Northern Italy and Southern [illegible].

[illegible] Samuel F. Mayhew, who received his M.D. degree from the University of Vermont College of Medicine in 1938, has just been awarded the bronze star medal with [illegible] for outstanding meritorious service. He is now [illegible] with the Fifteenth Air Force Medical Unit [illegible] Italy. [illegible] Lieut. Mayhew is the husband of the former Miss Dorothy Ann Hall, [illegible] Hall of Burlington.

[illegible] U. V. M. graduate in the Class of 1939, has been promoted to Flight Lieutenant in the Air Corps. He is now serving in [illegible] and is now stationed at Bengal with the Tenth Division of the Air Transport Command. He has been in the Army since [illegible] and is now [illegible] Mrs. Hollis Hutchinson.

CANTERBURY CLUB PLANS COMMUNIONS

The Canterbury Club met last Sunday night at 7:00 p.m. at the home of Professor Dale. The Club led by Pres. Alice Rowe held a business meeting and discussed the Corporate Communions. A Corporate Communion is to be held every Wednesday morning throughout, beginning the Wednesday of last week. These communions are given at St. Paul's Episcopal Church and a breakfast is served afterwards. Committees for the execution of these plans were appointed.

After the business meeting a quiz of simple bible questions was given to see how well versed the students were on the subject. This led to a discussion of the Christian attitude toward war and conscientious objectors. Mrs. Dole served refreshments.

DURICK IS SPEAKER AT NEWMAN CLUB

The Newman Club held its monthly meeting in the Student Lounge February 13, at 7.45. A business meeting preceded before Frances Witte introduced the speaker, Jeremiah K. Durick, head of the English Department at St. Michael's College and a prominent Catholic layman in Burlington.

Professor Durick reflected the views of various New England authors on the opinions of the church. Emerson looked at the church chiefly as a convention. Thoreau showed an interest in the Irish around Boston, but was not influenced by the church. Lowell was indifferent to religion, yet was not hospitable to Catholicism. Howells showed a prejudice, not a religious one but one clerical. However, he did not profession. Holmes might have been a theologian, as he recognized the value priesthood. Lowell was the most sympathetic to the church of the writers because he showed traces of [illegible].

Bill Daily, Retiring President Advocates Conservative Policy

Willson Daily, retiring president of Student Government is the tall energetic young man for whom somebody is always looking. He can usually be found engaged in an animated conversation in the Waterman lobby or directing a myst[illegible] expedition to some remote corner of the Student Hall.

Bill came to U. V. M. from his home in Malone, N. Y., in 1942 as a pre-medic student. In addition to his studies he had a part-time job as announcer over WLAX. Having enlisted in the army, however, he was called to the colors in February 1943 and [illegible] as a [illegible]. The latter word, [illegible] in an interview about himself, brings a reminder "What" from the [illegible]. So let the word be "[illegible] whose specialty is the [illegible] of movement originating in muscles in the [illegible] system. It is [illegible] work and as hard as it [illegible] Bill [illegible] in Washington, but when it [illegible] the metropolitan area to Burlington about the worst town in the United States. After the months in private life, [illegible] an honorable discharge and returning to the Hill in February 1944 under the G. I. Bill of Rights. He will graduate this June and then plans to enter a school of medicine. In November he was elected to one of the most important jobs on the campus—the presidency of U. V. M. students.

When pressed as to his theory of what the philosophy of Student Government should be Bill replied "I think it should be on the conservative rather than on the radical side. Too many people believe that the ultimate function of Student Government should be the assuming of the main responsibility for administering and running a college. Students are not capable of adopting any but a minor role in the field of collegiate administration. This role although small is nevertheless an extremely important one as witness the accomplishments of Student Government during the past year." Bill also added "I wish your succeeding president every success as he undertakes a very hard job."

Riggs Represents U.V.M.

[illegible] E. Riggs, [illegible] of [illegible] recommended by U. V. M. as a [illegible] candidate for a Rhodes and Danforth Fellowship for graduate study in the humanities, [illegible] of Literature. Many [illegible] universities [illegible] graduate study [illegible] U. V. M. were represented.

Mr. Riggs spoke on "Statesmanship At War: We Have Seen It Done" at the Sunday Breakfast at the Methodist church last Sunday night. His speech was illustrated from writings of a correspondent which was sent to the faculty and students taking part in the conference last year.

U. V. M. Ski Team Plans Intercollegiate Meet

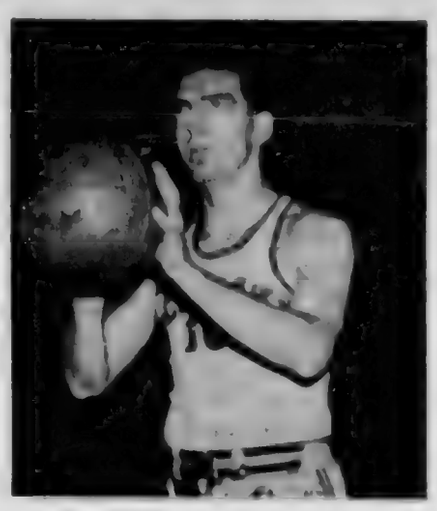
Sports Stuff . . .

F. W. Sears

... this Kake Walk week ... a real treat. Beside the ... we have two superb sports ... a ski meet at Mt. Mans... basketball game against St. ... on Saturday before the ac... de kake.

... at the data of the recent ski ... Middlebury, Dartmouth, and ... we are in for some tough ... the remaining affirmative ... invitations arrive before the ...

... Middlebury, RPI, MIT, and ... accepted invitations, and expect Dartmouth, Williams, Hampshire to furnish teams ... ts.



Individual Stars

... Middlebury, Hewitt, Genn. ... Dartmouth (if they are able ... Volkman and Merryman of ... Holman of RPI and Macom... have placed consistently high ... three meets. They are aspiring ... final honors, but gaining the ... in events doesn't necessarily ... their team is going to run away ...

... a good nucleus of skiers in U. V. M. they proved it in the Middlebury meet. Furthermore they have been able to get valuable practice helping to prepare the course for the coming events. We are sure that Dick Parker, Larry Ambrose, Pete Mallett, Ed Crane, and the others will come through in good style and although there will be some tough competition they will try their best to bring home the proverbial bacon. Let's give them all the support we can and wish them ski-hoi!

Medics Build Team

By the grace of some enterprising medics, we are lucky to have a basketball team that will we hope, beat St. Michael's Purple. Captain Doherty and the boys have been brushing up for the two encounters this week. It seems to be anybody's game at the moment, since both teams suffered close defeats at the hands of the Middlebury Panthers. Of course team work and practice is essential in precision play, and that's where the Mikemen have the edge. Nevertheless it promises to be a close, exciting game. All of us can't go out to Mt. Mansfield to cheer the ski team so let's back our hoopsters this Saturday afternoon at the Memorial Auditorium.

Captain Bob Doherty

Collegian Quintet To Meet Mikemen

Traditional Kake Walk Game Scheduled for Sat.

The outcome of tonight's game at St. Michael's will give the Dohertymen an inkling of what they should expect in the return encounter to be held during the Kake Walk Week-end. St. Michael's Purple will oppose the Vermont Collegians on Saturday afternoon February 24 at four o'clock at the Memorial Auditorium.

Thus far this season the Mikemen have beaten Williams, Clarkson and MIT. Succumbing to Middlebury twice in close encounters they are formidable opponents. The Collegians, recovering from a recent exam period, will however be out with some tough competition, but they too were able to keep close tabs on the Middlebury quintet in their pre-vacation games. The game should prove to be an exceedingly exciting event with a very close margin for either team.

One point in favor of the Purple team is the advantage they hold in frequency of practice and team play, while the Dohertymen are trying hard to get that needed practice within a week before the game.

Mike Spylios has gotten over his back injury, according to recent X-rays, and claims to be in fine shape for the game. He and Milt Kaufman are filling the positions of forwards for the Collegians. Bob Mahoney will be playing his final game for the quintet, since he will return to the Coast Guard shortly.

Captain Doherty and Milt Kaufman hold quite a basketball record, for they in addition to Killick (now in the U. S. Marine Corps) are the ones who held the U. V. M. Hoopsters at the high watermark in the '41-'42 and the '42-'43 basketball seasons.

The probable line-up for both teams will be as follows:

U V M		St. Michael's
M. Spylios, lf		lf, E. Stapcrs
M. Kaufman, rf		rf, B. O'Rourke
R. Erickson, c		c, J. Donnell
B. Doherty, lg (Capt.)		lg, "Bobo" Brooks (Capt.)
P. Hebert, rg		rg, J. Rogers

Vermont's alternates are Dan Abee, Ray Mahoney and Gerald Sears.

Vt. Confident After Middlebury Victory

"Nosedive in Topnotch Shape" Say Contestants

Inspired by their recent success at the Middlebury Winter Carnival, the University of Vermont Ski team will hold an intercollegiate three event ski meet this Saturday on Mt. Mansfield.

The downhill event will be held on the famous 'Nosedive' ski run at 11:00 a.m. The race will start at station number 13 just below the seven turns and end up at station number thirty-five just after shamble's corners. Because of the treacherousness of the trail sets of control flags will be placed at the top of the upper and lower schusses to help prevent any serious accidents to the contestants.

The slalom will be run off on the Cornrider, a straight steep stretch of the Nosedive. This event to be set by Sepp Rusch himself will be held at 1:40 in the afternoon.

So far four teams have accepted U. V. M. invitation. They are: Harvard, M. I. T., Middlebury and R. P. I. Although the West Point team will be unable to attend the meet this year their famous Coach Vic Constant, will probably come up to the race to help officiate. Answers are still withstanding from Dartmouth, Williams and New Hampshire.

As yet the final positions for the ski team members have not been announced. Six men, Parker, Mallett, Crane, Bourdon, Montgomery, Ambrose, Lewendels, and Galbraith would be almost enough for two complete teams. Final details concerning placing will be announced later in the week.

Six of the team members went to Stowe last Sunday to get in a little bit of last minute practicing. They found the Nosedive in topnotch shape and all of them think that if trail conditions are as good next Saturday as they were last week-end the race ought to be a success.

There will be a bus leaving Saturday morning from the Waterman Building and returning Saturday evening. This bus will be chartered for the express purpose of conveying the team members to the meet. It is not yet known how many of the men will be able to attend the actual Kake Walk ceremonies and therefore it is not yet known exactly how many seats will be available to take students up to Mansfield.

But extra seats will be placed at sale as soon as possible. $2.50 round trip to the mountain.

Recognizing the past ski meets the participating teams offer keen individual competition. However, kinnamanity with the home grounds is a point in favor for our teams.

Vermont has planned to enter an 'A' and a 'B' team in the Saturday events.

Team 'A' will consist of Larry Ambrose, Eddie Crane, Dick Parker, Pete Mallett.

Team 'B' has the following men entered: Ken Montgomery, Bob Galbraith, Bob Montgomery, Dave Bourdon.

Bowlers Hold New Winter Tournament

Owls and Independents Present High Scorers

The Winter Bowling Tournament got underway at the Waterman Alleys on Tuesday night, February 6, with the Owls running up an enormous score and taking the entire six points from the Pi Phis. The same night the Men's Independents bowled off their match against the Women's Independents splitting them even at three to three.

February 8 found the Alpha Chis in an encounter with the Phi Sigs in which the latter received three points for high single and high triples. The teams were evenly matched so that neither team received a percapet.

The Owls rolled up their second victory against the Women's Independents on February 13 which places them on top of the heap for this period. The Alpha Chis, Delta Theta Gamma and the SAE vs Delta Theta Gamma matches are as yet incomplete.

Last Thursday the Men's Independents bowled off their match against the SAE's. Their efforts were amply rewarded in that the entire six points fell to them. Phi Sigma Delta also succeeded in taking the total score from the so far luckless Pi Phis.

Team standings as of February 15:

Team	Score
Owls	12
Men's Independents	9
Phi Sigs	9
Women's Independents	3
Pi Phi	0
Alpha Chi	incomplete
Delta Theta Gamma	incomplete
SAE	incomplete

High singles for the two week period:

W. Barwood	137
D. Parker	131
G. Bishaw	110
M. Thornton	121
V. Smith	110
B. Ritchie	117

High triples for the two weeks:

W. Barwood	358
R. Baker	328
E. Rosenberg	306
R. Barrow	313
B. Rosenberg	303
B. Ritchie	304

Dean Simpson Speaks

Dean Mary Jean Simpson went to Barre on Tuesday, February 20 to speak to the Lions Club at noon. The subject of her talk was "The Community Looks Ahead." In the afternoon she addressed the Barre Women's Club.

Lilac Day Program Now in Rehearsal

The sale of tickets will be under the direction of Elinor Konowitz and Barbara Powers.

Sports Enthusiasts Ski-Hike to Bolton

Outing Club enthusiasts Millie George, Skip Lewis, Betty DuBois, Bill Cook, Clem Holden and Rod Galbraith, chaperoned by Professor Marvin, ski-hiked to Bolton, Vt., Saturday February 17.

At the finish of the five mile hike, a spaghetti and meatball supper was eaten at Bryant's Cabin where they spent the night. Early Sunday morning the skiers explored the trails and returned to U. V. M. that evening.

There will be a Student Convocation Thursday, February 22 at 10:00 a.m. in the Ira Allen Chapel. Attendance is required of all students in the three academic colleges.

Prof. Paul Meade will speak on "Frontiers of Knowledge in Biology."

African Sculpture On View at Museum

An exhibition of African Negro sculpture is now on view at the Fleming Museum, followed by the Associated Associates of University Women and coming from the University Museum at Philadelphia, the exhibit comprises a sculpture photographs and notes it interest is to be seen in the primitive room on the first floor of the museum.

"This exhibit is of interest especially to art students" commented Mr. Gilbert. "Because a great many modern painters, Picasso, Modigliani and Picabia, to mention a few, have derived much of their inspiration from African Negro sculpture. Toward the beginning of the century, at a time when a certain group of artists was attempting to find a new and more direct means of expression, a few pieces of African sculpture were brought to Paris. Most of the artists discovered exactly what they were after in

America First With Your Dollars Too!

U.V.M. Delegates Attend Conference

Anti-Semitism Topic At Newton Center, Mass.

Four delegates from U. V. M. were sent to the Eleventh Annual Intercollegiate Council Meeting on Jewish Culture, Music to attend a conference on Inter-Cultural Relations, the second of its kind. Delegates to Council Hostess conference the U. V. M., Lois Stevens, the U. S. C. A. and Henry Wheeler and Clarence Tolles, representing Dartmouth College, were among many New England colleges and universities with representatives at the conference.

The program, consisting of a panel discussion at the Temple Israel in Boston, Friday evening, and on Saturday morning a demonstration on how rumor spreads by Clarence Berger and talks by Edie Mercer of the New York School for Social Research and Prof. Talcott Parsons, head of the Sociology Department at Harvard, in the caucus of Anti-Semitism. A community party was held Saturday afternoon, during which leaders of many national youth groups [illegible] the [illegible] of Jews' condition in Massachusetts compared what has been already accomplished in that state. Among them was Clarence Berger, educational director of the Anti-Defamation League; Joseph Fox, a lawyer from Hartford, Conn.; Howard Wilson, head of the Education Department at Harvard; and Mrs. John Mahoney, Executive Secretary of the Governor's Committee on Racial and Religious Understanding.

One of the most interesting parts of the program was the demonstration on how rumor spreads. Eight people were chosen, to one of them was described in detail a city which he could not see. He in turn described what he thought he heard to the next individual. This was continued until the last person described what he was told to the audience who could compare what he said to the original scene. The results were most amazing for that every thing would was said was either misinterpreted or exaggerated to a great degree, showing effectively how rumors can be.

Four workshop groups were held Saturday afternoon in which smaller groups undertook in a discussion of ways to solve Anti-Semitism. Saturday evening a summary was given by a member of each group on what was done. The workshop groups met again Sunday morning and definite plans were received for holding College conferences on Anti-Semitism. Among the plans discussed was the elimination of the quota system, the elimination of discriminating initiations and fraternities and the opening to join Hillel and Student Christian Organizations.

Sunday noon the seminar was closed by Prof. Robert Hastings, head of the Religion Department at Smith College who spoke personally on what should be done against Anti-Semitism and the spirit in which it could be accomplished.

Cadet Nurses Again to Occupy Sigma Nu House

A number of cadet nurses from 34 colleges in [illegible] will arrive at U. V. M. [illegible] to begin the Experiment in Nursing Education on Monday, February 26. The girls will take the place of student nurses formerly quartered with [illegible] and Mercy Hospital. Montpelier officials were unable to [illegible] last August are sending a new group for this second program.

The girls will live at Sigma Nu fraternity house which has been converted into a dormitory.

The program of professional sciences is sponsored by the U. S. Public Health Service and provides the cadet nurses with their tuition, maintenance and a stipend to cover personal expenses during their training.

PRAYER DAY HELD

The World Student Christian Federation Day of prayer was held Sunday, February 18, at 9:30 o'clock in Ira Allen Chapel. The W. S. C. F. is the organization which unites all student Christian groups around the world. The service was planned to make the total membership become aware of the significance and power of this organization. The students who conducted the service were Lois Baker, Blanche Parker, Dale Conley, Ernest Lawrence, and Don Mason. Miss Marsten assisted at the organ.

RETIRING OFFICERS

(Concluded from page 4)

listen to student problems and answer their inquiries.

There were many more new steps taken by Student Government during this term, and a few of the major ones are:

Upon the suggestion of President Millis, two undergraduates were appointed to the Evaluation and Planning Committee. A Student Court Planning Committee was drawn up. Action was taken on all examination conflicts at mid-years. All student activities with exception of the band and the Cynic were suspended for one week prior to exams. This step may become a permanent procedure and if so will include all student activities without exception. Student Government also sent a recommendation to President Millis on the appointment of a Student Literary Planning Committee.

The present term of Student Government officers expires this week. The voting date for election of new officers has not yet been set.

Gibson's Platform

(Concluded from page 1)

and that competition during exams aids the student financially.

5. A special issue will be set aside on WVMY radio, station during which any [illegible] may comment about "When I was a freshman." This also applies to [illegible] students. The program will be called "Comparative Verbations."

6. All references to freshman students about the Air Cadets that "used to be Gone" will be prohibited.

7. In response to the vibrations received from the girls about the slack's "to be or not to be" situation, Kenny has the problem well in hand (figuratively speaking of course). Slacks may be worn (under King Kenny's rule) between the following hours, anywhere on campus, or even in Burlington: 11:17 p.m. to 1.30 a.m.; from 6.30 a.m. to 7.45 a.m. and from 6.00 p.m. to 6.10 p.m. excluding Sunday. (After 10.00 P.M. every Sunday.)

8. Kenny knows, like no one knows, that something must be done about Redstone campus. First, Redstone will be annexed to U. V. M. and will be given full rights and privileges as a University dormitory. Second, bus connections will be set up between Redstone campus and the Waterman Building at twenty minute intervals. All means of transportation and communication between Redstone Campus and U. V. M. will be encouraged. Third, only one girl to a room will be allowed throughout Slade Hall.

9. Kenneth Gibson knows how to meet a problem: having grasped the situation concerning the cigarette shortage, Kenny has taken measures. At this printing, you are already experiencing Ken's solution of the problem.

10. This is NOT a rumor. It is a fact. But governmental restrictions prevent Kenny from telling you ALL about it. Being Kenny, however, he gives you this little hint, that will be clarified as time passes and regulations will permit: WATCH FOR THE GIBSON GIRLS!

Watch for the posters on the boards. The true Kenneth Gibson now reveals himself, showing his brave, his just, his diplomatic, his strong, his fearless, his fierce . . . . well, just watch for the posters and you'll see! Kenny for King!

TLM Trains Aliens For Citizenship

Sorority Has Project At Community Center

A group of students [illegible] Mu sorority have been [illegible] ship candidates for [illegible] ter over two years. [illegible] quite a few years ago [illegible] House by Miss Ida H[illegible] her departure was [illegible] Pauline Sullivan Bo[illegible] of the class of 1927. [illegible] Mu girls are now car[illegible] work as a sorority [illegible] the only volunteer work [illegible] done in the country.

The classes, under [illegible] Prof. Sara M. Holbrook [illegible] Education Department [illegible] ternoons and two evenings [illegible] cover a variety of subjects [illegible] are taught to prepare [illegible] passing the citizenship [illegible] any state. The afternoon [illegible] of reading, writing, gramm[illegible] for those who have had [illegible] evening classes for the [illegible] students, are in American [illegible] ing the Constitution, civics [illegible] lary pertaining to government [illegible] dure.

The applicants so far [illegible] French-Canadians with a few [illegible] and Italians and one Lebanese.

District Director H. B. Lyon, Immigration and Naturalization [illegible] of the St. Albans district [illegible] Department of Justice, is a member to the Tau Lambda Mu girls and all the candidates passed their tests flying colors, and added the appropriate comment, "They sure know their stuff."

Those teaching the classes at present are: Bernice Lieberman '45, Hermione Ron '46, Sonia Perkins '46, Helen Levin '46, Joan Goldbloom '45 and Ruth Wolf '46.

Boardman and Staikos Rule Kake Walk

Spirited Campaigns End After Week of Bang-up Publicity

Slogans, Photographs Posters, Make Splashy Decorations on Campus

[illegible] gang had started the ball [illegible] Queen the committee [illegible] Lanee. Letters "P" with a small [illegible] them were worn on lapels [illegible] from buttons. A very natural [illegible] Lan fishing was also used. Out [illegible] Watterman a huge poster showing a [illegible] carrying red roses bore the words [illegible] Lanee." As an added stunt her [illegible] doled out that precious commodity [illegible] sugar in the Soda Fountain, [illegible] compliments of Queen Lan.

(Continued on page 6)

Cigarette Girl

[illegible] spectacle Lanee's [illegible] season themes were Mr. Mu[illegible] and Silver Queen. [illegible] Lanee was greeted by voices [illegible] which were fastened by huge [illegible] pins and the latter was [illegible] cigarette ads which claimed Lanee [illegible] the Pack." Between dances [illegible] backers sang songs based on [illegible] slogans, gave a Call for Lanee. [illegible] Philip Morrises, and took advan[illegible] the smokes shortage to pass out [illegible] cleverly labeled "No nix and[illegible] Vote for Lenny." On the day [illegible] Lenny's publicity manager [illegible] Harris, was on hand to distribute [illegible] which bore the message—"Be [illegible] Vote for Lenny."

Gives Sugar

[illegible] activity manager for Theta candi[illegible] Janice Preston, Jeanne Phillips [illegible] much of the campaign about je[illegible] Lanee. Letters "P" with a small [illegible] stating them were worn on lapels [illegible] made from buttons. A very natural [illegible] Lan fishing was also used. Out [illegible] Watterman a huge poster showing a [illegible] carrying red roses bore the words [illegible] Lanee." As an added stunt her [illegible] doled out that precious commodity [illegible] sugar in the Soda Fountain, [illegible] compliments of Queen Lan.

Kake Walk Remains The Same in Spirit

[illegible] Walk rolled around with the [illegible] Kake Walk spirit despite restric[illegible] placed upon it by the OPA and [illegible]. The spirit displayed during [illegible] and the excitement over the [illegible] and the costume contest [illegible] the climax to the first real [illegible] greatest show will continue [illegible] years to come. This year the sports [illegible] presented on Saturday even[illegible] featured added to the festivities [illegible] and waterproof skirts were [illegible] as events as usual.

[illegible] Walk had reached an unprece[illegible] and before the war with almost [illegible] turned into a rally per month [illegible] couple of preparation. A [illegible] were the most prominent [illegible] the campus was prepared to [illegible] their arrival when [illegible] V-12 men to the college [illegible] the new Governor the girls [illegible] the fellow body elected a [illegible] and present an abridged [illegible] play. This traditional function [illegible] year but it was the old Kake [illegible] routine complete with dance [illegible] and vaude band and walkers [illegible] and students contributed to the [illegible] year run. Lanzonetti, whose [illegible] were role in the skits and band

"WALKIN' FO' DE KAKE"

Kake Walk Changes Many and Varied Since Origin in 1897

"Hey Joe, where you going Saturday night?"

"To Kake Walk naturally."

"What's that?"

"You mean you don't know? Gee you're really missing something big. You get dates and walkin' to do kake and the band and Queen and lots more."

"Wait a minute. What's the point to all this? How'd it start?"

"Say that's a long story . . . but it seems going to the show I might as well tell it. I guess I know the whole story, so I'll try to give you a brief history of Kake Walk."

"Good let's have it."

Infant Kake Walk

The first Kake Walk was held not as result of an Centennial initiation ball. It was very informal and the entertainment consisted of dancing to the accompaniment of a dance band orchestra. The next year it was about the same and only [illegible] prize [illegible] by a masquerade. A [illegible] of hats, canes and bow ties [illegible] and [illegible] in the Fort Ethan Allen [illegible] and around the "Quad" [illegible] A [illegible] to [illegible] [illegible] [illegible]

There will be a Student Convocation Thursday, February 22, at 10:00 a.m., in the Ira Allen Chapel. Attendance is required of all students in the three academic colleges.

Paul Paul Moody will speak on "Frontiers of Knowledge in Biology."

Miss Carolyn Ely, Training Supervisor at William Filene's Sons Company in Boston, will be at U. V. M sometime on Wednesday, March 21, to interview any girls especially seniors, who wish positions for the summer.

Miss Hawley requests that anyone interested in talking with Miss Ely on that day see her as soon as possible to make an appointment. Miss Ely will be here only for a few hours.

African Sculpture On View at Museum

An exhibition of African Negro sculpture is now on view at the Fleming Museum. Employed by the American Association of University Women and coming from the University Museum of Philadelphia, the exhibit, complete in sculpture photographs, and notes of interest, is to be seen in the primitive room on the first floor of the museum.

"This exhibit is of interest especially to art students" commented Mr. Colburn. "Because a great many modern painters—Braque, Modigliani, and Picasso, to mention a few—have derived some of their ideas from African Negro sculpture. Toward the beginning of the century, at a time when a certain group of artists was attempting to find a new and more direct means of expression, a few pieces of African sculpture were brought to Paris. Most of the artists discovered exactly what they were after in [illegible] primitive ex-

[illegible] at U. V. M were carved by natives in French Sudan, Ivory Coast, Liberia, Sierra Leone, and Belgian Congo and Angola. Although each section seems to differ in detail from the next, the fundamental religious and social bases which dominated the sculptors' lives and art are the same. History of these primitive Africans shows us that the natives were advanced in economic policy and in religious beliefs and system. They believed in ancestor worship and artistes carved mostly figures of the deceased who could influence the lives of their descendants. These are not realistic portrayals but according to critics seem to be portraits of spirits as they were conceived by ancestor fearing natives. Yet despite this element of exaggeration they are considered simple and sincere.

The African Negro sculpture exhibit will be open to the public throughout the month of February.

America First—With Your Dollars Too!

U.V.M. Delegates Attend Conference

Anti-Semitism Topic At Newton Center, Mass.

Four delegates from U. V. M., were sent to the Andover Newton Theological School, Newton Center, Mass., to attend a conference on Anti-Semitism, the weekend of February 9. Clement Holden represented the Y. C. A., Lois Stevens the Y. W. C. A. and Penny Mandel and Lenore Eichel represented Hillel. Students from thirty New England colleges and seminaries were representatives at the conference.

The program consisted of a convocation at the Temple Israel in Boston, Friday evening, and on Saturday morning a demonstration on how rumor spreads by Clarence Berger, and talks by Julie Meyer of the New York School for Social Research and Prof. Talcott Parsons, head of the Sociology Department at Harvard, on the causes of Anti-Semitism. A community panel was held Saturday afternoon, during which leaders of civic groups which have fought out-croppings of Anti-Semitism in Massachusetts explained what has been already accomplished in that state. Among them was Clarence Berger, educational director of the Anti-Defamation League, Joseph Fox, a lawyer from Hartford, Conn., Howard Wilson, head of the Education Department at Harvard, and Mrs. John Mahoney, Executive Secretary of the Governor's Committee on Racial and Religious Understanding.

One of the most interesting parts of the program was the demonstration on how rumor spreads. Eight people were chosen, to one of them was described in detail a slide which he could not see. He in turn described what he thought he heard to the next individual. This was continued until the last person described what he was told to the audience who could compare what he said to the original slide. The results were most amazing in that every thing which was said was either minimized or exaggerated to a great degree showing effectively how devastating rumor can be.

Four workshop groups were held Saturday afternoon in which smaller groups participated in a discussion of ways to solve Anti-Semitism. Saturday evening a summary was given by a member of each group on what was done. The workshop groups met again Sunday morning and definite plans were evolved for ridding college campuses of Anti-Semitism. Among the plans discussed was the elimination of the quota system, the elimination of discriminating sororities and fraternities, and the forming of joint Hillel and Student Christian Organizations.

Sunday noon the seminar was closed by Prof. Ralph Harlow, head of the Religion Department at Smith College who spoke generally on what should be done against Anti-Semitism and the spirit in which it could be accomplished.

Cadet Nurses Again to Occupy Sigma Nu House

A number of cadet nurses from St. Albans Hospital School of Nursing entered U. V. M. under the Department of Nursing Education on Monday, February 19. The girls will take the pre-clinical course science program which was innovated last August. Barre Hospital and Heaton Hospital, Montpelier, which sent nurses for the semester last August, are sending a new group for this second program.

The girls will live at Sigma Nu fraternity which has been converted into a dormitory.

The program of pre-clinical sciences is sponsored by the U. S. Public Health Service and provides the cadet nurses with their tuition, maintenance and a stipend to cover personal expenses during their training.

PRAYER DAY HELD

The World Student Christian Federation Day of prayer was held Sunday, February 18, at 9.30 o'clock in Ira Allen Chapel. The W. S. C. F. is the organization which unites all student Christian groups around the world. The service was planned to make the total membership become aware of the significance and power of this organization. The students who conducted the service were Lois Baker, Blanche Parker, Dale Conley, Ermont Lawrence, and Don Mason. Miss Marston assisted at the organ.

RETIRING OFFICERS

(*Concluded from page 4*)

listen to student problems and answer their inquiries.

There were many more new steps taken by Student Government during this term, and a few of the major ones are:

Upon the suggestion of President Millis, five undergraduates were appointed to the Evaluation and Planning Committee. A Student Court Planning Committee was drawn up. Action was taken on all examination conflicts at mid-years. All student activities with exception of the band and the CYNIC were suspended for one week prior to exams. This step may become a permanent procedure and if so will include all student activities without exception. Student Government also sent a recommendation to President Millis for the appointment of a Student Library Planning Committee.

The present term of Student Government officers expires this week. The voting date for election of new officers has not yet been set.

Gibson's Platform

(*Concluded from page 3*)

well that cooperation during exams aids the student invaluably.

5. A special hour will be set aside on WCAX radio station, during which any sophomore may reminisce about "When I was a Freshman." This also applies to sophomore medics. The program will be called: "Vituperative Verbations."

6. All references to freshman students about the Air Cadets that "used to be here" will be prohibited.

7. In response to the vibrations received from the girls about the slack's "to be or not to be" situation, Kenny has the problem well in hand (figuratively speaking, of course). Slacks may be worn (under King Kenny's rule) between the following hours, anywhere on campus, or even in Burlington: 11:17 p.m. to 1.30 a.m.; from 6.30 a.m. to 7.45 a.m. and from 6.00 p.m. to 6.10 p.m. excluding Sunday. (After 10.00 P.M. every Sunday.)

8. Kenny knows, like no one knows, that something must be done about Redstone campus. First, Redstone will be annexed to U. V. M. and will be given full rights and privileges as a University dormitory. Second, bus connections will be set up between Redstone campus and the Waterman Building at twenty minute intervals. All means of transportation and communication between Redstone Campus and U. V. M. will be encouraged. Third, only one girl to a room will be allowed throughout Slade Hall.

9. Kenneth Gibson knows how to meet a problem: having grasped the situation concerning the cigarette shortage, Kenny has taken measures. At this printing, you are already experiencing Ken's solution of the problem.

10. This is NOT a rumor. It is a fact. But governmental restrictions prevent Kenny from telling you ALL about it. Being Kenny, however, he gives you this little hint, that will be clarified as time passes and regulations will permit: WATCH FOR THE GIBSON GIRLS!

Watch for the posters on the boards. The true Kenneth Gibson now reveals himself, showing his brave, his just, his diplomatic, his strong, his fearless, his fierce . . . . well, just watch for the posters and you'll see! Kenny for King!

TLM Trains Aliens For Citizenship

Sorority Has Project At Community Center

A group of students [illegible] Mu sorority have been [illegible] ship candidates for [illegible] for over two years. This work was begun quite a few years ago at the [illegible] House by Miss Ida Hu[illegible] her departure was carried on by Pauline Sullivan Bo[illegible] of the class of 1927. Six [illegible] Mu girls are now carrying on the work as a sorority project. It is the only volunteer work [illegible] done in the country.

The classes, under the [illegible] Prof. Sara M. Holbrook of the [illegible] Education Department, are held [illegible] ternoons and two evenings a week, cover a variety of subjects. [illegible] are taught to prepare the candidates passing the citizenship requirements any state. The afternoon classes [illegible] of reading, writing, grammar are [illegible] for those who have had no [illegible] evening classes, for the more [illegible] students, are in American History [illegible] ing the Constitution, civics and [illegible] lary pertaining to governmental [illegible] dure.

The applicants so far have been [illegible] French-Canadians with a few Russians and Italians and one Lebonese.

District Director H. R. Landis of Immigration and Naturalization Service of the St. Albans district, United States Department of Justice, in a recent letter to the Tau Lambda Mu girls said that all the candidates passed their tests with flying colors, and added the appropriate comment, "They sure knew their stuff."

Those teaching the classes at present are: Bernice Lieberman '45, Harriet Cameron '46, Sonia Perkins '46, Hilary Levin '46, Joan Goldbloom '45, and Ruth Wolf '46.

Boardman and Staikos Rule Kake Walk

Spirited Campaigns End After Week of Bang-up Publicity

Slogans, Photographs Posters, Make Splashy Decorations on Campus

[illegible] a [illegible] gun had started the race [illegible] and Queen the candidates [illegible] ahead last week end with a one [illegible] hectic one of the most stimulating [illegible] campaigns U. V. M. has ever [illegible] Five potential Queens were Lenny [illegible] Preston Mary Staikos the [illegible] Kings Roger Baker Jack [illegible] and Ken Gibson.

Cigarette Girl

[illegible] Phi E's sponsored Lenny Locke's [illegible] campaign themes were "I'm Your [illegible] Lenny" and "She's Queen Size." [illegible] ticket was printed on yellow [illegible] which were fastened by huge metal [illegible] pins and the latter was carried [illegible] cigarette ads which claimed Lenny [illegible] in the Pack." Between classes [illegible] backers sang songs based on [illegible] slogans, gave a Call for Lenny [illegible] a Philip Morris), and took advantage of the smokes shortage to pass out [illegible] cigarettes cleverly labeled "No ifs ands [illegible] butts. Vote for Lenny." On the day [illegible] voting Lenny's publicity manager, Natalie Harris, was on hand to distribute [illegible] which bore the message—"Be [illegible] vote for Lenny."

Gives Sugar

Publicity manager for Theta candidate Janice Preston, Jeanne Phillips covered much of the campaign about pictures of Janice. Letters "P" with a small star within them were worn on lapels and dangled from buttons. A very natural [illegible] of Jan fishing was also used. Outside Waterman a huge poster showing a [illegible] carrying red roses bore the words "Queen Janice." As an added stunt her [illegible] doled out that precious commodity—sugar—in the Soda Fountain, [illegible] the compliments of Queen Jan.

(Continued on page 6)

Kake Walk Remains The Same in Spirit

[illegible] Kake Walk, galled around with the [illegible] Kake Walk spirit despite restrictions placed upon it by the OPA and [illegible]. The spirit displayed during [illegible] campaigns and the excitement over the [illegible] Walk Ball and ice sculpture contest [illegible] evidence to the fact that [illegible] M's greatest show will continue [illegible] war is won. This year the sports [illegible] were presented on Saturday afternoon, [illegible] celebrities added to the festivities, [illegible] sorority and fraternity skits were on [illegible] schedule of events as usual.

[illegible] Walk had reached an unprecedented [illegible] peak before the war, with all activities [illegible] concentrated into a gala performance [illegible] several months of preparation. As [illegible] committees were the main constituents [illegible] of the campus was prepared to [illegible] the mid-winter carnival when Uncle [illegible] called U. V. M. men to the colors. [illegible] was not the case, however, for after [illegible] debates the student body elected to [illegible] the tradition and present an abridged [illegible] Walk. This modified version af[illegible] last year, but it was the old Kake [illegible] in essence, complete with dance, [illegible] and queen band, and walkers [illegible] and men students contributed to its [illegible]. This year the University women [illegible] their role in the skits and band

"WALKIN' FO' DE KAKE"

Kake Walk Changes Many and Varied Since Origin in 1897

"Hey, Joe, where you going Saturday night?"

"To Kake Walk naturally."

"What's that?"

"You mean you don't know? Gee you're really missing something big. You see skits and walkin' fo' de kake, and the King and Queen, and lots more."

"Wait a minute. What's the point of all this? How'd it start?"

"Boy that's a long story. But if you're going to the show, I think you'd enjoy it a lot more if you knew the whole story, so I'll try to give you a brief history of Kake Walk."

"Good, let's have it."

Infant Kake Walk

"The first Kake Walk was held as a result of a cancelled military ball. It was very informal, and the entertainment consisted of dancing the Virginia Reel and other similar dances to the accompaniment of a three piece orchestra. The next year a few short but spirited and spicy skits took place, followed by a masquerade. A keg of beer, which had been donated and then hidden in the loft, leaked through the rafters and stained the chapel walls. As a result of this a number of faculty members condemned it as an activity not becoming to college students.

Grows Despite Opposititon

Five years elapsed before another took place. From 1899 to 1904 the setting was the Armory and the Old Opera House, and the program consisted of minstrel shows take-offs on current events and parodies on personalities of the faculty. Though postponed in 1907, owing to an Ivies dance, [illegible] until 1904. Due to the stirring music of "Cotton Babes" couples dressed in fantastic costumes paraded up and down the gym. The prize given to the winning couple was a cake donated by the cook at Marshall's Hash House. There were also stunts, in which classes rather than fraternities competed. A change came with the rise of the Greek letter fraternities and they became the competing parties.

As years passed the quality of Kake Walking improved until it changed from an attempt to a highly refined art. At present it requires a maximum of zest and

(Continued on page 5)

Soldiers Overseas To Hear Broadcast

This year, in accordance with a new national program for the maintenance of morale for our boys overseas, parts of the Kake Walk festivities will be broadcast to the armed forces abroad. All the states throughout the nation are preparing short four or five minute recordings covering well known traditions and the like, of each respective state. These recordings will, at various intervals during the year, be short-waved abroad.

The Vermont recording will consist of a short speech by the Governor of the State telling the veterans of the opportunities awaiting them on their return to the state of Vermont. President Mills will also say a few words about veterans' postwar opportunities in the field of education at the University of Vermont.

Also recorded will be part of Cotton Babes, the traditional Kake Walk song and a verse of "Champlain," the U. V. M. alma mater.

AGGIES PLAN DEAN HILLS' SUGAR PARTY

Sugar or snow, pickles donuts and coffee will be on the menu March 17 at the annual Dean Hills' Sugar Party in the Men's Gym. This annual event is sponsored by the Aggie and Home Ec. students headed this year by Wendell Earle. The program will include speeches by prominent Vermonters and there will also be opportunity for all to participate in singing and dancing.

The Sugar Party was instituted in 1938 to raise money for the fund which aids students of the Agricultural College. This fund was begun in 1937 in recognition of Dean Hills' 50 years of service to the University. The anniversary of his beginning as a teacher falls on March 12 which accounts for the tradition of holding the Sugar Party in mid-March.

Royal Pair Crowned At '45 Victory Ball

Tonight's Skits To Knock Campus

Four Groups Present Satirical Brainstorms

[illegible] is not the custom [illegible] Kake [illegible] Walk [illegible] to announce and to [illegible] [illegible] of those [illegible] responsible [illegible] must be announced by a [illegible] committee composed of faculty members. The committee appointed the goat and also the [illegible] and requesting [illegible] made [illegible] they agreed.

The judges this year are Professor Sargent Prentiss Flint and Wilbur [illegible]. They will judge the skits on a basis of seven factors permitting a total score of 100 points.

1	Originality	25
2	Team Work	15
3	Delivery and Voice	15
4	Properties	15
5	Costumes	10
6	Audience Interest	10
7	Timing	5

Four skits have been approved for presentation. Due to the secrecy surrounding them only the titles may be divulged now.

"The Four F's" is a take-off on Four F's in college. Two of the comic make light of life on the campus. "Life Can Be Pitiful" and "We Pas to Be Ignorant." The fourth skit is a take-off on the Work or Fight Bill and is appropriately titled "Work or Light."

In past years the skits depended principally upon elaborate costumes and scenery. Recently, however, the skits have come to depend more on dialogue.

The prizes this year will be the Hayes & Carney cup and two cakes.

The band will also furnish an appropriate background for U. V. M.'s baton twirlers coached and headed by Harriet Cohen, '46. Those participating are: Anne Hoos '46, Carl Thompson '46, cheerleader Evelyn Olcott '47, Miriam Lagasse '46, Marion Lewis '47, and Muriel Hemingway '48.

This is the group's first participation

(Continued on page 6)

Tropical Atmosphere Transforms Gymnasium

[illegible] Kake Walk Victory Ball 1945 differed somewhat from former Kake Walk dances which were traditionally masquerades and held in the Men's Gym. Chaperones at this year's ball were Prof. and Mrs. Leeman Rowell and Prof. and Mrs. Benjamin Ladd.

[illegible] Ball [illegible] were decorated by the Kake Walk committee, [illegible] Committee [illegible] Mary Hewett, and Bob Jackson were [illegible] responsible for the [illegible] the Victory Ball and participated in the Parade of Bands to begin the Kake Walk festivities. Featured with [illegible] were huge Dorsey Brothers [illegible] were hung last week to form the new Tommy Goodman band.

In keeping with the tropical theme, murals of Hawaiian scenes decorated the walls of the ballroom. Pastel streamers extended from the balcony to the floor. Around the hall were [illegible] flanked by palm trees. On the stage Hawaiian [illegible] spelled "Kake Walk." In charge of the committee on decorations was Miriam Lipman who was assisted by Joanne Jordan.

The Kake Walk Victory Ball 1945 differed somewhat from former Kake Walk dances which were traditionally masquerades and held in the Men's Gym. Chaperones at this year's ball were Prof. and Mrs. Leeman Rowell and Prof. and Mrs. Benjamin Ladd.

BROTHERHOOD WEEK

Brotherhood Week, sponsored by the National Conference of Christians and Jews, presented a program on WCAX, Thursday at 5 p.m. U. V. M. coeds gave speeches representing different religious organizations on campus. Lois Stevens was the Y. W. C. A. speaker. Mary Mahoney represented Newman Club and Sonia Perkins represented Hillel.

Four Pairs of Cotton Babes 'Walkin'

[illegible] Saturday evening, February 24 [illegible] teams of Kake Walkers are competing for the prize at the Memorial Auditorium. The Walkers have been practicing every day at the gym and it is expected that the competition will be [illegible] than ever.

Working for the Independents are Al Lessard '47 and Rosanne Pearl, Med '47. Al is from New London, Connecticut and is a Chemistry major. He is to be the [illegible] while Roz will drag [illegible] the "goat". Roz is a resident of Burlington and is a Sophomore in Med school. Al and Roz are both members of Kake Walk this year for the [illegible] time.

The Phi Sigma Delta entries are Peter Stern and Howard Rosenthal. Howard is from Brooklyn and is a member of the class of '48 Accelerated, majoring in Pre-Med. This will be Howard's farewell appearance since he is leaving for the Army Air Corps the following day. Walt is much taller in Stan[illegible]

[illegible] Walkers are [illegible] Peter's place. He will play the "goat" to Howard's "boy."

Roger Baker '48 and Wendy Parker '48 Accelerated, are walking for Landala Lita. Roger is a Civil Engineering student and is from South Vernon. Wendy is a Pre-Med student and will be the "boy" in the walking. The Gals have had several of their boys rehearsing so that [illegible] could take their turn in the event of Roger's election to King of Kake Walk.

The Sigma Alpha Epsilon walkers are Louis Mancini '48 and Ted Barnes '48. Ted is a veteran having served in the Army previous to his entrance this fall. He is in the Pharmacy curriculum. Dick is a Pre-Med student and is from St. Albans, Long Island. Dick will be the "goat" and Ted will be the "boy."

The Kake Walkers are ranked on past [illegible] before the positions, smooth [illegible] grace, costumes, novelty and steps. Kake Walking was won by Sigma Phi last year, but the Sig Phis have not entered the competition this year.

The question

Do you think convocations should remain compulsory?

BOTANY DEPARTMENT HAS NEW SPECIMENS

Professor Dole in the Botany Department now has a booklet listed for specimens mounted because of their rarity, beauty or usefulness.

This week Professor Dole has four specimens of cedars from the Sierra Nevada Mts. and the Imperial Valley sent to him by a friend from Burlington.

The latest specimen in his collection is the hedgera collected by the widow of General Ethan Allen in 1815 which will have a great value whenever others in the collection may be worthy from 40 to 100 years.

The University's Botany Department has 35,000 specimens, the second largest collection in the country.

Next week Professor Dole plans to combine the conifers presented with to the sweeping hemisphere just as the cedars are joined only in the northern hemisphere.

Victory is Waiting on You to Sacrifice and Get More Bonds

Y. W. C. A. PROJECT

Y. W. C. A. has begun a new project at the Elizabeth Lund Home. The girls are doing nursery and recreation work as well as handicraft and sewing. Any girls who may be interested should get in touch with Mary Harmon for further information.

Vt. Clinches Game With Late Rally

Collegians Hit Mikemen With a 64-63 Count

The Collegians opened [illegible] last Wednesday night at the St. Michael's court and emerged [illegible] victors by a score of 64-63.

St. Mike's Has Lead

The Collegians had some hot defense working at the beginning of the game and did score two star forwards Lagore and Powell, the Purple raised up to 6 points against a constant [illegible]. Then Bob Linehan scored a long shot on St. Mikes scored the first point for Vermont and that broke the ice.

Collegians Ahead

A see-saw and more [illegible] the whole game and at the end of the first half the Collegians had racked up 38 points to St. Mike's 29. St. Mike's creeped up to within a point of the Collegians and the score was 57-47 and in Vermont's favor. Big Jim Hennessy sunk the Mikemen ranked in 21 points for the evening. Joe Lagore who played in the Purple team, bagged 16 points and Bobby Bursky captain of St. Mike's came through with 9 points. St. Mike's got the goal 63-60 but didn't keep it long. Two minutes to go and Vermont sunk one goal and a foul and then Fennell scored 2 points. The score was 64-63 when Hebert, Doherty and Fennell of the Collegians sunked a foul shot to seal out the game 64-63.

Fennell, Doherty, Hebert and Linehan were the big attack unit for the Collegians, racking 57 points altogether. Doherty made some of their three runs in this form. This was their victory for the Collegians after [illegible] years.

W. A. A. NOTES . . .

Marion Dustin

Local gents in the realm of basketball took upon their battered veterans of one season the All Stars. This flashy sextet captured the championship in their final match against the scrappy Catamount team, runners-up in the basketball tournament. In preliminary games last Tuesday evening the Catamounts won a decisive victory over the Just Us team, with a score of 52 to 23. The All Stars exhibited a free-scoring farce in their game, emerging unscathed from the walk away game with 67 tallies as against the 15 of the nameless six. Sharing championship honors are Jandorek, Watts, Beattie J. Howard, Burggraf, Cutler, and Snyder.

New Club Starts

Last night marked the beginning of a new eight weeks period of basketball club, in which the managers predict an exciting competitive system whereby every aspiring hooper will be able to play the game with teammates and opponents of his own experience level, with plenty of opportunity for learning the hot shot techniques of the experts. If you have a yen for lots of good fun hie yourself to the gym on Tuesday nights at 7.30 or 8.30.

The Swish Club

To date the swishest swishers of the badminton club are the teams of Marjorie Nelson-Marilyn Mills, Louise Karraker-Evelyn Olsen. In the semi-finals last Friday, the two teams above downed their opponents in an able demonstration of batting the breeze, in two fast games. Also participating in the finals are the teams of Pease-Watts; Fahey-Thornton; and Farnham-Allen. Friday night, 7.15 is the time and your passport is a healthy desire to wield a badminton racquet.

U. V. M. Rifle Team

Sgt. C. F. Parker has announced that a postal shoot with Northwestern University will be held within the next ten days. The varsity squad members are: Mary Green, B. Tennien, Janette Nelson, Betty Anderson and Janet Hartung. Alternates on the first team are: P. Klain, M. Hale, M. J. Dansmore, M. [illegible], P. DuBois.

Rifle Club will be open to [illegible] in the Monday and Friday [illegible] 15 in the 4:30 class on February 26. If you're aiming to aim a rifle get your names in, but quick.

Splash Fans Meet

The Swimming Club, known [illegible] as the splash gang will be resumed [illegible] soon as the pool at the Y is [illegible]. Meetings will be on Friday at 4:15 at which time, stress will be placed on formation swimming and diving and a 4 swimming form as well as doing [illegible] be the problem at hand.

Robin Hoods

Prospective female Robin Hoods [illegible] trek down to the Y on Friday [illegible] at 5:00. Who knows could be there be another rabbit—shoot ere long.

Exhibit at Museum

Paul A. Moody, professor of Zoology entered three pictures of his children in the camera exhibition on the third floor of the Fleming Museum. Other pictures in this exhibition, from Barre, Londonboro, Bennington and Burlington, are of children, Vermont scenes and shots.

This exhibition, after remaining at the museum for the remainder of this month will be presented intact at the various clubs throughout the state.

Kake Walk a Fifty-Year Tradition

(Continued from page 1)

...the huge overhead spotlight ... the stunt was executed in ... time and the properties were ... complete darkness. They have ... from hastily performed ... to highly organized and smoothly ... stunts.

Held in Armory

... 1904 the scene of events was moved ... the State Armory to the University ... gym. It was held there until 1938 ... it was shifted to the Memorial ... room because of the advantage in ... capacity. The year 1908 marked a ... change in the Kake Walk prizes. Previously the only awards had been cakes ... that year the Briggs fraternity ... got started the idea of presenting ... in addition to the cakes. Today five ... are given for the best 'walkin'' and ... best stunt, ten cakes are distributed, ... the more recent recipients being the ... band which swings out for the ... with that catchy, unforgettable ... 'Cotton Babes.'

"The year 1934 stands out as the one ... the greatest number of important ... It was then that the idea ... a king rule over the Kake Walk ... was introduced. This proved ... very popular with the student body ... the aspirants to the throne launched ... campaigns on the campus. The ... ing on that first year chose his ... by rolling dice. A women's walk- ... was introduced. The first ... of poor stunts was instituted; ... greatest consequence, the introduc- ... the masquerade took place in that ... Since then this ball has grown to be- ... almost equal to the kake walking it- ... popularity.

Goes Nation-wide

"In 1938 Kake Walk really hit a new ... Special trains were run from metro- ... areas for parents and friends and ... breakfast was held, guides showed ... around the campus, photographers ... nationally-known magazines were ... and the sororities and fraternities ... open house. At the Ball three prizes ... awarded for the cleverest costumes ... The king and queen candidates ... gave a half hour of radio time ... WCAX before the election. An ... addition of that year is the fact ... U. University women dressed as Cot- ... ...tured at the Kake Walk.

"The year 1941 saw the origin of the ... ...ering contest. The Phrix Smith ... prize was awarded to the sorority ... or dormitory which constructed ... best meeting the require- ... ...ments, originality, execution and date. And ... the innovations. In 1942 there was ... presentation of a stunt by Lee ... house. In 1943 and 1944 though ... ...ere and somewhat diminished the ... ...S. M. student, Kake Walk ...

War Makes Changes

SUMMER EMPLOYMENT

(Continued from page 2)

...offered in all of the sciences and most of the arts as well as in specialized fields. Women are now being given these ample opportunities to do graduate work because of the fact that the places ordinarily open to men are being given to women since the men are in the armed forces.

All information about receiving a scholarship or fellowship for graduate work can be received from Miss Bayley.

The million-volt industrial X-ray tube must be operated by remote control from behind a two-foot wall for the safety of the operator.

Phi Sigma Delta Holds Initiation

At the annual election of Phi Chapter of Phi Sigma Delta fraternity the following men were elected to office: Bernie Kaye, Med. '47, President; Walter R. Stern '46, Vice-President; Mike Greenfield '46, Secretary; and Bob Rosenberg '47, Treasurer.

Bob Boyarsky '48 left for service in the Navy. He will have the rank of Seaman Second Class in the Hospital Corps. Fraters Dave Stoller '48, Jerry Greenberg '48, and Stan Sorkin '48 did not return second semester. Jerry and Stan are enlisting in the Navy and Dave will be going to the Army.

Frater Eddy Boyarsky has returned to the University and the Frat after two years in the Army.

VOL. 63 BURLINGTON, VERMONT, WEDNESDAY, FEBRUARY 28, 1945 NO. 5

U. V. M. Students Elect Officers for '45-'46

"Walkin' Fo' De Kake" Highlights Holiday Weekend

1945 Victory Kake Walk Dedicated to Students Now in Armed Forces

The big climax of a big weekend, the "Walkin' Fo' de Kake" which was so feverishly anticipated, finally arrived on Saturday night, and memory of it will still be recalled when next year's Kake Walk rolls around. Those who had never witnessed a Kake Walk now realize the thrill of seeing black-faced, colorfully garbed Walkers highstep to the tune of "Cotton Babes."

Before the night's festivities got underway a spotlight was shown on the U. V. M. service flag, and Kake Walk, 1945, was dedicated to those men symbolized by the flag's gold star. The Roll of Honor was read, while all eyes focused on the illumined flag, and drums rolled an accompaniment.

After Kake Walk's royal couple, King Jack and Queen Mary, ascended their thrones to rule over the evening entertainment, and the WCAX singer, Jacquelyn serenaded them, the merrymaking really began. First among the skits was the Owls' version of 4Fs on the campus, entitled (oddly enough) "The 4-Fs." This act was the prize-winner, and the hilarious response to it backed up the judges' decision. 4F Joe, after being told of his sad condition, was informed that the place for 4Fs was college. The college of Joe's choice was (naturally) Vermont, and, after being met at the station by a fee-demanding treasurer and stalking coeds, he settled down to campus life with his 4F brothers. The end of the skit found Joe confronted with a "Greeting" from the government, inviting him to become essential to industry.

The skit which copped second place was "Work or Fight," a take-off on the Work or Fight Bill staged by Phi Sigma Delta. In this skit a trio of Senators canvassed for public opinion concerning the bill, their itinerary including a lengthy stay at the "Old Howard." The Senatorial interviews were hilarious, as were the parodies on advertisements which were scattered throughout the skit.

The other skits were "That Sandy Glandy Feeling, or Life Can Be Pitiful," put on by Alpha Chi Omega, and "We Pay to be Ignorant," staged by the UVM Dramatic Club. Both of these skits made light of life on the hill.

The highlight of the evening, the event for which everything else was merely an introduction, was the actual "Walkin' Fo' de Kake." The audience applauded wildly as "Little Jack" Williams dropped a white

(Continued on page 3)

Book, Money Goals Not Yet Reached

The last week of the drive, the book contributions from U. V. M. amounted to a little over $1,700, most of which is already at work all over the world. Pearl Weissbard '46, head of the drive, stated that if all the pledges were paid this campus would advance one hundred dollars nearer its goal of $2,000.

Jean Dockstader '46, head of the Victory Book drive, reported that despite the understandable desire of most students to keep their books or sell them, books ranging from murder mysteries to medical books have been assembled and will soon start overseas to help men in prison camps.

New Members for Phi Beta Kappa

Ruth Jordan

Ruth Ann Holmes

Needham, Jordan, Lindsay, Holmes, Elected Last Week

Miss Mary Jean Simpson, Dean of Women, announced recently that four University of Vermont seniors had been elected to membership in Phi Beta Kappa on the basis of three and one-half years work. Each of the students has obtained an average of 92 or better.

Ruth Ann Holmes, a Burlington girl, is a Home Economics student majoring in Texiles and Clothing. She was a member of the U. V. M. Orchestra her freshman year and has played in the band for two years, beginning in '43 when the Coed Band was organized. Ruth is an ardent bowler, belonging to the Bowling Club for four years and participating in several tournaments.

Another Burlington girl elected to this honor society was Ruth Jordan, a member of Kappa Alpha Theta. Ruth has been very active throughout her four years at U. V. M. and is a member of four Honorary Societies—namely Sophomore Aides, Staff and Sandal, Mortar Board and Tau Kappa Alpha. She has always enjoyed dramatics and is a member of the University Players. Ruth's "crowning" year was her junior year in which she served as Editor-in-Chief of the *Ariel* and was selected by the U. V. M. students to reign over Kake Walk.

Mary Lindsay, Kappa Alpha Theta, is another newly-elected member. Mary's flare for writing comes in handy many a time when a skit, poem or story is desired at the Theta House for a special occasion. She was also the scholarship chairman at the Theta House during her junior year. Mary is a great bridge fiend and may be found almost any time of day engrossed in a heated rubber in the Soda Fountain.

The President of Student Union, Shirley Needham, is another who credits her membership to Sophomore Aides, Staff and Sandal, Mortar Board, and Omicron Nu. Shirley, who is a member of Alpha Chi Omega, was last year's Business Manager of the CYNIC and has participated in many sports clubs.

Shirley Needham

Mary Lindsay

FIVE SORORITIES RUSHING THIS WEEK

Second semester rushing started Monday, February 26, and will last until March 12. Due to Pan-Hellenic regulations there will be no formal parties. The Tri Delts plan to take their rushees to the movies or take them bowling, coming back to the house afterwards for refreshments. The Pi Phis are having an informal gathering at their house on Saturday, March 3, from 3 to 5.30 p.m. On Monday evening, February 26, Kappa Alpha Theta held an informal party at their house and they plan to hold open house during rushing period. Sigma Gamma is having a tobogganing party at Centenial Field on Saturday, March 3, for their rushees and also intend to take them to the movies. Alpha Xi Delta plans to take the girls bowling and to the Star Restaurant for dinner.

Alpha Chi Omega, Tau Lambda Mu, and Delta Phi Epsilon are not rushing this semester. The Pan-Hellenic Council is preparing a report on this year's rushing which will be submitted to next year's council.

Rev. D. Evans Speaks At Chapel Services

Rev. David L. Evans of Vergennes was speaker at the service held Tuesday, Feb. 27, in the Ira Allen Chapel. His theme was the significance and measurement of life.

The difference between people's lives is not in the length but in how well they have lived. Material possessions, happiness, and success are not the fundamental components of a good life. Reverend Evans urges us to discard false standards of measurement and gain personal growth through an appreciation of beauty, a search for goodness, and a reverence for truth.

There will be a Student Convocation Thursday, March 1, at 10:00 a.m. in the Ira Allen Chapel. Attendance is required of all students in the three academic colleges.

Professor George Hand will speak on "Frontiers of Knowledge in Economics."

E. SWIFT,
Secretary.

U. V. M. Musicians To Give Operetta

Choir and Orchestra to Present "Princess Ida"

Gilbert and Sullivan's opera "Princess Ida" is to be presented by the augmented U. V. M. choir and orchestra in the City Hall Auditorium Friday, May 4. The following persons have been chosen for solo parts:

King Hildebrand	Fred Coolidge
Hilarion	Elisabeth Nauss
Cyril	Jeanette Soulis
Florian	Anita Smith
King Gama	Ben Burstein
Arac	Richard Haigis
Guron	Charles Knickerbocker
Scynthius	Carmer Van Buren
Princess Ida	Lorraine Farrell
Lady Blanche	Eleanor Brownell
Lady Psyche	Rebecca Farnham
Melissa	Marilyn Holden
Sacharissa	Shirley Lampman
Chloe	Muriel Heininger
Ada	Julia Montgomery

Please bring your skiing snapshots to the *Ariel* office! They are needed to complete the sports section.

ELABORATE SUGAR PARTY PLANNED

Max Ahrens and his band will be featured at the Sugar Party to be given March 17. Governor Proctor will be a guest at the affair as well as many other prominent citizens of the state. Keath Wallace, magician, will be the toastmaster for the evening.

The Aggies and Home Eccers are planning on making this one of the most elaborate Sugar Parties. Plans are being made to have tickets sold in the University as well as downtown in local stores.

Feature of the evening will be maple sugar on snow followed by hot coffee and donuts. Group singing and dancing to the smooth strains of Max Ahrens will complete the evening.

Open Houses Close Kake Walk Weekend

This weekend, as in Kake Walk weekends of past years, the traditional open houses were held by different sororities on campus.

Alpha Xi held an open house and coffee hour Sunday afternoon from 3 to 5 o'clock. Pi Phi also held an open house. Mary Jean Dunsmore and Harriet Bristol were in charge of the Theta open house at which the directors of Kake Walk were entertained. Delta Psi Dorm, the Tri Delta, and Alpha Chi Omega also had open houses Sunday afternoon. Delta Phi Epsilon served breakfast Sunday morning from ten to twelve.

A Gay Nineties Tavern Theme of D Phi E Dance

The student lounge in Waterman will be transformed into a Gay Nineties Tavern Saturday night, March 3, for the dance which will be given by the Delta Phi Epsilon sorority. Harriet Cohen is in charge of the dance committee which includes Lenore Fishel, Penny Mandel, Rose Margulis, Eleanor Hurwitz, Betty Levy, Norma Levine, Selma Sondik, James Commanday and Eleanor Konowitz.

Music for the dance will be furnished by an orchestra. Stags will be allowed at the dance at which service men from Norwich and Middlebury are expected. Refreshments will be served.

Earle and Hackett New Officers of U. V. M. Students

Secretary, Treasurer Positions Taken by McLaren, Miller

Wendell Earle was elected president of U. V. M. Students at the Student Government election yesterday and Monday. The remaining officers are Dave Hackett, Vice-President; Edith McLaren, Secretary; Margaret Miller, Treasurer.

A total of 280 votes were counted, as Mortar Board compiled the election results. President Earle succeeds Bill Daily in office and Vice-President Hackett steps into the position left vacant by Ruth Schoppe. Earle entered U. V. M. in the class of '45, left to join the service and after his return last year, has served on the Student Court, Planning Committee and in the Aggie Club. Dave Hackett was formerly at George Washington University and is serving as Chairman of the Cultural Committee of Student Government.

Edith McLaren, a member of Delta Delta Delta, is "the girl from Panama." Y. W. C. A., Band and I. R. C. An active Treasurer Peggy Miller, Kappa Alpha Theta, is a Burlington girl, assistant Business Manager of the *Ariel*, and Office Manager of the CYNIC.

National Magazine Covers Kake Walk

For the first time in many years, U. V. M.'s Kake Walk has had the distinction of being covered by the reporters and cameramen of a national magazine. The magazine is *Parade*, the Sunday supplement of many papers throughout the nation. The story will appear in about six weeks.

Parade's photographer took pictures at the Kake Walk dance Friday night, where he covered the crowning of the king and queen and the festivities in general. At Kake Walk Saturday night he "shot" the Kake Walkers, a few scenes from the stunts, and of course the lucky prize winners toting their trophies away.

The photographer also followed the activities of a typical U. V. M. couple during the entire Kake Walk holiday. The two chosen, Gene Hamilton, a veteran of two years service in the Army ground forces, and his date, Jean Simpson of Barre, were met and photographed on Jean's arrival at Union Station. Jean was next "shot" with her date at Grassmount, where she was staying. Friday night the couple were snapped while talking to the king and queen at the Kake Walk dance. Saturday morning they were photographed while inspecting the ice sculptures and on the night of the same day they were recorded on film while watching Kake Walkers go into their routine.

Moody Back After Semester's Absence

Professor Paul Moody, assistant head of the zoology department, has returned after a semester's absence. He is instructor of the Comparative Anatomy classes and is assisting Doctor Lockhead in several Zoology II quiz sessions. According to Doctor Lockhead, Professor Moody's return will enable the department to be handled with greater efficiency and less strain upon the other faculty members.

U. V. M. Students Elect Officers for '45-'46

"Walkin' Fo' De Kake" Highlights Holiday Weekend

1945 Victory Kake Walk Dedicated to Students Now in Armed Forces

As the climax of a big weekend, the "Walkin' Fo' de Kake" which was so feverishly anticipated, finally arrived on Saturday night, and memory of it will still be fond when next year's Kake Walk rolls around. Those who had never witnessed a Kake Walk now realize the thrill of seeing Black-faced, colorfully garbed figures highstep to the tune of "Cotton Time."

Before the night's festivities got underway a spotlight was shown on the U. V. M. service flag, and Kake Walk, '45 was dedicated to those men symbolized by the flag's gold star. The Roll of Honor was read, while all eyes focused on the illumined flag, and drums rolled an accompaniment.

After Kake Walk's royal couple, King Jack and Queen Mary, ascended their throne to rule over the evening entertainment and the WCAX singer, Jacklyn, serenaded them, the merrymaking really began. First among the skits was Joe Doe's version of 4Fs on the campus, entitled (oddly enough) "The 4-Fs." This skit was the prize-winner, and the hilarious response to it backed up the judges' decision. 4F Joe, after being told of his induction, was informed that the place for 4Fs was college. The college of Joe's choice was (naturally) Vermont, and, after being met at the station by a fee-grubbing treasurer and stalking coeds, he settled down to campus life with his 4F brothers. The end of the skit found Joe confronted with a "Greeting" from the government, inviting him to become essential to industry.

The skit which copped second place was "Work or Fight," a take-off on the Work or Fight Bill staged by Phi Sigma Delta. In this skit a trio of Senators discussed for public opinion concerning their itinerary including a lengthy stay at the "Old Howard." The Senatorial interviews were hilarious, as were the parodies on advertisements which were scattered throughout the skit.

The other skits were "That Sandy Feeling, or Life Can Be Pitiful," put on by Alpha Chi Omega, and "We Refuse to be Ignorant," staged by the UVM Commuters Club. Both of these skits made light of life on the hill.

The highlight of the evening, the event to which everything else was merely an introduction, was the actual "Walkin' Fo' de Kake." The audience applauded wildly as "Jack" Williams dropped a white

(Continued on page 3)

Book, Money Goals Not Yet Reached

In this last week of the drive, the WSSF contributions from U. V. M. amounted to a little over $1,700, most of which is already at work all over the world. Pearl Weisshard '46, head of the drive, stated that if all the pledges were paid, this campus would advance several dollars nearer its goal of $2,000.

Nancy Dockstader '46, head of the WSSF book drive, reported that despite the understandable desire of most students either to keep their books or sell them, many books ranging from murder mysteries to medical books have been donated and will soon start overseas to the boys in prison camps.

New Members for Phi Beta Kappa

Ruth Jordan

Ruth Ann Holmes

Needham, Jordan, Lindsay, Holmes, Elected Last Week

Miss Mary Jean Simpson, Dean of Women, announced recently that four University of Vermont seniors had been elected to membership in Phi Beta Kappa on the basis of three and one-half years work. Each of the students has obtained an average of 92 or better.

Ruth Ann Holmes, a Burlington girl, is a Home Economics student majoring in Textiles and Clothing. She was a member of the U. V. M. Orchestra her freshman year and has played in the band for two years, beginning in '43 when the Coed Band was organized. Ruth is an ardent bowler, belonging to the Bowling Club for four years and participating in several tournaments.

Another Burlington girl elected to this honor society was Ruth Jordan, a member of Kappa Alpha Theta. Ruth has been very active throughout her four years at U. V. M. and is a member of four Honorary Societies, namely Sophomore Aides, Staff and Sandal, Mortar Board and Tau Kappa Alpha. She has always enjoyed dramatics and is a member of the University Players. Ruth's "crowning" year was her junior year in which she served as Editor in Chief of the *Ariel* and was selected by the U. V. M. students to reign over Kake Walk.

Mary Lindsay, Kappa Alpha Theta, is another newly-elected member. Mary's flare for writing comes in handy many a time when a skit, poem or story is desired at the Theta House for a special occasion. She was also the scholarship chairman at the Theta House during her junior year. Mary is a great bridge fiend and may be found almost any time of day engrossed in a heated rubber in the Soda Fountain.

The President of Student Union, Shirley Needham, is another who credits her membership to Sophomore Aides, Staff and Sandal, Mortar Board, and Omicron Nu. Shirley, who is a member of Alpha Chi Omega, was last year's Business Manager of the CYNIC and has participated in many sports clubs.

Shirley Needham

Mary Lindsay

FIVE SORORITIES RUSHING THIS WEEK

Second semester rushing started Monday, February 26, and will last until March 12. Due to Pan-Hellenic regulations there will be no formal parties. The Tri Delts plan to take their rushees to the movies or take them bowling, coming back to the house afterwards for refreshments. The Pi Phis are having an informal gathering at their house on Saturday, March 3, from 3 to 5.30 p.m. On Monday evening, February 26, Kappa Alpha Theta held an informal party at their house and they plan to hold open house during rushing period. Sigma Gamma is having a tobogganing party at Centennial Field on Saturday, March 3, for their rushees and also intend to take them to the movies. Alpha Xi Delta plans to take the girls bowling and to the Star Restaurant for dinner.

Alpha Chi Omega, Tau Lambda Mu, and Delta Phi Epsilon are not rushing this semester. The Pan-Hellenic Council is preparing a report on this year's rushing which will be submitted to next year's council.

Rev. D. Evans Speaks At Chapel Services

Rev. David L. Evans of Vergennes was speaker at the service held Tuesday, Feb. 27, in the Ira Allen Chapel. His theme was the significance and measurement of life.

The difference between people's lives is not in the length but in how well they have lived. Material possessions, happiness, and success are not the fundamental components of a good life. Reverend Evans urges us to discard false standards of measurement and gain personal growth through an appreciation of beauty, a search for goodness, and a reverence for truth.

There will be a Student Convocation Thursday, March 1, at 10:00 a.m. in the Ira Allen Chapel. Attendance is required of all students in the three academic colleges.

Professor George Hand will speak on "Frontiers of Knowledge in Economics."

E. SWIFT,
Secretary.

U. V. M. Musicians To Give Operetta

Choir and Orchestra to Present "Princess Ida"

Gilbert and Sullivan's opera "Princess Ida" is to be presented by the augmented U. V. M. choir and orchestra in the City Hall Auditorium Friday, May 4. The following persons have been chosen for solo parts:

King Hildebrand	Fred Coolidge
Hilarion	Elisabeth Nares
Cyril	Jeanette Soules
Florian	Anita Smith
King Gama	Ben Burstein
Arac	Richard Hanes
Guron	Charles Knickerbocker
Scynthius	Garner Van Buren
Princess Ida	Lorraine Farrell
Lady Blanche	Eleanor Brownell
Lady Psyche	Rebecca Farnham
Melissa	Marilyn Holden
Sacharissa	Shirley Lampman
Chloe	Muriel Heminger
Ada	Julia Montgomery

Please bring your skiing snapshots to the *Ariel* office! They are needed to complete the sports section.

ELABORATE SUGAR PARTY PLANNED

Max Ahrens and his band will be featured at the Sugar Party to be given March 17. Governor Proctor will be a guest at the affair as well as many other prominent citizens of the state. Keath Wallace, magician, will be the toastmaster for the evening.

The Aggies and Home Ecers are planning on making this one of the most elaborate Sugar Parties. Plans are being made to have tickets sold in the University as well as downtown in local stores.

Feature of the evening will be maple sugar on snow followed by hot coffee and donuts. Group singing and dancing to the smooth strains of Max Ahrens will complete the evening.

Open Houses Close Kake Walk Weekend

This weekend, as in Kake Walk weekends of past years, the traditional open houses were held by different sororities on campus.

Alpha Xi held an open house and coffee hour Sunday afternoon from 4 to 5 o'clock. Pi Phi also held an open house. Mary Jean Dunsmore and Harriet Bristol were in charge of the Theta open house at which the directors of Kake Walk were entertained. Delta Psi Dorm, the Tri Delts and Alpha Chi Omega also had open houses Sunday afternoon. Delta Phi Epsilon served breakfast Sunday morning from ten to twelve.

A Gay Nineties Tavern Theme of D Phi E Dance

The ancient lounge in Waterman will be transformed into a Gay Nineties Tavern Saturday night, March 3, for the dance which will be given by the Delta Phi Epsilon sorority. Harriet Colton is in charge of the dance committee which includes Eleanor Dubel, Peggy Mandel, Rose Margolis, Eleanor Horowitz, Betty Lane, Norma Levine, Selma Smith, Lauree Commanda, and Eleanor Komowitz.

Music for the dance will be furnished by an orchestra. Dogs will be allowed at the dance at which servers from Norwich and Middlebury are expected. Refreshments will be served.

Earle and Hackett New Officers of U. V. M. Students

Secretary, Treasurer Positions Taken by McLaren, Miller

Wendell Earle was elected president of U. V. M. Students at the Student Government election yesterday and Monday. The remaining officers are Dave Hackett, Vice President; Edith McLaren, Secretary; Margaret Miller, Treasurer.

A total of 280 votes were counted, as Mortar Board compiled the election results. President Earle succeeds Bill Daily in office and Vice President Hackett steps into the position left vacant by Ruth Schoppe. Earle entered U. V. M. in the class of '45, left to join the service and after his return last year, has served on the Student Court, Planning Committee and in the Aggie Club. Dave Hackett was formerly at George Washington University and is serving as Chairman of the Cultural Committee of Student Government.

Edith McLaren, a member of Delta Delta Delta, is "the girl from Panama." Y. W. C. A. Band and I. R. C. An active Treasurer, Peggy Miller, Kappa Alpha Theta, is a Burlington girl, assistant Business Manager of the *Ariel* and Office Manager of the CYNIC.

National Magazine Covers Kake Walk

For the first time in many years, U. V. M.'s Kake Walk has had the distinction of being covered by the reporters and cameramen of a national magazine. The magazine is *Parade*, the Sunday supplement of many papers throughout the nation. The story will appear in about six weeks.

Parade's photographer took pictures at the Kake Walk dance Friday night, where he covered the crowning of the king and queen and the festivities in general. At Kake Walk Saturday night he "shot" the Kake Walkers, a few scenes from the stunts, and of course the lucky prize winners toting their trophies away.

The photographer also followed the activities of a typical U. V. M. couple during the entire Kake Walk holiday. The two chosen, Gene Hamilton, a veteran of two years service in the Army ground forces, and his date, Jean Simpson of Barre, were met and photographed on Jean's arrival at Union Station. Jean was next "shot" with her date at Grassmount where she was staying. Friday night the couple were snapped while talking to the king and queen at the Kake Walk dance. Saturday morning they were photographed while inspecting the ice sculptures and on the night of the same day they were recorded on film while watching Kake Walkers go into their routine.

Moody Back After Semester's Absence

Professor Paul Moody, assistant head of the zoology department, has returned after a semester's absence. He is instructor of the Comparative Anatomy classes and is assisting Doctor Lockhead in general Zoology II quiz sections. According to Doctor Lockhead, Professor Moody's return will enable the department to be handled with greater efficiency and less strain upon the other faculty members.

The Case of the Missing Voter

In 1942 Student Government was introduced to the U. V. M. students to be considered for adoption as a permanent governing body for undergraduates at Vermont. A constitution was established by a group of enthusiastic supporters and the entire student body accepted it. It went into effect immediately and despite the upheaval on campus that year as a result of the declaration of war, despite the subsequent departure of the U. V. M. men who had been so instrumental in the formation of a workable system of self government, the idea continued. Student Government was made.

Since that time many mistakes have been made in the name of this organization some of them due to lack of student support and some due to the lack of foresight and energy on the part of individuals who had the responsibility in their hands. All was forgiven and overlooked by an optimistic student body who neglected to attend mass meetings and bull sessions which were inaugurated as a democratic measure for getting its opinion. Not a one of these lackadaisical persons has an excuse for non-participation in his own government, these U. V. M. students are the ones who reap the benefits thereof. Our social life, our Kake Walk and athletic activities, the regulating of organizations, the allotments to these organizations from the activity fee, and all our customs are more or less directly dependent upon the originating and regulating faculties of U. V. M. students. Any student who goes by the name must either give the student body government its due or subtract himself from that body. If we carried through this idea now to its logical conclusion, the student body would be so depleted as to close down the University.

This brief history is only a prelude to our gripe of the week—which is not about a particular we've picked up to set forth in a petty editorial. It is, rather, the biggest faux pas ever committed by U. V. M. students and points directly to a lack of knowledge or respect for the democracy that was instituted here, a democracy we all uphold because we've been brought up on it, idealized it, raved about it and complained of its deficiencies. The mistake we refer to is the Student Government election yesterday, the casting of less than 150 votes out of 680 on the biggest job on campus.

The deficiencies we find in Student Government are those we find in our own national government, the ideal of which our own organization was ultimately patterned upon. Why do we have congressmen, who work their positions for their own interests, who are completely involved in the subterfuge of politics? The answer is found in our own elections, our own governing body which has a greater possibility of reaching the democratic ideal inspired by its founders. Who carries the blame for the fact that less than a third of the Student Body deemed it necessary to vote for officers with an even smaller percentage voting for the president?

Many students have answered that question with the statement "The election was sprung on us. We neither knew the candidates nor the date of the election." To this we answer that the date and the candidates were written up a week before in the Cynic. "Why not have a little rallies and perhaps introductory speeches by the candidates" was the resultant query. The Student Government Council itself should have arranged for this at the last Hall Session the student body there represented agreed upon the advisability of such a measure. But if the students reach the conclusion that their council is to blame for the lack of interest in election, must they not shift the blame to themselves for electing such a council? And a ultimately, your reason for not voting was that you didn't approve of the candidates why didn't they petition to the nominating committee for some student they desired to see on Student Government? This must always be taken advantage of, as the students and NOT the nominating committee have the responsibility in electing a capable and worthy slate of officers.

We believe this answers any excuse that our Liberal College has to offer for the complete flop they made of an election which is supposed to fill the most respected and responsible positions in campus. It can't be that U. V. M. students don't like to vote—they cast 1681 more votes for Kake Walk King and Queen. A resentant student body and their officers ought to get on the ball.

We're not just preaching, for next Spring, at an election which will believe should be disqualified. Next week Student Union employees are running [illegible] to the election of officers for Student Government Executive Council. Who is going to step into these responsible positions and WHY? Are societies and fraternities going to usher in petitions for candidates with nothing to recommend them but a system of politics which unhappily remains in our campus. Is the election to any office personal glory or to it a heightened sense of responsibility, of the debt we owe our fellow students, U. V. M. and our own individual selves? How long shall we continue our understanding and development as real people, by the smugness, ignorance and lack of foresight displayed in our student organizations.

Campus Comment

★

[illegible] all them who did their share to aid the other directors of Kake Walk and aid myself in offering a fine show. I would like to express my appreciation.

In particular, to the Alpha Chis and the Theta Chis who presented skits and help carried over the week on Kake Walk, and to Irene Fahey and Spike Thornton who at the last minute swung into step and did one swell job of "Walkin' for it Kake."

There are many more, too numerous to name here, whose efforts deserve personal recognition. It was only with their help that the show went on.

I regret that the efforts of these persons were not formally recognized the evening of Kake Walk.

JACK WILLIAMS.

Brotherhood Week Has Radio Program

Y.W.C.A., Newman Club Hillel Have Speakers

Last Thursday, February 22, Radio Station WCAX in cooperation with The Committee on Religious Life sponsored a Brotherhood Week program. The following student representatives of campus organizations participated: Lois Stevens of the YWCA, Mary Mulgay of the Newman Club, and Sonia Perkins of the Hillel Foundation.

Lois Stevens, the first speaker, stressed the importance of Brotherhood especially on the university campus. She praised the National Conference of Christians and Jews for initiating the national observance of Brotherhood Week and the goal which the conference established of "promoting justice, amity, understanding and cooperation among Protestants, Catholics and Jews in the United States; and to analyze, moderate and finally eliminate inter-group prejudices—with a view to the establishment of a social order in which the religious ideals of brotherhood and justice shall become the standards of human relations."

Mary Mulgay of the Newman Club stated that "true brotherhood is unmistakably allied with the virtues of charity. In times of stress or disappointment, when our own will clashes with that of another, any love which is based on a purely natural or emotional foundation will wane or even turn to hate. A love rather which is based on a supernatural ideal will see in every man a creature, like himself, fashioned to the image and likeness of God."

The concluding speaker on the program, Sonia Perkins, emphasized the need of brotherhood not only during this week but in our daily lives. "We talk of brotherhood as though it were just around the corner waiting for us to take a few easy steps. We observe Brotherhood Week and have religious parleys. That is all very fine. But the discussions end and the people go home to become indifferent again. Usually the people who need these messages are smugly at home. We've got to keep trying to achieve this ideal of all religions' brotherhood." Each generation, she concluded, "must take steps in this direction. Each generation will free itself more and more from the shackles of intolerance until that wonderful day of peace and brotherhood for all mankind."

Two New Directors At Campus Dorms

Two houses on campus, the Tri-Delta house and Redstone, have lost their house directors in the past week. Mrs. Pilcher of Redstone left Tuesday, Feb. 20, to take charge of her son's home at an Army post. On Friday, February 23, Mrs. Genevieve Hendley of the Tri-Delta house took over her duties at Redstone. In Mrs. Hendley's place the Tri-Deltas have as their new house mother Mrs. B. Hartwell Sprague.

Mrs. Sprague, born in Somerville, N. J., has been living for a number of years in Swanskit, outside of Boston. She has one daughter who is now living in Quincy, Mass. Mrs. Sprague is a great golf enthusiast and has played in numerous tournaments.

Cadet Nurses Combine Campus Life With Intensitive Study

The new group of cadet nurses have had nearly a week up which to adjust themselves to their temporary home, U. V. M. In this time they have been introduced to [illegible] life at Sigma Nu, Kake Walk activities, night attack classes—and have become part of it.

Peggy Liberty and Mary Mangan were two of the first girls to give their opinions of U. V. M., their course, and activities here. Peg hails from Montpelier, and Mary comes from Rutland. The Kake Walk campaigns seemed to be as important to them as they did to most of us. "They certainly are terrific—all of them," Mary said, with Peg adding, "I've never been to Kake Walk before, although my mother has told me all about them; she studied at Mary Fletcher Hospital and went to Kake Walk for several years." To both girls four months seems like a short time in which to study the nine required subjects and to take part in some of U. V. M.'s many extra-curricular activities. The girls are taking nutrition and cookery in the Home Ec. department; chemistry in the chemistry department; anatomy and physiology in the med. school; microbiology in the botany and med. departments; and sociology, psychology, and [illegible] the nursing department. [illegible] jects make our day [illegible] pose it's for our own [illegible] only one night a week [illegible] do wish I had time to [illegible]

Dorothy Peake and [illegible] both from Williamstown [illegible] ideas of the course [illegible] just started, their [illegible] rather stiff. Dot plans [illegible] psychology, and Sil's [illegible] overseas. In our talk [illegible] as to whether or not [illegible] cided to enter the nursing [illegible] cause of the government [illegible] For Dot and Sil, the [illegible] with their ambitions [illegible] they had long ago [illegible] regardless of national [illegible] many, however, this is a [illegible] tage, giving an opportunity [illegible] open to them.

The group of twenty [illegible] filiated with U. V. M. [illegible] dren's Hospital, and Brookside [illegible] pital. Following the [illegible] the cadet nurses will have a [illegible] tion, and then will return to [illegible] hospitals, Heaton, St. [illegible] pelier.

LIBRARY BANNERS BECOME CUSTOM

The Billings Library with its lofty panelled ceilings and ivy covered walls holds within its doors many of the traditions and customs so sacred to Vermont alumni all over the world.

One of the oldest of these is the tradition behind the class banners which hang in the Apse. Beginning in 1894, every graduating class presented a banner to the school on commencement day. Each new banner was hung in the center position and was moved the following year to either the left or the right of the center according to whether it was an odd or even year. The color of the banners was also alternated so that one year there would be gold in the color scheme and the next year green.

In recent years this old custom has been been dropped and each class has presented a large woolen flag with the class numerals on it to fly beneath the American flag.

If it Isn't All You Can Do—Then DO WITHOUT TO DO MORE

Rev. Reid Counsels Active Brotherhood

Rev. David Reid of the First Methodist Episcopal Church, Burlington, was speaker at the service held Tuesday February 20, in the Ira Allen Chapel.

The theme of his talk centered about National Brotherhood Week. Rev. Reid stated that every single person in the entire world is able to go as far as "Our Father" in unison. The Poles, Chinese and English alike are all under the same God. Since we are all brothers in this respect, it is necessary for us to act accordingly. As Madame Chiang Kai-Shek recently put it, "It is time for us to stop talking about Brotherhood, but to actually do something about it."

NOTICE

There will be a luncheon in the President's dining room on Friday at 12 for all the WSSF canvassers and committees. Final reports on the drive are expected at this time.

Vermont Takes Ski Meet at Mt. Mansfield

Vermont Upsets Mikemen 56-51 in Close Game Sat.

Stein, Hebert Are High Scorers Captain Bo Birsky Leads Losers

On Saturday last, for the second time within a week, the Vermont Collegians, U. V. M.'s unofficial hoop team, defeated St. Michael's quintet—this time to the tune of 56-51.

The game was fast all the way and was close enough to keep the crowd on the edge of their seats. There was much more teamwork than was evident in the Middlebury game, and also a good deal more individual ability. The team, which has now finished its brief season, in all probability had not yet reached its prime.

Mel Stein, who again plugged the team throughout the second half with a number of beautiful one-hand shots and a lot of hard fight and scrap, tied with Pro Hebert for top individual scoring for the winners with 14 points apiece. Bob Linehan was not far behind with 12.

For the losers Capt. "Bobo" Birsky, ex-Springfield High star, took top honors both in individual scoring and team play. He had 20 points for the afternoon. Lagor, his teammate, was runner-up with 16 points.

At only one point in the game was St. Michael's able to forge ahead—that in the third quarter when Vermont let down for a moment. In the first quarter the Collegians led 19-14. The margin was increased to 28-19 at the end of the half. The third quarter found Vermont still in the lead and after a fast final quarter Vermont emerged victorious, the score 56-51.

First Quarter

Lagor of St. Mike's opened the scoring with a foul shot to put his team ahead momentarily 1-0. Stein came right back, however, with a one-hand shot which pushed the Collegians ahead 2-1. Stopyra's two-pointer was offset by John Akey's foul and the score was tied at 3-all. Filipi dropped in a set shot and Lagor netted a lay-up to make it 7-3, St. Mike's. Linehan and Hebert came through with one-handers and J. Akey put the Collegians out in front once more with a foul shot.

Linehan made a free toss and followed it with a two-pointer to make the score 11-7 in favor of Vermont. Birsky, Purple captain, then countered with a lay-up and a foul shot, but Doherty, the opposing captain, dropped in another foul to keep Vermont in the lead 12-10. Fennell tied the score with two one-pointers, but Linehan's foul and two pretty shots from the floor by Hebert gave the Collegians a 17-12 advantage. Kaufman dropped one in from the floor but the two points were offset by Fennell's and Filipi's free throws to end the quarter, 19-14—Vermont leading.

Second Quarter

Birsky and Doherty exchanged lay-ups and Doherty dropped in another long high-arching shot as the second period got underway. Hebert then dropped in two quick shots, the second on a long, perfectly timed pass from Doherty which allowed the Winooski High coach to take it in his stride. Fennell made a foul which was offset by Doherty's free throw. Filipi stole the ball under his basket and tossed in two points as the half ended.

Third Quarter

The third stanza found Birsky really hitting his stride as the sensational St. Mike's performer tossed in 16 points in the ten-minute period, including two sensational off balance jump shots which left

(Continued on page 4)

Sport Stuff . . .

by W. Stern

Recovering from a hectic weekend we are happy to report that the sports end of the Kake Walk festivities fared quite well. The ski and basketball teams took the honors in their respective enterprises.

The old touch could still be detected in Doherty and Kaufman. Amherst's gift to Vermont, Mel Stein, has something to admire in his one-handed lay-ups. Both Linehan and Hebert were right in there scrapping. We are still trying to figure out how Milt draws such beautiful fouls. But aside from all that it was a fast and lively game and kept the spectators continually on "the go." Vermont's cheering section was healthily supported by Marge Donahue and Bob Rosenberg who tried to liven up the proceedings by playing a few bars from Cotton Babes.

The ski team had to cope with unfortunate weather conditions but landed right on top with a total of 282 points, 20 ahead of Harvard. MIT took third place. From what we have heard from the participants it was a hard accomplishment.

Well, we have some enterprising young men interested in a baseball team. There is quite a nice list down there on the bulletin board but we are not going to get very far if it remains there. Let's get on the ball and get some action from the gym department.

Miss Sullivan Speaks On Values of Teaching

Miss Mary B. Sullivan, assistant professor of English and Education, spoke to the juniors and seniors at Essex Junction high school on Monday, February 19. Her subject was the teaching profession, and she explained the values and satisfactions derived from it.

After the speech, individual conferences were held in which Miss Sullivan explained to the students who were interested the program of education at the University of Vermont.

This is the second in a series of guidance meetings held for the benefit of the students under the direction of Miss Ilsa Brown.

Crane Wins Downhill Run in 75.1 Seconds

Weather Conditions Make Ski Trails Hazardous

In the face of keen competition and even keener winds the U. V. M. ski team won the intercollegiate meet held on Mt. Mansfield last Saturday.

The University of Vermont team, the R. P. I. team and some forty spectators left Burlington Saturday morning at eight o'clock for the mountain. At the Octagon they met two other teams, Harvard and M. I. T. Numbers were given out and the races actually got under way shortly before noon.

Weather conditions were not at all favorable for the meet. Rain in Stowe during the week coated the Nose Dive with a hard icy crust. Fortunately a four inch snow on Friday night made it possible for the contestants to get a grip on the ice. Another hazard was a blizzard which lasted all day Saturday and cut visibility down to a minimum.

Crane Wins Downhill

The downhill was run from station 13 to station 35 on the Nosedive. This stretch of trail includes the "Corridor," "Strainer," upper schuss, lower schuss, and shamble's corners. Officials for the downhill were Professors Holmes, Marvin, and Boyden.

Skier after skier tensed himself as the starter counted "five . . . four . . . three . . . two . . . one," gave a mighty shove with his poles as the starter cried "go," and disappeared into the swirling storm. Luckily most of the skiers emerged from the mists within a few minutes to be checked in at station 35 by Dr. Marvin and Ken Boyden.

The winning time of 75.1 seconds for the downhill was turned in by Ed Crane, U. V. M. He was closely followed by Gerald Genn of Harvard who completed the course in 76.1 seconds and G. Macomber of M. I. T., who did it in 76.2 seconds.

The slalom course was set up by Sepp Ruschp on the Corridor. It consisted of two "flushes," a double "elbow," and several other combinations designed to test the skill of the competitors. Macomber of M. I. T. had the winning time of 49.2 seconds.

Two busloads of skiers headed back to Burlington at 4:30 p.m. One bus broke down and another slight catastrophe occurred when one of the buses caught fire between Waterbury and Burlington. The conflagration, believed to be caused by a short circuit in the wiring system, was extinguished by the bus driver.

At Kake-Walk the ski team was presented with an enormous green-frosted cake. The team was rather reluctant about breaking its training before the important meet at Manchester next Saturday but the luscious cake was so tempting that they escorted it down to the Alps restaurant where it was eaten along with ice cream and milk.

At this time the ski team would like to thank Louise Jordan, Skip Lewis, Clem Holden, Professors Holmes and Marvin, Ken Boyden, and Student Government. Without their help the meet would not have been possible.

Final results were as follows:

Downhill

1.	E. Crane	Vt. "A"	1-15-1
2.	G. Genn	Harvard	1-16-1
3.	G. Macomber	M. I. T.	1-16-2
4.	P. Mallett	Vt. "A"	1-24-8
5.	R. Parker	Vt. "A"	1-31-0
6.	L. Ambrose	Vt. "A"	1-31-1
7.	R. Ochsner	R. P. I.	1-34-3
8.	H. Johnson	M. I. T.	1-36-2
9.	A. Lowenfels	Vt. "B"	1-38-1
10.	A. Coburn	Harvard	1-40-0

Slalom

1.	Macomber	M. I. T. 49.2
2.	Grimley	Harvard 50.2

Medics and Mac's Five Carry On Bowling Feud

The medics of the class of '48 seem to have a private feud with a bowling team in town called Mac's Five.

So far the medics have been engaged in two matches, one of which they lost by a 45 pin total in a three string game, the other was played recently at the Waterman alleys in which they succeeded by an equally close score of 48 pins.

A final game is being scheduled to decide the "might" of either team. The Mac's Five are made up of L. Fagga, McMurray, Sr. and Jr., C. St. Peter, and R. Dumas. The medics fan included E. Crane, H. Pearl, I. Hazen, T. Holcomb, and J. Neary as the opposition.

Victory Kake Walk

(Concluded from page 1)

handkerchief, the signal for Joe Lechnyr to swing into "Cotton Babes" for the first pair of Walkers. Three pairs competed: Al Attwater '47, and Houghty Pearl, Med. '47, unattached; Roger Baker '48, and Windy Parker '48 (accelerated) for Lambda Iota; and for Sigma Alpha Epsilon, Dick Mascolo '48, and Ted Battles '48. The winning Cotton Babes were Pappy Attwater and Mammy Pearl who strutted and kicked in real Kake Walk style. SAE captured second place with its satin clad couple.

A big surprise was the appearance of a team of girl steppers, a phenomenon which has seldom before presented itself. The couple was composed of Spike Thornton and Irene Fahey, who, though they did not compete with the masculine contestants, put on a good show for an appreciative audience.

Other entertainment features of the evening were tunes by radio songstress Gloria Carroll, a snappy performance by the U. V. M. twirlers headed by Harriet Cohen '46, and the appearance of 30 Cotton Babe usherettes.

Following a broadcast to the men overseas, who heard speeches by Governor Proctor (understudied by Lt. Governor Emerson) and President Millis, the playing of "Cotton Babes" by the U. V. M. coed band, and a verse of "Champlain" the Kakes and Cups were presented. Roberts House won the Directors Cup and a Kake for the best ice sculpture with its statue of Ira Allen faced by two Walkers. The statue was sculptured to the minutest detail, even to the handkerchief which the founder held in his left hand. To Allen House went second place, a Kake for its sculpture of a soldier sitting cross-legged, listening to the radio and seeing in his imagination two tiny Kake Walkers. Pi Beta Phi, Alpha Chi Omega, and Sigma Alpha Epsilon received honorable mention.

Lambda Iota captured the Hayes and Carney Trophy for its first place skit. "The 4Fs," and Phi Sigma Delta's "Work or Fight" won a Kake.

In the "Walkin' Fo' de Kake" competition, the Victory trophy and a kake were awarded to the unattached couple and a Kake to SAE.

Kakes were given also to the Kake Walk directors, to Dr. Joseph Lechnyr, who provided the music for the evening with a band concert preceding the main events and the indispensable "Cotton Babes," to Kake Walk's regal pair, Mary Starkes and Jack Boardman, and to the U. V. M. ski team, which came out on top in Saturday's meet.

As the last strains of "Star Spangled Banner" were played, and the crowd filed out of Memorial Auditorium, everyone felt that the spirit displayed proved that Kake Walk will be waiting for U. V. M.'s former students when they come back from overseas. Kake Kalk, 1945, was a real success.

SPIKE, FAHEY WALK AS NOVELTY NUMBER

This year Kake Walk chairmen all used a novel idea if ten years ago to return into Kake Walkers made their second appearance in the 30-year history of Kake Walk. A decade's tradition cast off, the 1945 version of Kake Walk surprised the audience with the feminine couple of "walkers" de kake."

Bob Fahey certainly showed something when he passed up the chance of seeing Spike Thornton and Irene Fahey, both set to catch the rhythm of our own Cotton Babes. Differing markedly of course from the previous versions that of Al and Houghty, the girls still kept good timing and rhythm.

Spike and Fahey had practiced at odd intervals for their own amusement in the sanctuary of one of their rooms in Delta Psi, but hadn't considered entering the show of walkers until the Thursday before Saturday night's Kake Walk. According to Spike, she had cherished the idea since her freshman year and her first Kake Walk, but not until this year had she thought of making her walkin' a reality. Fahey has been Kake Walking since her first week at U. V. M. when someone told her about it. She has followed a family tradition. Her father walked when he was at U. V. M. The girls decided to make their walkin' a novelty number, working in their own steps, and not to enter into competition with the boys. The trio of directors agreed readily to the proposal, and the third floor ball room of Delta Psi came into constant use for two days as Spike and Fahey practiced up.

"It was loads of fun," Spike said, "and it satisfied our desire to do something for Kake Walk. Was it hard? Brother, if you only knew how stiff we were!"

W. A. A. Notes

Probably one of the biggest puzzles on campus now concerns what Modern Dance Workshop is cooking up for Lilac Day. We have been thrilled in previous years by the precision and grace of this group, and so we expect great things. Last year the Four Freedoms were interpreted, and we suspect that practice is beginning this year because Crystal Malone looks more supple than ever, and surely Becky Farnham doesn't always slink and slide in that oriental manner!

Fencing is adding new words to the vocabularies of would be duelists. Speaking of embryo fencers, keep your eye on Ginny Hamel. Slim and supple she laughingly attributes her love of the foils to her French ancestors.

Soldering filaments on switchboard lamps is such a delicate operation that it must be done under magnifying glass.

PEARL AND ATTWATER WINNING WALKERS

"It's not but the walkers really know the thrill of Kake Walk," says Al Attwater, prize Kake Walker. "You fellows do all the cheering but it's the guys that are actually out on the floor that get to know Kake Walk."

The winning team of Attwater and Pearl started to train for the event about six weeks ago. They stopped during final exams for two weeks and have been working out vigorously since then.

Al says that being a Kake Walker is merely a stroke of fate. Some people have it and some don't. It takes a peculiar kind of rubberness or bone structure or something to enable a person to get out on the floor and do a good job of the strut.

Previous experience with sports is not essential to a Kake Walker. Nor is a double jointed person better able to Kake Walk than a normally constructed person. "Height, although helpful, is not essential since we just beat four Attwaters."

On interviewing Houghton Dean Pearl commonly known as Houghty that shapely cotton babe who strutted as the female partner of Al Attwater to expressed his sentiments on Kake Walking thusly:

"It's a hell of a lot of fun and I think the girls deserve all the credit in the world for a swell job. I never could see why more people didn't come out for Kake Walking. By the way, did you ever see anyone look like Attwater?"

Presenting Student Union Nominees

[illegible] will be a [illegible] meeting in the Union on Wednesday, February 28, at 6:45 P.M. This will be a discussion on the [illegible] which will be voted upon. A [illegible] will be elected and the business will carry on the new Council. Miss [illegible] the retiring president, Miss Florence will be [illegible].

The following persons are on the ballot.

President

Dorothy Thompson

Dotty is [illegible] Student Government and Cynic. Besides being vice-president of Student Government she is a member of W. A. A. and second vice-president of Student Union Council.

Vice President

Ray Sweeney

Ray has served as Student Government and Cynic. Besides being vice-president of Student Government she is a member of W. A. A. and second vice-president of Student Union Council.

Secretary

Mary Wentworth

On the ballot are the Executive Committee and the U. V. M. Council. Peggy also is on the Hotel Control. House President at Robinson and the Y. W. C. A.

Business Manager

Margaret Hood

Margie is voting with a title to one hand and a dollar bill in the other. You see, she is on the ruffle team and a W. S. G. A. member. Dance Workshop, scrubbing for the Cynic and Y. W. C. A. all keep Margie quite occupied.

Executive Secretary

A member of the Student Government Executive Committee and Student Union Council, Marge is also a Sophomore Aide, News Editor of the Cynic and belongs to W. A. A. Sports Clubs.

Treasurer

Frances Gould

"Pat" received her treatment from Michigan to an *Ariel* scrub and belongs to Canterbury Club. She also does hospital work for Y. W. C. A.

Social Chairman

Mary Jane Flemming

Gerry, another freshman, belongs to the Outing Club, W. A. A. Sports Club and is a member of the house committee at S. A. E.

Treasurer

Dorothy Farrell

A frog hound ever. She is a member of the Home Economics Club. She also belongs to Y. W. C. A. and the Press Club.

Publicity Director

Barbara Shatsinger

"Barb" is a reporter on the Cynic and is a member of the W. A. A. Sports Club. Besides being a member of the house committee she belongs to Canterbury Club.

Social Convener

Catherine Andrews

Kitty has been on the Student Union Council this year and is secretary of the Press Club. She can often be seen dashing in and out of the Cynic office and her other activities include Y. W. C. A. and Dancing Class.

Honorary Board

Harriet is well-known for winning the Blue Book Inter-Fort Award, and is a member of Student Government and the Faculty Council. She is on the Junior Prom and the Home Economics.

Honorary Chairman

Dorothy Chandler

A member of the Spirit and the Cynic Staff, Dotty serves Directorships Y. W. C. A. is a member of the Musical Dance Workshop and is Housefellow at her home.

Cynic Representative

A member of the Dramatic Club, the Footnotes, Players, and Canterbury Club, Peggy is on W. S. G. A., Y. W. C. A. and I. R. C.

Assistant Cynic Representative

Lorraine Lussier

Lorraine, one of the patriotic sisters, is a Sophomore Aide, member of Delta and on the Editorial staff of the Cynic. Her other activities include scrubbing for the Ariel and being a member of the Home Economics Club.

Cynic Representative

Gertrude Mansour

Gertrude has been secretary of the Student Union Council this year and is a member of the Sophomore Aides. Besides Newman Club, reporting for the Cynic and W. A. A. Sports Clubs, she is a member of the Spanish Club and Y. W. C. A.

Scholarship Chairman

Betty DeBois

Besides Canterbury Club, Y. W. C. A. and W. A. A. Betty is also a member of the Rifle Team, the Outing Club, the Home Economics Club and is scrubbing for the *Ariel*.

Junior Representative

Janet Eickenscheidt

Jan is a Sophomore Aide and a Sophomore representative on Joint Conference. Her other activities are news editor on Cynic, *Ariel* scrub, Classical Club, Spanish Club and Canterbury Club.

Junior Representative

Mary Brosnihan

Mary is treasurer of Newman Club and another one of those Sophomore Aides. Besides scrubbing for the *Ariel* she is on the business staff of the Cynic, glove to the hand and belongs to the Home Economics Club.

Secretary

Mary Mulcahy

Secretary of Newman Club and on the Cynic News Staff are two of Mary's activities. She also belongs to W. A. A.

ATTENTION 4-H'ERS

A party for all U. V. M. students who have not been to 4-H club will be held in the recreation hall on Friday night, March 2, from 8 to 11. This meeting is the starting point in the formation of a college 4-H Extension Club. The business meeting will be followed by games and refreshments.

Mikemen Upset

(Concluded from page 4)

the Vermont lads, starting to bust as the star Mike Hallowell. Hayes made the remainder of the Peoples 11 points in the quarter. Stein and Kaufman each tallied 4 points in the third period to keep Vermont in the lead.

Fourth Quarter

The Catamounts were leading 48 to 46 when the Purple quintet swung into action. Luger dropped in two goals and Farrell another to bring Father Lawlessmen's keep team back into the running. Stein and Luger swapped baskets and Hebert came up with a one-hander to make it 52-44. Brosky's one-hander brought the count to 54-47 as Lenham and Farrell exchanged two-pointers. Brosky's one hander brought the crowd to their feet as Vermont's lead was whittled down to only three points, but Stein's follow up clinched the game for the Vermont Medics, 56-51.

From 9 a.m. to 5 p.m. Thursday, March 2, student may get their first semester marks in the main hall of Waterman.

Do You Know . . .

With this issue of the Cynic begins a new feature. Each week an outstanding senior will be interviewed and quizzed on everything from Stalin's stewed prunes. A glimpse of home life, school activities, attitude and opinions—all together will give you a new picture of students at U. V. M.

The spotlight turns first to a girl who is a westerner by birth, a southerner by residence, and a Vermonter by choice! A girl whose crisp feathercut and warm, friendly smile are known to everyone—Shirley Needham.

Modesto, Calif., was her birthplace 20 years ago, and she lived with her parents and sister Alice in a big, rambling house on a sprawled farm. Penny lemonade stands, first grade at five, roller skating over the flat roads and nibbling apple peelings, pride that her birthday (June 21) was the "very longest in the year." These are the most vivid recollections of her first nine years.

When her patents died Shirley went to Amherst, Mass., to live with her aunt, then to Alabama where she took music lessons "my hidden talent," says Shirley, ("very hidden"), attended Lee County high school and acquired a smooth southern drawl.

Shirley brought the drawl to U. V. M., where Alice was already a junior. "But," Shirley laughs, "I soon lost the you-alls and even my political views. Now I'm strictly Yankee."

As for activities—Secretary and 2nd vice-president of Student Union, Executive Committee of Student Government, business manager of the Cynic, Pan-Hellenic president of Canterbury Club, Sophomore Aides, Staff and Sandal are a few. This year Shirley is president of Student Union, Pan-Hellenic treasurer, president of Omicron Nu, and a member of Mortar Board, Re-evaluation Planning Committee, and Joint Conference.

Her pet peeves include: parsnips, frogs legs, post-mortems over exams, and especially people who run down the Home Ec course. Being a Home Eccer (majoring in foods), Shirley says she takes a lot of ribbing about Dusting 17 and Window Washing 101. Her favorite course is Miss Underwood's HIM (Home and Institutional Management) in which a field trip to New York is planned for this spring. She loves Quantity Cooking—giggled over her practical exam, peeling (with a potato peeler), cooking and mashing forty pounds of [illegible].

Her favorite sports are [illegible] and swimming—adores [illegible] be a young jitterbug [illegible] with tea trot. On her trip to Stowe she took [illegible] and down. On second [illegible] down the Toll road in [illegible] hours.

She fears her feminine [illegible] she changes her mind too [illegible].

Shirley spent her last [illegible] working at an exclusive [illegible] Boston as "all purpose [illegible] chambermaid, and even [illegible]. Her evenings were spent [illegible] tess at the Officers' Club [illegible] Statler and at a blood [illegible].

Some of her favorites are [illegible] Bogart (especially in [illegible] Churchill, southern fried [illegible] gravy and biscuits; she [illegible] hot doughnuts at the dime [illegible] co-op houses "grand, and [illegible].

Next to her Alpha Chi [illegible] wears the fraternity pin of [illegible] Wilkins, ASTP in medicine [illegible] versity of Iowa, specializing [illegible] surgery. They met at a Canterbury [illegible] supper last year and found their [illegible] are close friends.

Ask her about the future and Shirley says, "I'd like to be a dietitian [illegible] taurant or hotel . . . and I love [illegible] children."

A regular meeting of the women of the faculty at U. V. M. will be held March 5 in the Student Lounge of the Waterman building at 7:45 p.m. Miss Florence Woodard is in charge of the program.

Point System—Student Union's Bone of Contention

The limit of the old point system was [illegible] points. The amendments to this system include:

1. Twenty points is the maximum for executive offices. Three club memberships are allowed those people who have the twenty point maximum bringing the number of points up to 26.

2. Those people not having the maximum of 20 points in executive offices are permitted in club membership.

3. Clubs included in this rule are sororities and all others in the University with the exception of W.A.A., choir and [illegible].

4. Student Government Executive Committee and Standing Committee. When a person has these two positions at the same time he only receives 10 points, the amount given for the Executive Committee alone.

5. Other amendments in the awarding of points have been put in the schedule above.

MAJOR OFFICE—20 points
President of Student Government
Treasurer of Student Government
Editor-in-Chief of CYNIC
Editor-in-Chief of *Ariel*
President of Student Union
Chief Justice of Student Union

MAJOR OFFICE—15 points
President of W. A. A.
President of Y. W. C. A.
Managing Editor of CYNIC
Business Manager of CYNIC
President of Fraternity or Independents
Vice President of Student Government
Secretary of Student Government
President of Pan-Hellenic Council

MINOR OFFICE—10 points
Religious Chairman of Y.W.C.A.
Secretary of Joint Conference
Senior Staff of CYNIC
Junior Staff of *Ariel*
Student Union Council Member
W. A. A. Council Member

Class President
Members of Joint Conference
Staff member of CYNIC
Managers of sports
Standing committee of student government
Student Court Member
Outing Club Council

College Row—Depending on You

U. V. M. Bill of Rights

1. The U. V. M. Student has the right to elect any candidate for any student office on the campus. He may petition nominations to both Student Government and Student Union offices. Student Government requires a petition of 150 names for executive offices, and of 100 names for executive committee nominations. Petitions for nomination for Student Union require 100 names. The U. V. M. Student elects the beauty queens, Kake Walk king and queen, and the student executive officers.

2. The U. V. M. Student has the right of open forum. If a student feels that a law passed by his student organizations is not for the good of all, then that student has the right to call an open meeting. Student Government itself calls many such bull sessions. An open forum has been called by Student Union tomorrow night for a discussion of the point system changes voted in at the last Mass Meeting.

3. The U. V. M. Student has the right to criticize his student organizations through his school paper. This is part of the age-old CYNIC policy.

4. The U. V. M. Student has the privilege of representing himself and his fellow students before the administration of the college, in which he has only a relatively small part. This principle is at work in the present Re-evaluation of Educational Standards Committee. This is a committee composed of the President, Deans, Heads of Departments, and five students. The Faculty-Student Conference Committee is composed of the Executive Committee and officers of Student Government and faculty representatives. These two committees recommend action to the Senate. The Joint Conference Committee is composed of the members of the Student Union Council and representative faculty members.

5. The U. V. M. Student has the right and the duty to represent himself before his Student Organizations. Executive Committee meetings of Student Government and Joint Conference Committee meetings of Student Union are open to any U. V. M. Student. If a student does not wish to attend a meeting, he should give his ideas to one of the members of those committees. The Student has the right to express publicly his views in Special Convocation and Mass Meetings.

Your Candidates For High Office

On Monday, March 12, four juniors, four sophomores, and two freshmen will be elected to serve on the Executive Committee of Student Government. Those who are elected will have numerous duties to perform, the Student Government Constitution requiring them to:

(1) Bring to the attention of the student body all matters pertaining to the welfare of the U. V. M. Student Government.

(2) Discuss matters of common concern with the administration.

(3) Act as apportioning committee for the Student Activities Fund.

(4) Elect, advise, and direct its subcommittees.

(5) Elect a student court.

(6) Make all rules and regulations necessary for the execution of its duties.

Petitions for nomination to the Executive Committee must be handed in today. So far, the following names have been submitted to Student Government:

(Continued on page 4)

LETTER TO THE EDITOR

To the Editors of the CYNIC:

In response to the rumors concerning illegal voting during the recent election of the King and Queen of Kake Walk, Mortar Board, who proctored the election, would like to make a statement of the facts.

At 10.30, following the dismissal of the Convocation, there was a crowd of students about the polls, in a hurry to vote on their way to class. There were two proctors there at the time, one of whom called out the names of the voters and watched the ballots, while the other girl checked the names of the voters in the directory. A short time later, it was reported to them that someone had taken a number of ballots and "stuffed" the box. The Kake Walk committee in charge of the King and Queen campaign was consulted, and decided to check immediately on the possibility of such an action. The ballot box was taken to a faculty office, and in the presence of members of the committee, campaign managers, election proctors, and a member of the faculty, the number of ballots was counted, and com-

(Continued on page 4)

EDITORIAL . . .

With this issue of the CYNIC we are throwing a challenge at the U. V. M student body. It is a declaration of student rights and wrongs and a demand for action. It was precipitated by the lack of interest students show in their elections, by the occasion of dishonesty at the polls, and other immature acts of narrowness and selfishness. We hope our expose makes you mad—if you are aware that something is lacking in the spirit of U. V. M Students, read on; if you prefer a game of bridge to an honest analysis of the governmental system we live under, stick your head back in the sand! It is only those who have examined the case who have the true right to gripe—the armchair variety of politician and reformer has only the ability of "gumming up the works" through lack information and misinterpretation.

Student Union Bull Session to Discuss Pros and Cons of the Point System—Thursday Night Student Lounge 7.30 P.M.

Conference Will Answer Challenge

On Wednesday, March 7, at 7.30 p.m. in the Student Lounge, there will be a joint meeting of the Newman Club, Hillel Foundation, and the Vermont Christian Association, open to the faculty and student body. The purpose of the meeting will be to discuss anti-semitism on the campus of Vermont and what can be done to eliminate evidences of it.

This meeting is the answer to the challenge of our college newspaper. Several weeks ago the CYNIC in an editorial asked the student body what its reactions were going to be as a result of the Religion and Life Parley, whether they were going to close their minds once more to life around them and slump back into the sheltered rute which many of them had been in before, or whether they would act to help eliminate racial problems and prejudices. This was the question. The conference tonight is the answer to that challenge and the start of liberal feeling and and reform at the University of Vermont. Why not get behind it and show the CYNIC, the faculty, and the administration that the students attending Vermont are not the sleepy sheep of some colleges.

There will be three speakers at this forum. All of these men will give various views on their particular fields. The psychology of anti-semitism will be outlined briefly by Professor Metcalf. Is it due to the youth's environment while maturing through childhood that he develops prejudices and biased opinions on racial questions? Where do people absorb prejudice and how are their emotions

(Continued on page 6)

Most of the laws regulating students are formulated by Student Union and Student Government. The control of these organizations is in the hands of the student body. Their meetings are open and elections are democratic since petitions may be drawn up for any office. Recently changes in the existing point system were presented to the women of the University. The silence upon the presentation of the bill was immediate and profound, in the absence of discussion there was nothing to do but vote, and consequently the bill was passed. The next day there arose a hue and cry—"the point system is unfair, we didn't want this new and more restrictive form." Are we for or are we against it? Well, where were YOU when the bill was passed?

Why do we have a drinking law, smoking rules and the encumbrance of multiple rules and regulations? Is the point system necessary? We are of the firm opinion that we, the students, are to blame for the useless restrictions. The administration would meet us halfway if we chose to amend University regulations AND had the maturity and ability to carry through these amendments for the good of all. Instead, because some of us lack restraint and honor a drinking rule is in existence which involves complete prohibition. We are told by our own Student Union at what hours of the day we are to smoke (for the women students), how many offices we are to hold and the number of points we are penalized for entering clubs. Is this necessary? Is it democratic? Our answer is NO but we force these issues by filling every office with the same people, by sorority and fraternity politics in elections, by lack of cooperation among ourselves. If the entire women's student body would meet and make an agreement on the point system and smoking rules perhaps the will of the majority, with intelligent student administration, could be carried through. We don't want these rules—why don't we unite for a more intelligent, adult government?

Our final point is honesty. The example of dishonesty in a public electum recently almost discourages our hopes for the inauguration of an honor system here. The spirit of personal liberty and trust is stressed under a code which is accepted in other colleges. Charles G. Weaver, editor of the *Daily News*, in an address to the Men's Faculty Club, March 3, described this principle thus: "Student Government in the University of Virginia, based solely on an honor system, owes its success to practice of the principle, 'the least governed is the best governed.'"

The honor code at Virginia imposes only one demand on the student body: its members must be honorable. It is only when they are dishonorable that any discipline

(Continued on page 3)

Cultural Committee Presents The Gordon String Quartet

On next the Cultural Committee of Student Government will present a concert in the Ira Allen Chapel. On Friday evening, March 9 at 8:15 p.m. the Gordon String Quartet will give a concert in the Ira Allen Chapel.

The distinguished artists each a virtuoso in his individual capacity from the famous Gordon ensemble. Jacques Gordon organized the quartet which bears his name when he was only twenty-one years old. He was at that time concert master of the Chicago Symphony Orchestra. Of a family of musicians and heritage Gordon started his violin studies at the age of five and was hailed as a prodigy in his native Russia where only once. He still has the decoration given him by the Czar when he played for him. When Gordon was fifteen he came to the United States with his family. In New York he became a pupil of the distinguished Franz Kneisel who through the Kneisel Quartet did so much for chamber music. It was largely through this influence that Gordon brought his own ensemble into being. In 1928 he resigned his position with the Chicago Symphony to devote all his time to chamber music and to his own career as a concert violinist.

Artists Trained

The other members of the group are equally as distinguished as their leader. Walter Hagen entered chamber music during his college days in Detroit at the age of twelve and at seventeen won a scholarship to the Eastman School of Music. Leading orchestra engagements and soloist before he went into the Army from which he was honorably discharged at the end of a year's service. Hagen is now devoting all his time to the Quartet and to teaching at the Eastman School. Klaus Mantel began his musical education at the age of nine. After winning three degrees at the Eastman School, he concertized extensively. He has been a member of the Rochester Philharmonic and Rochester Civic orchestras. Gabor Rejto, 'cellist, a native of Hungary started to study the cello at the age of nine and gave his first public appearance when he was thirteen. Before coming to America in 1939 he had played in concerts all over Europe, and had been heard with Europe's leading orchestra. He has given many recitals throughout the United States is a faculty member of the Manhattan School of Music, and is of course the Gordon String Quartet's 'cellist.

Since it was launched, the quartet has played more than three thousand concerts. Its extensive annual tours have been supplemented for the past ten years by the now famous summer chamber music festivals which it holds at Music Mountain, Conn. In addition to playing

Ruth Seabury to Speak at U.V.M.

Personal Faiths To Be Subject of Address

Ruth Seabury will be here at U. V. M. on Tuesday, March 13. She is a well known and liked speaker throughout the country and the world and will conduct services and conferences throughout the day as pastor.

She will speak at the regular Chapel service at 11:00 a.m.

At noon a luncheon will be held for Council Board and faculty advisers and at the luncheon every one is given thirty minutes for a personal and interesting conference. Appointments may be made with Barbara Powers by those who wish to talk with her personally.

At five p.m. she will conduct a service in the "Little Chapel."

The regular Y.W.C.A. meeting will be held in the Chapel at eight o'clock. She will speak at that time on personal faiths. All students are urged to come to this meeting, whether or not they are "Y" members.

The Little Chapel Dedicated Sunday In Worship Service

The efforts for the planning and construction of the "Little Chapel" were brought to a climax in a dedication service on Sunday evening, March 4, at 7:30. All those who have been associated with and interested in the small worship center were invited to attend. The "little chapel" has been built to be used for small worship groups (of 50 or less) of the three faiths, and has been anticipated and planned for over a year by all the religious groups on campus—Hillel, YWCA, Newman Club, and VCA, with help from Student Government.

The service Sunday was led by Reverend Hall of the Religious Life Committee, and Rabbi Gellman, director of the Hillel Foundation on this campus. The program included a responsive reading and scripture lesson in addition to the service of dedication in which the leader and the people participated. Organ music was amplified from the larger chapel.

Planning the dedication service was a committee representing each of the religious groups on campus and Student Government. Sonia Perkins from Hillel, Barbara Powers from YWCA, Frances Witham of Newman Club, Clement Holden of VCA and Pearl Weissbard of Student Government.

Of the future services to be held in the "Little Chapel," that with Miss Ruth Seabury is one of the first. Miss Seabury, known for her work in the interests of young people, will lead a twilight service to be held Wednesday morning, March 14. The building will be open and available as a worship center to all small groups.

Simplicity is the keynote of this small unit in the Ira Allen Chapel. Its principal feature is the small altar in the chancel. The room is illuminated by lights passing through the cathedral glass windows while the chancel itself is lighted by a single lamp shining through the ceiling.

Frances Witham Heads New Slate For Student Union

Twelve new officers were elected to head Student Union at a Women's Mass Meeting in the Chapel Wednesday, February 28. The new president is Frances Witham '46, well-known as president of Newman Club and an ardent bowling fan. Ruth Schuppe '46, chief of the Fire Capers and an active Tri-Delt, is the new vice-president. Barbara Anderson '46, a Pi Phi, is now first vice-president; she served as social chairman last year.

Margaret Nelson '47, an Alpha Chi, sophomore Aide and News Editor of the Cynic, is now second vice-president. Senior member of Judiciary is Pearl Weissbard '46, who also acts as House President of Robinson Hall and is vice-president of her sorority, Delta Phi Epsilon. New secretary is Beverly Grier '48, a Pi Phi pledge and one of those "freshmen from Michigan."

Barbara Snetsinger '48, who also works on the Cynic, sings in the choir, pledges Tri-Delt and cooks in her co-op house, is now treasurer. Carolyn Aronson '46, social chairman, and Janet Fickenscher '47, scholarship chairman, are Alpha Chi's who wrote the Kake Walk skit, "Life Can Be Pitiful." Barbara Morgan '46, new house chairman, is also an Alpha Chi and has recently been accepted as a member of the college board of *Mademoiselle* magazine. Gretchen Manning '47, her assistant, is a Pi Beta Phi and member of Sophomore Aides. Mary Bresnehan '47, the new town representative, is a member of the Home Ec Club, the Band, and Alpha Chi Omega.

HAND EMPHASIZES ROLE OF ECONOMICS

Prof. George Hand [illegible] Department of Economics [illegible] sity of Vermont delivered [illegible] vocation in the Ira Allen [illegible] on "Frontiers in Economics."

He divided the frontiers [illegible] pects, national and international frontiers [illegible] of full employment, the [illegible] bank deposits; and under international frontiers the problems of [illegible] control, reparations, and trade. For each of these he discussed [illegible] involved, the application of the theory and the application for social [illegible] economic benefit.

The general conclusion which Professor Hand drew from his [illegible] opinion based upon years of study and experience is that the important [illegible] in the whole national or international economic and social organization is the individual, whose importance cannot be overemphasized. He feels that inasmuch as individuals are in charge of groups within a nation and of nations, the most successful policy we could follow would be to make individuals as good men as possible. As long as individuals groups and nations seek their own respective selfish interests rather than social goals, we will not have higher world standards of living or peace.

HILLEL TO HOLD A PANEL DISCUSSION

Sabbath services were held Friday night, March 2 at Hillel House on Colchester Avenue at 7:30. Rabbi Z. Gellman officiated. Following the services and refreshments came an informal review and discussion of the book, "The Wings of Shoshan Avraham," a translation of that great humorist's stories, by Maurice Samuel.

Next Friday night after the regular services Leonard Eisig and Florence Marshall will lead a panel discussion on Americanism and try about the points on the same topic which were attended several weeks ago at Mayo Temple.

Hillel House has been redecorated and several new additions have been made. Mr. Henry Glaubinger has donated a Ping-Pong table and a checkerboard chess table which will be played upstairs. A library composed of books of any religious faith is being assembled. Mr. George Bottomley has given a twelve volume set of the Jewish Encyclopedia to the organization.

Every Saturday night and Sunday afternoon there will be open house at Hillel. All are welcome.

Plans for the rest of the semester will be discussed at a meeting of the International Relations Club on Wednesday evening, March 7, at 7:30 p.m.

Band Has Banquet At Hotel Vermont

Music instruments but well-equipped with appetites over sixty members of the U. V. M. Co-ed Band assembled at the Hotel Vermont at 6:00 p.m. Monday, February 26, for the annual Band Banquet. President and Mrs. Millis, Miss Simpson, Dr. and Mrs. Lechner, Shirley Hibbard, Jack Williams and Ray Simms, sat down with them to enjoy the meal: fresh trout, cut chicken noodle soup, roast chicken and dressing, mashed potatoes, frozen peas, rolls and butter, coffee, and strawberry sundaes. Doctor Lechner cut the first piece of the Kake Walk cake.

Margo Donahue '45, Band manager for the past year and Mistress of Ceremonies, introduced Miss Simpson as the first speaker. Miss Simpson said she was so impressed with Doctor Lechner's skill in handling reins that she nominated him for assistant dean of women. Ray Simms followed, speaking for the Kake Walk directors, and thanked the Band for their fine work. He invited them all to hear the recordings at the radio station. President Millis rose to continue Miss Simpson's appointment and to praise the musicians and their director. He also remarked that he tasted his first piece of Kake Walk cake that night. Doctor Margo announced that Magnon Burggraf '47, is succeeding her as band manager.

The Vermont Cynic

EDITORIAL

(Concluded from page 1)

is applied, Weaver said, and then the verdict is final and irrevocable—dismissal by the student body from the University.

Drinking, gambling, smoking, breaching of "lights-out" rules and similar actions usually frowned upon at other colleges do not come under the honor system. Nor does the University impose such regulations on the student body.

The continuity of the system from year to year depends on the fact that the students are trusted. Unless students feel that they enjoy the confidence of the administration, they will have no incentive to make the system operate successfully.

How childish and backward our self-government seems as compared to this plan of obligation and non-enforcement of the law! Can't we lift ourselves up by the bootstraps and meet the requirements of duty and courtesy without endless restrictions?

Fighting moisture and fungus—communication's jungle enemies

Ever-present dangers to military communications are the twin enemies of the jungle—moisture and fungus. By impairing the efficient working of telephones and radios, they can halt vital messages as effectively as cutting the wires.

The long experience of Bell Laboratories engineers in designing telephone equipment for use under all climatic conditions has helped the Signal Corps in counter-attacking these enemies of the jungle.

Lessons learned in this wartime emergency will aid in building better communications equipment for war and peace.

BELL TELEPHONE SYSTEM

"Service to the Nation in Peace and War"

Bombers Upset Collegians In Last Canto

Ski Enthusiasts Venture Glassy Mansfield Trails

Cardboard Pillows Used By Co-eds on Toll Road

With spring just around the corner in Burlington at least, a number of U. V. M. ski enthusiasts ventured to Stowe for the week end in order to get in some late winter skiing before the green grass shows through the snowy slopes of Mt. Mansfield. Much to their surprise they found neither green grass nor snow that warranted a trip down the "Nosedive." Instead most of the trails except the Toll Road were closed off because they had been reduced to a state of glare ice and even some of the best ventured no higher than the practice slope.

Undaunted however by warnings from all sides three very courageous "would be" skiers in the persons of Ginny Campbell, Laurel Hansen, and Beryl Cheney braved the ice and came down the Toll Road in the record breaking time of three hours. Leaving their skis behind them, the adventurous threesome equipped with pieces of cardboard which were used as pillows so that the journey would be comfortable if not speedy, set out from the Octagon at 10.00 o'clock Sunday morning. Seeking even greater thrills they switched off the Toll Road to the Ski Meister and would have been down at least five minutes sooner had they not had to stop and dig themselves out of the places where the ice was thin. Ginny remarked that the sensation was similar to a slow motion version of rolling off Niagara Falls in a barrel.

Mrs. Maybury a new member of the Secretarial Department faculty and Kay Hennesey did the mountain the easy way—up and down on the chair lift but there were a few (a very few) who actually skied down and from all reports the trip on skis was even more perilous than sitting down all the way.

Doris Holmberg and Ann Arnold arrived Sunday morning and stayed close to the practice slope most of the day. Pussie Joslin was the only casualty, suffering a wrenched knee but almost every one returned with golden tans Sun Valley style.

Sport Stuff . . .

by W. Stern

Now that we have opened the eyes of the student body to the fact of bigotry and intellectual laziness we shall intend to give some suggestions by appointing an important past-time-sports.

Are sports necessary? We think so, and the 50 odd fellows that showed up at the baseball meeting conducted by Larry Gardner think so too. Are we going to have a baseball team? Well, that depends on quite a few factors. Foremost in our mind *at present* is the attitude of the student body. We don't feel that the urgent studies will distract the student so much that he can't spend two hours or so supporting a few fellows who are interested enough to try and put up a basketball or baseball team.

Of course in this day and age we have to realize the importance of the factors prescribed by the country's war efforts but that doesn't mean that regional games can't be arranged. This isn't "the good old year" in which the baseball team undertakes its southern trip but this is still a year in which we can and will produce a team that is game and willing to put up a show for themselves and the school.

Sports are important factors: an escape maybe to the pure intellectuals, but not to us. There is no rationalization possible between these two principles. However we maintain that a school supporting the various teams it produces is a happy school. That brings us around to school spirit, if there is any we'll see it if you actively support the plans that are being made by Larry and the boys. I am sure that this is also of interest to the administration.

MIDDLEBURY TAKES FIRST HONORS AT MANCHESTER MEET

Middlebury captured top honors in last week-end's ski meet at Manchester. A two day meet composed of a downhill run, slalom, and a combined event in which Middlebury, Harvard, Dartmouth, U. V. M., M. I. T., and R. P. I. entered got off to a fast start Saturday, March the third.

On the downhill run U. V. M.'s Dick Parker placed fourth and Pete Mallett seventh in a competitive race.

Jones of Middlebury accomplished a skillful run of 0.531 on a specially prepared slalom course set up by Martin Fopp on the serpentine "corkscrew" of Big Bromely. Dartmouth's Drury was a close second and Butler of Harvard placed third despite the handicap of a strapped shoulder. Our Vermont team deprived of the assistance of Larry Ambrose, captured ninth and 12th place with Parker and Mallett respectively.

In the individual combine Jones again placed first followed by Macomber of M. I. T., Drury of Dartmouth, Mallett, and Parker of Vermont.

	Down-hill	Sla-lom	Com-bine	Tot
Middlebury	85.0	80.4	89.4	254.8
Harvard	78.4	78.4	64.1	240.9
Dartmouth	73.4	78.3	81.4	233.1
Vermont	79.4	70.1	80.2	229.7
MIT	80.1	66.6	77.9	224.6
RPI	67.0	72.4	74.7	214.1

U. V. M. plans to enter two teams in the coming sugar slalom at Stowe. Further plans are meets with Middlebury and Norwich if decisions are able to be reached.

String Quartet

(Continued from page 2)

the standard repertoire, the Quartet has introduced to American audiences for the first time works by many modern composers. To this ensemble goes much of the credit for the present growing popularity of chamber music in America.

Few people realize what it means to develop a fine chamber music ensemble, such as the one to be heard on Friday night. In the words of the founder and leader of the group, "it is perhaps the most exacting task to which musicians can subject themselves. It demands a discipline, a subjugation of self, a sacrifice of all other interests. All must work for the common purpose. There can be no attempt at self display. The moment one member of the group seeks to make himself prominent, that moment the beauty and unity of the whole is wrecked. At the outset, there must be sympathetic understanding between the units of the quartet. The rest must be developed through incessant practice."

Stein and Lyles Tie With 14 Points Each

Vermont Gets Short End of 48-39 Decision; Bell Aircraft Trims U.V.M. Medics 33-12

By Bob Morris

Unleashing a withering first quarter attack that all but blasted a game Vermont Collegian quintet right out of Memorial Auditorium, the Plattsburg Army Bombers sprang an upset by scoring a decisive 48-39 win Saturday evening. The loss climaxed a sad evening for Vermont rooters, as in the preliminary contest a Bruck Bell Aircraft squad, composed of many former high school stars, romped to an easy 33-12 decision over the U. V. M. Medics.

Until the final ten minutes Vermont jealously protected a four point lead and seemed well on the road to its third win of the campaign, as compared with two defeats. Aside from mammoth 6' 6" Kirby Lyles, who was a thorn in the Collegians' side all night, the Bombers had displayed only a spasmodic attack. Larry Tooker started things off with a long shot and the entire team seemed to come to life.

Failure to convert from the foul circle hurt both teams considerably. The Doherty-men made but 5 of 18 free throws while the soldiers were even worse, with but 2 conversions in the same number of attempts.

Howie Stein of Vermont shared scoring honors for the evening with Lyles of Plattsburg. Each lad chalked up 14 points, all on field goals. Jim Snyder of the Bombers was close behind with 12 markers. Bob Luchan contributed some fine floor work for the Collegians, while Lyles, using his height to good advantage, was continually gathering rebounds from the Vermont backboard.

Amid conditions reminiscent of a funeral parlor in the U. V. M. dressing room after the game, and with vows of revenge being flung from all sides, Manager Dave Kenet announced that a return battle may be played in Plattsburg some time next week.

First Quarter

Lyles started the scoring shortly after the opening whistle with a one-hander from the side. Joe Fennel tied it up seconds later on the same type of shot. Coast Guardsman Bob Maroney put U. V. M. ahead by converting a foul and Luchan dropped a great one-hander from behind the foul circle. Lyles and Fennel exchanged quick baskets, then Snyder dropped in his first basket of the evening. Not to be outdone, Fennel scored from far out. Snyder scored again for the soldiers and the quarter ended with Plattsburg clinging to a 10-9 advantage.

Second Quarter

Luchan was fouled to open the second stanza and made one of two foul shots good, to tie up the game. The Bombers went ahead again as Art Pederzani dumped one in from the side. Stein sank two quick baskets and Flynn came through for the visitors to tie the score again at 14-14. After Headrick and Bob Doherty exchanged foul shots, Milt Kaufman gave U. V. M. the lead with a beauty from the side. Luchan contributed a foul while Stein dropped in two more field goals. Then Flynn ended the

"Harvard" Takes "Yale" in Opener

Intramural basketball for the second semester is under way. Archie Post, director of physical education, has organized two new teams to play out the rest of the basketball season. These teams are "Harvard" and "Yale." On Wednesday night, February 28, the first game scheduled was played and won by Harvard with a score of 56-27. Since very few men showed up on both sides there was a necessity of leaving all the men in during the whole game with no subs. Archie Post has announced that he needs a few more boys for the league so that three teams may be organized, each team playing the following one, so that one team would get a rest each week.

Student Union Is Host

To take the place of the annual Town Girls' Supper usually held at Southwick, Student Union is holding the supper at Waterman this year. All town girls, those living in private homes off campus, and those commuting from outside the city are cordially invited. The date is Wednesday, March 7, the time is 6:00 p.m. and the place is third floor Waterman.

Rehearsals Begin For "Stage Door"

Harry Fischer Directs Spring Production

[illegible] Door" by George Kaufman and Edna Ferber [illegible] opened on the Hannah [illegible] evening [illegible] March 26 at 8:15 o'clock [illegible] Auditorium.

[illegible] cast of [illegible] women and 7 men. Eileen [illegible] '48, Gwen Ellgreen '48, Lois Tuttleman '46, Jane Lucas '48 and Elaine Lieberman '47 are [illegible] the leading roles.

[illegible] evening will be Mr. Harry Fischer. Mr. Fischer will direct [illegible] Gail Jones '46 is [illegible] assistant stage manager. [illegible] Jane Lucas will be in charge of properties, and Lois Tuttleman will be in charge of lights. Miss Lucas will work with the assistants and [illegible] of the stage [illegible] the parts and [illegible] in connection with their work and their lines.

Rehearsals of "Stage Door" will be [illegible] and Tuesday afternoons and Tuesday and Thursday nights.

"Stage Door" is the first three act play undertaken by the group [illegible] the Dramatic Club [illegible] three years.

LETTER TO THE EDITOR

(Concluded from page 1)

[illegible] with the problem of [illegible] checked at the [illegible].

It was found that there were three more ballots than there were names checked in the [illegible]. A number of these could be attributed to instances where a student [illegible] to check the name of a voter. In the meantime the committee questioned the individual who had been observed to cheat, and to record a statement that he had cast four illegal votes. These four votes were eliminated, and the polls were opened once more.

We had learned our lesson, and we may be sure the most scrupulous watch was kept throughout the rest of the voting. Any further mistakes were impossible. Also, the election was won by a margin far beyond the influence of those few questionable votes. The managers were privileged to demand a new vote, but none of them wanted it.

We wish to apologize to the students that such a distressing thing occurred through our negligence. We should also like to challenge any [illegible] a higher sense of honor and a less tolerant attitude toward dishonesty. Remember there is no [illegible] for an educated criminal.

The Vermont Cynic

VOL. 63 BURLINGTON, VERMONT, WEDNESDAY, MARCH 14, 1945 NUMBER 7

Senate and Trustees Vote Quarter System Into Effect Beginning With July Term

Dean's Office To Issue Questionnaires Concerning Particulars of New System

The new Quarter System, voted in the University Senate and Board of Trustees, will be made official with a notice published from the Dean's office. The University Calendar will henceforth be changed on this system beginning with the Summer Quarter. This quarter of approximately eleven weeks will start with Enrollment Day on Saturday, June 30 and will end Saturday, September 15. The academic year will be divided into three quarters instead of two semesters, with examinations at the end of each quarter and a holiday following these before the opening of the next quarter.

Because of the transportation situation and the request of the Office of Defense Transportation for curtailment of travel, the Council has voted that there should be no holiday of one day only at Thanksgiving, instead of a week-end recess.

Under this new system of ten teaching weeks per quarter, a course which meets three times a week will have two-thirds as many meetings as does such a course under our present system, and one quarter-hour credit will be regarded as equal to two-thirds of one semester hour. Requirements for graduation will be twelve quarters or their equivalent, since three Quarters will constitute a year in place of two semesters.

In a summer quarter a maximum load of eighteen credit hours per week will mean eighteen quarter hours or twelve semester hours.

The College of Arts and Sciences plans to offer, so far as there may be demand, some of the two-quarter courses, equivalent to one or two-thirds of a full year course, selecting so far as possible courses which will be counted for credit without further work. In order to determine for which courses there will be a demand during the summer and those which will be most needed by students planning to attend that session, the Dean's office will, in the near future, send out questionnaires to all students.

45-46 Calendar Changed for Quarter System

It was agreed by a vote of the University Faculty taken before the Quarter System was adopted that accelerated students would be expected to spend their last two semesters as two semesters of a full academic year. Students intending to accelerate should consult the Dean as to what arrangement maye be made for them to do so under the Quarter System.

The calendar for the summer quarter 1945 and the academic year 1945-46 as recently approved by the University council is as follows:

SUMMER QUARTER

Saturday, June 30.....Enrollment
Monday, July 2.....Classes begin
Wednesday, July 4.....Holiday
Monday, September 3
Labor Day, not a holiday
Monday, September 10
Last day of classes
Tuesday, September 11 to
Saturday, September 15 Examinations

FALL QUARTER

Tuesday, October 2
Freshman Preliminary Day
Wednesday, October 3
Freshman Enrollment
Thursday, October 4
Upperclass Enrollment
Friday, October 5.....Classes begin
Thursday, November 22
Thanksgiving Day, holiday
Thursday, December 13
Last day of classes
Friday, December 14, to
Wednesday, December 19
Examinations

WINTER QUARTER

Saturday, January 5.....Enrollment
Monday, January 7.....Classes begin
Saturday, February 23
Kake Walk holiday
Monday, March 18..Last day of classes
Tuesday, March 19 to
Saturday, March 23....Examinations

SPRING QUARTER

Saturday, March 30 Enrollment
Monday, April 1.....Classes begin
Wednesday, May 1 Founder's Day
Thursday, May 30
Memorial Day, holiday
Friday, June 7.....Last day of classes
Saturday, June 8 to
Thursday, June 13.....Examinations
Monday, June 17.....Commencement

PRESIDENT POSTS NEW REGULATION ON HOUR EXAMINATIONS

A new regulation concerning hour tests has been announced by the President at a meeting of the University Senate.

The regulation reads: "If three hour tests are announced for a given day, a student may fill out a form, indicating these courses and the name of the instructors, and file this form with the Dean of the College. The Dean will then request from the instructors concerned whether or not it will be possible to give the three tests at either an earlier or later date.

"In order to make the plan workable, it is necessary for instructors to announce tests at least a week in advance of the day on which they are planning to be given."

Professor Leads Group Discussion on Bill

The first meeting of the Veterans' Club was held Wednesday evening, February 21, in Room 219. At this time Professor Hall explained Public Act 210 under which many veterans have received benefits. Several veterans have had difficulty obtaining more than two years credit under this bill, when they are taking three

Student Government Leads Red Cross Drive

Red Cross memberships among U. V. M. students will be recruited this year under supervision of Student Government. This was decided when student representatives and Professor Bullard, head of the U. V. M. drive, met Monday March 12.

Although definite plans have not yet been drawn up, opinion leans toward a booth in Waterman operated by Student Government members. Any one may take out memberships here at any time during the three or four days of intensive campaigning, rather than through a personal contact campaign such as W S S F.

Committees were appointed and details planned at the Student Government meeting Wednesday.

Eight Women, Two Men Elected To Executive Committee -- Take Office Today

"Ariel" Beauties

Who are going to be the 1945 beauty queens of U. V. M. That is one question that can't be answered until the *Ariel* is published.

The *Ariel* this year is allowing four pages for the traditional junior beauty queens. Eight girls were chosen for their outstanding attractiveness by the students. The first three "beauties" will be allotted a page each, and the remaining five will all be on one page.

Council Decree of Spring Vacation

The question of spring vacation has been finally answered by the University Council, wihch voted that it will be held as scheduled unless the Office of Defense Transportation makes its cancellation compulsory. Recess will start Tuesday, March 27, at 11.50 a.m. following the close of morning classes, and will end with the resumption of classes Wednesday, April 4. Chapel will be omitted Tuesday, March 27.

Classes must be attended on the days preceding and following the vacation unless students are excused by the appropriate dean. Absence from any of these classes will result in probation or some other action decided by the Dean or University Council.

No excuses will be granted to enable students to catch trains or busses leaving before the official start of vacation on Tuesday, March 27.

Dishonesty Topic Of Bull Session

Brought into the foreground by the current talk concerning dishonesty on this campus, the topic at the coming Student-Faculty Discussion will be, "Could An Honor System Work at U. V. M."? The session will be held Thursday evening at 7:30, in the Student Lounge, with Professors Wainwright and Metcalf representing the faculty.

Duck Frazer and Sally Merwin, '47, are in charge of arrangements. Refreshments will be served.

Heath K. Riggs, Director of Admissions, announced today that the average of student grades for the three academic colleges is 78.17. Forty-one students in the Arts and Sciences College and two Elementary Education students received averages of over 90 and 19 percent of the freshman students were on Dean's List. This figure, according to Mr. Riggs was the highest in many years, possibly in the history of the University.

Total of 285 Points Cast by Student Body

Ten posts of the Executive Committee of Student Government were filled by four juniors, four sophomores and two freshmen respectively as a result of student elections held on Monday, March 12. Those elected to serve were: Class of 1946—Virginia Campbell, Marguerite "Peg" Donnelly, J. Laurel Hansen, Douglas Parisseau; Class of 1947—Lenore Eichel, Peter Mallett, Rita McGarry, Lois Stevens; Class of 1948—Rosemary Bristol, Carol Peterson.

A rather disappointing vote of but 285 ballots were cast, it was announced by Mortar Board which compiled the results of the balloting. This figure compares unfavorably with the more than 600 undergraduates who are eligible to vote.

New blood, tempered by some who will be serving their second terms on the committee, promises the U. V. M. students an active, democratic leadership during the coming year.

Virginia Campbell, a member of Delta Delta Delta sorority, is very active in campus affairs. She is a member of the Student Union Council, Tennis Manager of the W. A. A., Feature Editor of the Cynic, a member of the Spanish Club and a leader in Faculty-Student Bull Sessions.

Peg Donnelly, Kappa Alpha Theta, has already served on the Student Government Executive Committee. Beside this she has gained experience in executive affairs through service on the Student Union Judiciary Council and the Re-evaluation Committee. In addition Peg is Managing Editor of the Cynic, a member of the Spanish Club, and prominent in W. A. A. activities.

Another Delta Delta Delta, Laurel Hansen shows membership with the Y. W. C. A. and formerly the Sophomore Aides. Laurel in discussing her future plans in connection with her new office, said she would strive to make the U. V. M. students take a more active interest in their government and make certain that fair elections were assured in the future.

MEETING COMBATS AGE OLD PREJUDICE

On Wednesday evening, March 7, an open discussion on the problems of Anti-Semitism was held in the Student Lounge under the joint auspices of the Newman Club, the Hillel foundation, and the Vermont Christian Association. With Professor Hall as moderator, three guest speakers representing three points of view led the discussion. They were Rabbi Zacharia Gellman, director of Hillel, Professor John Metcalf, head of the Psychology Department and the Reverend Bernard Flanagan, Chancellor of the Catholic diocese.

Perpetual Problem

Professor Hall began by telling the purpose of the meeting to find some practical way of doing something about the problem right here. He then introduced Rabbi Gellman who said that the subject was an unpleasant one for two reasons. First of all, the accusations and slander directed toward the Jews today are history shows, the same as they have always been, and might almost make one despair. Secondly, he stated, if the Jews had been a cult who had contributed nothing to society one might understand prejudice; but the Jews who preserved for the world the monotheistic doctrine carried the Ten Commandments and presented Jesus to the world are still persecuted. "Jews generally do not

Sugar On Snow and Sticky Fingers Share Honors March 17

Sticky fingers and astonished faces will abound on Saturday, March 17, when the Aggie Club puts on its annual sugar party at the gym. Dale Conley is chairman of the entertainment committee, and Keith Wallace of Waterbury will act as toastmaster.

Wendell Earle, the General Manager of the whole affair, invited Governor and Mrs. Proctor to attend the festivities, and has been informed that unless unforeseen business comes up, they will be here. There will be a few remarks by the Governor himself and President Millis and also by Dean Hills, the retired Aggie Dean, and Dean Carrigan, the present Dean. Max Abrems' band will provide the music.

Naturally, the refreshments will consist of sugar on snow, pickles, doughnuts, and coffee. The Program begins at 7:00 p.m. and after the entertainment there will be dancing until 12:00 p.m. The admission price is 60 cents for students, and 75 for the general public.

Ruth Seabury, Y.W.C.A. Sec., Speaks at Chapel

"We can't go on living the life of Riley while other people suffer." Miss Ruth Seabury, Educational Secretary of the American Foreign Missions, brought this point out in her short but powerful talk in Chapel on Tuesday morning. A large group of students came to hear this celebrated speaker.

Miss Seabury talked of conversing with a soldier returning home with a hook instead of his hand. He was worried about the attitude the mother and young wife but especially he was wondering how we as individuals and as nations have learned anything of all our suffering. A Hebrew wrote in the Bible "Jesus in the days of his flesh learned by suffering how to obey." In many universities, chapels in Europe there are these words "Be still and Know that I am God."

Toptics

Ben Burstein — Pete Mallet

For the first time in the history of our country, a piece of legislation was passed which insures all people an equal chance for jobs. Recently, in Albany N. Y., the State Assembly passed the Ives Quinn "Anti-Bias" bill. This bill creates a permanent five-man state commission to fight racial and religious discrimination in employment in New York State. This state commission will hit discrimination for reasons of race, color, creed, or ancestry by educational programs, conciliation, and persuasion. It also empowers the commission to take cases of non-conformance to court where convicted offenders can be punished by maximum penalties of a year in jail, a $500 fine, or both. This action followed the longest debate in the New York legislature in at least ten years.

Politics Left Out

In the passage of this bill, politics were swept aside to make way for good legislation. The bill, proposed by Republican majority leader Irving M. Ives, was met with an immediate cry of approval from the Democratic representatives with additional support from Republican and Laborite representatives. It was this joining together of all parties that thwarted the rising opposition of a certain bloc.

This bloc of upstate Republicans, acting against their own leader and led by one member, Representative Stuart, attacked the issue as "Communist favored" and "certain to stir up rather than curtail race prejudice." To this group of ultra-conservatives, the word "Communist" is so revolting that anything that the Communists do must necessarily be bad in their minds. May we suggest that the Communists eat food; does this mean that our upstate reactionaries will stop eating?

Italians Barred

The city of Rochester, N. Y., can be used as an excellent example to show the necessity for this bill. There are 40,000 Italians in this city who represent a minority group. These people have been refused jobs in Rochester and have been forced to travel elsewhere to get them. Because a person was an Italian, he was barred from employment. This sounds like Hitlerism, which we, supposedly, are fighting. And finally, when someone realizes the injustice of the situation and tries to do something about it, this good progress is hindered by a reactionary group.

It is interesting to note, in this case, that the city involved is Rochester, a city which bears the reputation of a socially advanced community. Rochester is often quoted as an example for other cities to follow. However, if the "exemplary socially reformed" city has this racial bias, there is every reason to suppose that the other, less advanced cities have situations which are almost unbearable from the anti-discriminationist's point of view.

Equality Is Goal

The enactment of this bill in New York presents this platform to the rest of the country. In their search for a more nearly perfect democracy, New Yorkers are throwing aside the racial prejudices which have rusted the steel framework of good labor policies. The eight leading industrial states are watching closely to see the results of this law. Thus another step is being made toward the Jeffersonian principle that "all men are created equal."

Although we highly favor the passage of the Ives-Quinn bill, we look forward to the day when the people will take it upon themselves to support the principal of "liberty, equality, and fraternity," thus eliminating the necessity of more legislative battles. By eliminating discrimination from the youth of America, democracy will surge swiftly ahead. Education must strive for this goal.

Some electric clocks are designed to turn on the radio should you forget your favorite program.

Paper used for telephone condensers is sometimes only 3/10,000 of an inch thick, thinner than cigarette paper.

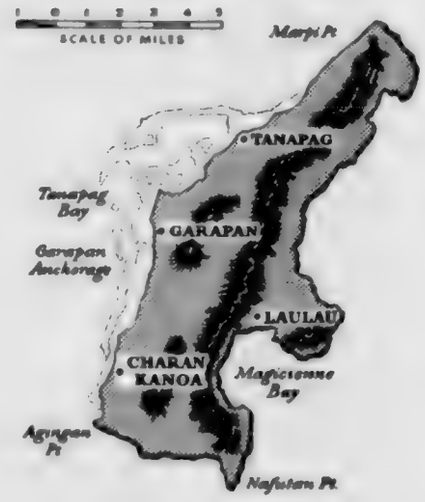
Effect of Veto Power Remains Big Problem at Yalta Meeting

By Arnold H. Colodny

One of the major questions on the agenda of the Big Three at the recent conference at Yalta was the voting procedure for the Supreme Council of the world security organization proposed at Dumbarton Oaks. The Supreme Council, consisting of France and China in addition to Great Britain, Russia and the U. S., would have the power to maintain the peace by sanctions, economic and otherwise, and by punitive action. The point in question was raised by Russia. The Soviets wanted any decision made by the Big Five to require unanimous consent. This was tatamount to giving any of the big nations a veto power over any decision unfavorable to itself. Some suggested that a simple majority be sufficient while others thought that it would be a good idea to require a nation to refrain from voting on any issue in which it was directly involved. At Yalta this touchy point was resolved by a formula proposed by President Roosevelt. This formula was not made public and will not be revealed until the conference of the United Nations in San Francisco April 25, when a charter for the world security organization will be drafted.

Big Five Decide

According to reports, however, the formula devised represents a compromise. All decisions designed to curb aggression except those calling for the use of force would be implemented by a simple majority. Those decisions requiring punitive action would be valid only when agreed to unanimously by the Big [illegible]



At first glance this may seem [illegible] ceding quite a bit to the [illegible] perhaps this is for the best. [illegible] think, we should ask ourselves what purpose of any world organization may be. We will all agree that states, in general terms, the purpose [illegible] any future wars. Now then, if we should delegate to the Supreme Council the power to take punitive action against any of the Big Three over its protest, would we be defeating our stated purpose? For if Russia, Great Britain, or the United States should resist a decision of the Supreme Council it would take a combination of the remaining powers even to attempt to put the decision into effect. Thus this would mean once again plunging the world into a bloody conflict.

Senate May Reject

Thus the question of voting procedure becomes a purely academic one. If we do not require unanimous agreement for any punitive action we are consequently giving to the Supreme Council the power to start another holocaust. And on the other hand this is as far from the intended purpose of any world security organization as anything possibly could be. If we do require unanimity for the use of military force, this in itself is not a guarantee of continuing peace. For if we should reach that point at which we would have used force against one of the

This tiny dot in the Pacific...

has more communications equipment than a city of 190,000 people!

The little island of Saipan today has communications facilities greater than those of Hartford, Connecticut.

Without this vast array of telephone, teletype and radio apparatus—much of it made by Western Electric—Saipan could not play its key part as an army, navy and air base in the great drive our fighting forces are making toward Tokyo.

When you realize that Saipan is only *one small island*—and that many more bases must be taken and similarly developed—you get some idea of the job still ahead.

Today the manpower and manufacturing facilities of Western Electric are devoted to meeting our fighters' increased needs. That's why there is not enough telephone equipment for all civilian requirements.

Buy all the War Bonds you can—and keep them!

Western Electric

Rev. Pope, Author, Editor, to Speak at Vespers on March 18

Associate Professor Expert in Sociology

Rev. Pope

The Rev. Liston Pope, will address the [illegible] in the Chapel Sunday, March [illegible] at 4:00 p.m. Reverend Pope as [illegible] of the *Social Action Magazine*, [illegible] of the book, "Millhands and [illegible]chers," published in 1942 will have a message of interest to U. V. M. He is a member of the American Sociological [illegible] of the Department of the Church and Social Service in the Federal Coun[illegible] Churches, and of the Commission on the Church and Minority Peoples.

As associate professor of Social Ethics, Yale Divinity School, Rev. Liston Pope, [illegible] is a lively speaker. A native of North Carolina he studied at Duke and Yale and has taken up residence at New Haven Conn. Since his ordination in [illegible] he has served as Associate Pastor at High Point, N. C., and as Pastor of the Humphrey Street Congregational Church in New Haven. He is a member of the National Council on Religion in Higher Education and Chairman of the National Religion and Labor Foundation.

With such a rich background in those fields of sociology and practical religion which so vitally concern this campus, Reverend Pope should be an ideal speaker.

Rehabilitation System Started at Dartmouth

HANOVER, N. H. (I.P.)—A program for the rehabilitation of disabled war veterans through manual industry and handicrafts will be inaugurated in the student workshop at Dartmouth College this month. The project is being sponsored by the American Craftsmen's Educational Council. Prof. Virgil Poling, workshop director, will set up the first training unit here and with a small group of selected veterans will work out a practical training course to be put into effect in the other New England states. Operation of the program in New England is expected to serve as a pattern for other training centers to be established throughout the country.

Greenhouse Orchids On Exhibition Here

The orchids at the greenhouse, which visitors are very welcome to see, are the gift of Dr. O. W. Eastman, one of our well-known physicians here in Burlington. A few years ago when the pressure of his work became too great, Doctor Eastman gave up his hobby of raising orchids and from his private greenhouse gave the University 24 beautiful plants of three different types. One of the types has a very unusual color for a flower, which, by the way, is very expensive. The color is green and brown. Although the orchids are usually used for exhibition, they are also used in class work to demonstrate the likeness between the orchid and the lady slipper.

Another feature of the tropical room of the greenhouse is the Spanish Moss which grows abundantly in Florida. The University's moss was given by Dr. H. B. Ellenberger, head of the Dairy Department. Doctor Ellenberger and his wife brought it back from a trip to Florida about three years ago.

Mary Fletcher Offers Food Course

Two times each year a forty five hour course in Foods and Nutrition is offered to undergraduate nurses of the Mary Fletcher Hospital by the University Home Economics Department. The course is conducted in Morrill Hall by Miss Rachael Bowman of the Department. At present approximately thirty girls are enrolled. The purpose of this course is to give student nurses instruction and training in the preparation of attractive and nutritional meals for hospital patients. This course is of major importance to future nurses in that it provides a study of the different hospital diets. Cadet Nurses and students of the U. V. M. Department of Nursing may take advantage of the course also.

Campus Finds Woe In Alpha Cholera

During the past two weeks a notable change has taken place on the U. V. M. campus. The activities of a group of illustrious students have caught the attention of authorities. Upon investigation it was found that the insidious influence of a national fraternity had crept into the peace of frat good fellowship—the organization mentioned is Alpha Cholera, a name spoken of in whispers in college circles.

The group of students who brought about this profound change are all disciples of that revolutionary author, Max Schulman. Glancing through the pages of his latest great novel, the treatise on modern philosophic thought, "Barefoot Boy With Cheek," they came across the name of the ancient frat, which embodied all the qualities of political ambition. Nero was an Alpha Cholera, and it was he who fiddled their anthem while Rome squirmed.

The Alpha Cholerans soon enlisted the traditionary tactics of their society on this campus and two weeks ago started rushing people at the point of a gun. They petitioned to Mayor Burns to place a trap door on the sidewalk outside their house. They collected dues from everyone on the hill and promptly put the money in the Waterman gum machine. The members do not work but merely sit in the soda fountain smiling simply and appreciatively at each other.

The members of Alpha Cholera, furthermore, are multi-lingual, having conquered all the necessary words in every tongue. Cultural meetings are held each week at which time everyone sits around on their haciendas discussing pesos and the latest caballos. They write the minutes of their meetings down in hieroglyphics and use quaint, endearing terms in describing each other, such as Yetta Samovar, Lodestone and Noblesse Oblige. Noblesse usually doesn't oblige though, and at the last meeting it was decided to exterminate her. She was excommunicated to the Waterman cafeteria where she makes salmon patties on the assembly line.

The latest and greatest achievement of Alpha Cholera is the two hour working day, inaugurated for the benefit of students whose only desire is to spend their waking hours in the pursuit of happiness—namely, food. Their motto is solidarity forever and if the avoirdupois isn't present then its au revoir to the member.

Initiation rites will be held this spring as usual in the bowling alleys, where it will be decided by brute force who is going to run for election next year. After the decision is made, the candidate will be taught to read and write, in case of emergency. This fraternity is only open to women as only they understand simply.

RUTH SEABURY

(Concluded from page 1)

In closing, Miss Seabury, stated that if we learn nothing else from this horror which surrounds us, we must learn to live as brothers, and to obey God in that way.

At a mass meeting held on Tuesday March 13, in the Ira Allen Chapel Miss Seabury spoke to the students on the topic of Personal Faith.

Discussion of the pros and cons of the point system will be brought up at the Joint Conference meeting on Friday, March 16, at 5:00 p.m. Those interested are urged to come. The meeting place will be posted on the bulletin board.

Sororities Pledge Sixteen March 6

Tri Delta Leads With Six; Sigma Gamma Four

A short period of second semester rushing was culminated on Tuesday, March 6, 1945 when 16 girls pledged sorority. Signing up was held on the third floor of Waterman.

DELTA DELTA DELTA

Mary J. Cook '46, Burlington; Marjorie Hale '46, Newbury; Barbara Hutchins '48, Union, Me.; Priscilla Joslyn '47, Waitsfield; Natalie Salls '47, East Hartford, Conn.; Cynthia Wriston '48, Highgate Springs.

KAPPA ALPHA THETA

Alice M. Annand '48, New York, N. Y.

ALPHA XI DELTA

Yolanda Lapardo '48, North Adams, Mass.; Audrey Gutterson '48, Ryegate.

SIGMA GAMMA

Meryl Hayward '48, Marshfield; Florence Larrabee '48, Hartland; Mary J. Kenerson '47, West Danville; Angeline Scutakes '48, Burlington.

PI BETA PHI

Elizabeth Kelly '46, Kentshill, Me.; Betty Mansfield '46, Verona, N. J.; Katherine Griswold '46, Bennington.

Student Govt.

(Concluded from page 1)

Doug. Parizeau, one of two men elected to the Committee, is President of the Sigma Alpha Epsilon fraternity. He is a 1st Sergeant in the R.O.T.C. and captain of the rifle team, as well as a participant in intermural athletics. Doug intends to strive for a liberal Student Government.

Lenore Eichel of Delta Phi Epsilon, is secretary of the Sophomore Aides and an active member of the Religious Life Committee at U. V. M. She lists sports among her numerous campus activities.

Pete Mallett, who entered U. V. M. after a sojourn in the U. S. Army, has rapidly reached the top in campus affairs. Last winter he was a member of Vermont's very successful ski team and is now a feature writer on the Cynic.

Rita McGarry of Pi Beta Phi will be serving her second year on the Executive Committee. Among her other activities she lists the Y. W. C. A., Student Union, Program Chairman of the Newman Club, and News Editor of the Cynic. Rita will strive to obtain a more democratic Student Government at U. V. M.

Lois Stevens, Delta Delta Delta member, is currently serving in the Y. W. C. A. cabinet. Lois will attempt to represent all the students in her role as a "voice of U. V. M."

Rosemary Bristol intends to do her best to promote harmony in undergraduate-faculty relations.

Carol Peterson of Delta Delta Delta is on the W. A. A. Council-at-large, and is well-known for her portrait drawings. Carol promises to "serve to the best of my ability."

VETO POWER

(Continued from page 2)

Three if a simple majority were all that was required, we would be in pretty bad state of affairs.

Another point to be considered in favor of requiring unanimous consent is this. It would make the treaty, which is to be presented to the senate as soon as the charter is drawn up at San Francisco, more acceptable to certain senators who would balk at any agreement pertaining to the use of American armed forces which did not give the United States the final say. And this is what the veto power amounts to.

Money is Might—Make Yours Fight!

Directors Appointed For 1946 Kake Walk

Student Gov't. Names Parizeau and Hamilton

Douglas Parizeau and Gene Hamilton were elected 1946 Kake Walk directors at the last meeting of this year's Executive Council, Monday evening. A special meeting was held to appoint these two men both of whom worked on the '45 Kake Walk. Parizeau is a sophomore and a member of Sigma Alpha Epsilon. Gene, who was photographed for *Parade* on a tour of Kake Walk, was instrumental in the direction of skits for the show.

The special meeting was held in Room 260, Waterman, presided over by Wendell Battle, President. The motion was made, seconded, and carried that the executive committee elect one or more additional directors for Kake Walk, due to information received about last week's slate. With this change, the record stood as it was approved last week, and Gene Hamilton was named to the director's committee along with Parizeau. The Executive Committee retired from office at this time. The meeting of the new committee is scheduled for this afternoon.

Rev. Ritchie Low to Speak at Hillel Friday

Reverend Ritchie Low, Vermont religious leader and author of the *Just Between Ourselves* column in the *Burlington Daily News*, will be guest speaker at Hillel Services this Friday evening at 7:15. Reverend Low is perhaps best known as the minister who sponsored the placement of ninety negro children in Vermont homes last summer. His talk at the Hillel House will be on *Doing Something About What We Believe*. Everyone is invited to this meeting.

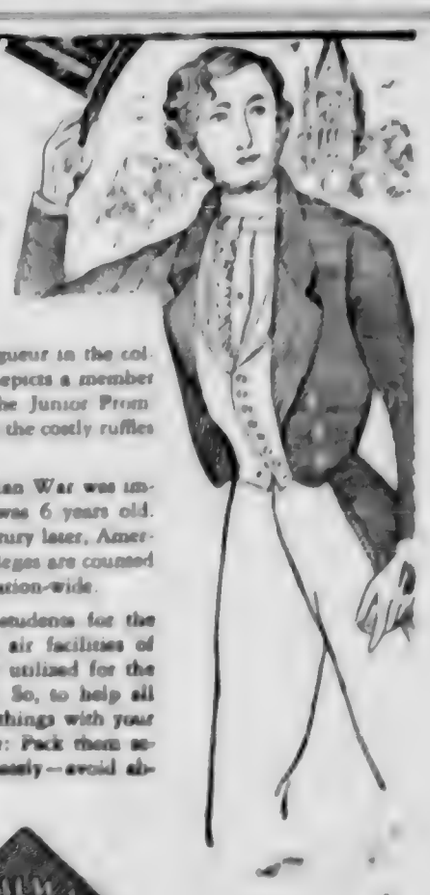
LITTLE CHAPEL

Funds for the construction of the "Little Chapel" have been brought in through personal solicitation and through student and faculty committees of U. V. M. Enough was raised for the present structure, but additional funds are needed for the construction of pews. Campus organizations can still make contributions to the project, which needs altar cloths, communion sets, and other furnishings.

DEBATE CLUB PLANS

The director of debating, Merrill D. Powers, has announced big plans for the U. V. M. Debating team this coming year. Bates and Vassar colleges have been contacted and their debating teams will be putting in their appearance on our campus in the near future. These coming debates will be held in the Student Lounge on the third floor of the Waterman Building. In as much as this is the only intercollegiate affair on this campus, these debates should arouse spirited interest from the student body. Further details will be posted as soon as more definite information has been received.

Professor Butterfield To Address Sigma Xi



U. V. M.'s men of science congregated Friday at another of the monthly meetings of the Vermont Sigma Xi Club. There was a dinner for members at 6:30 in the faculty dining room. At 8:00 p.m. Professor Butterfield addressed the group on History of University Land in Burlington. He spoke in the Faculty Lounge. The University public was invited to attend the lecture.

Sigma Xi is a national honorary scientific society which was founded at Cornell University in 1886. Vermont's club was founded in 1936. Its present officers are Dr. James Marvin, president and Dr. R. M. Holmes, secretary.

Aid In English Service Offered at R. I. State

KINGSTON, R. I. (I.P.)—To insure effective carry-over of English instruction to other departments, the English faculty of Rhode Island State College is conducting an "Aid in English" service designed specifically to help two classes of students: those who seek assistance on their own initiative in organizing and presenting papers and talks and those who are sent by their instructors because they are not using English of an acceptable standard. A library of reference works and texts has been set up in the English Department for this counseling service.

A MEMBER of THE CLASS OF 1845

Spruceness and spanness were de rigueur in the colleges of the 1840s. This portrait depicts a member of the Class of 1845 attired for the Junior Prom. Observe the height of his stock and the costly ruffles on his shirt.

In that same year, 1845, the Mexican War was imminent. Railway Express service was 6 years old. The colleges were few. Now, a century later, America is fighting a global war, the colleges are crammed by thousands, and our service is nation-wide.

Today, the colleges are training students for the armed services; and the rail and air facilities of Railway Express are being largely utilized for the speeding of war-goods shipments. So, to help all concerned, please do three simple things with your 1945 home packages and baggage: Pack them securely—address clearly and adequately—avoid abbreviating state names.

RAILWAY EXPRESS AGENCY

NATION-WIDE RAIL-AIR SERVICE

Filene's Supervisor to Interview Senior Girls

[illegible] interested in opportunities [illegible] Miss [illegible] Filene's training supervisor of the Filene store in Boston, will interview girls with an interest in this type of work March 22. Miss Ely, a native of Boston, Vermont, graduated from the Boston University College of Liberal Arts and was formerly with the Boston Herald-Traveler.

Appointments to speak with Miss Ely when she visits the campus may be made with Miss Bagley.

The Waterman House will not open this semester. Next semester will be the earliest possible date for the use of the fraternity by the students.

Mr. Lee Bernhard from the Guaranty Trust Co. of New York will be at the University Friday, April 6, to interview women interested in banking positions, clerical, stenographic, secretarial and accounting. For further information see Miss Bagley. Appointments for interviews with Mr. Bernhard should be made early.

There will be a Student Convocation Thursday, March 15, at 10:00 a.m., in the Ira Allen Chapel. Attendance is required of all students in the three academic colleges.

Prof. Bennett Douglass will speak on "Frontiers of Knowledge in Philosophy of Education."

B. Swift, *Secretary*.

There will be a meeting of the new Student Government Executive Committee on Wednesday, March 14, at 4:30 p.m. in Room 258.

War Relief Sends Aid to Russians

[illegible] the horror of the German [illegible] Russia, we send [illegible] to the Russians the [illegible] of [illegible] supplies. The Committee is [illegible] with a [illegible] campaign [illegible] Thanksgiving [illegible] of simple supplies, especially [illegible] and [illegible] [illegible] and without [illegible] supplies of [illegible] and food. The Russian War Relief here in the United States in conjunction with the allied powers of Great Britain and Canada has been doing an excellent job in sending large amounts of supplies to the Soviet Union.

Prof. Lois W. Lyon and Miss Nelle Adams are Co-chairmen of the Vermont Division of this relief society. Theirs is the task of collecting contributions from all over the state and sending the cartons of clothing to the area headquarters in Boston.

Almost any type of clothing is sent. The only restriction is that it be clean and in good repair. Knitted articles are included and last year many students at the university added to the stores by knitting gloves, helmets, socks, and rifle mits. Family kits are made up to be sent to the most needy. These kits are no larger than an ordinary overseas mailing box but packed tightly into it are sugar, soup mix, evaporated milk, hard candy, a sewing kit, pipe tobacco, American cigarettes, hand towels, soap, gloves and other things which are fairly common here but a luxury in Russia.

Much is sent which is not contributed directly by the people but is bought by the authorities of the Society. Flying ambulances as well as field hospitals are equipped. Seeds are supplied for the farmers who have the task of cultivating the "scorched earth."

Both civilians and soldiers benefit from this aid. The supplies are distributed by both Russian and American authorities in the Soviet Union. Included among much of the material is this tribute: "To the heroic people of the Soviet Union from the people of the United States."

Sophomore Aides Plan Sale of Stamps, Bonds

The sophomore Army War Bond Drive will start Monday, March 19 and will continue for three weeks. A model will be placed on the front floor in Waterman where someone will be in constant attendance to sell War Bonds and stamps. No definite quota has been set. Mary Broome-hall, Lenore Locke, and Lucinda Donald are [illegible] have charge of maintaining the booth and selling the stamps.

Age Old Problem Of Woman's Place

The latest meeting of U. V. M.'s Classical Club presented the arguments of Xenophon on the topic of "Woman's Position in Ancient Greece" as opposed to those of Plato. The talk was given by Professor Dykhuizen of the philosophy department, and was held on the third floor of Waterman.

The timeliness of the subject was emphasized by the fact that the Classical Club is composed of all girl members, and in addition these ideas of the ancients are the same ones so hotly contested in this modern age.

Xenophon in his work *Economy* wrote against the attempt of womankind to falsify their natural appearance, for example, by the wearing of high heels and lip coloring. The woman's career was marriage, in which her first duty was to please her husband. Secondly, she should remain at home and raise her children.

Plato championed the feelings of most women today, writing that women should be allowed to go as far in any career as they proved themselves capable of going. To take care of children of career women, Plato suggested that a public nursery be established; the children could be placed there until adoption.

At the close of Professor Dykhuizen's talk refreshments were served.

Do You Know . . .

Ruth Jordan

"Do You Know" hardly seems appropriate for the young lady who is to be the subject of our column this week, for she is known to everyone from the greenest freshman to the most sophisticated senior. The list of acquaintances also includes most of the faculty which is in itself an achievement. She is Ruthie Jordan, class of '45.

Ruthie, by her own reports, has led a very unexciting life. She was born in Burlington, raised in Burlington and as for the future nobody knows. When asked that age old question usually asked of second semester seniors, "What are you planning to do," she looked bewildered and replied in a little voice "I don't know." She is in the Secondary Education curriculum and majoring in English with minors in Psychology and History.

At present Ruth is doing her practice teaching in Burlington so she spends most of her spare time laboriously correcting test papers. She prefers to be on the giving end of this education business.

This girl is a rare creature—she doesn't like steaks! She much prefers lobster. As if this isn't fishy enough she loves clam bakes and fresh trout that she's caught herself.

Ruthie is one of those Soda Fountain Bridge addicts although after every game she religiously vows "This is absolutely my last hand!" She likes to skate and ride horseback but even with a Vermont background she can't ski. But then, from a quick glance at the list of those wounded in action at Stowe, who can wonder?

Miss Jordan's activity list is practically book length but to give the [illegible] idea of what she has been doing at U. V. M. for four long [illegible] sample. She was a Sophomore [illegible] member of Staff and Senate and Mortar Board. She is [illegible] W. C. A., last year's editor [illegible] *Ariel* and a member of the [illegible] Players. She is a member of [illegible] Alpha Theta and incidentally moved to the Theta House so that she could get a taste of dorm life. After almost two semesters she still forgets to [illegible] then don't we all.

Her most thrilling experience was her election as Queen of Kake Walk at [illegible]. It was recently announced that Ruthie has been elected to Phi Beta Kappa having maintained an average of 92% for two and one half years.

This seems to be a good ending to the beginning of the life of another U. V. M. gal who we know is going places.

Bluestocking Meets Installs 3 New Members

The literary lights on campus held the traditional Bluestocking initiation ceremony at Roberts House on March 11. The new initiates and proud wearers of the tiny bluestocking pins are Joan Levin '47, Florence Larrabee '48, and Sally Parker '48. War poetry written by a U. S. army corporal was read by Vesta Stevens. The members discussed the revival of "Winnowings from the Mill" which was a publication of original stories and poems by U. V. M. students.

Bluestockings

Perception

Heedless of the moment,
Poised between one second and another,
I see the ray of an everlasting truth
That comes on the wings
Of a being that I can feel
But cannot touch
I reach out with my hands
For the quivering ray
To put it into reality,
But there is nothing there.

Vocation

I guess I never was
I guess I never will be
I guess I never want to be
What they say I could be!

B. N. P.

Television can be a potential aid to law enforcement officials after the war. The criminal's photo may be flashed on sets in millions of homes simultaneously, and so cut down his chance to escape.

Hand Chooses Labor Measure For Discussion

The problem of full employment as a post-war measure will be discussed and analyzed by Professor George Hand of the Economics at the meeting of the faculty Research Club on March 20. The problem, according to Professor Hand, is of vital importance today. The masses are demanding it of the government. In the recent election both presidential candidates promised it to the laborers of the country. Even big business is starting to cooperate with labor in planning some means whereby such full employment can be had which will be profitable to both business and labor interests. Professor Hand will take up the matter from the economic standpoint.

MICE HAVE TESTS

Continued experiments in blood test of mice have been resumed by Dr. Paul A. Moody, Associate Professor of Zoology at the University of Vermont. These experiments have been carried for a number of years by Professor Moody in order to prove certain theories which he has developed by observations in the laboratory.

String Quartette Has Busman's Holiday, Likes Modern Music

The Cardinal String Quartet gave a real musical treat to the U. V. M. student body last Friday, when they presented a program of the music of Haydn, Borodin, and Hanson. The acclaim with which their performance was received, especially the ovation rendered to the selections of Shostakovich and Howard Hanson, gives ample evidence to the artistry of the group.

The quartet, regardless of the impression formed upon people by the appearance of four unemotional men in formal attire, does not fall into the category of "long hair" musicians. As a group they are appreciative of the type of modern music most ably presented by Duke Ellington. At the reception given for the quartet at Prof. Howard G. Bennett's home after the performance Walter Hagen, second violinist, expressed his regard for the "Duke" over a grape juice and ginger ale, midst the conversation of his colleagues on the music and varied topics of 1. Tchaikovsky 2. Modern art and modern music 3. Jazz. Knox Mallorie was expounding the use of tuning in hearing practices, describing the frenzied music played to cure people bitten by tarantulas. Maine, skeet shooting and Schubert's Quintet in C was brought up as [illegible] spends his holidays the Busman's way: listening to music.

Jacques Gordon, first violinist, is a tall cigar smoking gentleman, and was found to be in a deep conversation with Professor Corbett on the intricacies of modern youth in art and music. When asked about the merits of various conductors including Toscanini he replied, "we don't mention Gods name [illegible] in the presence of others." He agreed with Gabor Rejto, "cello on the merits of jazz although he confessed he didn't play it. "You can't swing on a cello no way would want to," stated Rejto.

The quartet has been constantly on tour, for the last year; at present they are appearing throughout the east and in Washington. It was very fortunate that the Cultural Committee of Student Government under the direction of Dave Haskett and Ruth Schoppe, was able to provide this program by the very talented and likable Messrs. Gordon, Hagen, Maino, Rejto.

4-H Club Announces Roger Baker Head

A group of enthusiastic 4-H'ers met in the Student Lounge, Friday evening, March 2 to try to bring together in one unit the 4-H'ers on the U. V. M. Campus. Jeanne Ayres, chairman of the meeting, presented Miss Pauline Rowe, assistant state 4-H leader, who gave a few ideas on what form the club should take. Discussion followed on what type of club to have, how often to hold meetings, etc. Jeanne then introduced Miss Anderson of the Home Economics Department, who told the group about her experiences in a college 4-H club in Utah.

Officers were elected with Roger Baker as president, Jeanne Ayres, vice-president, Dorothy Day, secretary and treasurer, publicity chairman. Al Metcalf, song leader, Betty Whitney, constitution committee, Marie Farrow and Arton Wallace, and program committee, David Willoughby, chairman with Mary Hard[illegible] and Edward Hassell working with him. Miss Anderson was chosen sponsor of the club with Dean Carrigan as the rule of social etiquette.

Other county agents in extension work, Robert Davidson, state 4-H leader, and Elwin Ingalls, former state 4-H leader were also present and spoke a few words.

Songs, games, and refreshments filled up the rest of the evening, even to "Rog" Baker's eating an entire cake to get rid of that extra cake.

Another meeting is scheduled for Friday, March 16, at 8:00 p.m., which is the night before Dean Hall's sugar party.

Staff and Sandal will hold a Music Hour this Friday at 4:30 p.m., Third Floor Lounge. Works of Rachmoninoff will be included.

MAGAZINE APPOINTS STUDENT TO BOARD

Barbara Morgan '46 from Bennington has qualified as a new member on Mademoiselle's College Board. During the year she will inform Mademoiselle on campus interests. Barbara (with her flair for fashions and writing ability) will now be competing with Mademoiselle's College Board members from colleges all over the country, for a Guest Editorship on the August 1945 College issue.

Delta Kappa Gamma Establishes Chapter

On Saturday, March 10, the Burlington members of Delta Kappa Gamma, Honorary Educational Society for women, held a meeting, to which all state members were invited. The purpose of this meeting was to organize a local chapter of the Society in Burlington to be known as the Alpha Chapter of Vermont.

Miss Ethel Eddy called an Executive Committee meeting for the same day, following which the new chapter was installed. This is the first local chapter to be formed in Vermont, and it is expected that within the next year similar chapters will be organized in Rutland, Bellows Falls and Barre. All of the meetings this week-end took place on the third floor of Waterman, concluding with a luncheon served by Miss Underwood and her staff.

The purpose of the Society is twofold, the first being to study educational trends, especially the legislation affecting education; the second to exert active influence in support of the State Department of Education and the legislation which it sponsors.

Membership is limited to women who have given outstanding service to education, either in their local community or on the national or state level. The State Organization of this fraternity was founded in Vermont on May 13, 1939 in Castleton, under the direction of Doctor Carolyn Woodruff. Its members now number fifty. Several of these women are already state members, those from Burlington being: Misses Florence Fisher, Dorothy Hunt, Marjorie Luce, Helen Ransen and Shirley Thomas.

Posture Program

...r the purpose of correcting defec... posture and improvement of carriage, ... Freshman Physical Education classes ... now working on a program of exer... The posture of each student was ...alyzed and specific exercises prescribed. These exercises are taken directly from the Women's Army Corps manual, and Miss Cummings reports, "I believe the students are enjoying their exercises and a definite improvement in posture is evident."

Beginning March 12 the class will have a program in modern dance. This, it is hoped, will strengthen muscles and further the posture program.

The Sophomore Physical Education classes have completed five lessons in posture and good carriage, and are about to enter on the second unit of sports. They are electing a program to train them in obtaining a good working knowledge and skill in a variety of sports.

Y.W.C.A. MEMBERS WORK AT LUND HOME

...WCA has added another to its list of ...mmunity Projects. Under the leader... of Mary Harmon '48, chairman of the Community Projects Commission, ... twenty-five girls have signed up ... work at the Elizabeth Lund Home ... afternoon a week doing whatever is ...ed.

...ir duties range from helping to feed ... take care of the babies in the nurs... to doing the shopping and various ... of the patients. They are also ... recreational and handicraft work ... the patients and helping in the ... division by carrying trays, giv... back rubs under supervision, and ... general assistance.

...e group is helping with the sewing ...ding. They not only mend sheets, ... assist in like tasks but also ... babies' clothes.

...the great variety of work in... to this project, there is still ... more volunteers. Anyone de... to do any phase of this work should ... see Mary Harmon.

There is still time to join W. A. A. sports clubs for this semester. Cadet nurses will be most welcome.

COMPETITION KEEN IN DORM, SORORITY BASKETBALL TILTS

The Mixed Six hoopsters downed the basketeers of Sanders Hall with a decisive margin, but after a fast and hard fought game, last Tuesday night. The scoring remained nearly equal during the first half, but the Mixed Six surged ahead in the third quarter, and held the pace through the last quarter. High scorers for the game were Dustin of the Mixed Six and Kipp of the Sanders' team.

This was the first in a series of games between the dorms on campus. It is planned that two games will be played every Tuesday night, until the winning team has been determined.

New hours for badminton club have been set for Friday at 3:30 and 7:30. It is rumored that the club will be graced with the presence of several of the more ambitious faculty members. Last Friday night Prof. Carpenter proved that the twists of his wrist haven't suffered from neglecting the badminton racquet for three years.

Book Store Displays Novelty Knick-Knacks

Collectors of knick-knacks will undoubtedly appreciate the wide assortment of dolls on display now at the University Store. The figures range from boys and girls of foreign countries to amusing animals.

Among the most interesting articles are the hand-painted reproductions of the famous Hummel figurines. Foreign children are represented in various aspects of their daily life in their native costumes.

The luminous dolls also merit attention. Appearing to be simply attractive white figures in the daylight, they give off a phosphorescent glow when placed in a darkened room.

Colorful miniatures of Pennsylvania Dutch Furniture, a current vogue in the collector's field, are on display at the University Store at present. Expert craftsmen of Lancaster, Pennsylvania, have painstakingly fashioned the reproductions from authentic collector's pieces. Gaily decorated in multi-colors on a black background, the miniatures are representative of the quaint charm of the Amish country.

Among the many pieces to be seen are rockers, settees, doughtrays, bundling beds, corner cupboards and various other types of household furnishings.

Hospital Work

The hospital work which is being done by the University girls at the Mary Fletcher Hospital under the direction of the Y. W. C. A. has been commended by Mabel F. Huntly, the director of the School of Nursing at the hospital. In a letter to Mary Jean Dunsmore, head of the commission which sponsors this work, Miss Huntly said:

"It seems to me that the project has been remarkably successful in its first month. You are to be congratulated for the responsiveness of your group, and we are most grateful for the contribution."

W. A. A. Notes

Marion Dustin

To pierce the shroud of mystery through which many U. V. M. students are obliged to regard the activities of the Women's Athletic Association, its council members have asked that a "who's who" and "what's what" be published listing offices and the various organizations.

The purpose of the W. A. A. is to promote a high health standard among the women of the University, to encourage interest and proficiency in sports, and to cooperate with the work of the Department of Physical Education.

Membership in W. A. A. is acquired by three-fourths attendance at clubs by honorary varsity certificates by being manager, or by being connected with the council in any way. Membership is active upon payment of dues, which are ten cents for upperclassmen, and a quarter for freshmen.

Executive Council

The nomination of the officers for W. A. A. is made by the seniors of the active Executive Council. Election is held in March by vote of active W. A. A. members. Following are the Executive Council offices: President, Vice-President, Recording Secretary, Corresponding Secretary, Treasurer, Health Council Chairman, Council-at-Large Chairman, Social Chairman, Publicity Chairman, Scrapbook Editor, Senior Representative, Junior Representative, Sophomore Representative, and Freshman Representative.

The W. A. A. Council-at-Large is composed of one representative from each dormitory, sorority house, and private house, and one representative from the town at large. It is the duty of each member to post a calender of events in her dormitory, and to arouse interest in sports activities. Its members are appointed by Miss Cummings, faculty advisor, and the new and retiring chairman of the council.

All Sports Club

The highest honor bestowed upon a W. A. A. member is membership in the All Sports Club. The purpose of this club is to maintain high ideals of sportsmanship and to create an active interest in sports among the University girls, to act as a consulting council to the Physical Education Department and W. A. A., and to uphold the national standards and policies of physical education for college women.

Members for the next year are determined by the retiring members on the basis of sportsmanship, leadership, and all around interest. Members of this club sport green blazers edged with gold, and a small "V" emblem. All Sports Club of the year 1944-1945 has four members: Betty Ritchie, Barbara Burnham, Joyce Byington and Alice Rowe.

Health Council

Health Council is an organization for promoting the health of University women, by a program carried on throughout the year, and by building and maintaining a Health Council Loan Fund for the use of the students. The council is composed of one representative from each women's dormitory, one from private houses where five or more students reside, and two representatives from students living in town.

By Walt Stern

Members of the enterprising baseball team-to-be have gone into preliminary batting practice in the Cage. So far the situation seems promising. Of course it is hard to tell what will develop with a nucleus of completely new members starting from scratch. Provided we are able to get a game schedule and permission to travel and other details the administration has given the gym department full sanction of the program.

••••••

Here is another thought for the gym department.—Out-door handball courts. How profitable they will be at the *moment* we can't tell and besides that we haven't boned up on the financial set-up, nor do we know whether building materials are available. Nevertheless the idea is a good one to keep in mind!!!

••••••

There is something amiss with the bowling tournament. Is it because the participants have too many other extra-curricular activities or just because they don't feel like getting together??? If they can't keep up with the set-up we feel that they themselves should cut down on those activities that incapacitate them, even if it is the participating in the bowling tournament as a team.

•••••••

Well, with the cooperation of Al we are getting a ping pong tournament underway.—The plans consist of separate tournaments for the fellows and gals with a final play-off between the respective champs. All we need is 32 participants; the lists are posted in the bowling alleys—so let's get going!

U. V. M. Derby Foreseen In W A A "Night at the Races"

Do you have any horse sense? Spend "A Night At The Races" with W. A. A. on Friday 8:00-10:00 p.m. when the publicized horse masquerade will take place. Competitive events between the close-running green and gold teams will be run-off.

Horse Race

The main event of the evening will be a horse race. The party will be divided into groups for this run-off and each group is asked to dress up one or two members of the group as a horse with the material given to them. Then there will be a parade in front of the judges and the six best looking horses will have a race. There will also be other racing events such as the 100-yard dash.

Physical Wreck

An old fashioned gym class, conducted by physical wreck instructor, Shirley Harris, and all her acrobats, consisting of Marilyn Brower, Jean Spaulding, Bunny Lieberman, and Mary Pease, will give a flash-back to the days when "women were women."

A man clad in a checkered vest and bow tie will do the barking for the racing events. There will be refreshments sold throughout the evening.

ART EXHIBIT

Announcing a Northern Vermont Artists' exhibit at the museum, Professor Perkins states that Mr. Colburn's students are submitting paintings. A large exhibit is planned to last a month. The exhibit will be open to the public Saturday, March 10. Previews will be held Friday for artists and members of the art association.

U.V.M. "Annie Oakleys" Sign Up for Rifle Now

Sergeant Parker is admitting ten new pupils in each of the new rifle classes which meet at 3:30 p.m. and 4:30 on Mondays and Fridays. Seniors, Juniors or Sophomores are preferred. New classes begin Monday, March 12. If you have not already signed up you may report at the rifle range in the men's gym on Friday, March 16.

A special Recreation Leadership Class is being conducted under the leadership of Miss Euler. About 15 girls are studying the best methods of running recreation programs for camps and community centers. The class meets on Friday from 1:30 p.m. to 3:30.

Preparations for Lilac Day program are well under way. A large group of girls are working under the direction of Miss Hoffman and are arranging an entertaining and attractive festival interpreting special music.

Sugaring Off Date Set for March 17

(*Concluded from page 1*)

This annual function was started eight years ago, for the celebration of the fiftieth anniversary of Dean Hills' arrival in Vermont. He retired from the position of dean in 1941. The proceeds will go, as usual, to the Dean Hills Fund for worthy students in which at present there is over $2,000.

A really big night is planned, and it is hoped that everybody will come and eat his fill of this typically Vermont treat.

ESPAGNOL "FIESTA"

Surely you've heard of a "Fiesta". The Spanish Club is [illegible] on Wednesday, March 14 in the Student Lounge at 7:30. It is to be one of those interesting affairs which everyone in the world is going to attend. The "world" in the form of our teachers Marie and Charlotte, Peg Donnelly and Gene Cassidy" comprise the committee and [illegible] will be in charge there. Delicious refreshments will be served.

Anti-Semitism

(Concluded from page 1)

despair, thought or carry a grudge the Father went on. "They are huge." He showed how whenever there is war, plague or depression in the world and a scapegoat must be found the Jew is instantly blamed. When there is religious bigotry shown to one group however, sooner or later all religions suffer, as is the case in Germany today.

Tolerance Needed

To present the psychologist's viewpoint on Anti-Semitism, Professor Metcalf was then introduced. "Psychologically," he said, "Anti-Semitism like other fanaticisms, is a product of ignorance and fear." He went on to show how people are afraid of other people different from themselves, and thus Gentiles should become acquainted with Jews, and Jews with Gentiles, so that each may understand the other better. He, too, pointed out that persecution of the Jews leads to percesution of others, by using the example of the financial crash following the Franco-Prussian War. Following the attack on the Jews for the responsibility, an Anti-Christian philosophy also developed.

Open Discussion

Father Flanagan then took the floor. He stated that many otherwise good Christians peck at the Jews. "They are giving depth to the wells of bitterness that would otherwise dry up. It is like water dripping slowly—shutting out kindness, charity and brotherly love." He showed, by quotations from St. Paul and Pope Pius XI, how Anti-Semitism is contradictory to everything that Christians must hold, and that Christianity itself is a flowering of Judaism.

The meeting was then thrown open to a spirited discussion from the floor. When the speakers were asked for concrete ideas for combating Anti-Semitism on the campus, Father Flanagan suggested that first of all, each person take an individual responsibility on the situation, and protest at any signs of prejudice. Rabbi Gellman thought that more assemblies of this type would be practical, and that any rumors or discrimination on the campus should be brought to the proper source and thrashed out. Professor Metcalf suggested that, in combating the problem each group set out as its own missionary. Intermarriage, fraternities and various other points were then discussed at some length.

Election Schedule

The schedule for the club elections has been tentatively made up as follows:

The week of March 19, Y. W. C. A. elections.

The week of April 9, W. A. A. elections.

The week of April 23, the elections of the departmental clubs.

Any slates drawn up by the present officers of the departmental clubs should be turned in to the Dean's office for approval during the week of the sixteenth of April.

Student Govt. Notes

March 7, 1945

The meeting of the Student Government Executive Committee was held in Room 258 Waterman on March 7, 1945, with Pres. Wendell Earle presiding. The minutes of the last meeting were read and approved.

Committee reports were given from the Social, Religious and Cultural Committees. The Social Committee reported that a letter had been received from Miss Simpson regarding "Dead Week," bringing up the question of its application to the Quarter System. Due to a lack of knowledge about the new system, the motion was made, seconded and carried that "The question of Dead Week be postponed until the next meeting." The Religious Life Committee reported that the new Chapel has been dedicated. The Cultural Committee report concerned the coming of the Gordon String Quartet for the concert to be held the ninth of March, in the Chapel.

Under new business was the appointment of Kake Walk Directors for next year. The directors of this year submitted suggestions—two names, and a recommendation. Their suggestions were Douglas Parizeau and Melvin McLeod, and that these directors appoint a third one in the fall, subject to the approval of Student Government Executive Committee. This policy was suggested since it would enable the directors to suggest a returned student. The directors of this year also suggested that there be three men directors next year, since this enables them to work more closely together. The directors were asked if there were any scholastic requirements which a director should meet.

The motion was made, seconded and passed that "Student Government Executive Committee approved the directors for next year's Kake Walk with the above stipulation."

Upon motion, the meeting was adjourned.

March 12, 1945

A special meeting of the Student Government Executive Committee was held in Room 260 Waterman on March 12, 1945, with Pres. Wendell Earle, Presiding.

Under Old Business, the appointment of Kake Walk Directors was considered.

A question regarding the academic standing of one of the directors was raised.

After some discussion, the motion was made, seconded and carried that "In view of the information brought to our attention, the approval by the Executive Committee of Melvin McLeod as Kake Walk director, be rescinded."

Following this move, the motion was made and carried that "The Executive Committee elect one or more additional directors for Kake Walk." The following names were suggested before it was moved that the nominations cease: Nancy McNamara and Gene Hamilton. Gene Hamilton was elected as the second director. The motion was made and withdrawn that the Committee vote on Nancy McNamara as the third director.

The motion was made and carried that the record stand as it was approved last week, with the exception of the name of the second director.

Respectfully submitted,

RUTH SCHOPPE,
Secretary Pro-Tem

Theta Presents Sat. Night Juke Box Dance

Advertisements appeared [illegible] the form of song titles [illegible] that was held in the Student [illegible] Saturday night. Kappa [illegible] sented the dance as their [illegible] the school calendar. A juke [illegible] the music and cake and [illegible] refreshments.

Colored lights and streamers [illegible] the lounge, although the [illegible] to be limited because they [illegible] proof.

Bob Maroney '48 exchanging his basketball suit for the [illegible]

Debate Teams Argue Political Separation

"Should Germany be divided into separate political entities after the war." This question was the subject of a non-decision debate between St. Michael's College and the University of Vermont in the Waterman Tuesday, February 27. Representing St. Michael's were Raymond Syriac '48 and Paul Gopaul '48 who took the affirmative; they were opposed by David Hackett '47 and Max Lowenfels '48.

Syriac and Gopaul based their argument on the theory that international government is to be a reality in the near future. On this premise they pustined political dismemberment of "the monster" which is Germany. At the same time, they condemned any treaty which relies on vengeance.

The home debaters shared the hope for an international governing body but held that such an organization will not be realized in our life-time. They asserted that narrow nationalism remains a strong factor in the present society of nations. As the negative team, they attempted to show that complete and continuous disarmament would eliminate the need for any boundary changes in Germany.

U.V.M. Among 50 Centers of Aid to Returned Veterans

Guidance In Education Work Guaranteed Under G. I. Bill of Rights

[illegible] University of Vermont has been [illegible] the location of a new Veterans' [illegible] Guidance Center. The [illegible], opened Monday March 19 [illegible] Waterman Building, will facilitate [illegible] of veteran applicants from [illegible] area. The veterans who [illegible] for Vocational Rehabilita[illegible] Public Law No. 16 of the [illegible] may receive aid regardless [illegible] they are to be placed in train[illegible] Guidance will also be given at the [illegible] for applicants for Education [illegible] under the G. I. Bill of Rights [illegible] work will be under the direct su[illegible] of L. C. Chapman, Manager of [illegible] Veterans Administration Facility, [illegible] River Junction, through Charles [illegible], Chief of the Vocational Re[illegible]tion and Education Division at the [illegible] River Junction Facility.

[illegible]vice at the Center will not be [illegible] to applicants planning to enter the [illegible]ty of Vermont, but will include [illegible]ants who can be better accomo[illegible] at Burlington in matters of coun[illegible] and placement in training than [illegible] to River Junction.

[illegible] vocational advisor is to be Earle [illegible], a former Bell Aircraft worker [illegible]nton. T. O. Davis will be the [illegible]ficer and Miss Virginia Dewar [illegible] the Secretary. The personnel of [illegible]versity will perform the necessary [illegible] service in connection with advise[illegible]rocedure. The University will also [illegible] necessary meals and lodging for [illegible]al rehabilitation applicants dur[illegible] period of conference.

[illegible]rmation and assistance in preparing [illegible]s for Education or Training, or [illegible] Rehabilitation may be obtained [illegible]ng in person at White River [illegible] that office is more conve[illegible]ated.

Easter Concert to Be Held March 25

Varied Program Planned By Orchestra and Choir

[illegible] University Choir, Howard Ben[illegible]r and Miriam Nattlee Mars[illegible] and the University Orche[illegible] Hippocrates Pappoutsakis con[illegible] present its annual Lenten [illegible]cert, Sunday, March 25, at [illegible] the Ira Allen Chapel. The [illegible] will include works by Bach, [illegible]rgesi, Mozart, Mendelssohn, [illegible]astasky and Rachmaninoff.

[illegible]s will be Shirley Lampman [illegible] Farrell, soprano and [illegible]rrell, alto. A number of [illegible] from the faculty and from [illegible] local vicinity will augment the [illegible]. Selections by Mozart will be [illegible] the Lenten and Easter [illegible] program by Mrs. Harry [illegible], violin, Esther Cook, second [illegible], Marcus clarinet, Mr. [illegible], viola and Prof. Howard [illegible], cello.

[illegible]mbers will be Mendelssohn's [illegible] sung by Miss Lampman [illegible]'Lat My Redeemer Liveth' by [illegible] by Miss Farrell, and [illegible]'O Lamb of God, by Miss Brainerd.

[illegible] troops even in the subzero [illegible] of the Northwest, can be [illegible] heating cable.

Cast of Spring Play

O. Schoells, B. Lieberman, C. Richardson, D. Hackett, A. Nichols, H. Cohen

Y.W.C.A. Members To Elect Officers

Voting for the Executive Board of the Y. W. C. A. cabinet for 1945-46 will take place Friday, March 23, from 9:00 A.M. to 4:00 P.M. in the front corridor of the Waterman Building. All Y. W. C. A. members are expected to vote. The following is the slate of nominations.

President

Nancy Hall '46
Barbara Powers '46

Secretary

Louise Karracker '47
Louise Shutler '46

Vice-President

Phyllis Edgerton '46
Laurel Hanson '46
Lois Stevens '47

Treasurer

Nancy Church '48
Lynn Derrick '48
Joan Parkhurst '48

Douglass Speaks On American Education

Dr. Bennett C. Douglass professor of education, spoke at Convocation March 15 on Frontiers of Education. He pointed out that the American Way of Life depends for its ideals and its strength on democratic education. To improve the quantity and quality of this education, these frontiers must be explored and developed.

JOINT CONFERENCE STARTS NEW SYSTEM

Results of the voting on the point system were discussed Friday, March 16 at the Joint Conference meeting. The majority of those who voted were in favor of the point system but with certain revisions. Suggestions included a change in the maximum number of points allowed to each student, and a change in point value of several offices. The possibility of permitting societies to decide how many points each of their offices should carry was also discussed. A committee was organized to revise the present point system which will be discussed at the mass meeting Wednesday night.

Other business at the meeting included the approval of the appointment of Nancy Church to the position of assistant scholarship chairman. A new working rule pertaining to closing in the dormitories all [illegible] was passed.

HARD-WORKING CAST PROMISE GOOD SHOW

The Dramatic Club cast for "Stage Door" is composed of many old and new players. Bunny Lieberman president of the Dramatic Club, plays the lead as Terry Randall. Bunny has attended two dramatic schools, and played in the one-act plays given during the winter. Aileen Nichols, who will appear as Kaye Hamilton, gained much valuable experience playing with summer stock companies. Leona Felix, as Olga Brandt received her training while taking a course in dramatics at Cornell. The entire cast is as follows:

Olga Brandt—Leona Felix '48
Mattie—Marion Lamson '48
Mary Harper (Big Mary)—Maude Schoelles '46
Mary McCune (Little Mary)—Anne Lee Edson '46
Bernice Vanmeter—Pearl Woodward '46
Madeleine Vanclem—Beverly Grier '48
Judith Canfield—Olga Schoelles '46
Ann Braddock—Joyce Colby '48
Kaye Hamilton—Aileen Nichols '48
Linda Shaw—Millicent Mandel '47
Jean Maitland—Gwen Richardson '48
Bobby Merrose—Barbara Powers '46
Louise Marshall—Rose Sullivan '48
Susan Paige—Lynn Derrick '48
Pat Devine—Suzanne Lasser '47
Kendall Adams—Harriet Bristol '46
Terry Randall—Bernice Lieberman '47
Lenny Gillette—Betty Anne Scott '48
Ellen Forsyth—Barbara McGeever '47
Mrs. Orcutt—Harriet Cohen '48
Mrs. Shaw—Elsie Bruce '46
Frank—Allan Atwater '47
Spo-Hoong—Lenny Moses '48
Fred Purcell—Donald Mason '46
Lou Mellenson—George Emmo '48
David Langsley—David Hackett '47
Bertie Bassett—Anthony Anable '48
Dr. Randall—Everett Gibson '47
Cathy Westcott—Frank Shirtliff '48
Billy—Edward Fraser '48
Soapie Gretzie—Robert Rosenberg, Jr. '46.

W.S.S.F. FAILS TO REACH ITS QUOTA

The latest report on the W. S. S. F. canvass gives U. V. M. a sum of $1,827.16. Although there is good in comparison with national results, an additional two hundred dollars would complete our 1945 quota of $2,000. The national drive has asked for one-half million dollars, however one-fourth million is expected. Due to the fact Memorial Hall took at the perspective that U. V. M. gave to its Cabot canvas. Although the drive was officially closed March 1, W. S. S. F. subscribers are asked to submit their pledges as soon as possible.

Dramatic Club Presents "Stage Door" Saturday

College Talent Will Be Featured In Production

[illegible] the annual spring production the Dramatic Club is presenting "Stage Door" by Edna Ferber and George S. Kaufman. "Stage Door" portraying Manhattan boarding house life, will be presented [illegible] Saturday, March 24 at 8:00 p.m. Every Ferber play receives [illegible] after years of preparation and the "Stage Door" [illegible] Mr. Hargrove, the ladies [illegible] Mad Wife, Come to Dinner and Years Ago Last to Well Years.

Directing the production is Mr. Harry Crocker. Mr. Crocker directed the Memorial Comedy plays in Burlington and in Cambridge, was instructor in Dramatics and a summer stock company leader. Under Mr. Crocker's direction Betty Whitney is a member of the University Players, and has been a member of the Dramatic Club for four years. Betty Whitney '48 is stage director and Elizabeth Towle '47 is business manager.

The scene of action in "Stage Door" is the Footlights Club, a theatrical boarding house for women. The story is about their lives and the struggles they must go through. Unrequited love against the story and having a definite influence upon the lives of the actresses is the conflict between Broadway and Hollywood.

The play is to be given in Memorial Auditorium on Saturday, March 24 at 8:00 p.m. Both reserved seat and general admission tickets are on sale in the University Book Store. General admission tickets are also being sold in the dormitories.

Dean Hills' Party Has Traditional "Sugar on Snow"

The Vermont tradition was carried out another year as approximately 350 people gathered in the gym for hot maple syrup on snow, sour pickles, doughnuts, coffee and fun.

At seven-thirty waitresses brought in pans of white snow, followed by others who poured pure Vermont maple syrup. The syrup hardened on the snow, and then the fun really started. Several different types of sugar eating could be seen by the astute observer. The principal approaches were The Spaghetti, The Lollipop, and the Oink Oink. The spaghetti or twisted fan sugar around his fork and placed the resulting formation into his mouth. The Lollipopper twisted his fork very vigorously and suddenly discovered that the taffy on the end was larger than mouth-size. The obvious solution to the problem was to lower the candy on the fork and suck on it. The Oink-Oink eater on finding that his candy was too big for his mouth, merely managed to get it in anyhow. However, whatever method was employed the sugar tasted fine and tasted good.

Dean Hills "Retires"

Next on the program came speeches from the head table. Wendell Davis, President of the Aggie Club and Marian Meiks, '45, President of the Home Economics Club, first spoke for a few moments in behalf of their organizations. The Master of Ceremonies, Keith Wedger of Waterbury then took over the floor and after entertaining with some stories introduced Dean Joseph Hills as whoever named the "Sugar Party" a fraid. Dean Hill spoke of his retired status presenting Webster's definition of the word "duty" out of circulation of late, and decided that the world did not at all apply to himself.

After Dean Hills returned to his seat amid much applause, Assistant Dean Sawyer of the Agricultural College spoke. Dean Gregory, President Morse, Dean Wells, another member of the faculty, were not able to attend the Sugar Party, having to a Land Grant College Meeting in Boston. Governor and Mrs. Proctor who were supposed to appear at the function were also unable to come.

Grand March

After a session of group singing led by Ila Nason '46, and accompanied by Anita Smith, the tables were cleared away for the dance. Dean Hills and Marian Meiks led the Grand March from one side of the gym and Dean Sampson with Lois Gross '48, from the other. When the two groups met in the middle of the floor he bent at the hand the formation broke up into couples and dancing to Mac Atwood Orchestra began. Irene Lahey and Bill Cook sang between dances.

At 1:30 the dancers started for home, carrying cups of maple sugar as souvenirs of the evening.

Swift Clarifies Quarter System

Three Quarters Will Make Academic Year

The new quarter system which goes into effect on July 2 threatens to become the controversy of the year at U. V. M. An unofficial poll of student opinion seems to indicate actual opposition or indifference to the proposed plan. In an effort to further clear the misunderstanding which has arisen, Dean Elijah Swift carefully explained the new system for the Cynic.

Said Dean Swift: "The quarter system was inaugurated for the following reasons:

1. The University calendar was too crowded under the established three 16 week semesters; there was not time for a sufficient interval between semesters; in fact, the summer vacation was not long enough to include a summer session.

2. The quarter system will permit a similar period of at least six weeks between examinations and the opening of the following quarter.

3. Students interested in the army will be able to enter the University more often during the year.

4. The living offerings are more flexible with smaller units.

As to the effect on the students, Dean Swift said: "A total of 12 quarters instead of 8 semesters will be necessary for graduation. A quarter hour will be the equivalent of two-thirds of a semester hour, thus a total of 180 quarter hours instead of the present 120 semester hours will be necessary for graduation.

Students can not earn as many points credit during the summer quarter as was possible during the 10 summer semesters since the quarter is approximately two-thirds as long. A junior who has completed three quarters instead of two semesters [illegible]

It is clear that to complete four years of twelve quarters of work or three

Students to Take Make-Ups in April

All examinations will be held in Room [illegible] Waterman building.

Monday P.M. 3:00-5:00 April 2: French 4, History 14, History and Law May 28.

Tuesday A.M. 10:00-12:00 April 3: Botany 2, Chemistry 1, Econ 1, French 3, Psychology 1, Zoology 2.

Tuesday P.M. 2:00-5:00 April 3: Chemistry 2, Chemistry 22, Econ 9, Engineering 3, English 2, French and [illegible] Latin 2, Physics 1, Sociology 1, Spanish 2, Zoology 1, Botany 3, Economics 3, English 3, History 3, Mathematics 3, Physics 3, Psychology 3, Zoology 3, Economics 2, Chemistry 3.

There will be an important meeting of veterans Thursday evening at 7:00 o'clock in the Waterman building for organization of the club.

TRACKING DOWN TROUBLE

This laboratory, ready to move anywhere on short notice, runs down "crimes" against good telephone service. Finding these threats is one of the many jobs of the Bell Telephone Laboratories' scientists.

The "criminals" are such things as threads of lint, traces of acids, or sulphur compounds in the air—any of which might damage telephone equipment.

In their interesting war work Bell Laboratories' scientists have been on a new kind of hunt. They have tracked down different materials for those now hard to get, found others that would serve in special conditions, and have detected in captured equipment the kinds of material the enemy uses.

These are some examples among many of the ways Bell System research is helping to serve America at war.

BELL TELEPHONE SYSTEM

"Service to the Nation in Peace and War"

U. V. M. Men In Service

Jan Fickenscher

[illegible] the many honors won by [illegible] M. boys who are serving overseas [illegible] and distinction. Some of these are starring, others just raising

Malcolm Mickler

[illegible] ough there's the story of Pfc. [illegible] Mickler '45 Phi Sigma Delta [illegible] and service in New Guinea and [illegible] Netherlands East Indies with the [illegible] Liberators" an A-20 attack bomber [illegible] the Fifth Air Force. Perhaps it [illegible] grant of "Praise the Lord and [illegible] ammunition" that made him [illegible] the Fifth Air Force shoulder [illegible] a day to become a gunner's [illegible] when the ship on which he was [illegible] to a new base was attacked by [illegible] planes. He volunteered to aid [illegible] crew, armed guard, after two of [illegible] had been wounded by shrapnel [illegible] the prolonged bombing and strafing [illegible] attacks he carried ammunition [illegible] the deck to the gun tubs, where [illegible] gunners were relentlessly pumping [illegible] the attacking planes. He was [illegible] to see Jap planes go down in [illegible] and plunge into the sea and felt [illegible] satisfaction of having helped in their [illegible] tion.

For these brave acts, the Air Force [illegible] quarters announced that the men [illegible] cited in a letter of commendation [illegible] sued to the commanding General of [illegible] ce at the Philippine Islands.

Two Men Cited

Two lieutenants who attended U. V. M. [illegible] awarded Air Medals recently. [illegible] Lieut. Frances Bognar '45, pilot [illegible] B-24 Liberator in the 15th Air [illegible] in Italy has participated in aerial [illegible] s over air fields and railroad yards [illegible] in Southern Italy and Austria. He has been in bombing flights on enemy installations such as submarine pens, docks and German airfields, communications at Friedrichshafen and Munich. As a member of a Royal Canadian Air Force group which has been cited by the War Department for "outstanding performance of duty in combat," Lieut. Bognar has seen the Distinguished Flying Badge.

First Lieut. William Foster, known as "Polly Foster" at U. V. M. left college in his junior year to fly as navigator of a B-17 Liberator bomber and was decorated at Cheltenham with the Air Medal and presidential citation. Since then he has been reported missing over Austria.

Sgt. Mayforth

Word of Sgt. Harold Mayforth '43 was wounded in action in Germany on March 1 he wrote to his parents about the circumstances of receiving his wounds.

"I was leading a ten-man reconnaissance patrol on Germany investigating some high ground when small arms fire pinned us down near the crest of a hill. In the process of that maneuver known as 'getting the hell out of there' I lingered long enough (in order to return fire) so that I accumulated a few nicks from enemy machine gun fire. Contrious with my prevailing good fortune I was gouged only in right thigh and forearm. No broken bones, no nerves severed, no need to worry."

S/Sgt. Mayforth is with the fourth armored division in the Third Army under General Patton. On January 16 he was awarded the bronze star medal for "meritorious service in military operations against the enemy."

Sport Stuff . . .

Robert Morris

[illegible] Larry Gardner's rookie call for pitchers other than batters [illegible] was answered by some 15 hopefuls [illegible] the U. V. M. cage on Wednesday, March 14. This figure is expected to be boosted by Monday and certain rookie candidates who were forced to miss practice for various reasons.

The remainder of the week and future practice nights after the spring vacation will probably consist mainly of batting practice around the cage and otherwise trying to get the arms, legs and wind in the same in the best possible condition. Batting and fielding practice will begin when the nets can be installed in the proper places in the cage or when the ground is sufficiently dry to permit outdoor drill. The latter scheme is much more preferable for much depends on continued mild March weather.

Certain of the pitchers are fairly well advanced in their conditioning at this date. George Hunter, who looms as the ace of Coach Gardner's pitching staff is gradually building up speed through daily workouts with Dave Weatherby, who may be seen behind the plate by Vermont baseball fans this season.

Among those reporting for duty during the first week of practice were: Roger Baker, David Weatherby, Howard Stem, Ted Battles, Bob Morris, and R. P. Mascola.

U.V.M. Debaters To Take on Bates

Peter Mallett and Stanley Golden of the Debating Club went to Lewiston Monday, March 19 to debate with two Bates students. A return debate will take place here March 28.

The annual Spring trip of the Debating Club, so great an event in past years, will be limited to New York schools this year because of war time conditions. Four University students will debate with representatives of State Teachers College at Albany on March 28, with Vassar in Poughkeepsie on March 29, and with N. Y. U. and Columbia on March 30.

The Club met on March 20 to discuss plans for the future and to draw up a bill to be presented at the Model Congress to be held at Rhode Island State on April 13.

Prize speaking with Middlebury is being renewed this year and will take place sometime near the end of April.

Nursing Education Club Elects New Officers

On Friday afternoon, March 16 at 1.30 there was a meeting in Room 48, Waterman, of the Nursing Education Club. The new officers for the coming year are:

President, Evelyn Olsen
Vice-president, Barbara Kilbourne
Secretary Treasurer, Ann Davis
Program Chairman, Rollande Cloutre
Reporter, Barbara Tennien

The business meeting was presided over by Ruby Sanderson, the retiring president.

Later Miss Crabbe, Miss Lang, and Miss Brown entered the meeting. Plans for the summer session for the nursing students on campus were discussed. The courses and teachers were outlined to the students.

A sample of the school uniform was modeled by Barby Kilbourne. It is hoped to have all the members of the U. V. M. School of Nursing in their own uniform by the beginning of the summer session. The meeting was purely for the purpose of giving the students a chance to ask questions about their department. It had decided that the members of the freshman class should be invited to the next meeting, which is to be held the second Wednesday in April.

Independent, Fraternity, Sorority Teams Bowling

Owls Lead Bowling Tournament With Thirty Points; Women's Independents Rate Second

On the sixth the Pi Phis split their match with the Men's Independents and the Alpha Chis took two points in their encounter with the SAE's. The latter succeeded in getting two points for high singles.

March the eighth found the Women's Independents opposing the Delta Theta Gamma's; however, the DTG's forfeited the game since none of their members showed up. The Sigma Delts encountered the Owls and succeeded in securing three points by a total pinfall by a narrow margin of about five pins.

The Owls took the entire score in their match against the Delta Theta Gammas on the thirteenth whereas the Alpha Chis split their score with the Men's Independents.

On the seventh SAE presented the Phi Sigs by a total of 40 pins, thus taking the total score of six points for the match. The Women's Independents again received a gift of six points by a forfeit of the Pi Phi team.

Thus far the standings of the teams are:

Team	Points
Owls	30
Women's Indep.	26
Men's Indep.	24
Alpha Chi	17
Phi Sig	15
SAE	14
Delta Theta Gamma	12
Pi Phi	6

Make-shift Nags With Bagged Heads Make Riotous Party

Physical Wreck Class Features Strenuous Exercises For Finger

W. A. A. sponsored [illegible] party [illegible] events by what were [illegible] The main event of the evening was the [illegible] race. Groups of four people were given materials from which to create a [illegible] horse. Blankets covered the two people making up the horse, a paper bag comprised the head with slits for eyes and pencilled horse laughs. Tails and manes were constructed from shredded and braided newspaper and pinned in proper anatomical position. One horse even sported bonnet ban for a mane—was that you Bunny? The completed equine masterpieces then exhibited their skills in pacing, cantering, trotting, galloping, changing pace as the music changed, before Judges Carpenter, Cummings and Bayley. For the first time in horse history, no competitor swung into a combination conga and rhumba with perhaps a touch of samba.

Physical Wreck Instructor

Also preceding much merriment was Stanley Harris, physical wreck instructor of an old fashioned gym class. The class and same began mastering the exercises for the index finger. To illustrate the manifold benefits of a physical education program, Instructor Harris called on one of her pupils to portray the way the walkout when he came to U. V. M. and then what two years of physical education had done for her. The first was an example of perfect posture and carriage, while the second was a halting, stoop-shouldered stagger.

Sport Events

Events in which green and gold teams competed were dart throwing, [illegible] duck hopping on one foot with a gunk of water, hopping along on a piece of newspaper and shoe throwing, with paper plates for shoes. The two teams also competed in a singing session, the object of which was to sing louder and faster than the opponents.

The party ended in a free for all game which the participants called basketball, but many comments from the sidelines indicated its confusion with a game commonly termed football.

4-H Club Acquires Name

[illegible] 4-H Club by a [illegible] vote has been chosen as the name of the college 4-H club formed here on campus.

Other business [illegible] at the meeting on March 6 included plans for sponsoring Music Festival Held at the Waterman Land Army [illegible] is to speak here March 27 and clean for the Barby 4-H party [illegible] District 6-A Dairy [illegible] April 14.

All meetings will be informal get-together affairs and [illegible] may be discussed. Events of past 4-H work can be studied over and ideas gained which may be applied here on the home front [illegible] where they can be used to the best advantage. The club will also form a tie between the home and the University for future Vermont students who are 4-H [illegible]. The club will try to help them meet and become acquainted with the traditions and stability of the students and organizations on the campus.

Council Reclassifies Accelerated Students

The following students have been reclassified because of accelerated courses:

From 1946 to 1945—Marjorie Alexander, Barbara S. Anderson, Jean H. Lanphear, Grace L. Perry, Barbara H. [illegible]

From 1947 to 1946—Nevia E. Campi, Gertrude F. Cheney, Richard F. Champlin, Ellen L. Chidsey, Virginia H. Dickinson, Katherine Griswold, David P. Prescott, Marjorie A. Hale, Natalie Harris, Lorraine H. Kaplan, Frances J. Lawrence, Jane F. McNeill, Olive M. Morris, Douglas G. Parizeau, Mary-Louise Pierce, Robert K. Prescott, Robert M. Rosenheim, Jr., Abraham W. Rosenman, Marjorie A. Rumph, Dorothy K. Whaley.

From 1948 to 1947—Philip Adler, Lawrence B. Ahrens, Richard R. Audette, Thomas P. Briggs, Paul W. Carey, Joyce [illegible]by, Arthur F. Gillman, Jerald F. [illegible]berg, Dorothy M. Hollander, George [illegible]ones, Alan J. Kraft, John C. Lantman, Albert B. Lowenfels, Audrey J. [illegible]s, Peter S. Mallett, Richard A. [illegible], James W. Parker, II, Marion C. [illegible], Elizabeth J. Pierson, Robert C. [illegible], Betty-Anne Scott, Barbara E. [illegible]er, Stanley S. Sorkin, David [illegible], Rose K. Sullivan, Mildred Trenholm, Robert F. Ward, John S. Winston.

Honor System?

(Continued from page 2)

tion of honor which has the effect of making all the boys honorable.

Professor Wainwright believes that without the enforcing measures of reporting and trying cases, an honor system would be ideal but not practical, as it could not function perfectly with all people under temptation. He feels that the present system of proctoring at U. V. M. is very unsatisfactory because of the policed atmosphere, it puts a premium on unfair play, on the students' outwitting the professors if possible. This system makes for suspicion among professors and students which grows until it forms a distinct cleavage of antagonism between the two groups.

At present Williams' honor system is not functioning, because the navy has V-12 units there, and it was suggested that perhaps it would not be applicable at U. V. M., because the students are such a heterogeneous group, whereas pre-war Williams was not.

It was the consensus of opinion of the faculty and students at this discussion that an honor system should be attempted here but only if a majority of cooperative student support can be gained. Publicity is necessary to get the idea across to the U. V. M. students, and the suggestion was presented that the pros and cons of the system could be brought before the student body through student government, fraternities, sororities, and other organizations on the campus.

Happy Vacation!

All's Right With The World

Student Confusion Fosters Spirits With Pint System

. . . rhyming has come to "The Hill" . . . the "pint" system and the "quart"-er . . . will have much effect on the average gal-lon campus. Much excitement has been raised through the reintroduction of this pint system . . . and the quart-system has been quite effective in raising everyone's spirits no end.

Effects on Student Confusion have already become evident. The black robed [illegible] (who are in NO way related to the similarly robed M. B.'s). But gee, this is beginning to sound like a ghost story, so let's cut it short! (P.S. — the story, not the robes, they're short enough.)

While climbing the grapevine this afternoon, I put my ski-panted leg into a nest of green legged rumors, who had just narrowly escaped the hour test worry birds—and we don't mean early birds. They crushed their hard-won weeds and put them in concealed pockets, but as the sparks began to climb up their collars, looks of horror, indignation and dismay shone brilliantly on their faces.

"Gracious Peter," they cried, "remem-

[illegible]ections of the officers for the coming year will also take place. The slate, drawn up by the senior members of the council, can be supplemented by nomina-

Pres. O. K. Withmea Opens His Address

One of the funniest jokes of the year was told at a recent open meeting of the Vermont chapter of the Loyal Order of Bald-headed Bachelors. In his opening address President O. K. Withmea told the assembly the story which was so funny that the people laughed. Very heartily. The story went like this:

It seems that there were two middle aged bachelors who hadn't seen each other for seven years. One day they met in front of the Old Howard in Boston. Jack, the taller one, recognized his old friend immediately. "Why hello, Bill!" he exclaimed.

Unfortunately, Bill was hard of hearing so he said, "Hello, Jack" then the following dialogue ensued:

Jack: Bill did you just see that show in there?

Bill: No.

Jack: Gee they told a terrific joke in there. It's a little off color, but it's very funny. It went like this.

A traveling salesman was once going through the woods and at nightfall he arrived at a farmer's house. As he approached the house he saw the farmer's beautiful daughter sitting on a bench. Being an ardent admirer of beauty, he approached her casually. Upon noticing him, the farmer's daughter coyly

(Continued on page 4)

After Vacation -

tea salad, we hope you will think of your loving foster parents.

Be sure and speak only to those nice men with the red hats. Soldiers, sailors, and marines are not to be trusted. Instead of these naughty, wicked men, seek out a comfortable elderly woman, preferably with knitting and let her tell you

At a meeting last night the U. V. M. Senate voted into existence the fraction system, by an overwhelming majority of 100 to 99 votes cast. The President announced this morning that the fraction system will be in effect after vacation—all students will be reclassified according to high, low, or middle class status; fifteen-sixteenths terms will comprise a year's course, 580 credits will be required for graduation, and the activity fee will be tripled to meet the student's sudden need for Health Service.

Bulletin—The Amalgamated Press received news of the fraction system with great glee and immediately sent a reporter to cover the story printed herewith.

Prohibition Repealed!

Prohibition is repealed! President Mills announced that he has decided to uphill the ban and foster school spirit.

The Board of Trustees together with the faculty expressed their complete approval of the measure by meeting [illegible] as well as the entire student body [illegible] "event" Bull Session at the Sugar House this Friday. Since such a mall proposition of the student's body ever turn out for Bull Sessions the proprietors take the risk of offering all drinks on the house.

Inspired by the lead of our president, Merry Dean Sampson drank a toast to the proposed abolition of Student Union and all women's rules. She has announced the week of March 27 to April 2 as a testing period for all University women.

It however she cautioned

Editor's Note—This is unnecessary.

Her appointment of Joe Lechnyr as Asst. Dean of Women has meanwhile aroused considerable opposition from certain sources.

Miss Helen Underwood, in cooperation with the reform movement is making arrangements for meals without coupons although cards for Bridge will, contrary to rumor, be furnished at every table.

As a patriotic gesture, ex-president of Student Government Watson Daily wished to take this opportunity to offer himself, [illegible], again to the female lover of the week's highest war bond.

At Convocation-

about her grandchildren. The hours will pass all too swiftly and you may never hear about the time her second son by her third husband's easy daughter, Henrietta Sophia won the third grade spelling bee. It will be well worth riding a few miles beyond your station to hear all about this event.

Now a few words about your vacation activities. We trust that you are taking several of your text-books home with you, but of course, there is a lighter side to vacation too. Those of you who live in or near New York should take the excellent opportunity to visit Grant's Tomb, the Museum of Natural History, the Zoo and the Planetarium. Oh yes, indeed, vacation is a time of good clean

As I approached the massive doors of the Waterman Building I espied a tall, lanky, smoking, lucky gentleman waiting for me at the Information Booth. I threw myself at those doors but couldn't budge them. I decided as I lay prostrate on the steps. Finally I dropped a nickel in the slot at the side and the great portals opened wide to present a scene of bustling activity. A little man in a brown suit was scurrying down the hall, snatching posters from the walls and women in ski pants were hiding behind the steel case. My laughing companion led me to the cashier's office, after which he slapped me on the back and strolled down the hall with a heart-felt "SEE YOU IN CONVOCATION."

Picking myself together I strolled into the Dean's Office. I threw open the door, a searchlight was turned on me, and I noticed glassed-in offices, loud-speakers and tommy guns adorning the high-ceiled reception room. Over the expanse of polished floor I posed a question to the Dean. "How are conditions in Student Convocation?" I quaked. "Very slack, she replied.

Finding myself devoid of information on the fraction system I urged the White Mice Experimenting station to investigate the faculty. "Specifically speaking," stated Prof. I. Q., "it's very bad. But on the [illegible] very good. And I mean on practical terms."

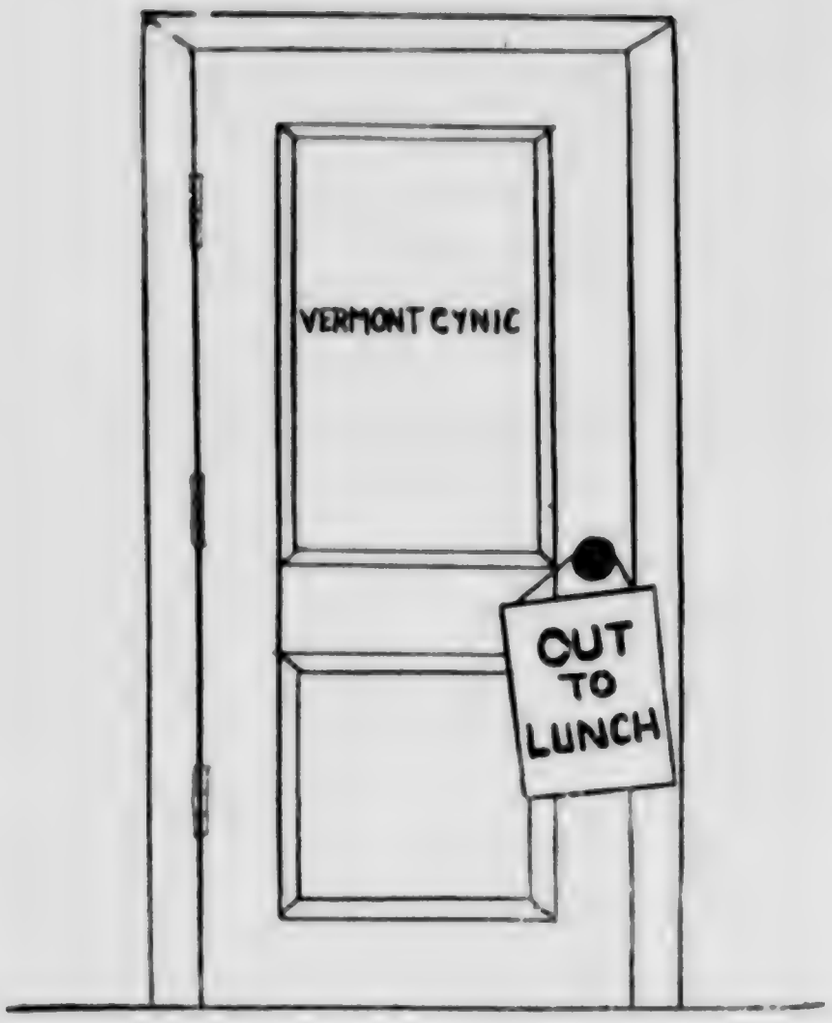
Undaunted I traveled to the Classical Department whose only comment was "The Greeks Had a Word For It." Professor Fraleigh enlightened the situation with the following remark: "It just passe-partout by a fraction." Still feeling the need of intellectual stimula-

(Continued on page 2)

On Anti-ism

Dear We want you to come back to school rested happy and EAGER!

Immediately upon your return a student convocation will be held at which time Dr. Ted and Great Uncle Elijah, who have only your best interests at heart will pass through the assembly, administering generous doses of Father John's Home Remedy, Sulphur and Molasses.



As a special treat at this convocation the guest speaker will be the Rev. Ezekiel Thompson Hellebinkle who will tell you about the great work being done by the Anti-Smoke, Anti-Drink, Anti-Profanity, Anti-Vice, the Anti-League. For [illegible] excuses will be accepted from students who do not return in time for their first class after vacation. Again we have only your best interests at heart.

In closing Aunt Mary Jane and I are joined by the gluttonous fellowship of the faculty in taking this opportunity to wish the staff and entire student body a safe, sane and sober spring vacation. Don't forget to wear your rubbers."

LOOK!

On Sunday morning, March 18 at 7 o'clock there was another of those [illegible] student-faculty bull sessions. It was held in the Old Mill's student lounge and refreshments were served consisting of salmon wiggle à la Waterman.

Those present numbered [illegible] the faculty. Professors Hope, Burroughs and Blanchard acted as moderators, opening the "show" which immediately lasted until late Sunday afternoon. The topic under discussion was "Can The Dodgers Win The Pennant or Women Will Eventually Be Admitted To The Union."

The meeting opened [illegible] as the custom of meetings of this sort dwells with a discussion of the hour's [illegible] the topic by Professor Hope. It was brief, only lasting two hours. Professor Hope told of his experiences while touring Brooklyn on a bicycle. "Ah," said he, "it's all so impressive, so moving, so romantic. How much Shakespeare would have been with such a terrific drama." He compared a Sunday afternoon baseball game to Othello. Of course there is no comparison but it's an interesting thought.

Miss Moreland then told of her experiences with baseball while on the N. Y. U. campus. She quoted a good friend of hers who had been in the baseball business and had tried to make a profit. He sold cokes at $.15 a bottle in order to cover the expense of laundering his white uniform which he changed once a month.

Miss Moreland remarked there had been disharmonies among the players. But this she noted was typical of our capitalistic system. Everyone out for himself—horrors. At this point she showed us the sports reviews in that up and coming paper *P.M.* (It isn't an evening without it.) The reviewer who was obviously a democrat claims that no team can stay out of office for two seasons so the Dodgers are bound to win this year.

During the day's proceedings Professor Bainsight held down his corner of the room very adequately. He lazily scratched his left rib while the Young Communist League (and you know who I mean) tried to use the cooperative system in baseball. The points of both teams are pooled together and then divided in two and then what—who cares.

So what has this got to do with the Dodgers. NOTHING of course. In true ball session style everyone is miles off the track but such enthusiasm—only four track eyes.

Who Rates First Man or Woman?

The Registrar's office today disclosed to the Cynic plans for the inauguration of a new set of courses here at U. V. M. Mr. Riggs announced that this school, following the example set by Howar U., will offer a full pre-baloney course which will lead to a B.S. degree. The following is the proposed outline of courses to be given.

Baloney 1—Loose interpretation of words—3 hrs. first semester.

Baloney 2—Bandy and patter—3 hrs. second semester.

Baloney 4—History of Baloney—3 hrs. 2 semesters. (prerequisite Zoology 72)

Baloney 5—Introductory brownosing 2 hrs. first semester (prerequisite Baloney 1 and 2)

Baloney 6—Advanced brownosing with emphasis on the psychology of professors 2 hrs. second semester (prerequisite Baloney 5)

Baloney 9—Apple polishing 4 hrs. 2 semesters. Lab. fee $27.18. (prerequisite Baloney 6)

Baloney 103—Introductory excuse making 2 hrs. first semester.

Baloney 104—Advanced excuse making with emphasis on persuading deans to listen to reason or lack of same. 2 hrs. second semester (prerequisite Baloney 103)

Baloney A. B.S. 4794—seminar. 2 hrs. 2 semesters (prerequisite Spanish 43)

Anyone wishing to sign up for one of these courses should consult Dean Phshtp for further information.

The bell has rung!—Miss Sullivan.

"Salmon Wiggle" At Bull Session

U. V. M. Cafe Operating Calling Doctor Kildare

Newcomers to our mysterious campus often venture unsuspectingly into that inner sanctum known as the stufferia. Unmindful of the hidden dangers, such as torus transversi or infundibula, the victim leisurely reaches for a linen napkin and International Rogers Brothers to place on the lacquered Chinese tray. The gleaming, steaming tureens and pans offer a wide variety of succulent choices. Notable among these is des oeufs à la crysanthemum, soy bean salad with dill pickle and, of course, the piece de resistance—hepatic morsels Bavarian style, the featured dessert of the day is that rare delicacy known as strawberry shortcake with strawberry. Cow juice is served with demi-tasse straws after the fashion set in London by Madame Bill Hill. The outstanding feature of the establishment is free water. This is provided especially for the benefit of those mad scientists from across campus who need to be constantly reminded of the limerick.

There was a boy named Johnny
Johnny is no more,
For what he thought was H_2O
Was H_2SO_4

Seasoned travelers often venture this dangerous pathway three times daily. Cries of victory climax the journey perilous such as—I gotta teaspoon today—and —What's Henry Ford assembly line got on us? SPEED

NOTICE

There will be a meeting.

Fraction System

(*Concluded from page 1*)

tion on the subject I went to the Fraction System Faculty-Student Bull Session." It was well attended by Professor Dykhuizen and Dave Hackett. Realizing a hasty retreat in the face of this very strong opposition, I picked up Professor Carpenter, who took his pipe out of his mouth long enough to say "Did you ever hear the one about—"

My last attempt at clarifying the system took me to the English Department. I walked into Professor Pope's Shakespeare class, woke him up, and put a question to him. "Well" he [illegible] smiled brilliantly at me. When I came to I was out on the sidewalk in the Waterman Building, still full of hope but short of knowledge. So, not having much of a nickel on hand, I trudged wearily home.

Demented Cynic Senior Staff Is Meat For Psychoanalysts

Taking a peek behind a certain two closed doors on the first floor Waterman yields amazing results. Before entering the offices so ingeniously tagged as the Cynic Office, it is well to grease one's elbows, bare one's teeth and draw in a fresh gust of air. A pre-examination of heart, lungs and physical stamina is highly recommended.

Inner Sanctum

Now, let us make a serious inquiry into the unnatural activities of the "Big Seven" and their satellites—those stolid news editors. Behind a door there is a room, better said a space, bounded by four walls and a window provided for the beating of speedy retreats. Besides a narrow one-way path so happily left for our executives to wander at will, there are a few such incidentals as tables, desks, seven chairs, file cabinets, an orange crate, and an all-purpose window sill with adjoining balcony. To lend glamour to their adored, air-less conditioned niche, the senior staff has proposed to sponsor a doodling contest for the sole purpose of installing murals.

Senior Staff

Not wishing to show any preference in regard to rank, we shall begin by giving a sketchy but vivid impression of our Editor-in-Chief, Spike No-nails Thornton who bounces around the office, incessantly tying dread-knots in her fine silken tresses. Fingers fly feverishly as she rhythmically chews on bits of eraser and expounds her theories for a vital, hair-raising, eardrum-splitting issue.

Within range of "No-nails'" well-aimed spit-balls is the Managing-Editor, seated solidly at work over the "dummy sheets." Peg "I am" Donnelly tosses back her mane and gazes impassively through space deep in the throes of contemplation, while green news editors blink simply.

Meantime, wild screams emanate from the adjoining office as Ginny "Consomme" Campbell beats her bloody head against the wall to gain inspiration for the Feature Department. She has announced her intention to take on a new staff of Junior Cynic scrubs who have done an excellent job of "featurizing" and "editorializing" in their news articles.

Above the din of typewriters comes the raucously tantalizing voice of "Fleet as a bird" Alexander. Another reporter [illegible] "bit the dust!" This renowned Rewrite Editor can hold her head above [illegible] try's most widely-acclaimed slang tongue and will some day rock the country on its feet with such radical ideas as presidents and republican representatives.

To further the interests of strenuous exercise, Walter "Doubtful" Stern plants many bombshells in the scenic interior of the "inner sanctum." With extreme modesty, he shyly objects to [illegible] ies enough to cover the three [illegible]

Jan "Dementia" Commee [illegible] from her seat in the midst of the [illegible] news editors, heartily slapping the darlings on the back from [illegible] Her chuckle has spurred many a dreamer to higher things [illegible] of head writing.

"Ma" Brownell watches [illegible] maturing ghouls, the impish [illegible] the beaten path from the [illegible] be greeted happily by [illegible] Free Press. Their family [illegible] little black book where [illegible] bad deed is omitted.

We might add to this little [illegible] of the Cynic's likable personnel [illegible] any resemblance to normal [illegible] telligent people is purely [illegible] writer and should detract [illegible] looked.

It is good to be young in [illegible] and years go on, to grow older [illegible] Stevenson.

Administration Makes History With Fraction System

Happy Vacation!

All's Right With The World

Student Confusion Fosters Spirits With Pint System

Rationing has come to "The Hill" . . . the "pint" system and the "quart"-er system will have much effect on the average "gal" lon campus. Much excitement has been raised through the reintroduction of this pint system . . . and the quart-er system has been quite effective in raising everyone's spirits no end.

Effects on Student Confusion have already become evident. The black robed B.S.'s (who are in NO way related to the similarly robed M. B.'s). But gee, this is beginning to sound like a ghost story, so let's cut it short! (P.S. — the story, not the robes, they're short enough now.)

While climbing the grapevine this afternoon, I put my ski-panted leg into a nest of green legged rumors, who had just narrowly escaped the hour test worry birds—and we don't mean early birds. They crushed their hard-won weeds and put them in concealed pockets, but as the sparks began to climb up their collars, looks of horror, indignation and dismay shone brilliantly on their faces.

"Gracious Peter," they cried, "remem-

Prof. Colburn To Talk On

On this story we're not fooling.

Professor Colburn of the Art Department will speak to members of Canterbury Club and their friends at the April 8 meeting. This will be held in the Art Building at 7:00 p.m. "Modern Art" is the subject to be considered and Professor Colburn promises a very lively meeting.

tions from the floor.

Elections of the officers for the coming year will also take place. The slate, drawn up by the senior members of the council, can be supplemented by nominations from the floor.

Pres. O. K. Withmen Opens His Address

One of the funniest jokes of the year was told at a recent open meeting of the Vermont chapter of the Loyal Order of Bald-headed Bachelors. In his opening address, President O. K. Withmen told the assembly the story which was so funny that the people laughed. Very heartily. The story went like this:

It seems that there were two middle aged bachelors who hadn't seen each other for seven years. One day they met in front of the Old Howard in Boston. Jack, the taller one, recognized his old friend immediately. "Why, hello, Bill!" he exclaimed.

Unfortunately, Bill was hard of hearing so he said, "Hello, Jack" then the following dialogue ensued:

Jack: Bill, did you just see that show in there?

Bill: No.

Jack: Gee, they told a terrific joke in there. IT's a little off color, but it's very funny. It went like this:

A traveling salesman was once going through the woods and at nightfall he arrived at a farmer's house. As he approached the house he saw the farmer's beautiful daughter sitting on a bench. Being an ardent admirer of beauty, he approached her casually. Upon noticing him the farmer's daughter coyly

(Continued on page 4)

After Vacation -

pea salad, we hope you will think of your loving foster parents.

Be sure and speak only to those nice men with the red hats. Soldiers, sailors, and marines are not to be trusted. Instead of these naughty wicked men, seek out a comfortable elderly woman, preferably with knitting and let her tell you

At a meeting last night the U. V. M. Senate voted into existence the fraction system by an overwhelming majority of 100 to 99 votes cast. The President announced this morning that the fraction system will be in effect after vacation—all students will be reclassified according to high, low or middle class status, fifteen-sixteenths terms will comprise a year's course, 580 credits will be required for graduation, and the activity fee will be tripled to meet the student's sudden need for Health Service.

Bulletin—The Amalgamated Press received news of the fraction system with great glee and immediately sent a reporter to cover the story printed herewith.

Prohibition Repealed!

Prohibition is repealed! President Mills announced that he has decided to uplift the ban and foster school spirits.

The Board of Trustees together with the faculty expressed their complete approval of the measure by inviting him as well as the entire student body to a "pint" Bull session at the "Sugar House" this Friday. Since such a small proportion of the student's body ever turns out for Bull Sessions the proprietors take the risk of offering all drinks on the house.

Inspired by the lead of our president, Merry Dean Sampson drank a toast to the proposed abolition of Student Union and all women's rules. She has announced the week of March 27 to April 2 as a testing period for all University women. "If, however," she cautioned . . .*

*Editor's Note: This is unnecessary.

Her appointment of Joe Lechnyr as Ass't Dean of Women has moreover aroused considerable opposition from various sources.

Miss Helen Underwood, in cooperation with this reform movement is making arrangements for meals without contracts although cards for bridge will, contrary to rumor, be furnished at every table.

As a patriotic gesture, ex-president of Student Government Willson Daily wished to take this opportunity to offer himself every Saturday night to the female buyer of the week's highest war bond.

At Convocation-

about her grandchildren. The hours will pass all too swiftly and you may never hear about the time her second-son-by-her-third-husband's only daughter Henrietta Sophia won the third grade spelling bee. It will be well worth riding a few miles beyond your station to hear all about this event.

Now a few words about your vacation activities. We trust that you are taking several of your text-books home with you, but of course, there is a lighter side to vacation too. Those of you who live in or near New York should take this excellent opportunity to visit Grant's Tomb, the Museum of Natural History, the Zoo, and the Planetarium. Oh, yes indeed, vacation is a time of good clean

As I approached the massive doors of the Waterman Building I espied a tall, laughing (Smiling Jack) gentleman within, waiting for me at the Information Booth. I threw myself at those doors but couldn't budge them. I decided as I lay prostrate on the steps. Finally I dropped a nickel in the slot at the side, and the great portals opened wide to present a scene of bustling activity. A little man in a brown suit was scurrying down the hall snatching posters from the walls and women in ski pants were hiding behind the stair case. My laughing companion led me to the Cashier's office, after which he slapped me on the back and sprinted down the hall with a hearty "SEE YOU IN CONVOCATION!"

Pulling myself together, I strolled into the Dean's Office. I threw open the door, a searchlight was turned on me, and I noticed glassed-in offices, loudspeakers and tennis guns adorning the high ceilinged room. Over the expanse of polished floor I passed a question to the Dean. "How are conditions in Student Confusion?" I quaked. "Very slack," she replied.

Finding myself devoid of any information on the fraction system I visited the White Mice Experimenting Station to interview the faculty. "Specifically speaking," stated Prof. J. T., "It's very bad. But on the other hand it's very good. And of course we mustn't forget—"

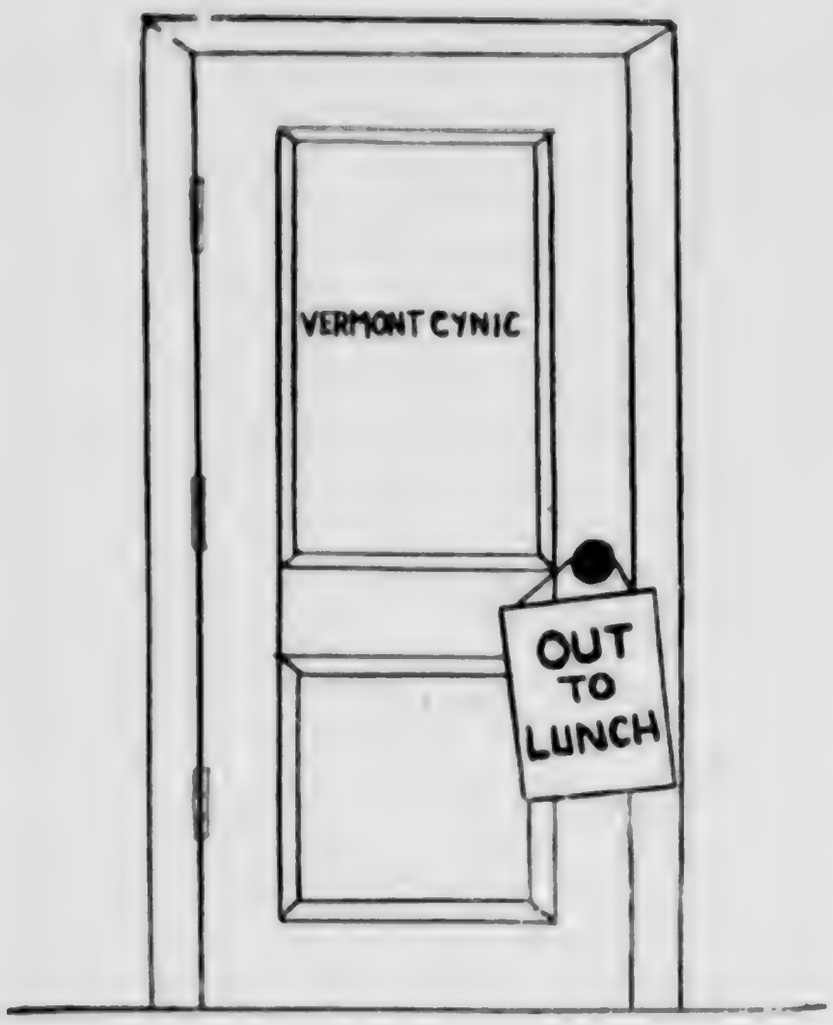
Undaunted I traveled to the Classical Department whose only comment was "The Greeks Had a Word For It." Professor Fraleigh enlightened the situation with the following remark: "It just misses perfection by a fraction." Still feeling the need of intellectual stimula-

(Continued on page 2)

On Anti-ism

fun. We want you to come back to school rested, happy, and EAGER!

Immediately upon your return a student convocation will be held, at which time Dr. Ted and Great Uncle Elijah, who have only your best interests at heart will pass through the assembly, administering generous doses of Father John's Home Remedy, Sulphur and Molasses.



As a special treat at this convocation the guest speaker will be the Rev. Ezekiel Humphries Hellebroide who will tell you about the great work being done by the Anti-Smoke, Anti-Drink, Anti-Profanity, Anti-Vice, the Anti-League. For this reason no excuses will be accepted from students who do not return in time for their first class after vacation. Again we have only your best interests at heart.

In closing Aunt Mary Jane and I are joined by the illustrious fellowship of the faculty in taking this opportunity to wish to each and every one of you a safe sane and sober spring vacation. Don't forget to wear your rubbers.

LOOK!

On Sunday morning, March 25, at 7:3[illegible] there was another of those [illegible] baseball squabbles. It was held at the [illegible] Practice baseball diamond on the [illegible] campus. It was [illegible] "baseball" [illegible] "baseball" [illegible] "baseball"

WAA To Put UVM On Map With Gum

Mishaps and Obstacles Send Hunter On Unending Chase

[illegible] Meat Ball" was loudly playing, [illegible]mp was up to her old tricks, [illegible] SHEER nerve (good goods [illegible]). Well, anyway, getting [illegible] GAME, I raised my ARMS [illegible] from that last wrestle), took [illegible] range (100/20). FIRED—[illegible] shot once, twice—darn those [illegible] can never get them to go [illegible] direction. I tried for a bull's [illegible], to the Zoo lab and settled for [illegible]. I guess that finished my [illegible] Phys. Ed. By the way, he [illegible] best fellow I ever went with [illegible] we'll let that go, then again [illegible] know, there's a man shortage [illegible] under 5 ft. 4 in.).

On With the Hunt

[illegible]d on with the hunt—wild game [illegible] tore out my hair (called baldy [illegible] shook my head (got dandruff [illegible] my collar), and stamped my [illegible]d for one red point). Tried to turn it in and sprained an ankle. I called a HALT (which brought us 10 ft. nearer our goal) MARCH IN PLACE *LEFT—RIGHT out in the cold cruel world. Will that tune never end—I wish they'd give that man some bread—after all, think of the starving Russians

On With the Hunt

I could see the dogs ahead all itching to get on with the attack. JAMES, GET THE FLEA POWDER, (my musket needs loading). We reloaded and proceeded on our way. Things kept getting muddier. ARE we on the right TRACK? —There's the finish. One push and I'm through the line. Menu looks pretty good today, don't you think—All in a stew yesterday. She really recovered pretty quickly. After all we're on the two yard line, we ought to make a touchdown. COME ON TEAM, FIGHT. Okay you dirty yellow dogs—if you don't want to play—kick. Two minutes. One minute—

It's one o'clock and all is well—that is if the White horses aren't thirsty

On With the Hunt

I passed some brush (salesman nearly knocked me down), gave myself a quick once over and ready again, ON WITH THE HUNT. Here we are, our noses glued to the ground (awkward position), We came to a fork in the road (I picked it up—belongs to Grandma's set). My! it was getting warm and I was getting hot under the collar. After all I was getting a raw deal. Not even a face showing. I was disgusted.

On With the Hunt

By this time our shoes were worn thin (the style you know). Here I was way out some place on Times Square—I'd go on with my story but——I didn't happen to have a lucky strike today.

Leo Durocher Will Manage Dodgers

Are you feeling very muy Usted? Come sit on your frijoles in the presence of the Club Espanol. At the brilliant activities of this graveolad, pesos come riding through at any moment, and do impromptu burros. Arboles will bend to serve your every taco. Your hidden cosa's con rum will suddenly give you the necessary savoir to become part of the very vitals and estupidos of the sociedad.

Tequila or not tequila
That is the question

(To be discussed at the next meeting—the relative merits of this type of perro have been previously investigated by many of the local vinos.) Perhaps you prefer water, if so, come and make yourself sordo at the next Wednesday lechuga. However, do not rest on your cucaracha if you want to improve your hacienda. Those veteran and able siestas, the present members of the club advise you to follow the program in order to become more muy Usted, and to develop your buns.

1. Be sure to start your day with a cheerful tortilla.

2. Throughout the day for brilliant conversation, intersperse the words "ay, ay, ay" into your allegro. This will make you a regular barbaro.

3. Frequent siestas are advisable to avoid all undesirable exercise.

4. Above all, be very verde at all times, and for heaven's sakes don't let anyone know that you are simply mio.

This is an actividad you can dinero. For a muchacha you can gardenia, and enjoy all the privileges of the juntos.

Vermont's Intercollegiate League of Gum Chewers returned to the University yesterday after a series of matches with eight other New England colleges. Of the eight contests, the U. V. M. League lost but one to the Smith College chewers. In this final and last chewing bout U. V. M. suffered a major setback. Mary Lindsay suffered the loss of the lower left wisdom tooth. Dean Swift has informed her that it will be necessary for her to take five more years of college study in order to regain the equivalent of the wisdom lost.

The entire team was trained and coached under the able chewmanship of Miss Jeanne Fuhler of the Department of Physical Education. The League has had some difficulty in securing high grade equipment, due to war time restrictions and shortages in the manufacture of gum. However, Miss Cummings has suggested a salvage tour of the local theaters and it is hoped that enough materials will be procured to see the League through a successful season.

Fahey on Defense

Jerry Fahey, manager of the Fencing Club, has announced the project which that Club will undertake during the spring season. The Vermont fencers have been asked to take part in a national move to build a fence around Texas. President Roosevelt has sanctioned this project despite the protests of Lawrence Tibbet and his "Don't Fence me in" followers. U. V. M. candidates are now undergoing intensive training under the leadership of Miss Fahey. Peg Donnelly has the highest fencing record to date, having recently dug five post holes in one hour. Barbara Anderson is runner up having strung 500 feet of wire in fifty-nine minutes.

Basket Brawl

Several people were rushed to the hospital for x-rays last night when a basketball game between Howard's Horrors and Burgraaf's Beetles turned into a veritable riot. Cause of the argument is indefinite but fighting broke out soon after Howard's Horrors tossed Margie Watts of the opposing team up onto the iron hoop of the basket and refused to get her down. Howard maintained that Watts had been interfering with the former's passes. Burgraaf immediately retaliated by shoving several ping pong balls into Howard's mouth and tying her hands. The Horrors then swung into action and smashed Burgraaf into hamburger. The net was severely worn however, through serving in many games in which Miss Euhler participated and Burgraaf broke out of it almost immediately. The game was called a draw as both teams sent an equal number of members to the hospital. It is hoped that more people will come out for basketball in the near future.

"Liquidation" of Swimming Club

The Swimming Club has been very successful during the winter months, and many members have developed excellent swimming technique. The back stroke is perfected by Nancy Ladd to perfection, particularly restful for tired shoulders. Marion Rosenhain has developed a new method of kicking which has also proved very effective for removing the water from one's feet. The Club has had to suspend its meetings, however, since the Y pool was repaired last week and filled with water for the first time since last fall.

Girl Bather

I guess this wasn't such a good day to call the roll.—Professor Aiken.

Spring will come a little late this Summer.—Amy Vermonter.

Bluestockings . . .

(Results of the last Bluestockings meeting have been announced and the winning efforts are printed here.)

Ode on the Tragic Drama

[illegible]ed down the hill one night
[illegible]ing for to go.
[illegible] I did cross Main Street
[illegible]ence hollered "whoa!"

[illegible] a public building,
[illegible] left of my right hand
[illegible] heard the sound of screaming
[illegible] shook to beat the band.

[illegible] eardrums both revolted
[illegible] loathsome, horrid noise,
[illegible] dashed down Main Street,
[illegible] pro tem lost my voice.

[illegible]at should then assail me,
[illegible] terrors of my wild flight
[illegible] tangling, strangling moaning
[illegible] hideous the night.

[illegible]n desperation
[illegible]ing feet me led
[illegible] quiet realms of Bank Street
[illegible] and more my heart bled.

[illegible] those anguished screechings,
[illegible]gs and groans came forth,
[illegible] at last decided
[illegible] to venture North.

[illegible]man in the Window,"
[illegible] Guest in la Maison"
[illegible] Powell with a shotgun
[illegible] taint upon the lawn.

[illegible] rushed to ye olde Grasse Mounte
[illegible] hid my head,
[illegible] my two exotic roommates
[illegible] Scotch upon my bed.

[illegible] 'tis a fearsome thing
[illegible]r Strong, or State
[illegible] at the Majestic
[illegible] the others—and besides
[illegible] Bugs Bunny there.

[illegible]dicated to those friends who
[illegible]en in the movies.

[illegible] Stanley Needham quoted to the [illegible] only yesterday.—(*Censored.*)

[illegible] feel the urge to exercise, [illegible] til it passes over.—Welsh.

[illegible]ouvroz la fenêtre.—Myrick.

THE "CHIEF"

I walked up to the chief's office with misgiving in my heart and a pain in the neck. Slowly, I opened the door and said, "You sent for me, chief?" However the chief couldn't answer me at the moment. He was *dead*. Quickly, I rushed over to him and kicked his head in. "Yup, dead all right," I said.

"Marvelous deduction," said my friend, Doctor Kildare.

"Oh elementary," I answered. "In fact I can tell you right now who killed him. You see, I read this article long before the Cynic printed it."

Slowly, I walked out of the chief's office and I went immediately to see the commandant of the district. The commandant's office was crowded that afternoon and I could scarcely hear what he was saying. The click of billiard balls was too loud, and besides, the commandant wasn't speaking at the time. "Ah, a clue," I yelled suddenly and picked up a blonde who was sitting on pins and needles in the corner.

However it was Doctor Kildare who really cracked the case. The only trouble was that the case he cracked happened to be the commandant's book case. The commandant was furious. Immediately, he took out his sketching book and drew a knife. As a gesture of defiance, we stuck our tongues out at the commandant and calmly, leisurely ran like mad from the office.

When we reached the street, we found that it was raining cats and dogs, so we hailed a taxi. "To the morgue," I said dramatically.

"The morgue?" the cabby looked at me in amazement.

"The morgue," I repeated. "And hurry. This is a case of murder."

"I don't care if it's a case of beer," he said. "And besides, there ain't no morgue in this town."

We entered the morgue and a chill ran down my spine. I had the biggest shock of my life. You see, I ran into some exposed wire.

Suddenly, I saw something which made my blood run hot, cold, and lukewarm. There was the chief, talking to the undertaker. "Hey, chief," I shouted, "You're supposed to be dead."

Bluestocking Manuscripts Defy Hayes Office Censor

RECLINING CLASSICS STAND UP AT CATO'S

Reeling Romans and giggling Greeks staggered into the Classical amphitheatra, otherwise known as Cato's Cosy Corner or Waterman boiler room, last evening. This little orgy had no plan and a no-good purpose. The tipsy triumvirate—Kornelius Kidder, Paetus Pooley, and Bacchus Brindle retired to a corner for a snappy little game of knuckle-bones or come seven! They made no comment throughout the evening except for an occasional quote "the dice is cast."

Lalage Lallard rapped her gavel smartly on the head of Lavinia Levine who then consulted the auguries which consisted of twelve dead pigeons and a bowl of gravy. Her prophetic remark was "Aha, squab for dinner!" With the meeting in perfect disorder, Kornelia Kipp moved that dices be paid. Vesta Vestricius moved that dices not be paid. Digo Durgin moved her chair so they all went to dinner.

Tissue paper togas and green toenail polish were worn by the conservative majority, while a few risque souls . . . well, isn't the paper shortage horrid? Conditions beyond their control—a slight unsteadiness in the floor, real or imagined prevented their reclining in the usual manner.

Three snails on lettuce leaves, still crawling (the snails, of course), sea urchins a la Tiber, pickled sow's bellies surprised them at first sight, nauseated them at second sight, and at third sight—well, on to the next course.' Our good friend Diphilus Dykhuizen captured the main course—a wild bore. (NB The members are not, have not been, but guarantee some day to give a good trial to cannibalism.)

Two bluestockings were heaped in front of the fireplace. Said one to the other, "This is ridiculous. What we need is a couple of heels." When Hester Heavins walked in, the most useless organization on campus broke up—what do we need all these meetings for anyway? Since nominations were in order, Letty Lighthead moved . . . . just moved, that's all. A girl has to be comfortable, doesn't she?

The sitting committee, who could stand no more, announced that the best manuscript of the year "Nerveless Fanny" or "Did She Sit Too Long?" had been accepted by a national magazine—so *Esquire* was banned from the mails! The Club's special project, mirroring the muses, has had to be abandoned. Oh well, no matter, a good time.

After complete disorder had been reached, the blatant bluestockings voted to accept three new and distinguished manuscripts "One Fish Cake, Subtitle No Iced Points," "In The Spring A Young Man's Fancy Lightly Turns To What His Girl Has Been Thinking Of All Year," and "If It's 54-40 You'd Better Fight." The last puzzled even the lit literates (my mother should have done something about this stuttering) until it was found to be a treatise on reducing. Unfortunately the members were obliged to shout Down Elderberry for plagiarism. She submitted a novel entitled "Waterman Dining Room" which someone had already read under the title of "The Grapes of Wrath."

Due to the dye shortage blue stockings are fading badly. In discussing this problem a member who shall be nameless was inspired to an impromptu poem, "Does Bluing make your clothing white, or do you already know about Fels Naptha?" By unanimous vote the blithetul blue stockings agreed to send Mr. John Steinbeck the suggestion that the title of "Tobacco Road" be changed to "The Daily

THE "CHIEF"

(Concluded from page 3)

"I'm glad you're here," said the chief. "I've been looking for you. I've got a case that I want you to work on. It's very important."

I was pleased that the chief had asked me to help him on a case. I had been working for him for a year, and I had begun to feel that he didn't trust me with anything important.

"What's the case?" I asked.

"It's a murder," he said. "A man was found dead in his office this morning. He was shot in the back of the head. I want you to find out who did it."

I was excited. This was the kind of case I had been waiting for. I had been reading detective stories for years, and I had always wanted to be a detective myself.

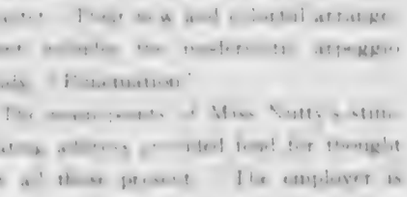
"I'll do my best, chief," I said.

"I know you will," he said. "You're the best man I've got."

I left the chief's office and went to the scene of the crime. The man's body was still there, lying on the floor. I looked around the room, but I didn't see anything that would help me solve the case.

I went back to the chief's office and told him what I had found. He listened carefully, and then he said, "I think you should talk to the man's secretary. She might have seen something."

I went to the secretary's office and asked her if she had seen anything unusual. She said that she had seen a man leaving the office just before the murder. She described the man to me, and I knew that he was the killer.



I went back to the chief's office and told him what I had found. He was pleased, and he said, "You've done a good job. I'm going to promote you."

I was happy to hear that. I had been working hard, and I deserved a promotion.

"Thank you, chief," I said.

"You're welcome," he said. "You're a good detective. I'm glad I have you on my team."

I left the chief's office and went back to my own office. I was happy that I had solved the case, and I was looking forward to my promotion.

There's the finish One push and I'm through the line Menu looks pretty good today, don't you think—All in a stew yesterday She really recovered pretty quickly After all we're on the two yard line, we ought to make a touchdown COME ON TEAM, FIGHT Okay you dirty yellow dogs—if you don't want to play—kick Two minutes One minute—

It's one o'clock and all is well—that is if the White horses aren't thirsty

On With the Hunt

I passed some brush (salesman nearly knocked me down), gave myself a quick once over and ready again, ON WITH THE HUNT. Here we are our noses glued to the ground (awkward position) We came to a fork in the road (I picked it up—belongs to Grandma's set) My it was getting warm and I was getting hot under the collar. After all I was getting a raw deal. Not even a face showing I was disgusted.

On With the Hunt

By this time our shoes were worn thin (the style you know). Here I was was out some place on Times Square—I'd go on with my story butt—I didn't happen to have a lucky strike today

Leo Durocher Will Manage Dodgers

Are you feeling very muy Usted? Come set on your tequilas in the greatest of the Club Espanol At the first and acrid bite of this grapefruit, you'll come riding through at any moment and do impromptu burros. Arbides will lend to serve your every taco. Your hidden coca's con rum will suddenly give you the necessary stuff to become part of the very vitals and entrails of the scandal.

Tequila or not tequila.

That is the question

(To be discussed at the next meeting the relative merits of this type of perfo have been previously investigated by many of the local vinos.) Perhaps you prefer water if so, come and make yourself sordo at the next Wednesday lechuga However, do not rest on your cucharacha if you want to improve your hacienda These veteran and able siestas the present members of the club, advise you to follow this program, in order to become more muy Usted, and to develop your suave

1. Be sure to start your day with a cheerful tortilla

2. Throughout the day for brilliant conversation, intersperse the words "ay, ay, ay" into your allegro. This will make you a regular barbaro.

3. Frequent comidas are advisable to avoid all undesirable exercise.

4. Above all, be very verde at all times, and for heavens sakes don't let anyone know that you are simply mio.

This is an actividad you can dance to. For a muchacha you can gardenia, and enjoy all the privileges of the juntos.

Vermont, exclusive League of Gum Chewers returned to the University yesterday after a series of matches with eight other New England colleges. Of the eight contests, the U. V. M. League lost but one—to the Smith College Chewers. In the hard and fast chewing bout U. V. M. suffered a major setback. Mary Lockey suffered the loss of the lower left weakest teeth. Dean Swift has informed her that it will be necessary for her to take two more years of college study in order to regain the equivalent of the wisdom lost.

The varsity team was trained and coached under the able chairmanship of Miss Jeanne Euhler of the Department of Physical Education. The League has had some difficulty in securing high grade equipment due to war time restrictions and shortages in the manufacture of gum. However, Miss Cummings has suggested a salvage tour of the local theaters and it is hoped that enough materials will be procured to see the League through a successful season.

Fahey on Defense

Tom Fahey, manager of the Lansing Grabs, has announced the project which that Club will undertake during the spring season. The Vermont boxers have been asked to take part in a national move to bind a tour around Texas President Roosevelt has sanctioned this project despite the protests of Governor Dibbet and his dirty knee tin tin followers. U. V. M. candidates are now undergoing strenuous training under the leadership of Miss Fahey. Peg Donnelly has the highest batting record to date, having recently dug five post holes in one hour. Barbara Anderson is runner up having strung 500 feet of wire in fifty-nine minutes.

Basket Brawl

Several people were rushed to the hospital for x-rays last night when a basketball game between Howard's Horrors and Burgraaf's Beetles turned into a veritable riot. Cause of the argument is indefinite but fighting broke out soon after Howard's Horrors tossed Margie Watts of the opposing team up onto the iron hoop of the basket and refused to get her down. Howard maintained that Watts had been interfering with the former's passes. Burgraaf immediately retaliated by shoving several ping pong balls into Howard's mouth and tying her hands. The Horrors then swung into action and seized Burgraaf in a badminton net. The net was severely worn however, though serving in many games in which Miss Fuhrer participated and Burgraaf broke out of it almost immediately. The game was called a draw as both teams sent an equal number of members to the hospital. It is hoped that more people will come out for basketball in the near future.

"Liquidation" of Swimming Club

The swimming Club has been very successful during the winter months, and many members have developed excellent swimming technique. The back stroke as performed by Nancy Judd is particularly restful for tired shoulders. Marion Rosenhain has developed a new method of kicking which has also proved very effective for removing the water from one's hair. The Club has had to suspend its meetings, however, since the Y pool was repaired and now is filled with water for the first time since last fall.

Bluestockings . . .

(The results of the last Bluestockings meeting have been announced and the team sports are printed here.)

Ode on the Tragic Drama

ered down the hill one night reeling for to go.
I did cross Main Street
once hollered "whoa!"

a public building,
To the left of my right hand
is heard the sound of screaming
I shook to beat the band.

My eardrums both revolted
loathsome, horrid noise,
I dashed down Main Street.
pro-tem lost my voice

what should then assail me,
midst of my wild flight
gurgling, strangling moaning
hideous the night.

in desperation
feet me led
the quiet realms of Bank Street
more my heart bled.

those anguished screechings,
groans came forth,
at last decided
time to venture North.

A man in the Window."
"Guest in la Maison."
Powell with a shotgun
taunt upon the lawn.

THE "CHIEF"

I walked up to the chief's office with misgiving in my heart and a pain in the neck. Slowly, I opened the door and said, "You sent for me, chief." However the chief couldn't answer me at the moment. He was *dead*. Quickly, I rushed over to him and kicked his head in. "Yup, dead all right," I said.

"Marvelous deduction," said my friend, Doctor Kildare.

"Oh elementary," I answered. "In fact I can tell you right now who killed him. You see, I read this article long before the Cynic printed it."

Slowly, I walked out of the chief's office and I went immediately to see the commandant of the district. The commandant's office was crowded that afternoon and I could scarcely hear what he was saying. The click of billiard balls was too loud, and besides, the commandant wasn't speaking at the time. "Ah a clue," I yelled suddenly and picked up a blonde who was sitting on pins and needles in the corner.

However it was Doctor Kildare who really cracked the case. The only trouble was that the case he cracked happened to be the commandant's book case. The commandant was furious. Immediately, he took out his sketching book and drew a knife. As a gesture of defiance, we stuck our tongues out at the commandant and calmly, leisurely ran like mad from the office.

When we reached the street, we found that it was raining cats and dogs, so we hailed a taxi. "To the morgue," I said dramatically.

"The morgue?" the cabby looked at me in amazement.

"The morgue," I repeated. "And hurry. This is a case of murder."

"I don't care if it's a case of beer," he said. "And besides, there ain't no morgue in this town."

We entered the morgue and a chill ran down my spine. I had the biggest shock of my life. You see, I ran into some exposed wire.

Suddenly I saw something which made my blood run hot, cold and lukewarm. There was the chief, talking to the undertaker. "Hey chief," I shouted, "You're supposed to be dead."

Bluestocking Manuscripts Defy Hayes Office Censor

RECLINING CLASSICS STAND UP AT CATO'S

Reeling Romans and giggling Greeks staggered into the Classical amphitheatra, otherwise known as Cato's Cosy Corner or Waterman locker room, last evening. This little orgy had no plan and a no-good purpose. The tipsy triumvirate—Kornelius Kidder, Paetus Poolev, and Bacchus Brindle retired to a corner for a snappy little game of knuckle-bones or come seven! They made no comment throughout the evening except for an occasional quote "the dice is cast."

Lalage Lallard rapped her gavel smartly on the head of Lucius Lovine who then consulted the auguries which consisted of twelve dead pigeons and a bowl of gravy. Her prophetic remark was "Aha squab for dinner!" With the meeting in perfect disorder, Kornelia Kipp moved that dices be paid. Vesta Vestricius moved that dices *not* be paid. Digo Durgin moved her chair so they all went to dinner.

Tissue paper togas and green toenail polish were worn by the conservative majority while a few risque souls (well, isn't the paper shortage horrid). Conditions beyond their control—a slight unsteadiness in the floor, real or imagined prevented their reclining in the usual manner.

Three snails on lettuce leaves, still crawling (the snails, of course), sea urchins a la Fiber, pickled cow's bellies surprised them at first sight, nauseated them at second sight, and at third sight—well, on to the next course.' Our good friend Dolphius Dykmuizen captured the main course—a wild bore. (NB The members are not, have not been, but guarantee some day to give a good trial to cannibalism.)

Two blue stockings were heaped in front of the fireplace. Said one to the other, "This is ridiculous. What we need is a couple of heels." When Hester Heavins walked in, the most useless organization on campus broke up—what do we need all these meetings for anyway? Since nominations were in order, Letty Lighthose! moved just moved, that's all. A girl has to be comfortable, doesn't she?

The sitting committee who could stand no more, announced that the best manuscript of the year "Nerveless Fanny" or "Did She Sit Too Long?" had been accepted by a national magazine so far *quite* was banned from the mails. The Club's special project, mirroring the muses, has had to be abandoned. Oh well it served a good turn.

After complete disorder had been reached, the blatant bluestockings voted to accept three new and distinguished manuscripts "One Fish Cake, Subtitle No Red Points." "In The Spring A Young Man's Fancy Lightly Turns To What His Girl Has Been Thinking Of All Year," and "If It's 54-40 You'd Better Fight." The last puzzled even the bi literaries. Guy mortier should have done something about the stuttering until it was found to be a treatise on reducing. Unfortunately the members were obliged to shoot Flora Elderberry for plagiarism. She submitted a novel entitled "Waterman Dining Room" which someone had already read under the title of "The Grapes of Wrath."

Due to the dye shortage blue stockings are fading badly. In discussing this problem a member who shall be nameless was inspired to an impromptu poem, "Does Bluing make your clothing white, or do you already know about Fels Naptha?" By unanimous vote the blithefol blue stockings agreed to send Mr John Steinbeck the suggestion that the title of "Tobacco Road" be changed to "The Dirty

Nutty Winds Up Convocation With "Know Your Onions"

Student Confusion

(Continued from page 3)

her way back last week. Student Confusion decided henceforth to work at our "Information." Pinches and back yards are reserved for other things now—besides, since the pin fly we have to do.

Where theory ceases, theory ends. Without theory, the Cynic is a fire escape and they are built low. Quiet shoving we'll all get down comfortably, but it is to be dark and the steps are SO terrible. Let's submit a resolution to Student Convocation that they have bigger and better fire escapes built and right over mud OUT with flaming signs on steps.

Well, we must be off to the Doctrine Lane and consuming those extra five pints we're allowed.

Classical Clique Condones Cosmetics

(Concluded from page 3)

Sophy sisters garnished the guests for tasty at frequent intervals while there poured cream from a pipe. And speaking of pipes smoke. "Emperor Marcus" the Athens 5 cut of El ed Caesar's copious poetry. "Don't walk a dog's march for a Marcus." The Armor-leg Cleat company preceded the banquet should banquet which a bevy of gorgeous Cosmetics galloped.

Over their Salmon and soda the ten Classicists next discussed the pressing problem, "among women were cosmetics or would a mask be more effective." Popular opinion seemed to condone the use of Marcus Factorus Maxfieldus and Elizabus Arduous, but frowned roughly upon the flapper jaw who dropped to enter her lips until next year. "She couldn't do it, it's stunning up."

Turning to more of stimulation and refreshment it was sought, and off to the Burlington Bottle. "I'm always getting set a Scaper there" said Pantomia Pint. And so we leave them running over the fact that the water was out.

"New wrinkles in Post-Stemog Relationships" was the timely topic of last week's Convocation at which Miss Gene[illegible] Nutty was the ready willing and able speaker. Background music was the immortal "Office Symphony" by Royal and Gregg as played by the Remington quartet. Their new and colorful arrangement imitates the modernistic arpeggio study "Punctuation."

The many points in Miss Nutty's stimulating address provided food for thought for all those present. "The employer is chartered first of all with your S.A., known to the secretarial initiates as stenographer ability. If you insist upon wearing red satin with dreadful neck ribbon it will be turned to dispense with your services in the office and we'll marry you ourself," emphasized Miss Nutty.

"Furthermore, promptness is essential. When you arrive in the morning, brave your way into the water cooler and your first order for correct colophons so that when the big shot rolls in you'll be busy over them at your machine. He will be groggy from a high evening or two-must I share marmalade for breakfast, but you will continue unperturbed, filling and typing the customers."

"In short," wound up Miss Nutty as one student busily cracked its toes in mad consternation, "the perfect secretary knows her onions but without contracting halitosis."

Red Soxs

(Concluded from page 3)

Look at statistics." A gruesome research asser to the quotation. "These Diletal Stamps the Mind Oppresses from is Mortars" by Ur. D. Knight was thrown out the window. "Who'd want to hear a thing like that."

And so they turned to penetrating thoughts. They composed their minds for really serious reflection, and picked up their copies of "Dogs Bones." How else enough refreshments were—oh-oh we'd be on a pickup if we told that there's no betting around the Irish—Student Conference wouldn't better.

THE "CHIEF"

(Concluded from page 3)

The chief laughed. "It's you, who is dead. Come back to my office and I'll show you."

Together we went back to the chief's office, and to my surprise, I found that the chief was right. There I was, lying on the floor. "Who did this to me, chief?" I asked.

"Doctor Kildare" he replied. "He waited till you were out of the room so you couldn't see who did it and then he killed you."

Old Time UVM Pep Rally Set For Saturday Night

Bridge, Entertainment Offered in Gym, Prof. Dean to Lead Rally

A pep rally for all U. V. M. students will be held at the gym on Saturday, April 14, at 6:00 P.M. The Student Government Executive Council and the Sigma Gamma's are planning this combined band concert, picnic and campfire singing.

Mary Thornton, Sigma Gamma, is in charge of the picnic which will be served on the grounds adjacent to the cage, weather permitting. Otherwise it will be held in the cage. The college dining rooms and the Co-op houses will close for this event in order that every student will be able to attend.

After the picnic the U. V. M. Band directed by Joe Lechynr will give a concert in the gym. Card tables will be placed in the gym for the bridge fiends and roller skates provided for the more energetic. Prof. Leon Dean has agreed again to be the master of ceremonies so there will be plenty of laughs in store for all. The members of the Student Government Executive Council supervised by Peggy Donnelly, Laurel Hansen, and Ginny Campbell will serve refreshments in the gym during the concert.

That illustrious Kappa Sig trio—Barb Powers, Eke Bruce and Barb McGeever—will lead the group in singing all the old familiar songs throughout the evening.

This is one of the biggest pep rallies of the year, old Vermont songs, spirit and fun all rolled into one. Don't miss it!

Rev. Grippen At Chapel

Rev. Frank Grippen, President of the Vermont Church Council will conduct the Chapel service Tuesday morning, April 17. Reverend Grippen is a graduate of Drew Theological Seminary in Madison, N. J. and for the past ten years he has been with the Methodist Church in Rutland.

Powers To Be New Head of Y.W.C.A.

Edgerton, Karraker and Derrick Elected

In the Y. W. C. A. election held on Friday, March 23 new officers were elected and new chairmen and their assistants were appointed to th various commissions in Y. W.

The new officers are:

Barbara Powers—President
Phyllis Edgerton—Vice-President
Louise Karraker—Secretary
Marilyn Derrick—Treasurer

The new committees are as follows:

Community Project:
Chairman—Lois Stevens
Asst. Chairman—Lee Church

Social Action Committee:
Chairman—Nancy Hall
Asst. Laurel Hansen, Joanne Goulart and Pearl Weissbard

Christian Faith Committee:
Chairman—Lois Baker
Asst.—Blanche Parker and another to be chosen.

Publicity:
Asst. Chairman—Joan Parkhurst

Study Group:
Chairman—Ellen Chitsey

Freshman Camp Representative:
Louise Jordan

Membership:
Chairman—Mary Jean Dunsmore

These people comprise the cabinet of Y. W. The installation took place Sunday, April 8 in the Little Chapel after vespers. Ruth Jordan was in charge of the service, at which Doctor Park spoke.

Erika Mann, German Born Foe Of Totalitarianism, To Express Her Democratic Views Tonight

Erika Mann

The International Relations Club is offering a fascinating evening on Wednesday, April 11, at 8 P.M. in the Chapel, when the celebrated Erika Mann will speak.

A famous daughter of a famous father, Erika Mann owes her place in the literary world to her own achievements, not her inheritance. She has had not one, but many careers, all of them successful. Her books include "School for Barbarians," "The Light Goes Down," "Escape to Life," and "The Other Germany," the latter in collaboration with her brother Klaus Mann.

But her strong sense of social justice pointed the way for Miss Mann. Ten years ago she saw the threat of fascism to our entire civilization and with her, to do was to do. As war correspondent for *Liberty Magazine* and the *Toronto Star* she entered Paris with General De Gaulle and spent a great deal of time with American and Canadian armies.

She embarked on a new career as a lecturer, foreign correspondent, and radio news analyst. Until totalitarianism is gone from the world, she will continue, through broadcasts, articles, and lectures to fight actively for a free and democratic world, her other careers in the background.

When Erika Mann left Germany ten years ago, she did not desert to the security of America. During the nerve wracking pre-war period and even after the war had already broken out, she traveled throughout the length and breadth of Europe observing, writing, and fighting for democratic ideals. Always she was where the tension and danger were greatest. Her travels took her to Republican Spain, Czechoslavakia, Stockholm, London, during the blitz days, the Middle East, Persia, Iraq, Palestine, Cairo, England, Iceland, and then home to the United States, where she told what she had seen to the people of America from the lecture platform.

A woman who has done many things, all of them with exceptional skill and zealous conscience, Erika Mann is so well worth hearing and heeding because what she says is from the head and the heart.

Here is a challenge to the students of U. V. M., a woman who can point the way out to us. It is up to each student with real and earnest interest in the American fight for democracy to hear Erika Mann. Don't overlook it.

The admission is twenty-four cents for students and fifty cents for adults.

OFFICERS ELECTED TO VETERANS' CLUB; LAWS DISCUSSED

Dale Conley has been elected president of the Veterans Club with the secretary-treasurer, Julian Levine. The following are the names of the members:

Herman Babbie
Alan Corwin
Gilbert Parker
Charles Plumley
Irwin Tracy
Wendell Earle
E. M. Lawrence
Dale Conley
Julian Levine

At the last meeting a constitution was discussed and revised along the following lines.

Veterans Club is formed to assist adjustment of veterans at U. V. M. There are to be a president and a secretary-treasurer. Membership is open to any veteran on the campus. Meetings are to be held monthly for discussion of current problems. The president may call special meetings, and amendments may be added by a majority vote of the members present at any meeting.

The Club wishes to thank Chuck Plumley for time and effort spent in drawing up the constitution.

E. M. Lawrence was appointed representative of the Club at the veterans corner in the library.

Lawrence Elected President of V.C.A.

Organization Plans Debate on Conscription

A meeting of the Vermont Christian Association was held Thursday, April 5 at 7.00 p.m. in the Religious Life Office. Plans were brought up for organization of the United National Clothing Collection at Vermont and an Interfaith parley on Peacetime Military Conscription.

During the month of April there will be a nation-wide campaign for clothing collection directed by Henry J. Kaiser as national chairman. The V. C. A. has chosen two of its members, E. Lawrence and Dale Conley, to contact the other religious organizations and coördinate a drive at the University to supply some part of the national quota.

One of the more significant questions of national consequence, "Peacetime Military Conscription," is being discussed from Congress down to group bull sessions in America today. Professor Hall, who recently debated the subject successfully at the Unitarian Church in Burlington, acted as moderator at a debate discussion in the V. C. A. It was decided to organize with the other faiths and hold in the student lounge, a student-faculty debate followed by an open discussion of this question. Pete Mallett and Clem Holden were appointed to contact Hillel Foundation, the Newman Club, and the Y. W. C. A.

A business meeting was then held for the election of officers. The results were: President, E. M. Lawrence '46; Vice-President, Peter Mallett '47; Secretary, Art Arakian '46; Treasurer, John Schwenker '46.

E. M. Lawrence will represent the V. C. A. at the Connecticut Valley Student Christian Movement Spring Conference at Dartmouth College, April 14. At this conference the problems facing Christian organizations in colleges today will be discussed.

Exhibition of Etchings At Museum April 9-29

From April 9-29 there will be on display at the Fleming Museum a collection of etchings by Mahonri Young and John Sloan. The exhibit, lent by Kaushaar Galleries in New York, consists of sixty black and sepia sketches. The works of Mahonri Young show chiefly the homes, herds, and tribal dances of the Indians—mostly Navajos. His "Navajo Lookout" is considered especially good.

John Sloan, on the other hand, displays a light and gay mood with a varied assortment of cynical and amusing pictures, which include a rather large number of nudes. His collection ranges from pictures of French Demoiselles with windblown skirts, a Parisian dive, cynical art critics, a flute player, and sun bathers to fine portraits of his friend, "Robert Henri, Painter" and his mother.

Team Will Debate At Rhode Island

The annual debating trip, which usually makes trips as far south as Kentucky was somewhat curtailed this year due to the war. However, Vermont debating teams did meet Columbia, Vassar and Skidmore during the spring vacation.

The first of the meets was at Skidmore in Saratoga Springs, N. Y. Eileen Pickett and Doris Dwyer debated the negative of the question of Federal Aid to education. The affirmative argued that federal aid would act as a boon to education.

The negative pointed out that control of education would be centralized in the federal government which would remove the local authority of the state.

At Vassar, Ben Burstein and Al Lowenfels representing the University of Vermont, took the negative side of the question of peace-time military conscription.

Vassar, upholding the affirmative introduced arguments dealing with the physical, social, and technological advantages of having such a program.

The negative, besides refuting these

(Continued on page 3)

Prof. Dean Does It Again With "I Become A Ranger"

Barbara Morgan

With the publication last week of "I Become A Ranger," Prof. Leon W. Dean brought forth his fifth full length book. When CYNIC came inquiring, U. V. M.'s most successful author turned away from the busy desk in the news bureau, took off his glasses and told, in his humorous way, the story of his books and how they came to be written.

"I guess it's natural for me to write about New England," he began. "My family came to Vermont soon after they got through fighting in the Revolution. They settled in this section of the state, and have been here ever since."

7 Months A Book

Following a hobby, which Vermont history has always been to him, Professor Dean's interests have found expression in fictionized biographies and in the book which is his most recent publication. Before the war he taught a course in Vermont history, and it is hoped that the faculty will have a new start when college is back on its peacetime basis.

The process of creating a fictionized biography may seem like quite an undertaking but to one as familiar with the writing field as Mr. Dean, the work progresses rapidly. Seven or eight months' time is required to complete a book-length manuscript—and this with a full schedule of English classes, directing the news bureau and editing the Alumni publication! "I do all the work on the books at home," he said, "and whenever I can snatch twenty minutes or so, I sit down and write." These snatched minutes, plus time spent writing during evenings and week-ends, add up to a growing shelf of books which are a keen guide to Vermont's past.

Genealogical Puzzles

Research for the biographies slows up the process of writing to a large extent. Taking most of his factual material from histories and magazine articles, Mr. Dean runs into all sorts of difficulties when conflicting dates, changed names, and gaps in genealogy appear. How many brothers and sisters an historical character had, whom they married and when they died are often puzzling questions. It wouldn't be very logical to have a man talking to his brother-in-law five years after the man's death! Yet such are the considerations which discrepancies in historical records bring about.

There are certain requirements which Mr. Dean looks for in choosing a subject for his stories. Among these are the significance that the person had in his period, and his connection with this section of

(Continued on page 4)

Last Convocation Covered Nutrition

Another talk in the Frontiers of Knowledge series was given by Dr. Florence King at Convocation Thursday, April 5. Doctor King's subject was "Frontiers of Knowledge in Nutrition."

She described the nutritional status of the people in the United States, stressing that of Vermonters in particular. She showed that the status was not too good and that there is a great need for corrective and preventive measures.

Doctor King also spoke in some detail as to what is being done in the way of prevention and correction. The National School Lunch program and inspection of all bread and rolls were given as examples.

VOL. 63 APRIL 11, 1945 NO 18

In Memoriam

Founders Day on May 1 will be the occasion for honorary society awards given in recognition of service, leadership, and interest in campus affairs. We regard these awards primarily as a tribute although they entail more than a mere announcement of a "who's who." However no awards will be given to the men on campus this year in the form of election to Boulder Key and Serpent, or Gold Key. This in spite of the fact that leadership and responsibility are placed upon men students as well as women in our organizations (regardless of number) and really outstanding jobs have been done by men who meet the qualifications of a national honorary such as Boulder.

Men's honoraries must come into existence again at U. V. M. The impetus for the establishing of these societies should come from the men, especially those who have seen honoraries in operation and know how they promote achievement and unity among students. A keener sense of duty to our jobs, promotion of scholarship, recognition of the leaders among us who can put through necessary changes in our organizations, all these are accomplished by honoraries. Far from being a secluded set of the chosen few, most such societies give their only excuse for existence as service. We think they form an indispensable part of our college system. They call for less self-interest; they demand much and give more.

☆ ☆

In the spring a student's fancy turns to thoughts of getting out of class, treking out to the college green, and letting spring fever take its course. Dazed victims gaze spellbound out of windows, while more fortunate natives get that way by draping themselves on porches in the ultra-violet or sitting on the green. The sudden appearance of pavement and grass makes us giddy after a winter's hibernation.

All of which brings us down to saying—let's keep the college green in spring verdure. There have been a lot of complaints about cutting across private lawns, spoiling the Waterman lawn by tramping over it in wet weather and riding bikes on it. If we could stop blazing trails to convocation and chapel, sidewalks could serve their purpose.

[illegible] fraternities and sororities be abolished? This one question is constantly being discussed in various localities throughout the country. Although this question does not demand immediate action it is still well to discuss the pros and cons of having fraternities at a school campus. Recently there appeared in the New York Herald Tribune an article showing both sides of this question. This fact proves that the problem is not only a local one but that it also commands national interest.

Fraternity Advantages

There are large groups of people who support wholeheartedly the idea of fraternities. Some of their numerous reasons for this point of view are outlined here.

In a fraternity, a man chooses a group of people whom he wants as permanent friends. Under normal conditions, he lives with those people and this affords a much better opportunity for the cementing of that friendship. A fraternity house gives to a man a certain sense of home, a place where he is welcomed by a group of friends who share the same interests and are willing to share his problems with him. A fraternity helps a man in the development of his social, scholastic and physical abilities. It urges its members to take part in parties and dances. Academically, it furnishes the newer member with able guidance from the upperclassman who has learned how to treat similar scholastic problems. Through interfraternity sports, a keen sense of competition is built which aids the man in physical and moral development. Interfraternity sports tap a reservoir of men who are completely missed by varsity athletics. Then, too, fraternities are ready and willing to donate money to worthy causes. On our own campus, such activities as Kake Walk would have to take entirely different form without frats. Also, the graduate has an additional bond to the college, that of belonging to a fraternity. Later in life, meeting a fraternity brother immediately establishes a close contact, no matter how far from home or school one may be. These are briefly some of the arguments forwarded by those in favor of fraternities. There are many others.

Why Have Fraternities

Those in favor of abolishing fraternities also give many plausible reasons for their point of view. Some of them are presented below.

Fraternities introduce the bad habits of its different members to the whole group. Today, some fraternities bear the name of drinkers—or worse. Then, too, fraternities divide people into distinctive social castes. Richer fraternities tend to think of themselves as a higher group and this tends to develop social snobbishness. Fraternities tend to develop cliques into which a non-fraternity man has a hard time breaking. Fraternities support corrupt politics, a person will vote for his fraternity brother regardless of his qualifications. They support the quota system, a system which lends itself beautifully to the idea of segregation and racial distinction. Frats develop a series of conflicts within the college which do much to hamper school

LETTERS TO THE EDITOR

To the Editor of the CYNIC

Just a line to thank you for your kindness in sending me each issue of the CYNIC. Also I want to congratulate you of the CYNIC staff on the grand job you are doing. As a former business manager of the paper I can appreciate the difficulties you must face when you publish under wartime restrictions. Your policy of sending the CYNIC to all Vermont men in the service is a real morale booster.

I am at present stationed in the Experimental Department at the U. S. Naval Proving Ground as a specialist in bomb calibration.

Am always glad to hear from old friends. My address is,

Wm. A. Pierce, Spx2c,
U. S. N. P. G.
Dahlgren, Va.

Sincerely,
BILL PIERCE

Music Hour Challenges Swing Addicts to Listen to Classics

David Hackett

There are plenty of opportunities ahead to become acquainted with music—one of them being to attend the Music Hour, a weekly program of recorded music sponsored by Staff and Sandal.

Music is really good stuff. Who doesn't go for a little jazz or swing? And you've heard of classic music. Like it? Probably not. That is, you don't really understand it. Right? Well, you didn't really understand booggie until you heard some one take off on the piano; and who could appreciate what a good swing orchestra could do until they heard some outfit give out? It works exactly the same way with classical. To "understand"—that's really a poor substitute for "appreciate" symphony—you've first got to hear one (preferably a couple of times). It's really pretty simple. So this Friday afternoon at 5.00 o'clock instead of pushing in a nickel to hear a Guy Lombardo disc—or however else you spend those creative Friday afternoons—come on up to the third floor of Waterman for an hour of good recorded music. All for free. And you probably won't regret it. (My apologies here to all those enrolled in music courses whose burning interest in music has found them on Friday afternoons—playing bridge in the Lounge!!! This is for the more simple souls who haven't yet discovered the pleasure of listening to a 100-piece orchestra.)

Words can't do justice to the real thing. But they sometimes increase your appreciation. It's good to know that Hoagy Carmichael wrote "Star Dust," and that Artie Shaw [illegible] cording of it. And [illegible] Ellington's "I'm Beginning [illegible] Light" is right in there [illegible] what I'm trying to say [illegible] deepens with knowledge [illegible] of appreciation is tantalizing [illegible] same reason, I'm going to [illegible] comments on what they're playing Friday. Having come this far, you won't leave me now. It really [illegible]

PROGRAM

Symphony in D Minor
Ballade in G Minor
Afternoon of a Faun

Cesar Franck was a Belgian [illegible] and was a middle-aged man [illegible] we were fighting the Great War. He wrote only one symphony [illegible] position for a really big orchestra, but that was enough to make him great. This is one of the most frequently played of all such compositions. It is dramatic, powerful, passionate. The work is organized into three movements (which are something like the chapters in a book). There is a wonderful feeling of triumph that this piece of music gets across. When the last movement is over you feel that problems [illegible] be bested—licked, if you wish. It makes life seem richer and fuller.

The second work is by the brilliant young Polish composer, Chopin. [illegible] you saw "A Song to Remember" [illegible]

(*Continued on page 4*)

Speaking of Operations!

An invasion fleet of several hundred warships uses some 48,000 telephones—from 1,500 on a battleship to 10 on a motor torpedo boat. That's as many as are used by most cities of 160,000!

Our fighting men are using telephones, wire, switchboards, and other communications equipment in huge quantities. And Western Electric workers, peacetime suppliers to the Bell System, are busy meeting those needs.

That is why there are not enough home telephones right now. But we are looking forward to the day when the Bell System can again provide telephone service to anyone, anywhere, at any time.

BELL TELEPHONE SYSTEM

"Service to the Nation in Peace and War"

Medical Corner As Seen By Rocco Feroni

On the corner of Pearl and North Prospect streets stands a solid brick building through which a constant stream of humanity daily passes to and fro. Many of you probably wonder just what goes on in there, who inhabits this mysterious abode and where its dwellers go when day is done. With this issue the CYNIC introduces a column to answer some of those questions. You will find the tenants to be one of U. V. M.'s more prominent groups, the medics—a rather mixed but jovial crew, 148 strong. Of these, '96 are in the army, 24 in the navy, and 28 are civilians (cheer up men, there'll be more of you next year.) Under the guidance of Dean Beecher and his efficient staff, ours is rated a class A medical school. And despite the numerous jokes and bits of satire that may be made in a light and trivial vein in this column at the expense of the average medic, we are really proud and respectful of our school, our profession, and our faculty.

Talented Meds

The meds are a galaxy of stars with interesting and varied talents. Medics have played a leading role in the University of Vermont's ski, basketball and baseball teams. We have big Ed Jones' organ, Tommy Keighley and his piano, and Jack Boardman's imitations—all this and Bish McGill, too. Strangely enough, most medics age college graduates with degrees ranging from simple B.S. cards to master's degrees—all of which goes to prove that we are definitely literate.

And now to dispel a common opinion which, it has been said, appeared during Kake Walk, Medics are perfectly normal people. They are not all Wolves—not exactly. Contrary to some more exuberant co-ed's claims, medical students are not "fascinating fiends" . . . certainly not fiends and no more fascinating than any one running around without his straight jacket would tend to be.

Aims

And now to present a few of the aims of this column. Firstly, for a number of years, now, the medics have been referred to by the undergraduates as "the other side" and vice versa. It will be our goal to bring about a better feeling between undergraduates and meds . . . to make them feel and act more like members of the same University. This attitude has been bolstered by recent events such as the Kake Walk and the ski, basketball, and baseball teams in which medics and undergrads have worked together with huge success, and it is hoped that our column will serve to further cement that feeling.

Secondly, an attempt is made to draw a word picture of medic life, often in its more humorous aspects, and to help acquaint the co-eds of our campus with the goings and in some cases of the very existence of their doctor friends, so that they too can enjoy the company of a med in the coming weeks more fully. After all, no co-ed should fail to avail herself of the unusual evening that can be had with a med.

Thirdly, we intend the column to be a forum where medics can express themselves by opinions or by creative talents. Your contributions will be gladly received by the editor. It is dedicated to giving the medics a voice and more of a place on the campus.

Fourthly, our aim is the accurate news coverage of all such events as softball, skiing, and other athletic endeavors, social functions, and the like. As much as possible, it will be presented in such a way as to be information of interest to the medics and undergraduates.

Lastly, we plan features that will please the campus-ites and which will serve to foster understanding. For example, we hope to soon present the intriguing story of one of those now in our midst who was a prisoner by the Nazis at sea, but who made a miraculous escape to safety.

Notes of this'n that

Peering through his thick bifocals, the bleary-eyed inhabitant of the time-worn halls of the U. V. M. Medical School fixed his gaze upon the panorama unfolding before him and said: "Gee." A lot was evidently happening and so he took a few notes which we are herewith recording for posterity each and every month. Life can be very picturesque as you shall soon see.

The first thing to register in his optic lobes was the sight of "Sam," the poetry-writing pride and joy of the medics, rolling a giant can along the corridors with a terrific clatter and evidently a good deal of enjoyment. This financial wizard has not been seen at Rand's lately, perhaps his six consecutive playings of what rather obviously was his favorite juke-box record have had something to do with it. (The recital apparently had a rather upsetting effect on the harried listeners, who were envisioning future peptic ulcers by the thousands.)

Wandering into the freshman chemistry lab, our notary was fortunate enough to spot Dr. "pH" Fenton. The kindly doctor shortly thereafter cut loose with a classic remark: "please don't break any more glass in the sink—our technician has already cut himself twice, and after all, good laboratory technicians are *so* much harder to get nowadays than medical students!!!

Blue Terror?

A little groggy by now, our observer made for the lower levels. And there he spotted somebody you might possibly know yourself—the medics' gift to Kake Walk, Jack Boardman. Of an impressive collection of unfortunates who were victimized this winter by broken limbs, dislocated shoulders, and a host of other injuries, Jack is the latest to recover. Now it is rumored that all of them have been busy of late hotly denying the "Stables'" blatant claims that an encounter with the "Blue Terror" was the cause.

Staggering out through the swinging front doors and blinking in the sunlight (the medical school has been trying—successfully—to save electricity) he is just in time to see Tom Keighley wildly directing his platoon of Juniors out onto the street into the path of an onrushing car, probably the Dean's—and getting them started on the long, and danger-fraught journey to the M. F. H. Oh well, when all else fails, there's always the clinical conference.

Osler Society Hears Prof. J. F. McIntosh

Last Wednesday evening, April 4, 1945 at eight o'clock, the Osler Society of the University of Vermont College of Medicine presented at the Fleming Museum another in its winter series of lectures by prominent men of medicine.

Prof. J. F. McIntosh of McGill University, Canada, spoke on "Urinary Calculi in Ancient Times and in Modern Times." Professor McIntosh is secretary of the faculty at McGill and has done graduate and research work for the Rockefeller Institute.

The next lecture in this series, which is open to the general public, will be announced in the near future.

Medical Aptitude

The Association of Medical Colleges Aptitude Test will be given at the University of Vermont on Friday, April 13, at 3 o'clock. Prof. Hovey Jordan, who will direct the test, announced today. This is the only time the test will be given this year.

This test, adopted by the Association as one of the normal requirements of admission, should be taken, says Doctor Jordan, by all students planning to enter medical school either in July 1945 or in April, 1946. The place is Room 27, Williams Science Hall.

Do You Know . . .

Although she's known as "Hon" to a few unmentionables and "Prince Mate, Second Class" of the college Motor Boat to the producers of "Life Can Be Funny," a peek into the college "Who's Who" would never give the least hint that these two titles are the property of Mary Ashe, a New Hampshire girl who has adopted Vermont as her second home.

"Slade Hall is the best dorm on the hill," according to this ex-president, who lived there during her freshman year. Redstone campus in winter with its beautiful view of the snow capped mountains is going to be one of her favorite memories of U. V. M. While she was living on the campus she made one of those acquaintances which put the joy in living with Miss Rose Quinn, the cook at Robinson Hall. "She's the best hearted Irishman I've ever met" says Mary and adds wistfully "I only wish I could get up to Robinson more often to see her."

There are many other people who have been good friends and helpers and are classified under her favorite parts of college. For instance, there's Frances Joachim, the long suffering and indispensable man who sets up CYNIC at the Free Press. "He used to shake his head in utter despair at the feminine regime—and I presume he still does," she added with a grin, "but he survived the ordeal and seems none the worse for our vacillations." And then there's the "General" (Ed.) known more formally as Mr. Scroggy(ee) who's always on hand to help out when such things as tables for Mortar Board elections are needed."

In high school, her dream was to own a car. In college, it's her ambition to get a faint glimmering of the philosophical way of life as studied under Professor Dykhuizen in the History of Philosophy course. While working for this ambition, she has piled up a list of campus activities which include executive committee of Newman Club, two years on the executive committee of Student Government, vice-president of Alpha Chi Omega, her fraternity; and a regular ladder climb from scrub, reporter, and news editor to senior staff and managing editor of the CYNIC.

A Spanish major, Mary hopes to put her language to use as a translator in an export firm in New York. With a little reminiscence over the past years and with an eye toward the future, she comes forth with the philosophical viewpoint in her belief that U. V. M. is looking forward to better days. "There's more interest shown in student problems and educational improvement is in the making. The rest is up to the students themselves."

There's a secret about Mary Ashe. Confront her bluntly with a brilliant idea and her first reaction is a decided "NO!" But given a few hours of reflection, and she's almost certain to come over to the other side, and follow through affirmatively. That's how this interview was possible.

"NO EASY WAY OF LIFE" SAYS STEELE

Rev. J. A. Steele was the Chapel speaker Tuesday, April 10. Reverend Steele, chaplain of the Weeks' School, spoke on "The Temptations of Christ." He stressed the fact that the "easy way" of living brings no reward in the end. After the war, it will be harder to be tolerant toward the defeated countries, but it will prove the best method. Reverend Steele stated that in religion, too, the best way is the hard way.

"Gingham And Glamour" Strut for Benefit of W. S. S. F. Drive

"LITTLE CHAPEL" IS FINDING MANY USES

The Little Chapel in the basement of the Ira Allen Chapel has been in rather continuous use ever its dedication early in March. Throughout Lent a daily noontime service was held under the auspices of the Christian Life Commission of the Y. W. C. A. During last week the campus Miss Ruth Seabury spoke at a twilight worship service in the Little Chapel and last Sunday following the Lenten Vesper service the Y. W. C. A. held its service of installation for new officers there.

The first use of the Little Chapel for a wedding service was made Saturday afternoon, March 31 when a graduate student, John W. Longsley Robinson was married to Barbara Jean Young of Concord, N. H. The wedding couple were attended by the groom's brother, W. E. Robinson and Miss Beverly White of Keene, N. H. The ceremony was performed by Prof. R. A. Hall and the guests were Prof. and Mrs. D. B. Cornell and the Misses Dorothy M. Dickinson and Helena Norton of the Library staff.

"Gingham and Glamour" reigned in the Ira Allen Chapel on Saturday evening, April 7, as a setting of spring flowers, pastels, and the Girl Reserves, were rendered by several Pi Phis. Mary Lou Robinson, sorority president, accompanied the proceedings with comments on clothes and models. Music was supplied by Anita Smith at the piano and a chorus of eight of the sorority girls. Jo Donaldson, Lynn Hancock, Dorothy Scott, Mary Jane Fleming, Rosalyn Greer, Martha Shaw, Lee Nason and Jeanette Smith.

The program was opened by a parody on "I'll Be Seeing You" sung by the chorus with Jeanette Smith as soloist. Jeanette also wrote the words to the parody.

The fashion show was divided into three themes: play clothes, sport clothes, and more formal attire. In the spring like background of flowers and picket fences, the models left the platform and slowly walked through the Soda Fountain. The models included Nancy Beckstader, Virginia Eno, Elizabeth Conklin, Betty Moorehead, Cap White, Shirley Zoll, Virginia Coffman, Emily Smith and Shirley Meleck.

After the fashion show refreshments were served and tables were set up for bridge. All proceeds from the show are being given to W. S. S. F.

Spring Fashion Show Models

UNIVERSITY ALUMS MEET IN NEW YORK

Pres. John S. Millis and Dean of Women Mary Jean Simpson of the University of Vermont attended the meeting of the New York Alumni of the University and New York Alumnae Associations. The annual joint meeting was held at 7:00 p.m. Wednesday evening at the George Washington Hotel in New York under the direction of Mr. N. M. Robinson, president of the Alumni Association and assistant to Eric Johnson, president of the United States Chamber of Commerce. Dean Simpson and President Millis each addressed the group, and the remainder of the evening was spent in an informal get-together. Dean of Men Elijah Swift who had also planned to go was unable to attend the meeting.

Wednesday afternoon Dean Simpson will be the guest of U. V. M. graduates of the classes of 1941 and 1942. She will also visit several New York colleges.

Band to Give Concert

Band practise has an added incentive lately. Why? It is for their spring concert which will be coming along sometime between now and May. A definite date has not as yet been set.

Featured soloists will be Anita Smith, pianist and Verna Hall with her trumpet.

Debate Club

(Concluded from page 1)

arguments and attempting to show their fallacies, also advanced additional ideas of their own to prove that peacetime military conscription was not only undesirable but also a threat to democracy.

Down in New York City, the University of Vermont was represented by Shirley Harris and Peter Mallett in a debate with Columbia on the question of partitioning Germany into separate political entities after the war. Columbia taking the negative stand, pointed out that the purpose of the peace is not to destroy Germany utterly and make her a dependent state, they said, dependent upon the economy of Europe, but rather place her as one of the states in the family of nations in Europe.

The affirmative showed the great social, educational and economic disadvantages in dividing Germany.

U. V. M. Debate will round out its season with a trip to Rhode Island State where Pearl Weissbard and Robert Rosenberg will attend the annual Model Congress, to which many of the eastern colleges are participating.

SUMMER LIVING PLANS

Any student who is planning to return for the Summer Quarter and would be interested in a low cost cooperative living plan is requested to consult Miss Bayley or Dean Simpson before choosing a room for the summer.

Mary Jean Simpson, *Dean of Women*

Spring tryouts for Bluestockings begin this week, and manuscripts may be submitted until the last of the month. Rules for tryouts are similar to those governing the earlier competition. The manuscripts may be placed in the box at the bookstore at any time.

Rabbi Zacharia Greilsman will be out of town this week-end. Therefore, the regular Friday night services will be omitted. Services will continue as usual next week Friday, April 13, with a book review, The Making of the Modern Jew.

Professor Dean

(*Concluded from page 1*)

U. V. M. Graduate

One [illegible] was graduated Phi [illegible] received the A.B. degree in Phi [illegible] After [illegible] graduation he started on a newspaper career and about the start found himself in one of the worst times in the history of the English language. He went back to U. V. M. [illegible] and soon after that first appointment [illegible] have been coming out regularly some of them dealing with different aspects of interest to young people. His [illegible] book was on the subject of Vermont in the 1860's and was published in 1941. Since then, there has been one published each year on the average, books based on the lives of Vermonters, namely, Stark, Putnam and Warner.

About his next work Mr. Dean says he is "always keeping several." At the moment he is concerned with a story of Vermont's connection with the war of 1812. Then there are the Abenakis he thinks whose history is quite interesting. "It's the author said "is a difficult character to do because his career was so tangled up in diplomacy." Of the two, I may present a much more clear cut story."

Cited among the problems which an historical writer finds in his work, Professor Dean places period conversation. "When we were not, how did they greet each other?" he wanted to know. Equally baffling are matters of dress and fashion and how the ladies did their hair, while another problem involves the sort of houses common at a period, their interiors and equipment. When he runs agreed on such stumbling blocks as these, the author says. "Sometimes it would be a relief to write a story in a modern setting."

Summer Courses Announced by Dean

[illegible] is a tentative list of courses to be offered during the Summer Quarter. It includes courses for which there was demand as shown by the petitions given [illegible] returning to the office as well as courses designed for Pre-Medical students, those in the Elementary Education curriculum and returning veterans and others.

[illegible] change in the Quarter System has made it difficult to offer a full year's work in the summer since a three-hour course for those students would meet one hour a week in the summer course were given in four months. On the whole it is thought as many can efficiently work in summer. However, a number of the [illegible] will undertake a complete course.

The plan [illegible] to arrange and offer courses to be given if there is sufficient request for them.

Tentative List of Courses to be Offered During the Summer Quarter

The usual hours, unless [illegible] are as follows:

[illegible] 3 hours lecture, 4 hours laboratory. This is the first quarter of Chemistry 1 and 2 to be followed by the second and third quarters.

[illegible] 3 hours lecture, 4 hours laboratory. This is the first quarter of Chemistry 3 and 4 to be followed by the second and third quarters.

[illegible] 3 hours. This will complete the requirement in English 2 for those who have taken the first semester of that course.

It may also be taken by students who wish to start the sophomore English during the summer. Such students may complete the sophomore English requirement by taking English 2 in the Fall Quarter and other English 15 or 16 in the following Quarter.

English 21 Biography, 3 hours. This will be a [illegible] unit.

History 2 Medieval History, 6 hours. This course will carry a complete unit.

Mathematics A, 3 hours. Designed for students who enter with an insufficient knowledge of Mathematics to carry Mathematics 1.

Mathematics 1, 3 hours. This is the first quarter of the course and must be followed by the second and third quarters of this course.

Mathematics 11, 3 hours. This is the first quarter of Engineering Mathematics designed for those who wish a more thorough course in Mathematics 1. It may be taken as a complete unit but will normally be followed by the second and third quarters of this course.

Mathematics 21, 3 hours. This is the first quarter of Engineering Calculus and must be followed by the second and third quarters.

(*Continued on page 6*)

Dr. Edgar Park Guest Speaker At Vespers

Vesper [illegible] Sunday, April 8, at 4:30 presaged by Dr. [illegible] Edgar Park, ex-president of Wheaton College as vesper preacher. President Mills and Professor Hall commented on the service and President Mills introduced Doctor Park who gave the [illegible] for the day.

Doctor Park's opening was centered around the Lord's Prayer, duly emphasizing the meaning of "Give this day our daily bread" and "Thy Kingdom Come" and the meaning of these in our daily lives.

The service was closed with the evening prayer led by Doctor Park.

Student Gov't to Study Honor System

The meeting of the Executive Committee of Student Government was held on March 26, 1945 in Room 291. Pres. Wendell Earle presided over the meeting. Minutes of the last meeting were read and approved.

Under new business a report of the Red Cross drive was given. In the absence of the treasurer an approximation of $50 was said to be the amount collected under the drive.

The social [illegible] committee was asked to give a report at the next meeting after vacation.

A motion was made, seconded and carried to elect Carol Peterson as chairman of the Scrapbook Committee.

A report on painting the number of [illegible] in the study room was given. A request was made to have this room open at the noon hour and to open [illegible] earlier in the mornings.

The president reminded members that a petition excuse has to be handed in to the secretary for an absence from any meeting. The executive committee then votes on whether to accept or reject the excuses.

There followed a general discussion on the honor system in academic work. It was suggested and agreed that the best way to accomplish something is through small groups like sororities and dormitories. This matter is to be brought up for further discussion.

The matter of excess money in the Kake Walk fund was discussed. Out of the total $450 is to be used for next year's Kake Walk. In past year the excess has been used for a Spring basketball trip. The president is going to look into the matter of where this money has been put lately. The matter was laid on the table for present. A suggestion was made that we install some sort of loudspeaker system in the Chapel.

A motion was made and the meeting was adjourned.

Respectfully submitted,
WENDELL EARLE,
President
EDITH MCLAREN,
Secretary

Announcements, Caps and Gowns Are Ready

The University Store is taking orders for the Commencement announcements now. If ordering is done early there will be a special price on the dozen. As for those caps and gowns, the sooner those orders are placed, the easier it will be for everyone. All are urged to order theirs early and avoid that last minute business which makes it difficult for those in charge of distributing them.

Active Vermont Coed Wins Fellowship to Columbia

NURSES' ARTS NOW HAVE COMPLETE LAB

The Nursing Arts Laboratory has been in process of organization since the opening of the fall term, and is now well equipped to represent a modern hospital unit. The unit consists of combination class and practice rooms, a treatment room, and "head nurse's office" where students do their charting.

At the present time the classroom is being used by nine graduate nurses who are taking a course in comparative nursing practice. They study nursing methods and procedures as practiced in many schools of nursing throughout the country and evaluate these procedures on a scientific basis. This summer the basic students enrolled in the five year course in nursing education will be using the laboratory for study and practice. Each student acts as nurse, and then as patient, for simple nursing procedures. A life-sized hospital doll is used for demonstration and practice of the more complicated nursing procedures.

Eat Your Carrots

"Nutrition Week" is being sponsored by the Health Council April 11, 12, and 13 to encourage better food habits on the campus. The Dietetics Class in Home Economics is cooperating with the Health Council by setting up food exhibits in the main hall of Waterman, answering questions pertaining to nutrition, and distributing literature on food problems.

The aim of "Nutrition Week" is to help students select food more wisely by placing emphasis on including the Basic Seven in the daily requirements; to show good and substantial breakfasts; and to present ideas for meat alternates to replace meat which will probably be even more scarce in this year than before.

Studies and surveys in the United States show a need for nutritional education. The situation can be improved at U. V. M. by using the knowledge learned during "Nutrition Week."

MUSIC HOUR

(*Concluded from page 2*)

was probably the greatest of all composers of music for the piano. We find his characteristic melodic eloquence here.

Debussy was a French composer and leader of the impressionistic school (that simply means the music is lush, moody,—and beautiful). He died in 1918, and is really "modern" (for those of you who can't rave about Bach). This piece describes the picture of a young fawn awakening in the forest, and later going back to sleep to continue in the ecstasy of a sylvan (country) vision.

For Life, Liberty and the Pursuit of—The Axis

Ruth K. Jordan [illegible] Mrs. Hovey Jordan [illegible] been awarded a [illegible] ship for graduate work [illegible] versity. According to [illegible] this award is one of the [illegible] ships awards in the [illegible] the past this award has [illegible] by a number of U. V. M. [illegible]

Ruth Jordan

Ruth has been among [illegible] students on the campus [illegible] years at Vermont as the "Do You KNOW" feature about [illegible] CYNIC well shows. Among the [illegible] which have come her way are membership in the three women [illegible] the Sophomore Aides Society and Mortar Board, [illegible] *Ariel*, business manager of the [illegible] handbook; Kake Walk Queen; president of Y. W. C. A.; [illegible] Tau Kappa Alpha, honorary society; member of the University [illegible] honorary dramatic society; [illegible] Student Union Council for [illegible] and of Student Government [illegible] two years; and a member of Pres. Millis' student revaluation [illegible]

She is a member of Kappa [illegible] sorority, and was awarded [illegible] degree of Phi Beta Kappa [illegible] of three and a half years. [illegible] still time to spare Ruth has [illegible] in the University Book [illegible] three years of her college [illegible] doing play ground work [illegible] Burton Community Center during the summers.

This fellowship is one [illegible] annually to graduates of colleges in the state of Vermont by Columbia University. The story behind the [illegible] of these fellowships goes back to the 1920's, when by the will of George Ellis, New York City attorney, a legacy of $100,000 was received by three Vermont colleges: the University of Vermont, Middlebury College and Norwich University, upon condition that the three agree to amalgamate within a time. In case this provision was complied with, the money would go to Columbia University. The [illegible] the three colleges did not [illegible] the money was, in due course [illegible] to Columbia, which in turn [illegible] it in establishing fellowships for graduate students of the three Vermont schools. The Columbia catalogue [illegible] awards: "The holders may pursue graduate studies under [illegible] graduate schools maintained by the university corporation." [illegible] each fellowship is about $[illegible]

W. A. A. Elects Mary Greene President

Sports Stuff . . .

Bob Morris

...ing back into action after the ...ing vacation, some twenty odd ... are continuing daily baseball ... under the watchful eye of Coach ...Gardner. To date all practice ... have been held in the cage, but ... drills will commence as soon as ...al Field is sufficiently dried to ... the possibility of the turf being ... the player's spikes.

...spects for a successful season soared ... the past week when Bob Doherty, ... hitter at U. V. M. a few seasons ... and Milt Kaufman reported for ... After confining himself to limber- ... and batting practice hurling dur- ... the first few days, Doherty proved he ... none of his batting prowess, with ... active display of hitting Saturday ... session.

The Cats' schedule is still unsettled at the moment. Chances of playing during April seem very bleak. In May home and home contests with Middlebury, St Michael's, and Norwich will probably be arranged. Tilts with other schools will be arranged as far as transportation permits.

Conditioning among the players seems to be the least of Coach Gardner's worries now, in contrast to numerous complaints of sore arms, aching legs, and lame backs during the first week of training. The only real casualty suffered in recent workouts was a badly twisted ankle by "Buzz" Buzzell. He is expected to be able to get back into action after a few days rest.

Successful Ski Season As Seen In Retrospect

Ski Team Takes Top Honors at Middlebury Many Trips to Stowe

...ril played a dirty trick on skiers this ... Instead of producing some of the ...king weather and snow, as has ... the case in many years past, she ... the come-on sign to green grass and ... But U. V. M. skiers made the ... of the season while it lasted.

...University of Vermont ski team, ...ss and inactive since 1942, blew ... from Middlebury's January Winter ...val with top honors. The seven ... who also entered the meet were: Dick ..., Larry Ambrose, Pete Mallett, ... Crane, Heath Bourdon, and Bob ...tgomery. Racing conditions were ... with the fifteen-inch snowfall of a ... days before covering the trail on ...man Hill just outside Middlebury. ...mont men placed many times in the ... ten positions, thereby earning top ... in the meet against the eight ... teams: Dartmouth, M. I. T., Wil... West Point "A," R. P. I., Middle... New Hampshire, and West Point ...

Mary Greene and Skip Lewis also en... the women's meet at Middlebury, ... emerged with 83.8 points and 77.0 ... respectively.

...post-exam ski trip to Mt. Mansfield ... in twisted knees, sprained ankles, ... skis and poles to a few chosen ... and a wonderul week-end for all of ... twenty-five who ventured forth. A ... fall of powder snow gave the ...sts the added thrill of breaking ... trails out again.

...Vermont's second ski meet, compet... against R. P. I., M. I. T., and ... held during the Kake Walk week ... V. M. men again took first place. ...ent was held on Mt. Mansfield, and skiers were handicapped by a blizzard ... cut visibility down to a minimum. ... trails were coated with a hard, ...st covered by a bare four inches of ... Ed Crane place first in the down... with the winning time of 75.1. ...ter of M. I. T. took the slalom ... seconds. The total score of the ... M. "A" team, 282.1, was followed ... Harvard score of 261.1. The ... M. "B" team made a total of 207.5 ...

The U. V. M. team, minus Larry Am... entered the early March ski meet at Manchester and emerged in fourth place. On the competitive downhill Dick Parker placed fourth and Pete Mallett seventh. In the slalom Parker and Mallett captured ninth and twelfth places respectively.

"Nose Dive Annie," or more formally, Mrs. Ann Cook, did her bit to further the cause of skiing among the U. V. M. coeds. She instructed various classes of skiing on the slopes at the country club during the week and gave a few pointers to those who needed them on various trips to Stowe. I doubt if she lent much assistance to the Campbell-Hansen-Cheney trio who took the long way down the mountain via cardboard pillows.

OWLS REMAIN TOPS IN BOWLING LEAGUE

Two more months to go and our bowling tournament promises to be quite a lively contest for first, second, and third place. The Owls and Women's Independents are tied for the moment, with the Men's Independents holding third. These three are so far ahead that it seems hardly possible for the rest of the contestants to catch up, unless they exhibit some excellent bowling, or some mishap occurs on the top.

On April 5 the Women's Independents took the entire six point score in their encounter with the Men's Independents, while the Pi Phis took four points in their match with the Owls.

The team standings for the past week are:

Team	Points
Owls	38
Women's Independents	38
Men's Independents	27
Phi Sigs	18
Alpha Chi	17
Pi Phi	16
S. A. E.	14
Delta Theta Gamma	12

Sand Lot Fans– Softball Game At W.A.A. Party

Another big W. A. A. activities night in Friday, April 13!

Featured on the program will be roller skating to music provided by big name bands, platter style. Also to help usher in Spring there will be sidewalk games such as hop scotch, and marbles. Ping pong is on the program for those who aren't up to braving the Spring air. The big event of the evening is a softball game.

Appropriate refreshments will be supplied in the form of Popsicles and Coca Cola.

Heading the party committee is Margy Watts aided by Skip Lewis, Betty Ann Scott, Bea Raymond, and Connie Campbell.

An important part of the evenings proceedings will be the installation of the 1945-46 W. A. A. officers.

Pin Boys Challenge Smitty's Kittens

The pin boys of Waterman Bowling Alleys are herewith extending a challenge to the victor of the fall bowling tournament—Smitty's Kittens.

Since the boys claim the championship against pin boys of the other alleys in the City, they feel entitled to compete against the college champions.

Those that frequent the bowling alleys all know "Chub" Greema, "Toby" Lawrence, "Bob" and "Jack" Hartman, "Bob" Lamphere, "Red" Truax, and Art Looney. Four of them will comprise the team against the Kittens if they accept the challenge. Al will arrange the game at the convenience of both parties.

FRATERNITIES

(Continued from page 2)

spirit. How can we expect to have more participation in college activities if fraternities monopolize our time? And what about the non-fraternity man? He can do one of two things: either he becomes a social outcast, or he can join the independents, a group of people with widely different interests and ideas. Fraternities definitely do not foster democratic principles. We should think of a person as an individual, and for his own qualities, not for his connections with any particular fraternity.

Here we have offered both sides of this all important question. Have you, the students of U. V. M., any opinions on this topic?—Or perhaps you are content to sit back and let the proverbial "George" worry about it.

Vice-Presidency Goes to Jean Ryan, Class of '47

Election of officers for the Women's Athletic Association of the University of Vermont were held April 9 in the first floor of Waterman Building. A total of ninety-two ballots were cast by active members of the organization. The new officers are as follows:

President ..... Mary Greene
Vice President ..... Jean Ryan
Senior Representative ..... Margaret Watts
Junior Representative ..... Betsy Kipp
Recording Secretary ..... Joanne Howard
Soph Representative ..... Betty Ann Scott
Treasurer ..... Mary Jane Little
Council at large ..... Ann Hoos
Ass't Council at large ..... Mary Pease
Social Chairman ..... Marion Lewis
Publicity ..... Marjorie Nelson
Scrapbook ..... Marjorie Cutler
Representative on Freshman Handbook ..... Sally Merwin
Health Council ..... Harriet Barron

There was a tie between Mignon Burgraff and Crystal Malone for the office of Corresponding Secretary. Another election will be necessary to elect this officer.

Mary Greene

Mary Greene the incoming president has been an active member of W. A. A. since her freshman year. She has participated in many sports, but at skiing she excels. Mary has served on the W. A. A. Council since her sophomore year and was the Junior Representative this year. A member of the U. V. M. Women's Ski Team, "Greeme" distinguished herself at the Middlebury Carnival this winter.

Jean Ryan

Another familiar athlete on the campus is Jean Ryan incoming Vice President. She succeeds Spike Thornton. Besides being a member of many clubs this year she is one of the many ski enthusiasts who spent quite a few week-ends at Stowe. Last year Ryan was the Recording Secretary on the Council.

Margaret Watts

Margie is known to everyone as the manager of a large softball club this year. Besides softball she adds badminton and many other sports to her list of favorites. Next year she is to serve as the Senior representative on the Council. Right now Margie is busy running the W. A. A. party for Friday night.

Betsy Kipp

Coming in as the junior representative on the Council, Betsy succeeds Mary Greene. Her activities in W. A. A. are many. This year she has served as the Scrapbook Chairman. One of her favorite sports is basketball. Any time there is a game she's to be found taking an active part.

Joanne Howard

A freshman from the S. A. E. house Joanne has distinguished herself in the realm of basketball this year being a member of the All Star team. Joanne will be the Recording Secretary this year.

Mary Jane Little

Mary Jane Little, the new treasurer of W. A. A. was the manager fo the Ski Club this year. She has participated in many W. A. A. activities since her freshman year.

Ann Hoos

As successor to Betty Ritchie, Ann Hoos takes on the job of managing Council-At-Large. Ann was manager of Skating Club this year and also planned one of the W. A. A. parties this year.

Mary Pease

Mary Pease is a basketball and badminton fan. A sophomore, she has been a member of many clubs and has an active sports record. Mary has been elected to take on the job of Assistant Council-At-Large Manager.

Marion Lewis

Commonly known as "Skip" this girl has quite a record. A cohort of Greene's at the Middlebury meet, she has made herself quite famous as a skier. Last year she served as sophomore representative and this year she is to be Social Chairman.

Betty Ann Scott

Sophomores will be represented by Betty Ann Scott on the Council. This year, this popular freshman served as freshman representative. "Scottie" takes an active part in many clubs.

COLLEGE FADS AND FANCIES, CLASS OF 1850

Fads and fancies in college costumes are by no means modern phenomena. Here is a gay undergraduate of the Class of 1850. Observe his flowing collar and tie, his super expanse of Panama brim, and his studied air of nonchalance.

This was in 1850, when America was basking in peace. The Golden West was opening up, and Express Service was keeping pace. Today, there are few fads and fancies on the college campus. They have given place to the uniformity and efficiencies of war time. Thousands of students are concentrated on the needs of the nation in arms.

Railway Express is devoting its nation-wide services, both rail and air, primarily to speeding war materiel. To help all concerned, you can do three simple things with your 1945 home packages and baggage. Pack securely — address clearly and adequately — avoid abbreviating state names.

NATION-WIDE RAIL-AIR SERVICE

. . EQUIP A SOLDIER TO FIGHT FOR YOU . .

Twenty-five Point Maximum Adopted

1. [illegible] point maximum for participation by [illegible] in the competitions.

2. Points are to be computed only once each year by the Point Committee. Committee will consider only the points of that year.

The point value assigned has been recommended as follows:

Major Office — 20 points

President of Student Government
Treasurer of Student Government
[illegible]
Editor-in-Chief of the Cynic
Business Manager of the Cynic
President of Student Union

Major Office — 15 points

Chief Justice of Student Union
President of W. A. A.
President of Y. W. C. A.
Managing Editor of Cynic
President of Outdoor Club
Chairman of a Standing Committee of Student Government (plus membership on the Executive Committee of S.G.U.)

Minor Office — 10 points

Senior Staff of Cynic (including business manager)
Managing Editor of *Areal*
Business Photographic Editor of *Areal*
Assistant Cynic Contest Member
W. S. A.
Vice-President
Secretary
Treasurer
Y. W. C. A. Cabinet Member
President of Mortar Board
Sub-treasurer of Student Government
Member of Executive Committee of Student Government
President
Home Economics Club
Newman Club
Hillel
Classical Club
I. R. C.
French Club
John Dewey Club
Press Club
Outing Club
Debating Club

Minor Office — 5 points

Junior Staff of *Areal* (not above)
W. A. A. Council Member
W. A. A. Sports Manager
(if both—10 points)
Pan Hellenic Council
Officers of above department clubs other than president
House President
Member of Last Conference
(business secretary)
Staff member of Cynic
Standing Committee of Student Government
Chairman of Standing Committee (5 extra points)
Honorary President (other than Mortar Board)

Sorority

President
Treasurer
Rush Chairman
(To be classified by each sorority as either 5 or 10 points)

Prof. Bloom To Talk At Research Club Meeting

The Loading of Ammunition will be the subject of Dr. E. E. Bloom's talk to the Research Club on April 17. Doctor Bloom has for two and a half years been in contact with small arms ammunition and has had opportunity to know much of the research of it.

The Research Club is a faculty organization having well over a hundred members. Monthly meetings consist of talks by various members who have made or are making interesting research in their field.

Outing Club Plans Hikes

The Outing Club includes in its proposed plans for the spring season, overnight trips to Mount Mansfield, Belton, and Camel's Hump.

Is Military Conscription In Peace Time The Right Answer?

Al Lowenfels

One of the vital problems facing our country today is that of peacetime military conscription. Already there are two bills in Congress having to do with the issue. How much do we know about the topic? Are we prepared to make a decision on a problem that will affect not only ourselves but every future generation of the world?

There are two sides to this question which we must consider before formulating any sort of an opinion.

People who favor peacetime military conscription argue somewhat along these lines.

Much as we dread the thought, there IS going to be another war. Mankind has struggled with warfare since the earliest and most primitive societies. We can control this evil no more than we can control floods, or droughts. Maybe wars are not inevitable, but at least in this generation it seems as though men will continue to settle their quarrels through the authority of might.

Alert Democracy

Realizing that there will be another war, we certainly must agree upon the fact that we have to prepare for it. Peacetime military conscription, say the proponents of this system, is the surest, most democratic method to keep on the alert. It will enable us to send a well equipped, well prepared Army into the field if and when it becomes necessary to do so.

On the other hand, there are many people who are definitely opposed to peacetime military conscription. They think somewhat along these lines.

When we consider peacetime conscription, we must try to determine if such a policy will bring national and international security.

France and Belgium both had peacetime conscription. Did that enable them to resist the onslaught of the Nazi Wehrmacht? Definitely not. If anything, peacetime conscription fosters an attitude of smug security which eventually will be its downfall. Also, have our boys, conscripted since the start of this struggle, met any superior fighters in their Japanese, German, or Italian foe?

Even more important than national security is the international security of the world. Our new world is so small that a war anywhere concerns us. We must consider the effect of peacetime conscription in the light of world affairs.

Whom are we preparing to fight? After this world war there will only be three top-ranking countries to contend with: Great Britain, Russia, and the United States. Can we go into the conference of San Francisco to talk of peace and at the same time prepare for war with one of these countries? One or the other is possible, certainly not both.

No Peace Guarantee

Peacetime conscription will not bring us lasting peace. For that we need something bigger than any one country. We need a powerful international organization. If we are not prepared to lend our support wholeheartedly and honestly to this organization, can we expect any other country to do so?

In fact, those are the major arguments on both sides of the question. We must do our best not to disguise the real issue with talk of "national health," and "improving the spirit of American democracy." Remember, the main issue is: Will peacetime military conscription solve the problem of national and international security?

W.A.A. Elections

(*Concluded from page 5*)

Marjorie Nelson

Publicity of W. A. A. will be handled by Marge Nelson this coming year. Mary has belonged to softball club and also played in the badminton tournament and has many other clubs to add to her activities.

Marjorie Cutler

Assistant Manager of softball. Marge has done quite a lot in W. A. A. since she came here last year. Marge is another one of the basketball enthusiasts and a member of the All Stars.

Sally Merwin

Sally would have liked to spend all winter at Stowe. Her major ambition was realized when she skied down the Nose Dive during vacation. Sally is to be the representative on the Freshman Handbook.

Harriet Barron

Head of the Pep Committee this year and also an active member of Health Council, Harriet succeeds Margo Donahue as President of Health Council.

Vitamins and You

To insure the growth, as economically as possible, of food of good nutritive quality, many things are still necessary, however. Primary among these are: the discovery and isolation of nutrients which are necessary for good nutrition, the study of their interrelationships with the body, the detection of sub-clinical symptoms which indicate a deficiency of any one nutrient, and also the interrelation between the production of foods and nutrition.

Germicidal lamps may be used after the war to eliminate dangers of cross-infection for passengers on crowded subways, buses, and trains.

Where U.V.M. Mates Congregate
STAR RESTAURANT
CHURCH STREET

Stamp, Bond Drive on Campus, April 11-21

To illustrate more effectively the value of your dollar in the War Bond Drive, the Sophomore Aides are putting up a poster in the Waterman Building on the Main Floor. The poster is a picture of a soldier minus equipment; the latter is drawn at the side. The amount of money received is shown by the equipment of the soldier, so much in war bonds and stamps will buy his helmet or gun. Student are to don the fighting man with all that's necessary for the well-dressed soldier.

The Seventh War Loan [illegible] full swing this week [illegible] goal than the last six [illegible] campaign proposed. The [illegible] of this drive is due to the [illegible] of the people in their [illegible] victory. Sales have dropped [illegible] few months, the attitude of [illegible] Student Body itself has [illegible] thusiasm by the record [illegible] stamps sold and help in [illegible] dent organizations are placing [illegible] drive starting today to put [illegible] over the top in war effort.

The Sophomore Aides are [illegible] a drive for the sale of War [illegible] Stamps which will begin [illegible] April 11, and last until [illegible] 14. Mary Bresnehan, [illegible] and Virginia Donaldson are [illegible] the project. The Aides are [illegible] have posters publicizing the [illegible] and bonds and there will be a [illegible] which they may be purchasing. War bonds and stamps will also be sold in every dormitory.

One of the important features of the War Bond drive is the plan to add to the Mary Jean Simpson Fund. This fund supplies scholarships for qualifying returning veterans of World War II. Containers will be distributed about the campus for the collection of pennies, nickels and dimes which will be converted into bonds and stamps, and then contributed to the fund.

Paintings of Cezanne Shown Canterbury Club

Prof. F. E. Coburn of the Art Department was the speaker at the Canterbury Club meeting held Sunday evening, April 8, in the art building. The subject of Professor Colburn's lecture was Modern Art, on which he presented his opinions. He showed the art work of his students, and some famous paintings by Cezanne, David, and other celebrated painters.

After the meeting, punch and cookies were served.

One purpose of this meeting was to elect officers for next year, but it was decided to postpone elections to a future date.

Classical Club

Cornelius Tacitus, Roman historian of the first century after Christ, will be discussed at Goodrich Classical Club meeting Thursday, April 12, at 7.45, third floor Waterman. Professor Pooley will present a brief biography and some of the background material necessary for reading Tacitus. Members of the club will read selections from the Agricola, Annals, and Germania. There will be refreshments and singing.

SUMMER QUARTER COURSES LIMITED

(*Concluded from page 4*)

Philosophy, Introduction to Philosophy, 3 hours. A complete unit.

Physics 1, 5 hours, 3 hours lecture, 4 hours laboratory. This will be the first quarter of Physics 1 and must be followed by the second and third quarters which will be offered in the Fall and Winter Quarters respectively.

Psychology 1, 6 hours. This course will constitute the first and second quarters of Psychology 1. It may be taken as a complete unit but will normally be followed by a third quarter of Psychology.

Zoology 1, 4 hours, 2 hours lecture, 4 hours laboratory. This will be the first quarter of a full year of Zoology but may be taken as an independent unit.

Zoology 7, 4 hours, 2 hours lecture, 4 hours laboratory. This will be a complete unit of Embryology.

Courses offered in the College of Engineering will include Integral Calculus and Mechanics. This may be elected by properly qualified students.

Students attending the Summer Quarter and paying full tuition may take work in the Summer Session without payment of additional fees.

Tuition fee for the Summer Quarter will be $117.00 (plus a Student Activity Fee), or at the rate of $10.00 per quarter hour for less than full time enrollment. One semester hour is the equivalent of one and a half quarter hours.

Men's Faculty Club Announces New Officers

Election of officers was held at the Men's Faculty Club meeting on April 7, 1945. The following officers were elected: President, Mr. O. M. Cambell of the Agricultural Experiment Station; Vice-President, Prof. F. D. Carpenter of the German Department, Secretary, Prof. J. A. Newlander of the School of Agriculture; and Treasurer, Prof. P. R. Miller, also of the Agricultural College. Carpenter also took on the office of program committee chairman.

Following the elections, the Club listened to a speaker, Mr. Eugene H. Clowes, principal of Richmond High School and graduate of U. V. M. Mr. Clowes spoke on the subject "People Are Funny."

VOL. 63 | BURLINGTON, VERMONT, WEDNESDAY, APRIL 18, 1945 | NUMBER 11

Junior Red Cross Started At Vermont, Chapter Will Assist In Rehabilitation

Vermont Chapter to Send Educational Boxes To Children of Liberated European Countries

As one of their projects in the English methods course, some students in the Elementary Education curriculum have organized a Junior Red Cross Chapter. Its purpose is to give the prospective teachers experience to carry out a similar program in the elementary school where they will eventually teach. Membership in a Junior Red Cross Chapter involves three types of service—local, national, and international, and various activities which enter into the school curriculum are undertaken and carried out during the school year.

For its project the University of Vermont Junior Red Cross Chapter, under the direction of Miss Sullivan, is assisting in the educational rehabilitation of children in the liberated countries of Europe. This chapter is filling educational gift boxes to be distributed among the children by the Red Cross in one particular country. The boxes will include articles of utilitarian and recreational value, *e.g.*, toothbrushes, combs, handkerchiefs, pencils, crayons, paper pads, and small toys.

Each member of the chapter will have as her responsibility the filling of one or two boxes which will be shipped from this area to an overseas area about April 20.

Do you know what it is to have no soap to wash grimy hands? Do you know the kind of feeling one gets sitting in a cold bare cellar with nothing to do? Do you know what it is not to smile for days on end? The Belgian children do. The Belgian children and children in other liberated countries do not laugh and play as children should. War, guns, and bombs have replaced fear for fun in their young lives.

If you want to reach these children and help to bring them back to normal, happy living, you can help too. You can help to fill the gift boxes which will be used in the temporary cellar hole schools where the children are being educated. The price of a coke would buy a cake of soap. The price of a pack of cigarettes would buy a little toy. Which will it be?

If you want to put your personal gift in one of the boxes, you may leave it in the Education Office. In the conference room there is one box for gift articles and one for money contributions.

FRESHMEN ATTEND NURSING ED. CLUB

The monthly meeting of the Nursing Education Club was held on April 11 at 7:30 o'clock in the Waterman Building. The meeting was presided over by Evelyn Gray, president. During the meeting the following members of the freshman class were elected to the standing committees:

Scholarship Committee: Mary Hard and Harriet Squires.

Program Committee: Natalie Salls and Jane Upson.

Uniform Committee: Jean Easton.

This is the first meeting of the club to which the freshmen have been invited. The model of the uniforms was shown for their benefit and they made comments about and asked questions.

A talk on the origin and purpose of the cap was given by Rollande Lacasse. This was followed by a talk on uniforms, origins and recent trends, by Barbara Tennien and Ruby Sanderson.

Miss Brown gave the freshmen information on the Summer Session of which they will be a part. The chief question was, "Will we work in the hospital at all this summer?" Most of the students seemed very pleased with the affirmative reply.

Music Department To Give Operetta

Directors Announce Cast of "Princess Ida"

The Music Department of the University has announced a revival of their annual operetta. This year's production will be "Princess Ida," a Gilbert and Sullivan operetta in three acts. The student produced operetta will be presented at the City Hall Auditorium on May 4 at 8.15 p.m. Proceeds will go to the Red Cross.

Ben Bursten and Franc Skirball, co-producers of "Princess Ida" have announced the cast and those who are connected with the production. The cast includes:

King Hildebrand	Fred Coolidge
Hilarion	Elizabeth Naess
Cyril	Jeanette Soulis
Florian	Anita Smith
King Gama	Ben Bursten
Arac	Richard Hagis
Guron	Charles Knickerbocker
Scynthius	Carmer Van Buren
Princess Ida	Lorraine Farrell
Lady Blanche	Eleanor Brownell
Lady Psyche	Rebecca Farnham
Melissa	Marilyn Holden
Sacharissa	Shirley Lampman
Chloe	Muriel Heninger
Ada	Julia Montgomery

Those who are connected with the production are as follows:

Musical Director . . Prof. Howard Bennett
Orchestra Director
Prof. Ippocrates Pappoutsakis
Vocal Coach . . . . Mrs. Elizabeth Bradish
Accompanist . . . . . Miss M. Marston
Publicity Manager . . . . . Peter Mallett
Costumes,
Rita O'Brien and Avery Hathaway
Business Manager . . . . . Robert Rosenberg
Stage Managers,
Gretchen Relyea and Irwin Tracey
House Manager . . . . . Stanley Golden

The price of the tickets will be 75 cents, tax included, for reserved seats and 50 cents general admission. The reserves will go on sale next week in the University Bookstore and the general admission tickets will be sold by the cast.

Miss Elizabeth Osborne To Discuss Charms With Campus Coeds This Week

On Wednesday, Thursday and Friday, April 18, 19, and 20, Miss Elizabeth Macdonald Osborne, a consultant in personal development from the Dorothy Gray Laboratories, will be at U. V. M. to discuss charm with the coeds. On Wednesday night she will present a lecture on personal development techniques and on Thursday and Friday she will meet small groups of six or eight girls for personal consultation.

Miss Osborne is a graduate of Mount Holyoke College and was also a member of the staff of *Woman's Home Companion*. Her experience includes teaching, art, designing, and fashions. Miss Osborne tells students, "Charm is something that comes from inside. There is no set formula for it and no definite patterns to follow, but if every woman would make the most of what she has she could be charming in her own way."

(*Continued on page 3*)

Annual Lilac Day Program Saturday, Dean Simpson Will Crown Queen

Tradition In Honor of Former Dean Wasson

Queen and Royal Court of Last Year

Dance Workshop Presents "Peter and the Wolf"

Lilac Day will be celebrated on campus this year by a trip to Storyland. Saturday night at 8:00 p.m. the modern dance workshop will put on its annual program at the Burlington High School auditorium. The [illegible] will open as Barbara Powers, the court jester, announces the arrival of the Lilac Day queen and her court who will be unknown until that night. Dean Simpson will join the festivities by crowning the queen. Then the regular program will continue, announced by Barbara throughout.

The first dance will be "The Waltz of the Flowers," with a solo part by Harriet Cohen. "The Donkey," a modern pantomime, will follow, with Evelyn Olsen as the donkey, Joanne Howard as the father, and Selma Soudik and Lynn Derrick as two boys. "The Donkey" is an Aesop fable, and will be narrated by Bernice Lederman. The first two dances will be accompanied by Elizabeth Ann Hill as pianist. The last number, "Peter and the Wolf," is an interpretation of Prokofieff's third symphony by the advanced modern dance workshop. Phyllis Edgerton, the general manager of the dance workshop, will play Peter, the wolf is Crystal Malone, the bird is Jane Smith, Ann Hoon will play the duck; Harriet Bristol will be the grandfather, Barbara McGeever will play the cat, and the four hunters will be Evelyn Olsen, Selma Soudik, Betty Mansfield, and Marjorie Hale.

Miss Hoffman has given a great deal of time and work to working out the routines, and the girls in "Peter and the Wolf" added many of their own ideas. There was a riotous time spent working on the part where the wolf eats the duck.

(*Continued on page 3*)

Dance to Sweet Music At The Spring Formal

Sweet music on the warm spring air, spring flowers; a smoothly polished floor; candlelight on the faces of lovely girls and handsome men; the rustle of long gowns; a moonlit terrace; all this is but a hint of the charms of the approaching Mortar Board Spring Dance, to be held April 28, on the third floor of the Waterman Building.

Jack Collins has promised an orchestra of five pieces to furnish slow, sweet strains befitting the occasion. According to Miles Hysterical Almanac, the weather will be perfect, and the moon will be full. Delicious and cooling refreshments will be on sale.

According to ancient custom, the ladies have the choice this time, to invite the escort of their fancy. Tickets will be on sale in the Waterman Building the Thursday and Friday before the dance, for $1.20 a couple. No one would want to miss the affair, which will be without question the loveliest dance of the year.

"Step Child of U.V.M." Is Topic At Bull Session

Dramatics, "Step Child of U. V. M." was the topic discussed at the recent bull session. Representing the faculty were Professor Metcalf and Ladd. Some humor was added to the session by way of Professors Metcalf and Ladd. Some hufunny stories concerning a play once presented on this campus. Then he gave a brief summary of the history of dramatics on this campus. Under this heading came a description of the dramatic societies which used to be two in number. One was organized for the women and the other for the men.

The Club then expressed their desire for next year. Monthly meetings to which the faculty are to be invited are among some of the future hopes. It is also hoped that there will be lecturers to talk to the club on the following subjects: Make-up, costuming, and stage direction. The club wishes the faculty to take part in readings at the different meetings.

The greatest hope, however, is to secure a workshop in which to develop their talents.

Rev. Holden To Speak

Rev. Edmund Holden, who has achieved a fine reputation at Middlebury College, will speak at Chapel on April 24. He has been at Middlebury for the past two years and before coming to Vermont had parishes in Connecticut, New Jersey and New York. Reverend Holden is a graduate of Wesleyan College and Yale Divinity School.

Pope Will Address Next Convocation

Prof. Willard Pope, associate professor of English will speak at Convocation Thursday, April 19, on the subject "Frontiers of Knowledge of Literature." Professor Pope was born in Detroit, attended school at Stanford University and Hamilton. He obtained his Master of Arts degree at Harvard. He has spent much time in preparing for publication the journal of Benjamin Haydon, whose observations and descriptions reveal more completely the lives of Wordsworth, Shelly, the Duke of Wellington, and Keats. Professor Pope has been at Vermont for ten years.

Veterans' Library Alcove Expanded

At a meeting of the Library Planning Committee to be held in Librarian G. D. Smith's office Friday, April 20, the means of increasing the utility and effectiveness of the veterans' alcove will be considered.

The alcove was founded for the purpose of collecting information on the problems to be faced by students, faculty members, and discharged veterans as the ex-service man makes the reconversion from military to civilian life. Its work has the endorsement of President Millis, Mr. Smith, Prof. A. D. Butterfield, head of the U. V. M. Veterans' Bureau, Mr. Winthrop and Mr. Davis of the Veterans' Guidance Center at the Waterman Building, Leslie Wilson, secretary of Governor's Committee for Veteran Affairs for the state of Vermont and the Vermont department of the American Legion.

E. M. Lawrence, representative for the alcove, in announcing that its facilities would be available to all, stressed the necessity for everyone to deal with rehabilitation realistically. This can be done only by having a thorough understanding of the problems involved and by treating each case individually.

"It is a delicate subject, it is one of the toughest in the world to learn the duties of a soldier and then return to civilian life—much more difficult than converting from a civilian to a soldier," said Mr. Lawrence. "Civilian life doesn't stand still while the soldier is away. He can't begin where he left off, but must start a new life. It may take years in many cases."

"The principle behind the formation of the alcove is not to single out ex-service men from other students but rather through the collection of books, pamphlets, and magazines to promote an orderly adjustment to normal life. Unless this is done there may be danger of America returning to the apple and pencil selling days of the '30s or another march on Washington, with far more serious results."

At present there are approximately 30

(*Continued on page 3*)

GERMANS FEEL NO GUILT SAYS E. MANN

Erika Mann spoke to us last Wednesday on her experiences as a war correspondent, how she felt about the war, and the prospects for the coming peace. She described front line hospitals in France, and liberated Paris. She told how General De Gaulle without a military guard made a triumphal tour from the coast of Normandy to Paris. He purposely allowed himself to be unescorted because of his belief that since he is France itself, France will not harm him. As Miss Mann said, "France cannot kill France." She humorously described the protecting way in which the army treats women war correspondents at the battle front.

Speaking in a sharp, clear accent, Miss Mann colored her talk with humorous stories about generals and G. I.s. For instance, one day she almost delivered General De Gaulle, whom she accompanied from Cherbourg to Paris, into enemy hands. Her intuition and "an uncanny sense of sound" were all that saved the day.

Miss Mann declared that the German people feel no sense of guilt, and that they will expect the most treatment at the hands of the Allies. "There never was one German person with whom I talked," said Miss Mann, "who had taken any part in a resistance movement."

After her speech, Miss Mann answered questions from the floor in a definite and concise way. She seemed cheerful about the hope for a good peace. However, she placed a strong emphasis on the need for close cooperation and understanding between Russia, Great Britain and the United States.

VOL. 63 APRIL 18 1945 NO. 11

In Memoriam to Franklin Delano Roosevelt

Dumb with grief
We have no words sufficient
To array his priceless memory.
No phrases garlanded enough
To adorn his cosmic fame

We have no shouts of
"He is dead—Long may he live"
To send in vibrant waves
Across a stricken nation.
No regal death refrains

We have timeless sorrow only
That is deeper than his passing.
And whispered prayers of love
To humbly, in our requiem,
Pay homage to his name

Nation Mourns Roosevelt's Death As Dawn of European Victory Approaches

Stunned by the sudden death of President Roosevelt, the University immediately made plans for a brief memorial service. It announced that the hours set aside for student administrative activity stopped at 3:30 p.m. on Friday for a worship service at Ira Allen Chapel. Students and faculty alike were present in large numbers to pay their homage to a great man. Professor Evans of the History Department paid tribute to the late president in a speech on his qualities and achievements, as printed below.)

Today we mourn the death of one of the great figures of history. We are stunned by the loss of the chieftain to whom we have looked so long and so confidently for guidance. There has been no time yet to recover from the shock of the blow. We are still aghast at the prospect of completing the titantic struggle for victory and a durable peace without the inspiring leadership, the deft and wise guidance of our wartime president. In our grief we can only take consolation in the fact that at one of the great crises of our history America has had the good fortune to have as its chief executive a man of such superb endowments that he was able to reconcile all our discordant elements, to bring forth all the giant strength of the nation in the cause of our own and of the world's freedom.

Twentieth Century Warrior

Such a rich personality has impressed itself in a hundred ways upon our times. And certainly one of the most lasting impressions which Franklin Roosevelt has left is that of the radiant warrior, fighting joyously the good fight. From his first days in the White House he was rallying a dispirited people to a lusty fight against depression, conjuring the fear which paralyzed us, calling up a new courage which caught and flamed at the torch of his own burning confidence. There he gave the measure of his stature as a captain on the field of battle. We could follow him as men did Henry of Navarre knowing that where the white plume waved, there was the center of the fray. That victory was won. Thereafter we could afford the luxury of disagreements among ourselves. We could differ with our chief executive, violently at times. And he could make mistakes, some of them serious mistakes. But when has human leadership been faultless? The very ardour of his spirit which roused the devotion of millions of his countrymen, awakened the fears of others. It is all the greater tribute to his qualities of heart and mind that, when a great international crisis arose in the midst of our dissensions he was able to lead us as a united people into the great struggle of the twentieth century.

Appealed for Defense

As far back as 1937 he had the insight to see what the rise of aggressive dictatorships portended for our liberties and those of the world. It was then at Chicago that he called upon us to quarantine the dictators. We were deaf then to the appeal. He had entered our cyclone cellar of neutrality acts and we were in no mood for heroic action. There was a very grave danger then that America might not be aroused in time from her lethargy. As war drew closer and at last burst on Europe, we stirred slightly but still were not awake. Hasty and ill-considered action on the part of the president might then have divided us hopelessly. Only infinite patience and tact and skill could bring us, a united people, into the great rôle we had to play. Sometimes it was by persuasion that he moved us. Sometimes it was with the searing phrases of an Old Testament prophet that he aroused us as when he denounced the Mussolini who struck the dagger into the back of prostrate France. It was he who saw that in the cause of universal freedom Britain must be saved at all costs and, in the exchange of destroyers for bases, it was he who found a formula at once effective and palatable to our people. And when at last war descended upon us, it was he who had the imagination to think and plan in such fantastic terms of production as to leave us speechless. It was he who found the resources of tact and patience and understanding to form and hold together the great coalition of United Nations, pledged to the redemption of human liberty.

Roosevelt Legend

We can safely leave to the future a final judgment upon Franklin Roosevelt's place in history. In the perspective of the years his stature may increase as has that of Abraham Lincoln since 1865. Myths and legends may gather about his memory. But to this generation of Americans who have shared with him the gigantic struggle for liberty in our day, he will remain the calm and supremely confident leader of America at war, the man of unshakable courage who in the darkest days of the battle could call forth all the latent strength and resolution of our people, the man of tact and patience and tenacity who welded and held together the greatest coalition in history, the man of vision [illegible] also of iron will who [illegible] himself with mere victory, [illegible] while God gave him life [illegible] victory with a durable [illegible] that, millions of Americans [illegible] and other millions yet to [illegible] all partisan bitterness, [illegible] as a statesman who sought [illegible] reality to democratic freedom [illegible] the principles of a capitalist [illegible] the needs and rights of the [illegible] he has gone from us and we [illegible] poorer without him. But [illegible] remains the memory of that [illegible] which in the darkest of [illegible] nothing to fear but fear. That [illegible] example of superb confidence in the [illegible] less spiritual resources of our people [illegible] we are appalled at our loss [illegible] courage from a knowledge of [illegible] limitless resources.

Open Forum To Be He

An open forum on "The Dumbarton Oaks Proposals and the Yalta Conference" will be held at the Unitarian Church next Sunday evening, April 22, at 8 p.m. Prof. George G. Groat of the Economics department will present the subject, and Dean Mary Jean Simpson and Mrs. Skillman Myers will speak for and against the proposals. An open discussion will follow. All students and faculty are invited.

Military Honor Guard Salutes Late President

On Saturday afternoon at 5, a Military Guard of Honor assembled to lower the flag which had been flying at half mast. Tech.-Sgt. Frank Lawler of the U. V. M. Military Department played retreat and "To the Colors" after which Margo Donahue read Psalm 23 over a microphone from the Library steps. Dick Merrill played taps which was echoed from Ira Allen statue by Verna Hall. The color guard was composed of George Jimmo, Doug Parjreau, Earl Goldstein and Alan Kraft. Lieut. Frank Ryan and 1st Sgt. Charles Parker of the Military Department arranged the ceremony.

"Tanker out of control on port bow," the lookout telephones to the officer on the bridge. Ever alert, this merchant seaman and his mates transport mountains of materials to every battle front. In spite of fog, storms and the enemy, they are delivering the tools of Victory.

Until the day of Victory comes, our job at Western Electric is to keep on producing vast quantities of communications and electronic equipment to aid every branch of our wartime services. In this work, many college graduates—both men and women—are serving their country well.

Buy all the War Bonds you can—and keep them!

Sports Stuff . . .

Bob Morris

Vermont's first wartime baseball team, tugging at the leash as it awaited actual practice on Centennial Field, was out of doors for the first time during the past week. Drill continued to consist mainly of infield batting practice, but in addition the outfield candidates were given an opportunity to sharpen their fielding eyes.

The squad was further strengthened by the Manionev brothers, Vince and Dick. Vince is an infielder with plenty of promise, while Dick looms as a possibility for an outfield post.

Jerry Gardner's starting lineup is still as indefinite as it was at the opening practice session. Coach Gardner states that many of the boys are improving each time out. The ability and improvement shown during the next few weeks will determine who will be "do or dying" for the Green and Gold when the opening game rolls around.

Ted Battles, a brilliant catching prospect, joined the growing casualty list on April 14 when a tip foul rendered him "hors-de-combat." An examination by physicians disclosed a broken little finger. Although Battles is expected for practice sessions later in the week, the injury will probably prevent serious workouts for at least three weeks.

Standings Stick In Bowling League

Last week's bowling scores were comprised sweeps of six to zero for the Phi Sigs and Delta Theta Gammas against the Alpha Chis and SAE respectively on Tuesday last, and the Men's Independents over the SAE's on Thursday.

This still does not change the present set-up of the leaders in our bowling tournament. The Owls and the two Independent teams still are the only competitors for top honors with the Phi Sigs running fourth with a score of 24.

The scores for the week are:

Owls	38
Women's Independents	38
Men's Independents	33
Phi Sigs	24
Delta Theta Gammas	18
Alpha Chi	17
Pi Phi	16
SAE	14

Sorority Serves Picnickers in Gym

In spite of Student Government's and Sigma Gamma's hard work, the big picnic and band concert planned for last Saturday night dwindled to an indoor picnic. At noon that day the band received a telegram from President Truman saying that due to the president's death there would be no military demonstration. It was felt that the singing and entertainment so carefully planned would also be inappropriate. The supper, fixed and served by Sigma Gamma in the gym, lacked only radiants to make it a real picnic. The usual bridge games were started while a few hardy souls roller skated, but the high point of the evening was undoubtedly Anita Smith's playing her latest composition, a rhumba called "La Copa de Nada," for the first time.

Notice

On Tuesday, April 24, Miss Grace Bamonte, Personnel Manager for B. Altman and Company in New York City, will be on campus to interview seniors who are interested in the field of retailing. Please make appointments for interviews, with Miss Bayley, at the earliest time.

A campaign for pennies for the Mary Jean Simpson fund has been started in the Book Store. A jar has been placed there for contribution to this worthy fund, out of which many projects are helped.

Student Government office hours are now 9 to 12 every weekday morning. The office is just off the second floor study hall. Peggy Miller, treasurer, will be in the office every morning from 9 to 10.

All lists of sorority and fraternity members must be in Registrar's office by April 20 if they are to be included in this semester's average.

There will be a Student Convocation Thursday, April 19, at 10 a.m., in the Ira Allen Chapel. Attendence is required of all students in the three academic colleges.

Prof. Willard Pope will speak on "Frontiers of Knowledge in Literature."

E. Swift, *Secretary*.

Sign up for spring sports Thursday and Friday of this week. The new season starts April 25.

College Students Congregate at HOWARD JOHNSON'S Shelburne Road South End Bus Line

W. A. A. Notes

This spring brings promise of a broader than ever physical education program which will hold interest for everyone in at least one sport. Riding heads the list with lessons given by Ted Bessette. Permission must be filed in the Physical Education office. W. A. A. credit will be given to sophomores and freshmen who complete six hours. The rest of the schedule is as follows:

Monday and Wednesday

1.30 Tennis—(Int.)
Archery—(Begin.)
2.30 Tennis—(Begin.)
Archery—(Begin.)
3.30 Tennis—(Int.)
Softball—(Begin. & Int.)
4.30 Tennis—(Adv. & Int.)

3.30 Softball—(El. Ed. Soph.)
Swim Club
4.30 Archery Club

VETERANS' CLUB

(*Concluded from page 1*)

veterans on the University campus. Since they are so few the problem is relatively insignificant at the moment. As the war draws to a close their numbers will increase, and the problem will become more acute. Vermont has done much for its former service men but will be called upon to do even more in the future. Success depends on the active cooperation of all students, faculty, and veterans.

Contributions of magazines, books, articles or even sources of information to the alcove will be greatly appreciated. Only through knowledge can U. V. M. students be made to realize their duty in doing all in their power to understand and help those who protected the type of life we enjoy today.

Phi Sig's Hold Pledge Ceremony and Banquet

Phi Sigma Delta held a pledge ceremony and banquet in honor of their new pledge, Franc Skirball, on Thursday night, April 12, 1945. The pledge ceremony was held at the home of Frater Arnold Colodny. After the ceremony the men proceeded to the Black Cat for a banquet in the new pledge's honor. Those attending were Bernard Kaye, Walter Stern, Robert Rosenberg, Michael Greenfield, Arnold Colodny, Stan Golden, Ben Burstein and Franc Skirball.

Come Visit POP BROOKS at Bowlaway 65 Main Street

W.A.A. Party Fri. Introduces Night Baseball to U.V.M.

"Smoothies" Trounce "Rockets" In 94 to 50 Softball Tournament

Night baseball is introduced at U. V. M.; in spite of the "brownout," an exciting softball game was the main event at the W. A. A. party Friday night. "Smith's Smoothies," headed by Anita Smith, soundly trounced Betty Richie's "Rockets" by a score of 50 to 49, or was it 94 to 50?

Repairing to the gym after an hour of this strenuous game the players revived themselves with popsicles and Coca Cola.

With renewed vigor the indomitable sportsmen tried their hands at ping pong and shuffleboard. Four members, however decided that they had taken enough exercise for one evening and retired to a corner for a quiet game of bridge.

Some of the more energetic members donned skates and waltzed to the tunes of popular bands.

Ping Pong Tournament To Decide U.V.M. Champ

The third annual ping pong tournament at U. V. M. is well under way. Mr. Allen of the bowling alleys has set up a roster of players who will compete with each other in the elimination tourney. There are both a men's and women's tournament scheduled. This table tennis elimination tournament was supposed to start at the beginning of last semester and be over by now, but it was interrupted by the vacation and a number of other school activities. "Al" hopes to finish this one and start another one before the end of the year to determine the ping pong champ of U. V. M. The opposing contestants are as follows:

Men

Walter Stern—Irwin Tracey
Bill West—Stan Golden
Frank Sterling—Frank Skirball
Howie Stein—Anton Avakian
Frank Hedrich—Douglas Parizeau
Eddie Boyarsky—Michael Greenfield
Arnold Colodny—Mickey Frank
Wendell Barwood—Bob Barrows

Women

Shirley Malek—Barbara Burnham
Mary Thornton—Mildred Trachtenberg
Lenore Kahane—Marion Rosenbaum

Lilac Day

(*Concluded from page 1*)

and when the duck and bird are arguing about the respective merits of swimming and flying. Ruth Ann Holmes and Frances Witham have been working constantly on the many and varied costumes, and the members of Staff and Sandal have charge of finances, scenery, and publicity.

After the program, the Sophomore Aides are holding a reception for the dancers and their invited guests. Reserved tickets at 50 cents, and rush tickets at 30 cents are on sale at the Book Store and Wood's on Church Street. Also some individuals are selling them.

The celebration of Lilac Day was started to beautify Redstone campus by planting a lilac bush there each year. The rest of the proceeds this year will go to the Dean Simpson Fund for returning veterans.

The students of U. V. M. look forward to this festivity each year, and the usual large crowd is hoped for again this Saturday night.

The Outing Club will go to Bryant's Camp for its first spring hike on May 1.

Franklin Delano Roosevelt 1882-1945 McAULIFFE'S Church and College Streets

The Interrogating Daguerreotypist . . .

ARNOLD H. COLODNY

The question

What Do You Think of the Honor System?

William M. Dunn, '45, L.A.: 381 Main St.: "I suppose of having it run as it does at present we can't tell why it won't work. Nine out of ten of the students are honest anyway and social pressure should aid in maintaining it. It should be run entirely by the students and any offense should be considered in a very grave light not only as an academic offense but also as a social one." Bill is a recent transfer from Princeton and hangs his hat in Plattsburg, N. Y., when he is home. A Zoo major, Bill intends to do graduate work in Bacteriology at Yale.

Lewis D. Mayhew, '48, Med.: 20 Brookes Ave.: "I don't see why an honor system would not work here at U. V. M. Several professors have been successfully using it in their classes for a number of years. Of course when such a program is enlarged upon, some possible and necessary abuses are always evident. However it should eventually prove to be of great importance in the life of a student body." Eddie hails from Manchester, Vt., likes golfing, played freshman football, was R. O. T. C. captain, and was on the Cynic staff during his undergraduate days.

Shirley D. Harris, '47, L.A.: Delta Phi House: "Not only do I approve of the honor system but I think the advantages greatly outweigh the disadvantages. First, it will create a sense of honor with the students themselves. Second it's about time we got over the petty idea that education should be conducted along the lines of a home for delinquent children. Students of college level should be considered mature enough to practice the honor system. It's about time we started practicing idealism, or are given the opportunity to do so." Shirley is co-manager of the debating team. She comes from that country that claims to be an ally of the U. S.—Brooklyn.

George Dykhuizen, Associate Professor of Philosophy, 350 So. Prospect St.: "I think the honor system is a goal to be strived for. There is no reason why it can't be as successful here as it has been elsewhere. If not, something is radically the matter with the students at U. V. M. and I, for one, would be very reluctant to admit that the students here are less honorable than the students at Virginia, Wesleyan, or Williams where it has been a success. This means that an honor system here would be successful if the students wanted it to succeed." Professor Dykhuizen is starting his nineteenth year at U. V. M. He came here directly after graduating from Indiana and Chicago Universities.

Miss Jeannette Van Alen, Youth Secretary of the American Friends Service Committee, will be at the University on Thursday, April 26, to interview all students interested in participating in any of the summer projects of this committee. These projects include work camps, peace caravans, Mexican Service project, Student-In-Industry groups, Women's Service in mental hospitals, social service groups, and institutes of international relations. These projects are located in all parts of the country. See Miss Bayley or Reverend Hall for further information and appointments.

Beauty Consultant Here

(*Concluded from page 1*)

During the past 15 years Miss Osborne has visited more than 100 leading colleges, universities and girls' preparatory schools at the invitation of faculty officials. The Sophomore Aides are sponsoring her visit here and will make out schedules for personal consultations for a small group of girls in the main lobby of Waterman on Thursday and Friday mornings from 9 to 12.

What? Where? When? Drive for Old Clothing Starts Apr. 19 at UVM

A CHALLENGE TO THE STUDENTS OF U V M

A most important and humanitarian enterprise has been taken up by our nation and we appeal to you for your whole hearted support in backing this vital enterprise.

A drive for used clothing, to be given to the victims of the war-torn areas of the world will commence on our campus on Thursday, April 19, under the auspices of the Religious Life Committee.

Collections will be received in every dormitory, sorority house, and also in the Main Lobby of the Waterman Building.

Although clothing need not be in perfect repair, it must be useful to the people who will receive it.

Mr. Elliott in a national appeal said: "I know that every man, woman, and child will want to do his utmost to relieve the terrible suffering that many are undergoing due to exposure and disease growing out of a long and terrible war."

If we consider that as many war victims have died from exposure and lack of adequate clothing as from starvation we at U. V. M. might at least demonstrate our gratitude for being spared the horrors which have destroyed so much of Europe by contributing our share in this worthy cause."

Buy A Bond!

For Tomorrow

Co-eds to Choose Rooms Next Week

Room choosing for the coming year will take place the last week in April. A list of approved residences will be posted from which girls are to make their choices. These residences will be open for inspection from 4 to 5 p.m. on Thursday, Friday and Saturday, April 19, 20, and 21, respectively. Girls are asked to limit their visits to those hours.

Rooms will be chosen according to numbers drawn. Women will bring a $5.00 room deposit with them at this time. The schedule for the drawing of numbers is as follows:

Juniors, Monday, April 23—10 a.m. to 4 p.m.

Sophomores, Tuesday, April 24—10 a.m. to 4 p.m.

Freshmen, Wednesday, April 25—10 a.m. to 4 p.m.

Rooms will be assigned and contracts signed on the following days:

Juniors, Friday, April 27—4 p.m.

Sophomores, Monday, April 30—4 p.m.

Freshmen, Tuesday and Thursday, May 1 and 3—4 p.m.

Special arrangements will be made for those who have physcial education and hygiene classes or rehearsals at these times.

NOTICE

Meeting of Advertising Staff and Scrubs on Friday, April 20th, in the CYNIC Office at 4:15 P.M. Important—please be there.

HARRIET COHEN, *Advertising Manager*

Living quarters will be cooperative houses near bus lines. Rooms in nearby apartment houses are also available. Rent will be less than $15.00 a month per student. A registration fee of $15.00 is payable for the entire period.

Seminars, speakers, visits to places and events in the community, picnics and discussion groups are part of the plans for giving good experience to those who are interested in social, economic, and religious problems. This opportunity offers to intelligent students the possibility of meeting and working with many different types of people of various skill and backgrounds.

Senior Home-Eccers See Life in New York--Even Diet Kitchen

Rita McGarry

The long-awaited, carefully planned (a la Underwood) adventure of nine senior girls finally came to its realization on April 2 when their two guides, Miss Underwood and Miss Lee, took them on a trip to New York to see Life, have fun and of course on the side to see a few dietetic kitchens since these girls are the Food and Nutrition Majors of the class of '45.

On Monday night at 9:00 p.m. they anchored at Hotel McAlpin with great difficulty according to Melby, for the lines to the desk were long and if it hadn't been for Junk's blue eyes they probably wouldn't have got to bed that night.

Chris and Helen continually delighted the entire group with their observations and accompanying remarks for this was their first trip to New York and my but those building were high.

Bright and early Tuesday morn the girls got a glimpse of George Washington Bridge for they were on their way to West Point to see the massive dining hall and kitchens and—well!! The idea of serving 2,500 people at one meal rather floored the girls but they finally came to the conclusion that West Point would be a *rather* interesting place to work. They were impressed with the huge kitchen but overawed at the Bachelor Officers' Dining Hall where, according to Shirley Needham, the bread and butter plates were made of sterling silver! Shirley was also intrigued by the engagement bell. When one of the bachelors becomes engaged the bell is passed around the table until it reaches *the* man who rings it loudly and proceeds to treat his friends to champagne. While in this dining-room the girls were served cupcakes and coffee that was strong enough to curl their toe nails.

On the way back from W. P. the gang had lunch at the Bear Mountain Inn. While there they looked in at the Dodger Training Camp and met none other than Bill Roeder, U. V. M. '43, who is now on the sports staff of the *New York World Telegram*.

Tuesday afternoon saw the girls touring the massive kitchens of the Presbyterian Hospital. This proved particularly interesting to Thelma, Bunny, Cactus and Melby, who are planning to go into this type of work. A smorgasbord dinner at the "Castle Holm" was one of the highlights of the trip. Not only was the food délicieux but the Norwegian sailors present sure knew how to rhumba—ooh-la-la!

Wednesday proved to be a red letter day for not only was the campus of Columbia University honored by the presence of nine beautiful U. V. M. women but the gals celebrated Clara's [illegible]. Most of the afternoon was [illegible] ing to eliminate the [illegible] food preparation from M[illegible] Stoddard's Restaurant. [illegible] clocks and other accessories [illegible] kitchen look like the [illegible] robot plane—yet the kit[illegible] the most quiet one in the [illegible] Wednesday night was the [illegible] ning the girls made the m[illegible] went to see "Life With L[illegible] others saw *life*. Clara's [illegible] the climax of the day, was [illegible] and was a celebration for [illegible]

A tour through Wa[illegible] morning consumed at least [illegible] half hours. There are [illegible] service units in the st[illegible] were served a real old [illegible] with four scoops of [illegible] luxury. From Wanamaker's [illegible] Waldorf-Astoria—more [illegible] Starlight Roof—Wedgewood [illegible] cock Alley—and then [illegible] Music Hall. The annual [illegible] in full swing and the [illegible] chorus girls carrying [illegible] culmination of the whole trip.

On the last day they [illegible] planned market tour down to the [illegible] on the East River at 4:30 a.m. Sa[illegible] were sleepy and there was one [illegible] might go astray Gabriel the [illegible] call him the Pied Piper [illegible] his horn at intervals to keep [illegible] intact. They visited the [illegible] and eggs market but the real treat [illegible] the flower market where they saw [illegible] of all shades from green to lavender.

After this strenuous week four [illegible] girls went to Junk's home in Maple[illegible] N. J., for their beauty rest [illegible] more brave souls went shopping at M[illegible] for a final finish and it near[illegible] of them—we won't say whom!

Back at the old grind on Monday [illegible] ing after a glorious week the girls [illegible] mented briefly, "Life can be beautiful[illegible]

Dorm Notes . . .

DELTA PSI

The marriage of Elaine Earle and Lt. Norman Cook was formally celebrated with cake and ice cream at Delta Psi Sunday, April 8 at [illegible]. Everyone in [illegible] P[illegible]s and what have you received little gadgets showing their future destination via the lake. Jimmy Lieberman received a wedding ring, while Spike Thurston played "Humble, Humble, whose got the thimble" in the corner. It's a draw between Tabey and Connell's game of the other two showed the shamrock. But what's to become of the one who didn't?

We have a new bridge table given us by Elvie Smith, and all sorts of bridge players. "One spot one more hand" type the sitters, mere silent kibitzers, and then there's Bunny.

We had a tea the Sunday before Easter Vacation for the student nurses. The whole department showed up in full. What a swell group. Hope they'll come see us again.

PHI SIGMA DELTA

The girls have been suddenly attacked by spring fever. It has broke out in a hair-cutting party. The one and only "barberess" at Phi Sig is Miss Betty Pierson. She has sent a sample of each girl's hair to her father. Maybe this fever was affected by Betty's call from South Carolina last Sunday night.

Peggy Waterman plans to take Aunt Marion Lawson to New Jersey next summer to keep her out of mischief.

Joanie Avers celebrated her twentieth birthday at Howard Johnson's last Wednesday night.

SLADE HALL

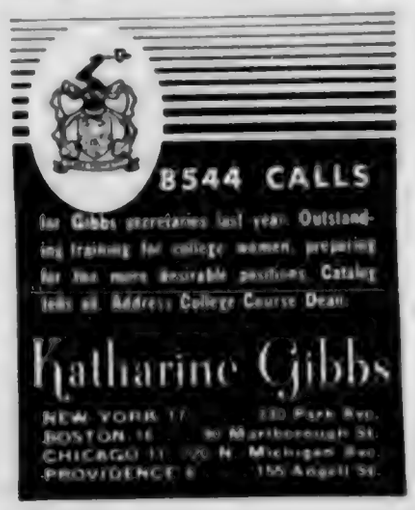
Mug Burgraff who tried to keep her birthday a secret was serenaded at 6:30 a.m. on Friday the thirteenth. The reason? Mug was celebrating her twentieth birthday. Later that evening the inmates of Happydale and a few invited guests gave Mug a birthday party with ice cream, cake and cocoa. Everything went along smoothly until—[illegible] decided Mug's floor needed a washing and spilt a cupful [illegible] on the floor. Mug's birthday was one of the few good things that happened on this unlucky day.

Bess Kelly's brother Bud (a Williams man) was visiting his big sister for the weekend. He made quite a hit with the Slade Hall girls. It seems that they are all planning on transfering to Williams. A few even gave of their time to help Bess entertain him.

Many Fields Open For Summer Work

Several new opportunities for summer work have arisen. Miss Bayley, head of the Vocational Guidance Service, still has some positions open for counselors in a Y. W. C. A. and a Girl Scout camp. Students who are interested in doing work in mental hospitals are needed by several institutions in Philadelphia and in Connecticut. The United Settlements of Greater Boston are also looking for college students to work in some of Boston's settlement houses and youth agencies. Those who accept such positions will work with under-privileged children in play schools and playgrounds.

The Women's Land Army, already more than half a million strong, still needs more members urgently. The war has created an alarming manpower shortage on farms of this country. Anyone who has some free days, weeks, or months is requested to join this movement. The greatest need is for part-time workers to help on nearby farms harvesting perishable crops such as tomatoes or berries. (Here in Vermont next September there will be special demand for apple pickers.) Camps are operated for women in some areas. The "farmers" may live in these camps with outside recreation planned. The regular prevailing wage will be paid for the amount and type of work done. Consult Miss Bayley for further information.



For the second year, the Student Christian Movement in New England is sponsoring a Student-Industry Project, to be carried out in Hartford, Conn., from June 26 until August 27. Application may be obtained in Miss Bayley's office. Each student participating in the project will have a job in one of Hartford's plants. The position will be secured by the individual according to his or her abilities, experience and skill. Lists of advisable jobs have been prepared as a further aid in selection.

Betty Farnsworth Reigns At Lilac Day Festivities

Trip To Storyland Is Theme of Traditional Celebration Conducted By Dance Workshop

...nsportation to Storyland, "where the ...ow ends and all sorrows are past" ...rovided Saturday night, April 21. ...casion was the traditional Lilac ...estival given in the Burlington High ... Auditorium by members of the ... Workshop under the direction of ... Hoffman.

The program opened with Barbara ... '46, the Court Jester, setting the ... for the coming events by transport... ... present to Storyland and then ...ducing to them the Queen and her ... The Queen, Betty Farnsworth ... then entered to sit on the throne and ...over the Land of Stories. Her court ..., Mary Jean Dunsmore '46, Eleanor ... '45, Nancy Hall '46, Lenore ... '47, Marion Lewis '47 and Beverly ... '48, followed. The Queen was ...owned by Dean Mary Jean Simpson in ... ceremony in which she recited the ...rmont Creed, written by former Dean Pearl Wasson to whom Lilac Day festivi... are dedicated.

Cohen, 1st Soloist

The Jester then announced to the ...sitors of Storyland what their first view ...n this new land was to be—"The Waltz ...f Flowers" by Tschaikowsky, performed ...y Harriet Cohen '46 as soloist with a ...horus of thirteen.

The next number was "The Donkey" by Miller. To the narration of the plot by ...ernice Lieberman '45, the father, Joanne Howard '48 and the two boys, Lynn ...Derrick '48, and Selma Sondik '47, acted ...ut the story of taking their donkey, ...velyn Olsen '47, to market. The first ...o appear to give them advice were two ...irls who advised that at least one should ...ride. This advice taken they again started ...n their journey. In rapid succession old ...men, women and merchants all arrived to ...give their advice. The advice ranged ...from two of them riding to the stage when ...finally the three of them were carrying ...the donkey. At this the donkey felt he ...had had enough and after much jumping ...around, finally kicked up his heels and left. ...The curtain closed with the father and ...his sons shaking their heads in despair ...over the moral of the story, "You can't ...please everyone."

"Peter and the Wolf"

Next came the story of "Peter and the ...Wolf" by Prokofieff. The music and ...narration were provided by records to ...which the various characters danced out ...their parts. Into a picturesque field in ...which a bird, played by Jane Smith '47, ...merrily flitted around, appeared Peter, ...portrayed by Phyllis Edgerton '46, who ...boldly opened the gate into the field and

Vermont Debates Traditional Rivals

The biggest event in the debating year is the Lawrence Prize Debate with Middlebury College. Middlebury and U. V. M.—always rival competitors—will meet Friday evening, April 27 in the Student Lounge of the University of Vermont. Prizes will be awarded to the three best debaters chosen from Vermont and Middlebury teams. The debate itself will be decision. The question: Resolved: "That the United States should adopt a Constitutional amendment providing for Ratification of Treaties by a simple majority vote of both Houses of Congress."

In all, there will be six judges: Three to render decision on the debate, and three judges to decide in awarding the prize money. Three prizes, first, $25.00; second, $15.00; third, $10.00 will be awarded to the most proficient debaters, regardless of which team they are on.

U. V. M. debaters participating are Eileen Pickett, co-chairman of U. V. M. Debate, Pearl Weissbard, just returned from a debating trip in Rhode Island State, and Stanley Golden, who has participated in many intercollegiate debates this year. The chairman will be Shirley Harris, co-chairman of U. V. M. Debate. The six judges will be prominent townspeople of Burlington, with the stipulation that none must have been graduated from either Middlebury College or the University of Vermont, or in any way affiliated with either.

Due to the war, sports has dropped to the background in Vermont's intercollegiate activity; however, debating is in position to carry on intercollegiate competition. So let's see a goodly audience at the debate this Friday night. The time is 7.45. Vermont can give Middlebury a touch of good competition, but we need the student's support by their presence. Here's luck to the U. V. M. debaters!

CERCLE FRANCAIS HAS FIRST MEETING

The long awaited Cercle Francais had its first meeting Wednesday last at 7:30 in room 217, Waterman. Irene Brussovansky is the new president, Shirley Zoll is vice-president and Catherine White is secretary. Professor Doane is the faculty ...

...ing the Coffee Pot game, in which the players tried to identify a famous ... who the leader had in mind, the ... scholars present had an opportunity ...exercise their French. Conundrums ...in French were another source of enjoy...ment for the group. Shirley Zoll and ...Jackson enacted an amusing little ... fishing. The group agreed that ... like to have excerpts from ... classics read in future meetings. ... the singing of the Marseillaise the ... dispersed.

Bookstore Displays Jewelry From Tropics

There are earrings made from real fish shells in the University Store.

The bracelets from the Bahamas, B. W. I. are the prettiest of all. Small shells are intricately wired to form flowers and leaves which at first glance seem real. All of the jewelry is delicate and appropriate for Spring.

Give Your Clothes To the Axis' Foes

Devastated Countries Need Your Old Clothes

Old Clothes Fight for Freedom. Clean your closets, go through your attic—clothes must be found! This week the college is taking part in the United National Clothing Collection which has as a goal 150,000,000 pounds of clothing. Each student should contribute at least one piece of clothing. The need in war torn Europe is desperate.

Boxes have been placed in each dormitory and sorority house. For those who live in private houses or at home, a box has been placed in the main entrance hall of Waterman and they are asked to bring their clothing there.

These types are needed most urgently. Men's and boy's garments from overcoats to knitted gloves. Women's and girl's skirts, sweaters, dresses, and jackets are among the necessary items. Serviceable heavy duty caps and knitted headwear are requested rather than women's or dress hats. All kinds of bedding. Durable shoes. No open toes or heels can be used. If you have any usable remnants, give them. They can be made into worthy articles.

The drive ends the end of this week so please try to help the nation reach its goal as it will be appreciated so much in the devastated countries.

Dance to Jack Collins' Sweet Music May 28

Candlelight and the soft strains of Jack Collins' orchestra will provide the atmosphere for the annual spring Mortar Board formal, Saturday, April 28. The dance is being held on the third floor, which is to be decorated with spring flowers and candles. As is the tradition the dance is a girl invite boy affair with the tickets obtainable at $1.20. If weather permits the refreshments are to be served out on the terrace.

Mary Ashe and Vesta Stevens are in charge of publicity, Ruth Jordan is handling the decorations, Shirley Needham is in charge of the refreshments, Chris Hughes is taking care of the tickets, and Barbara Burnham has arranged to have Miss Simpson, and Professor and Mrs. Rowell for the chaperones.

WOMEN'S DORMS FOR SUMMER ARE CHOSEN

A tentative list of women's dormitories for the summer session has been drawn up in Dean Simpson's office, and although subject to change, this list is reasonably permanent. Roberts House and Allen House will be used for the undergraduate girls, and the summer session students will live in Kappa Sig, Grassmount, and Delta Psi. If enough girls are interested in a co-operative house, Claggett will be opened. The regular U. V. M. nursing students have expressed a desire to live together in one house, and it is expected that the A. T. O. house will be given to them. The Sigma Phi House is to be used for conference groups visiting the campus during the summer.

To presidents of departmental clubs and sports managers: Please hand in nominations for positions by Wednesday, May 2, so that they may be checked for points before elections. Leave them in my box in the CYNIC Office or hand them to me.

MARJORIE NELSON
2nd Vice-President of Student Union

UVM Honors Ira Allen On May 1, Founder's Day

Classes To Be Shortened For Traditional Morning Exercises Held In Ira Allen Chapel

Founders Day Speeches

WILLSON DAILY
Ex-President of Student Government

As May 1 rolls around once again, U. V. M. students prepare for the annual Founder's Day program, which has been honored since 1901. Speakers at the assembly service held in the Ira Allen Chapel on May 1 at 11.40 will be Vesta Stevens and Willson Daily. Vesta is the president of Mortar Board, and Bill is the former president of Student Government. One of the highlights of the program will be the announcements of the newly elected honorary society members.

The Founder's Day program was started, and has been continued, to recall and respect the spirit of Ira Allen, the founder of the University of Vermont and the State of Vermont. It is one of the best programs of the year to unite the faculty, students, and alumni for the theme is one of interest to all. The first observance of Founder's Day was held in Billings Library, and since then it has been the custom each May Day to have a similar service.

Mortar Board initiations will take place this year, and announcements of the six other honorary societies: Staff and Sandal, Sophomore Aides, Bluestockings, Omicron Nu, Tau Kappa Alpha, and the All Sports Club. Seniors will be distinguished by their caps and gowns.

Classes are to be shortened by five minutes. The following is the schedule for the morning classes: 8.00-8.45; 8.55-9.40; 9.50-10.35; 10.45-11.30. The exercises, required of all in the three academic colleges, will open at 11.40, and close about 12.30. Afternoon classes will begin at 2.00 and continue accordingly.

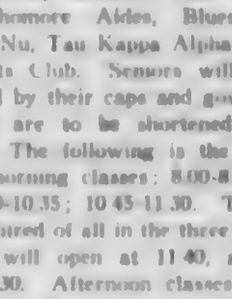
Students Invited To Town Meeting

The town crier of Burlington will herald the people of this city to a very important town meeting at the end of this month. This town meeting is to be held at Memorial Auditorium on April 30, 1945. A discussion will take place in order to give the people of Burlington a chance to express themselves on questions pertaining to the Dumbarton and future San Francisco conferences. Mayor Burns will preside over the meeting and the city clerk will act as secretary.

In order to show their interest in the important conference to be held on the West Coast, approximately seven hundred citizens of Burlington have petitioned the Mayor to call this meeting for the end of the month. They feel that the city of Burlington, as well as other cities in the United States, should give all out co-operation to the planners of world peace at the conference. A vote will be taken in order that Burlington might cable the United States delegation at San Francisco to back this country's entrance into a United Nations organization as outlined by the Dumbarton Oaks Conference, and as will be permanently planned and formed by the San Francisco Conference.

Both Senators Austin and Aiken and Representative Plumley of Vermont have been invited to the meeting, and the former two will be urged to ratify any decision of the U. S. delegation in the matter of our entering this United Nations organization.

Someone will be dressed as a town crier of colonial times to call the town out on this important occasion, and it is expected that both the Burlington and Cathedral High School bands will put the people into the spirit of the meeting. Those attending U. V. M. are urged to attend as this vital issue will concern them as future voters and as citizens of a peaceful world.



Cap Added To Uniform Of Nursing Students

A cap has been designed by Rollande Clouatre '48, for the members of the Nursing Education curriculum and has been accepted as a part of their official uniform. Upon graduation a green ribbon will be worn upon this cap to signify that the wearer has graduated from the University of Vermont.

Sophomore Aides Net $270 in Drive

To the tune of "Equip a G. I. Joe," the Sophomore Aides have been conducting a war bond drive as a part of the Seventh War Bond Drive. The drive was conducted between April 11 and 18 on the main floor of Waterman and resulted in the sale of $270.10 worth of War Bonds and Stamps. The committee chairmen for this project were Jan Fickenscher, Mary Bresnehan and Virginia Donaldson.

The Sophomore Aides also collected pennies to buy stamps for the Mary Jean Simpson fund for returned war veterans. They did this by placing jars for pennies in various places, including the dorms.

Chapel Amplifier

Mr. Kehoe, the Director of the Purchasing Department, has placed an order with Westinghouse for two loud speaker systems. Mortar Board has donated $150 for the purchase of these.

One, a portable is to be used wherever needed, and the other will be a permanent set for the chapel.

These sets have been on order for some time, but because of priorities and governmental red tape, they have not arrived as yet. However, they are expected by commencement time at the very latest date.

The Vermont Cynic

The Official Student Newspaper of the University of Vermont and State Agricultural College

VOL. 48 APRIL 25, 1945 NO. 12

A report [illegible] colleges recently brought to light the lambasting the University of Vermont has taken due to apathetic student body attitude. Colby College used our Student Government elections as an example in an editorial entitled "The Democratic Way." The United States Student Assembly published an article on Vermont and the conference. I was reading this passage from the CYNIC

"How long shall we restrict our understanding and development as real people by the sluggishness, intolerance and lack of foresight displayed in our student organizations?"

It [illegible] apathetic attitude and the editorial following our Religion and Life Parade Assembly Lent states

The editor wouldn't have run her front-page editorial asking the students to snap out of it if she hadn't believed, from knowing them at first hand, that they could snap out of it.

It took another front-page editorial to bring out response to a week of discussion which highlighted racial and religious prejudice.

But the response *came*, in a meeting to discuss concrete means of eliminating open the prejudice, anti-semitism, on campus.

Again it must be emphasized that Vermont is not unique in its devotion to dates and proms and Kake Walk King and Queen elections. Neither is it unique in the evidence of some fire of interest in deeper issues.

The article further states that social issues should be superseded by the activities of basic and least important on our campus.

Did the response mentioned above come from the student body? A few individuals set out to plant reform at U. V. M., some of it took root, some not. But how about you who sit in your dorms, giving studies a lick and a promise, with no excuse therefore for your similar lack of life in the government, activities and fun of your college career? College publications have shown an interest in our attempt at simple and sane self-government. If you care to handle the problem turn to the article on Joint Conference which discusses the excessive bridge playing at U. V. M. Women students:—Your trivial problem of the week—*should* we be restricted in our bridge playing or *not*? Turn from this disturbing element to the story on the San Francisco Conference, a careful study of individual planning and initiative. You could answer the demands both these articles make on your intelligence by 1, attending the Town Meeting at the City Hall Auditorium, April 30, and 2, by doing away with this insignificant bridge problem in giving it the attention of your own practical sense and consideration of others. Joint Conference ought to regard any rules on this subject as child's [illegible]

The entire CYNIC Staff wishes to extend its deepest sympathy to the family and friends of Mrs. Loudon.

Letters to the Editor

★

To the Editor of the CYNIC

Of some significance to the student body is the appearance of their college. Recently there appeared in the CYNIC a sweet feature story on Grassmount which somehow failed to describe the piles of ashes displayed in the front yard. The front of Science Hall is pleasant to observe but behind it a visitor could find a large area of grey-black ashes. This is evidence of sloppy disposal planning somewhere. The function of ashes as fertilizer is good but grass will not grow with ashes covering it.

We hope that in the future a more satisfactory method of disposing of this waste can be found, and not left to winter when a blanket of snow will tactfully cover it.

Thank you
Two beauty lovers

To the Editor of the CYNIC

I received a letter from Reverend Hall indicating that there is a movement at U. V. M. to correct the low attendance at Vesper Services. Two alternatives are proposed. One, to do away with the services. Two, to compel attendance.

Some people claim that University men and women are still children and must be treated as children. Many, far too many, of the BEST of the youth of our country, some younger than our University students, are today doing work which calls for the utmost manhood. Age has no prerogative on childishness. We here at U. V. M. should, in view of the price being paid for our having a peaceful chance to study, uphold things for which our fathers, brothers, husbands, and sweethearts are fighting. We should show the world that we are not children, very especially not spoiled children. Those men fighting for us, many of them younger than we are, *are not children*.

We have at U. V. M. today two men who have seen active service in this war against fascism. Both of these men believe in God and give time to His work. Our Constitutional Freedoms of Speech and Religion are being protected today by men like them. They are fighting to destroy regimented political and religious doctrines and preserve our own way which, imperfect as it is, is still the best.

The neglects and failures of many years standing of systems of religion can not be made over, renewed and revitalized by regimentation, not in this country, pray God! The use of University administrative power in place of an integrated "whip" to force the Protestants of the University to attend church functions is against the teachings of the Man the church professes to follow—Jesus Christ. Is it consistent to denounce Military Conscription on the one hand and demand church attendance upon the other?

The Kingdom of God is as a mountain-top up which humanity strives in its many ways to ascend. Some like to "goose step" up this mountain. Others wish to take a different route with friends of their own choosing, picking their own paths. All hope to reach the mountain-top! The United States constitution guarantees its citizens the right to pick their own religious path.

There is no reason why there could not be a weekly Vespers Service attended by the entire University. There is no reason why this service could not start with an opening five minutes of silent prayer in which students, faculty, and guests could offer themselves to God in their chosen life work in appreciative memory of the giving of "Their last full measure of devotion" by so many of the very finest youth of our country—lives given that we here at U. V. M. may enjoy in peace the gifts of our University.

There is no reason why the speaker could not be a man with a message brought here by a vote of the student body to speak for fifteen minutes or a half hour. In a closing five minutes of prayer we could pledge ourselves to the furtherance of the doctrine "do unto to others as you would have them do unto you."

I would pledge myself to attend these weekly meetings and suggest they be called "The Memorial Vesper Services of U. V. M."

E. M. LAWRENCE
Class of '48.

ATTENTION CYNIC STAFF

There will be an important meeting of all scrubs and reporters Thursday, April 26, at 7:30 in room 140 Waterman. Attendance absolutely required. No excuses! !

San Francisco Conference is Challenge to United Nations

Dave Hackett

What, another conference? No, not just another conference; but possibly one of the most important meetings of our time. Today, as we went about the usual schedule of classes, hundreds of delegates of 46 nations gathered for the opening of the San Francisco Conference. Well, you say, that doesn't concern me—especially with finals coming up. Perhaps—that is if there is one among you who plans to spend his life alone on a desert island. But every life which moves among men and nations will be affected in some way by the outcome of this conference. That may sound absurd—but is it? That son of yours or your friend's may some day be lying face down on some distant shore—such is the road of war. But there is another way: Peace. And the road which the world decides to follow is still uncertain. San Francisco may choose the way.

Roosevelt's Crowning Act

Recently the world mourned Roosevelt's death. And many said—wisely, I believe—that concrete steps taken towards international cooperation would constitute the most meaningful tribute to our leader. Franklin Roosevelt saw San Francisco as his career's crowning act. He also knew that an indifferent and uninformed public opinion might undermine all the efforts of any such meeting. If then, ours were more than empty pledges, it is the job of every individual to know what is taking place in San Francisco. And further, to lend his support, small as it may be, to those decisions which will bring true cooperation and peace nearer.

What, you ask, are the purposes and issues involved, and the possible accomplishments we may expect from this conference. Fundamentally, this is only one issue or stake: Are the nations of the world going to organize to maintain peace? The nature of such an organization remains uncertain; certainly, whatever action on machinery for world peace is taken will be little more than a first step. The structure of the organization is of great importance; the relationships between the large and small nations, between the various regions of the world must be considered carefully. But the basic question of whether the nations of the world will confer and work together for peace and justice must not be overshadowed or side-tracked by such issue[illegible] the conference is concerned with [illegible] an agreement to set up [illegible] and not primarily to solve [illegible] tions.

Dumbarton Oaks Plan

Discussion will revolve around the Dumbarton Oaks plan which was worked up by the leading powers [illegible] offered to the other nations as the pattern for future world [illegible] stated objective is "to maintain international peace and security [illegible] means, by economic sanctions [illegible] if necessary. The delegates [illegible] will consider the Oaks plan and such changes as they think [illegible] The charter then drafted will be submitted to each member government for ratification.

The three main bodies of the organization are the General Assembly in which all member nations are to be represented, the Security Council, made up of permanent members as the "Big Four" and others to be elected by the Assembly, and an International Court of Justice. Various subordinate branches are provided for among them, the Military Staff Committee and the Economic and Social Council. Definite procedures have been set up for the prevention of aggression and the creation of stability.

Not A Perfect Plan

The Dumbarton Oaks Plan is far from perfect. Some of its failings are fundamental in nature, and if peace is to be assured, these must be corrected. Among the controversial issues are the voting procedure in the Assembly (the number of votes a nation should be allowed), the voting procedure in the Security Council (whereby a major power has the veto, not only the use of force but in peaceful decisions in disputes to which it is not a party), and the role of the "middle powers" (such as Canada and Brazil). Because of these weaknesses, many have suggest that the whole scheme be abandoned. In my opinion, such an action would lead inevitably to war. Rather, we must work with the present plan, imperfect as it may be, striving for its improvement. And we hope that peace may be maintained, for only in a peaceful world will justice be realized.

Non-Profit Hospitalizatio[n] Planned For Vermont Sta[te]

REX STOUT TELLS ALUMNI HIS INSIDE WARFRONT STORY

Pres. John S. Millis, Dean Mary Jean Simpson and Prof. George V. Kidder were the guests of the University of Vermont alumni meeting held in New York April 11.

Rex Stout, lecturer and author, spoke to the group about his activities while he was chairman of the Writers' War Board. He spent some time in Germany taking a look at the war situation from the "inside" and this was his first unofficial account of his war front tour. Miss Simpson in telling of his talk said that one of the most vivid impressions he got of the German people was their completely impermeable minds. In explaining this he said that if you took 100 of the most intelligent Germans that he had talked to and marched them from Battery Park in New York to Times Square they would still insist that New York had been completely demolished and that the city they were in was not New York.

In true Vermont tradition, maple syrup on cracked ice was served after dinner.

Following the meeting President Millis and Professor Kidder went to Hartford and Boston to be present at alumni meetings in these cities.

The long-awaited opportunity [illegible] come members of the New Hamp[illegible] Vermont Hospitalization Service [illegible] profit plan for hospital care w[illegible] on the 27th when all [illegible] University will assemble at [illegible] Museum Auditorum at 4:[illegible] the plan's broad benefits a[illegible]

Since last year the Physics Committee of the University Senate has been studying the plan and has now [illegible] Prof. Paul D. Evans, the committee arrived at a favorable conclusion. The committee's report and recommendations will be submitted on the 27th. Members of the committee include Professor King, Harold Durfee [illegible] Lester Prindle.

Russell S. Spaulding [illegible] tor of the Service, has informed Evans that if 50 per cent of the total number of persons in the university's pay roll enrolls [illegible] effective date for benefits [illegible]

According to Clinton [illegible] mont representative of the [illegible] ber of faculty members [illegible] for their applications [illegible] speeding up the day that [illegible] be made available to them.

Under this non-profit plan [illegible] are involved. Neither are [illegible] cal examinations. Single [illegible] couples and family groups [illegible] membership. Single persons [illegible] cost 75 cents each [illegible]

(*Continued on page 3*)

Sports Stuff . . .

Bob Morris

Saturday, April 21, was a "red-letter" day for U. V. M.'s 1945 baseball squad. The infield reaping the fruit of weeks of practice showed its best form of the season, while the rest of the squad hustled through the first intra-squad game of the season.

Openly jubilant at the showing of Wendy Barwood at first base, Howie Stein at second, Roger Baker at third, and Stanley Fieber at shortstop, Manager Larry Gardner said "The boys really showed something this afternoon. We had our best practice session of the year."

Earlier in the day Coach Gardner divided his squad into two teams captained by Baker and Stein respectively. Left hander Sted Huard toed the rubber for the "Bakers" with "Pancho" Storrs behind the plate. The "Steins" counted with Dusty Weatherby on the hill and Ed Crane receiving the offerings. After a seesaw battle the "Bakers" pushed across three runs in the final frame to gain a hard fought 11-8 decision.

Roger Baker, with two long doubles, and Bob Barrows with a single and a double captured the hitting honors for the day. In the field Barrows, Stein and Bill Fagan were outstanding.

Ted Battles and "Buzz" Buzzell, returning to action after recovering from recent injuries, proved themselves ready to go once more by showing as well both at the plate and in the field.

Stud. Gov't Committee Gathers Information On Honor Systems

Student Govt. Plans Rally

The meeting of the Executive Committee of Student Government met on April 9, 1945 at 4.30 in Room 201. David Hackett, vice-president, presided. The minutes of the previous meeting were read and approved.

Under old business the plans for the student rally were heard. On Saturday, April 14 at 6 p.m. the Executive Committee and the Sigma Gammas will put on a picnic supper, campus sing and band concert.

A sound system has already been ordered by Mortar Board for the Chapel. Pete Mallett is to keep in touch with Mr. Kehoe on this matter as its installment is being held up because of war conditions.

In regard to further consideration of the honor system, it was brought out that we received a reply to a letter to the American Association of Schools to see how many schools had honor systems. A committee was appointed to further consider the honor system on this campus: Dave Hackett, Anne Hoos, Alice Annand, Mary Thornton, and Ben Bursten. A suggestion was made to the committee to have Professor Dykhuizen as the faculty member on this committee.

Under new business the appointment of a committee with Doug Parizeau as chairman was made to take care of attendance at Chapel. The committee is Josephine Jacques, and Louise Jordan.

Discussion was held on the relationship of Student Court to Student Government.

A committee was appointed to look into the matter of the Kake Walk Fund: Peggy Miller, Doug Parizeau and Ronda Peters.

Student Government asked for an announcement to be put in the CYNIC stating the office hours, which are 9 to 12.

Upon motion the meeting was adjourned.

Respectfully submitted,
WENDELL EARLE,
President.
EDITH MCLAREN,
Secretary

The students of the University have showed interest in having an honor system put into execution here, and Student Government has appointed a committee for investigation consisting of chairman, Dave Hackett and Anne Hoos, Spike Thornton, and Alice Annand, Ben Bursten. Professor Dykhuizen is acting as informal faculty advisor. This committee is writing letters to Princeton, University of Virginia, Williams College, and William and Mary, colleges which have put the system into effect, to find out from their experiences how well it has worked for them. The replies thus far have reported favorable effects from this means of individual proctoring.

The feeling of the committee is that the honor system can not be pushed upon the students of the University without first acquainting them with a definite system for their approval and criticism, and something formulated from this submitted for their voting. The committee is therefore attempting to make up a workable plan that will then be introduced and explained so that the students may vote according to their beliefs, knowing for what they are voting.

One of the features that will be entered into the system is the signing of a statement to the effect that one has received or given no information on an exam, and reporting of one's self or of others when cheating or breaking of the rules of the system occurs. Another thing of importance is the matter of dealing with the offenses. The student court will be given the task of trying and deciding what should be done with the offender.

It can not be expected that the honor system will be put into effect this year, but it is hoped that it will be ready for voting or for effective use next year.

Golf Club Featured Among Spring Sports

Whether or not you can make a hole-in-one the new W. A. A. Golf Club gives you a chance to practice at the Waubanakee Golf Club. The Waubanakee course is open with special rates to U. V. M. students every day except Sunday when the courses may be crowded with town people.

Twilight Fee of fifty cents is the rate for a nine-hole game beginning at 5 p.m. At other times the rate will be seventy-five cents. The privileges of the club are extended to men students. The Waubanakee Golf Club is opposite the Children's Home on Shelburne Road and may be reached by the South End bus.

Jenkins Speaks at U. V. M.

Rev. Marshall Jenkins, who has been at Middlebury for two years and has achieved special notice for his work at Middlebury College, spoke in Chapel, April 24 on the subject "Two Classes of People." He said that one class of people comes to a minister because they have been so badly treated by the world. "He has a long road of worry ahead of him."

The other class is concerned about what they can do for the world. "If one becomes fascinated with what he can do for the world life is full for him."

Stein Enters Semi-Finals

The U. V. M. table tennis tournament is progressing rapidly. The primary elimination matches have almost all been completed by the men, although the women have just started on their matches. In the battle for the championship of the green ping-pong board Bill West took Stan Golden for three straight games. Frank Sterling copped the three high winners from his opponent, Frank Skurball, while Howie Stein's smashing backhand quickly defeated Art Avakian. Doug Parizeau took his triumph from Frank Hedrich, and Arnold Colodny nosed out Mickey Frank. In the Wendell Barwood-Bob Barrows match, "Wendy" took three for his crown.

Of the girls, only two matches have been played. Shirley Malek scored a decisive victory over Barbara Burnham and Marion Rosenhain won a triple from Lenore Kahane.

One match has been played in the quarter finals between Howie Stein and Frank Sterling. Howie took the match and is entered for the semi-finals.

Beauty Counselor Guest of U.V.M.

Miss Elizabeth Osborne, a consultant in personal development from the Dorothy Gray Laboratories, visited the University of Vermont campus on Wednesday, Thursday, and Friday, April 18, 19, and 20 to discuss charm with the co-eds. On Wednesday night she presented a lecture in the student lounge on personal development techniques, on the impression people leave with others, their walk, talk, grooming, and poise. After the talk she invited the girls who wished to do so to remain and pointed out her opinion of the individuals. Thursday morning Miss Osborne attended convocation and lectured to the freshman Home Economics students in their Applied Design class. At noon she was the guest of the Sophomore Aides at a luncheon, which was also attended by Dean Simpson and Miss Bailey. Thursday afternoon the charm expert conducted one-half hour personal consultations with individual groups of eight girls, and Thursday evening she was a guest at the Robinson Dining Hall, where she spoke to the girls on grooming and cosmetics. Friday afternoon Miss Osborne talked to the junior Home Economics students in their Related Arts Course, and held further individual consultations. On Friday evening she attended Lilac Day rehearsal.

The Sophomore Aides sponsored Miss Osborne's visit here. During the past fifteen years she has visited more than a hundred leading universities, colleges, and girls' preparatory schools at the invitation of faculty officials interested in the general appearance of their feminine students.

Miss Osborne is a graduate of Mount Holyoke College, and was formerly a member of the staff of the *Woman's Home Companion*. Her experience includes teaching, art, designing, and fashions. Miss Osborne's advice to every woman is to make the most of what she has in beauty, personality, and brains for the maximum amount of charm.

Women's Rifle Club Loses Syracuse Match

Just thirteen points marked the defeat of U. V. M.'s women's rifle club in the recent postal match against Syracuse University. March 31 mails brought the score of Syracuse 489 points, U. V. M. high scorer, Barbara Tennien, left with 98 points for the record, closely followed by Betty Anderson's 96 points. The five highest scores of the ten girls on the varsity were as follows: Anderson 96, Dubois 94, Green 95, Nelson 93 and Tennien 98.

The team, coached by Sergeant Parker, plans to extend a challenge to Syracuse for a return match during the first week of May. Another match is to be played with Northwestern University during the second week in May. Through Sergeant Parker the team is offering no excuses for the last Syracuse match, but is promising better for the other two.

Touche!

"Touche" is the victory word in a fencing match, and for the past three weeks the gym has been ringing with the clash of foils and the tournament has been brought to a finish with Spike Thornton as the champion "toucher." W. A. A. has given the Fencing Club a cup for the champion. It was an elimination tournament and as it progressed up to the semi-finals there remained Puss Whelan vs. Irene Fahey, and Spike Thornton vs. Penny Mandel. In the final bout there remained Spike Thornton vs. Irene Fahey. Five points were the number of touches needed for victory. Some of the matches proved to be quite wild and the fencers ended with a few scrapes but with their heads still firmly in place.

HOSPITAL PLAN

(*Continued from page 2*)

memberships $1.50 and family memberships $1.75.

Only under a family membership are maternity benefits available. Also under this classification only a man, wife and children under 19 and unmarried are eligible for membership.

Payments will be made on a withholding basis through the college treasurer's office once a month.

This non-profit plan for hospital care one of 83 throughout the country and Canada, stems from experiments made by 1,500 school teachers at Baylor University, Tex., in 1929. The experiment was kept in Texas a number of years, but by 1937 had fanned out to other states, the membership then being only a half million. Today there are more than 16,000,000 members. The New Hampshire-Vermont plan has been in operation in New Hampshire little more than two years and in Vermont nine weeks. In this brief interval more than 80,000 men, women and children have been enrolled.

In a few days each employee will be given a folder describing in detail the benefits obtainable under the plan. Each also will receive an application card. Filling out of this card in advance, proper dates of births and names, being most important.

Owls and Women's Independents Tie

Thornton Bowls High Singles and Triples

In our intra-mural bowling tournament last week the victorious teams all netted 6 to 0 scores against their respective opponents. On the seventeenth the Owls after a close two string score pulled ahead of the Women's Independents in the final string to capture the match. The Phi Sigs succumbed to the Pi Phis after a close lead at the end of the second string.

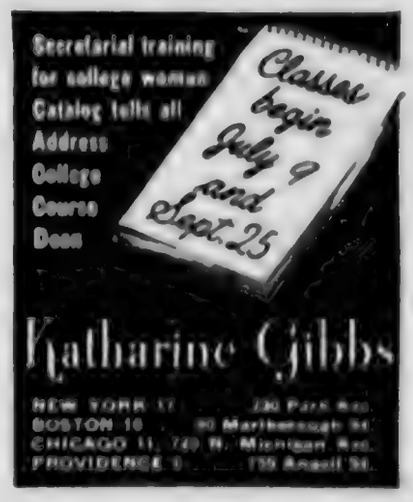
April 18 found the Delta Theta Gammas emerging victorious in their encounter with the Alpha Chis. The following night, however, the Alpha Chis revenged their defeat by beating the Pi Phis. The Women's Independents also emerged victorious in their fray against the S.A.E.'s. Thus the totals for the week are:

Team	Score
Owls	44
Women's Independents	44
Men's Independents	33
Phi Sigs	24
Delta Theta Gammas	24
Alpha Chis	23
Pi Phis	22
SAE	14

High singles for the week

A. Cady	111
M. Thornton	125
G. Bashaw	124
M. J. Little	115
A. Baker	130

High triples



M. Thornton	318
G. Bashaw	308
M. J. Little	314
A. Baker	330
R. Merrill	301
R. Audette	301

Notice

There will be a five dollar award given to the member of the cast of Princess Ida selling the most general admission tickets. The award will be made the night of the operetta.

Tickets will be on sale at Bailey's Music Store on Church Street.

Witham and Schoppe Attend Conference

Frances Witham, president of Student Union, and Ruth Schoppe, chief instructor, returned Sunday from a New England Women's Student Government Association Conference held at the University of Maine at Orono. The convention started on Friday, April 20 and closed on Sunday.

On Friday evening at 8:00 p.m. the opening session took place with the delivery of the keynote talk given by Edith G. Wilson, the Dean of Women at the University of Maine. At this time she expressed the idea that the atmosphere of an institution is the responsibility of all the students of the institution involved, and that there are actually two colleges—one in the classroom and one outside. She emphasized the democratic functions of an educational institution, and how a women's student adds to such functions.

On Saturday there were two sessions—one in the morning and one in the afternoon. Ruth Schoppe attended the meeting of the Judiciary Board at the time of the first session, and a business meeting. At the business meeting it was decided that Rhode Island State College should issue invitations for the conference to be held next spring at this time.

Session II was concerned with discussions of rules demerits and penalties. A formal banquet was held Saturday evening. On Sunday Session III was held at which time social life on campus was discussed. At Session IV, on Sunday, the preparations of events for the return of veterans was discussed.

The merits of honor systems on college campuses were discussed with suggestions coming from the delegates from the various New England colleges. The problem of demerits was discussed. The drinking problem was also discussed.

The conferences ended with a dinner held on Sunday afternoon.

JOINT CONFERENCE ELECTS NEW MEMBERS

It was found and decided by the joint conference that the ruling we have concerning freshman lights out has proven very successful. Since freshmen must have their lights out by 11:30 P. M. less time is wasted and all work is finished on time. This system will be used next year.

No further action will be taken on the excessive bridge playing. Since the nice weather has set in the girls seem to have found substitutes for bridge. The problem has been automatically cleared up. Bridge playing seems to be dying out and softball and bicycle riding are making their debut. Bridge playing in the dorms can continue as long as no one is disturbed and the girls play quietly and calmly. If a girl not living in the dorm enters the game this shall consist of a social evening for all concerned. However no social night need be wasted if the bridge game is strictly an extra dorm affair.

Elections were held for the class representatives on the joint conference committee. The following girls were chosen: Olga Scholles, Senior; Sally Merwin, Junior; Alice Annand, Sophomore; Mary Mitiguy, Town Representative. At this time also Sonia Perkins was chosen as the secretary.

The yearly Student Union Conference of New England Colleges was held this past week-end at the University of Maine. Frances Witham, president, and Ruth Schoppe were chosen as the delegates to represent the University of Vermont.

M. Students. Seniors are urged to consider their candidates for the following officers: President, Vice-President, Secretary and Treasurer.

Lilac Day

(Concluded from page 1)

gaily skipped in. After a short dance with the bird, he lay down by the wall and went to sleep. A duck, Anne Hoos '46, then waddled in through the open gate to go for a swim in the pond. Soon the cat, Barbara McGeever '47, stealthily crept in counting on a good meal. The bird all unaware of his danger saved only by Peter's cry of warning, flew off into the tree leaving the cat still craftily planning how he was to accomplish his goal.

Grandfather, Harriet Bristol '46, then appeared to drag a reluctant Peter home because this was no safe place for him. Hardly had Grandfather locked the gate behind them when the wolf, Crystal Malone '47 arrived on the scene. The cat now with conditions reversed fled up into the tree with the bird and all waited, shaking with fear, for the wolf's next move. Meanwhile the wolf prowled around and around until the duck in her excitement jumped out of the pond and despite her desperate waddle for safety was devoured by the wolf.

Peter soon again appeared on the scene and climbed the garden wall, lassoed the wolf and tied him to the tree. The hunters arrived but too late, the wolf was already captured, all that was needed was to lead him to the zoo. A triumphant procession with Peter at its head and the wolf reluctantly following behind with the rope around his neck was formed and everyone from Grandfather to the bird joyously paraded out and it was said that even the duck could be heard in the stomach of the wolf voicing his approval.

During the curtain calls Miss Hoffman was presented with a gift by members of the cast in appreciation of her work.

Check Presented

The ceremonies ended with a check being presented to the Queen. This check was to cover the expenses of planting a lilac bush on Redstone Campus, a tradition set up with the first Lilac Day to beautify the campus.

A recessional followed, the lights went on and the reality of everyday life returned.

The Lilac Day proceeds will be used to swell the Mary Jean Simpson fund raised by Student Organizations to provide loans or grants for returning veterans.

Do You Know . . .

High in the top of the house at 384 Main Street live two girls whose records during their four years at college have ranked them as outstanding girls on campus. In its initial appearance, this column went for a chat with Shirley Needham. Now the gable room is invaded again, and we find a brown-eyed senior whose serious side is relieved by a superior development of the art of making faces—Christine Hughes.

South Claims Chris

Chris is a southerner (southern Vermont) and is a strong supporter of the southern part of the state in the endless conflict concerning which section has the most beautiful scenery. All her life has been spent in Brattleboro, and she's a graduate of Brattleboro High, where she played field hockey, was a member of the school Pep and Dramatic Clubs and was treasurer for her home room.

Back in first grade her teacher undertook the task of changing the somewhat ambidextrous Chris to exclusive use of her right hand. "Now," she says, "it comes in handy whenever I need an excuse for getting all mixed up!"

Her greatest disappointment in childhood came as the result of a practical joke which an uncle (who has a special ability at such tricks) played on her. It concerned two beautiful boxes of candy which he left at their house; one for Chris and the other for her sister Ro. Everything was wonderful 'til Chris opened hers, and found—mothballs!

Father, Boulder Man

When it came time to think about college, it was natural for her to choose Vermont. Mainly, she says, "It was 'cause my father was graduated from here (a Kappa Sigma and a member of Boulder Society), and then my sister Rosamund was going here." Probably Ro's enthusiasm about the Home Economics course at U. V. M. had a big influence on the selection of courses which Chris made—and she's glad it did!

After spending her first two years at college in Sanders Hall, Chris returned there as house fellow her junior year. "I liked living in a co-op very much," she said seriously, "'Cause everyone seems to be striving for the same goals." We could have asked her how she thinks Sanders compares with other dorms on campus—but that wouldn't have been necessary. To 'most everyone who has lived there, it's par excellence. End quote.

Plans Georgia Trip

Taking contribution to the war effort as an important way of spending a summer, Chris has worked in factories for the past three summers. The past two she has been with the Ame[illegible] Company in Brattleboro. She [illegible] a different way of spending the [illegible] however, for she hopes to take a trip to Georgia, where Lieut. Francis [illegible] well, Delta Psi and former[illegible] of U. V. M. '44, is an instructor at Benning.

Although she's not falling [illegible] southern heritage, Chris says [illegible] "I love Burlington. I think [illegible] beautiful spots around here [illegible] the lake when there's a breeze [illegible] and up on top of Mt. Mansfield, [illegible] such a wide expanse of Vermont [illegible] ble."

Mortar Board Member

Even with the specialized work [illegible] Home Economics department Chris had time to participate in a large [illegible] pus activities, including Sophomore [illegible] Staff and Sandal, Mortar Board, [illegible] Nu, Student Union House [illegible] Joint Conference, House Ball [illegible] Ho[illegible] and Bowling teams, a four year membership in the Home Economics [illegible] second vice-president of Alpha [illegible]

She likes the Home Economics [illegible] at U. V. M. especially the work in [illegible] cafeteria which she does in Miss [illegible] wood's special problems course. [illegible] class is particularly helpful, she feels, because her ambition now is to become a dietitian in a restaurant or cafeteria after that—well, maybe the lieutenant bars and the Delta Psi pin hold a clue.

LITERATURE and LI[illegible]

Professor Pope, chairman of the [illegible] partment of English spoke on Fro[illegible] of Literature at Convocation on [illegible] day, April 19.

Professor Pope said that literature [illegible] fers from other fields of knowledge [illegible] that it does not seek to discover [illegible] methods, for in literature the matter [illegible] innovation is less important than [illegible] knowledge of past, present, and [illegible]

"Experiments in form have [illegible] literature since the time of the [illegible] author, whoever he was."

We have a good opening in our office for a young lady. If you think you might be interested, come in and discuss it with Mr. Little.

U V M Honorary Societies Elect 52 Students

Mortar Board, National Honorary Elects Nine Co-eds

Juniors Honored Active Group In Campus Life

Mary Greene

[illegible] the peppy chemistry major always taking pictures (and good ones, too) in addition to her work as copy editor of the *Ariel* has done excellent job as secretary of Student Government. Perhaps her greatest contribution is in the field of sports. A member of W. A. A. council for two years is its newly elected president, member of the varsity ski team (Nose Dive[illegible] is fast replacing Nose Dive [illegible] and is a staunch supporter of the Outing Club. Other of Marv's past and present activities include Sophomore Aides, Staff and Sandal, Y. W. C. A., and WSTC business captain.

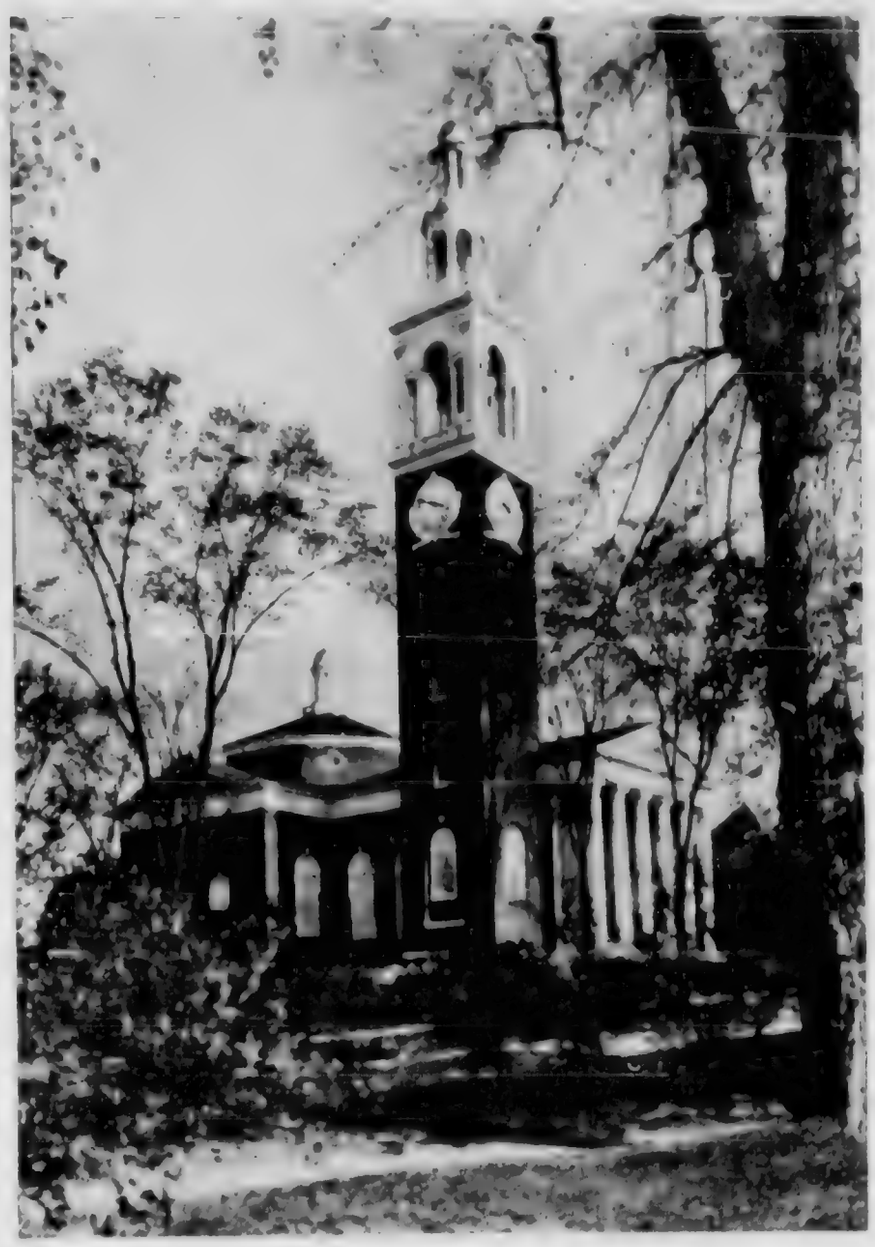
Nancy McNamara

McNamara, editor of the 1946 *Cynic*, is known to everyone for her ability to do a great many things well with little fuss. Her work on publications also includes reporting and news editing on the *Cynic* and the co-editorship of the *1949 Freshman Handbook*. Active in the Outing Club, she is also a student representative on the Re-evaluation of Education Committee, is vice-president of Freshman Club, has served on Sophomore Aides and Staff and Sandal, and is a member of the Modern Dance Workers. And in addition to these many activities, she has for three years maintained a Dean's List average.

Mary Thornton

Spike's name heads the CYNIC masthead as editor-in-chief of the college newspaper. She has worked on the *Cynic* in the capacities of cartoonist and business manager and was vice-president of W. A. A. this year. Spike has been an active participant in W. A. A. activities and is proficient in badminton, bowling, and basketball, to name only a few. She has done an excellent job as chairman of the Freshman Orientation Committee this year and she is now serving on the Honor System Committee of Student Government. She has been in charge of several Student-Faculty Bull Sessions and is responsible for several of the posters we have on our bulletin board. Spike is a member of Staff and Sandal and Sigma Gamma sorority.

Pearl Weissbard



Pearl is the lady of the flashing eyes, smile, and endless vitality. She comes from Maplewood, N. J., and is a member of Delta Phi Epsilon sorority. Endowed with intelligence and charm, she is a faithful member of the Cynic staff. Pearl enjoys a good argument, entered spiritedly into the activities of the Debating Club. She has held responsibilities, serving as a member of the Standing Committee of Student Government during her junior year, as a member of the Student Judiciary. As a social citizen she takes her part in the Intersorority Council. In her junior year she served on the junior staff of the Cynic, as chairman of the social committee and house president at Robinson.

Frances Witham

Fran is a vivacious and capable co-ed from Burlington girl who has the added distinction of living next door to the editor of the Cynic.

(Continued on page 3)

Chapel Lasting Memorial to Founder

U. V. M. Honors Anniversary Of Its Founder, Ira Allen

The annual observance of Founder's Day, a highlight of the University year, was held in Ira Allen Chapel on Tuesday, May 1. Classes were shortened so that the program began at 11:40. President Millis presided and Vesta Stevens, past president of Mortar Board and Dean Simpson officiated at the installation of the new Mortar Board members.

Founder's Day marks the birthday anniversary of Ira Allen, prominent early Vermonter who founded U. V. M. in 1791. It has been the custom to have as the speaker a member of the student body. This year there were two members of the senior class, Vesta Stevens who spoke on "The Old Mill" and Wilson Gruber, who spoke on "The Honor System." The big event for which everyone was waiting eagerly arrived when the President came forward and read the names of those who had been chosen for the honorary societies for the coming year. Those elected Mortar Board were women's Staff and Sandal junior women, sophomore Aides sophomore women, Eta Kappa Alpha junior men, Blue Stockings Skeeps, Omicron Nu Home Economics, and All-Sports Club Pledges.

There was no academic procession this year as in former pre-war years. Only the Dean and the senior appeared in academic dress.

During the 1941 blitz in England, the Luftwaffe caused more casualties from crumbling ceilings and collapsed walls caused by enemy bombing.

Rally to Revive Spirit at U.V.M.

Student Govt. Plans Picnic, Band Concert

Student Government realizes the absolute need at the U. V. M. campus for a spontaneous burst of school spirit. In order to help revive the dormant remnants of this spirit, Student Government has planned a campus-wide pep rally. It has been scheduled for the 10th of May at 6:30 p.m. Dinner will be served in back of Waterman. The band is preparing a program of school songs and marching pieces to fit the atmosphere of the occasion.

The members of the Executive Committee of Student Government wish to be instructed by the student body and will start a campus sing. This is a chance to sing all the college songs that have been left among the ashes that [illegible]

Band concert picnic campus singfests, evening pep rallies, the very spirit and life of the U. V. M. campus. Student Government has planned the above programs this very month.

Xmas tests in statistics are required in the majority use of certain aid war conferences. The inspection equipment gave college running from 4 and a 2 and 6s.

1945 Marks 154th Year In University's History

Four Men Elected To Boulder Society

Organization Active After Year's Suspension

Today on their annual picnic for the Founder's Day Program are the men's honor societies. After a year of community because of the war, the organizations have again been elected by the President and the Deans of the academic colleges. U. V. M. has long looked to these men for inspiration and leadership as unsung heroes, they represent the best in scholastic standing, personality, character and college spirit.

Perhaps the greatest honor bestowed is a senior major is Cherbuliez which this year celebrates forty years of active service to the College. Founded in 1905 by nine senior men who realized the need for some traditional observance, the organization has presented many campus activities including the traditional Frosh-Sophomore scrimmage. With them and the annual freshman night cane rush and Step Sing, both successfully inaugurated and part of the orientation program, Boulder has added to Lake Walk and Junior Week and for the past four years has awarded a personal trophy to the student receiving the Vanderhoof prize for excellence in college life.

The junior honorary, Key and Serpent was founded in 1908 to work with Boulder in keeping campus activities running smoothly. During the good old days the members conducted freshman pep rallies and sponsored the annual Football Hop at which the outstanding team members were presented with huge green and gold blankets.

Because there were no elections by these societies last year, the new Boulder members include men of the 1945 and 1946 classes.

There will be a Student Convocation Thursday, May 3, at 10 a.m. in the Ira Allen Chapel. Attendance is required of all students in the three academic colleges.

Prof. James Bullard will speak on "Frontiers of Knowledge in Mathematics."

T. L. M. Pledged to Alpha Epsilon Phi

On Tuesday evening, April 24, Ten Lambda Mu sorority was pledged by Alpha Epsilon Phi sorority. Miss Claire Bloom Goldberg, national officer of Alpha Epsilon Phi, conducted the pledging ceremonies which was held at the Hotel Vermont. The following girls were pledged: Joan Goldhamer '47, Barbara Lieberman '47, Harriet Barrie '46, Nancy Dreher '46, Helen Wolk '46, Joan Lewis '47, Charles Levine '47, Marcia Rosenberg '47, Marion Lowenberg '47, Irene Lowenstein '48, Louise Dolin '48, Phyllis Feinberg '48, Rosie Finberg '48, Joan Glass '48, Enid Gural '48, Pauline Hecker '48, Harriet Levinson '48, Lotte Fox '48, Myra Weinberg '48, and Edna Mae Zalesne '48.

The formation of the local sorority, Ten Lambda Mu, was announced just one year ago on Founder's Day. In pledging with a small group of eleven girls, the aim is to grow and become firmly established at U. V. M. The following girls were the charter members of Ten Lambda Mu: Harriet Barrie '46, Edith Bromberg '44, Joan Goldhamer '45, Barbara Lieberman '45, Jane Lippman '45, Mary Mendelsohn '45, Claire Bloom Goldberg '44, Irene Perkins '46, Doris Rinder '47, Charlotte Rosen '45, Bernice Rothwatch '44, and Phyllis Sherman '46. Aside from their many work on campus, one of the girls' chief desires was to become affiliated with the Alpha Epsilon Phi fraternity. Ten Lambda Mu's sorority sponsor became the secretary of American association women at the Community Center, the only college group in the country to do this type of work. The group will be initiated in the near future into Alpha Epsilon Phi fraternity chapter.

At a meeting held last week the new officers for next year were elected and were as President, Harriet Barrie '46, Vice-President, Charles Levine '47, Corresponding Secretary, Joan Lewis '47, Recording Secretary, Betty Pearl '48 and Treasurer, Irene Dolin '48.

After the pledging ceremony a banquet was given at the Hotel Vermont. The invited guests included Miss Bayles, Miss Hedrick, Miss Stiles and Mrs. Mace, who is a member of Alpha Epsilon Phi, Eta chapter.

Final Exams Schedule—Read 'Em and Weep

Any students who have conflicts or who have more than three examinations in consecutive periods, should report this fact to the Registrar's Office not later than April 27, 1945.

Fashion Show At Museum

Students of the Home Economics Department are planning a fashion show to be given on May 18 at 8:00 at the Fleming Museum. Mrs. Susan Larson and Miss Adelaide Rawson of the department are organizing the affair, in which all the home economics students will participate. The fashion show will be open to the public.

The Signal Corps' wire teletype system in Paris alone handles 3,500 Army messages daily.

Witham and Schoppe Attend Conference

Frances Witham, president of Student Union, and Ruth Schoppe, chief justice, returned Sunday from a New England Women's Student Government Association Conference held at the University of Maine at Orono. The convention started on Friday, April 20 and closed on Sunday.

On Friday evening at 8:00 p.m. the opening session took place with the delivery of the keynote talk given by Edith G. Wilson, the Dean of Women at the University of Maine. At this time she expressed the idea that the atmosphere of an institution is the responsibility of all the students of the institution involved, and that there are actually two colleges—one in the classroom and one outside. She emphasized the democratic functions of an educational institution, and how a women's student adds to such functions.

On Saturday there were two sessions, one in the morning and one in the afternoon. Ruth Schoppe attended the meeting of the Judiciary Board at the time of the first session and a business meeting. At the business meeting it was decided that Rhode Island State College should issue invitations for the conference to be held next spring at this time.

Session II was concerned with discussions of rules, demerits, and penalties. A formal banquet was held Saturday evening. On Sunday Session III was held at which time social life on campus was discussed. At Session IV, on Sunday, the preparation of co-eds for the return of veterans was discussed.

The merits of honor systems on college campuses were discussed with suggestions coming from the delegates from the various New England colleges. The problem of demerits was discussed. The drinking problem was also discussed.

The conferences ended with a dinner held on Sunday afternoon.

JOINT CONFERENCE ELECTS NEW MEMBERS

It was found and decided by the joint conference that the ruling we have concerning freshman lights out has proven very successful. Since freshmen must have their lights out by 11:30 P. M. less time is wasted and all work is finished on time. This system will be used next year.

No further action will be taken on the excessive bridge playing. Since the nice weather has set in the girls seem to have found substitutes for bridge. The problem has been automatically cleared up. Bridge playing seems to be dying out and softball and bicycle riding are making their debut. Bridge playing in the dorms can continue as long as no one is disturbed and the girls play quietly and calmly. If a girl not living in the dorm enters the game this shall consist of a social evening for all concerned. However, no social night need be wasted if the bridge game is strictly an intra dorm affair.

Elections were held for the class representatives on the joint conference committee. The following girls were chosen: Olga Scholles, Senior; Sally Merwin, Junior; Alice Annand, Sophomore; Mary Mitiguy, Town Representative. At this time also Sonia Perkins was chosen as the secretary.

The yearly Student Union Conference of New England Colleges was held this past week-end at the University of Maine. Frances Witham, president, and Ruth Schoppe were chosen as the delegates to represent the University of Vermont.

There will be an important meeting for all senior men and women Friday evening at 7:30 in room 239 Waterman. The election of class officers will take place and will be conducted by members of U. V. M. Students. Seniors are urged to consider their candidates for the following officers: President, Vice-President, Secretary and Treasurer.

Lilac Day

(Concluded from page 1)

gaily skipped in. After a short dance with the bird, he lay down by the wall and went to sleep. A duck, Anne Hous '46, then waddled in through the open gate to go for a swim in the pond. Soon the cat, Barbara McGeever '47, stealthily crept in counting on a good meal. The bird all unaware of his danger saved only by Peter's cry of warning, flew off into the tree leaving the cat still craftily planning how he was to accomplish his meal.

Grandfather, Harriet Bristol '46, then appeared to drag a reluctant Peter home because this was no safe place for him. Hardly had Grandfather locked the gate behind them when the wolf, Crystal Malone '47, arrived on the scene. The cat now with conditions reversed fled up into the tree with the bird and all waited, shaking with fear, for the wolf's next move. Meanwhile the wolf prowled around and around until the duck in her excitement jumped out of the pond and despite her desperate waddle for safety was devoured by the wolf.

Peter soon again appeared on the scene and climbed the garden wall, lassoed the wolf and tied him to the tree. The hunters arrived but too late, the wolf was already captured, all that was needed was to lead him to the zoo. A triumphant procession with Peter at its head and the wolf reluctanly following behind with the rope around his neck was formed and everyone from Grandfather to the bird joyously paraded out and it was said that even the duck could be heard in the stomach of the wolf voicing his approval.

During the curtain calls Miss Hoffman was presented with a gift by members of the cast in appreciation of her work.

Check Presented

The ceremonies ended with a check being presented to the Queen. This check was to cover the expenses of planting a lilac bush on Redstone Campus, a tradition set up with the first Lilac Day to beautify the campus.

A recessional followed, the lights went on and the reality of everyday life returned.

The Lilac Day proceeds will be used to swell the Mary Jean Simpson fund raised by Student Organizations to provide loans or grants for returning veterans.

NOTICE

Veterans' meeting, Room 36, April 30, 7:30 p.m. All questions pertaining to a national organization will be discussed. Any other business that may come up.

College Book Company will be at University Book Store to pay CASH for second-hand college text books.

Election of officers will be held at the next meeting of the Canterbury Club.

Chapel Lasting Memorial to Founder

U. V. M. Honors Anniversary Of Its Founder, Ira Allen

The annual observance of Founder's Day, a highlight of the University year, was held in Ira Allen Chapel on Tuesday, May 1. Classes were shortened so that the program began at 11.40. President Millis presided and Vesta Stevens, past president of Mortar Board and Dean Simpson officiated at the installation of the new Mortar Board members.

Founder's Day marks the birthday anniversary of Ira Allen, prominent early Vermonter, who founded U. V. M. in 1791. It has been the custom to have as the speaker a member of the student body. This year they were two members of the senior class, Vesta Stevens, who spoke on "The Old Mill" and Wilson Dailey, who spoke on The Honor System. The big event for which every one was waiting eagerly arrived when the President came forward and read the names of those who had been chosen for the honorary societies for the coming year. These are at present Mortar Board, senior women's; Staff and Sandal, junior women's; Sophomore Aides, sophomore women's; Tau Kappa Alpha, forensic; Blue Stockings, literary; Omicron Nu, Home Economics; and All-Sports Club, Boulder.

There was no academic procession this year as in former peace-time years. Only the Deans and the seniors appeared in academic dress.

Rally to Revive Spirit at U.V.M.

Student Govt. Plans Picnic, Band Concert

Student Government realizes the absolute need on the U. V. M. campus for a spontaneous core of school spirit. In order to help revive the dormant remains of this spirit, Student Government has planned a campus-wide pep rally. This has been scheduled for the fifth of May at 6.30 p.m. Dinner will be served in back of Waterman. The band is preparing a program of school songs and martial music to fit the atmosphere of the occasion.

The members of the Executive Committee of Student Government will be introduced to the student body, and will start a campus sing. This is a chance to sing all the college songs that have been left unsung the entire year.

Band concert, picnic, campus sing—these exemplify pep, once the very spirit and life of the U. V. M. campus. Student Government has planned the above program for this very reason.

X-ray tests of materials are required in the manufacture of virtually all war implements. The inspection equipment uses voltages ranging from 4,000 to 2,000,000.

During the 1941 blitz in England the blackout caused more casualties from stumbling, falling, and collisions than were caused by enemy bombing.

1945 Marks 154th Year In University's History

Four Men Elected To Boulder Society

Organization Active After Year's Suspension

Today in their usual places in the Founder's Day Program are the men's honor societies. After a year of inactivity because of the war the organizations have again been elected by the President and the Deans of the undergraduate colleges. U. V. M. has long looked to these men for inspiration and leadership on campus because they represent the best in scholastic standing, personality, character and college spirit.

Perhaps the greatest honor bestowed on a senior man is election to Boulder which this year celebrates forty years of active service to the College. Founded in 1905 by nine senior men who realized the need for closer faculty student relations, the organization has sponsored many campus activities including the traditional Frosh-Sophomore rivalries. With their aid the annual fountain fight cane rush and hose fight became well organized and a part of the orientation program. Boulder has aided in Kake Walk and Junior Week, and for the past few years has awarded a personal trophy to the student receiving the Sunderland prize for excellence in college life.

The junior honorary Key and Serpent was founded in 1905 to work with Boulder in keeping campus activities running smoothly. During the good old days the members conducted freshmen pep rallies and sponsored the annual Football Hop at which the outstanding team members were presented with huge green and gold blankets.

Because there were no elections to these societies last year, the new Boulder members include men of the 1945 and 1946 classes.

There will be a Student Convocation Thursday, May 3, at 10 a.m. in the Ira Allen Chapel. Attendance is required of all students in the three academic colleges.

Prof. James Bullard will speak on "Frontiers of Knowledge in Mathematics"

Elections Culminate This Year's Activities

T. L. M. Pledged to Alpha Epsilon Phi

On Tuesday evening, April 24, Tau Lambda Mu sorority was pledged to Alpha Epsilon Phi fraternity. Mrs. Clare Brown Goldberg, a national officer of Alpha Epsilon Phi conducted the pledging ceremony which was held at the Hotel Vermont. The following girls were pledged; Joan Goldbloom '45, Bernice Lieberman '45, Harriet Barron '46, Sonia Perkins '46, Helen Wolf '46, Joan Levin '47, Gladys Levine '47, Marion Rosenbaum '47, Mildred Engelsberg '47, Irene Brzozowski '48, Leona Felix '48, Beverly Feinberg '48, Renee Finberg '48, Claire Glass '48, June Grody '48, Roslyn Hecker '48, Harriet Levinson '48, Betty Paul '48, Myra Weinberg '48, and Edna Mae Zohlman '48.

The formation of the local sorority, Tau Lambda Mu, was announced just two years ago on Founders Day. Beginning with a small group of eleven girls, the sorority grew and became firmly established at U. V. M. The following girls were the charter members of Tau Lambda Mu: Harriet Barron '46, Lilla Blumberg '44, Joan Goldbloom '45, Beatrice Kantor '45, Faye Eggenau Glass '43, Eva Mandelbaum Glass ex-'44, Sonia Perkins '46, Doris Rindler '45, Charlotte Robinson Swett '45, Bernice Rubinwitch '45 and Phyllis Sherman ex-'46. Aside from their many goals on campus, one of the girls most desired was to become affiliated with the Alpha Epsilon Phi fraternity. Tau Lambda Mu's sorority project became the teaching of Americanization classes at the Community Center, the only college group in the country to do this type of work. The project will still be continued by the new Alpha Epsilon Phi fraternity chapter.

At a meeting held last week the new officers for next year were elected and they are President, Harriet Barron '46, Vice-President, Gladys Levine '47, Corresponding Secretary, Joan Levin '47, Recording Secretary, Betty Paul '48 and Treasurer, Leona Felix '48.

After the pledging ceremony a banquet was given at the Hotel Vermont. The invited guests included Miss Bayley, Miss Holbrook, Miss Soltz and Mrs. Abrahams, who is a member of Alpha Epsilon Phi, Eta chapter.

Campus Comment

Nowadays everyone takes education seriously. Students at wartime campuses must adjust themselves to their effort. Naturally they have been examining campus organizations for their spirit of service and active purpose. More than ever there is no place for dead wood. Through this examination many people have become critical of the sorority idea.

What are sororities? Are they anything more than glorified boarding-houses? Are sorority women snobbish and immature? Questions like these put Greek letter women on the defensive.

They answer that sorority life is a useful addition to the important experience of higher education. Sororities make possible the privilege of living with friends one has chosen. "Birds of a feather flock together" is a true saying anywhere. It is natural to form congenial groups among any sort of people. Why not organize the group, call it a sorority, and have it affect some purpose?

There are some problems in modern college life with which closely-knit groups are particularly equipped to deal. One is the matter of honesty. Most students hate dishonesty, but are they going to develop a student attitude against it? At a recent bull-session it was decided that the place to begin was with the influence of sororities and fraternities. They could campaign actively and make it known that honesty was part of the code of their groups, honesty in classroom work and campus politics. Another function for which sororities are especially suited is fostering a more mature and intelligent attitude toward education itself. Sorority freshmen are encouraged scholastically by their sisters. In small groups sorority women can read and think and discuss, then use the greater contribution of all to live and make their lives count.

Sororities promote other campus activities they do not supersede them. Every sorority encourages its members to take part in the larger activities of the campus as a whole. Campus leadership and the loyalty of its followers are greater because of the training in leading and following received through sororities.

Sororities exist also for social and cultural reasons and because they are fun. People have always loved to play together, sing together, and share together.

It is certainly true that the Greek letter societies have not fully realized their power and their responsibilities and their opportunities to shape and color the life on campus. Let us do something concrete now to improve sororities, keeping intact the things that are true about them.

Dewey's Educational System Lays Emphasis On Individual

Al Lowenfels

In this special Founder's Day issue of the Cynic we think it worthwhile to devote a few columns to one of our earlier graduates, John Dewey. Some of us might be interested to find out more about Doctor Dewey's famed educational system that has caused so much controversial discussion among our educators.

According to Doctor Dewey, education may be defined as the process by means of which the individual is initiated into the life of the group. It is neither preliminary nor preparatory to life: it is life itself.

Primitive Education

In primitive societies there is no need for education since the individual becomes thoroughly acquainted with his society by direct contact with it. But as civilization advanced the child was not able to learn about society through direct contact, and a new method for acquiring this vital knowledge was sought.

We call this new method for acquiring knowledge of the group "Education." Its aim is to make life worthwhile to the individual both in the present and future. It has no objective other than the process of a developing life.

"Pure" Knowledge Worthless

Of necessity, the subject matter of education, for Dewey, must be highly correlated with group life. Our subjects must take up vital social problems of the era; for such correlation alone will lend significance to education. The subject matter must be neither [illegible] too concrete. It is not [illegible] subjects are uniquely [illegible] lend themselves to increas[illegible] of the student. Such [illegible] ject as Logic is only va[illegible] taught in a manner that [illegible] sonally and socially vita[illegible] edge," by itself is worth[illegible]

On the other hand a [illegible] occasion become too [illegible] the case whenever a stude[illegible] a "rule" or "formula" to[illegible] lem with no insight into [illegible] the problem which he [illegible] solve.

Theory Must Be Preached

According to Doctor [illegible] dividual is an active, [illegible] ual with definite interests [illegible] It follows that the individ[illegible] through actual practice. [illegible] practice can never be divorced [illegible] logical counterparts. How[illegible] ard relation in which the [illegible] wearily in row upon row [illegible] ceive information from an [illegible] authority must be supplanted [illegible] modern methods. We must replace [illegible] intellectual air of the class[illegible] more enlightening atmosphere [illegible] museums, workshops, and [illegible] examinations on abstract ideas and [illegible] edge should be changed into [illegible] sive oral examinations designed [illegible]

U. S. Marine Corps Photo

Combat wire moving up in a hurry!

Every unit ties in by telephone to report on contact between companies, and to discuss the next move.

That means combat telephone wires must be laid down with every forward push. And communications crews must work continuously repairing the breaks in lines torn by tanks and amphibians and blasted by artillery and mortars.

Our Armed Forces still have urgent need for huge quantities of communications equipment of all kinds. That's why there is a wait for home telephone service.

"Service to the Nation in Peace and War"

"Princess Ida" Is Comic Outgrowth Of Gilbert's Parody

When one thinks of Gilbert and Sullivan he immediately thinks of "The Mikado," "The Pirates of Penzance," or a few of their other well known operas. However such "minor" comic operas as "The Princess Ida" contain some of the most beautiful and "catchy" music as well as some of the cleverest lines that Gilbert and Sullivan ever wrote. One of the explanations offered for its comparative lack of popularity is that the libretto is written in blank verse unlike librettos of their other operas.

The story of "The Princess Ida" was adapted from a poem, "The Princess," by Tennyson. Before writing the actual libretto, Gilbert had written a parody of Tennyson's poem in blank verse. To save himself trouble he took large portions of his parody and used them in the opera. Thus this opera unlike his others, was written in blank verse. However, Sullivan did a remarkable job in writing the music to fit the words in spite of the lack of rhyme. This delightful music combined with the witty lines makes "The Princess Ida" still live today both in the theater and in the hearts of those who have seen and heard it.

Like most of Gilbert and Sullivan operas the plot of "The Princess Ida" is not too complicated. Ida had been engaged to marry Prince Hillarion when they were both babies. At the beginning of the opera King Hildebrand, Hillarion's father is waiting for King Gama, Ida's father to bring Ida to Hillarion. Ida however has taken to scorning men and now rules a woman's university. With

Senior Women's Honorary Devotes Activities To Campus Service And Leadership

The national senior honorary society for women, Mortar Board, was founded at U. V. M. in 1924. Prior to that date it functioned on this campus as a local society called Akraia. The activities of Akraia, which was founded on October 13, 1913, to further the interest of U. V. M. women, were mainly to sponsor a spring and fall formal to hold class get-togethers and act as aides to the Dean of Women.

The purpose of Mortar Board is "To provide for the cooperation between senior honor societies for women, to promote college loyalty, to advance the spirit of service and fellowship among university scholarship and to develop a finer type woman, to maintain a high standard of a college woman. Mortar Board was founded in 1918 at Syracuse, N. Y., by representatives from existing senior honorary societies in Cornell University, Ohio State University, University of Michigan and Swarthmore College. The name was chosen from the local name of the Ohio and Michigan Chapters and a little black Mortar Board was chosen for the pin. The enrollment of the society has increased throughout the years and there are now 78 chapters in all parts of the country. Girls who will have finished their junior year by the opening of the fall term are eligible for membership. There is a certain scholarship qualification set up by the National Mortar Board Society and also a stipulation stating that a chapter may not elect less than five and more than twenty members. The new members, who are elected by a unanimous vote of the outgoing society, are initiated after the announcement of the elections at Founders' Day exercises.

This year Mortar Board's major project was the purchasing of a loud-speaking system for the Chapel. It will be installed in time for commencement. Last fall a minstrel show was produced in place of their annual formal but the spring formal was held as usual. The Mortar Board Smarty Party, a dinner for Freshman women on the Dean's List was started again this year.

There were nine outstanding girls in the society this year.

Mary Ashe

Mary Ashe's main interests throughout her college life have been with the Cynic. She worked up through the ranks as a copy reporter, news editor and finally managing editor. Last year she served as the Executive Committee of U. V. M. students and Newman Club.

Barbara Burnham

Barbara Burnham has been very active in W. A. A. serving as its President this year. Last year she was elected to All Sports Club, which is an honorary sports society. In her junior year she served as Secretary of Student Government and she was also elected to Sophomore Aides and Staff and Sandal.

Beryl Cheney

Beryl has been active in extra-curricular activities since her freshman year. She belonged to the University Choir and Glee Club, has served on Pan Hellenic Council and was the Treasurer of U. V. M. Students last year. She was also a Sophomore Aide and House President at Sanders and vice-president of her sorority Pi Beta Phi.

Frances Donahue

Fran, last year's Cynic editor was instrumental in forming the U. V. M. Co-ed Band and was an active member of Student Government. Her other activities included Student Union Council, Outing Club Council, Newman Club and Staff and Sandal.

Christine Hughes

Chris was a member of Sophomore Aides and Staff and Sandal serving as President of the latter. She is an ardent Home Ec. and treasurer of Alpha Chi Omega. In her junior year she served on Joint Conference Committee and Student Union Council. She was the House Chairman on this year's Council.

Ruth Jordan

Ruth has taken an active interest in dramatics and debating during her college life and belongs to many Honorary Societies. Included on her list are Sophomore Aides, Staff and Sandal, Eurekappa Alpha and University Players. In her junior year she was elected Duke Walk Queen and served as Editor in Chief of the *Lexi*. She just received Columbia's Ellis Island Scholarship Award for graduate students.

Shirley Needham

Shirley is another girl with many activities. Her varied interests have been with Outing Club, she served as second Vice-President her junior year and President the year. At mid-term she was elected to Phi Beta Kappa and she also belonged to other Honorary Societies including Omicron Nu of which she served as President, Sophomore Aides and Staff and Sandal. She is also a member of Pan Hellenic Council and President of Canterbury Club.

Vesta Stevens

Vesta is President of Mortar Board this year and was also a member of Staff and Sandal. She stands right close to the Dean's list throughout her college years. Her many activities include Vice President of Student Union, junior staff of *Lexi*, sub-committee of Student Government member of Joint Conference Committee and Classical Club, honorary society for classical students.

Marjorie Ruhm

Marge was elected President of U. V. M. Student Unit, but was not able to accept her term since she completed her college term at the summer session. While at U. V. M. she was outstanding in many activities including Student Union, Y. W. C. A. and Faculty Student Committee on Refugees. Her

Omicron Nu Honors Nancy McNamara

Nancy McNamara was elected this spring into Omicron Nu, the Home Economics Honorary society, at which the Phi Chapter is here at U. V. M.

Each year a certain percentage of the Junior class of Home Ec. students is designated. From the outstanding list an even smaller percentage is elected into the society.

The qualifications for membership are scholarship, leadership and service, and nature; courses in Home Economics.

There are thirty-five active chapters and six alumni chapters of Omicron Nu in the United States. The chapter on campus was started in 1927.

At present there are six members: Shirley Needham, President, Georgie Hughes, Muriel McKee, Ruth Van Holmes, Marjorie Nutting, and Vesta McCormack.

The group holds monthly meetings and its chief function is giving a scholarship cup to the sophomore Home Ec. student who had the highest marks at the end of the year.

This year their main project is making a linen table set.

"PRINCESS IDA"

T.K.A. Announces 3 New Members

...au Kappa Alpha, the national honorary ... society announces that for the ... 1944-1945, three members are to be pledged. Fred Woodward '46, Lenore Padgett '45, ...ournament of U. V. M. Debates and Shirley Harris '45, ...chairman of U. V. M. Debates.

Tau Kappa Alpha honorary forensic society was founded nationally in 1908. The local chapter at the University of Vermont was founded in 1914 by nine charter members. Mr. M. D. Towers, Professor Dean, Professor Prindle and Mr. H. A. Farley. Mr. Towers is now the Director of U. V. M. Debate, Prof. L. W. Dean and Prof. J. M. Prindle are now on the faculty at U. V. M. and Mr. Farley is now a prominent lawyer of Burlington. There are now over one hundred chapters of Tau Kappa Alpha in the country, and the national president have included such men as Lowell Thomas, [illegible] ex-ambassador to Russia, Joseph E. Davies, ambassador to Mexico, Adlai Stevenson and many others. New members are initiated and election of new officers are held. The alumni of the past year have been Edna Colby as President and Ruth E. Lorden as secretary.

Highlights for Tau Kappa Alpha include ... debate and a set number of debates, minimum requirements and participation in not less than three intramural debates and three intercollegiate debates and in prize speaking debates. Members of T. K. A. on campus during the past year have been Julius Caron, Lois Jordan and Frances Donahue.

Nuquist Emphasizes U. S. Importance In Peace Organizations

Andrew E. Nuquist, Professor of Political Science, discussed the peace parley at the I. R. C. meeting, April 23 in the student lounge.

Professor Nuquist emphasized the necessity of the United States supporting wholeheartedly the Peace Organizations that have been formulated at Dumbarton Oaks and Bretton Woods. We must realize that agencies exist that under these organizations and within this country conferences and conventions are held in such a way as to prevent another war in 20 years. During this war our country has suffered [illegible] ...ould have to pay [illegible] ...conflict in the future to insure the permanence of the peace organizations.

Both Dumbarton Oaks and Bretton Woods are compromises of all the United Nations. Neither are perfect but [illegible] ...ments have agreed upon a plan of action ...ere they have more points in common. The United States must accept [illegible] ...more to them [illegible] ...and it is generally ...more democratic than [illegible] ...ways in which [illegible] ...granted.

Congratulations to

Versatile Honorary Serves At Dean's Tea Other Campus Functions

Sophomore Aides the most recent women's honorary society at U. V. M. was organized in 1938 as a result of Mortar Board having it had two main duties to perform. The sophomore society was to take over the minor functions of this organization thus permitting the senior society to spend a greater amount of time on its more important projects.

Miss Elizabeth Bayley, Assistant Dean of Women is the present adviser of Sophomore Aides with Dorothy Frazer holds the office of president, Lenore Eichel that of secretary, and Marian Lewis is the treasurer. The other members of the society are: Mary Bresnehan, Elizabeth Corkett, Virginia Donaldson, Janet Eichenlaub, Laurel Hansel, Louise Jordan, Betsy Kipp, Gretchen Manning, Rita McGarry, Marjorie Nelson, Ronda Prouty, and Shirley Zeil.

Sophomore Aides have participated in many activities this year, including holding a Coffee Hour preceding the monthly Vesper Services. This tradition has always been carried on in Southwick, but for the past two years has been held in Waterman. The War Stamp booth in the main hall of Waterman was also a project of this society, as was collecting potatoes in the dorms for the Mary Jean Simpson Fund. The tea before the Religious Life Parley held this winter was given by Sophomore Aides. These girls also sponsored Miss Elizabeth Osborne, a beauty consultant from the Dorothy Gray laboratories, who was on campus recently to discuss charm with the coeds. The waitresses at the picnic held behind the Old Mill were the members of sophomore Aides. They also served punch and cookies to the Big and Little Sisters at the annual Dean's Tea in the fall.

Sophomore Aides have participated in many worthy activities this year to aid the students the campus, and also the war effort of the whole country, and they are passing on these functions to their successors, the newly elected members of Sophomore Aides at the class of 1948.

Destruction of artillery shells is being speeded up by the use of green fluorescent lamps under which rust spots stand out clearly.

13 Sophomores Elected to Staff and Sandal Society

Newly Elected Members Are Exemplary of The Standards Set Up For College Women

Staff and Sandal Dates Back to '38

Mortar Board and its advisers felt the need for a complementary upperclass society in the junior class to aid them in their worthy projects. In 1938 this "Junior Honorary Society" as it was then called, was organized to relieve Mortar Board of a few of their burdensome tasks.

Appropriate members were selected by Mortar Board in conjunction with a joint faculty and University Council. They met during the year and decided on the name Staff and Sandal for their organization. High character, service and proven leadership for which they were chosen as members will eventually through the society and its work, train them for leadership. The girls are sponsored by Miss Ethel Hartman, Director of Physical Education.

Lilac Day is one of their greatest projects. This year a modern dancing show was held at Burlington High School. Part of the proceeds was donated to plant lilac trees to beautify the Redstone campus and the remainder to the Mary Jean Simpson Fund for returning veterans. In the fall Staff and Sandal contributed to the social life of the campus by sponsoring a dance with entertainment in the Student Lounge. A music hour which is growing in its popularity is held on the third floor of Waterman every Friday at 4.30. Both students and faculty are welcomed to this classical music project.

In connection with the war effort Staff and Sandal provided twenty-five donors of plasma to the blood bank and made a contribution to W. S. S. F.

The '44-45 hard working Staff and Sandal members are: President, Nancy Hall; Treasurer Secretary, Barbara Powers; Frances Witham, Elinor Konowitz, Marguerite Donnelly, Virginia Campbell, Nancy Dockstader, Phyllis Edgerton, Mary Thornton, and Barbara Anderson.

DEWEY'S SYSTEM

(Concluded from page 2)

complete mastery and interest of the student in his field.

Doctor Dewey's ideas and theories have been discussed in educational circles for twenty years and attempts have been made to bring Dewey's ideas and existing educational practices into closer harmony. In closing, we might well ask, how far has our University gone in adopting these new principles?

The following outstanding [illegible] have been elected to [illegible] honorary society for the [illegible]

Janet Fickenscher

From Buffalo, N. Y. [illegible] member of W. A. A. and chairman of Student Union. [illegible] efficient news editor on the Cynic and is high ranking in scholarship as a member of Alpha Chi [illegible] ity and the new editor of [illegible]

Rita McGarry

Rita is a Vermonter from Proctor. She is a Home Ec Cynic news editor. She is chairman of Newman Club executive council of Student [illegible] Rita is a member of Pi Beta [illegible]

Lois Stevens

Lois is from New Haven [illegible] "Zoo" major, with plenty [illegible] for the subject. She is chairman [illegible] community projects committee of Y. W. C. A. and a member of the [illegible] nottee of Student Government [illegible] a member of Delta Delta Delta [illegible]

Dorothy Frazer

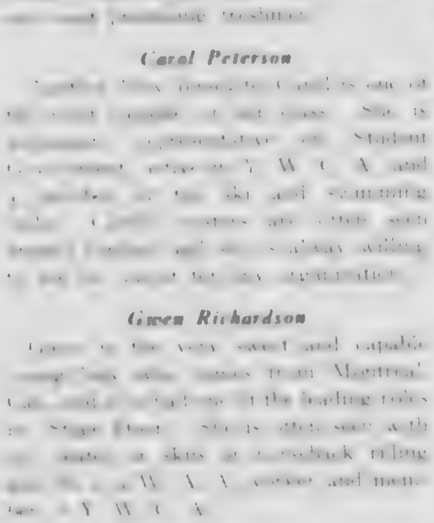
Dorothy, better known as Dot, is from Long Beach, N. Y. She is an excellent news editor on the Cynic staff and is active in W. A. A. She was president of last year's Sophomore class. Her efficiency is of the sort that gets a job done." Duck is a member of the Alpha Theta sorority.

Lenore Eichel

Lenny is from Brooklyn. She is on executive council of Student Government as well as on the cultural committee. She is treasurer of Hillel, and on the [illegible] committee for changing the [illegible] of the home economics department. She hopes to do research work in [illegible] when she graduates. Lenny is a member of Delta Phi Epsilon sorority.

Gretchen Manning

Gretchen is from Lynn, Mass. She has been a very efficient secretary of Student Union, and is also a reporter on the Cynic staff. She is a waitress in the Waterman dining room and wants to get her Master's in French when she graduates. Gretchen is a member of Pi Beta Phi sorority.



Mary Bresnehan

Mary is from Proctor. She is a band member, and a member of the Home Economics Club. She is a [illegible] worker and is a member of [illegible] Omega sorority.

Eileen Pickett

Eileen is from Glens Falls, N. Y. She is an active member in the [illegible]

W. A. A. Notes

Spring and fair (?) weather are a great inducement to drag lazy, weather beaten bones out and exercise. W. A. A. supplies the equipment.

BATTER UP!—Softball Club meets Tuesday and Thursday at 5:00 o'clock. For the enthusiasts who cannot make it at this time, there is a club that meets Monday and Wednesday at 3.30 or Tuesday and Thursday at 5.00.

BULL'S EYE—Robin Hood, in person, Joyce Byington, directs the archers at Club on Monday and Friday at 4.30 near the Weather Bureau. This Club is for beginners or advanced archers.

PING!—Professor Carpenter is going to instruct Tennis Club which meets Tuesday and Thursday at 4 o'clock on the University courts. A tournament has been promised by the managers to begin in the near future.

SPLASH CLUB—Although the Swimming Club has had a handicap during the winter season, it is now on its feet, meeting at the Y on Friday from 3.15-4.00 and from 4.00-4.45.

HIKE-BIKE—On Saturday, April 28, more ambitious members of the Hike-Bike Club bicycled to North Beach for the afternoon. Until it is more definitely decided, the Hike-Bike Club will meet each Saturday at 2.00.

Six New Members Win Blazers Of W. A. A.'s All Sports Club

WOMEN'S ATHLETIC HONORARY—1945

Back Row—Burnham.
Front Row—Byington, Ritchie, Rowe

Betty Ritchie

Betty Ritchie, president of All Sports hails from Glen Rock, N. J. To Ritch sports are even more important on a war-time campus, than in peace years. This Tri Delta says, "sports give me a chance to forget all the present shortages on campus." Even now, Betty is getting homesick for U. V. M. at the prospect of graduation.

Alice Rowe

Alice Rowe of Alpha Chi Omega is a Vermonter from way back. She has carried both the presidency of Canterbury Club and the Press Club. Alice's love of sports alleviates her trouble with mathematics' Reimann integral.

Barbara Burnham

Barbara Burnham, Pi Beta Phi, claims Connecticut as her native state. As president of W. A. A., Mortar Board and prominent member of sports clubs, Bobby typifies All Sports. She feels sports are the most "worth-while activity any girl can find."

Joyce Byington

Secretary-treasurer of All Sports, Joyce Byington, Tri Delta, is from Charlotte, Vt. Joyce intends to teach, that is, if she can ever get over the horror of interviews. She has enjoyed working with the Gym Department, even more than the sports themselves.

Pres. Ritchie, Burnham, Rowe, Byington Retire

The campus of Vermont will sport more green and gold blazers in 1945-46 than it has in the ten years of All Sports history. For six years outstanding girls in the athletic field at the University are today receiving the highest honor W. A. A. can give.

Qualifications for New Members

New All Sports members must meet the following qualifications: character, leadership, interest in W. A. A., attitude, cooperation, good sportsmanship, and membership, offices and functions in clubs as determined by the Club.

NEW ALL SPORTS MEMBERS

All Sports of 1944-1945 has elected the following juniors to this honorary society.

Mary Greene

Greene's interest in photography runs second only to her love of sports. By actively participating in every sport, Mary upholds her belief in the importance of the active, cooperative relaxation that only sports can give. Mary, an Alpha Chi, is a member of Staff and Sandal.

Anne Hoos

Anne, a Tri Delta, has ably proved her interest and ability for organization in her work on the W. A. A. Council. She heads Council-At Large for next year. She has organized and managed the ice-skating club.

Margaret Watts

The small Watts will be found again this spring working the soft ball club in shape. An Alpha Chi Omega, besides being the sculptor of Ira Allen, winning Kake Walk ice sculpture, Margie swings a mean ping pong racket.

Peg Donnelly

Peg, a Kappa Alpha Theta, has "flashed" her way through CYNIC, Staff and Sandal, Student Government, Student Union, Mexico, and the resulting Spanish Club. Her theory is that the teamwork

(Continued on page 6)

Sports Stuff . . .

by Walt Stern

We realize that this baseball season has its handicaps, accidents, and so forth; we furthermore grant the participants the fact that it is a voluntary organization, *but* as we all know one can't turn out the day of a game and expect to be in perfect form without regular practice. There are a few games scheduled for the near future and it seems advisable that all the prospective members participate in every practice session unless there exists a valid excuse. We feel that a little organization wouldn't do the team any harm. If your coach can turn out every afternoon to give you his expert assistance in the hope of putting the team on solid footing, then each individual member should feel a similar responsibility.

Larry Gardner is still clamoring for a few men; he would especially like to see a few interested in catching, since the present staff has been handicapped by accidents.

A tentative list of games has been set up with Middlebury and St. Mikes.

U. V. M. —St. Mikes, May 6, home
U. V. M.—Middlebury, May 9, home
U. V. M.—St. Mikes, May 12, there
U. V. M.—Middlebury, May 24, there

Sunday games will probably take place in the forenoon. Other home games will be held after classes at Centennial Field. Admission for students will be 25 cents.

For tennis fans the Centennial Field courts will be ready for general use within the next two or three days. Suggestions have been received to hold an informal match with Middlebury. It would be advisable to get together with Professor Carpenter and organize a tennis club in order not to have too many conflicts as far as the use of courts are concerned.

OWLS STILL TOP BOWLING LEAGUE

Tuesday last the Bowling Alleys reverberated with the shouts of the members of the Owls and men's Independent quintets. The top-ranking teams participated in a close encounter which ended in a split score of 3 to 3. This gave the Owls a three point lead over the women's Independents heading the teams with a score of 47.

The same night the Phi Sigs bowled the Delta Theta Gammas and succeeded in getting three points for high singles and triples. The Delta Theta Gammas succeeded in taking total pinfall by a slight margin of 30 pins.

Riding Club

GIDDAP!—Ride at your leisure. Sign the book at Bissettes for Club credit. Due to the number of horses there is no set time for the Club to meet.

HAT. BRISTOL TO HEAD HOME EC CLUB

The monthly meeting of the Home Economics Club was held April 12, in the Brick Barn.

The program consisted of a prize winning oration by Margaret Larrabee and a clever play by the senior food majors, portraying their recent trip to New York. Miss Underwood and Miss Lee also took part.

Next year's officers were announced as president, Harriet Bristol; Vice President, Virginia Benedict; Secretary, Jean Ayers; Treasurer, Ann Noble; Social Chairman, Alberta Read; Program Chairman, Ruth White; Publicity Chairman, Helen Greenwood.

Ronda Prouty and Lorraine Jaques were in charge of refreshments.

Allies' Long Awaited V-E Day Here ! !

German Forces Surrender To Gen. Eisenhower At Rheims

Admiral Doenitz Gives Command to Jodl and Von Friedeburg To Accept Allies' Terms

At 8.41 EWT Associated Press Bulletins electrified the air waves with the report from General Eisenhower of the unconditional surrender of all German fighting forces. A correspondent from Eisenhower's headquarters gave the report to the Associated Press.

A little red schoolhouse in Rheims, Eisenhower's headquarters, at 2.41 a.m. Paris time assumed momentous importance in world history. It was here that the German military men, General Jodl and Admiral von Friedeburg surrendered German forces at the command of Admiral Doenitz, into allied hands. General Smith, acting for General Eisenhower, received their unconditional surrender.

After the surrender had been signed, Joal and von Friedeburg were conducted to Eisenhower's headquarters. Eisenhower posed one powerful, direct question to them. "Do you understand the details of the surrender, and are you prepared to fulfill them?" The answer was "Yes."

William L. Shirer, C.B.S. news analyst, pointed out the significance of the absence of Germany's Doenitz at the time of surrender. He stressed the importance to the allied nations that a top flight Nazi give his country news of its collapse. This was not the case. At 8.43 Paris time Germany's Foreign Minister Count Ludwig Schwerin vonKrosigk announced the surrender to the German people. Shirer called vonKrosigk a "civil servant—not even a true Nazi." Von Krosigk in his announcement showed a complete about-face of the German attitude. He told Germany "to continue the war would only be senseless bloodshed. We must not despair. We must keep one thing—our idea of unity and our idea of comradeship. We must also recognize law. The respect of treaties will be sacred." This shows the complete lack of guilt in the mind of the individual German. Despite formal signing of the surrender there is the imminent question of whether all German commanders will abide by the terms stipulated.

At 10.27 EWT a bulletin announced telephone conversations between the heads of the allied powers in order to set a simultaneous time for V-E day.

(Continued on page 4)

Excitement High Over Nazi Fall

Students Mob Lounge For News Broadcasts

At 10.00 a.m. the Soda Fountain's usual placid Monday morning coffee drinkers and bridge players came to life. The report that Germany had surrendered unconditionally was given quietly at one table. Suddenly, flame like, the news leaped from table to table, reflected in the eyes and surprised faces of U. V. M.'s student body. People dropped their donuts and cigarettes and ran from group to group, pumping the arms and slapping the backs of those about them, shouting like mad men.

"Is it official? Are you sure?" asked cautious New Englanders. "Will we have classes?" No hour test! No reports! Classes—who cares?" Where is a radio?"

Radio Reports Heard

As if in answer to this last query, Professor Colburn appeared with a portable radio tucked under his arm. He plugged it in, after he had separated the crowd around him sufficiently enough to let him reach the wall.

Students forgot their dignity and squatted around the radio (it looked like Chapel hour). Long-dreamed visions, questions and deep thoughts flashed successively over attentive faces. Everyone asked his neighbor when V-E day would be announced, and received the same answer. "It has got to be today—it just has to be!"

Professor Colburn finished his coffee, picked his radio up again, and went to the Student Lounge. Students followed dog-like at his heels, scarcely able to wait for further news. With his walkie-talkie installed in the Student Lounge, Professor Colburn was once more surrounded by U. V. M.'ers. Students drifted in, sat down, smoked thoughtfully—this time the crown was silent, intent on getting every word of every radio announcement. The same inexpressible joy was pictured on each face, shadowed only by the question plaguing each mind about what was to happen next.

11.00 a.m. Classes Intervene

After the complete story of the unconditional surrender had been pieced together from successive news reports C.B.S. switched its listeners to New York's Times Square, where New York had already begun celebration. U. V. M. students turned restless as they thought of their 11.00 o'clock classes. This reporter left them dragging to classes, with minds anywhere but here at U. V. M.

Picnic Supper and Band Concert Held In Student Lounge

Familiar Strains of "Cotton Babes" Lend School Spirit to Rally

A large group of students attended the picnic and concert Saturday evening, May 5, arranged by the new members of the Student Government. Because of the weather it was held in the Student Lounge in the Waterman Building instead of around the building as previously planned.

Supper was served at 6.30, cafeteria style in the entrance way between the soda fountain and corridor. It consisted of frankfurts, potato salad, rolls, cookies and chocolate milk. Members who served were David Hackett '47, Edith McLaren '47, Margaret Miller '46, Marguerite Donnelly '46, Douglas Parizeau '47, Virginia Campbell '46, Laurel Hansen '46, Lois Stevens '47, Rita McGarry '47, Lenore Isabel '47, Peter Mallett '48, Rosemary Bristol '48 and Carol Peterson '48.

Members of the University Band, under the direction of Dr. Joseph Lechnyr, presented a program of a variety of pieces. Songs included were Champlain, Vermont Victorious, several marches and parts of the Suite Española which the band has been learning for its coming Spring concert.

Willson Daily '45, retiring president of Student Government, made a short speech in which he stated his assurance that the new members would do a very thorough job. He compared that first event of the Student Government to the first time a new baby talks, and gave a brief history of its organization. He then introduced Wendell Earle '46, the new president.

Mr. Earle introduced the new members individually and expressed his hope that the interest expressed by the attendance at the picnic would continue. He also said that Student Government would do its best to represent the students and that any matters arising among the students should be discussed with it.

During the evening a group of twirlers under the leadership of Harriet Cohen '46 gave an exhibition accompanied by some marches by the band. In the group were Gale Thompson '46, Anne Hoos '46 and Evelyn Olsen '47.

The evening terminated at 7.30 with the march "Our Director" played by the band, which was recorded by Ray Dunders, PFC. Private Dunders is stationed in Sioux Falls, S. D., and is visiting Verna Hall '48. He also participated with his trumpet in the band during the evening.

Jane Fahey did an exhibition of Kake Walking and Ted Battles and Dick Mason also strutted to "Cotton Babes." The singing was led by Barbara Burnham and Jane Fahey.

Hillel Officers

Elaine Konowitz is the president of U. V. M.'s Hillel foundation for the coming year 1945-46. Elections were held at the House on Sunday afternoon, April 29. The new vice-president is Selma Sondik; secretary, June Grody; treasurer, Arnold Clausen. Three members-at-large were elected to be a part of the Executive Council of Hillel. They are Robert Rosenberg, Pearl Weissbard, and Sonia Persky.

Miss Golden announced the forthcoming publication of Hillel's annual booklet. In it will be pictures and articles of various members of the organization summarizing the numerous activities of the year.

Voice of U.V.M. Heard at Parley

In the Memorial Auditorium Monday evening, April 30, a mass meeting was held, town meeting style to discuss the Dumbarton Oaks proposals now under consideration at the San Francisco Conference. The approximately 1,000 people present were given an opportunity to voice their opinions via a microphone set up on the floor of the hall.

The meeting was opened by a talk by Sen. George D. Aiken who stressed a Bill of Rights for the proposals and a post-war world of free international trade. Senator Aiken believes that we "have an opportunity of the ages to banish war from the world" with the foundation of Dumbarton Oaks.

Prof. Andrew Nuquist of the University of Vermont placed himself directly behind the Oaks set-up with his statement "Power has where power is." Drawing much discussion from the floor he stated "power is responsibility—if you have responsibility you must have power; and if you have power, you must take responsibility. It is the powerful nations who have to supply the men and weapons of war" in answer to the criticism of Raymond Seriat of St. Michael's College that domination by the great powers was unfair to the smaller ones. Nuquist outlined the Oaks structure on the basis of six major bodies: A general assembly as an agency of discussion representing all nations, a security council composed of the five major powers and six minor ones, an international court of justice, a secretariat, a military staff committee to put "teeth" into the plan, and an economic and social committee to raise the world's standard of living.

Laurel Hanson, U. V. M. student, supported concentration of power in the Big Five, who represent three-fifths of the world's population — England, Russia, United States, China, and France. "Some day the United Nations may be democratic" said another student, Julia Hurley, who compared the infancy of this world peace organization to the United States in its early years when democracy was not

(Continued on page 3)

VESPERS SPEAKER

DR. DOUGLAS HORTON

Internationally known churchman, Minister of the General Council of Congregational Churches in America, will speak at Vespers on Sunday, May 13, in the Ira Allen Chapel.

Dr. Howard, Former Missionary In Burma, To Speak Here May 15

Implications from the book "Strangers in India," written by a member of the Indian Civil Service, will be the topic of a speech given by Randolph L. Howard, D.D., at the chapel service on Tuesday.

Doctor Howard attended Shurtlitt College in Illinois and did his graduate work at Harvard University. He is a member of the Board of West China Union at the University of Shanghai.

On Monday, May 14, at 10.00 a.m., Doctor Howard will be in the Religious Life office for conferences, and he will also give a lecture in one of the history classes.

Tales of Nazi Intolerance Told by Dr. N. B. Dreyer

Janet Fickenscher

Dr. N. B. Dreyer of the Medical School can chuckle today as the Allied military leaders announce the unconditional surrender of Germany. For while he was being held prisoner in France, German officers and enlisted men, cocky and confident, assured him that "victory would be Hitler's within two months."

That was in May, 1941—and the Germans held the whip hand over prostrate France. America had yet to enter the war and the world turned anxious eyes toward the swastika armies of the Reich.

Telling of his experiences, he said: "Bet I hold some kind of a record—I was on board three ships in mid-ocean within two days!" An Egyptian passenger ship on which he had left New York for South Africa was sunk off South America by a Nazi raider. Survivors were taken aboard but soon transferred to a German prison ship. As physician for the group Doctor Dreyer was extremely interested in the nutritional standards of the German Navy.

Nazi Nutrition Policy

The raider which carried a crew of 300 had its barnyard aboard—pigeons, rabbits, goats and hens, for meat, milk and eggs. The officers and men on the prison ship ate meat, vegetables, and fresh fruit regularly—but the prisoners saw no fruit. When Doctor Dreyer complained that the 35 children would be risking scurvy, each was given ½ orange, the only fruit in five weeks. Daily rations of potato and macaroni were varied twice weekly by sauerkraut.

Racial Prejudice Shown

Racial prejudice was very noticeable. A negro, educated at Columbia was segregated and quartered with the Egyptian crew, until the Americans and British aboard demanded his return. A German orderly, who wore canvas-topped shoes to save leather, told Doctor Dreyer that after 15 years of service he would receive a pension, and bonuses if he married and had children.

And so, having crossed the Equator twice (with no initiation)! the prisoners were interned at Biarritz, France. They were inconvenienced by no hot water and the childish attempts of the Gestapo to spy upon them. But the German army

(Continued on page 4)

Service Flag Now Has 57 Gold Stars

According to the latest records compiled by the Alumni Office, fifty-seven gold stars are now carried on the Service flag of the University of Vermont. Brought up to date, the number of Vermont alumni, including both men and women, representing the University in war service is twenty-two hundred.

Ten are listed as missing in action, in addition to those who have given their lives and thirteen are known to have been taken prisoners. Eleven are captives of the Germans and two of the Japanese. Three of the eleven are now reported released.

The classes of 1940 to 1944 have contributed most heavily to the gold star list. However, one alumnus on the list of dead is Lt. Col. Joseph A. Cimera, M.C., of the class of 1916. Four would have graduated this year, and three from the class of 1946. Among the men who have given their lives are members of all ranks from private to colonel.

The four dead whose names would have

VOL. 63 MAY 8, 1945 NO. 14

V-E

In the world-shattering events of the past dramatic week Germany surrendered unconditionally to the Allies. Before the wondering eyes of the world—and at the same time during the startling succession of events that led up to the fact that our European foe was prostrated by the German people so absorbed by the Nazi doctrine through the years of preparation, lies, hates, and doubts we received hints of the possibility of this outcome. Only now have we considered these words of world-wisdom. That formula for victory was contained in the basic principles given in opposition to the power complex and individual subjugation promoted by Nazism. On the home front many of us working for the war effort could do nothing but pay lip service to our role in the war of clashing ideologies.

For before we received news of the collapse of the Nazi domain our differences with Germany were very gradually explained as American troops entered into German prison camps. The news reel picturization of these prison camps had us out of our seats with brutality and horror displayed undisputed. Inhuman, bestial, were words hardly apt enough to describe the monstrous treatment of Nazi foes.

Our utter belief in what we are fighting for has been clarified by these latest authentic reports. But a Germany now completely capitulated is a problem far greater as the Nazis were a problem for military might. After the first ravages of the disease of war reconstruction, cure, and future prevention summon even greater foresight, tolerance, and genius than the tactics and strategy of wiping out the enemy microbe.

Tokyo looms as the new objective. Our release is not yet here—only thanksgiving and good sober planning. The lines downtown outside the liquor stores prompt a wild celebration as a release from tension. Before the revelry, let's stop and consider, lest we forget, that we aren't whooping it up after a great victory fought for the sidelines. We're in a life and death struggle up to our necks. *Ours* is to owe and to thank.

The V-E program as planned by the University will be in effect today. Classes began at eight as usual, convocation at 11.15 a.m., adjourning at noon. There will be no afternoon classes, and all University offices will be closed in accordance with the proclamation issued by the President of the United States.

Annual Founder's Day Addresses Give Plea for An Honor System and Depict UVM Graduate

Daily Recommends New Honor Code

On this Founder's Day of 1945, I have decided to recommend for your future planning the adoption of an honor system at the University of Vermont.

Let us begin with a definition: The honor system is a form of student self-government which, assuming that every student is a man of absolute truthfulness and honesty, takes immediate cognizance of all violations of an accepted code of honor; and entirely through student organizations procures the permanent removal from the student body of those who, by violating in any degree this accepted code, prove that they cannot thus safely be trusted.

Under a true honor system that is really working it is the responsibility of a student who breaks a rule to report himself. This might be thought of as being the fundamental basis of the honor system. Nevertheless, it may be and frequently is necessary to approach directly the student involved and try to make him realize his responsibility.

Most schools have found it advisable to limit the honor system strictly to those matters alone that affect a student's personal honor, briefly summed up as lying, cheating or stealing.

Honor System At Work

But let us turn briefly to the honor system as it works in other colleges:

At one institution, on the day before a football game last fall, an enterprising student placed hundreds of lapel buttons with the college colors on a table under a tree on the campus, priced at twenty-five cents each, with an open cigar box to supply change and hold the money. Before night the box was so filled with bills that a professor who was passing by placed a weight on them to keep the pile from blowing away. Over three hundred emblems were sold in this way without a salesman in sight and before dark the pile of bills and coins on the table exceeded seventy-five dollars.

At another university, where the honor system has been in effect for nearly fifty years, examination rooms are entirely free from faculty espionage. The professor in charge does not hesitate to leave the students alone and go down town (or to his office) at any time. Any student may leave the room and while absent goes wherever he pleases.

Another school writes: "Years of operation of the honor system at our university convinces one that of all the character-building agencies on the American college campus, this system may become, when effectively utilized, by far the most valuable and efficient."

Will It Work Here?

That is all very well, you may say, but is there any assurance that conditions seeming to exist elsewhere would be found to hold good here? In reply, I would ask you simply, is honor to be confined to one group? Surely the quality of honor should not be the heritage of a precious few, all of whom happen to be in attendance at another college than our own.

Furthermore, we are not in high school any more. This is college, where we are preparing ourselves for a future life. In the meantime, we hope we are maturing and one of the pre-requisites of maturity is a willingness to accept responsibility.

It will behoove every Vermont student to devote careful thought to this question of an honor system. With vision, and with our feet on the ground, let us plan vigorously and with imagination for a better world!

WILLSON DAILY '45

U. V. M. Student Is The Trade-Mark of Our Mill

The interesting piece of [illegible] at the other end of College [illegible] named the "Old Mill" [illegible] formal education these days [illegible] a milling process. Take our [illegible] son of sound body and mind [illegible] in at the college entrance [illegible] power and set the machinery [illegible] wait four years, or less [illegible] production, then open the [illegible] and out slides your [illegible] his B.A. tucked under his [illegible]

What sort of a product [illegible] depends to a considerable [illegible] college firm which produced [illegible] are traditions of one sort or [illegible] connected with these educational [illegible] cerns, some being noted for [illegible] intellectuality, some for [illegible] some for personal charm [illegible] ity and high living, and some [illegible] minded endeavor.

U. V. M.'s Trade-Mark

For what do we wish the U. V. M. trade-mark to stand? What [illegible] the run of our mill? Let's see [illegible] up before us. What have the [illegible] four years done to him?

In the first place, he looks [illegible] well. He values his health [illegible] for it.

Yet it is not the glow of [illegible] which we notice in his face. [illegible] the unmistakable light of intelligence and interest. What influence did college have here? When our college [illegible] arrived on the campus, he found [illegible] atmosphere charged with interest [illegible] knowledge of the past, accomplishments of the present, and hypothesis and experiment in search of new knowledge. He was soon caught up in that interest and shared in the common purpose of the faculty and other students. Then when he had acquired sufficient knowledge of the past and present, he, too, began to interpret them, and to speculate on the future.

In this way there developed another characteristic of our U. V. M. product, his independent judgment and resourcefulness. He is no longer merely a receptive sponge, absorbing whatever is submersed in at the moment. Nor is he merely a wad of plasticene, to be molded now by one professor or authority now by another. He has certain criteria of his own on which to make his own judgments, and an ingenuity and imagination to help him see further problems with their possible solutions.

As the natural result of these habits of criticism and research, our present graduate has a certain modern confidence in his ability to meet new situations and problems. He is therefore not afraid of change, but rather, alert to opportunities for improvement and progress.

(*Continued on page* [illegible])

CORRECT FOR COMMENCEMENT IN 1860

This member of a Senior Class of that year is fashion-perfect for the occasion. Top-hats were sine-qua-non, and voluminous neckcloths muffled the spotless linen. Co-education was becoming fashionable, too.

That year, 1860, civil war was looming on the country's horizon. College campuses blazed with patriotism. Railway Express was ready, at the first summons, to put its services at the nation's command. Today, America is fighting a world-wide war. So, to help all concerned, please do three simple things with your 1945 home packages and baggage: Pack them securely—address clearly and adequately—avoid abbreviating state names.

Walter Stern

It is quite difficult to make any kind of prediction for the success of a team after an opening game. There are a number of factors that have to be considered before any judgment can be made; one of the many, is the pure excitement of the opener and the desire to do a "good job." Considering the handicaps of a small squad, our U. V. M. nine put up a fairly good showing in their opening game against St. Mike's.

Larry Gardner expressed hopes for the team; of course he insisted that "if I had a year with the boys they would make a pretty good ball club."

Coach Gardner

Student support of the game seemed rather poor; the attendance out of about 700 was roughly 250.

There are two games scheduled for this week. U. V. M. will meet Middlebury on Wednesday afternoon at 4:00 p.m. at Centennial Field, so let's all turn out and support the boys.

Saturday afternoon at 3.00 p.m. the Cats will meet the St. Mike nine for their second encounter at Centennial Field. *Let me repeat*, SATURDAY AFTERNOON!!

Larry Gardner, forced by the size of his squad, will keep the line-up pretty much the same as in the opener; that's the latest for the Middlebury game.

St. Mike's and Middlebury had a close encounter and if we judge on that basis it ought to be a fairly interesting game if our batting order can get a little power behind it.

On the whole Jimmo did a good job on the mound and if Fagan, Stein and some of the others had a little more luck with their hits it would have been more promising. There is always a next time; so let's get out there and fight!

TOWN MEETING

(*Concluded from page 1*)

the rule. Sally Edson, also of U. V. M., said that patriotism in a world organization should be substituted for national patriotism.

Throwing his weight on the side of Senator Aiken's argument that economic agreements were of paramount importance in a peace organization, Prof. George Hand of our economics department stated, "Economic freedom will determine political freedom, and high tariffs are not the means to prosperity."

"If we do not work for concrete realization of freedom of Speech, Worship, and Security, we will have only the freedom to suffer, starve, and die," declared Prof. George Dykhuizen of U. V. M.'s philosophy department.

Dale Conley, World War II veteran now at U. V. M., stated that as president of the veterans' organization here, he wished to place the club on record as backing the Oaks plan.

Jimmo, Birsky Pitch In Opening Thriller

400 Ball Fans Throng Stands At Centennial

Bob Morris

Lapses to bat in the "clutch" and costly errors at crucial moments caused Vermont's downfall as the first U. V. M. team of three years bowed to St. Michael's Crusaders 7-2 before a Sunday afternoon crowd of about 400 rabid baseball fans. Only in the first inning did the Green and Gold show their vaunted batting punch.

The Pitchers

George Jimmo, Larry Gardner's ace right-hander, was in brilliant form as he made his collegiate debut for the Green and Gold. With better support he might have walked off with the verdict. Unfortunately for Jimmo and U. V. M., Bobo Birsky had on his "whistling togs," as he fanned sixteen batters and effectively scattered six hits in registering his first win of the season.

In the fourth frame Birsky retired the side on strikeouts, but went this one better in the sixth when he struck out *four* batters. Fagan had reached base when his third strike got away from the Purple catcher, Stopyra.

Rounds proved to be the chief thorn in Jimmo's side as he collected two singles, a triple, and two base on balls in five trips to the plate. Sted Huard led the Vermont attack with two singles and two base on balls, in addition to being hit by a pitched ball.

First Inning

St. Mike's started out as if they were going to make a rout of the battle. O'Rourke reached first base as Roger Baker fumbled his grounder, and went to second a moment later on Lagor's single to centerfield. Both runners advanced on a wild pitch by Jimmo and scored on a long single to center by Rounds. After Birsky went out, Rounds made second as Howie Stein threw out Flanagan. A sharp single to left by Stopyra scored the Michaelmen's third sacker with run number three, Jimmo then bore down to fan Viger and end the frame.

U. V. M. bounced back when Sted Huard led off with a single to left. Howie Stein beat out a bunt a moment later and both runners advanced on Baker's sacrifice. Bill Fagan promptly sent both runners home with a sharp single to right-field. Seconds later he was caught stealing second, ending Vermont's hopes for the inning and the afternoon.

Third Inning

St. Mike's increased their lead to 5-2 in the third frame on a three-bagger by Rounds and walks to Birsky, Flanagan, and Viger.

In the seventh Flanagan reached on a Baker error, took second as Baker tossed

W. A. A. Notes

Swimming

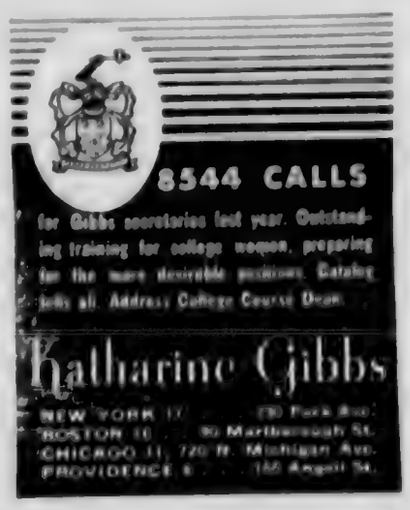
Where are all those aquabelles keeping themselves? Girls now that the warm spring days are here that is the time to spend your Friday afternoons in the "Y" pool. So remember save your afternoon from 3.15 and 4.00 to practice your form and diving. Come on let's have a big crowd next Friday.

Riding

Here they come down the last stretch. The Riding Club is coming along very well. Have you seen those new horses they have acquired at the stables? If you can really ride 'em then Mikado and Nipper are the horses for you. However, if you *are* the tender type and apt to get saddle burns and lame around the joints there is always Billy or Peanut around. Make your own time with Ted Bessette but come with your friends out Shelburne Road way and ride over those trails.

Tennis

If the sun stays out long enough the tennis courts can dry and all you girls who have your rackets in moth balls can start swinging away. If you really want to practice upon your backhand you are welcome to come into the gym and swing for all you are worth. We'll be seeing you Alice Marble, Jr.



Golf

Something new has been added. From all reports we can get the golf course has been patronized by quite a few University girls. True the weather hasn't been too favorable but nevertheless quite a few balls have already been lost in unknown places. However that doesn't discourage them.

Softball

There are rumors going around that the girls are intending to go into competition with the Brooklyn Dodgers or is it the Boston Red Sox? This is another team that is suffering due to weather conditions. When you have the time come and join them Tuesday and Thursday afternoon. Let's see who can be the home run champ.

Don't forget W. A. A. banquet is coming soon! !

Bowling Tourney Approaches Finals

Owls and Independents Tied In First Place

The bowling season is drawing to a close and the remaining matches furnish terrific competition for the top places for the semester.

April 26 found the SAEs taking a 5 to 1 victory from the Pi Phis and the Owls splitting their score with the Alpha Chis 3 to 3. The high singles for the week were taken by A. Cady with 118 pins and D. Audette with a score of 123. W. Barwood and D. Audette took high triples with a pin fall of 310 and 332 respectively.

On May 1, the Men's Independents took 5 out of 6 points in their match with the Delta Theta Gammas. The Women's Independents swamped the Phi Sigs taking the entire six points.

SAE, recovering from last place, took four points in their encounter with the Alpha Chis on May 3. The Men's Independents who by the way are the only ones that can challenge the Owls and Women's Independents claim top honors, took the Pi Phis by a score of 6 to 0.

High singles for the week were: Ruth Schoppe with 123 and Ruth Holmes with 111. Contestants for high triple were: E. Benway with a pin fall of 300, C. Plumley with 305, Ruth Holmes with 306, and H. Stein scoring 301.

Team standing as of last week:

Team	*Score*
Owls	50
Women's Independents	50
Men's Independents	47
Delta Theta Gammas	28
Alpha Chi	28
Phi Sigs	27
Pi Phi	23
SAE	23

U. V. M. Representatives Visit Andover-Newton

Three representatives from the University of Vermont traveled to Andover Newton, Mass., last Friday, April 27.

Barbara Powers, Nancy Hall and Lois Stevens made up the group. They went in order to attend the religious conference at the theological school in Andover Newton.

Capacity House Hears Opera "Princess Ida"

Leads Sung By Farrell Bursten and Coolidge

[illegible] the long awaited operetta staged by the Music Department [illegible] Friday night. The audience which included students filled the auditorium to capacity and applauded the show after numerous curtain calls at the end of the performance.

The principal actors of the operetta took part in Castle Adamant, a school where students were trained to despise men and consider them as monsters who had only come into existence to [illegible] Princess Ida although, and to [illegible] Hilarion, Ida's fiancé, at the end of the story, had retired within the walls of Castle Adamant and become the head of the school. When the Prince and his friends Cyril and Florian, [illegible] Melissa and Anita [illegible] came to seek her there, much comedy resulted. The girls were forced to disguise themselves in the school garb and pose as three of the student maidens. This deceit was soon discovered and the [illegible] of "all the [illegible]" was given by Princess Ida. However though the girls had been recaptured such an effort they were reluctant to put the theory to practice and at the operetta the lovely princess left Castle Adamant with the handsome prince accompanied by Cyril and Florian plus two other returned maidenhatters.

Farrell, Bursten Star

The part of Princess Ida was played by Lorraine Farrell '46 a music student who has made many solo appearances on the campus and in town. She appeared at the Christmas and Easter concerts this year and has sung in Burlington in churches at club meetings and also over WCAX. Lorraine has studied voice with Mrs Elizabeth Bradish for the past six years and under her tutelage has shown signs of a promising future.

Other principal parts were those of Hillarsom's father, King Hildebrand, played by Fred Coolidge; and Princess Ida's father, King Gama, which was excellently characterized by Ben Bursten. King Gama's three sons were played by BHS students Richard Haigis, Charles Knickerbocker and Carmer Van Buren. Becky Farnham portrayed the character of Lady Psyche, Professor of Humanities and as Lady Blanche, Professor of Abstract Science. Eleanor Brownell contributed the audience with her philosophical musings. Marilyn Holden played the part of Lady Blanche's daughter, Melissa, who was quite surprised to find that men were after all rather beautiful and left the Castle in the company of Florian. Three girl graduates were played by Shirley Lampman, Muriel Hemingway and Iolita Montgomery.

Student Conductor

Besides her singing part, Shirley Lampman conducted the actors and chorus during the entire first act. A senior in the Music Department, Shirley studied conducting for a year under Prof. Ippocrates Papanotsakos. She has also had experience as a soloist, having appeared as such at many university functions, and over WCAX.

The [illegible] in the operetta were colorfully garbed, and credit goes to Rita O'Brien and Avery Hathaway. Peter Mallett was in charge of publicity, Gretchen Reiven, stage, Bunny Lieberman, make-up, Lenore Rosenberg, business, and Stanley Golden, house-manager. Production was supervised by Ben Bursten and Franc Skirball.

Mrs Wilmetta Sproul Taggart directed the dramatics, and the musical direction was handled by Professor Bennett, who conducted the chorus and actors during the second and third acts. Professor Papanotsakos conducted the orchestra.

Proceeds from the operetta will go to the Red Cross.

Speakers on L. A. Address Classes

Montenegro and Haring Lecture on S. America

"Argentinian Policy" and "The Background of Dictatorship in Latin America" were the subjects of the lectures given by Ernesto Montenegro and Prof. Clarence H. Haring respectively on Tuesday May 1 at 4 and 8 p.m. in the Fleming Museum.

Tuesday marked the opening of a two-day Latin American Conference here. Both speakers lectured in several history and political science classes and held discussions there on various phases of Latin American affairs and policies.

Mr. Montenegro, who gave the lecture on "Argentinian Policy" and also spoke on Chile, is a journalist, a native of Chile who has lived and worked in Argentina for some time. He outlined the government of Argentina and explained in terms of their affairs and temperament the reasons for their present-day attitudes. Mr. Montenegro who is at present living in New York City has lectured throughout New England and in many other parts of the country.

Professor Haring also a well-known lecturer, is professor of Latin American history and master of the Dunster House at Harvard. In his lecture on "The Background of Dictatorship in Latin America" he brought into his discussion the early government of many South American countries and gave reasons for their present systems. Professor Haring has attended many Latin American conferences and is an authority on this subject. His lectures given throughout Tuesday and Wednesday included discussions of Argentina and Brazil. After his lecture on Tuesday night, a discussion of Latin American affairs was held in which both he and Mr. Montenegro participated.

This conference, under the chairmanship of Professor Evans, was conducted in cooperation with the Coordinator of Inter-American affairs.

NAZI INTOLERANCE

(Concluded from page 1)

was the cause of surprise, with its motley uniforms and privates who saluted privates! The Germans were already up to their old tricks—robbing private homes of woolen and leather goods, and buying liquor by signing checks.

We internees were guilty of black marketing—of a queer kind" laughs Doctor Drever. The Germans when changing our money would only give us 49 francs to a dollar, but we found that at restaurants and cafés we could get 100 or more.

One day the local head of the Gestapo interviewed Doctor Drever for 45 minutes in the hope of gleaning information about America's attitude toward the war. He replied that the South was indifferent, the North and East divided, the Middle West isolationists, and the West interested only in Japan. "Probably I'm quoted in German archives," says Dr. Drever.

Band Plays At Benefit

The U. V. M. Co-ed Band played at a concert for the Shrine benefit for crippled children Friday, April 27 at Memorial Auditorium. "Sandalwood," "Dongolaise" March, "Little Giant," "Cardinal," "Fort Dearborn" were among the selections played.

A Spring concert is planned for May 17. Anita Smith '47 and Verna Hall '48 will be soloists.

GYPSY ATMOSPHERE WILL LEND COLOR TO SATURDAY DANCE

Gypsy bands will play and gypsy girls will sing around a glowing campfire when the Alpha Epsilon Phi pledge group holds its first big event in the Waterman lounge Saturday, May 12.

The lounge will be decorated in typical gypsy style while blankets placed round the campfire will serve as chairs. For those who are not inclined towards dancing, there will be bridge, fortune-telling, and entertainment with two floor shows appearing at 9:30 and 11:30 p.m.

Irene Brussovansky is general chairman of the dance assisted by Leona Felix and Harriet Barron. Music will be furnished by the Vic and refreshments will be served.

Dancing will start promptly at 8.30 and continue until 12:00. Professor and Mrs. Moody will be present as chaperons. Men have been invited from Norwich and Middlebury and a large number are expected for the dance.

Vermont Versus St. Mikes

(Concluded from page 3)

out Stopyra and streaked across the plate on Lonacamo's sharp hit to right.

Top of the Ninth

As an anti-climax the Purple pushed across a seventh run in the final stanza. Stopyra blasted a one-baser to left with one gone and promptly stole second. Viger rescued him with a drive to left.

In an attempt to get a rally started Coach Gardner sent Dusty Weatherby in to pinch-hit for Jimmo in the last of the ninth. Dusty responded by reaching, after being hit by a Birsky "sinker." Sted Huard gave new hopes as he drew a base on balls, but with two on and none out Birsky put out the fire by fanning Stein and Baker and throwing out Fagan.

All told U. V. M. left eleven batters stranded. That told the story in a nutshell.

Vermont Wins Over Middlebury In 1st Prize Speaking Debate

Plan peace policy or wage woeful war. That question faces us today, and a highly important part of this is the coming treaties of peace which can make or break the world. The importance of the matter was discussed on Friday, April 27, 1945 at the Lawrence prize-speaking debate between the debating teams of the University of Vermont and Middlebury College. The debate was stated, Resolved: "That the United States should adopt a Constitutional amendment providing for ratification of treaties by a simple majority of both houses of Congress." U. V. M. took the affirmative while Middlebury held the negative side.

The affirmative side, made up of Eileen Pickett '47, Pearl Weissbard '46 and Stanley Golden '48, told about the history of the Constitutional passage concerning treaty ratifications as it stands today. They brought out the fact that some of the provisions in the original doctrine are highly out of date and were only made as compromises to certain states at the time that our country was less than one third the size it is today. They told about the appeasement of the small suspicious states, and gave reasons why they forced this present two thirds rule for treaty ratification to be embodied in the Constitution. The affirmative also brought out the fact that under the present system, hardly a semblance of democracy exists because a very small minority of Senators who might possibly represent a very small minority of people in their respective states could block a treaty that meant future peace for the world. The affirmative proved this mathematically and then followed up with proofs of how other important treaties in the past have been blocked in the upper house and have only brought trouble and disorder to the country. The most important example of this was [illegible] ing of the Versailles Treaty [illegible] ate following the last war [illegible] presented as a possible [illegible]

The negative was upheld [illegible] ald Hackel, Miss Peggy [illegible] Seaman Charles Blaha. The [illegible] wished to make it clear [illegible] ning that they felt a change should be made in the present system, a modification. They proved by statistics that under the new system, it was possible for a majority of Representatives representing the least amount of people and Senators, also representing the smallest possible population, could control. This would mean that there would be possible seven per cent increase in improvement over the old form and the negative considered this insufficient improvement and no basis for argument.

The decision went to U. V. M. [illegible] for speaking followed, and the [illegible] were: First prize of $25, Don Ha[illegible] Second prize of $15, Eileen Pi[illegible] and Third prize of $10, Seaman Ch[illegible] Blaha.

VOL. 63 | BURLINGTON, VERMONT, WEDNESDAY, MAY 16, 1945 | NUMBER 15

Senior Week Begins Saturday, June 2nd

Daily, Stevens, Ashe, and Holden Elected Officers

Class Exercises to Include Addresses by Student Leaders and Gowning of Statues

With the election of class officers on Friday, May 4, the class of '45 started to prepare for Senior Week and graduation exercises. The following people were elected: President, Willson Daily; vice-president, Vesta Stevens; secretary, Mary Ashe; treasurer, Clem Holden. Barbara Burnham was elected chairman of the Senior Week committee. At a meeting of the newly elected officers, the plans for Senior Week were decided upon.

Senior Week will begin on Saturday, June 2, at 10 a.m., when the senior class will gather on the steps of Billings Library. From there they will proceed to cap and gown the statues of Ira Allen and Lafayette. Clem Holden will act as marshal at the ceremony. The class will then raise first the United States flag and then the class flag. After this the group will return to the steps of the library where five of the class' favorite professors will address them and a picture will be taken. The seniors have all been invited to attend the alumni luncheon which is to be held at noon.

Class exercises will start at 2:30 and will be held on the campus green. Willson Daily will address the seniors in a Welcoming Speech. Bunny Lieberman is to talk on the class' history and Margo Donahue will read the class poem. The Lafayette oration will be delivered by Shirley Needham, Ira Allen speech by Ruth Jordan, Boulder speech by John Williams and the Ivy oration by Beryl Cheney. Each member of the class will receive a pipe to smoke during the pipe oration. The class will plant an ivy after the exercises and in the evening is to be a formal reception given by President Millis.

A picnic breakfast will be held at 10 a.m. Sunday morning and at 4 p.m. is to be the Baccalaureate service. The graduation exercises will be held on Monday, June 4.

There will be a dead week on May 18 until May 25 before final examinations. Campus organizations are urged to discontinue activity.

Student Govt. Undertakes Trial Of New Projects

Council Investigates Fees, Cafeteria, Vespers Chapel Sound System

During the past two months Student Government has coped with many student questions and has arrived at some definite conclusions. It will be the purpose of this column to give a brief resumé of their most recent activities and achievements.

The members of the standing committees are as follows: Cultural Committee—Lenore Eichel, Ruth Schoppe, Barbara Powers. Finance Committee—Wanda Hutchinson, chairman; Rosemary Bristol, Liz Conklin. Social Committee—Dorothy Brown, chairman; Virginia Campbell, Jean Bruce, Esther Hellerman. Religious Life Committee—Nancy Hall, chairman; Vesta Stevens, Mary Bresnehan, Eileen Pickett, Elinor Konowitz, Robert Rosenberg. Freshman Orientation Committee—Betty Dole, chairman, Nancy McNamara, Peg Donnelly, Louise Jordan. Pep Committee—Harriet Bristol, chairman, Alice Annand, Laurel Hansen, Barbara Snetsinger.

President Millis requested information as to whether the students would like a quarterly fee to be paid by each student each quarter and covering labs, health, and student activity fees. The council decided against the proposal since many students do not take lab courses. The council was in favor of pooling the student activity fee and the health fee.

At the meeting held on April 16 a discussion was held on the sound system used in the chapel by a recent speaker, Erika Mann. Not everyone thought the sound system improved the carrying of the speaker's voice but it was decided that they should be tried at subsequent convocations.

Under new business the formation of a Student-Administration Joint Conference Committee was discussed. A motion was made, seconded and passed to have the four officers of Executive Committee form a committee to contact the administration and if agreeable with them to work on the Joint Conference Committee. Following the appointment of this committee Dave Hackett gave the following report: Whenever we have any problems we want to present we may take them to a meeting of the Deans and President Millis. A discussion was then held on what problems we have to take before this committee. Those brought up were the cafeteria

(Continued on page 4)

Dr. Douglas Horton Speaks at Vespers

To attain a lasting peace there must be a universal "unconditional surrender to a society based on the principles taught by Jesus Christ," said Dr. Douglas Horton of New York City, guest speaker at the Vesper Service held in the Ira Allen Chapel, May 13. The impressive sermon was based on the text "Thy will be done, on earth as it is in Heaven."

No country, whether the vanquished or the Conquerors, can force its will upon another country. This will lead to resentment and eventually revenge. "Make God the Victor," said Doctor Horton, "and we will succeed in the peace." What does this mean? It means surrender to a society which is based on these three principles: The whole for the benefit of its parts, the parts for the benefit of the whole, and the awareness of the unifying force of God's presence.

Doctor Horton is minister of the General Council of Congregational Churches of America. Others participating in the Vesper Service were Chaplain Raymond A. Hall, Pres. John Millis, and the University Choir directed by Prof. Howard Bennett and accompanied by Miss Marston.

Band to Present Concert on May 17

Another Vermont tradition, the annual concert of the University of Vermont band, will be presented on May 17 at 8:00 p.m. To be held in the Chapel, this concert will be free and open to the public.

Climaxing weeks of preparation, the band will present a program of varied and interesting numbers. Among the new features will be soloists accompanied by the band. Anita Smith will be at the piano giving her interpretation of a very modern number, "Repartee," and Verna Hall will do the honors with the cornet solos in "A Carnival of Venice."

The band appeared last week at the Shriners' Benefit and gave a preview of their work at the Student Government picnic held Saturday, May 5.

(Continued on page 6)

Banquet Speaker

Mary Greene
Incoming President of W. A. A.

SPORTS AWARDS ARE GIVEN AT ANNUAL W.A.A. BANQUET

At last, W.A.A. members, the annual W.A.A. banquet has been announced for next Friday night, May 18, at six o'clock. The banquet with the program to follow will be held in the parish house at St. Paul's church. Mary Jane Little '46 is in charge of the party. Margy Watts '46 as master of ceremonies will officiate at the installation of recently elected juniors, Mary Greene, Anne Hoos, Margy Watts, Peg Donnelly, Ginny Campbell, and Spike Thornton, to All Sports Club.

Members of honorary varsities will be presented with certificates. Also at this time the Green and Gold captains will be announced. One of the biggest parts of the program will be the awarding of the treasured W.A.A. cups awarded to the dorms or sorority houses having the highest record in each sport.

Phil Edgerton '46 heads the Refreshment Committee; Ray Giddings '46, Program Committee; Gail Thompson '46 and Joyce Byington '45 are in charge of invitations. Bea Reymond '47 is the chairman of the Decorating Committee, Irene Fahey '46, chairman of Clean-up Committee; Anne Hoos '46, chairman of Publicity.

Home Ec Club to Hold Banquet

Slipping just under the wire of dead week by special permission, the Home Economics Club is holding its annual banquet in honor of the seniors on May 21. All the Home Eckers, approximately 110, will gather in the third floor Waterman dining room at 6.00 p.m. for one of Miss Underwood's dinners served by club members in buffet style. They hope to be able to eat on the sun deck if the weather permits.

Following the meal the girls in clothing classes will display their year's labors in a fashion show. Miss Milla Newland will initiate seniors to the Vermont Home Economics Association. Other guests will be the Home Economics faculty and Miss Bertha Terrill.

Harriet Bristol '46, President, is being assisted in her preparations by Alberta Read '46, and Ruth White '46. Nancy McNamara '46, is in charge of the fashion show.

Notice to all University of Vermont men: The Boulder Society is calling a mass meeting this Friday evening at 7.00 p.m., May 18, in the Student Lounge. The purpose of this meeting is to make certain decisions on the organization of men for the coming year.

N. McNAMARA HEADS NEWMAN CLUB GROUP

The final meeting of the year of the Newman Club was held Tuesday, May 8. Officers for the coming year were announced and introduced to the members. They are President, Nancy McNamara '46; vice president, Rita McGarry '47; secretary Claire Muldoon '48; and secretary Kathleen Haus '47. The newly elected executive committee members are Mary Dunleavy '48, Mary Mitiguy '47, Jean Sullivan '47, and Paula Whelan '47. The outgoing president read a summary of the club's work and the secretary and treasurer read the year's report. All committees including the membership committee, the social service committee, the program and the publicity committees gave reports on their work for the year.

The meeting closed with a prayer of thanksgiving for V-E Day.

HILLEL BANQUET CULMINATES YEAR

On Sunday night, May 13, at the Hotel Vermont, the Hillel Foundation sponsored its second annual banquet, marking the close of activities for the 1944-45 school year. The out-going President of the Foundation, Sonia Perkins, served as toastmaster of the meeting. Besides the members of Hillel many guests were also present at this event. Among them were President and Mrs. John Millis, Dean Mary Jean Simpson, Professor and Mrs. Dykhuizen, Professor and Mrs. Hall, Professor and Mrs. Colburn, Doctor Horton and Mr. Barney Cohen, Vice-president of the local B'nai B'rith Lodge.

Rabbi Z. Gellman, the Director of Hillel, was then introduced. The Rabbi thanked the faculty and administration for their efforts in aiding the progress of Hillel. Hillel, he says, has sought to serve the religious and cultural needs of the entire University and will in the future give all its efforts and energy towards fellowship and a wholesome expression of the ideals for which we today strive.

Elinor Konowitz, the President-elect, announced the new officers for the coming year: Selma Soudik, Vice-President, June Grady, Secretary; Arnold Colodny, Treasurer and Sonia Perkins, Pearl Weissbard and Robert Rosenberg executive members.

Dykhuizen Reviews Cost of War

"We have waited so long, we have hoped and prayed so much for the war in Europe to end that, now when the event is upon us, feelings of satisfaction and relief rise within us." Thus did Prof. George Dykhuizen completely express the feelings of the general public at the V-E Day Chapel service at 11.15 on May 8, 1945. Following a general prayer and Scripture reading by Rev. Raymond A. Hall, Professor Dykhuizen spoke on the feelings of the world concerning the victory and the cessation of all hostilities in Europe. Dean Elijah Swift then eulogized the many men, former students at the University of Vermont, who had died or been captured during the war.

Professor Dykhuizen spoke calmly but firmly of the myriad thoughts that must have penetrated the minds of many people on the memorable V-E Day. He reminded the audience of the beginnings of the war, the many setbacks, the price of lives incurred, and finally the rejuvenation of the Allied forces which gained greater momentum as they fought and finally won back all occupied territory and a complete unconditional surrender from the enemy. He reaffirmed in the eyes of the student-faculty audience the essence of the victory, pointing out that it was not only men in uniforms that won the war, but the administrators of the government, the economists who helped keep the country's economy off the rocks and the men and women who produced and transported the vital war materials to our armed forces. He said, "Surely the peoples of the Allied Nations have solid reasons for feeling profoundly satisfied with a job well done and for feeling eternally grateful to those whose efforts contributed to the victory we celebrate today—especially those who died and gave so generously of themselves on the field of battle."

Professor Dykhuizen then spoke about the high cost of wars. He reminded the audience of the millions of dollars spent, the lives lost, the homes destroyed, and the money it would cost to finish the rest of the war. He spoke of the realistic attitude taken by the peace-loving peoples of the world. The old optimism must not crop up again because it halts the progress of those who want to maintain peace by the best and most practical means possible. Instances of the old optimism following the post-war period of the first World War proved that these traits could lead men down a blind alley. Professor Dykhuizen urged a more realistic outlook on life and world affairs as it makes for better conditions in the future. He also urged that serious consideration of what to do with Germany must come before us. Reminding us of those horrible scenes of torture and murder in the concentration camps of Germany, the pictures of which most of us witnessed in the movies, he pointed out that Germany must be "expurgated; its arch criminals executed, its national consciousness purged, its people re-educated, and a new national conscience established before it can take its place with other nations." The Professor of Philosophy at U. V. M., concluded his speech by a reading of Robert Southey's poem "The Battle of Blenheim" which shows the utter futility, misery and disregard of ratiionalization in war.

Following this speech Dean Swift spoke about the 2200 men and women from U. V. M. who had entered the armed forces, and about the 57 of them killed in

Freedom of Religion and Freedom of the Press

Robert Fairbanks

Elements behind these freedoms have been so well described by eminent scholars that there is no need for the writer to elaborate.

The great Cardinal Newman said of religious toleration: "If he be an unbeliever, he will be a tolerant and large minded to ridicule religion or to act against it; he is too wise to be a dogmatist or fanatic in his infidelity. He respects piety and devotion, he even supports institutions as venerable, beautiful, or useful, to which he does not assent, he honours the ministers of religion, and it contents him to decline its mysteries without assailing or denouncing them."

Thomas Jefferson had the following to say on the value of a free press:

"Were it left to me to decide whether we should have a government without newspapers or newspapers without government, I should not hesitate a moment to prefer the latter."

So far as censorship is concerned, Jefferson wrote: "Since truth and reason have maintained their ground against false opinions in league with false facts, the press, confined to truth, needs no other legal restraint; the public judgment will correct false reasonings and opinions, on a full hearing of all parties."

Together with the men on every battlefield are the press reporters serving the cause of liberty in an attempt to present a true picture to those at home. But without freedom of press censorship at home and abroad Americans cannot judge what is best for their country and for the world at large. The Soviet Union, for example, is especially severe in its restrictions and nothing can be cabled to America that is considered critical of that country's interests. It is obvious that totalitarian countries have an advantage in that they can sift the news from the democratic free press and interpret it to their people as they may see fit.

Napoleon recognized the power of the press when he said "A journalist is a grumbler, a censurer, a giver of advice, a regent of sovereigns, a tutor of nations. Four hostile newspapers are more to be feared than a thousand bayonets." While some newspapers may be unjust or severe at times, on the whole, we should give them credit for helping to preserve our liberty. As President Garfield said, "In the long, fierce struggle for freedom of opinion, the press, like the church, counted its martyrs by the thousands."

Student Comment On . . .
U. V. M. NEWS OF THE WEEK

LIBRARY PLANNING

By Burstein-Mallett

The system used at present for taking out books at Bailey's Library is inadequate, cumbersome and outdated. In order to take out a book from this library, one must do the following:

1. Sign his name on two different cards.
2. Write down his address.
3. Write down the call number.
4. Write down the date on two cards.
5. Write down another set of numbers.
6. Write down the title.
7. Write down the author.

After this is done, the books must be stamped and the cards filed. This system wastes not only the librarian's time, but also the student's. And this procedure is for only one book—what if one takes out three, five, or more books? Then this procedure is multiplied by the number of books taken out. It takes almost as long to take the books out as it does to read them.

The solution of this problem is so simple that we are surprised that the remedy has not been put into practice. Instead of using this tedious system, why can't the library use the system which is used all over the United States? Each book contains two cards and a column bookplate. A registry book is kept at the desk which contains the names of the students and special numbers which have been assigned to each. The student hands the book to the librarian who stamps the date due on each card and also writes on each the student's number. She files one card under "titles" and the other under "date due." She then stamps the date due in the bookplate and the procedure is finished. Not only has the student's work been eliminated, but the librarian's work has been kept down to a minimum. This plan is practical. It can work; it has worked.

PRO CAFETERIA

We are extremely lucky people here in this university. We are doing the thing we want to do—we are getting an education. We are removed from the dread, the horror and the suffering in the war zones. We have enough to eat, and a place to sleep and we are furnished with adequate entertainment. But I often think that we forget that we are at war and that we have our part to do too. We forget that, for instance, when we only take a little sip of our soup and know that the rest will be thrown out, that there are many people in Europe who would be glad to drink that soup, even though they might not like the taste of it. Friday, enough soup to feed sixty people was thrown out here in our own cafeteria because we do not care for fish chowder. We forget our boy friends, sweethearts and friends over there who are fighting for us in the stench-filled trenches when we only take a little bite of our cake and the rest we leave to be thrown out. Friday there were twenty pieces of cake, at least, that were thrown out. We forget, that the boy who lived next door to us has been missing in action somewhere in the Pacific when we do not eat all of our lettuce, our carrots, or beans or corn. Perhaps he has been weeks, and months without vegetables or meat, and would probably be glad to get hold of some lettuce if he is still alive. The garbage cans are filled and filled each day with food that has been barely touched. We forget about the people in Europe who have to wait hours and hours to get one piece of bread. We are indeed a selfish, childish bunch and it is just about time that we woke up to the fact that we are in a war and it is our war just as much as it is his war.

The cafeteria is using the quota of stamps that was allotted to them in 1943, their business has increased a good deal since then and they have difficulty buying food. They do a good job all factors considered. Let's do a better job and stop griping.

J. A. S.

Sonia Perkins Wins Key

The Hillel Honor Key was awarded to Sonia Perkins for her efforts as President. Book awards were also given to Pearl Weissberg for outstanding work on the campus, to Lenore Eichel as Treasurer of the organization and to Elinor Konowitz as Cultural Chairman.

SYSTEM BASED ON PERSONAL HONOR

For nearly two months now, the Honor System has been under feverish discussion by U. V. M. students. Editorials, speeches, lectures, and bull-sessions have dealt with this topic. And yet, there are many students (and professors, too) who still turn up their noses whenever the Honor System is mentioned and say with a disdainful smile, "Oh it's a good thing all right. But it couldn't possibly work here. Much too idealistic." It is for these people that this article is primarily intended.

First of all, we must realize that putting a system into effect under which students are considered to be honest and truthful will take a lot of hard work. Is the Honor System worth working for? We say YES! Due to limited space and limited time on the part of our readers we will only be able to list a few of the more obvious advantages of the Honor System. Here they are:

1. Under the Honor System, we students will be given an ample opportunity to prove that we can conduct ourselves according to the rules of decency and honesty. Nobody likes to be called a criminal; and yet, that's exactly the way we are treated under our present system.
2. Freedom on the plane of examinations, quizzes, and other intellectual devices invariably results in increased liberty on other planes of college life. At every university where the Honor System has been established, increased freedom in regard to personal conduct always followed.
3. The Honor System acts as a powerful character-building factor. Of course we realize that a great number of us don't want to have our characters developed. But still in all, college is expected to fit us for the responsibility of later life. And the Honor System, with its emphasis on the individual, will do exactly that for us.

Next we must ask: "Will the Honor System work at U. V. M.?" To this we again say "YES!" The Honor System will undoubtedly work if the greater majority of students at U. V. M. are willing to regard the Honor System as a code that they themselves must jealously enforce and protect. It is *definitely* not enough to have the majority of students willing to refrain from dishonorable actions as individuals. We must be willing to enforce the Honor System to the extent that any student caught violating the system will be permanently eliminated from the student body.

The great stumbling block of the Honor System is: Will a student "squeal" on a fellow student who does violate the Honor System? To answer this, let us ask another question. How do we regard a member of our society who is found guilty of stealing or robbery? Is someone who turns in this sort of a character regarded as a "Squealer"? Of course not. Yet dishonesty in the examination involves not one, but *two* crimes! First of all, the dishonest person actually does cheat when he gathers information from his neighbor or from hidden crib sheets. And secondly he willfully lies when he signs the pledge at the end of the examination. Are we willing to keep this sort of person in our student body?

Fellow students! Under the Honor System we will have a chance to prove to ourselves and to our faculty that we students have enough responsibility to take the burden of honesty on our own shoulders. *We must take advantage of this opportunity!*

Dave Hackett and Al Lowenfels

Dykhuizen Reviews

(Concluded from page 1)

action almost all of them in Europe. He too read the names of those killed or captured in Europe and the Pacific theatres of war and this was followed by a minute of silence and bowed heads throughout the Chapel.

The service was concluded with the singing of "Champlain" and the benediction by Reverend Hall.

Honor System Mentor

Prof. George Dykhuizen

Weaver Outlines U. of Va. System

It was with the purpose of [illegible] lack of knowledge on the [illegible] that a Student Government [illegible] conjunction with the honor [illegible] mittee was called at the home of Professor Dykhuizen on Saturday night, 12.

Mr. Weaver, Editor of the [illegible] was present at the meeting. He explained the honor system as he had known it at the University of Virginia. The system is one of the oldest in the country. It has become to the student body one of the oldest and most beloved traditions. The early beginnings of the system on this campus go back to a group of students around 1831 who, feeling they were not being treated as adults, went to the administration asking that they be on their honor concerning the way they conducted themselves during examinations in their outside activities. They argued that Thomas Jefferson, founder of the University, and patron saint of all Virginians with his ideals of freedom and democracy which he has embodied in his fellow men, would not have approved of a life bounded by rules and [illegible].

The "honor spirit," as Mr. Weaver described it, is the most moving force in student activity at Virginia. The students have an honor system committee whose job it is to handle all infractions. Charges made on the system and the penalty of immediate dismissal from the University. Mr. Weaver emphasized the fact that the honor system does not look for a code of honor in a person—either he is honorable or dishonorable and his penalty for violating the trust put on him is universal.

Mr. Weaver expressed an idea that we here at U. V. M. might use a similar system. We too can tie our system in with the ideals of many brave freedom loving Vermonters who have served the University—Ira Allen, our founder, perhaps John Dewey, famed educator, who said that in doing this we would have a stronger and more tangible basis than just a student movement as it now is.

The Honor System is not a [illegible] situation, something that if [illegible] able would prove us adults. If [illegible] backed however wholeheartedly by the student body and only with [illegible] will it go through. Something to think about, fellow students!

WHAT TO DO WIT EMPLOYING WOME

To the Editor of the Cynic:

The following story is [illegible] Bevel Plan for Post War [illegible] ity which I encountered [illegible] bargain book store.

Two years ago the [illegible] mia called his wise Prime [illegible] side and said, "Sir, [illegible] will end. When it does [illegible] not be found to have been [illegible] we need and want is a [illegible]

The Prime Minister [illegible] monarchy bowed out [illegible] presence and immediately [illegible] to his side.

"Sir," he said, "we [illegible] Plan."

"Obviously," said Sir [illegible]

"Then go to it" said [illegible] ister.

Six months later a [illegible] survey by a committee [illegible]

(Continued on page [illegible])

U. V. M. IN THE SERVICE

U. V. M.'s former students, Pfc. W. Morgan formerly class of '44 was killed in action at Venafro, January 12, 1944, has been honored memorial bridge, built over the stream near which he met his The information reached his Dr. and Mrs. W. E. Morgan View Street, Burlington, through Donald's buddies, who is still sta- in Italy.

Donald W. Morgan

The letter telling of the bridge and including a snapshot of the bridge and the signpost which designates it as a memorial arrived recently. In writing of the lasting marker to Pfc. Morgan's memory, his friend said: "While the bridge was being built I was in the hospital. I had returned before it was completed. Being just returned, I was placed on site to guard It was an honor to be able to guard it, even if I didn't get to help build the bridge."

Before his entry into the service, Donald was a member of the pre-medical curriculum at the University.

From the headquarters of the 15th AAF in Italy, comes news that F/O Irving Goldstein, ex-'45 son of Mr. Harris Goldstein, Ellenville, N. Y., has been awarded the Air Medal for meritorious achievement in aerial flight. A bombadier on a Liberator bomber, Irving was a student in the business curriculum here before he entered servcie in February '43.

Across the world in Burma, a promotion has just been received by another former University student, Lt. Lewis B. Codding III. Lieutenant Codding has more than 400 combat flying hours and the promotion from second to first lieutenant was well earned. He is a member of the Second Troop Carrier squadron of the 10th Air Force.

One of U. V. M.'s graduates with a Bachelor of Science degree was commissioned Flight Officer on April 28 at San Marcos Army Air Field, Tex. F/O Charles Ashton McCuin graduated from the University in 1937 and holds his B.S. degree in Agriculture.

Another promotion from second to first lieutenant was received by a former member of U. V. M.'s student body when John Baxendale, a navigator on a B-17 based in Italy, changed his gold bar for a silver one. The news was received from the headquarters of the 15th AAF in Italy.

Although his stay at the University was long enough for him to earn a degree, Lieut. Donald Murphy of Bellows Falls has earned plenty of honors in his work as a member of the crew of a 15th Air Force Liberator Bomber. He has flown missions as a navigator on the plane over Linz, Regennsburg, Augsburg, and other prized German production centers. He holds the Air Medal with two Oak Leaf Clusters, as well as the distinctive blue and gold citation badge for Distinguished Unit participation.

From the headquarters of the 10th Air Force in Burma, announcement is made of the award to the second Oak Leaf Cluster and the Distinguished Flying Cross to T/Sgt. Forrest Dean of Proctor. A graduate of the Agricultural College, Sergeant Dean is now an aerial engineer with a combat cargo squadron and has 1,100 hours of flying time.

With the 12th Air Force in Italy, Capt. Carleton B. Orton, flight surgeon, has been awarded the Bronze Star Medal for meritorious service in establishing forward air evacuation stations in Italy during the winter months of 1944, making it possible to bring back many thousands of patients to hospitals in North Africa. Captain Orton attended the University for two years and is a graduate of the Boston University School of Medicine, class of 1932. Before going in service in 1942, he was a practicing physician in Waterbury, Vt.

A local Burlington boy who attended the University for a time before joining the Air Corps is Sgt. Paul Doudes, an engineer gunner aboard one of the heavy bombers, and the recipient of the Air Medal for achievement in flight during operational activity against the enemy. Fifteenth AAF headquarters says that Sergeant Doudes has participated in numerous bombings of strategic German-held targets in Europe.

Prior to entering the army, Sgt. John P. Nicastre of New Britain, Conn., was a student at U. V. M. Now a member of the 15th Air Force, Sergeant Nicastre has participated in combat missions over Germany and has recently been awarded the Air Medal for achievement in combat.

The third announcement of the awarding of the Air Medal to a former University student has come from 15th Air Force headquarters regarding Cpl. Donald Brothers of Wattsfield. A tail gunner with a heavy bomber crew, Corporal Brothers is stationed in Italy with a veteran B-24 Liberator squadron that has flown more than 200 long-range bombing assaults against key industrial and transport targets throughout central and southern Europe.

A former editor-in-chief of the Vermont CYNIC, Lieut. (j.g.) Donald B. Carpenter, U.S.N.R., '38, (above), son of Prof. and Mrs. F. Donald Carpenter, was promoted to Lieutenant on January 1. Don graduated from U. V. M. in 1938, having achieved quite a record on campus. He was listed in the 1938 "Who's Who in American Colleges."

Alpha Epsilon Phi Has Chapter Here

15 T. L. M. Girls Are Made Active Members

Following an eventful day of hour tests and exams, on Tuesday, May 15, fifteen girls, formerly T. L. M. members and later Alpha Epsilon Phi pledges were initiated as charter members into the national chapter of Alpha Epsilon Phi. This initiation was one of joy, not only to the girls going through, but to those members of the faculty and student body who had watched Tau Lambda Mu grow from a small local sorority of twelve girls into a national chapter with a large group of sorors and pledges.

The installation team was composed of Mrs. Florence Orringer, National Dean of the A. E. Phi sorority, Mrs. Jack Goldberg, of New York, chairman of the National Project Committee, and Mrs. H. W. Abraham, of Burlington. Immediately after the installation of the girls, Mrs. Abraham was installed as Chapter Advisor and Mrs. M. R. Machanic as a patroness.

Following the installation, everyone adjourned to the second floor banquet room at the Hotel Vermont. Invited guests for the evening included: Dr. and Mrs. J. Millis, Miss Mary Jean Simpson, Miss Sara Holbrook and Miss Catherine Nulty, sorority advisors.

The following are the girls who were initiated into the Alpha Omicron Chapter at the University: Harriet N. Barron '46, Irene V. Brussovansky '48, Beverly R. Feinberg '48, Leona C. Felix '48, Joan Goldbloom '45, Roselyn Hecker '48, Harriet L. Levenson '48, Joan R. Levin '47, Gladys A. Levine '47, Bernice Lieberman '45, Elinor B. Paul '48, Marion E. Rosenhain '47, Mildred Trachtenberg '48, Myra J. Weinberg '48, and Helen J. Wolf '46.

AUTHOR DEDICATES BOOK TO TUPPER

Henry Powell Spring, professor of Comparative Literature and free lance writer on the subject of Human Science, dedicated his new book "The Spirit of Literature" to Prof. Frederick Tupper with the words "Master of Diction and Inspiring Guide through the Wonderland of Literature."

Mr. Spring received his B.A. Degree at the University of Vermont (1913). He has held the position of Acting Head of the Department of German at the University. In 1932 he became the Founder-Director of International Academy in Europe. From 1933 until the outbreak of the war he was connected with the University of Human Science at Dornach, Switzerland.

His chief interest has been centered in his studies in comparative literature, and he has spent years in following closely the practical advances of Human Science in the fields of medicine, agriculture, and theology.

Mr. Spring's "Spirit of Literature" shows the trend of nations through the literature expressed by those interested in "doing" and those interested in "thinking."

Sorority Notes

ALPHA CHI OMEGA

This past week-end found the house filled with both strange and familiar faces. One of the new faces around was that of Bet Rubber's visitor from Texas—namely, Gerry Scott. Some of the more familiar visitors were Ian Anderson and Mona Hawthorn Alexander who took time out from their teaching to stop off in Burlington. Jan is teaching in Barton and Mona in Morrisville. Another alum at the house this past week-end was Elaine Fuller, who is studying to be a chiropractor. She practiced her newly acquired skill on Berta Read, and the question we're all asking right now is, "Where is Berta's seventh rib?" Elaine couldn't find it.

DELTA DELTA DELTA

Recently announced was the engagement of pledge, Jane Johnson '48, to Lloyd Hazen who is attending medical school.

Another pledge, Marion Merrill '47, passed chocolates at meeting Monday night, announcing her engagement to John Williams '45, of Landgrove, Vt.

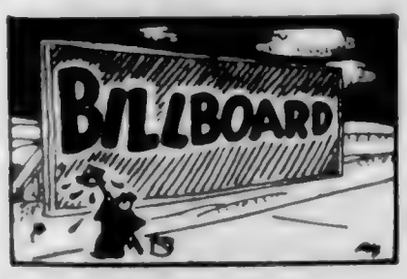
Initiation was held on May 11, the following girls being initiated: Doris Ostergren Barton '46, Mary Jean Cook '48, Marjorie Hale '47, Barbara Hutchins '48, Priscilla Joslin '47, Barbara McGeever '47, Natalie Salls '48, and Cynthia Wriston '48. Following the ceremony, the new initiates were taken to dinner at the Star Restaurant.

DELTA PHI EPSILON

It rained gifts galore at a shower given for Rose Forman by the girls of Delta Phi Epsilon at their apartment on Saturday, May 5. Penny Mandel as chairman of the Social Committee was in charge of all arrangements for the party. A centerpiece of a bride and groom made out of pipe cleaners and kleenex added atmosphere to the table. The ever present shower umbrella sheltered the gifts. Rose will be married to Pfc. Saul Boyarsky, this June. Their temporary home will be in Burlington.

The following Monday night Norma Levine and Mona Lee Glasston were showered. Mona plans to be married in August and live in New Orleans, where she will attend Tulane University. Her fiance is studying medicine there. No definite date has been set for Norma's wedding.

Mother's Day brought another Delta Phi Epsilon annual event. Mothers from Burlington were guests at a breakfast given in their honor. Members of the committee were Penny Mandel, Natalie Harris, Betty-Rose Levy, Carol Verber and Bunny Cutler.



Co-eds Sponge Fountain Clean For Spring??

Amid the jeers and cheers of blatant bystanders, seven coeds proved, Wednesday, that a woman's spring cleaning can spruce up a campus.

Armed with shovels, and clad in jeans and rubber boots, the stalwart band set out. Objective: the fountain. "It was such a mess" said Jerry Flemming. "And frankly," murmured McGill, "it stank." So with Miss Bayley's blessing, they drove in—literally. After hours of shovelling, only dirty water remained. "Someone's gotta suck on the siphon," said Breezy Bristol. "Not me" said Cindy, "not me" groaned Helen Bruce, Mary Ann Johnson and Joan Westwood. One way remained—sponges! And so they sponged and sponged . . . . and sponged.

Of course it wasn't all cheerless drudgery. They had constant entertainment like standing on a ladder and bicycle to clean the top and being rewarded by finding eighteen cents. And campus joes strolling past, offering advice and tossing coins.

"We're waiting impatiently," say the seven "for some water to spout up—and we're darned tired of it coming down."

All budgets for the summer session and the year 1945-46 must be handed in to Peggy Miller, Treasurer of Student Government, by Friday, May 18.

Will all students who will be leaving college before May 30, and want their copy of the 1946 ARIEL, please give their names and date of leaving to Harriet Barron, Circulation Manager.

Miss Nelson, representative of the Pratt and Whitney Aircraft Corporation, will be on campus all day Saturday, May 19, 1945 for interviews with June graduates interested in working with this company.

ELEANOR BAYLEY, *Vocational Guidance Service*

The Training Organization of the War Shipping Administration announces examinations to be held during 1945 on the last Saturday of May, September, November and on the last Wednesday in July, for appointment as Cadet-Midshipman in the U. S. Merchant Marine Cadet Corps and Midshipmen at Kings Point. Application forms and information booklets may be obtained by writing to the Supervisor, U. S. Merchant Marine Cadet Corps, War Shipping Organization, War Shipping Administration, National Theatre Building, Washington 25, D. C.

I've lost that handmade silver ring that my aunt gave me. It is set with a green pearl stone and is inscribed—"Baer-Cape Cod." If anyone finds it please call Harriet Barron 2995. Reward.

Will any one who wants to sell a pair of skis please contact Alice Annand at Greenmount—2959.

Installation of Nine Mortar Boards Held

On Thursday, May 10, Mortar Board 1945 and several Mortar Board alumnae initiated nine girls. Following the traditional ceremony Miss Simpson served punch in the Faculty Lounge. For a week each initiate wears gold and silver ribbons fastened together by the Mortar Board pin.

At their first meeting Mortar Board 1946 elected these officers: President, Nancy McNamara; vice-president, Carolyn Aronson; secretary, Mary Greene; treasurer, Barbara Morgan; librarian, Pearl Weissbard; historian, Frances Witham; scholarship, Ruth Schoppe; editor, Barbara Powers.

16 Girls Are Installed As New Sophomore Aides

Dorothy Frazer, president of last year's Sophomore Aides, officiated at the initiation ceremony held for the incoming members Tuesday night on third floor Waterman. Last year's Aides Lee Zoll, Ronda Prouty, Elizabeth Conklin, Virginia Donaldson, Betsy Kipp, Marion Lewis, Janet Fickenscher, Mary Breanehan, Lenore Eichel, Louise Jordan, Laurel Hansen, and Rita McGarry were hostesses. These girls welcomed into their ranks sixteen new Sophomore Aides: Rosemary Bristol, Nancy Lee Church, Deborah Cobb, Marilyn Derrick, Mary Jane Flemming, Beverly Grier, Muriel Heininger, Joanne Howard, Margaret Larabee, Marilyn Mills, Blanche Parker, Margaret Putnam, Carol Peterson, Gwen Richardson, Barbara Snetsinger, and Margaret Waterman. The election of officers followed the initiation service.

"It Is For Us the Living" To Keep the Flame Bright!

Alpha Chi Gives Varied Musicale

The members of Alpha Chi Omega presented a Mother's Day musical on Sunday, May 13. About seventy-five guests including Alpha Chi Mothers, faculty members, sorority representatives, House Mothers and friends attended. The program consisted of:

Lorelei ..... *Seeling*
Anita Smith
Monologue: Dress Rehearsal *Ada Bower*
Carolyn Aronson
Ash Grove ..... *Welsh Folk Song*
Danny Boy ..... *Londonderry Air*
I Passed by Your Window..... *Rogers*
Mrs. Carlotta Raines
Violin Selections
Mary Whitney Rowe
Clair de Lune ..... *Debussy*
En Route ..... *Goddard*
Conccetta Virgona
This Is America..... *Margaret Larrabee*
Rhapsody In Blue ..... *Gershwin*
Concetta Virgona
Long Have I Cherished
Memories
Alpha Chi
Rae Giddings, Martha Perry, June Merrihew, Jane Robbins, Kathleen Haus, Gwen Richardson, Jacqueline Swasey, Winifred Favreau, Anita Smith.

Following the entertainment refreshments of punch and cookies were served. The house was attractively decorated with appropriate spring flowers and candles. Mrs. Dorothy Noa was in charge assisted by the actives.

Classical Club Shows Mythology In the Sky

"Seeing Stars" is just a vague idea of the wonders disclosed at the meeting of the Classical Club held Thursday night at Professor Prindle's house.

The stars had to do with the entertainment which was headed by Ruth Post, Anita Ross, and Martha Durgin. Myths of astronomy were illustrated in both poetry and monologues. To aid their comprehension of the constellations a large map of the heavens was reproduced, and placed before them. This assisted them in understanding the various stories.

Next year's officers were also announced. Louise Shutler is President; Ruth Post, Vice-President; Selma Sondik, Secretary; Martha Durgin, Treasurer; and Anita Ross, Chairman of the Program Committee.

Do You Know . . .

Barbara Barnham

One of the questions frequently asked of freshmen attending the University of Vermont is: "Why did you select this school?" Barbara Barnham likes to explain that because she always wanted to attend a New England college, she made the rounds of possible alma maters. A few days acquired a Middlebury immediately brought on a comparison of that college and the University of Vermont. Something of an appraisal, she said.

Born in Hartford, Conn. in 1923, Bobby moved to South Windsor and now lives in West Hartford. She is the middle of a three sister setup. Everyone is familiar with her activities on campus. She has been secretary, vice-president, and president of the Women's Athletic Association, Secretary of Student Government, and a member of Sophomore Cotillion staff and Sarabal. All Sports Club, and Mortar Board. Two blazers prove the authenticity of the last two.

In her high school days Bobby was on the roster which captured the Girls Softball Championship in the State of Connecticut. This made her eligible to cover third base on games in Madison Square Garden and the Boston Garden. Baseball is in my blood and seeing a World's Series is my goal right now — maybe her favorite Yankees will be one of the teams.

In addition, after graduation she hopes to tour the country working here and there earning her way to another point. And after she runs out of United States the world is her "far off hills." "I want to have memories if nothing else," says Bobby.

Her last few summers have been spent in helping the war effort at Pratt and Whitney aircraft where she has been a material handler and a clerk.

Among her dislikes are fellows who walk on the inside of the sidewalk, onions, and Spanish. *Coronet* and the *Reader's Digest* are the magazines she regularly reads and enjoys. Books that impress her as being worth reading were "The Sun Is My Undoing" and "Razor's Edge."

Besides carrying many extra-curricular activities, Bobby manages to keep her high marks and still finds time to work in the dining room at Robinson Hall.

Dorm Notes . . .

REDSTONE

Old familiar faces are always welcome at Redstone—especially if it's Fran Donahue we're welcoming. Stumpy feels the same way too, as she has been entertaining her fiance Doc Hill. The third party to the Redstone trio, Ann Pearsons went home to Ludlow for the week-end; any other time the trio will gladly serenade you. Gig Donaldson will let it be known now that it was only Lee Zoll's diamond ring she was sporting.

ROBINSON HALL

Robinson Hall is very proud of its one celebrity, although we feel we are really quite an outstanding house as a whole. The celebrity is Mary Anne Smith better known as Smitty, who has been chosen the favorite pin-up girl of the 9th Squadron at the Marine Training Station, Cherry Point, N. C.

As a welcome Smitty and Edie McLaren are raising gold fish and at the recent christening ceremony they were named Jake Iennuter, Maggie and Jiggs.

SAE DORM

The girls of SAE serenaded Miss Bayley and Miss Weld upon the latter's return from a week-end at Northampton with the song "We Love You Truly." Life was rather trying while they were away.

The male situation is well in hand at the house. Liz Barker's beau, Bob Hill, spent the week-end in Burlington visiting her. Dartmouth's contributions, Bob DeForest and Ken Young are steady week-end company for Betsy Cayey and Maureen Wait. Maureen's Marine is doing good morale work by writing not only to her but to her roommate Dotty Dexter.

Betsy was given a surprise party at her home on the occasion of her birthday. It was an outdoor picnic and the girls came dressed in the usual dungaree-mat's shirt ensemble. The girls were invited to embathe but, unfortunately, the weather wasn't conducive.

Harriet Levinson's and Ginger Feinberg's parents were up to visit them for the week-end. The two girls also celebrated birthdays recently.

SLADE HALL

Visitors have been floating around Slade Hall. Margy Bagby's family drove up from Boston. Louise Barbara slept in the dorm while Jimmy and Mrs. Bagby had a room in the hotel. Slade Hall was old headquarters for Barbara Bagby. She attended U. V. M. 1938-1939.

Louise Karraker and Joanne Goulart were at Dartmouth for the week-end. They were the Y. W. C. A. representatives at an inter-collegiate conference.

Friday evening there was a quiet(?) celebration in Robbins Nest. There was a bridge game going on and plenty of kibitzers were on hand. Apparently Shorty Cutler became too excited with the game because she overturned a glass of root beer on the floor.

Everyone in Slade wishes to give Miss Everett her thanks for the grand job she did in pinch hitting for a housemother.

Woman Hater

(Concluded from page 2)

represented every portfolio in the Prime Minister's cabinet, was presented to the King.

Experts have agreed that there are too many women in the world, absolutely and relatively. These "extra" women have to support themselves. Therefore they place themselves on the labor market and compete with men. They work for less than men do and consequently throw the men out of work. This causes widespread misery, families starve, while single girls eat.

There were three plans that the experts considered. Of the three, polygamy was decided to be the most feasible for post-war Mesopotamia, killing female infants is inhuman, while State Farms would be expensive to keep.

Details have not yet been worked out but it is assumed that each male will start out with two wives. If he can take more of this, the government will not frown.

Thus in the post-war world of Mesopotamia every woman will be happy, for every woman will have her man or part thereof. The state of happiness of the men though has not yet been determined.

Thus concludes, Madame Editor, my condensation of the Bevel Plan. Thank you very much for giving me the opportunity of presenting this thought-provoking plan to the student body.

"A WOMAN HATER."

There will be a Student Convocation Thursday, May 17, at 10:00 a.m. in the Ira Allen Chapel. Attendance is required of all students in the three academic colleges.

Prof. George Dykhuizen will speak on "Frontiers of Knowledge in Philosophy."

Sorority's Dance Has Gypsy Motif

The Gypsy motif was followed throughout in the dance given by Alpha Epsilon Phi in the Student Lounge Saturday night, May 12.

In place of the usual chairs and tables, the people sat on blankets around the room. Bunny Wolf's four pet ducks which were off in a corner in a pen caused a lot of excitement, especially during the floor show, with their quacking.

All the girls of Alpha Epsilon Phi presented floor show of Gypsy songs and dances, and there were solos by Joan Levin and Lee Feinberg. June Grody and Mildred Trachtenberg entertained at the piano.

A campfire graced the middle of the floor, which was also graced with men from Plattsburg, Middlebury, Dartmouth, Norwich and St. Mike's.

The chaperones were Prof. and Mrs. Moody.

Student Govt.

(Concluded from page 1)

which has been put to a committee of Mike Greenfield and Arthur Gillman headed by Pete Mallett to investigate conditions, and student opinion on the cafeteria. Another problem is the forcing of all women students to sign contracts for meals at Waterman. Also the forcing of students in dormitories to work three hours a day while those in the sorority houses only have to work two hours a day. The problem brought up in connection with the soda fountain was the lack of waitresses.

The Lost and Found System was discussed. Dave Hackett was appointed to see Mr. Kingsly concerning a sign for the Lost and Found Department.

On April 30 reports from the Standing Committees were heard. The lack of attendance at Vespers was discussed and it was decided that the Religious Life Committee should attempt using a good publicity campaign. Requests have been made for the Study Room to be open in the evening. This problem is being worked on and the room will probably be open during dead week. A request has also been made for a bicycle rack and this possibility is being investigated. This in brief is a report of the activities of Student Government to date.

Safety, Feature of Health Council Drive

Sponsored by Health Council, the safety campaign which began May 7 will continue through the end of this week. The campaign features the display of many different posters in connection with several types of safety measures. The program for the campaign is as follows: May 7-9 Home Safety, May 9-11 Highway Safety, May 12, Fire Hazards, May 14, First Aids, May 15-17, Water Safety, May 18, Hiking and Camping, May 19, Safety on Our Campus.

On Thursday of this week, at 1:30 p.m. a Pulmotor will be in the main corridor of Waterman as a part of the campaign demonstration. All students are invited to see this machine and watch the manner in which it plays a role as a safety device.

Miss Eleanor Cummings, head of the Women's Physical Education Department, feels that the girls who have made posters for the project deserve a great deal of credit. She urges all students to watch the campaign carefully and follow the advice of the stressed safety measures.

Doctor Perkins, Professor For 42 Years to Retire

Honoring Dr. Henry Farnham Perkins upon his retirement as Professor of Zoology here, the Zoology Department presented a lecture, "Population and Peace," by Dr. Henry Pratt Fairchild, Professor of Sociology in the Graduate School of Arts and Sciences at New York University. The lecture took place Friday evening in the Ira Allen Chapel and was followed by a reception in Doctor Perkins' honor.

In his lecture, Doctor Fairchild spoke of the problem of over-population in countries of Europe and the Far East and suggested ways in which this problem might be adjusted. He brought out the fact that despite war and famines, the population in China continues to increase and so concluded that the situation can be improved only through the efforts of the nations themselves to decrease the birth rate.

Doctor Perkins was born on Colchester Avenue not far from the Chapel where he was honored on Friday. He is a graduate of U. V. M., and came here as the head of the Zoology Department after receiving his Ph.D. degree at Johns Hopkins in Baltimore. He is the Director of the Fleming Museum, which was founded by his father. Doctor Perkins was president of the National Eugenics Society for a number of years, and in that capacity became acquainted with Doctor Fairchild. He has done special research work in the Tortugas Islands and a new form of life which he discovered there has been given his name.

Doctor Perkins served as Professor of Zoology at U. V. M. for 42 years, and in that time has earned a reputation throughout the United States for his work in that field.

Miss Marston To Give Organ Recital Sunday

Following the "I Am An American Day" program at 3:00 o'clock on Sunday, May 20, Miss Marston of the Music Department will give an organ recital. Her recital will be held at 5:00 o'clock in the Ira Allen Chapel and is open to the public.

The music students will also present a recital including voice, violin, and piano selections on Wednesday, May 23. This is to be held at 8:30 in the Fleming Museum Auditorium and is also open to the public. The participants and program will be announced later.

Spanish Club Has Spirited Banquet

Saturday evening, May 12, the atmosphere of old Spain and Mexico invaded the Black Cat. The Spanish Club finished off its year's activities in high style at a banquet. Eighteen Spanish-minded students learned the art of eating in Spanish. Discussions about prospective trips to Mexico and what the well-dressed senorita is wearing were haltingly carried on with whatever idioms came to mind.

With a musical background of Peg Donnelly's Spanish records, Ginny Campbell and Spike Thornton performed the tricky Mexican hat dance, despite the fact that Spike was blinded by the over-large hat that rested on her eyebrows. Connie Virgona switched the scene to old Spain with her rendition of "Malaguena." Mean rumbas were exhibited by Ruth Schoppe, Dot Hansen, Ginny Campbell, and Peg Donnelly. After the singing of Pepsi-Cola, the theme song of the Club, Professor Towne and Professor DeForest gallantly offered their cigarettes around.

Connie Virgona, as president, Gloria Bussiere as secretary, Margie Watts as secretary, and Dot Hansen as treasurer will head the Club next year. Among other activities are planned the showing of full length feature films brought from Mexico and South America.

Bookstore Has Enlarged Its Lending Library

Here is a list of the new books added to the lending library of the Book Store: "Dasha" by Almedincen, "Red Fruit" by Bailey, "The Small Back Room" by Balchin, "Cocks and Bulls in Caracas" by Briceno, "I Become a Ranger" by Dean, "Wild Orchid" by Dick, "Wings of Fear" by Eberhart, "Family on the Hill" by Flack, "Report from Red China" by Forman, "Take Three Tenses" by Godden, "Jennifer's House" by Govan, "Appleby's End" by Innes, "Young Bess" by Irwin, "Ballad and the Source" by Lehmann, "Died in the Wool" by Marsh, "Sleep in the Sun" by Moody, "I'll Hate Myself in the Morning and Summer in December" by Paul, "Swing Low" by Peeples, "Walls Rise Up" by Perry, "Roger Sudden" by Raddall, "The Private Adventure of Captain Shaw" by Shay and Smith, and finally, "Report on the Russians" by White.

Give letters that added touch by using personalized stationery! The U. V. M. Book Store is accepting orders until May 20 for monogrammed note paper, visiting cards, and large size letter paper and envelopes. A variety of types of lettering such as Old English and Canterbury is available to suit the taste.

Chapel Speaker Is Famous Missionary

Doctor Howard, foreign secretary of the American Baptist Foreign Mission Society, has been a missionary in Burma, and within the last few years has visited the mission fields in India, China, and Japan and is, therefore, well acquainted with foreign mission problems, needs, and opportunities. He is the author of the new mission study book, "It Began in Burma" and also of "Burma the Beautiful."

Doctor Howard was appointed to foreign mission service in 1910, and shortly afterward became professor of psychology at Judson College, Rangoon, Burma. In the spring of 1921 he was elected president of the college which was the only Christian college in Burma. Under his leadership the institution improved steadily. In addition to these duties, he was chairman of the Executive Committee of the Burma Mission and a member of the Senate of the University of Rangoon. In 1939 he was appointed to his present position as Foreign Secretary after having served as Associate Secretary in the Foreign Department at the Society's headquarters in New York.

St. Mike's Nine Takes U. V. M. -- 8-0

Catamounts Find Defeat at Hands of Middlebury Nine

Mayo, Huard Pitch for Vermont Against Score of 22-5 for Panthers

On Wednesday afternoon the U. V. M. baseball team succumbed to the Middlebury Panthers to the tune of 22-5. Coach Larry Taylor started Phil Mayo on the mound, relieving him by Sted Huard in the fourth after he had given up 14 runs to the Middlebury nine.

The first inning started fast and furious for the Panthers, gaining four runs with the aid of two bases on balls and a base hit by Reisler. With U. V. M. at bat Stein started with a base hit into left field, stole second and went to third with Fagan at bat. Stein scored when Fagan was thrown out at second.

Mayo picked up in the second frame, making the four to one lead. The second inning for U. V. M. went fast; Barwood got on base on an error and Fieber was put out on a fly to left field. Both Battles and Mayo struck out.

Top of the third found the Panthers with four hits which enabled them to score five more runs to total 9-1. The next three innings found the U. V. M. nine scoreless. Meanwhile, the Panthers scored five runs in the fourth, one in the sixth, four in the seventh and two in the eighth to bring the totals up to 22.

Baker started a rally in the seventh, when he reached base on an error. Stein singled, sending Baker to third and Howie stole second. Fagan doubling into right center sent Baker home; Stein trying for home was thrown out at the plate. Fagan went to third on a wild pitch and scored easily when Tracy (right field) dropped Huard's drive. Scoring one run in the eighth on two singles and an error Morris sent Fieber home for the final run of the game.

Phil Mayo and Sted Huard gave up a total of ten hits in the course of the afternoon but Middlebury gained on errors and walks what they couldn't get on hits.

Game totals:

	ab	r	h	o	a	e
Middlebury	43	22	10	27	12	8
U. V. M.	38	5	7	27	14	12

										R	H	E
Middlebury	4	0	5	5	1	1	4	2	0	22	10	8
U. V. M.	1	0	0	0	0	1	2	1	0	5	5	12

Umpires: Hickey and Blanchard.

ALL SPORTS CLUB HAS HIGH IDEALS

The purposes of All Sports Club are to maintain high ideals of sportsmanship and to create active interest in sports among University of Vermont girls, to serve as a consulting council to the Women's Physical Education Department and W. S. G. A. on matters of general policy, to uphold national standards and policies of physical education for women, and to disseminate accurate information concerning these to the student body.

All sports decides which underclassmen have earned the Junior All Sports Emblems, and awards the All Sports participation Cups for dormitories. This year the Club arranged and sponsored the instruction given by Mrs. Helen [illegible]

Aggie Officers Elected

[illegible] Conley is the president of the club for the year 1945-46. Elections held at Morrill Hall on Tuesday, May 8. The new vice-president is Thelma Wriston.; secretary, Ruth [illegible]; treasurer, Wendell Earle. Dr. [illegible] Adams, agricultural economist is the new faculty advisor of the

The More You Sacrifice — The More He'll Have

Sports Stuff . . .

Walter Stern

Don't know whether this is strictly sports stuff or not, but anyway on behalf of the student body and myself I would like to thank the girls for cleaning the fountain on our front campus. The appearance of the fountain was a thorn in the eyes of many beauty lovers.

Well, Wednesday's game was a bit discouraging for the boys as well as the spectators. It must be realized that our ball players got their start as recently as the month of April while most of the members of the Middlebury and St. Mike's nine played ball during previous seasons.

Our greatest handicap at the moment is getting hits! The infield and outfield is fairly well off, except for a few errors here and there. Those are being "ironed" out as the last St. Mike's game proved. If we consider the line-up—the only ones that had fairly decent chances of getting hits were Huard, Stein, Fagan, and Fieber; even then we were only able to obtain one hit in the Saturday encounter with the Michaelmen.

Incidentally—the only loyal supporters that suffered through the Middlebury game with our team were: Bo Naess, Anita Smith, Olga Schoelles, Allison Cady, Barb Beatty, Dick Audette, and Allan Kraft—seven all told! ! The attendance of the St. Mike's game was nearly as poor. Just because we are losing a few games doesn't mean that we should forget that there is a U. V. M. baseball team.

This coming Monday we will probably meet Middlebury for the second time this season. The game will take place at the Panthers home grounds in the afternoon.

If this extended winter-spring intermission of rain clears up—let's hope—we'll be able to play a little *out-door* tennis down at Centennial before the exams catch up with us.

Student Court Committee Completes Constitution

In order to further the interests of Student Government and establish a Student Court as prescribed in Article 5, Section III, of the Student Government Constitution, the following regulations shall be applied:

A. *Representation*

1. As provided in the constitution, the Student Court shall consist of a permanent number of six members to be called justices. Two members shall be elected from each of the three undergraduate colleges, and two members for every 200 students over the first 300 in each college.

B. *Qualifications*

1. A member must be a junior or a senior in good standing, with a scholastic average of C or above.

C. *Nominations*

1. The Executive Committee of Student Government shall prepare a list of nominees. Students may make additional nominations by petition. Each such petition must be signed by fifty students; no student may sign more than one petition. The Executive Committee may, as it sees fit, request recommendation for nominees from the faculty.
2. Nominees shall be informed of their nomination by the executive committee. Those declining nomination shall be removed from the list.
3. The Executive Committee shall publish the list of nominees in the CYNIC.

D. *Election*

1. Regular elections shall take place in the fall of each year but the first election may be held at any time after the adoption of these regulations.
2. Election of the court shall be made by the Executive Committee, and the results published in the CYNIC.
3. In the first election three seniors shall be elected for a term of such proportion of one year as may remain before commencement in 1945, and three juniors for a term of the rest of the academic year. In all subsequent regular elections three or more juniors shall be elected for a term of two years.
4. The court membership shall consist of an equal number of juniors and seniors, this ratio being kept constant at all regular and special elections.

E. *Removals*

1. The Executive Committee shall have the right to bring action against any court member or official for infraction of University rules or for negligence of duties as a court member.
2. Students shall have the right to file complaints against court members with the executive committee.
3. Accused members of the court shall be tried by the remainder of the court.

F. *Vacancies*

1. The Executive Committee shall fill vacancies by special election. Each vacancy must be filled by election of a member of the same class as the withdrawing member.

G. *Special Officers*

1. As provided for in the Constitution of Student Government, the court shall choose its own presiding officer. The presiding officer shall choose an assistant from the court to preside in the event of his or her absence.

H. *Meetings*

1. A quorum shall be necessary to conduct a meeting of the court. A quorum shall consist of four justices as long as the court has six members and two-thirds of the total membership of the court if there are six or more members.
2. Regular meetings of the court shall be held quarterly, and special meetings may be called at the discretion of the court.
3. The court shall have the right to decide whether to hold open or closed session.

I. *Jurisdiction*

1. Student Court shall have original jurisdiction over violations of Student Government rules, dishonesty—personal and academic—and appellate

Ace Birsky Pitches Shut-Out For Mikemen

Sted Huard Gets Only Hit for Vt.

Bob Morris

Bobo Birsky, ace righthander of St. Michael's College pitched one of the finest games of his career Saturday, May 12, as he blew his fastball past U. V. M. hitters and chalked up a one-hit, 8-0, shut-out. Birsky was in complete command at all times as he sent the Green and Gold down to its third straight loss.

Sted Huard, a thorn in Birsky's side in the season's opener a week ago, once again proved a nemesis to Bobo when he rapped an outside pitch into left field for a single in the fourth frame. The hit didn't look too big at the time but, as later events proved, it served to shut the door of baseball's hall of fame in the very face of the Purple Star. Besides Huard only 5 other men reached first—two on errors and three on walks. So completely was Vermont held in check, only two balls were hit out of the infield—Huard's single and Bill Fagan's long drive to center in the sixth inning.

The U. V. M. nine settled down after its sorry showing against Middlebury to make a ball game of it for five innings. In the sixth two hits, a base on balls, and a costly error gave the Michaelmen three runs and sewed up the ball game.

Once again Vermont batters were swinging from their heels and no less than 15 went down before the "red-hot" Birsky. In the fourth, U. V. M. made its only real threat of the day. Bill Fagan reached second as Rounds threw wildly past first. Sted Huard sent him to third on his single and made second himself as the throw came to the plate. Stan Fieber was given an intentional pass at this point to load the bases with none out.

Birsky then reared back to fan Bob Barrows and Wendy Barwood and Rounds tossed out Ted Battles on a close play at first.

George Jimmo for Vermont lost his second straight heart-breaking decision. Only three of St. Michael's eight tallies were earned. Five errors, three of them coming in the seventh stanza, proved damaging blows to the Vermont cause.

St. Mike's scored its first tally in the opening frame on a bunt single by O'Rourke, a sacrifice by Lagor and a sharp hit to left by Rounds.

In the fourth they added a second marker, when after two were retired, Viger dropped a single to center and stole second. He romped home a moment later on Fleming's smash to left.

The Mikemen made it 3-0 in the fifth on Lagor's single, a stolen base and Rounds' second.

The game was sewed up in the next inning on Flanagan's walk, a U. V. M. miscue and hits by Fleming and O'Rourke. These were good for three more runs and a 6-0 lead.

The Purple completed the scoring in the seventh frame on two "Gift" tallies—donated to the Mikemen on three Vermont errors. Howie Stein ended the parade by stabbing Loiacono's line drive and converting it into an unassist double play.

Ping Pong Tourney

The Ping Pong tourney has slowed up again. The men have played all of their original matches, and two of them have entered the quarter finals. Howie Stein will play the winner of the Irwin Tracey-Bill West paddle battle, and Wendell Barwood, who beat Bob Barrows in the first elimination tourney will meet the champ of the Douglas Parizeau-Mike Greenfield match.

As for the women, no progress has been made in the past few weeks on these matches. Al would like to see this tourney finished before finals and he's sent out a bid to all the contestants to get down there and grab a paddle for a little ping pong workout.

Hopeful? Enroll For Next Year Before Final Exams

Enrollment May 17

To the students in the College of Arts and Sciences, Except Members of the Graduating Class:

There will be a preliminary enrollment for all students except members of the graduating class Thursday, May 17 from nine to four o'clock in the Student Lounge, Williams Building. Enrollment may be completed prior to this time [illegible] but those who have not already done so must enroll May 17.

While it is important that the college know the approximate enrollment in the various courses to be given during the Summer Quarter and the coming academic year, one of the great advantages [illegible] is that it gives students an opportunity to discuss plans with their advisors more leisurely than would be the case if they waited until the regular enrollment time. The cards to be filled out will be used at the Summer Quarter enrollment and also at the enrollment in the fall.

Students may complete enrollment at the interview with their advisor or enrolling officer. Those who have done this will not need to report on Thursday, May 17. Those who are planning not to attend either the Summer Quarter or the Fall Quarter should so indicate on a card to be obtained in my office.

Please note carefully the following instructions and information:

1. Freshmen taking the Liberal Arts curriculum should consult their advisors regarding choice of courses for the coming year.
2. Sophomores and juniors taking the Liberal Arts curriculum should consult the chairman of the department in which they plan to concentrate.
3. Pre-Medical and Pre-Dental students should consult their advisor; Medical Technology students should consult Dean Swift.
4. Students in one of the Education curricula should consult Professor Douglass or some other member of the Education Department.
5. Students in the Nursing curriculum should consult Professor Crabbe.
6. Students in the Business curriculum should consult Professor Hand; those in the Secretarial and Commercial Teaching curricula, Professor Nulty.

You are strongly advised to consult your advisor at your earliest convenience so that you may have time to decide on your next year's program. Lists of courses to be offered during the coming year and also lists of those to be offered in the Summer Quarter may be obtained in my office.

Before the interview with your advisor you should make out a list of courses which you have taken or are taking to assist your advisor in planning your program.

Yours very truly,
ELIJAH SWIFT,
Dean

Men's Faculty Club Holds Ladies' Night

There was an invasion of the ladies last Saturday evening in the Men's Faculty Club. It was the annual ladies night held for the ladies of the faculty. This was held in the third floor lounge of Waterman Building. The affair marked the last meeting of the club for this year.

Walter E. Lewis of the Vermont Engraving Company showed moving pictures that he took at Vermont. O. M. Cambum and Leon Dean, the present and past presidents of the club, acted as hosts on this occasion.

Students Reclassified

From [illegible] to [illegible]—Marjorie L. Alexander, Barbara S. Anderson, Joan H. [illegible], Grace L. Perry, Barbara N. Powers.

From [illegible] to [illegible]—Nevin E. Cannon, Gertrude L. Chaves, Richard F. Chamberlin, Ethel L. Chisholm, Virginia H. Donaldson, Katherine Gorsuch, Jerold P. Hackett, Marjorie A. Hale, Lorraine H. Kaplan, Frances J. Lawrence, Jane E. McNeil, Olive M. Murray, Douglas G. Parizeau, Mary Louise Pierce, Norma Kathleen Prescott, Robert M. Rosenberg, Jr., Abraham W. Rosenzweig, Marjorie I. Sumner, Dorothy K. Whaley.

From [illegible] to [illegible]—Philip Adler, Lawrence B. Ainsworth, Richard R. Audette, Marion P. Briggs, Paul W. Carey, Lovice A. Chiles, Arthur E. Gilmore, Jerald F. Greenberg, Dorothy M. H. Gunder, George A. Jimino, Alan J. Kratt, John C. Lantman, Albert B. Lowenfels, Audrey J. McNab, Peter S. Mallett, Richard A. Paine, James W. Parker, II, Marion C. Parker, Elizabeth L. Pierson, Robert G. Rupper, Betty A. Scott, Barbara F. Snetsinger, Stanley S. Sonken, David Stoller, Rose K. Sullivan, Mildred Trachtenberg, Robert J. Ward, John S. Winston.

Summer Quarter Begins June 30 Session on July 2

Prof. Bennett C. Douglas has announced that the regular Summer Session at the University of Vermont will open on July 2, and will continue through August 10.

The following courses will be offered for both graduate and undergraduate work: botany, chemistry, commercial subjects, economics, education, English, French, geography, history, home economics, Latin, mathematics, music, nursing education, philosophy, physics, political science, Spanish, and zoology.

There will be workshops in many fields such as health education, language arts, rural education, guidance, painting, and creative writing. Another feature of the Summer Session will be demonstration schools. Many recreational and social opportunities will be planned.

The regular university summer quarter will open on June 30 and will continue through September 15, and will offer a full quarter's work in engineering, premedical subjects and elementary education for students under the accelerated program.

Freshmen will be admitted at the beginning of this quarter, as well as at the opening of College in the fall.

For information concerning the summer program get in touch with the Director of Summer Session, University of Vermont, Burlington, Vt.

Millis and Kidder Make Tour of Alumnae Groups

The Alumni Association of the University of Vermont held its annual conferences last week in several of the country's larger cities. President Millis spoke at each meeting and Prof. George Kidder, Administrative Secretary of the University, submitted the various reports to the alumni.

Thursday afternoon President Millis made his first speech of the series at the Vermont Alumni Association in Rochester, N. Y., and that same night, in Buffalo. Friday he and Professor Kidder visited at Detroit, and on Saturday at Chicago. The last two meetings were on Monday at Pittsburgh, and Tuesday at Philadelphia.

The main topics discussed in each city were the following factors in the University system: the returning veteran, finances, differences in the number of men students and women students enrolled, and the recent action of the Vermont legislature.

U. S. Must Play Role In World Order If Peace Is To Be Kept

Al Lowenfels

The key to our role in the coming Reconstruction period is COOPERATION. Only by the utmost participation in world affairs can we ever hope to build and maintain a durable peace.

This point of view of cooperation must come from within the heart of every thinking American. We must begin to view things not only in the light of our own interests, but also of the other fellow. No person can be completely free as long as there are other people who are being exploited in the interests of "national sovereignty" and selfish motives.

This participation in world affairs should be carried out in two main fields: Politics and Economics. Dumbarton Oakes has been a step aimed towards world unity. True, it has been condemned by many as being unjust, unfair, and nothing more than a huge compromise to Russia. Nevertheless it does offer the hope of possible world settlement of which we must take advantage.

The San Francisco conference will be the second great step in the direction of unity. If our representatives go to the conference with the selfish idea of getting everything possible for the United States, the conference can not possibly be called a success. If moneyed interests and the sovereignty of our country are placed above a common goal of mutual help and tolerance, then indeed, we will have learned nothing in the period between World War I and World War II.

Our economic policy should support wholeheartedly any political commitments which we make. If we [illegible] any sort of an altruistic [illegible] it must be backed wholeheartedly [illegible] economic policy. In a new [illegible] national trade things as they [illegible] just will not work.

The goal of our national [illegible] policy should be international [illegible] keeping with this goal we should [illegible] and extend the Hull Reciprocal Trade Agreements. At Bretton Woods we joined in planning machinery for [illegible]ing world trade and for [illegible]ity and security for *all* peoples. The main proposals of Bretton Woods are [illegible]ternational bank and a Monetary Stabilization Fund to stabilize the national [illegible] in relation with each other are under consideration right now by the Congress. One of them, the international stabilization fund, seems likely to be [illegible] Congress. The fate of the second is, however, doubtful.

Cooperation in labor is also necessary. Some sort of International Labor Organization to deal with the problems of post-war employment will probably have to receive more attention than it is getting now.

Today we have a second chance to build a structure of lasting peace. If we [illegible] wisely and considerately now we may be able to keep our sons and daughters safe from the horrible taints of a third world war. If we carelessly throw away this chance we will have to pay dearly for it other. Let us cooperate now for our own sake and for the benefit of the entire world.

Court Guarantees Trial by Jury

(*Concluded from page 5*)

jurisdiction in cases appealed from other organizations. The court will review such cases on appeal from Student Union, Pan-Hellenic, Interfraternity Council, and other similar student judicial bodies.

J. *Punishment*
1. Types of punishment will include loss of social privileges; restriction to dormitories, fraternity and sorority houses; restriction in extra-curricular activities; recommendations for dismissal from college; and suspended sentences.
2. Administrative machinery will be set up to supervise punishments. In the case of women, Student Union will supervise and report to Student Court. Dormitory and fraternity presidents will be responsible for men in their reports to Student Court.

K. *Decisions and Appeals*
1. A majority of a quorum is necessary for a decision.
2. The University Council, the Executive Committee of Student Government and the party or parties accused shall be notified of the decision and punishment which will also be published in the CYNIC.
3. The decision may be appealed to the Court of Appeals. This body will include the University Council, the president of Student Government, and president of Student Union. In cases involving women students the Court of Appeals shall accept, modify, or reject the decision and punishment prescribed, which decision of the Court of Appeals will then become final.

Women's Faculty Club Hears Professor Aiken

The Women's Faculty Club at its annual business meeting and dinner heard Professor Aiken of the University speak as speaker of the evening. The club assembled in the Waterman building on Monday, May 7. Marion Brown, president; Dorothy Dickinson, vice-president; Anna Smith, secretary-treasurer; and Adelaide Rawson, program chairman constitute the new slate of officers.

Today Climaxes Four Years For Class of '45

Prizes for Merit Awarded to 11 Worthy Students

Leadership, Character, Scholarship Honored By Campus Organizations

[illegible] for outstanding merit were announced today to eleven University students. Alan R. Gorwin received The Henry Leroy Ingalls Prize awarded by the Key Club Department of the Vermont [illegible] Service to the University student with the best character, 4-H Club work and scholastic attainment. The Phi Beta Kappa Lodge of Burlington on the recommendation of the German Department awarded the German Literary Prize to Miss Ruth Lindsay '45, for excellence in the study of German literature. The Kirby Prize in Smith Latin prize went to Anita Case '47 for the highest mark in Latin II.

The Burlington section of the National Council of Jewish Women, through a committee composed of the Dean of Women, Assistant Dean of Women, and the 1945 and 1946 Mortar Board members, awarded the Hannah G. Solomon prize to Frances Donahue '45, as the senior woman who has exhibited in the highest degree the principles of unselfish service, constructive leadership, fine character and influence on the campus. Clement Holden '45, received from the Joseph Frank Lodge through the committee on Religious Life the B'nai B'rith Prize which is offered annually to the student considered to have done the most to encourage inter-faith cooperation and activities.

The Butler Debating Prizes, which go to the women who in the opinion of the head of the English Department have shown the greatest ability in debating, went to Eileen M. Pickett '47, Pearl L. Woodward '46, and Shirley D. Harris '47. S. L. Golden '48, D. P. Hackett '47, and P. S. Mallett '47, were chosen by the English Department for the Lawrence Debating Prizes.

Medical awards will be announced at the Medical College Commencement on June 20.

Six-Week Summer School Offers New Courses, Teachers

According to Professor Douglass of the Department of Education, U. V. M.'s six-week Summer School will have many new courses of interest to both teachers and undergraduates.

A new Workshop course in Rural Education will be offered. Two or more instructors will be in charge and specialists will be brought in for the various parts of the course. Each student in the course will work out a program in a particular field such as a rural health program or the operation of a rural school.

Other new courses will be given in Fine Arts, and Health Education. Handicrafts and Industrial Education courses which has not been given for three years will be revived this summer. Courses for graduate nurses in ward management and teaching will be given. Courses in Art Education and Fine Art are offered also.

Courses in the field of Economics to be offered this summer are Current Economic Problems and Industrial Economics.

A new course will deal with the problems of vocational councillors with

Baccalaureate Speaker

PRESIDENT JOHN S. MILLIS

President Gives Sermon Sunday

The Baccalaureate Service for the graduating class was held Sunday, June 3, at 4.00 p.m. in the Ira Allen Chapel. The cap and gown seniors marched in to the processional played by Miss Marston, organist. The service was opened with the singing of the National Anthem followed by the invocation, which was given by Rev. Percy Chandler Ladd of the College Street Congregational Church. Rev. Ladd then gave the prayer and read the Scripture service. The sermon was delivered by Pres. John S. Millis. His text was taken from the second verse of the twelfth chapter of St. Paul's Epistle to the Romans.

"And be not conformed to this world: but be ye transformed by the renewing of your mind, that ye may prove what is that good, and acceptable, and perfect, will of God."

He continued, "At first reading these wise words of St. Paul's appear to be an injunction to separate oneself from the realities of the world and to seek an ivory tower where one need not be concerned with the complexities of life. But St. Paul, when he wrote his advice to the Romans was not thinking of ivory towers but rather he was thinking of that special obligation which is laid upon a privileged

ALUMNI REUNION

The Alumni luncheon annual feature of U. V. M.'s commencement weekend, was held Saturday noon June 2 in the Waterman dining room. Special guests of the day were 50 year alums the class of 1895 and the senior class.

During the program the invitation was extended to all seniors to become members of the alumni body. Willson Daily president of the class of '45 responded for the group.

Although O. D. T. regulations forced the cancellation of class reunions, many alumni came from nearby points to make this commencement complete.

Class of '45 Get Their Sheepskins

Bachelor of Arts

Betty Concha Anderson, Mary Elizabeth Ashe, Esther Maé Ballard, Virginia Lois Bingham, Ann Crocker, Elizabeth Mae Dahlgren, Willson Daily, Ellen Cudry Davis, William Martin Dunn, Alice Gloria Edwards, Betty Doris Farnsworth, Joan Goldbloom, Hester Elizabeth Heath, Shirley Tucker Hibbard, Arthur Clement Holden, Jeanne Trowbridge Hotchkiss, Avis Kenyon, Freda Koble, Bernice Lieberman, Mary Ursula Lindsay, Peggy Marie Lucas, Lorraine Winifred Luce, Judith Baird Marquis, Vera Tiffany Prince, Marie Rolleri, Virginia Elizabeth Rose, Alice Annette Rowe, Eunice Marie Simmons, Jane Louise Smith, Michael Aristotle Spylios, Vesta May Stevens, Janet Eva Stimpson, Irene Marguerite Varga, Jean MacIver Wasson.

(Continued on page 4)

Seniors Gown Bronze Statues During Class Day Activities

The annual tradition of gowning the campus statues was carried out this year with Willson Daily, 1945 Class President, and Clem Holden, Class Treasurer, performing the tasks. The statues of both Ira Allen and of Lafayette were attired in the familiar black of commencement robes.

Until 1921, Lafayette was the only statue of which the U. V. M. campus could boast. In 1921, James Wilbur presented U. V. M. with a statue of its founder. At this time Lafayette was moved to the place which he now occupies facing the Medical College and Ira Allen's bronze image was placed where it now stands and where Lafayette had stood. Since 1921 the gowning of the statues has been an annual commencement tradition.

Ira Allen figures prominently in the history of the state of Vermont and of the University of Vermont. At the time of the presentation of the statue of Ira Allen to the University, the *Burlington Free Press* carried an article on this well known figure. "He helped colonize Vermont. He mortgaged his own possessions in order to purchase 200,000 guns abroad for Vermont's militia. It is pathetic that he should have been thrown in jail in the state he had served in manifold ways and forced to flee to Pennsylvania in order to live outside of jail." Law demanded in those days that men be put in prison who failed to or were delinquent in paying their bills. It is told that Ira Allen used to say to himself that what he gave he lost; what he gave in bad [illegible] The $20,000 which he gave towards the founding of this University proved to be his most valuable and enduring possession. Thus it may be said that it is well fitting that those who helped most in the founding of U. V. M. be honored at every commencement.

Traditional Program Opened Sat. June 2nd

JUSTICE SHERMAN R. MOULTON

Economist Speaks At Commencement

Dr. Harold Glenn Moulton, economist, who was the main speaker at the Commencement exercises, has been the President of the Brookings Institution in Washington since its origin in 1928. Previous to this he was Director of the Institute of Economics in Washington, D. C., from 1922 to 1928. He had formerly taught political economy at Evanston Academy.

Dr. Moulton received his Ph.D. from the University of Chicago and has obtained his Doctor of Laws degree from Washington University, New York University, University of Pittsburgh, George Washington University, Syracuse University, Oberlin College and the University of Chicago.

The author of many books, he has written on the economic problems of both the United States and foreign countries.

'47 Staff Promises Gilt Edged Ariel

"Let's have a pink cover." "Every page in technicolor." "We'll pose the beauties in swim suits." No, it's not a convention of mad publishers—but the very first meeting of the 1947 *Ariel* staff. Those who will put these fiendish plans into operation are Managing Editor Liz Conklin, Feature Editor Gig Donaldson, Art Editor Betty Duffons and Biography Coeditors Ruthy Post and Doris Lundercrantz. Sports Editor Edith Robbins and Faculty Editor Midge Smith will help, and Photography Editors Lenny Eichel, Katsy Haus and Penny Mandel promise pictures that talk (can they mean it?). Mary Bresnehan, circulation manager, vows that the 1947 *Ariel* will be in the hands of each student by Christmas—[illegible] in the cover and her picture.

Rod Galbraith, who is in charge of internal campus shots seems rather lost right now—but he'll be joined in the fall by a Maid Editor.

That leaves only two members of the staff running from this gay little melee. Here they are—editor and business manager peering over a long column of figures. At last the writer is finished and they say, "We only $7,000 in ads so we can put out a book with 14-karat gilt edges."

To Put the Axis on the Run—Run to Buy War Bonds Today

1945 marks celebrated the 154th year of the University of Vermont and the State Agricultural College on Monday, June 4, by the Commencement Exercises which was held in the Ira Allen Chapel at 10 o'clock in the morning.

The speaker of the day was Dr. Harold Glenn Moulton, well known economist and president of Brookings Institute in Washington D. C. The Rev. Harvey D. Butterfield, rector of the Trinity Episcopal Church in Rutland acted as chaplain with Miriam Nattie Morrison, A.M., as organist.

This year there is no commencement oration but two presentation programs, the second being on June 20 for the senior medics. Also on June 20 the first year medics eligible for the bachelor of science degrees will receive their diplomas.

Diplomas came in two forms this year. For the bachelors degrees the booklet form was used, while the scroll type honored the masters' and honorary degrees.

The program for graduation is as follows:

ALUMNI DAY—SATURDAY, JUNE 2

9.00 a.m. Academic Procession—Library steps
Gowning of Lafayette
Gowning of Ira Allen
Raising flags
Picture taken
Farewell speeches by professors
9.30 a.m. Alumni Council Meeting—South Conference Room
10.30 a.m. Phi Beta Kappa Meeting—Wilbur Room in Fleming Museum
Business meeting and annual initiation
12.30 p.m. Alumni Luncheon—Waterman
2.30 p.m. Class Day Exercises—Library steps
Orations
Smoking pipe
Planting of ivy
6.00 p.m. Dinner, College of Agriculture, Oakledge Manor
9.00 p.m. President's Reception—South end of cafeteria

BACCALAUREATE DAY, SUNDAY, JUNE 3

9.30 a.m. Meet in front of Waterman
10.00 a.m. Picnic Breakfast—Oakledge
3.40 p.m. Academic Procession—University Place
4.00 p.m. Baccalaureate Service—Ira Allen Chapel
President John Scholl Millis—speaker
Rev. Percy C. Ladd—chaplain
8.00 p.m. Band concert and college sing—City band—Joseph Lechyon

COMMENCEMENT DAY MONDAY, JUNE 4

9.40 a.m. Academic Procession—University Place
10.00 a.m. Commencement Exercises—Ira Allen Chapel
Dr. Harold G. Moulton—Speaker
Rev. Harvey D. Butterfield—chaplain
12.30 p.m. Luncheon for Trustees and Invited Guests—Waterman

List of Honorary Degrees

All editorial and business communications must be signed and addressed to the proper department head at the Vermont Cynic Office, 149 Mill. Brief notices must be handed in at the office not later than 10 a.m. Monday. Office Telephone 537, Extension 264.

1945 — BLUEPRINT OF SUCCESS

[illegible] the three-year career of a class that has weathered the turmoil [illegible] of a wartime campus. The problems have been numerous and [illegible] U. V. M. and have kept the traditional [illegible] Landrum. [illegible] have found a place in prominence and earned for them heartiest congratulations [illegible] year's responsibility in developing Student Government [illegible] spirit. A [illegible] on the past and the successful undertakings sponsored by the [illegible] are presented below.

In Retrospect . . .

Burston - Mallett

[illegible] are coming to the end of the school year [illegible] graduate and take with them memories of many accomplishments. The year 1944-1945 will be remembered as a year of [illegible] in the extracurricular activities of the student body. There were many [illegible] sponsored during the year [illegible] graduate to the armed forces and [illegible] fields.

Political [illegible] Soon after U. V. M. were registering, [illegible] and [illegible] the Cynic [illegible] a box [illegible] Off special [illegible] the [illegible] the Cynic [illegible] and the [illegible] [illegible] were [illegible] by the Student Council and the [illegible] Club. By the way of [illegible] [illegible] the school was favored by the lectures of Harry Sternberg, a noted artist, and Clara Mann, daughter of Thomas Mann. In the [illegible] were many enjoyable [illegible] Student Council's first [illegible] interesting ideas were discussed [illegible] the cooler of the year the campus and the [illegible] were favored [illegible] evening with four noted religious leaders stimulating [illegible] activity on campus. Hard [illegible] of the nation to [illegible] greater [illegible] and vital questions were discussed. Another cultural event of special interest to the women students was the [illegible] of Mary Lovejoy for a beauty counselor to discuss beauty matters with the coeds. By the end of the season [illegible] and outlook the excellent Lake Day [illegible] given by the home workshop.

Despite the lack of manpower at the campus this year the social program was full and well balanced. Various [illegible] were sponsored during the Saturday nights and W. A. A. [illegible] social activities. The spring highlight was the formal [illegible] by Women Pearl Chase, [illegible] Government sponsored a [illegible] Ball. [illegible] [illegible] [illegible] and [illegible] were [illegible] by the Student Council and the [illegible] Club. By the way of more serious culture

Seniors Pay Respects To UVM Traditions

Traditional Class Walk

Ira Allen Oration

In a few short minutes today we pause to pay tribute to the man who is largely responsible for the founding of this college. For four years we have passed the statue of Ira Allen, with very little thought of the man to whom the statue is a memorial. Many have not known that it was his untiring efforts and his £4,000 pounds which led to the establishment of the University of Vermont. For those who are aware of his importance in connection with the founding of the college know little of his work on behalf of the State of Vermont. A man of the courage of a soldier, the skill of a statesman and the vision of a statesman, Ira Allen was the leader in the struggle for New York State, in the controversy concerning the independence of Vermont and in the bitter battle of her admission to the Union. In the year 1791, at the age of 41, Ira Allen saw successfully launched his efforts—the achievement of two great and important things: the entrance of Vermont into the Federal Union of the United States as the fourteenth state, and the founding of a State University at Burlington, the city which he had created. Soon though, following these years of success, came his financial ruin by the Treasury Court of Great Britain, the cruel treatment by the people of his own state, and his death in exile in 1814, he is remembered as he has ever been, a great statesman of Vermont. It is no wonder that the correctness and authenticity of his *History of Vermont* written while he was in London has never been questioned; he wrote of what he knew personally, and his *History of Vermont* is largely Ira Allen's autobiography.

It is therefore, fitting that we pay tribute to Ira Allen the statesman, to Ira Allen the founder of this University.

But the greatest significance of the tribute to this man lies in the recognition of the fact that the human qualities of Ira Allen is a symbol—strength of character, persistent industry, yes, even stubbornness, stubborn independence, the capacity for the sacrifice of self interest to ideals greater than self. All these things have come down to us from him and are our heritage today, as we leave college in 1945. In no time have these qualities been more vital, more essential. We need his insight and his seeking to gain the right sense of values, enabling us to distinguish the important from the trivial; his stubborn confidence, his persistent industry which makes belief reality, in spite of failure and disappointment.

And so may we do more than pay tribute to this man may we strive to live the ideals and qualities of which he stands as a timeless symbol. Only in this way can we keep alive this heritage and can we pay a true tribute to Ira Allen.

By RUTH JORDAN

Lafayette Oration

As we, the members of the class of 1945, have gowned the statue of Lafayette today, we have made him a traditional part of our Commencement week. When the statue was being sculpted in 1883, there was much question as to whether it should be garbed in Army uniform or civilian clothes, as Lafayette had attained fame in both military and diplomatic walks of life. Today we have given him an academic robe wishing to remember him as one of the dignitaries in the history of our Alma Mater.

Lafayette at U. V. M.

The month of June is significant in the Lafayette-U. V. M. history, for not only was the statue unveiled on June 29, 1883, but it was on June 28, 1825 that Lafayette visited Burlington. On this his second visit to America after the Revolutionary War, he was escorted into Burlington in triumph and was saluted with artillery fire. Although he spent a very busy day, Lafayette took the time to lay the cornerstone of the south wing of the Old Mill. In dedicating the building he said, "I am sure the young sons of Vermont will ever evince in their studies the same ardeur and perseverance which at all times and on every occasion have characterized the spirited inhabitants of the Green Mountains."

The University of Vermont has generously shared its opportunities and the privilege of persevering in one's studies with the sons and daughters of many other states, but Vermont alone can proudly claim his tribute.

Symbol of France

Perhaps a glimpse into Lafayette's life will explain why we are proud that he is a part of our historic background.

It has been said that it is the fate of every character important enough to be remembered 100 years after his death that he has become a symbol of something, and those who remember him associate his name with this symbol rather than with the actual historical figure he once was. This is particularly true of Lafayette who was, even during his life time, a symbol of Franco-American cooperation and of liberalism in an absolutist world. To many people in our country France and Lafayette were almost synonomous, and it was his spirit—80 years after his death—which did more than any other Frenchman's to bring America into the struggle for liberty in 1917. That liberty was of a different sort than the cause for which the 13 colonies were struggling in 1776 when Lafayette against the wishes of his king set out for America to fight with our armies. We are truly grateful for this French assistance which came at a crucial moment and Lafayette is rightly the symbol of Franco-American cooperation.

Love of Liberty

Our country played a major part in developing in Lafayette the love of liberty he would be later taught. The actual motives for his bold departure to the new world were to be found in an in-

(Continued on page 6)

President's Address

Among the valuable assets to be gained from three or four years of more or less constant association with a group of individuals is a certain contradiction of ones childhood conception of perfection. Living learning and maturing in the atmosphere of our college campus we have all had more than one experience to prove that this matter of perfection is much more a question of some than of seeming.

We began as freshmen to apply the childish standards of measurement to our associates. Soon however the truth of what our fellows really were began to force itself into consciousness. Now in our senior year the gradual process of maturation has permitted us to apply this yardstick of reality to our true parental surrogates the professors. Scientific has given us at last a key to much of the enigma characterizing not only life in general but college in particular.

It would be impossible to generalize too extensively upon what we have liked about whom we have liked at U. V. M. But looking back a few years, I recall a favorite professor of mine maintaining that there were four qualities about which a personality should be woven. These all happened to begin with F and so be referred to them at that time as "The Four Fs." This term had not yet suffered the abuse in 1942 that it has suffered since. But the four Fs: Fairness, Firmness, Frankness and Friendliness have stuck somehow in my mind since that time and now I wonder if you would like to see how many of those whom we know and love best at U. V. M. seem

Gives Boulder Address

JOHN K. WILLIAMS

to be characterized by these very much fives.

In setting points of reference that which first comes to mind when evaluating a Prof. He may be a good lecturer. Perhaps he has a brilliant analytical mind capable at once of grasping the fundamentals of any situation no matter how involved. But always there is the limiting question: Can his attitude toward all his students alike be characterized as fair?

Secondly there is Firmness. By firmness I mean by firmness narrow-mindedness. Not precisely. Rather there comes to mind the type of person who seems instinctively to know what he is here for and who intends to proceed unfalteringly as he was for the next 100 years more or less. Such a person he be a fellow student even a professor authorities vest in one subtle indirect and wholesome way. He seems constantly to be whispering just before the threshold of hearing that he has

College on the Mountain Gave Graduates Snow and Air Corps

September 12, 1941, and the class of 1945 began its college education with an introduction to the railroads of Vermont. Freshman Camp was held that week-end and we had our initial contact with the weather of this fair state and also its spokes.

Monday morning we arrived in Burlington via the comfortable luxury of open trucks. Then came the stark realization that the campus was situated atop a veritable mountain as viewed after an afternoon of shopping downtown.

Registration Day arrived and the rude awakening to taking another year of French or Latin when you had just celebrated last June that would never have to see the stuff again. Next over to the gym where Dean Swift gave his illuminating lecture on: Your Chances of Staying in School Right Through to Commencement. If you were one of those unfortunate who sat in the first four rows which he used for his vivid illustration you might have represented those who "Flunked Out At Mid-years" or "Those Who Left Second Semester For Other Reasons."

Introduction to Books

Classes began Friday morning September 19 and that afternoon (after Freshman Fight was won by the frosh) the word was sent round that we were again a functioning University. Yes, at last we had our charter. Snake dances and torchlight parades wriggled their merry way downtown where Mayor Burns officially announced the glad tidings.

Though we were told there was to be no frosh hazing, the boys were "instructed" to wear their freshman beanies—or else! But no hazing, you understand.

Saturday brought Dean's Tea at Southwick where we first met our Dean of Women and Assistant Dean. Here, too, we were introduced to the many varieties of handclasps found in every receiving line—one that just burned! These ranged from the traditional Dead Fish to the Bone Crusher. Here also we were to first experience the bite-size cookies and cup cakes later found at every affair imaginable.

Men, Men and More Men

That night brought Freshman Mixer replete with community singing while the [illegible] at the mixer tried to give us informative glances at the girls segregated at the far end. There at last upperclassmen!

Hose Fight spectacularly staged near Morrill Hall was also seen by the timid, freshman as was Cane Rush, the bloody mess to all during the half of the Middlebury U. V. M. football game. Our team as well they had lots of spirit. And those pep rallies were excellent for the morale especially that of the cigarette smokers.

Then—Sunday, December 7—and the end of our carefree pre-time college life. The two week period mid-year was accordion pleated into five days. All but there was Kake Walk '45 with Sy Lyons and Clarence Akley, Sam Donahue's Band and a Masquerade which lived up to its name. There is where the thrilling strains of Cotton Babies crept into our blood never to leave again.

Spring

Then came on to precipitate us Vermont accompanied by traditional campus-wide spring fever and the ever present sun bathers. Who can take finals in weather like that?

September 1942 and we were once more collegians, ready and willing to threaten, warn, and advise the incoming frosh.

That football season brought memorable experiences; the remarkable duo-La Pointe and Beaulieu and the post-game celebrations at the fraternity tea dances.

With the increasing ratio of the number of women to men on campus came the great question of whether we should dis-

HOPE—CLASS POEM 1945

I would be [illegible] of us
I'm willin' I say no more
As passing [illegible] and before
I'm through I tell
You [illegible] that dwell
Within your minds and hearts
As well as mine today.

I may regret
A chance not accepted
I learned in the eve of an impending war
I learned in the experiences of youth life
And mine and in the lives of others
Who have gone
Some years past
The class of 1945 was born

[illegible]
Life changes we've known
These past four years or less.
Of college life
And poignant memories
Of fun and youthful carelessness stand out

Memories
Of initiation, sometimes traditions carried on
Of the annual ball of pleasantness and mirth
Prom[illegible] that began
But memories I more than this
[illegible]
We fondly recall
Classes, lectures and professors
Term [illegible] [illegible] reports, reports
And [illegible] spent hour through the night
On [illegible] argument
Like play [illegible]
We can't forget
The [illegible] [illegible]
[illegible] I can't [illegible] plays

[illegible]
[illegible]
[illegible]
[illegible]
[illegible]

[illegible]
[illegible] years [illegible]
Life [illegible]
[illegible]
Of [illegible]
And we hope
[illegible]
[illegible]
[illegible]
[illegible]
That we can return
To [illegible] I can't be here
And still to do
Dream to live and work
For what we know the right to be.
And [illegible] [illegible]
Our [illegible]
We [illegible]

Perhaps my words were insufficient
To express
The thoughts that dwell
Within your minds and hearts
As well as mine today.
I trust however that
I touched the essence
Of our lives together
At the class [illegible]

Sports Stuff . . .

Walter Stern

Sports like all other campus activities suffered during the past year due to war-time emergency. However, with the little material that was left on campus we were able to provide some entertainment for the participants and spectators.

First off, the intramural bowling tournament after a slow start got right swing with some fierce competition. The girls were kept pretty busy with WAA programs and then there were always a few bridge games for the less energetic.

Turning to the inter-scholastic events we find skiing, basketball and golf all represented. All of us remember the successes of our unofficial team at Middlebury and during the Kake Walk week-end up here the fellows really put up a swell showing with the little time that they had to practice they captured top honors in competition with well trained men from Middlebury, M. I. T., R. P. I., and West Point.

We fared less well with the basketball team, composed for the most part of Medics formerly in undergrad school here. They competed with St. Mike's, Middlebury and others but after a few encounters they had to retire for lack of available frays. The short season, however, furnished a pleasant diversion for the sports fans. The Kake Walk-St. Mike's game brought back to the mand a bit of the pre-war spirit of U. V. M.

Came the time for baseball and the fellows thought they could put up a swing. Larry Gardner really put a lot of work into getting the fellows in shape for the games scheduled between U. V. M., Middlebury and St. Mike's. Although the season was unsuccessful as far as wins were concerned, the boys got the feeling of teamwork and we are confident that the Cats will be able to get their revenge next year.

In closing, we hope that U. V. M. will be able to carry on its sports program this fall: with more and more men returning to the campus it looks as if we will get back into the old swing. See you in the fall. Happy Summering!

Catamounts End Season With 8-4 Loss; Green and Gold In Finest Playing Form

U. V. M. Nine — Meditation On the Bench

Larry Gardner Gives Team New Spirit

Huard, Fagan Combine to Keep Middmen On Toes

Behind the brilliant pitching of southpaw Sted Huard and the terrific clouting of outfielder Del Fagan Vermont's Green and Gold warriors got on their finest legion of form this season before finally bowing to Middlebury college 8-4 at Porter Field Monday May 21. It was a great partial victory for the underdog Catamounts who weren't counted even on the same base with the powerful Eddy outfit.

Huard, showing great form in his work for collegiate debut, might have walked off with a win were it not for two rather flukey hits which dropped safely in left field. Sted showed fine knuckle effectiveness in addition to having fine whip to strike out three batters.

Fagan connecting for three hits in the event at the plate, scored all three times and reached first for a fourth time on Middlebury's only miscue of the game. Besides his slugging the U. V. M. outfielder went back time to help center field to haul in long drives which seemed destined for extra base hits.

For the winners Dick Eddy pulled along smoothly until Vermont came to life and clubbed him for nine hits with a barrage of base hits. In all Vermont collected eight hits and were handed five free passes from U. V. M. hurlers went down swinging.

Middlebury started the scoring in the opening inning as Bowden was hit by a pitched ball with two out. After stealing second the Panther catcher counted on a single by Conners.

The Panthers added two more in the fifth with the aid of three hits, a base on balls, and a Vermont error. The big blow of the inning was a double by Dell Rich with two mates on base.

Vermont came storming back in the sixth as Roger Baker led it with a sharp single to center field. Hogan then was walked and Fagan brought Baker in with a fine smash in the same direction as Baker had hit. Sted Huard drove to right sent both base runners across the plate and cut the Middlebury lead to 5-3. After Fieber went out, Bob Barrows singled sharply to score Huard. Woods Barwood was passed and Ted Bottle beat out a bunt to load the bases still with but one out. Morrow then hit into a fast double play, Oelrich to Bressler to Whalen to cut off the rally.

Middlebury got one run back in the last of the sixth to make the score 6-4 and evened up the contest with two runs in the eighth. Vermont passed up a great scoring chance when runners were left stranded on second and third base. In the ninth the U. V. M. men went down in order.

W.A.A. Gives Awards To Women in Sports

Surrounded on all sides by baseball bats, hockey sticks, skis and poles, sporting equipment, and swathed in green and gold crepe paper, the parish house of St. Paul's Church was attractively transformed into a banquet hall for the W. A. A. members and their guests, on Friday, May 18. Green and gold was the color scheme throughout—even to green and gold candles, place cards at the head table, and yellow tulips on their green stems! The evening's guests included Mrs. Millis, Dean Simpson, Miss Cummings, Miss Euler, Miss Hoffman, and Mary Quinn '43.

Next year's officers and All Sport members were then installed and with the singing of "Champlain," the hall was left to the clean-up committee.

Margy Watts '46, is next year's Green Captain, and Spike Thornton '46, is Gold Captain. Those who made Honorary Varsity for the various clubs are as follows:

Basketball: Marjorie Cutler '47, Mignon Burggraf '47, Margaret Putnam '48, Mary Pease '47, Joanne Howard '48, Marion Dustin '45, Margie Watts '46, Pauline Breen '48, Betsy Kipp '47, Betty Ann Scott '47, and Ruth Benson '48. Bowling: Rachel Giddings '46, Spike Thornton '46, Virginia Hamel '48, Barbara McGeever '47, Gloria Bashaw '47, and Olga Schoelles '46. Ping-pong: Margy Watts '46, Virginia Hamel '48, Olga Schoelles '46. Fencing: Peg Donnelly '46, Irene Fahey '46, and Spike Thorton '46. Archery: Marylee Russell '46, Dorothy Day '46 and Mary Boardman '46. Softball: Barbara Burnham '45, Ruth Esser '48, Theresa Guzowski '48, Mary Hageman '48, Virginia Hamel '48, Cynthia Wriston '48, Betty Anne Scott '47, Suzanne Shepard '48, Bea Bickford '47, Marian Dustin '45, Ruth Jandorek '47, Marjorie Nelson '47, Margaret Putnam '48, Thelma Williams '48, Spike Thornton '46, Modern Dance Workshop: Lynn Detrick '48, Lee Church '48, Joanne Howard '48, Evelyn Olson '47, Anne Hoos '46, Phyllis Edgerton '46, Connie Malone '47, and Jane Smith '48. Volleyball: Marion Belville '48, Ruth Benson '48, Mignon Burggraf '47, Marion Dustin '45, Peggy Holloway '47, Rita Keefe '48, Ann Hoos '46, Mary Greene '46, and Margy Watts '46, on the Green team, and Barbara Beattie '48, Charlotte Chaffee '46, Jean Clark '48, Dorothy Clark '48, Evelyn Olson '47, Dorothy Scott '48, Spike Thornton '46, Crystal Malone '47, and Mildreth George '47 on the Gold team. Badminton: Mignon Burggraf '47, Marjorie Cutler '47, Margy Watts '46, Mary Pease '47, and Marian Dustin '45. Rifle: Mary Greene '46, Barbara Tennien '46, Janette Nelson '45, Betty Anderson '45, Janet Hartung '47, and Betty Du Bois '47. Riding: Paula Whelan '47, Spike Thornton '46, Clare Upson '48, Carolyn Brooks '48, Cap White '47, Marie Lawlor '48, Sally Crocker '48, Marion Rosenhim '47, Virginia Davenport '48, Priscilia Klain '48, and Nancy Ladd '47.

Those who earned emblems were: Janette Nelson '45, Margaret Watts '46, Crystal Malone '47, Bea Reymond '47, Marjorie Cutler '47, Marion Rosenhim '47, Marian Dustin '45, Ruth Jandorek '47, Mary Pease '47, Mignon Burggraf '47, Nancy Ladd '47 and Joanne Howard '48.

Receiving cups were Mickey Mills '48 and Marjorie Nelson '47 for badminton, Spike Thornton '46 for bowling and fencing; Margy Watts '46 for ping-pong, and the Catamount team, Capt Betsy Kipp '47, for basketball. The Participation cups: Tri Delt House, first; Roberts House second, Sigma Alpha Epsilon third and Slade fourth.

HOME EC SENIORS HONORED AT DINNER

The Home Economics banquet of May 21 brought together for the last time this year the students and faculty of home economics. The 6.00 buffet supper consisted of tuna fish rolls, potato chips, potato and cucumber salad, carrots, and dessert of ice cream on meringue shells, and coffee. Following was a fashion show presented by the upperclassmen, in which they displayed their year's efforts. Contrasting styles and materials brought out individual tastes. Especially enjoyed, and laughter and cheering, were the articles made by the Foods and Nutrition girls. Piano accompaniment was rendered by June Grody, '48.

At the meeting 20 senior girls were elected into the American Association of Home Economics and into the state chapter of the association which is affiliated with the national society. The new members are Lael Cutler, Jean Smith [illegible] Pauline Fitch, Harriet Gebbie, [illegible] Hall, Ruth Ann Holmes, Christine Hughes, Thelma Jacobs, Eleanor [illegible] Barbara Kennon, Marian Melby, [illegible] Mayville, Muriel McKee, Helen [illegible] Shirley Needham, Marjorie [illegible] Bethia Noble, Betty Walker, [illegible] White, and Clara White. Miss [illegible] Newland, president of the Vermont Home Economics Association, installed officers, with Dr. Florance King, pre-[illegible]

The association is a professional organization of home economists, and includes [illegible] women from all types of positions in the field. The *Journal of Home Economics* is published by this group. The national meeting, which all members may attend, encourages and stimulates interest and enjoyment in different phases of home economics.

Band Concert Features Soloists

A murmur of excitement, a blare of music, a gasp of surprise and joy, and a clapping of hands made the scene of the Band Concert under the blue ceiling of the Ira Allen Chapel Thursday night. Old traditions were broken and new ones begun when Joe Lechnyer led his co-ed band in pieces ranging from "Suite Espagnole" to "Cotton Babes." It was not only the first formal concert of the year but also the first time in Vermont's history that the band has played in the Chapel.

The program began with the overture, "Victorious," followed by a cornet solo, "Carnival of Venice," played by Verna Hall, which put Harry James to shame. "Beautiful Dreamer" was her encore. Thereafter came "Suite Espagnole," "The Sunny South," and "Stout Hearted Men." Intermission was followed by "The Student Prince" and a solo for piano, "Repartee," by Anita Smith. In answer to thunderous applause she returned to play Chopin's "Minute Waltz." Once more she was forced to return for an encore and surprised the entire audience by playing her arrangement of "In the Mood."

"There's Something About a Soldier," "Victory Selection," "Cotton Babes" of which Joe Lechnyr is a co-writer, "Fort Bragg," and "Champlain" concluded the concert.

Phi Sigma Delta Holds Senior Farewell Banquet

Phi Sigma Delta fraternity held a farewell banquet at Howard Johnson's on Thursday night May 31. The fraters who attended were Bernie Kaye, Walter Stern, Michael Greenfield, Bob Rosenberg, Arnold Caludys, Eddie Bovarsky, Ben Parenteau and Stan Goldberg, and Pledge Leon Skerbalis. It served as a farewell party to those fraters who are going into med school or are joining the armed forces. The dinner was followed by an informal celebration at Dexter Caludys's house where refreshments were served and a general "bull session" took place.

English Department Honors Prof. Aiken

The English Department of U. V. M. on May 25 for retiring Professor [illegible] who has served the University 35 years in that department. Lloyd Pope presented the guest [illegible] with a fisherman's shirt and a [illegible] trout flies.

Prof. Aiken, a native of Benson, [illegible] Ph.B. and M.A. at Vermont, [illegible] spent 11 years as head of the English Department at Mount Hermon [illegible] He became a member of the [illegible] in 1912.

ALPHA CHI OMEGA

The first assembly of the year for Alpha Chi Omega honored the annual fall rushing with a spread at dessert hour. Attended by many students and friends the proceeds were given to the W. S. S. F. drive.

Presenting the first of the series of assembly sponsored Saturday night entertainments the Alpha Chi House was the setting of an elaborate March Gras. Games and dancing were a few of the many attractions. The door prizes awarding women's talent were high lights of the evening.

Alpha Kappa Psi weekend visitor around the Alpha Chi area was busy working on their Kake Walk Skit, the first presented by a fraternity entitled Life Can Be Hell and true to scripture and tradition, pledging is held at a meeting which will soon become memorable meeting.

ALPHA EPSILON PHI

During the week's activities Tau Epsilon Phi sponsored a raffle for the benefit of W. S. S. F. drive, proceeds going to Sterling Memorial Hospital. Many students enjoyed a swim at the Delta house Tuesday and the Commuters Party.

Miss [illegible] the house [illegible] the 20 members of Phi Epsilon Mu were initiated into Alpha Epsilon Phi. The ceremony, conducted by Mrs. Elaine Goldberg, Nat Sup. Dept. was held at the Hotel Vermont and dinner followed.

A week-end guest [illegible] Tuesday night entertainments. Watermat Lounge was the scene of a Game Campfire. Entertainment was diverse with guests to board games night on Thursday concluding the week.

Climaxing the week's events 15 Alpha Epsilon Phi pledges were initiated into Sorosis. Mrs. Florence Granger, Nat Dept. and Mrs. Claire Goldberg, Nat Sup. Dept. were present. A formal banquet was held at the Hotel Vermont.

ALPHA XI DELTA

Laughter and tension. Alpha Xi Deltas changed their last meeting of the year to a merry shower party for Ginny St. Germain '45, who is engaged to Lou Rizek, army medic here at U. V. M. Beginning with "Happy Engagement To You" and running through presents and more songs and cake the evening proved to be one of the highest of the year. Guests included "The Date" to be Lou '45 and "The Place" to be Berlin, N. H. Maid of Honor will be Marian Ginny's sister and the bridesmaids will be Ginny Bingham and Patty Bennett sorority sisters of the bride-to-be. Lou and Ginny plan to honeymoon in New York.

A week-end visitor a couple of weeks ago was Mary Lou Strauch Brown. Also coming to visit the Upsilon chapter was Laura Martin St. Mary and her husband who has been overseas for some time.

DELTA DELTA DELTA

The first real excitement at the Tri Delta House on W. S. S. F. Fashion Show started the year off with a festive atmosphere. At about that time the district president came for her yearly once over of the chapter.

Emerging from rain-soaked attire the week-end we went Kake Walk came and with it Queen Mary Stuckey.

Mr. Weaver of the Information Office News was the guest speaker at our Cultural Program.

Our National Traveling Secretary came to visit and met various members of the student body at a tea given at the House.

During the course of the year Delta Delta Delta sent Campus literature to our pals in service [illegible] and Thomas Cook respectively and Marion Merrill and Jane Gibson announced their engagements.

One of the high points of the year was the W. A. A. banquet when the retiring president awarded the Participation Cup to Tri Delta.

The annual Patsy breakfast, held in honor of the seniors brought the school year to a close.

DELTA PHI EPSILON

With the rushing season over, Delta Phi Epsilon canvassed the dorms on campus selling subscriptions to raise money for W. S. S. F.

Several Christmas Delta Phi Epsilon alumnae sponsored a reception on campus acquainting us with their campus. An open house was held March 11 to which all were invited.

The following week the student lounge was transformed into a Gay Nineties Lounge with the Barber Shop Quartet putting in an appearance singing songs of generations of the age.

The annual Mother - Day breakfast was given May 14 for Delta Phi Epsilon mothers and sponsors.

In addition the year a banquet was held at Oronoco Manor [illegible] at the grad ending semester.

KAPPA ALPHA THETA

Kappa Alpha Theta began a busy year by giving a Cuban Sixteen supper for the benefit of the World Student Service Fund. The menu consisted of dishes representing all nations. The supper was a great success everyone having a wonderful time and contributing an ample sum for such a worthy cause.

Kake Walk week-end found many Thetas back and the house was overflowing most of the time. Sunday afternoon an open house was held. Everyone sat around chewing pencils, cake bridge, and the Y's.

Our Grand Treasurer Mrs. James Moore visited us this winter. We gave a tea and a breakfast for her. Other social events included Founder's Day supper given at the house by the alums.

The Saturday night entertainment which we sponsored was a dance at Waterman. Pledged in the form of popular songs all enjoyed it.

Lucy Spread was the final event on the calendar. The seniors were special guests and many alums returned for it.

PI BETA PHI

In the spring the Pi Phis sponsored a Fashion Show and bridge for the benefit of W. S. S. F. Mary Lou Robinson president was the narrator and fifteen girls modeled clothes accompanied by Anita Smith at the piano.

The Founder's Day ceremony was held jointly this year with the Pi Phi Chapter from Middlebury College who came to Burlington to visit the Vermont Beta's. Beth Kelley gave a brief history of the lives of the founders and a luncheon was served under the chairmanship of Kay Hennessey.

Two of the province officers Mrs. Everett, province president, and Miss Erminie Pollard, vice-president, visited us in February and a coffee hour was held in their honor.

At the farewell meeting in May, the chapter elected Beryl Cheney, class of 45, the winner of the character cup and the illustrious sorosis presented the chapter with a beautiful oil painting.

Now as the year ends, and exams are over everyone eagerly awaits June 16, the date of Betty and Bish's wedding.

One Down as U.V.M. Co-ed Carries On Tradition

Were it not for the fact that a certain girl on campus was sleepy after the band concert last week and that her roommate has an insatiable desire for collecting curious nature things, those advocates of a certain college fad might have been disappointed this year.

But now they can rest assured that at least one goldfish has been swallowed by one dutiful girl. It shouldn't matter that it was at appropriately fresh green one, should it? You see Rita Keefe didn't know that this piscatorial prize was in her drinking glass.

P. S. to the rewrite editor: This is a true statement!

Parade of Events From '41 to '45

(Concluded from page 3)

continue traditions for the duration or let the scamps run things. As far as the men were concerned it was a case of the devil or the deep blue sea.

Rescind, Rescinded

February brought the orders rescinded orders and rescinded rescinded orders which took our lads to Dewey's just a week before Kake Walk. But Kake Walk was held with our own Class Cadorette and Norm Bourdon wearing the crowns.

However we were not to remain a completely pants less campus. Associated Press take notice: on 10 March the 61st C. A. D. was established at U. V. M. But they did not come empty handed. They brought to their hosts a beautiful epidemic of German measles. And we must not forget the wonderful spirit of the girls of Redstone campus who, in three days, packed up and left their hallowed halls.

Finals that spring were tried still another new and different way. Term exams were given the last two days of classes at very jolly arrangement if you were one of those who had four or five classes in one day. Still, they were not too bad as compared with mid-years given at night.

Air Corps

September, 1943 we arrived as upperclassmen to find 1,500 Air Corps, Pre-Med, Pre-Dent and Engineer A. S. T. P. as well as our own trusty Medics. Though the Cynic office housed a Colonel and the entire south wing of the Waterman belonged to Link Trainers and Air Force Administration, and our soda fountain was a P-X and our cafeteria a mess hall—nevertheless the Cynic was thriving under its first woman editor. Student Government was blazing new trails under female force, the R. O. T. C. Band became a Co-ed Band, and our Coffee Corner was reopened by Howard Johnson's.

But all was not to stay in such a state. First the Fort closed, then A. S. T. P. was disbanded, and lastly the Air Force began closing down.

However, Kake Walk still was the topic of heated debate, in fact for so long that it was finally held in March and our own Ruth Jordan reigned with Bish McGill. This was our first attempt at holding both the Kake Walk and the dance on the same night.

The week-end after Easter vacation brought the complete collapse of the College Training Detachment and the departure of our delightful guests, the Cadets.

In October, 1944 we entered upon our final year at U. V. M. knowing full well that though activities were certainly far different from what we had known, the year would fly by all too quickly.

This year, however, began to show the promise of the future. Through many of our returned former classmates the Cynic, the *Ariel*, Student Government and other organizations were beginning to have a semblance not of what "used to be" but what "will be" here soon. Many of the old traditions have come out of the moth balls and shown themselves to be even better than before. Kake Walk was held in its old two-day style with Mary Stuckey and Jack Boardman as the regal couple, and was a smash success. Spring Play and the Operetta were both huge hits. The basketball and baseball teams, too, by virtue of their rebirth, cast their shadows before them and promised much for the future of U. V. M. sports.

Thus in leaving our beloved campus we see the rejuvenation of the University of Vermont and its fine plans for an even greater tomorrow. We sincerely hope that our sub-title "The Last Class to Know College Life in Peacetime" may never be attached to a class again.

$64 QUESTION

(Concluded from page 4)

lective, "is the intellectual stimulus which the professors have given us. This atmosphere centered around intellectual pursuit is one which we will not meet again in the same way we've met it here." The recollections of four years of college—vivid with activity in life of people at U. V. M., stand high in Margo's opinion. She echoed the feeling of all seniors in the length of memories about college—all the tangibles and intangibles that make up Vermont.

SOCIALLY SPEAKING . . .

With the coming of the month of June the thoughts of many turn lightly to the conventional topic of marriage—and of Commencement. There will be several U. V. M. June brides this year, and underclass girls are not exempt from the usual ceremony.

Gert Austin, med tech '45, will be wed to George Bray, sophomore medic, on June 16. June 16 will be a busy day. Betty Farnsworth '45, and "Bish" McGill, senior medic, will be married in Morristown, N. J., on the same day. The McGills will be living in Burlington. Marie Rollen and "Tiger" Ziegra will also exchange vows on the aforementioned date.

Sonya Perkins '45, and George Goldsmith '44, will become Mr. and Mrs. Goldsmith sometime in June. Janet Stimpson '45, and Lieut. Edward Hill, U. S. Army, will go through the proceedings of the matrimonial ceremony on June 30. The engagement of Marion Merrill '46, to John K. Williams '45, has been announced with no definite wedding date set as yet.

On May 30 in Boston the marriage of Houghton D. Pearl, ex-'44, U. S. Army to Nancy Fawcett '44, took place. Janice Preston made the trip down for the wedding. Jerry Jasper '44, [illegible] man '42, recently exchanged [illegible]

Thoughts of Commencement [illegible] feeling of nostalgia to [illegible] alums, and is thus busily [illegible] them back to our campus [illegible] view the ceremonies once [illegible] those returning will be [illegible] Connie Garvin '44, Syl [illegible] Needham '43 (younger [illegible] graduates Phi Beta Kappa [illegible] Mary Perry '44, Judy Peet [illegible] Hawthorn, Janet Anderson [illegible] ton and Marion Nelson [illegible] of '43. Ensign Margaret [illegible] cently spent a day visiting [illegible] mater. The Ensign is [illegible] Washington, D. C. Lafayette

(Concluded from page 3)

creasing desire to achieve [illegible] ing dissatisfaction with [illegible] and a traditional hatred [illegible] Slowly, however, he developed enthusiasm for the cause of liberty, became a crusader for [illegible] rights of man. When his cause successful, Lafayette became a [illegible] hero.

Most of us today are setting [illegible] new ventures. We have accepted [illegible] solid foundation upon which [illegible] What we build will be judged [illegible] by the amount we give of our knowledge and skill; our courage and zeal and energy and perseverance. Only if the structure will be solid and lasting or unstable and shortsighted.

If Lafayette could speak to our graduating class, he might say, "I have confidence in you. Youth is vigorous, striving, interested and open-minded. You have persevered in your studies and have gained a rich background. Continue to strive toward those ideals which are a part of you." This bit of philosophy was exemplified in his own life. By losing of himself in the American fight for liberty, he saw his ideals realized and was able to instill them in his countrymen.

College Row Dressed In Summer Apparel

UVM Enrollment Exceeds 544 With Total of 144 First Quarter Students; 37 Freshmen Are Enrolled for Term

The U. V. M. summer campus is peppered with students from many different universities and colleges. Teachers make up the bulk of the students enrolled in the summer session and there are many new freshmen enrolled in the quarter. Some of the students from different schools find U. V. M. so enjoyable that they are seriously thinking of transferring permanently. A program has been arranged for both summer session and summer quarter to add regular college atmosphere.

The last data on enrollment amounted to the fact that there are 144 summer quarter students and 400 summer session students. Summer quarter students are listed below

Marvin Aaron, 121 Loomis Street, June Abell, 31 Robinson Parkway, Lawrence Ambrose, 128 Colchester Ave.; Isabel Amor, Allen House; Robert Ashley, 124 North Union Street, Sarah Andrews, Allen House, Richard Audette, 236 S. Prospect St., Jean Avery, 187 DeForest Road, Herman Babbie, 240 S. Prospect St.; Jennie Baker, Winooski; C. H. Barnes, 236 S. Prospect St., Ann Bayley, 384 Main St.; William Birnbaum, 132 N. Prospect St., William Birnbaum, 132 N. Prospect St., Bertrand Bisson, 24 University Terr.; Thomas Borowik, 142 S. Prospect St., Edward Boyarsky, 81 Spring St.; Mary Breen, University Terr.; Marion Briggs, Allen House; Florence M. Burke, 316 S. Winooski Ave., Nancy Cadoret, 461 Main St., Sierra Campi, Mary Fletcher Hosp.; Paul Carey, 28 Williams St.; Jean Carlton, 404 College St.; Russell Carpenter, 128 Colchester Ave., Nancy Caswell, 15 University Terr.; Rollande Cloutre, 14 S. Union St.; Dale Conley, 15 University Terr.; Margaret Cook, 254 N. Prospect St.; Mary Corrivear, 14 University Terr., Charles Costantino, 143 N. Cynic Promotions

The Cynic Staff wishes to announce the following promotions for the summer: To Feature Editor, David Hackett. Campus Editor, Mary Mulguy. Managing Editor, Irene Fahey; Sports Editor, Mary Greene. News Editors are Mildred Trachtenberg, Rose Sullivan, and Barbara Snetsinger. Lee Feinberg, Terry Guzowski, and Marion Parker have been promoted to Reporters.

Evans Is Speaker At First Summer Assembly

Prof. Paul D. Evans of the History Department was the speaker at the first assembly of the summer term held in the Ira Allen Chapel Thursday, July 5, at 12 noon.

Professor Douglass introduced Professor Evans who opened his lecture with the quotation from "The Song of Solomon." "Take us the foxes, the little foxes, that spoil the vineyards." He applied this to education and spoke on the "little foxes" which cause many of the difficulties of education. The need of setting standards high enough to require an adequate amount of work on the part of the student, and the need of the student to learn how to concentrate early in his educational life were two of the facts he stressed as being of the utmost importance.

The assembly was adjourned by Professor Douglass after several announcements pertaining to rehearsals for the summer session chorus and orchestra.

President Millis Appoints Chairmen

New Professor Among Departmental Heads

Pres. John S. Millis has announced the departmental chairmen for the year 1945-46 at the University. They will be as follows:

For the Agricultural College, economics, Prof. T. V. Adams; education, Prof. W. H. Martin; agronomy, Prof. P. R. Miller; dairy, Prof. H. B. Ellenberger; animal pathology, Prof. E. F. Waller; botany, Prof. J. W. Waller; botany, Prof. J. W. Marvin; home economics, Prof. Eleanor B. Kent; horticulture, Prof. C. H. Blasdale; poultry, Prof. D. C. Henderson.

Arts and Sciences: chemistry, Prof. E. B. Bloom (acting); classical, Prof. L. N. Prindle; economics, Prof. G. H. Hand; education, Prof. B. C. Douglass; English, Prof. W. B. Pope; German, Prof. P. D. Carpenter; history, Prof. P. D. Evans; mathematics, Prof. J. A. Bullard; music, Prof. H. G. Bennett; nursing, Prof. Faye Crabbe; physics, Prof. R. M. Holmes; political science, Prof. D. B. Carroll; philosophy, Prof. George Dykhuizen; romance languages, Prof. Malcolm D. Daggett; zoology, Prof. Paul V. Moody.

Engineering: Civil, Prof. L. B. Putter; mechanical, Prof. R. G. Chapman; electrical, Prof. E. R. McKee; mathematics, Prof. J. A. Bullard.

Medicine: Anatmy, Dr. G. A. Newhall; bacteriology and clinical pathology, Dr. W. E. James; biochemistry, Dr. H. B. Pierce; medicine, Dr. E. L. Amidon; obstetrics and gynecology, Dr. H. V. Dorrier; ophthalmology, Dr. E. G. Twitchell; pathology, Dr. Bjarne Pearson; pharmacology, Dr. H. B. Drever; physiology, Dr. F. J. M. Sachel; surgery, Dr. A. J. Mackay. Physical Education, (women) Prof. Eleanor S. Cummings; (men) Prof. W. L. Gardner.

Olzendam and Proctor Plan Magazine Article

Roderic Olzendam and Gov. Mortimer Proctor are planning an article on the *Reader's Digest* based on the treatment oath in Vermont. Olzendam is branch office head of the *Reader's Digest* in Tacoma, Wash. He was a member of Sigma Nu fraternity at U. V. M. and received his B. S. degree in 1916.

Summer Recreation Activities Begin

Ten Co-eds Make Up Planning Committee

U. V. M.'s Social Committee, under the direction of Miss Euler, has planned many social and athletic activities for the Summer Session and the Summer Quarter for the entertainment of the students. The social recreation will consist of all types of indoor and outdoor sports including swimming, riding, bowling and dances. Instructions will be given to those who wish it. In the social line there will be hikes, a boat trip, hayrides, and square and round dances.

Men on campus are invited to participate and contribute their ideas even though the Social Committee is made up of women students. The Social Committee consisting of Virginia Davenport, Mary Lou Pierce, Lee Feinberg, Norma Prescott, Mary Greene, Evy Olsen, Mildred Trachtenberg, Rose Sullivan, Barbara Snetsinger and Betty Ann Scott, meet each month in Room 116, Waterman and all ideas and suggestions should be turned in there.

Hikes

Miss Euler is planning hikes on the "Long Trail" to Bolton, Camel's Hump and Mt. Mansfield. The dates will be announced later. A boat trip to Ausable Chasm is planned for the 14th of July. See Miss Euler for exact details.

Dances

A formal dance is planned for each month and the Social Committee will invite men from neighboring colleges to attend. Plans are in the making for a week-end with a very formal affair and activities to close the Summer "with a bang." A hayride and a picnic are also in the making.

Tennis

The tennis courts at Centennial Field are open every day and on Wednesday for all those interested in tennis. The courts at the Weather Bureau are now ready. Beginners will receive instruction on Tuesday and

(Continued on page 3)

Mass Meeting At Gym

Miss Euler, head of the summer Social Committee, outlined the coming social events planned for the men and women of U. V. M. by the Student Social Committee at the first women's mass meeting of the summer. Held last Tuesday night in the Men's Gym, it was in the form of a Birthday Party. After this brief résumé, the party was started with singing and square dancing, followed by refreshments.

The Birthday Party was planned to en-

Dramatics and Music Research Interest Psychology Professor

By Lee Feinberg & Mildred Trachtenberg

One compensation for arising for eight o'clock classes is the tall blond Psychology professor, a new and very interesting addition to U. V. M.'s faculty. We refer, of course, to Prof. Britten L. Riker.

When we walked into his office the other day, Professor Riker greeted us quite cordially, considering that we were fifteen minutes late for the interview. After introductions were over, we seated ourselves and started a veritable barrage of questions. Place of Birth? Education? Interests? Hobbies?

"One at a time," he said, as he seated himself at the desk, lit a cigarette and began to answer our questions.

"I was born in Newark, N. J., later moving to Bloomfield where I attended Bloomfield High School. All through High School my main desire was to become an engineer, but upon entrance to the University of Newark two major fields appealed to me, Biology and Psychology. I guess it was the pioneering impulse in me that led me to Psychology."

During his four years at the University of Newark, Professor Riker was active in many clubs and organizations. Among them, the Dramatic Club and the Psychology Club of which he was president.

Immediately after leaving Newark University, he became connected with the Welfare Board of Essex County doing social service work.

Professor Riker received his A.M. and his Ph.D. from Princeton University where he was a member of the Sigma

Xi, an honorary scientific fraternity. He also holds membership in the American Psychological Association, The Society for Psychological Study of Social Issues and the Eastern Psychological Association.

In the Spring of 1943 having just received his Ph.D., he was inducted into the army and sent to California where he served as personnel consultant interviewing men going overseas for the purpose of seeking out psychological deviations in men slated for overseas duty. AWOL cases, emotionally maladjusted men, and men with psychological disorders would never have received medical or psychiatric aid had it not been for this type of work.

After a year of work such as this, Staff Sergeant Riker was sent to Fort

(Continued on page 5)

Eight Dorms Are Open This Summer

This summer eight of the dormitories and fraternity houses are open for residence for women during the summer session and the summer quarter. Allen House with 28 students is under the direction of Mrs. Wait Johnson and is housing the majority of the summer quarter students. Delta Psi, under the direction of Miss Gutchell, is housing primarily the undergraduate summer session students, numbering 19. The graduate summer session students are living in the following halls with the exception of a few undergraduates. Kappa Sigma is housing 17 and is under the direction of Mrs. Foster. Grassmount with 22 students is directed by Mrs. Towne. SAE, directed by Mrs. Stewart, is hous-

In the Interim

The post war planner is a zealous creature addicted to dreams and prophecy of the most alarming variety. The New World to him is an America peopled by a race of daredevils who drive flying automobiles, wear glass clothes and live in glass houses—but don't throw stones. For this post war man is a peace loving animal and is quite at ease with his fellowman by virtue of the most enterprising treaties.

Such dreams are useful at the present time when it is expedient to plan between the culmination of the war with Japan when the San Francisco Parley has ended with a charter which it is hoped will be universally accepted at the moment the uncertainty of peace settles over the world. The end of the war calls for resources to resolve the turmoil of peace in Europe.

U. V. M. has completed the first move towards stepping at a peace time pace. The campus is once more entirely civilian, sports are coming into their own and student organizations haven't succumbed under necessary wartime restrictions. The planners are thinking of football bigger and better Kake Walks etc. They are looking ahead, perhaps to a U. V. M. more dedicated to run as post war industry [illegible]

We prefer to look back at the war years not as the interim for those of us who never went to battle but as a special privilege. We now admire the earnestness of students who came here for an education and worked at it harder than they could have under slower peacetime conditions.

Many with no more obvious way of supporting the country at war, worked for the welfare of the college and for their own education of the facts and forces learned in their accelerated classes and exams. To the best of them trivialties of the nature found in sorority throat cutting and gossip columns never entered a short and packed college career.

With the promise of the long awaited return of pre-war U. V. M. must come the knowledge gained from this serious endeavour. Heaven help us if we revert to the rip-roaring era of Joe College and the raccoon coat.

Our advice to freshmen consists then of the well-worn motto 'Studeas et rebus honestis.' Good luck and good work!

As I See It . . .

By David Hackett

The United Nations of the world have drafted a Charter designed primarily to prevent the occurrence of another war. At present it is awaiting the approval of the fifty member nations. A quarter of a century ago the world awaited the approval of a similar document; the Senate of the United States chose not to grant that approval. Today there is little doubt that the Senate will ratify the charter and thus commit this nation to a definite role in international relations. Exactly what will that role be?

Big Five Supreme

Basically the new charter is a Big Power Alliance. It does not set up an organization designed to function on a democratic basis. The possession of armed power will weigh more heavily than a scholarly argument. Through the veto power—exercisable over pacific measures, as well as those involving force, to settle disputes and over future amendments—the Big Five retain virtually complete control over the organization. Further, it must be remembered that no nation has surrendered any portion of its sovereignty; final authority rests in the separate parliaments throughout the world.

True, the charter is very far from perfect. But the time for debate and comment on what the charter should or should not have contained has now passed (excepting, of course, the needed agitation for later amendment). An initial step has been made. And as Mr. Truman remarked to the Senate, it is this or nothing at all. The people of this country have recognized that fact and it is their overwhelming support of some sort of international organization that will be reflected in the Senate's approval. Since approval is certain, there is little need to rave here on the dangers of repeating the action of an earlier Senate. Rather, we must consider what our future actions should be within the framework of the "new order."

Unselfish Use of Power

It is clear from the above that the responsibility for the peace of the world rests in a disproportionate amount on the Big Powers, and more exactly on the Big Three. It is this fact that makes our future actions so profoundly important. It will not be enough, having passed the measure and appointed delegates to conferences, to sink into a completely selfish and political approach to the rest of the world. There is not as much danger that we will return to "isolationism" as that we will exploit our new position of international importance. If this nation acts firmly and justly, the great responsibility granted by the charter will not have been misplaced. We are not just another one of the fifty nations, and the importance of our position should multiply our concern in international relations. It is through such an active interest in world affairs and a firm insistence on true justice that the faults of the charter can be negated.

In several aspects, real progress was made in the development of the Charter. One of these was its statement of purpose and principle. Though words themselves are impotent, they can inspire some of man's best actions. The goal to be strived for has been described, though the means of its implementation leave much to be desired.

Cooperation Keynote

The causes of war lie deep in the economic and social conditions of the world. Consequently any provision which helps to deal with these underlying causes is a step towards peace. In this light, the establishment of the Economic and Social Council, pledged to "the creation of conditions of stability and well being," is indeed welcome. This group, dealing with curative rather than palliative measures, might well become the keystone of international security.

There is still hope that the world will resort to mutual peaceful efforts and cooperation for the settlement of its ills. The successful bridging of numerous crises during the course of the San Francisco Conference was itself evidence of this possibility.

What Can You Buy Half So Precious As Freedom?

Dr. William Brown Appointed Dean of College of Medicine

TEACHERS DISCUSS RURAL EDUCATION

Part of the summer session work at the University of Vermont is a workshop for teachers in rural education. The workshop is under the direction of two helping teachers from the State Department of Education, Mrs. Jennie Smith Donaldson and Miss Doris McLam, with the assistance of other members of the department who will be invited to participate.

Topics such as the use of visual aids, social studies, school organization, reading problems, enrichment of the curriculum and utilization of community resources, will receive special emphasis. Teachers will be given the opportunity to present their individual problems to the workshop for evaluation.

Among the exhibits planned as features of the workshop, are book displays from the educational research departments of various book houses; filing system exhibits; visual aid displays illustrated by means of a projector and films; and Pan American and Red Cross exhibits from various countries.

Nutrition Week of the workshop will give special attention to hot lunch problems. The nutrition program will follow closely the bulletin which appeared recently giving the findings of the spring workshop.

Small group discussions under expert supervision and opportunity for individual conferences will be presented. Representatives of the educational research departments of a number of book houses will be available for consultation.

The appointment of Dr. Brown as Dean of the C[illegible] at the University of V[illegible] cently announced by Pr[illegible] Mills. Doctor Brown [illegible] tessor of preventive med[illegible] versity of Cincinnati C[illegible] cine. He succeeds Dr[illegible] Beecher, whose resignat[illegible] by the board of trustees. Doctor Brown takes ov[illegible] on September 1, 1945.

The new Dean, who [illegible] received his bachelor [illegible] fayette College. He did [illegible] at Columbia University [illegible] fessional degree in Publ[illegible] Harvard University and M[illegible] stitute of Technology and [illegible] Harvard Medical School [illegible] he was instructor and [illegible] Harvard-M. I. T. school [illegible] and from 1919-21, resident [illegible] Peter Bent Brigham H[illegible]. From that time until 1924 [illegible] the University of Cincinnati [illegible] geen-in-chief of Franklin H[illegible] Jersey.

From 1943-45, Doctor B[illegible] commission as Lieutenant C[illegible] Army Medical Corps, serving in the East and, more recently, as head Hospitals in Greece. His [illegible] service. At Vermont in addition deanship, he will be professor of Health and Preventive Medicine.

With his wife and two children, Brown has been for many years a resident of Vermont. For the last [illegible] he has had a summer home at [illegible] Lake, near Greensboro.

Be a Regular Fellow—10% E[illegible] Payday in War Bonds

Those Freshmen Are Here Agai[illegible]

"There's nothing new under the sun" but at the University of Vermont . . . This summer the University campus boasts a truly cosmopolitan personnel. They appear usually in lines—a line for registration, the inimitable "Caf" line, or, in the case of the new freshman boys, just plain lines.

"A line is the shortest distance between two points" we learn in geometry, but when a tired CYNIC reporter is waiting at the end to interview an interesting newcomer, it seems endless. In the food line, after this reporter had grabbed a cheese salad and a glass of iced tea, she caught sight of one freshman girl, Isabelle Amor from the capital city, scooping up ice-cream said, "I love it here and hope I can stay." Later, in the Allen House shower line, I heard her singing way up ahead and wondered . . .

No matter how busy people are, they can usually find time to eat. In fact, that's a sure bet when you're looking for summer session students. Most of them are duly impressed over scenery and a bedroom window view of mountains and the lake. Pearl Bross of Jersey City, who is the Registrar at Henry Snyder High School says, "This is my first stay at Vermont. You certainly have the most beautiful campus I've seen." Charlotte Pitts from Concord, N. H., who is a music instructor says, "The people have been simply wonderful. I think the scenery is gorgeous and the buildings magnificent. The professors give one the feeling that they are well-trained without making us feel like morons. They are understanding and give the encouragement particularly necessary to us older (Chronologically, of course) teachers who are trying to make the grade." And then there's Eleanor Risler from Maryland who says simply, "It's wonderful." And, I found Lillian Johnson of Arlington, Vt., still looking for a drinking fountain in Waterman. It seems some teacher defied her to find one and she took the challenge to heart.

From the Overbrook School for the Blind comes Phyllis Conner who lives in the suburbs of Philadelphia and can write Braille but "not too fast" she says. She has never been to the north-east before and labels it as the most friendly place she's been in.

A cadet on the campus! Yes, but not the kind you may think. This is Lois Worthley from East Corinth who has been a cadet teacher at East Thetford. Formerly from Castleton, she's working now for her degree. Caught on an off [illegible] of the first day here, she remarked [illegible] one seems to know anymore about [illegible] they're doing than the children I've been teaching."

And then, too, we have visitors [illegible] neighboring campuses. In fact, U. [illegible] was almost too much for two [illegible] from Smith. In the first place [illegible] couldn't find the University and the [illegible] nearly starved before they finally [illegible] the "Caf." One of them, Sally M[illegible] came to see if she can write, and [illegible] McLain, who knows she can write [illegible] along to offer guidance.

Harvard is represented here by [illegible] students, one of whom is Manny [illegible] a graduate student of Latin A[illegible] History. He is here to absorb [illegible] from Professor Ladd, and is enth[illegible] over the "cleanliness of U. V. M. [illegible] gressive spirit."

It seems there's something [illegible] wrong with the freshman boys [illegible] after several days, they've [illegible] few opinions. Jeff Griffin, [illegible] of Boys' State, is now gover[illegible] of lock-jaw. "I'm not very [illegible] was his only remark. Then [illegible] Metraux who comes from [illegible] D. C., to revolutionize medi[illegible] vote his life to humanity. [illegible] be any connection between [illegible] his hobby which is wrestling [illegible] the personal interest shown [illegible] ers.

Bennington sends to us [illegible] "greenies:" Russell Carpenter [illegible] "There was a time about [illegible] when I collected stamps [illegible] women" Wishes to [illegible] riding to his fellow [illegible] how freshman men are [illegible] in women. Charles [illegible] college life is much better [illegible] pected and says, "They [illegible] more women in the [illegible] from North of his two [illegible] tonians admits he's a [illegible] eral Arts student among [illegible] Pre-Med or Business [illegible] class. The "Caf" has [illegible]

From Marshfield and [illegible] deep blue sea Gordon Ha[illegible] college after careers in [illegible] Merchant Marines. The [illegible] pretty good to him after [illegible] and he is very enthusiast[illegible] scenery.

So much for the wh[illegible] met, but you'll find lots m[illegible]

American Artists Exhibit Typical Works at Fleming

Kantor's "Silver Day" Deserves High Praise For Color Sensitivity

most recent exhibition in the Museum was that of American by some of the best contem- American artists. It was spon- the Fleming Museum Art As- and the exhibition was made through the cooperation of a num- New York galleries and Middle- lege. These pictures were on during the Middlebury Col- val of Arts in May. The ex- not always include the best artist has painted; however, very typical of their work.

old Marsh is one of the best of the group represented and his very familiar to most Americans. Birchfield, also a well-known ar- represented by a water color one of his less important works. Kantor had, according to Mr. artist-in-residence at U. V. M., the loveliest pictures on exhibition, Day." Mr. Kantor's highly de- sensitivity to color is well dem in this painting

the younger artists, Phil Para- Joseph De Martini, Louis Besa, ers were well represented. Also ermont artists, Arthur Healey and Colburn, exhibited paintings.

next collection planned by the ssociation is a one-man show of the ork of Hilda Belcher. She is one of the est known American women painters. Belcher has a summer place in Vt. Her pictures will be hung the middle of this week. She will e represented by both oils and water-

Ariel Beauty Queen

U.V.M. Co-ed Enters Miss America Contest

Mary Staikos, tall, blond beauty of last year's Kake Walk, will represent Vermont in the annual Miss America contest at Atlantic City in September. Mary was chosen last year to reign as Queen of the campus during the February festivities and is the logical U. V. M. choice as entrant in the nation's foremost beauty contest.

Mary is a junior transfer, a Tri-Delt, and *Ariel* beauty queen. Her stay in Atlantic City is sponsored and financed by the Miss America Committee.

Summer Dorms Open

(Concluded from page 1)

ing 11 students. Sanders House is housing 15 graduate nurses and is under the direction of Mrs. Pauline Yosinski who is a graduate nurse and a part time instructor here. There are both undergraduate summer session and summer quarter students in Roberts House and Alpha Chi Omega. Mrs. Richmond is directing Roberts House and Mrs. Frances Alpha Chi Omega, with 12 students in each

Social Workers Have Convention at U. V. M.

During the course of the summer there will be a number of special conferences here at U. V. M. Those participating in the various meetings will stay at Sigma Phi, Sigma Nu, and Alpha Tau Omega fraternity houses in the guest rooms in the Waterman Building.

From Tuesday, July 10, until Saturday the fourteenth, there will be a conference sponsored by the Vermont Conference of Social Work. The three courses offered during this period will include "Social Case Work," "Probation and Parole," and "Public Assistance." Miss Josephine Strode will conduct the course in Social Case Work. She is a graduate of the Northwestern School of social work, the director of settlement houses in New York and Chicago, and has done rural welfare work with the Near East Foundation. She is supervisor of social work in Kansas and Florida and a member of the faculty in the school of social work in Chicago.

Since 1939 she has been teaching in the Rural Sociology Department at Cornell.

Mrs. Charles H. Miller is directing the conference on Probation and Parole.

The conference in Public Assistance will be led by Miss Mildred Gordon who has her M. A. for Social Work from Western Reserve and is a graduate of Bryn Mawr. She is assistant director of the Home Relief Bureau in New York. She is also administrator of Public Relief at Rhode Island and is with the Social Security Administration in Washington, D. C.

Next week there will be conference of the Vermont Parent-Teachers' Association and on the seventeenth and eighteenth of July the Vermont Writers' Conference will meet.

Coke-Tail Cabaret Caters To Collegiate Clientele

Master of Ceremonies

"Uncle Sam Needs You"

Professor Carpenter, master of ceremonies and Simon Legree of Saturday's proceedings has an eye on you for next week's dance. So far the combination of M. C. and recreational committee hasn't scared away escorts from all the surrounding schools. Only U. V. M. was noticeably absent, although not in great number. This week taking profit from last week's example of the girl shortage we urge U. V. M. co-eds to convene at the soda fountain for the Bridge Bounce.

And don't forget your cards.

Cokes, a cabaret style dance floor set [illegible] and a stage flag just were the highlights of the Coke-Tail Cabaret dance given by the Social Committee Saturday night, July 7. Music for the evening was supplied by Harry James, Glenn Miller, Bing Crosby and other favorites courtesy of a victrola player. The stag line (and it was well-stacked, girls!) was courtesy of Plattsburgh Barracks, Norwich University, Dartmouth College and St. Michael's College. Middlebury V-12ers were delayed by a slight case of restriction of liberty, but promise to be at the next dance.

The "Coke-tail Cabaret's" sensational floor show consisted of Marion Parker, torch singer, who sang "The More I See You" and "Journey to a Star," accompanied at the piano by Marion Briggs. Marion also played a solo, "Chloe," a la Spike Jones. "Dreams" and "There, I Said It Again" were rendered by Marvin Aaron, the sentimental saxophonist. Professor Carpenter acted as Master of Ceremonies, chief announcer and manager of the Lost and Found Department.

Publicity for the dance was handled by Marilyn "Lindy" Lauter, Ann Bayley, Lee Feinberg, and Mildred Trachtenberg. Mary Lou Pierce was in charge of tickets and refreshments were managed by Barbara Suetzinger and Betty Ann Scott. Entertainment was in charge of Irene Fahey and Spike Thornton. Record changers for the dance were Barbara Anderson and Marge Alexander.

Yah Ta Ta . . .

By **Marge Alexander and Mary Greene**

The biggest noise on campus is the echo of the wedding march, which has been played in odd spots up and down the land for the past month. Starting "way down East" at Cape Cottage, Maine, Janet Stimpson '45 married Edward Hill, ex-U. S. Army lieutenant, with Barbara Anderson '46 as maid-of-honor. At Berlin, N. H., "Ginny" St. Germain married Army medic Louis Rozek, with several Alpha Xi's in attendance. In Bridgeport, Conn., new grads Mario Rolleri and Yale Navy Medic "Tiger" Ziegra were married. The bride will be teaching next year at the Gateway School in New Haven.

Here in Burlington, 'Gert" Austin and Army Medic George Bray traveled the middle aisle, with a reception afterward at the Theta house. Ronnie Neal, also of the Med. College, married Ann Pearsons '47 at her home in Ludlow. Ann plans to return to school in the fall.

"Bish" McGill, Army Med. student, and Betty Farnsworth '45 exchanged vows in Morristown N. J. Betty is to be a receptionist at the Mary Fletcher Hospital. Other recent brides were Florence Lavreau '47, Mary Ann "Michigan" Johnson '48 and Betty Johnson '45.

Leaving the bridal path, we learn that Peggy Miller '46, Helen Korpi '46, and Mary Kudisey '45 have "gone aboard" with the Waves at Hunter College.

Skipping on to the employment agency, Dock Frazer, Maud-Ann Wiggins, Betty Dutton and Lois Stevens, all '47, are holed up at Basin Harbor. Betty Kipp '47, Margy Watts '46, and Peggy Waterman '48 went "down country" to Atlantic City to be waitresses.

Among others whose summer occupations we note are: Esther Ballard '45 in Dean Carrigan's office, Janet Pickenscher '47 designing cartons in the world's largest box factory in Buffalo, and Ruth Schoppe loafing in Canaan, Vt., where there is nothing else to do.

165 Students Make Dean's List

Following is a list of students in the College of Arts and Sciences, including those members of the Class of 1944 who will not graduate but as accelerated students have another semester's work to complete but not including any who were awarded degrees in June, who have attained an average of B (85%) or better in the first half, second half, and year 1944-45.

The Deans of the three academic colleges have agreed to make out their lists by averaging the numerical grades reported to the Registrar and making four groups. The first group (Summa Cum Laude) includes all with an average of 95% or better; the second group (Magna Cum Laude), those with an average of 92.5% or better but not 95%; the third group (Cum Laude), those with an average of 89% or better but not 92.5%; the fourth group (B Average), those with an average of 85% or better but not 89%.

COMMITTEE PLANS SUMMER RECREATION

(Concluded from page 1)

Thursday afternoons from four to five. Sign up in Room 116, Waterman.

Swimming

Swimming parties have been planned on Friday afternoons (at North Beach.) Bus information can be obtained in Room 116, Waterman. Swimming lessons will be given at the "Y" at 4 to 5 and all those interested should sign up with Miss Fuller.

Bowling

The bowling alleys in the Waterman Building will be open from 3 to 10:30 every night. Bowling teams are being organized for a tournament and all women that are interested should hand their name with their approximate averages, in to Room 116. Watch the Bulletin Board for further announcement.

Softball

Women's and men's softball teams are being organized. Sign up now if you wish to join one. Practice for the night game will be held from 4 to 5 on Wednesday afternoon behind the Men's Gym.

Games

Badminton, volleyball, deck tennis, shuffleboard, and ping pong games were held in the Men's Gym on Monday afternoon and Tuesday night at Game Night. Students that are interested in future affairs of this kind should inform the Social Committee. Game Nights will be planned and the dates announced.

Business meeting of Nursing Education Club. Wednesday, July 11, at 7.00 p.m. Please bring dues.

E. Olsen, *Pres.*

Godfrey, Miller Appointed to U.V.M. Cafeteria

Two new appointments to the administrative staff and faculty of the University of Vermont have been announced by Pres. John S. Millis.

Miss Ruth E. Godfrey, of Lakewood, N. J. has been appointed associate professor of Home Economics and director of the food service. She takes the place of Miss Helen F. Underwood, who has resigned. Professor Godfrey took her B.S. and M.S. degrees at Ohio State University in Columbus, and in addition she has studied at Columbia University. She has taught Home Economics in various High Schools in Pennsylvania and was graduate assistant in the College Cafeteria at Ohio State. For some time she has operated her own tea room in Waterford, Pa., and later was instructor in Home Economics at Michigan State College in East Lansing. Recently she has been food supervisor for the Colonade Company in Lakewood, Ohio.

Miss Grace A. Miller, also of Lakewood, has been appointed to the post of director of the Waterman Cafeteria. She is taking the place of Miss Florence Lee, resigned. Miss Miller received her B.S. degree at Simmons College, Boston, Mass. For three years she was dietitian and director of food service at the Y. M. C. A. in Portland, Me. Since that time she too has been with the Colonade Company in Lakewood.

U.V.M. Workshop Trains Counselors For Guidance Work

With the opening of the Summer session at U. V. M. on July 2 a workshop course for the training of vocational counselors was announced. The War Manpower Commission has recommended this sort of training in schools to help returning veterans and wartime workers to adjust to peace time conditions.

The workshop will be in charge of Dean H. Dean Pearl of the University Education Department. Dr. John C. Fitzpatrick, Director of Guidance of the State Department of Education, Mr. Harry J. Patterson, Assistant State Supervisor of Trade and Industrial Education and others.

Dr. R. Floyd Cromwell of Baltimore, Md. supervisor of educational and vocational guidance for the state of Maryland will address a guidance institute to be held on August 6. Doctor Cromwell was president of the Association of State Supervisors of Occupational information and Guidance and was director of educational and vocational guidance in Harvard University's summer session for a number of years.

The workshop will present a display of visual aids on July 30-31. Art Arms, library and a guidance or vocational film will show the government films and displays and representatives from each will be present.

Included in the workshop are such courses as personality adjustments, measurements in guidance, techniques of counseling, conducted by Dr. Pearl. Educational training opportunities, by Dean Anders and group personal administration conducted by Mr. Patterson, counseling interviews, Professor Pearl and Mrs. Frederick Austin, chief of the psychological branch of the First Service Command.

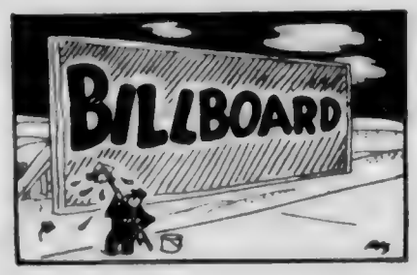
R.O.T.C. Training To Begin July 11

Twenty-nine students Are Enrolled In Course



The R. O. T. C. enrollment as of July 6 was approximately 26 Freshmen and 3 students recontrolled for a total of 29 members on the unit. R. O. T. C. training will be conducted along the same lines as in the past except that the military period of training will be held in one period of 3 hours each Wednesday afternoon from 2 o'clock until 5 o'clock.

This will afford ample time for theoretical and practical work, and orientation to training films and will prove more practical in administering the training needs of the Unit. It is contemplated that considerable outdoor training will be given during the Summer Session and that the students will be better prepared for indoor classroom work in military subjects by the time cold weather arrives.

Among the subjects to be covered during the summer session will be "Scouting and Patrolling," "Concealment and Camouflage," and "Direction in the Field."

The Unit will be trained under the supervision of Capt. Frank S. Ryan, and Asst. Sgt. Charles F. Parker. Tech. Sgt. Frank Lawler will also assist in training in addition to administering to the needs of the unit.

The first class in military will be held on Wednesday, July 11, at 2 o'clock.

The Bowling Tournament started Tuesday but there is still time for session and quarter students to sign up. Dick Audette is in charge for the men and Miss Euler will direct the women.

From the Registrar's Office:

Summer Quarter Enrollment

Medical Corner As Seen By Rocco Feroni

...wing its celebration of the fourth ... U. V. M. observes another ... the return to the hill of its ... medics. These genial gentlemen ... one back fresh and full of fight – ...eeks, however, will probably pin ...er the first fall before the week is ... For some twenty of the new ...mores it is a chance to count noses ... if all recovered in the short ... allowed for recuperation from ...-exam celebrations at "La Maison ... and other equally notable places.

We welcome to our tradition-steeped halls a new freshman class. May it have as successful a stay as possible!

...past week—July 5 and 6 at eight ... and July 7 at ten a.m. in the Flem... Museum—the Osler Society presented ...rst of an annual series of Osler ...rs entitled "Anesthesia: Some Con...ations" by Wesley Bourne of Mc... University.

On the softball scene we at last witness the rise to power of the new Sophomore class. For with their entrance into the Junior year, it is assumed that last year's sophomores will have sunk into decadency. No longer will they be the proud rulers of the diamond, who went undefeated throughout last summer's campaigns despite the fiercest competition from the strong "undergrads" and from their fellow medics.

...t the sophs, coach Leo Giardi's ...ces looked good this spring in crush... the Juniors in a pre-season practice ... Mentor Leo has a large squad ...plenty of talent to pick from includ... such heavy hitters as big Mike Paul... "Cap'n Andy" Bundy and Bill Fagan. ...cerning the freshmen, little can be ... save that they should be able to ...eraze a team capable of putting up a ...table battle against the highly ...ed sophs.

PROFESSOR DEAN INSTRUCTS WRITERS

A workshop for writers is being held by the University of Vermont summer session which opened July 2. The workshop is under the direction of Leon W. Dean, whose most recent novel, "I Become a Ranger," was published by Farrar and Rinehart this spring. Professor Dean, a member of the University's English faculty, is the author of many historical novels and biographies, as well as shorter fiction and articles.

The workshop course is planned to help students interested in fiction or factual writing for commercial purposes and also for those wishing to improve their written expression in general.

The course will slant towards individualism, and the students may, under supervision, do whatever form of writing they prefer. Novels, short stories, articles, news or feature writing will be included in the course. If desired by the students, their manuscripts may be submitted to the class for evaluation and criticism.

The Osler Society elected its new slate of officers for the year at a meeting held last Saturday morning. Tommy Keighley was named President, Jim Moriarty, vice president, and Mike Paulsen, secretary-treasurer.

The calendar of activities, which promises to be filled with events during the coming months, holds in store, among other things, the postponed sohomore banquet which is being given in honor of our professor who so patiently guided us through the freshman year; and a soon-to-be announced Osler event.

Miss Euler Plans Exciting Summer Of Sports Activities

Program to Include A "Big Week-end" of Hayride, Picnic Roast

This year's Summer Sports Program promises to be one of the most exciting at U. V. M. Plans for all summer sports have been prepared not only in accordance with facilities available but also by a popular vote taken at the time of registration. This co-sport program is designed for all students, beginners, intermediates, and experts in all sports.

At the first mass meeting Miss Euler, head of the athletic campaign, discussed many of the future sport plans. Among these plans, which are now in course of preparation, are tennis tournaments, competitive baseball games, Lake Champlain beach parties, hikes to Vermont's scenic spots and many Saturday night dances. A party never before equalled in fun and excitement has been proposed which will include an early morning hay ride followed by a Lake Champlain swimming party. A late afternoon southern fried chicken dinner will be served, and the day's activities will conclude with a lake shore bonfire.

Any further suggestions will be gladly received by Miss Euler or the recreation council.

Music Interests Psychology Prof

(Concluded from page 1)

Dix where he helped organize the Separation Counciling School and where he later taught the psychological aspect of separating veterans from service. Shortly thereafter, following an illness he received his medical discharge from the army in the spring of 1945, and upon arrival home, took up the duties of professor at Newark University where, after having taught for one quarter, he left to come to Vermont.

"Vermont? Why I like it very much" he replied to our queries about U. V. M. "I like the people, the campus, especially Flemming Museum, and Waterman's green blackboards."

His favorite sports include golf, swimming, and tennis, and he also added "that he considered 'himself' still young enough to enjoy social pursuits such as dancing etc." (May we add that the professor was twenty-eight on July 8.) As far as music goes, we find he is a second Larry Adler. His taste in music leans towards the modern school, but we weren't sure whether it was called jazz or jive. His favorite band is Harry James, although we must admit he did confess a fondness for music by Shostokovitch and Roger Sessions. He also confessed his pet peeve in music are sopranos who are never quite able to reach the high notes.

In the way of books, he is attracted by authors on contemporary social problems and books on music and drama and added "I hate to admit it, but I do read detective stories."

Still a bit green about the subject, we ventured a question on the school of psychology he favored, mentioning one or two of the few psychologists we'd heard of. "Mine's an eclectic viewpoint," he said and as we mentally flipped the pages of our Funk and Wagnall, he went on to elucidate. "By that, I mean that I don't adhere to any particular school, but favor parts from all schools."

Professor Riker intends to remain in the teaching profession and is at present engaged in preparing research material in the field of music appreciation. "It is to be a study of the understanding of pitch and pitch determination."

At about this point, the rumor came through that the soda fountain had just received cigarettes and the three of us adjourned our interview and raced to join the cigarette line.

Sports Stuff . . .

By Dale Conley

As the summer quarter opens here at U. V. M. this corner has a few interesting highlights of sporting events to pass on to its readers.

The first subject for our chatter is bowling. Hear that the veterans under the guidance of Herman Babbie and Richard Audette had a team ready to go on the opening day. Look for some lively competition from this team both for the summer quarter and other quarters to come. At this time, though my prophecy might be a bit premature, it looks as if the other teams would be picked at random, as I do not believe the fraternities have enough men for their teams at the present to provide any serious competition.

Also hear that the girls are organizing a new bowling league under the guidance of Miss Euler. No definite dates for matches have been announced as yet, but anyone interested should get in touch with the director.

Softball should also be revived here at the University this summer. Let us hear from you if you're interested in starting the ball rolling. The veterans here in college and others are calling for a return of all sports. Football in particular is being sung long and loud. What's the word, students?

Can't help remembering the good work done by Larry Gardner to put baseball back on the active list this past spring. No victories for the Green and Gold to be sure, but there was a moral victory attained to see the men playing after an absence of three years. My pet peeve . . . that the teams organized and playing for the Green and Gold have lacked the support of the student body . . . We seem to have time for everything else but the support of our teams. Improvement is expected.

Bennetts Present Four-Hand Recital

On Friday evening, July 6, at Ira Allen Chapel Elsa Kremers Bennett and Howard Gordon Bennett presented a recital of piano music for four hands. The program included:

Sonata in C Major ..... *Mozart*
- Allegro
- Andante
- Allegretto

Sonata (1938) ..... *Hindemith*
- Maessig bewegt
- Lebhaft

In the Tyrol, from "Moon Pictures" ..... *Van Denzell*

Slavic Dances, Op. 46 ..... *Dvorak*
- Presto
- Poco Allegro
- Allegro assai

Following the concert a reception was held in the third floor faculty lounge. The main purpose of the reception, which included summer session faculty and students, was to help these new students to become acquainted.

Writers Institute Hears Van De Water and King Lecture

Topics And Methods Of Writing Are Discussed By Those Interested

In the Wilbur Library of the Fleming Museum on July 17 at 2 p.m., those who are interested in writing and those well advanced in the writing field came to hear Frederick Van de Water, well-known novelist and short story writer, and Rufus King, author of many detective stories. They spoke at a meeting of The League of Vermont Writers Institute.

Prof. Leon W. Dean was master-of-ceremonies. The first speaker, President Millis, calling himself a 'blank fly leaf," welcomed the authors and guests. Professor Dean introduced Mr. Van de Water. Van de Water has lived in Vermont for the past twelve years and is very interested in Vermonters as characters for his novels. He recommends them as material for stories. Calling his business a "peculiar racket," he considers himself a carpenter, who, using words as tools, builds a novel.

Vermont a Handicap

Van de Water feels that if everyone had his own way of writing and knew his editor, he would be more likely to get his work printed. He said that living in Vermont is a handicap because you are shut off from Boston and New York, the centers of writing, where these editors are; thus it is better to have an agent. He also thinks that New England has great possibilities for writing. He considers that he is lazy fundamentally and in order to get work done he must push himself. So he gets up early in the morning and works until noon. He has had much experience in newspaper editing, magazine writing, and critical work. Mr. Van de Water spoke against people who advertise quick writer training projects and stressed careful choice of agents. He suggested joining the writers guild of New York.

Detective Novelist

The second speaker was Mr. Rufus King, writer of detective stories. He discussed fashions in murders, for instance, he said that the thrillers of today do not start with a corpse and a detective asking "Who done it?" This happens two-thirds of the way through the book.

Mrs. Loudon wanted to know how he concocted his crimes. To this Mr. King very quickly replied, "You have to hate someone." "You also have to bring in that old horror love." He said that a woman in distress either from love or some other triviality was a must. King claims he has a formula and when he writes a new story he just changes the names and location. He gets his ideas from medical journals, events that happen to him and from newspaper crime reports. He then told of the perfect plot. Take a syringe of water that fishes have lived in for two weeks and inject it into

(Continued on page 3)

NEW CONTRIBUTION SWELLS AGGIE FUND

An additional contribution for the College of Agriculture of the University of Vermont has been received from George [illegible] of Bennington.

[illegible] brings to $3,000 the "George [illegible] Ellis Fund for the College of [illegible]culture" in addition to paying for [illegible]ting and distribution of the pamphlet entitled "The College of Agricultural Functions, Facilities and Needs." The fund was set up by Mr. Ellis for the purpose of benefiting the agricultural [illegible] and the agricultural interests of the state.

Midd. College String Quartet Under Direction of Alan Carter To Give Concert Monday Night

Baker, Deblasiis and Finckel Are Among Players; All Summer Session Members, Faculty and University Friends Invited

Of especial interest to U. V. M. and Burlington is the program planned for this Monday evening, consisting of the Middlebury String Quartet. The quartet is composed of Captain Alan Carter, viola, a member of the music faculty at Middlebury College, director; Israel Baker, formerly concertmaster of the All-American Orchestra under Stokowski and of the NBC Symphony under Toscanini, first violin; Virginia deBlasiis, second violin, formerly concertmaster of the Julliard Summer Symphony and at present concertmaster of the Vermont State Symphony Orchestra; and George Finckel, cello, formerly of the faculty of the Eastman School of Music and assistant first cellist of the Rochester Philharmonic under Iturbi and now of Bennington College. All members of the Summer Session, the faculty, and friends are invited to attend as guests of the University.

Alan Carter

The newly organized Middlebury College string quartet under the direction of Mr. Carter will present a concert to the student body, faculty and friends of the University of Vermont on Monday evening, July 23, at 8.15 p.m. in the Chapel.

Israel Baker, the first violinist, was formerly concertmaster of the All American orchestra under Leopold Stokowski. He was a member of the NBC Symphony under Toscannini, a member of the Blue Net Work Symphony in New York, and is to be concertmaster this coming season on the Indianapolis Symphony under Savitsky. He has also played throughout the midwest with his own string quartet and has given a series of chamber music concerts with his organization at the University of Chicago. A member of the army for two years, he was recently discharged.

Virginia deBlasiis was formerly concertmaster of the Juilliard Summer Symphony and the Saratoga Symphony Orchestras. At present she is concertmaster of the Vermont State Symphony Orchestra. She has played at many chamber music recitals in New York and in the Albany, Saratoga, and Glens Falls area.

Alan Carter is the organizer and musical director of the Vermont State Symphony Orchestra. He is a member of the musical faculty of Middlebury College, organizer and musical director of the Green Mountain Festival of the Arts, founder of the Cremona String Quartet and its viola player. He served two years as music officer, a captain's rating with the United States Army. He has been a

(Continued on page 3)

DYKHUIZEN SPEAKS AT NEXT ASSEMBLY

Prof. George Dykhuizen, head of the philosophy department, will address the summer session assemby next Monday, July 23, in Ira Allen Chapel. The subject of his talk will be "Some Famous Philosophies of Nationalism and Internationalism." This is just one of the many assemblies sponsored by Prof. Bennett Douglass, head of the education department.

Professor Dykhuizen, recently appointed head of the philosophy department by Pres. John S. Millis for the academic year 1945-46, is one of U. V. M.'s most popular speakers. A professor at the University of Vermont for nineteen years, he teaches logic, ethics, introduction to philosophy, history of philosophy and background for modern intelligent thought.

Nuquist Discusses Far East Problem

"The Far East" was the topic of Prof. Andrew E. Nuquist's talk at the general assembly held in the Chapel, Monday noon, July 9.

Professor Nuquist, of the political science department, has lived for some time in China and is well qualified to speak on topics relating to the Far East. China and Japan constituted the main elements in his discussion.

He especially emphasized the need for toleration and sympathy, so needed if we are to win the war and, even more, the peace. Color should play no part in our discrimination against certain peoples, for as individuals they are the same as we are.

He condemned vigorously people whose only contribution to the war effort is to call the Japanese animals and worse. This is not the way to settle anything, is of no aid in winning the war, and if this attitude continues will be detrimental in post-war settling of problems concerning the regulation of Japan.

Summer Enrollment Exceeds Last Year

The enrollment this summer for both the summer quarter and the summer session has exceeded those of last year. The varied geographical distribution boasts three students from Canada, two from Chili, and three from China. The enrollment of the various colleges is as follows:

College of Arts and Sciences

	Men	Women	Total
Freshmen	25	9	34
Upperclassmen ...	28	72	100
College of Engineering			
Freshmen	3	..	3
Upperclassmen ...	6	1	7
Total enrollment for Summer Quarter .	62	82	144
Summer Session total (as of July 9)			419

Dean's Birthday Party

The dean's office in Waterman Building was the scene of a birthday party on July 18, honoring Miss Mary Jean Simpson, dean of women. This affair was in charge of Miss Everett, Miss Bristol and Miss Laravee, who served punch and cake. Guests were Miss Dittig, Miss Crabbe and all campus house directors.

Group Discusses Minority Problem

The vital issue of *America and the Great Minority Problem* was the subject of a Bull Session held Thursday night in the Student Lounge. Reverend Hall introduced the speaker of the evening, Mr. Eric Hercules. Following his analysis of the problem there were questions by both faculty and students. Mr. Hercules felt that one of the important factors affecting this subject is the lack of education of the minority groups. More programs of this type are tentatively planned for the summer schedule.

Visiting English Prof. Likes U. V. M.'s Educational Set-Up

Dr. Houtchens, our visiting professor in the English department, has given an interesting account of his life and activities. He was born and brought up in Bloomfield, Kentucky, which fact accounts for his barely perceptible southern accent. He received the bachelor's degree at the University of Michigan and his master's and doctorate at Cornell. Having taught previously at Bethany College and the University of New Hampshire, for the past eight years he has been at the University of Illinois in Urbana-Champaigne.

This blonde, blue-eyed professor thinks that U. V. M. is splendid, feeling that the students seem unusually well prepared and that the atmosphere is very friendly among students and faculty.

While Dr. Houtchens' indoor hobby is the piano, he is an ardent player of baseball. He gives a lively account of the faculty hiking club in Illinois, which devotes its time to baseball (even in snow a foot deep). For thirty-five years the club has never missed a Saturday afternoon, and many formal policies of the University are formed during the period of feasting and discussion which follows the game.

He is very much interested in the University's program of general education which is designed to give a general introduction to learning before the student enters upon specialized training. He helped to organize and administer a course in verbal expression, the object of which is to teach the student to speak his own language correctly and effectively, both in private conversation and on his feet before an audience. A second object of the course is to teach the student to write well enough to meet the requirements of the present-day world and also the requirements of his other college courses. Dr. Houtchens is very enthusiastic about this comparatively new program.

The visiting professor has, in collaboration with the wife, prepared an edition of

(Continued on page 4)

Professor Bennett Announces Concert

More Men Are Needed For Summer Chorus

Prof. Howard Bennett, chairman of the Music Department, has announced the plans for a joint concert of the Summer Chorus and Orchestra during the last week of the Summer Session. The program for the Summer Chorus will include Romantic, English, and modern American compositions.

All members of the faculty and the student body of the Summer Quarter and the Summer Session who sing or play instruments are invited to join the Summer Chorus and the Orchestra, respectively. Professor Bennett is particularly anxious that more men should join the Summer Chorus, especially tenors.

The String Quartet members have been rehearsing for their own enjoyment on Thursday nights following orchestra rehearsal. Nellie Hermann and Edwin Colodny play the violin, Professor Colburn the viola, and Maury Bronson the cello.

The Summer Chorus rehearses once a week on Wednesday nights in the Ira Allen Chapel from 7.30 to 9.00 p.m. Rehearsals for the Orchestra are held in the Music Building on Thursday nights, also from 7.30 to 9.00 p.m.

Millis Welcomes P. T. A. Convention Held at U. V. M.

Members Visit Classes; Varied Topics Discussed At Round Table Parlies

To do their part "for greater freedom and unity," approximately fifty delegates, officers, and district directors came to U. V. M. for the Parent-Teachers Institute on Thursday and Friday of this week. Their meetings were all open to students and the Thursday evening meeting to the public.

At ten on Thursday morning another registration occurred on campus as these delegates made known their identity. A half hour later they were welcomed by President Millis, Dr. Bennett C. Douglass and Mrs. L. W. Hughes, first vice president of the National Congress of Parents and Teachers. Mrs. E. S. Locke then outlined for the members the jam-packed schedule to follow. After these brief welcomes, the members made the rounds of several summer session courses to survey what teachers are learning in preparation for the next year's work. They visited Miss Holbrook's adolescent psychology class, political science, arts and crafts, where teachers catch up on ideas to keep children occupied, and a painting and drawing class. Besides these actual classes, visits were made to demonstration schools including Peter Pan Nursery School and Taft School.

Hudon Opens Session

The afternoon session was opened by Dr. John C. Hurden, Vermont's supervisor in charge of high schools, who is conducting workshops in secondary education here at the University this summer. His message stressed "Vitalizing the P. T. A. in Vermont High Schools." After this address followed a conference period with Mrs. Hughes in charge. She was assisted by Vice-Pres. Mrs. W. H. Durkee, chairman of the membership committee; Mrs. F. W. Johnson, ex-president and chairman of publications; Mrs. Wray Griffin, chairman of the magazine committee; and Mrs. R. Fifield, correspondence secretary and chairman of the study committee.

In the president's dining room at six

The Vermont Cynic

The Official Student Newspaper of the University of Vermont and State Agricultural College

VOL. 45 JULY 20, 1945 NO. 18

EXCHANGE STUDENTS

The value of education in a foreign land cannot be over-emphasized. Under new systems of study, surrounded by a motley group speaking a variety of idioms, a student becomes an international in his thinking and understanding. As far as language matters are concerned there is no substitute for living the language, hearing it spoken in life in lieu of the emanations from the dry old bones of philology. A school profits as much as the individual from a student body consisting of people with new viewpoints, and of objective criticism of our educational system.

Since the war U. V. M. has had no exchange students and has not sponsored the education of U. V. M. ers in foreign countries. A possibility for inaugurating an exchange system as soon as conditions permit has been presented by the University of Puerto Rico. Formerly U. V. M. transplanted itself to Europe but growing awareness of South America and Spanish speaking countries of the hemisphere can shift the interest. This column would like to see this project backed by student interest. Your information or support is welcomed by the Cynic.

The following is a survey of the University of Puerto Rico:

The University of Puerto Rico is a bilingual and coeducational institution established in 1903 by the Legislature of this island. The liberal arts now have three colleges at the University: humanities, natural sciences and social sciences. There are professional schools of law, education, home economics, commerce, pharmacy, agriculture and engineering. Total enrollment is 7,900.

A school of nursing is to be established next fall, with a school of medicine to follow in the near future. Graduate courses are offered in Spanish and Spanish-American literature. In addition it has a graduate School of Tropical Medicine in cooperation with Columbia University and an Institute of Tropical Meteorology in cooperation with the University of Chicago. The Chancellor is thirty-six-year-old Jaime Benitez, a graduate of Georgetown and Chicago.

Founded in 1883. Published weekly during the college year. Subscription $1.50 a year, single copy, five cents. Acceptance for mailing to points outside Burlington at special rate provided for in Section 404 P. L. and R. Act of March 3, 1879, authorized October 14, 1918. Publication Office, 187 College St., Burlington, Vt.

All editorials and business communications must be signed and addressed to the proper department head at the Vermont Cynic Office, Old Mill. Brief notices must be handed in at the office not later than 10 a.m. Monday. Office Telephone 5000—Extension 366.

As I See It . . .

Marion Parker

Almost the most significant postwar [illegible] conference early in the week at Potsdam, Germany. Not only will the Big Three Conference bring [illegible] the Pacific war, but it will [illegible] all questions about the pattern of the post-peace-time world. Coming closer to home, it may be the decisive factor in determining whether or not America is to take advantage of this second and perhaps last chance to become a leader of world cooperation and peace. In the last analysis, each of Kaiser Wilhelm, plans will be directed not only at German occupation and European rehabilitation, but at the organization of a world able to withstand threats of war. While the world has been watching expectantly for news of the arrival of the Big Three leaders in Germany, papers and commentators have been speculating over the possible conference agenda.

Peace Plans

For many people peace plans mean only the settlement of the German people and homeland. In this matter there appear to be two factions in conflict over the policy of occupation in Germany. One faction holds that the United States, a democracy, should see to it that Germans are democratically treated. This "Golden Rule policy" may be admirable, but it seems that most authorities feel a slightly more strenuous procedure is in order. Of course, any plan will include re-education and a reorganization, and restriction of certain political parties. The U. N. R. R. A. may be given more power in connection with the speeding up of European rehabilitation. Truman is reported to be ready to offer American cooperation in such work, in exchange for assurances of European intention to render more than lip service to international settlements based on cooperation.

Some Americans feel (and probably rightly so) that the process of trying major war criminals is being needlessly delayed. Perhaps Army authorities are in no hurry to start these proceedings, but it seems likely that the Big Three may survey the situation and set the wheels turning faster.

Russia's Attitude

However, President Truman's number one concern seems to be the early defeat of Japan. The world waits anxiously for some indication of what Russia's attitude will be when the discussion turns, as it inevitably must, to the Pacific war. On this matter it seems probable that the public will remain in the dark for some time. It is evident, though, that Stalin may very likely have other issues uppermost in his mind, such as the Anglo-American request for Stalin to re-open eastern Europe, a proposal for an economic "squeeze play" to oust the Franco government in Spain, or a request for participation in conferences concerning the fate of Tangiers. These important questions, directly concerning Russia, must be faced squarely. The United States must realize that Russia is the dominant power in Europe, and no peace is possible without her cooperation and agreement. Americans tend to be too free in criticism, too quick to make false judgments on the basis of Russia's form of government (which, by the way, does have its advantages). They are already criticizing Russia's ideas for Poland's future and the possibility of Stalin's request for more power in either of the big Canal Zones. The important thing about Russia today is not her form of government, but rather the quality and quantity of her cooperation.

Postwar World

President Truman has also expressed his hope to aid the Allies in settling boundary disputes involving more than thirty territorial changes. An attempt will undoubtedly be made to draft a map of postwar Europe, which will doubtless come out with a considerably altered face.

Further, what about Italy's place in the picture? Will she be admitted to the United Nations? And, what about the counter request for participation in discussion concerning the Dardenelles? (It seems that the Big Three have an unparalleled job to do.)

But of prime importance is the fact that the leading powers of the world are once again getting down to discuss the innumerable problems that confront the world. Results may not be 100 per cent satisfactory, but the habit of talking matters over amicably speaks well for the future.

Letters to the Editor

★

To the Editor of the Cynic:

Perhaps some students in the Summer Session would like to know why the University of Vermont is known as U. V. M. The answer is found on the old seal of the University, which is reproduced on the cover of the 1944-1945 catalogue. The seal bears the Latin words UNIVERSITAS V. MONTIS. The V. is short for the adjective VIRIDIS and the phrase, made up of three words, means UNIVERSITY OF THE GREEN MOUNTAINS. The present seal, reproduced on the title page of the same catalogue, bears the words SIGILLUM UNIVERSITATIS VIRIDIMONTANAE COLLEGIIQUE AGRICULTURAE, which mean, literally, SEAL OF THE GREEN-MOUNTAIN UNIVERSITY AND OF THE COLLEGE OF AGRICULTURE. Here VIRIDIMONTANA is a compound adjective meaning GREEN-MOUNTAIN. U. V. M., then, came from the old seal with three words; if it had come from the present seal, it would be U. V.

In an editorial in the July 11 issue of the Cynic, the Latin motto of the University, which occurs on both the old and the new seals, is mispelled and somewhat mistranslated. The motto, STUDIIS ET REBUS HONESTIS, is found in Book 1, Letter 2, line 36 of Horace's Epistles, a series of informal essays in verse written about 20 B.C. by the Roman poet Horace.

In this letter Horace is gently hinting that a man's salvation, educational or other, lies in his own hands. Here is our motto with a little of its setting: "Thieves get up early to do murder. Won't you do the same to save your soul? Anyhow, if you won't take exercise when you're well, you'll have to when you're sick; and if you won't call for a book and a lamp before daylight, if you won't put your mind on STUDIES AND PURSUITS THAT ARE HONORABLE, you'll have to lie awake and be tortured by envy and passion. Why do you hurry to remove things that are hurting your eyes, but put off healing your soul till next year?"

STUDIIS means [illegible]
REBUS means almost [illegible]
it to mean; HONESTIS, [illegible]
the phrase, means the [illegible]
by high office and also [illegible]
that make one fit to [illegible]
Our motto means some [illegible]
famous, which we all know [illegible]
always heed: "Finally, [illegible]
soever things are true, whatsoever [illegible]
are honest, whatsoever [illegible]
whatsoever things are pure [illegible]
things are lovely, whatsoever [illegible]
of good report; if there be [illegible]
if there be any praise, think on these
things."

LESTER M. PRINDLE, U. V. M. '46

To the Women Students of U. V. M.

At the beginning of the Summer Session U. V. M. students were asked to fill out blanks stating their preference in entertainments. The overwhelming results of the blanks showed that you wanted dances and the Social Committee was asked to arrange dances for you. We have given two dances thus far and from what we stood they looked like stag parties, but not of women either.

Let's examine the situation. In order to have men for the dances invitations were extended to four colleges: Norwich, Dartmouth, St. Michael's, Middlebury and to the Plattsburgh Army Base. Men who come from these colleges have to travel by bus, train and automobile and they don't mind the inconveniences such as stormy weather and sleeping in the lobbies as long as they know they will have a good time. Perhaps it is too much trouble to ask you to walk three blocks or one and a half blocks to Waterman Building.

You've asked for dances and the Social Committee has complied with your request. In addition men have been supplied. The dances will not be able to continue without *your* complete support.

Sincerely,
LEE FEINBERG '48.
MILDRED TRACHTENBERG.

Yah Ta Ta . . .

Alexander and Greene

Some U. V. M. students work for a living. Waiting on table is still a popular summer pastime. Over at Lake George are Betty Towle, Skip Lewis, Phil Wright and Jeanne Ayers, all '47. Dot Dwyer and Mary Hayes also '47 are at Lake Tarleton, N. H. Becky Farnham '47 and Mary Lib Young '48 are having the time of their lives at the Hanover Inn, very near Dartmouth College. Anita Smith '47 tops them all by being headwaitress at the Mount Mansfield Hotel "on top of Vermont." 'Twould seem that the cooperative house training comes in for some good use.

Bill Cook '46 is councilor at a camp in the vicinity of Rochester; Louise Jordan '47 is doing likewise in Plymouth. Her specialty of course is Arts and Crafts. Right here in Burlington, Joan Garrity ex-'46 and recently graduated Ruth Jordan are playground supervisors.

Nancy McNamara '46 is in the "big town" working for Bonwit Teller.

In the Woodstock Garage Marg Nelson '47 has taken up her favorite occupation of being general handy woman and taxi driver.

Barbara Powers '46, Laurel [illegible] '46, Dot Hansen '47, Esther Hel[illegible] '47, Margie Hale '47, Penny Man[illegible] and Elsie "Eke" Bruce '47 are [illegible] Children's Division of the Rockland [illegible] Hospital in Orangeburg, N. Y. [illegible] of course.

Jeanne Phillips '45 and Bob [illegible] were married on July 14 at her h[illegible] Milford, Pa.

Of course you all saw the announcement of the engagement of Jean Vog[illegible] to Mr. Pappoutsakis of the Mu[illegible] partment. Another engagement [illegible] of Eileen Pickett '47 to Gerald [illegible] USAAF.

At the dance Saturday night th[illegible] Harbor crowd dropped in for [illegible] minutes. Rita McGarry was also [illegible] for the get-together.

Those surprised looks on a few Vermont students at the Bridge[illegible] were the reaction to the best [illegible] U. V. M. has seen in three years. [illegible] seem good but a few comments were that it couldn't be called a U[illegible] dance either.

Calendar of Events

Tonight	Sunset Bike trip
July 21	Trip to Mt. Philo
July 21	Dance, Candle Cafe, 8.00 P.M.
July 23	Assembly, Ira Allen Chapel, 12 noon
July 23	String Quartet, 8.15 P.M., Ira Allen Chapel
July 25	CYNIC Meeting of all members on the staff. Attend[illegible] required—5.00 P.M., CYNIC Office
July 31	Institute of Professional Relations Prof. Nelle A. Adams, chairman
Aug. 6	Guidance Institute Principal John Murray, chairman Art Exhibit at Fleming Museum

Medical Corner As Seen By Rocco Feroni

...ected the sophomore medics ...ure undeniable possession of the ...ounds of U. V. M.'s campus by ... a double win over a highly-...undergraduate combine, in the sea... opener on the back campus last ...s afternoon, July 14, 1945.

...owerful medics crushed the un... 12-7 in the nine inning opener, ...ntinued their powerful hitting in ...reviated and unofficial second game ...-3.

...undergrads opened the scoring in ...st game with two runs in the last ...second, but the medics came right ... their half of the third with three ... singles by Schoenberg, West, and ... and a double by Williams. Not ...outdone, the undergrads retaliated ... in the last of the fourth to tie ...up.

...Guardi then toed the mound to ... undergrads scoreless for two ... but was forced to retire due to a ... injury. Meyers replaced him and ...ld the undergrads to a lone tally in the ... and a three run outburst in the ... after the medics had assured him ... game by scoring four in the sixth ... in the seventh. In the sixth, the ... picked up four runs. Williams ... to left field, the next two men ... out then Bundy singled sharply to ... scoring Williams. Fieber walked, ... doubled to center field, scoring ... and Fieber. Horlick singled to ... tally number five when the under... center fielder made an error in ... the ball.

In the ninth, Bundy's long homer to ... field drove in three runs, to add ... two his mates had already scored, ... a total of five runs for the inning, ...cluding the medic scoring for the ...

Each team came up with a double play. ... the fourth the medics showed some ...th infield work with a snappy twin ... which went from Fieber at short ... at first, to Williams behind the ... Levine came up with an unassisted ... play for the undergrads at first. ... looked very good.

Outstanding in the field and at bat was ... sparkling play of Ed Bundy at third ... Tommy Williams behind the plate. ...ing his first game for the sophomore ... young Ed "Manchester" Meyers won ... well-pitched contest. Sport Stuff . . .

By Dale Conley

Sports are off to a good start. In the bowling league on July 10 the girls sent a strong threesome against the vets but were defeated in their first league game, the vets taking three points. Howie Stein '45, the old master of bowling, himself, took high singles and high triples. Nice work, Howie.

The line-up for the game was as follows:

For the vets: Plumley, Babbie, Stein. For the girls: M. Thornton, R. Feinberg, M. Trachtenberg.

The second game of the evening was between the medics and the civvies. The medics had a very strong team but were soundly defeated, their opponents taking 3 points. Albie Frank, who used to play for the "F. U.'s," was high man, taking the high singles and triples.

Line-ups for the game were: Medics, Crane, Holcomb, Nolan, Doc Thabault. Civvies, Weidman, Frank, Doakes, Rosenberg.

After their defeat in bowling, the medics on Saturday afternoon turned the tables on the undergrads. In the first softball league game of the season the medics won by a score of 12-7. Eddie Meyers turned in a swell performance on the mound for the medics, while his teammates went to work on the offerings of Bill Birnbaum. R. Manjoney '47 performed well for the undergrads and his triple was one of the outstanding hits of the day, topped only by Bundy's homer. This was the first game for some of the boys, but with a little more practice we should have a formidable softball team and should offer the medics strong competition.

Midd Quartet

(Concluded from page 1)

guest conductor of the Boston Pops and the Hartford Symphony Orchestras.

George Finckel was a member of the music faculty of the Eastman School of Music for four years. He was assistant first cellist of the Rochester Philharmonic under Iturbi and founder of the Merivack Chamber Music Society at Woodstock, N. Y. At present he is a member of the school faculty at Bennington College and the Putney School at Putney, Vt.

Student Directories

Student directories, listing summer quarter students with their Burlington addresses, are available to those students in the Dean's office.

Bridge and Jive Featured at Dance

Dancing and bridge playing were the features at the Bridge Bounce held Saturday night in the Student Lounge. While despite rain outside, a large crowd arrived to play cards and to dance to the music of all the popular bands provided by a recording machine in the corner with Betty Anne Scott and Barbara Snetsinger in charge.

Norwich arrived to the number of two hundred ASTRP, U. V. M. medic students and a few Vermont co-eds also attended.
